State House Notice.
Mortgagee's Sale of Real Estate.

Good Afternoon.

Through cars from Waltham to the
Boston subway are now a reality and
should hasten the extension of the
Quincy lines to the Dudley street
terminal. The new time schedule will
not effect Saturday through an agree-
ment recently made between the Newton
Street Railway Company and the Boston
Elevated Company. In the future cars
will run in each direction from upper
Main street, Waltham, through Water-
town, to the Park street station of the
Subway in Boston, every fifteen min-
utes.

The street railway men in many
places seem to appreciate the new wage
schedule which goes into effect today.
The thanks of 200 men of the Boston
& Northern Street Railway Company
for the generous increase in wages,
as they express it in their communica-
tion to the corporation which employs
them, has been received by the officials
of the road. It is generally understood
that at the union meetings the course
taken by the 200 employees who sent the
communication to the road officials
was denounced, but in spite of that
fact a large number of the employees
of the Boston and Northern railway in-
sisted on formally recognizing the in-
crease of wages announced a few days
ago.

The merchants of the city are pleased
that the N. Y., N. H. & H. R. R. has
decided to establish an up-to-date
freight yard in Quincy. One which
has not only sufficient trackage to
accommodate all cars destined for
Quincy, but a commodious freight
house for goods arriving and goods to
be shipped.

Now, neither the Quincy station or
the Quincy Adams station have freight
houses which amount to anything.
They are very small and inadequate,
and ill situated, so that cars must be
held until unloaded.

The Irving place trackage was a wel-
come addition, but is inadequate, and
unsightly, and reached only by a narrow
street over a grade crossing.

The new freight-yard on a compre-
hensive plan should have entrances
from Granite and School streets, and if
possible from Hancock street. There
should be a freight house from 100
to 200 feet long conveniently located,
with a business office for the freight
master and assistants. Standard scales
for teams are almost a necessity, too.

The new spur track will probably
leave the main line near the School
street bridge. Perhaps the scheme of
a freight railroad to the quarries on
the North Common may be revived,
starting from near the new freight
yard and going under Granite street
near Whitwell street or Gas place.

Quincy is growing in commercial
importance and the railroad must give
better facilities.

Commonwealth of Massachusetts.

STATE HOUSE, Boston, Feb. 13th, 1903.

THE Committee on Election Laws will give
a hearing to parties interested in petition
with bill, House No. 731 of Joseph E. Dis-
well for legislation to provide for direct nomi-
nation of candidates for elective offices in
counties, at room No. 438, State House, on
WEDNESDAY, March 4th, at 10.30 o'clock, A. M.

WILLIAM A. NYE, Chairman.
THOMAS SUTLEY, Clerk of the Committee.

Commonwealth of Massachusetts.

STATE HOUSE, Boston, Feb. 26th, 1903.

THE Committee on Counties will give a
hearing to parties interested in the petition
with bill, Senate No. 174 of Walter W.
Chambers and others for legislation relative to
the construction at Dedham of a building for
the registries of deeds and probate and for the
probate court for the county of Norfolk, at room
No. 425, State House, on TUESDAY, March
3d, at 10.30 o'clock, A. M.

J. H. MCKINLEY, Chairman.
JAMES P. LENNON, Clerk of the Committee.

26-2t

BARRE AGREEMENT.

On Five-Year Basis with Cutters;
[Sharpeners, Polishers and Others.]

The Globe reports that the representa-
tives of the Granite Manufacturers' Association of Barre, signed the new
bill of prices Saturday night with com-
mittees from the cutters, tool sharp-
eners, polishers, lumpers, boxers and
derick-men.

The new bill goes into effect March 1
and runs for five years. By it the
cutters and sharpeners receive \$3 per
day as a minimum wage, eight hours a
day's work, and a half-holiday on Sat-
urdays in June, July and August. The
blacksmiths will sharpen for gangs of
14 men. Pay days will be once in two
weeks.

By the schedule 2400 men in Barre
and about 400 in Montpelier will re-
ceive an increase of wages.

The agreement was not signed in
Montpelier Saturday night but will be
today, so that there will be no sus-
pension of work.

There was great rejoicing Sunday,
both in Barre and Montpelier, over the
fact that the expected strike in both
cities is averted, and that there will be
no further troubles in the granite in-
dustry before March, 1908.

I. O. G. T. Entertainment.

Merrymount Lodge of Good Templars
gave one of their characteristic enter-
tainments last week Thursday evening,
which was listened to by a large and
enthusiastic audience. The program
opened with an especially fine piano
solo by Miss Mamie McConarty, next
came a comic solo by Miss Catherine
Follins with piano accompaniment by
her sister, Miss Florence Follins. Then
a recitation by little Jessie Powers,
who gave for an encore a fancy dance.
The tambourine dance by Mamie
McCluskey and Cora Decosta was
especially graceful and most warmly
applauded. Then came a piano solo by
Miss Sampson and classical songs by
Miss Bellevue, a song by Mr. May, read-
ings by Mr. Ford and a song by Mr.
Flynn. By request Miss Follins sang
"Sweet bunch of daisies." Miss Fol-
lins and Miss Bellevue, although young,
have remarkably sweet well trained
voices and were encored again and
again. Truth to tell it would be hard
to tell which was the finest number
presented and the large audience
present voted it one of the best, if not
the best program which the lodge,
noted for its fine entertainments has
ever given.

A Picturesque Figure.

Those of us who have touched the
half century mark see many things in
our city that were not to be found in
old Quincy. The reporter had an
errand at the Coddington school lately
and arriving there early, one figure
stood upon the steps, that of a lovely
child, a little Italian boy, clad neatly
with clean blue overalls for an outer
garment. The little fellow stood in
unconscious beauty, two deep, clear
eyes looking earnestly with long lashes
overshadowing. A mouth a cherub
would envy, clear crimson cheeks and
dark hair all made a combination for an
artist. He had a straight little figure
and altogether was a picture of perfect
infantile beauty.

Large Dealers in Real Estate.

Switlin Brothers who have leased
the store in the Quincy Patriot build-
ing had on Saturday some large car-
tains hung at the windows by Frank F.
Crane. The curtains are lettered in a
bold and handsome manner that attract
the attention of all passers, no matter
whether they are on the street cars,
teams or afoot. It announces that they
are dealers in real estate in all parts of
Quincy, especially Fore River property.
It may be news to most of our readers
to learn that they are the largest real
estate dealers in this city; having
probably more acres of building land
than all other agents combined.

Harvard Teachers.

The Harvard Teachers' Association,
of which Frederic Allison Tupper is
president, will hold its twelfth annual
meeting on Saturday, March 7, in Seaver
hall, Harvard University. The topics
for discussion will be: "The time limit
of secondary education," by Supt. T.
M. Balliet and Supt. George I. Aldrich,
and "Expenditures in Education," by
Supt. E. P. Seaver, Rev. P. R. Frothing-
ham and Robert A. Woods.

It is a billious attack, take Chamberlain's
Stomach and Liver Tablets and a quick recovery
is certain. For sale by all druggists.

Agreement Not Complete.

Committees representing the Granite
Manufacturers and Engineers in their
employ met Saturday night, at which
time it was expected that an agree-
ment would be reached in the mat-
ters in dispute that had not been agreed
upon. Nothing, however, was ac-
complished at the meeting.

A Card.

We, the undersigned, do hereby agree to
refund the money on a 30 cent bottle of
Greene's Warranted Syrup of Tar if it fails
to cure your cough or cold. We also guarantee
a 25-cent bottle to prove satisfactory or money
refunded.

PRINTERS' ART SHOW.

Universal Exposition to Be Held in
Antwerp in 1905.

The city of Antwerp, Belgium, is pre-
paring to hold a universal exposition of
printing and the kindred arts in the
year 1905 to commemorate the three
hundredth anniversary of the publica-
tion of the first newspaper, says Wil-
liam E. Curtis, the Chicago Record-
Herald's Washington correspondent.
For many years this honor has been
disputed by England, Germany, France
and Holland, and until recently it was
accorded to England upon evidence
furnished by the British museum in
the form of a paper called the English
Mercury, which was published by
Lord Hardwicke in 1588, but it was
discovered that the Mercury was noth-
ing more than a political pamphlet
which appeared irregularly for the
purpose of giving his lordship a chance
to ventilate his views on public ques-
tions; that it never pretended to pub-
lish information or advertisements and
was not issued for profit, which cir-
cumstances ruled it out of the newspa-
per list. Nor was any account taken of
the Peking Gazette, which has been
published regularly by the Chinese
government for more than 3,000 years,
because that does not conform to the
orthodox understanding of a newspa-
per. It contains merely the edicts of
the emperor of China and the official
announcements of the court.

Therefore the honor of issuing the
first regular newspaper was awarded
to Abraham Verhoeven of Antwerp,
who in 1605 obtained a concession for
that privilege from the Archduke Al-
bert and the Archduchess Isabella. Be-
fore that time Abraham had issued
bulletins irregularly whenever events
justified. These bulletins contained of-
ficial announcements, market quotat-
ions and brief notices of current
events, and the demand for them ap-
pears to have justified the publisher in
arranging for their publication upon
regular dates. Ten years later the first
German newspaper appeared at Frank-
fort-on-the-Main. The first paper in
the Dutch language appeared in 1617,
and the first paper in the English language
in 1622 and the first in the French lan-
guage in 1631.

It is proposed to invite the different
nations of the earth to participate in
an exposition of printing at Antwerp in
1905 and to bring their best samples of
everything that in any way pertains to
the art preservative.

THE KAISER'S RELIGION.

German Emperor Says He Believes
in "One and Only God."

The discussion which has been re-
cently proceeding on the subject of the
Hebrew religion, under the heading of
"Rabel and Bible," has called forth a
letter signed by the German emperor in
a Leipzig weekly, in which he defines
his own position. The emperor, ad-
dressing himself to the theories of Pro-
fessor Delitsch, one of the controver-
sialists, says that he thinks Delitsch
made a great mistake in approaching
the question of revelations in a polemic
spirit. The letter lays down the follow-
ing conclusions arrived at by Emperor
William.

"I believe in the one and only God.
We may need a form in order to teach
His existence, especially for our chil-
dren. This form has hitherto been the
Old Testament. The present version of
this will be positively and substantial-
ly modified under the influence of re-
search through inscriptions and exca-
vations. That does not matter. Neither
does it matter that much of the nimbus
of the chosen people will thereby disap-
pear. The kernel of the contents of the
Old Testament will remain always the
same—God and his works. Religion has
never been the result of science, but
the pouring out of the heart and being
of man from intercourse with God."

BIG TRIUMPH FOR LORENZ.

Operation on Girl of Twenty Turns
to Be Successful.

A triumph for the bloodless surgery
of Dr. Adolf Lorenz was announced
the other night when the plaster cast
was removed from the leg of Miss Em-
ily Hasenclever of Chicago, and the
operation was found to have been suc-
cessful.

Miss Hasenclever was the oldest pa-
tient in Chicago treated by Dr. Lorenz.
She is twenty years old. There was
great doubt as to the outcome of the
operation because of the fact that ten
years is considered the age limit for
successful treatment by the Lorenz
method. Miss Hasenclever was oper-
ated upon at a clinic held on Oct. 18.

Sent in Senate That Cost \$1.

Senator Pettus of Alabama disproved
recently the prevailing theory that all
seats in the United States senate are
expensive and that that body is alto-
gether a millionaires' club, says a
Washington special to the New York
Herald. He sent to the secretary of
state of Alabama the sum of \$1 in a
postal note to cover the entire expense
for his recent unanimous election. This
sum represents the fee of the secretary
of state for his services. So far as
known this is a record in the minimum
price for seats in the senate.

Fearful Experience of Gold Miners.

Half the citizens of Nome and the
other far north Alaskan cities have lost
parts of their bodies by freezing, ac-
cording to a returned miner. The gold
seekers have paid a heavy price for the
metal secured. They are minus either
fingers, toes, noses, feet or legs, the
hands and trunks being the only parts
of the body left uninjured. The pros-
pector in question is of the opinion that
there is hardly one entirely ablebodied
man in the whole northern country.
He has experienced 80 degrees below
zero.

LIVING ROOM COMFORT.

It is a matter of regret, that too little attention is paid in these modern days, to making the living room the comfortable, cosy, restful room that it should be. The trouble is that too many people keep putting off the purchase of just this sort of thing, and time slips by with the comforts of life not realized. Our low prices are tempting, our co-operative plan of paying does the rest, and your dreams in this direction may be quickly realized if you visit this store.

Couches

50 different styles to choose from.
Ranging in price from \$4.75 to
\$25.00.

Service Couches, \$6.50 to \$10.00.
Turkish " \$10.50 to \$15.00.
Tony " \$16.00 to \$25.00.

Bed Couches, Student Couches,
Drop Arm Sofas, Bed Lounges,
Plain Lounges.

Large variety of coverings to
select from.

Morris Chairs

40 odd styles in Oak, Mahogany
or Dutch Frames, from \$4.50 to
\$20.00.

Greatest value on earth from
\$6.00 to \$12.00.

Morris Rockers

Something new, very comfort-
able, \$10.00 to \$15.00.

Dutch Furniture

The latest craze is Dutch Furni-
ture or the weathered oak finish.
We have complete sets of this fur-
niture, as well as odd pieces. Colo-
nial designs, mission designs.
Tables, Desks, Chairs, Rockers,
Clocks, Book Cases, etc.

Odd Rockers

In wood seats or upholstered
seats, plain or fancy, we show over
200 patterns.

Easy Chairs

In large variety, Rattan Chairs
and Rockers.

Desks, Book Cases, Tables and
all the essential fittings that go to
make a living room comfortable at-
tractive and convenient.

Prairie Grass Furniture

Something new, very attractive,
very desirable, very comfortable.

HENRY L. KINCAIDE & CO.,

Short Credit Accounts When Desired.

A New Lodge in Quincy.

On Friday evening a new lodge of
the I. O. O. L., M. U., was instituted
in Farnum hall, Copeland street, to be
known as the Loyal Pride of Granite
Lodge, No. 30, I. O. O. L., Manchester
Unit.

The institution was performed by the
Massachusetts district officers, P. G. L.,
Annie E. Porter, D. P. G. L., Ethel
Pollard and P. Cor. Sec., Kate Williams.

Two candidates were then initiated
by the degree staff of Loyal Martha
Washington Lodge of East Boston, and
they went through the lodge work in a
manner which reflects great credit on
the staff and their chief. At the con-
clusion they were accorded a rising vote
of thanks.

The installation of officers which
was made public to the officers and
members of Granite Lodge of Odd
Fellows then took place and the follow-
ing were installed:

P. N. G.,—Mrs. Elizabeth Spargo.
N. G.,—Miss Lucy P. Lyons.
V. G.,—Mrs. Violet A. Pirie.
R. S. N. G.,—Mrs. Grace Collins.
L. S. N. G.,—Miss Jennie McLaughlin.
R. S. V. G.,—Mrs. Annie Kelly.
L. S. V. G.,—Mrs. Nellie Tite.
Per. Secretary,—Miss Alice Deacon.
Elec. Secretary,—Miss Mary L. McCue.
Treasurer,—Mrs. Mary L. Thomas.
Chaplain,—Mrs. Mary F. Carroll.
Warden,—Miss Mabel Favers.
Conductor,—Miss Margaret McCue.
I. G.,—Mrs. Elinore Richards.
O. G.,—Miss Mary E. Lyons.

After the installation handsome bou-
quets of flowers were presented to
Prov. Cor. Sec. Mrs. K. Williams, who
was given the sobriquet of the "Mother
of the Lodge," having worked so hard
toward its organization; also to the
Prov. Grand Lady, Mrs. Annie E. Porter,
and the first Noble Grand of the
lodge, Miss Lucy P. Lyons. Remarks
were made by several of the district
officers and visitors. A collation was
served, after which the remainder of
the evening was spent with songs and
dancing.

The new lodge was instituted with
fifty-nine members, and has every ap-
pearance of doubling that amount in
the near future.

Careless with Matches.

The alarm from Box 445 at 5.15 this
morning was a fire in the cellar of a
double tenement house on Common
street near the corner of Quarry street.
The tenement was owned by Martin
Cook, and occupied by Frank Rogers
and John Frazier. The fire was in the
cellar of Mr. Frazier. It appears
that he went down cellar after some oil,
and while there threw a lighted match
which ignited the oil which had run
over the floor. A blaze immediately
started. The fire was quickly extin-
guished with a loss of \$35.

City Council.

A regular meeting of the City Council
will be held tonight. The Committee
on Streets will report on the petition
widening Goffe street. The Committee
on Finance will probably report upon a
number of matters before them, and
the school budget will be forwarded by
the School Committee.

Well Again.

The many friends of John Blount will
be pleased to learn that he has entirely recovered
from his attack of rheumatism. Chamberlain's
Pain Balm cured him after the best doctors in
the town (Monon, Ind.) had failed to give re-
lief. The prompt relief from pain which this
liniment affords is alone worth many times its
cost. For sale by all druggists.

CARD.

We desire to express our sincere thanks to
our many friends who, in this our time of
sorrow and bereavement, have so kindly helped
us and extended their sympathy.

Jonas Shackley,
Albert J. Shackley,
Ann Shackley Newcomb,
Emma Shackley Hoxie,

Iron For Color

Iron has been given for the cure of anemia or paleness from a very early date in medical history, and has always deserved the high praise it has received.

In no other preparation has iron ever been so effectively and agreeably combined as in PEPTIRON—a specific remedy for all forms and degrees of anemia, curing not only the paleness but also the nervousness and dyspepsia from which anemic patients so commonly suffer.

Peptiron is a blood nutrient, nerve and stomach tonic, beneficial to all pale, nervous, dyspeptic people.

Mr. Chas. Dinwiddie, East Lexington, Mass., writes that his daughter was pale and had spells of dizziness, and after not caring whether she ate anything or not. Then she began taking Peptiron and it gave her color, animation and a good appetite.

It leaves no ink or metallic flavor in the mouth, is agreeable to the taste, does not injure the teeth nor cause constipation.

Peptiron is made in two forms: In a liquid—an aromatic cordial elixir—at \$1 per bottle, also in chocolate-coated pills at 50c. or \$1 per box. By C. L. HODD CO., proprietors Hodd's Sarsaparilla, Lowell, Mass., U. S. A.

TOWN MEETINGS.

Weymouth, Braintree, Milton and Other Towns Voting Today.

Dedham has a spirited contest today among six candidates for tax collector.

Ex-Selectman Nelson W. Gardner is again a candidate in Weymouth.

Selectman Ansel O. Clark, although seriously ill, is a candidate for the 25th time for Selectman of Braintree.

For many years he has been chairman of the board.

Chief Justice Brown of the Boston Municipal court is a candidate for Selectman of Milton.

Last year the towns of Massachusetts gave a majority of 14,201 against license. The total vote was: Yes, 50,813; No, 65,104. Only 83 of the 320 towns voted for license.

Consolidation.

Retrenchment is to be the motto of Mayor Bryant the coming year. One of the recent moves in this direction is the abolishment of the Sewer department store house and shop, which has been located near the railroad tracks at Wollaston. All of the tools, pipes, etc., kept at this shop is being moved to the Water department storehouse where there is plenty of room and which is fully as convenient as at Wollaston. By this move there will be the saving in the rental of the land, the services of one man and a telephone. In all about \$1000 per year, an item worth saving.

On the Increase.

Probation Officer Francis A. Spear reports the total number of criminal cases before the district court in February to have been 106, an increase of 10 over February, 1902. The cases were as follows: drunkenness, 51; larceny, 10; assault, 7; search warrants, 9; liquor cases, 4; disturbance on a car, 4; disturbing the peace, 3; malicious injury to real estate, 3; violation of by-laws, 3; stubborn child, 2; threat, 2; assault with dangerous weapon, fornication, neglected child, perjury and vagrant one each.

Quincy Post Office.

Letters unclaimed for week ending Monday, March 2:

W. S. Boyne, Donato Credenza, John Dugan, Luigi Dito, William Dolan, Thomas P. Driscoll, John Hamilton, Ira L. Johnson, Robert L. Kingsley, Dan McConnell, D. McLeod, John Noody.

Miss Agai Anderson, Miss Mary Doggett, Miss Almira Eskelinen, Miss Florence Jaqui h.

A Man of Affairs.

Christopher Fraher was arraigned for vagrancy at Weymouth. Case continued two weeks.

William Healey of Weymouth was brought in on a default warrant and was sentenced to pay a fine of \$5 in addition to the original fine of \$15 for drunkenness.

NEWS IN BRIEF

L. C. Coxon, a baggage-master, was killed at Marlboro Junction, Mass., by being crushed between an engine and a car.

C. A. Jewell of South Monmouth, Me., who disappeared Jan. 27, is now believed to have committed suicide. He was 62 years old, prominent in his own town and known throughout Maine.

The citizens of Camden, Me., at a special meeting, decided they did not wish to abandon their town meetings and have their affairs governed by a city council. They refused to accept the city charter granted by the legislature.

The engagement is announced of Jan Kubelik, the violinist, and Countess Marianna Szaky, nee Von Sueli. Her marriage to Count Szaky will be nullified by the pope.

An unknown man was killed by a trolley car at Leicester, Mass. The motorist says the victim lay on the track in a dark place.

Isaac A. Hill, youngest son of Governor and Senator Isaac Hill of New Hampshire, is dead at Concord, aged 75. He left the Democratic party, of which his father had been the New Hampshire leader, in 1854, and was one of the founders of the Republican parties in that state.

Minister Von Sternburg has informed President Roosevelt of the determination of Emperor William not to send the statue of Frederick the Great to this country until next year.

Mrs. Ellen H. Bowen, widow of Henry C. Bowen, editor of The Independent, and mother of Herbert W. Bowen, minister to Venezuela, died at her home in Brooklyn.

Dr. Alexander S. Hancock, a retired physician, aged 65, died at New York from starvation, caused by a cancerous growth in his throat which prevented him from taking any nourishment.

Old-fashioned "hand tubs" subdued a fire which for a time threatened destruction to the whole village of Danverscott Mills in the town of Nobelesboro, Me. Three buildings, valued at \$4000, were destroyed.

Charles J. Kittredge, 85 years old, a prominent woolen manufacturer of Hinsdale, Mass., for over 50 years, died of pneumonia. He was born in Hinsdale and had always lived there.

DIED.

SKULLY—In Quincy, Feb. 27, Grace, daughter of Mr. Joseph P. and Mrs. Mary E. Skully of 109 Copeland street, aged 4 months and 21 days.

FURBER—In Milton, Feb. 28, Rev. Franklin Furber, aged 86 years and 3 months.

Obituary.

The funeral of Mrs. Adelaide A., wife of ex-Councilman Jonas Shackley, was held from her late residence, 3 Hall Place, West Quincy, Sunday afternoon at two o'clock.

The services were conducted by the Rev. J. Peterson of Dedham, assisted by the Rev. R. D. Tarbox, assistant pastor of the West Quincy M. E. church of which the deceased was a member.

The interment was in the family lot at Mount Wollaston cemetery.

Mrs. Shackley was very well known, and during her long residence of forty-six years in Quincy made many friends.

She was born in Milton in 1837, and was the daughter of the late Mr. Thomas Williams and Mrs. Nancy Williams, afterward Mrs. James Baxter.

She was married on the first of January, 1854, to Mr. Jonas Shackley, and their fifth year of companionship was nearly completed when death came to claim her as his own. She was at all times in sympathy with any in trouble or distress, and always ready to relieve the poor and needy. She lived a life of faithful self-sacrificing devotion to her family, and in sickness, even unto death, her thoughts were of others rather than of herself. She is most sincerely mourned by all who knew her.

She leaves, besides a husband, two sons and three daughters; Albert J. Shackley of Barre, Vt., Joseph W. Shackley and Mrs. Robert Newcomb of this city, Mrs. M. Hoxie of New York, and Miss Flora M. Shackley the principal of the Evening Industrial Drawing School.

Many beautiful floral offerings were brought by relatives and friends, including the following: bouquet of roses, Mr. and Mrs. A. J. Shackley and son; bouquet of roses and carnations, Mr. and Mrs. R. Newcomb; crescent with the word "Mother," Mr. and Mrs. O. M. Hoxie; bouquet of roses and narcissus, Miss Shackley; cross of immortelles and everlasting, Mr. and Mrs. Joseph W. Shackley; sheaf of wheat, Nellie and Eva Hoxie; spray of carnations and ferns, Mr. and Mrs. E. Irving Beal; spray of azalea and ferns, Mrs. E. V. Trask; wreath of roses and violets, Mr. and Mrs. Walker of Salem; spray of purple flowers, Mrs. James McCormick; spray of tulips and carnations, Mr. and Mrs. H. F. Geer; spray of purple hyacinths, Mr. and Mrs. Nelson Parkhurst; bouquet of carnations, Miss Mollie K. Smith; spray of roses, St. Stephen's R. A. Chapter.

TODAY'S COURT.

Edward F. Conlan was fined \$3 for drunkenness at Weymouth.

Christopher Fraher was arraigned for vagrancy at Weymouth. Case continued two weeks.

William Healey of Weymouth was brought in on a default warrant and was sentenced to pay a fine of \$5 in addition to the original fine of \$15 for drunkenness.

NEWS IN BRIEF

L. C. Coxon, a baggage-master, was killed at Marlboro Junction, Mass., by being crushed between an engine and a car.

C. A. Jewell of South Monmouth, Me., who disappeared Jan. 27, is now believed to have committed suicide. He was 62 years old, prominent in his own town and known throughout Maine.

The citizens of Camden, Me., at a special meeting, decided they did not wish to abandon their town meetings and have their affairs governed by a city council. They refused to accept the city charter granted by the legislature.

The engagement is announced of Jan Kubelik, the violinist, and Countess Marianna Szaky, nee Von Sueli. Her marriage to Count Szaky will be nullified by the pope.

CITY BREVITIES.

March.

Warmer tomorrow.

A pleasant Sunday.

Town meeting day.

All the snow has gone.

City Council this evening.

Mr. P. Shea of Water street Atlantic, is quite ill.

Miss Nellie Mitchell of Billings street is enjoying a two weeks' vacation.

A coffee party will be given by the Sacred Heart church, Atlantic, early in April.

The patent issued to Theophilus King last week was for improvement in skein holders.

The Guild of St. Perpetua will meet at the home of Miss Whitacre, Safford street, on Thursday at 7.30 P. M.

The cottage prayer meeting will be held at the home of Mr. James Seelye, 242 Belmont street, on Tuesday evening.

The Ladies' Social Union of the West Quincy M. E. church will meet Wednesday evening with Mrs. T. J. Dion.

Hon. Josiah Quincy, who will soon go abroad, gave a banquet Saturday to the executive committee of the Democratic State Committee.

At the Y. P. R. U. Sunday evening at Wollaston, Rev. Frank Pratt spoke on "The Life of Jesus." A good audience was in attendance.

Rev. Thomas S. Barbour, D.D., gave a lecture in the Baptist church, Wollaston, Sunday evening on "The Christian Conquest of Japan."

The picture of Miss Virginia Thornton appeared in the Sunday Herald's galaxy of theatrical stars, as the representative of Music hall.

The ladies of the Wollaston Baptist Church will meet for sewing with Mrs. G. F. Pinkham, 111 Warren avenue on Tuesday at 2 o'clock P. M.

Lenten services will be held in the parish house of Christ church Wednesday afternoon at 4 o'clock. The rector will speak on the women of the Bible.

On Thursday evening at 6.30 o'clock there is to be a supper and sociable given by the Woman's Aid society in the chapel of the Baptist church, Wollaston.

Charles B. Tilton, who for the past few years has been employed as a salesman at Shaw's furniture house severed his connection with that firm Saturday and has identified himself with Henry L. Kincaide & Co.

On Thursday evening the Reapers' Circle of Christ church and their friends are invited to meet at the home of Mrs. J. E. Sprague, 73 Goodard street. Miss Savil will give a talk on "Historic Bells."

The funeral of Mrs. Eliza B. Litchfield was held Sunday from her home on Prospect street. Services were conducted by Rev. Edmund D. Webber assisted by Rev. Preston Gurney. The burial was at Mt. Wollaston.

District Deputy Grand Regent W. H. Leavett of the 53 District will make his official visitation to Manet council No. 1703, Royal Arcanum, this evening. All members are requested to be present. Refreshments will be served.

Miss Florence R. Faxon of Saville avenue is granted a certificate of public schools in Boston, having received notice that she passed the examinations successfully. Miss Faxon has for a number of years taught in the Crosby school, Arlington, and is a graduate of State Normal School at Framingham.

The funeral of Capt. Joseph Veader, who has long been closely identified with Houghs Neck was held Saturday afternoon from the chapel at Sailors' Snug Harbor at Germantown. The services which were simple but impressive were conducted by Rev. Leon H. Austin of the Washington Street Congregational church. The burial was at Mt. Wollaston cemetery.

Dr. Abele had a break down Sunday morning that might have given him serious trouble but for the blood of the little Arabian colt in the shafts. The side spring of his two-wheeled vehicle broke, rattling down, but the beautiful colt, not being harrassed by blinders, cast a knowing look behind at his driver and taking a half human view of the situation did not make any trouble and an accident was averted.

Public Building Assured.

The Public Building bill which is understood to contain an appropriation of \$70,000 for a Federal building in Quincy was passed by the Senate on Saturday.

—George A. Wales has been nominated for postmaster of Stoughton.

A SUBURBAN HOME.

Cottage That Contains Some Very Attractive Features—Cost \$22,000. [Copyright, 1902, by Dennis & Gutzmer Architects, 280 Broadway, New York.]

The perspective view and floor plans as here shown represent a very cozy, low priced suburban cottage. This design has many odd and attractive features. The principal ones are the large piazza, balcony, vestibule, large hall, pantry, etc. This plan has always been a general favorite and has been duplicated dozens of times in various locations with changes and modifications.

A stone cellar runs under the entire house and contains storeroom, cool bins, cemented floor, stairs to the rear yard and a steam heater which warms the house.

The frame is built of hemlock and spruce timber, with a balloon frame, sheathed and covered with two ply paper, pine leveled siding and shingles, as shown in the perspective view. The main roof is slated, and the balcony, etc., are tinced. The piers on the front piazza are stone, the columns being of yellow pine, finished natural.

The exterior is painted two good coats of white lead and linseed oil paints of such colors as may be preferred.

HE STOPPED THE BELL.

Good Reason For Giving Him Free Entry to the Show.

The requests for theater favors in the small towns are very troublesome. Every person of local standing feels that he has a right to admission at least, while the trustees and the constable feel that they are entitled to private boxes. Some of the requests are decidedly unique.

Recently a company played a small southern city. The manager was taking the tickets at the door of the theater, and the natives were struggling to get in. "Suddenly," he tells, "a long, thin, bushy chinned individual divided the folding doors with his shoulder and whispered confidentially, 'I stop the bell.' I asked him to repeat. 'I stop the bell,' he said again in a hoarse whisper. 'You will have to see the opera house manager and tell him what you stop,' I said, reaching for tickets. He tripped up several ladies while backing out. Soon the manager of the house came in, saying, 'He's all right; he stops the bell.' I allowed him to go in, and after the people were seated I asked the local man what he meant by 'He stops the bell.' 'Well,' said he, 'this man is the janitor of the town hall, right opposite, and on 'show nights' he does not ring nine or ten on the town clock. You see, he said, 'it would disturb the performance,' and so the poor people do not know what time it is until 11 o'clock, when the opera house is open. If I had 'turned him down' he would have rung out nine and ten every half hour to get even."

—Chicago Inter Ocean.
 —A bill is before the Minnesota legislature to prohibit any newspaper account of murders except a modest announcement of the fact. What will become of the bill is not yet known. Murders have already been prohibited, but with very little success.—Boston Budget.

DO YOU COUGH
 DON'T DELAY
 TAKE
KEMP'S
BALSAM
 THE BEST COUGH CURE

It Cures Coughs, Croup, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in early stages. And a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

The SOUTHERNERS

CHAPTER XXXIV.

"DAMN THE TORPEDOES! GO AHEAD!"

"The confusion of the men of the Hartford got the idea that the Tennessee had sunk the Tennessee. They leaped on the rail and cheered madly in their exultation, and the crews of the other ships, deceived also, joined in the acclaim. But the admiral was not deceived. He saw the men in the water too. Instantly he called to Peyton:

"Take one of the boats of the Metacommet, Peyton, and try to save those men. Give him a boat, Jouett!"

"Aye, aye, sir," replied that cool young officer as Peyton clambered over the side of the Metacommet's deck, gathered a boat's crew as he ran, dropped into one of the cutters dragging along to port, pulled out around the stern of the Hartford right into the hell of battle to starboard.

That was not the only disaster of the morning, however, for the Brooklyn, which was in the lead, suddenly stopped.

"What's the matter with the Brooklyn, Freeman?" cried Farragut, halting the pilot. "She must have plenty of water there."

"Plenty and to spare, admiral."

"Why does she stop then?"

But she did more than stop. Though that was disastrous enough, she began to back down upon the Hartford and the rest of the fleet. Indeed this action of the Brooklyn was the only cloud on the glory of that day.

The leading ships were right under the guns of the fort now, a few hundred yards away. The fire from Mobile point was terrific. As the Brooklyn backed her helm was shifted, and she turned her bows straight to the fort. Her broadside no longer bore, and her position in a measure blanketed the other ships. The men in the fort and in the water battery, quick to see the disadvantage of the fleet, sprang to their guns again and, taking deliberate aim at point blank range, began to rake the hapless Brooklyn from stem to stern. The splinters literally flew from her in sheets. Shot after shot beat into her, shell after shell ripped through her, and she could make no reply to this fearful fire. If the gunners in the fort had only depressed their guns, she must have been sunk then and there. Her decks began to look like a slaughter pen. The Hartford and the Richmond also came under a fearful fire. The ships were almost silent and no guns bearing, while Fort Morgan roared and seethed with hell and destruction.

"What's the matter?" roared the admiral, his face clouded with anxiety. "Send me an army signal officer," he shouted in a shrill voice that was heard even above the commotion.

In a moment the man reported that the Brooklyn was signaling "torpedoes ahead." She had seen a line of empty shell boxes thrown out by the Tennessee and her consorts and had mistaken them for torpedoes. This in conjunction with the loss of the Tennessee and the narrowness of the channel through which he was expected to pass and its nearness to the fort had caused the captain first to stop and then to attempt to back his ship. He was beaten.

The six leading ships were now buddled together in serious danger of collision under the guns of the fort, which were deliberately ripping them to pieces with heavy shot. The high masts of the Hartford and the Brooklyn clearly indicated their position and alerted the gunners in the fort and of the Confederate squadron to find them easily in spite of the smoke. To hesitate was to lose everything. It was that crucial moment of the battle up on the instant decision of which depended success or failure.

Admiral Farragut used to tell how at that moment he breathed a brief prayer to the God in whom he trusted, saying, "Shall I go on?" and the answer came in a voice which seemed to him audible in that storm of battle. "Go on." That was what he did. What he said was vastly different.

When he learned that it was fear of torpedoes that had backed the Brooklyn and swung her athwart the channel, he shouted out in those sharp tones that could be heard everywhere on the ship:

"Damn the torpedoes! Four bells, Drayton! Full speed, Jouett! Back the engines of the Metacommet hard and then go ahead!"

The one backing, the other going ahead, Farragut swung his flagship across the Brooklyn's stern—it was impossible to cross her bows in the position she then was or he would have done so—and dashed at full speed up the channel. He was forced to skirt the shoal as he did so, and there were but a few feet of water beneath his keel as he rushed on.

"We cannot pass to the eastward of the buoy now, sir," said the pilot, as they cleared the Brooklyn. "The monitors are right in the way in the channel."

"Straight ahead!" roared the admiral. "Right at the line!"

At full speed now the Hartford, enveloped in flame and smoke from her

own guns, rushed for the deadly torpedo line. Broadside after broadside went smashing into the fort as she swept magnificently on. Would she, too, meet the fate of the Tennessee? What would happen? A few moments would determine, but moments are hours in such scenes as these.

The men below on the Hartford and the Metacommet heard a series of detonations as if musketry were being exploded beneath the keel. The primers of the torpedoes as the mighty ship struck them snapped one after another, but the salt water had rendered the deadly internal machines innocuous. That and the admiral's forethought in going in with the flood tide, which turned the percussion caps away from the onrushing ships, saved him.

In a moment he was safe over the line. It was a few minutes after 8 o'clock. Grim and black before him loomed the Tennessee and the gunboats ahead of her—their position giving them immunity—raking the Hartford again and again. The Tennessee made for the flagship as if to ram, but by clever maneuvering and her faster speed the Hartford prevented this. The two vessels exchanged broadsides, however, and shells from the Tennessee passed through the wooden ship, while the solid shot from the Hartford rebounded harmlessly from the iron sides of the Tennessee.

Shot and shell were coming in from all sides on the Hartford, still within range of the fort, and so rapidly were her own guns served that she looked like a ship on fire. A ghastly procession of wounded men were being sent to the cockpit, and the decks were covered with dead men weltering in their blood. The carnage was fearful.

Meanwhile, inspired by the example of the admiral, the Brooklyn got her head around at last and, followed by the Richmond and the Pensacola and the others, rushed desperately for the torpedo line, the captains thinking to go to a noble death with their admiral. Owing to their anxiety and hurry the regular order was abandoned, and the ships passed up as they could, sheets of flame and smoke pouring from their broadsides upon the fort. Some of the ships passed perilously near the shoals in the confusion. At one time the Richmond had less than a foot of water under her keel.

As Farragut passed out of range of the fort and the Hartford got into open water he cast loose the Metacommet and turned his broadsides upon the gunboats, which, being utterly unable to cope with such a heavy ship, fled incontinently, pursued by Jouett at full speed. As the other ships came up they followed the example of the first pair, and the Confederate flotilla was hotly chased by the Union gunboats.

Meanwhile Buchanan on the Tennessee ran down the fleet. He tried to ram one ship after another, but without success, while he himself was lightly maimed by the Monongahela. Into each one, however, as he passed her he poured his terrible broadsides, indifferent to the return fire from the heaviest guns they carried.

The tremendous broadsides of the great ships in the lead had kept down the fire of the fort, but when the vessels of less gun power came swinging by the Confederates returned to their positions, punning the severely.

The last one in the procession, the rear ship of the fleet, was the Onida. Except the Brooklyn and the Hartford she suffered more than any other, beset both by the Tennessee and the fort. A shell from the fort entered her boiler, killing or wounding a man in the fireroom, leaving her helpless, while another from the Tennessee took off the arm of her commanding officer. Her consort, however, and the drifting tide finally carried her past the fort and up to the rest of the fleet. The Selma was captured by the Metacommet. The Gaines was wrecked by shells, beached and burned. The Morgan succeeded in gaining the protection of the fort, whither the Tennessee presently joined her.

At half after 8 o'clock the Hartford anchored above the middle ground, followed in succession as they arrived by the other ships of the fleet. The passable had been made, but at a heavy cost in shattered ships, a lost monitor and dead and dying men.

"What we have done, admiral," said Drayton, "has been well done, but it costs nothing so long as the Tennessee rides yonder beneath the fort."

"I know it," returned the admiral, "and as soon as the men have had their breakfast I am going for her."

(To be Continued.)

Pope's Reception to Cardinals
 Rome, March 2.—At the pope's reception of the cardinals yesterday he spoke for half an hour with the 42 cardinals present. No address was delivered, and the most important words were when the pontiff referred with emphasis to his advanced age and approaching end. The excitement of the reception improved Pope Leo's appearance. When he entered the library his form was bowed and trembling, but later he seemed to have acquired strength and animation.

Shanghai, March 2.—The authorities here have seized hundreds of cases of rifles and large stores of ammunition in Chinese go-downs near here.

Seizure of Rebel Supplies
 Shanghai, March 2.—The authorities here have seized hundreds of cases of rifles and large stores of ammunition in Chinese go-downs near here.

STREAMS OVER BANKS

Thousands of Men Idle in Pennsylvania Because of Floods

Pittsburg, March 2.—With every tributary of the Allegheny and Monongahela rivers emptying swirling torrents into the banks of these two streams and rushing down to the point where they converge to form the Ohio, Pittsburg was given a visitation yesterday which forced hundreds of families to either abandon their homes or seek escape from the water in the upper stories, while mud and water dispensed destruction and discomfort below. Mills in the low-lying levels throughout the county, numbering between 30 and 60, were flooded, and 35,375 men are thrown idle for four or five days, with a loss in wages of more than \$25,000.

The flood was general throughout western Pennsylvania, the streams everywhere overflowing their banks and causing more or less damage to houses and farms that lay in their course. Down town in Pittsburg cellars and basements of business houses which are in the general flood belt were inundated, while in Allegheny two railroads were temporarily paralyzed, owing to the water which covered their tracks.

Ample warning had been received by most of the residents and business firms threatened in time for them to make preparations to minimize losses.

Forebodings of a Clash
 St. Petersburg, March 2.—Some publicists are of the opinion that only the sternest language towards Turkey can prevent a war between Russia and Turkey in the spring. They believe that Turkey will pursue bands of Macedonian revolutionaries across the Bulgarian frontier and that a public opinion will compel Russia to interfere. The Russians thoroughly understand that a war with Turkey will be a more severe one than that in 1878. There is an inclination here to anticipate German financial support of Turkey.

Shooting Aboard the Maine
 Newport News, Va., March 2.—Trouble on board the battleship Maine, which is lying in dry dock here for repairs, culminated Saturday in the shooting of a seaman by a guard of the marines. It is reported that the wounded man died shortly afterward. All information relative to the affair is refused. Twenty-three men have deserted the Maine in the past week.

Heavyweights Agree to Fight
 New York, March 2.—James J. Jeffries and James J. Corbett met yesterday and agreed to fight 20 rounds next July before the club that will give them \$25,000 or the largest purse that may be offered above that sum, the winner to take 75 percent and the loser 25. It was also agreed that the principals should sign articles on Thursday next.

Turks Defeated in Battle
 Geneva, March 2.—News has been received here of an engagement between Turkish troops and bodies of Macedonians and Bulgarians, near Monastir. The Turks suffered a repulse. After the fighting 52 dead and many wounded men were found.

Gates Continue Off Britain
 London, March 2.—The gale was renewed in the British Isles on Saturday night and continued yesterday, but with less violence. Vessels are still taking refuge in the ports and active battered by the storm. Others have gone ashore.

Duchess "Conny" Is Dead
 Vienna, March 2.—The Duchess of Marlborough arrived here last night for a stay of six weeks. She will take a further course of treatment for deafness, arising from catarrh, from which she is suffering.

The Weather Forecast
 Almanac Tuesday, March 3.
 Sun rises—6:18; sets—5:35.
 Moon sets—10:14 p. m.
 High water—1:45 a. m.; 2:15 p. m.

An area of high pressure of great magnitude covers the east and southeast and under its influence fair weather has prevailed in the great majority of districts. Generally fair weather is indicated for New England. The temperature will rise.

THE ODD PENNIES.
 For the sake of saving odd pennies do not buy an inferior emulsion of cod-liver oil when you really need Scott's Emulsion.

Scott's Emulsion costs more to buy because it costs more to make.

The difference in price is pennies. The difference in results is pounds—pounds of flesh—and days of new strength and comfort.

The consumptive and others who have lost flesh get more cod-liver oil into their systems by means of Scott's Emulsion than in any other way.

Send for Free Sample.
 SCOTT & BOWNE, Chemists 409 East 5th St., N. Y.

ATTITUDE UNCHANGED

Letter From President on Southern Appointments

Found Not Up to the Standard—Color Will Be No Bar—Declares Needless Outcry Started in North

Where Men in Republican Party Were
 Found Not Up to the Standard—Color Will Be No Bar—Declares Needless Outcry Started in North

Atlanta, Ga., March 2.—Following are extracts from a letter from President Roosevelt to Clarke Howell, editor of The Constitution, in reply to a request for an exposition concerning a recent letter from Harry S. Edwards of Macon, with reference to the matter of federal appointments in the south:

"In making appointments I have sought to consider the feelings of the people of each territory so far as I could consistently do so without sacrificing principle. The prime tests I have applied have been those of character, fitness and ability, and when I have been dissatisfied with what has been offered me in my own party I have not hesitated to go to the opposite party. I certainly cannot treat more color as a bar to holding office any more than I could so treat creed or birthplace—always providing that in other respects the applicant or incumbent is a worthy and well-behaved American citizen. Just as little will I treat it as conferring a right to hold office.

"In South Carolina I have appointed a white master to succeed a colored postmaster. Again in South Carolina I have nominated a colored man to fill a vacancy in the position of collector of the port of Charleston, just as in Georgia I have reappointed the colored man who is now serving as colored collector of the port of Savannah. Both are fit men. Why the appointment of one should cause any more excitement than the appointment of the other I am wholly at a loss to imagine. To connect either of these appointments or any or all my other appointments or my actions in upholding the law at Indianapolis with such questions as 'social equality' and 'negro domination' is as absurd as to connect them with the nebular hypothesis or the theory of atoms.

"I have consulted freely with your own senators and congressmen as to the character and capacity of any appointee in Georgia, concerning whom there was question. My party advisors in the state have been Major Hanson, Walter Johnson—both of them ex-Confederate soldiers—and Harry S. Edwards. A large percentage of the incumbents of federal offices in Georgia under me are, as I understand it, of your own political faith.

"This is true of your own state, and by applying to Thomas N. Page of Virginia, to General Basil Duke of Kentucky, to George Crawford of Tennessee, to John McIlhenry of Louisiana, to Judge Jones of Alabama and Edgar S. Wilson of Mississippi, all of them Democrats and all of them men of the highest standing in their respective communities, you will find that what I have done in Georgia stands not as the exception but as the rule for what I have done throughout the south. I may add that the proportion of colored men among the new appointees is only about one in a hundred.

"In view of all these facts I have been surprised and somewhat pained at what seems to me the incomprehensible outcry in the south about my actions—an outcry apparently started in New York for reasons wholly unconnected with the question nominally at issue. I am concerned at the attitude thus taken by so many of the southern people; but I am not in the least angry, and still less will this attitude have the effect of making me swerve one hair's breadth to one side or the other in the course I have marked out—the course I have consistently followed in the past and shall consistently follow in the future."

A \$300,000 Fine
 Halifax, March 2.—For five hours Saturday night fire raged in the heart of Halifax. Nearly all of one business block and part of another are in ruins. Ten buildings, including Molr Sons & Co.'s bread, biscuit and confectionery works, were destroyed. Three hundred people are thrown out of employment and the estimated property loss is \$300,000.

Detectives After Mrs. Schaefer
 Hartford, March 2.—Five detectives from New York arrived in this city in search of the wife of Emil Schaefer, the retired millionaire brewer. It is said that Mrs. Schaefer is in hiding here with her two children, kidnapped from New York, on Lincoln's birthday. The detectives have failed to locate Mrs. Schaefer.

Favorable Report on Fowler Bill
 Washington, March 2.—The house committee on banking and currency, by a vote of 7 to 2, a strict party vote, authorized a favorable report on the currency bill introduced Saturday by Representative Fowler, chairman of the committee.

Alderman in Bribery Scrape
 Chicago, March 2.—Alderman Frederick A. Hart was indicted by a grand jury on the charge of soliciting a bribe and of malfeasance in office. Two bills were returned against Hart and each contained 10 counts.

Seizure of Rebel Supplies

SLOW BUT SURE

Was all right for David Crockett
but for the

Modern House Hunter

It is a terribly expensive disease.

Perhaps you think that by waiting and waiting
you can find something that a half hundred
others have overlooked, but just consider
these facts:

The best lots are going fast
and only a limited number of
desirable ones are left

If you buy now you get the
benefit of increased value.

The demand for first class
improved properties will be
greater this year than ever
before.

I can offer you better
locations and better inducements
than any other dealer in town.

Some one is going to get left.
Don't be that one.

Seven houses built and sold in one neighbor-
hood in 1902.

Orders for two houses for 1903 already
placed. Nos. 3 to 29 still open.

ALL GOODS WILL BE DELIVERED FREE AT RESIDENCES IN QUINCY.

A Reorganization Sale

is now going on which should interest EVERY housekeeper who reads
this paper. In recently reorganizing this corporation a great deal
of stock was taken over at prices so advantageous that we can, FOR
THIS SALE, give our customers goods of the BEST QUALITY at
the PRICE OF THE CHEAPEST. For example:

CARPETS

A large lot of old rolls and part pieces of
Royal Wiltons,
Scotch Axminsters,
Bigelow Axminsters,
French Axminsters, &c.
sold or shown, will be sold exactly as
they are without license. The price that
they were formerly marked at was from
\$1.50 to \$2.75 and \$4.00 to as high as \$8.00
per yard. We shall sell them "as are"
at, per yard,
50c and \$1.00

RUGS

We have the largest and best lighted Rug
show room in New England. In connection
with our great Reorganization Sale of Car-
pets we have marked our surplus Rug stock,
both foreign and domestic, at prices hith-
erto unapproached. A good single example
out of many—is the following:
Chiorde Rugs, about 3x6 ft., in mod-
ern colors, heavy Daghestan and Cabistan
and quite a number of Antiques that are
worth and turn. These rugs were formerly
marked at from \$1.40 to \$2.00 each. We
shall close them out at, per yard,
95c
We have marked them at, each,
7.50

SOME CLOSE CONTESTS

Marked Municipal Elections In

the Pine Tree State

AUBURN MUST VOTE AGAIN

Unless Recent Shows Necessary Ma-

jority For Mayor, Who Lacked Four

Votes For Election—Massachusetts

Towns Hold Annual Elections

Portland, Me., March 3.—Yesterday's

elections resulted as follows:

Cities Mayor City

Lewiston W. B. Skelton Rep

Auburn No Election

Waterville C. W. Davis Dem

Saco L. B. Moore Clt

Rockland F. Snow Rep

Ellsworth A. C. Hagerty Rep

Eastport W. S. Milden Clt

Bath E. W. Hyde Rep

Westbrook J. A. Warren Rep

South Portland G. T. Spear Rep

Gardiner E. L. Russell Rep

Hallowell J. W. Fuller Rep

William S. Milden, the Citizen nom-
inee, was elected mayor of Eastport. The
Republicans elected six of the eight
aldermen.

Rockland Republicans elected their
mayor and the complete boards of alder-
men and councilmen, giving Israel Snow
a majority of 225 for mayor.

The straight Republican ticket was
elected at Bath, including Mayor Ed-
ward W. Hyde, whose majority was 579.

The usual quiet conditions prevailed
at Gardiner, the Democrats not mak-
ing any nominations. Edwin L. Rus-
sell was elected mayor.

The most bitter contest in the history
of Saco's municipal elections occur-
red when Mayor Freeman was de-
feated by Luther R. Moore, the standard
bearer of the Democrats and Citizens.

His majority was 76. A year ago
Mayor Freeman was elected by one
majority. The Citizen-Democrat com-
bination also elected five of the seven
aldermen and 12 of the 14 councilmen.

There was considerable excitement at
Lewiston, and at no time until the votes
were counted did either party feel sure
of victory. W. B. Skelton (Rep.) was
elected mayor by a majority of nine
votes. The Republicans carried four
of the seven wards, with no choice of
alderman in ward 4.

The Hallowell election was without
feature, there being no contest. J. W.
Fuller (Rep.) was elected mayor and
the entire city government is Republi-
can.

At Auburn the voters failed to make a
choice for mayor and a special election
will be necessary unless a recent
shows the necessary majority. Eben
G. Eveith (Rep.) lacked four votes of a
majority.

Mayor Greely of Ellsworth, after
serving four consecutive terms, was
defeated by the Republicans.

The defeat of Mayor Blaisdell at
Waterville by the Democrats was the
feature of the election in that city.

Republicans had easy victories at
South Portland and Westfield.

THE LICENSE QUESTION

Arouses Much Interest In Contests In
Bay State Communities

Boston, March 3.—With interesting
contests in nearly every town and de-
lightful weather as an additional in-
centive the annual town meetings in
over 100 of these communities in Mas-
sachusetts were well attended yesterday,
and the usual business of electing offi-
cers, voting appropriations and settling
the liquor question was transacted as
a rule with earnestness and dispatch.

Perhaps the most notable meeting in
the state was that at Amesbury, where
the recent strike at the carriage fac-
tories was carried into the meeting at
union labor men won a sweeping vic-
tory.

The earnestness of a Situation con-
stable in enforcing the liquor law last
summer and his peculiar campaign
methods of presenting squashes to the
voters of the town met with little ap-
preciation at the polls and he was prac-
tically snowed under.

As usual there was great interest in

the attitude of the towns on the liquor
question, and a greater number than
usual changed about. These changes
as a rule were against license. The
most notable changes were those at
Dracut and Framingham. The former
town has been swinging back and forth
for the past 10 years but has usually
voted for license. This year it changed
over again to the no license column. In
Framingham the last year's majority of
76 in favor of license was changed this
year to a majority of 253 against the
sale of liquor. Among the other
changes to the no license column were
Sawditch, Duxbury and North An-
dover.

On the other hand, Randolph, Orange
and Walpole all voted in favor of grant-
ing liquor licenses, the latter town for
the first time in its history.

The Socialists were scarcely in evi-
dence in any of the towns, which was
rather surprising in view of their large
vote at the state election last fall, and
also at some of the town elections a
year ago.

Many Victims of Explosion

Easton, Pa., March 3.—Six men are
probably dead and 25 or 30 others are
injured, several of them seriously,
from the effects of an explosion at the
Edison cement plant, at New Village,
N. J., last night. A large part of the
plant was burned. The explosion oc-
curred in a coal bin and was caused
by the ignition of a quantity of gas.

Two Big Strikes On

Philadelphia, March 3.—Two strikes,
involving 3000 hands, were begun here
yesterday. Four branches of the
United Garment Workers of America
struck for shorter hours and a recog-
nition of the union. The carriage and
wagon workers and painters quit work
because of the refusal of the employers
to grant a minimum wage scale of \$2.50
for a nine-hour day and 10 percent in-
crease on piece work.

No New Trial For Patrick

New York, March 3.—Recorder Goff
yesterday denied the motion made by
counsel for Albert T. Patrick, con-
victed of the murder of Millionaire W.
M. Rice, for a new trial pending the
decision of the court of appeals, before
which the case now stands. The re-
corder later said the appeal papers be-
fore the court of appeals will not be
ready for two months or more.

Nineteen Ladrones Killed

Manila, March 3.—A detachment of
scouts attacked and defeated a body of
ladrones near the village of Mariguin,
seven miles from Manila, Sunday.
After an hour's fighting the ladrones
were scattered and 19 were killed and
many wounded. There were no
casualties on the side of the scouts.

Fatal Wreck Caused by Robbers

Washington, Ind., March 3.—A train
ran into an open switch which is said
to have been thrown by would-be rob-
bers to wreck an express train last
night near Lebanon, Ills. Two men
were killed and one fatally injured.
The train usually carries considerable
amounts of money.

Knapp a Christian Endeavorer

Indianapolis, March 3.—During his
recent stay in this city Alfred Knapp,
the murderer, was apparently deeply
interested in religious work at the
Fourth Christian church. On the Sun-
day evening previous to his arrest he
was taken into the Christian Endeavor
society.

Home Rule Very Distant

London, March 3.—The Birmingham
papers credit Lord Spencer, the liberal
leader in the house of lords, with declar-
ing, in the course of a speech that he
made in that city, that home rule for
Ireland "was very distant and that it
would be impolitic to bring it forward."

Monadnock In Bad Position

London, March 3.—Steamer Monad-
nock, from Blyth for Boston, which
went aground in the Sound of Mull, has
buckled badly. The prospects of saving
the vessel are doubtful, for it is be-
lieved she will break in two.

The Weather Forecast

Almanac, Wednesday, March 4.

Sun rises—6:17; sets—5:57.

Moon sets—11:19 p. m.

High water—2:30 a. m.; 3 p. m.

An area of high pressure of great
magnitude covers the eastern half of
the country and continues to dominate
the weather conditions east of the
Rocky mountains. Fair weather is
probable in New England.

Colds are Dangerous.

How often you hear it remarked: "It's only
a cold," and a few days later learn that the man
is on his back with pneumonia. This is of such
common occurrence that a cold, however slight,
should not be disregarded. Chamberlain's
Cough Remedy counteracts any tendency toward
pneumonia. It always cures and is pleasant to
take. Sold by all druggists.

ADDICKS AGONY IS OVER

Ball and Allee Elected United

States Senators

LATTER EXGRESSES SORROW

At His Selection Over the Dictator,

Whose Chief Lieutenant He Has

Been—End, For the Present, of Con-

test Which Has Lasted For Years

Dover, Del., March 3.—For the first
time in four years the state of Dela-
ware yesterday secured full representa-
tion in the United States senate. At a
special session the state legislature
elected state Senator J. P. Allee (Union
Republican) to the senatorship which
expires in 1907 and Congressman T. H.
Ball (Regular Republican) to the term
expiring in 1905.

The selection was undoubtedly due to
pressure from Washington brought to
bear upon the regular Republicans in
the legislature who have all along op-
posed the election of J. E. Addicks or
any of his adherents to the United
States senate.

Congressman Dick of Ohio came to
Dover yesterday in the interest of Re-
publican harmony and received a dele-
gation from each Republican faction.
He advised the acceptance by the regu-
lar Republicans of the union Republi-
cans' proposition agreed upon in Phil-
adelphia, Saturday, that a union Republi-
can be elected to the long term sena-
torship and a regular Republican for
the short term, Addicks himself being
eliminated.

Anticipating the likelihood of an
agreement between the Republican fac-
tions, Democratic State Chairman
Saulsbury presented a proposition to
the regular Republicans, agreeing to use
his influence for the election with the
aid of the Democrats of two regular
Republicans to the United States sen-
ate. This proposition was approved by
the advisory committee of the Demo-
cratic state committee but was not
ratified by the Democratic legislators in
caucus.

In the meantime a compromise was
effected between the regular Republi-
cans and the Addicks (Union Republi-
can) forces,

Harriet Beecher Stowe.

The chapel of the First Church was well filled on Monday evening by an appreciative audience gathered there to listen to a lecture on Harriet Beecher Stowe, by Miss Maria L. Baldwin of Cambridge. It was a very able and scholarly effort and was listened to with closest attention. Miss Baldwin's musical voice, pleasing personality and heartfelt interest in her subject appealed to all who had the privilege of hearing her. The beautiful story of Mrs. Stowe's own life with its varied experiences gained an added interest under her skillful pen and many lovers of "Uncle Tom" will reread the story of his wrongs and sufferings with mingled enjoyment and sorrow.

Drift of Opinion.

"When is a man drunk?" asked the valued Bridgeport Post. The question that bothers John L. Sullivan is to determine when a fellow's sober.—Beverly Times.

A clergyman in New York, who preached a Washington's birthday sermon before one of the patriotic societies, took occasion to laud the torments of Revolutionary times, whereas his listeners were highly excited and indignant. There is the best of feeling between the American and the British nations now, but ululating the enemies of the "old continentals" is a little too much, even at this late day.—Troy Times.

The resignation of the President of the Board of Aldermen in Cambridge caused a sensation in the University city. Alderman Convey declined to state his reasons for the step, but did say "While I am a man and a Democrat, I am not a slave." From what he did say the inference might be drawn that Mayor McNamee had assumed kingly functions, and had issued an edict that was repulsive to the manhood of the Alderman. Mr. Convey ought to have been more explicit, and told a curious world what it was that "the king" had determined to do, and which the Alderman considered degrading. He promises to make them known later, when a greater sensation may be looked for. The proper balance of authority is a matter that should receive the careful attention of all municipal officers.—Lynn Item.

HEALTHY, HAPPY CHILDHOOD

Thousands of children, made sickly and wretched by worms, have been restored to health and happiness by a few doses of **TRUE'S WORM ELIXIR**. Pure, vegetable, harmless tonic and aperient for stomach and bowel disorders. 25 cents at druggists. Booklet free. Dr. J. P. TRUE & CO., Auburn, Me.

THE MAYOR TO THE RESCUE.

Board of Health Under Fire in Debate on Abatement of Nuisance.

Effort to Reduce Appropriation for Water Extensions and Thereby the Debt Unsuccessful.

City Collection of Ashes Proposed On Borrowed Money---\$80,000 Wanted For Sewer Extensions.

Some large appropriations were before the City Council Monday evening for water and sewers. An attempt to curtail water expenses was unsuccessful. The order to abate the pond nuisance at Quincy Point is in a more uncertain state than ever, and was the occasion of an animated discussion in which Mayor Bryant took part.

Councilmen Adams and Meyer were the absentees.

BIG SUM FOR SEWERS.

The Mayor forwarded a communication from the Sewer Commissioners, asking for an appropriation of \$80,000 to complete main sewer at Quincy Point and put in lateral sewers at the Point and West Quincy. To Committee on Sewers and Drains.

NEW CONSTABLE.

The Mayor forwarded the name of Michael Minihan as a constable. Confirmed.

VETERAN FIREMEN.

The Mayor forwarded a communication from the Veteran Fireman's Association requesting support of a bill before the legislature. Referred to joint committee on Legislative Matters and Fire Department.

JURY LIST.

The jury list was received from the Board of Registrars.

Councilman Bass moved the name of Stephen E. Wilson be added to the list. President Alden questioned if that could be done and the question was referred to the City Solicitor and then laid on the table.

Later the list was taken from the table and adopted.

SCHOOL BUDGET.

The School Committee forwarded estimates for the current year as follows: (The expenditures of 1902 are added by the Ledger.)

	1903	1902
Salaries,	\$84,737 00	\$82,562 82
Janitors,	7,035 00	7,010 00
Books and supplies,	10,000 00	10,030 91
Fuel,	7,700 00	4,573 65
Transportation,	1,000 00	1,092 35
Rentals,	810 00	—
Evening schools,	2,000 00	1,677 53
	\$113,082 00	\$108,276 44

Referred to Finance Committee.

PETITION.

Councilman Langelier presented a petition for the acceptance of Freeman street. To Committee on Streets.

The Electric Light Co. petitioned for the location of three poles on Kemper street. To Committee on Streets.

Ex-Councilman Newcomb presented a petition for new street lights on Quincy avenue and Howard street, and for a change of lights on Des Moines and South streets. To Committee on Streets.

REPORTS OF COMMITTEES.

The Committee on Licenses reported favorable on a number of petitions for minor licenses. Adopted.

GOLFE STREET.

The Committee on Streets reported an order for a public hearing March 16 on widening of Golfe street between Dimmock and Adams streets. Adopted.

COLLECTION OF ASHES.

The joint committee on Finance and Health reported an order for \$5000 for the collection of ashes, sum to be borrowed on five year loan. Ordered to a second reading.

WATER EXTENSIONS.

The Committee on Finance reported ought to pass on the order for \$30,000 for water extension.

Councilman Bass asked the City Solicitor under what law the loan was made. He was informed under Chapter 401 of 1891.

Councilman Bass then asked for how many years the city had been borrowing money to extend mains.

The City Solicitor replied he had no knowledge.

Councilman Bass continuing, said the city had not reduced the water debt one cent. It is supposed to pay off \$30,000 every year. The moment it is paid, another \$30,000 was added. It was a fact that at the present time it did not require that amount for ex-

tensions. Present applications for mains will cost about \$13,000. We can cut the amount to \$20,000. Some effort should be made to reduce the debt. If necessary to increase that amount let the Commissioner come here later and ask for it. He moved to amend and make the amount \$20,000.

Councilman Nickerson supposed the Committee was unanimous. If the last speaker had any information he should have given it to the committee. He was satisfied \$30,000 was the proper amount. The Commissioner informed the committee of the many changes desired, but it was impossible to do all in one year. While not reducing the debt we are reducing the tax rate. The committee went to the bottom of the matter.

Councilman Bass asked the last speaker if he had not remonstrated about having the Commissioner before the committee.

Councilman Nickerson—I did not think it necessary to call in heads of departments to tell us what we already knew. If the gentleman has anything up his sleeve, let us have it.

Councilman Polk—The committee went into the matter thoroughly and unanimously decided \$30,000 was as little as we could carry on the work of the department with. There were many mains that should be enlarged. The improvements desired would cost \$57,000, but it was not expected to accomplish all.

Councilman Nickerson—The gentleman forgets that the city uses \$30,000 of water each year for which no money comes back.

The amendment of Councilman Bass was lost.

The order was passed to be ordained, Councilman Bass and Hardwick voting no, and the other 17 in favor.

The engrossed orders refunding tax title of \$30 to Willard Walsh, and \$25.50 to Harlow H. Rogers were passed.

MOTIONS, ORDERS, ETC.

Councilman McFarland offered an order for one incandescent light on Clay street. To Committee on Streets.

Councilman Nickerson offered an order refunding John H. Dinegan a tax title of \$18. To Finance Committee.

ORDERS PASSED.

The order for \$50 for removing Police signal box was passed.

The order to pay \$52.26 to the Swedish church on Granite street for one-half cost of edgestone was passed.

The order granting the New England Telephone Co., a location for one pole on Cottage street was passed.

The order for \$150 for a drain through the land of John C. Ballou was passed.

WHITWELL STREET SIDEWALK.

The order for \$2,500 for a gravel sidewalk on the west side of Whitwell street, took a reading and was referred to the Committee on Ordinances.

QUINCY POINT NUISANCE.

The order for \$1,500 for abating nuisance at the corner of Washington and Chubbuck streets took its second reading.

Councilman Hardwick moved reference of the order to the Committee on Sewers and Drains, they not having considered it.

Councilman Whitton called up the chairman of the Board of Health, and asked, have you visited this location?

Chairman Gay—Yes.

Councilman Whitton—What in your opinion is the cause of the odor?

Chairman Gay—More or less cesspools empty into the pond. The board's attention had been first called to it year before last. He knew of no reason why cesspools were allowed to empty into the drain. They had been cleaned from time to time.

Councilman Nickerson started in to say what the custom had been in the

FORCE
MAKES GOOD LIVING EASY

ADAMS CHAPTER.

Mrs. Titus Re-elected Regent—
Paper on Anne Hutchinson.

Never has Adams Chapter, Daughters of the Revolution, had a more perfect day than Monday for its annual meeting. The weather was mild, the walking fine and not a cloud in the sky. The meeting always coming in March the weather has been doubtful, often stormy and generally bad walking.

The meeting was held this year at the home of Miss Annie Lincoln Prescott, Spear street, but only about half the members were present, owing to the prevalence of colds and grip. Annual reports of the secretary, treasurer and historian were read and showed the activity and good work done by the chapter. The report of the treasurer was very encouraging, the balance in the bank being over one hundred dollars. The same board of officers were elected for 1903, headed by Mrs. N. V. Titus regent.

Delegates to attend the annual meeting in New York, in May, of the National Society of the Daughters of the Revolution were elected, Mrs. Nelson V. Titus, Miss Harriet B. Pierce and Miss Mary Nightingale, with three other members as alternates.

The State Society of the Daughters of the Revolution has its annual meeting on March seventeenth.

It was voted to observe Flag day by erecting a flag pole and flag at the John Adams birthplace on Saturday, June 13, and inviting daughters from other chapters to participate.

An interesting program followed the business meeting. Mrs. Jennie Hockins Hunt at the piano gave several selections in her usual fine style, which were heartily applauded. Mrs. Benjamin Bowker of Neponset, sang. She is a favorite with the chapter having been a frequent guest.

The gem of the afternoon was the paper on Anne Hutchinson by Mrs. John H. Litchfield of Wollaston. Mrs. Litchfield is a great scholar and studies her subject well, so that her historical papers are to be depended upon for accuracy and data. Anne Hutchinson having a farm in Quincy, made the paper of special value and interest to Quincy members of the chapter, but Mrs. Litchfield's personality and charming way of telling the story made it interesting to everybody present and she received the congratulations of all at the close of her paper.

A social hour followed with refreshments; Mrs. Francis Guild Mayo of Jamaica Plain, presiding at the chocolate urn and Mrs. Frank F. Prescott at the tea urn.

The next meeting on April sixth will be held at the John Adams birthplace.

March, April, May

There is a best time for doing everything—that is, a time when a thing can be done to the best advantage, most easily and most effectively. Now is the best time for purifying your blood. Why? Because your system is now trying to purify it—you know this by the pimples and other eruptions that have come on your face and body.

Hood's Sarsaparilla and Pills

Are the medicines to take—they do the work thoroughly and agreeably and never fail to do it.

Hood's are the medicines you have always heard recommended.

"I cannot recommend Hood's Sarsaparilla too highly as a spring medicine. When we take it in the spring we all feel better through the summer." Mrs. S. E. Neal, McCreary, Pa.

Hood's Sarsaparilla promises to cure and keeps the promise.

CITY BREVITIES.

Observations in Daily Walks of
Ledger Reporters.

Chilly today.

Spring begins March 21.

Afternoon tides this week.

It has tried to snow all day.

They say the new moon is a dry one.

The day and night will be equal March 18.

Miss Gertrude E. Cleaves is confined to her home on East Elm avenue.

Miss Zulma E. Lunt has resumed her duties in Grade VII of the Massachusetts Fields school.

Mrs. A. B. Packard of Hancock street is entertaining Mrs. Jerusha Hardwick of Washington street for a week.

Lawyer Blake of Elm avenue, Wollaston, has caused ground to be broken for a new residence on Beach street.

The Granite City teams will meet the Braintrees at South Braintree on Thursday evening.

Charles Newcomb of Webster street, has returned from the hospital, and will resume business this week.

Miss Alice Cleaves of Somerville has been spending a few days with Miss Corinna Wilde of Billings street.

Miss Gertrude Warren of Billings street who has been ill for the past month has recovered sufficiently to be out.

The board of Sewer Commissioners met Monday evening and organized with A. F. Schenkelberger as chairman and William T. Isaac as secretary.

At the Ladies Aid whist party given Monday evening at the home of Miss Abbie Felts, Newcomb street, the following were awarded souvenirs: Mrs. A. C. Merritt, statue of Dancing Girl; Mrs. C. G. Fletcher, bust; Miss Georgie Hobart, vase; and Miss Mildred Willett, perfume.

Miss Virginia Thornton of Norfolk Downs, who is leading lady playing in "Road to Ruin" at Music hall, Boston, was presented Monday evening with a silver loving cup and many beautiful and costly floral designs, one basket of flowers standing over three feet high.

Rev. H. Hanson, a Swedish clergyman from Quincy, gave one of the most interesting lectures ever delivered locally in the Swedish tongue in Red Men's hall Friday evening, Feb. 27. Mr. Hanson appeared under the auspices of the Scandinavian Benevolent Society. He has travelled extensively in Norway, Sweden, Denmark and the north countries generally. Mr. Hanson illustrated his lecture, which was mainly descriptive of the countries named, with beautiful dissolving stereoscopic views. The hall was crowded.—Brockton Enterprise.

Double Fracture.

During the noon hour, Victor Johnson employed at Quarry No. 3 of the Quincy Quarry Co. fell from the top of the boiler and broke both bones of one leg, between the ankle and knee. He was attended at the quarry by Dr. Ash and later removed to the Quincy Hospital.

Big Increase in Deaths.

The City Clerk reports the number of deaths recorded in 1902 to have been 450 and the number of marriages 246. In 1901 there were 343 deaths and 227 marriages. The statistics of births have not been completed as yet.

—The golden wedding of Mr. and Mrs. Adrianus Denbroder of East Weymouth was observed Monday evening.

"That peculiar Packer Effect"—soothing, healing, cooling and quieting—is well known to all mothers who have used

LIVING ROOM COMFORT.

It is a matter of regret, that too little attention is paid in these modern days, to making the living room the comfortable, cosy, restful room that it should be. The trouble is that too many people keep putting off the purchase of just this sort of thing, and time slips by with half the comforts of life not realized. Our low prices are tempting, our co-operative plan of paying does the rest, and your dreams in this direction may be quickly realized if you visit this store.

Couches

50 different styles to choose from. Ranging in price from \$4.75 to \$25.00.

Service Couches, \$6.50 to \$10.00.
Turkish " \$10.50 to \$15.00.
Tony " \$16.00 to \$25.00.

Bed Couches, Student Couches, Drop Arm Sofas, Bed Lounges, Plain Lounges.

Large variety of coverings to select from.

Morris Chairs

40 odd styles in Oak, Mahogany or Dutch Frames, from \$4.50 to \$20.00.

Greatest value on earth from \$6.00 to \$12.00.

Morris Rockers

Something new, very comfortable, \$10.00 to \$15.00.

Dutch Furniture

The latest craze is Dutch Furniture or the weathered oak finish. We have complete sets of this furniture, as well as odd pieces. Colonial designs, mission designs. Tables, Desks, Chairs, Rockers, Clocks, Book Cases, etc.

Prairie Grass Furniture

Something new, very attractive, very desirable, very comfortable.

Odd Rockers

In wood seats or upholstered seats, plain or fancy, we show over 200 patterns.

Easy Chairs

In large variety, Rattan Chairs and Rockers.

Desks, Book Cases, Tables and all the essential fittings that go to make a living room comfortable attractive and convenient.

TOWN MEETINGS.

Milton Elects Boston Judge as Selectman.

Gardner Defeated at Weymouth.

Randolph Votes for License.—The Full Vote of Braintree.

Town meetings were held in nearly all the Massachusetts towns yesterday, the election of officers being the only business in several. Votes were taken on the license question, and the verdict was generally against, but in this county Randolph, Medway and Walpole voted in favor.

OLD BOARD AT BRAINTREE.

The old board of Selectmen were re-elected at Braintree with Warren B. Keith the leading man. Ansel O. Clark received 423 and J. Parker Hayward 403. Each precinct voted against license, the total being: Yes, 179; No, 390.

CHAPTER XXXV.

IN THE CASEMATE OF FORT MORGAN.
MARRY ANNAN had refused to leave her brother's side to take any rest, and old Dr. Bampney had faithfully kept her company. Together the two watched through the long night. The boy slept heavily at first, but as the effects of the opiate wore away the persistent pain made him restless. Toward morning he drifted into consciousness again, as he had drifted into sleep the night before. The sleep had given him no strength. He was visibly weaker than he had been and the agonies he suffered were terrible, not only to bear, but to witness.

As Mary Annan had hung over the cot where the boy, writhing in agony, bit his lips and clinched his hands and strove, for her sake and because he would fain show himself a man and was proud of his endurance, to stifle his groans, such a feeling came over her at her utter impotent helplessness as made all that she had gone through before seem a trifle.

Well, it would soon be over. It was morning, and Beverly was no better, only he was nearing the end. There was something in that. The surgeon had come and gone with a despairing shake of his head, the general had stooped over him once more and had left him with tears in his eyes. He was an old soldier, he had seen many people die; few had affected him as did this lad. Little groups of his comrades had come in, tiptoed over to the bed, gazed silently and sympathetically on him and had gone out again without a word. Sometimes he recognized them, sometimes he did not.

His suffering was so keen that all his physical faculties were drawn up into it, and it was only in brief intermittent periods of comparative respite that he took cognizance of things about him. Sometimes he muttered incoherently, but generally what he said was sufficiently intelligible. By and by the pale grayness of the dawn rose-colored the east. The light of the rising sun presently leaped through the opening, flooding the casemate. Dr. Bampney rose and put out the lamp. After awhile a beam fell across the bed where the boy lay. It was broad daylight now and there came to him one of those rare moments of comparative ease. He opened his eyes and saw the light on the wall.

"Morning," he murmured; "no better."

There was a sudden fierce rattle of drums outside, the shrilling of a trumpet. The peaceful silence of that summer morning was broken by hurried commands, the rush of many feet, shouts and cries; the creak of tackle, as the huge guns were loaded and prepared for action, which filled the room with a dreadful note of preparation.

"What's that call?" he whispered hoarsely. "It's the assembly!" he cried, his voice growing stronger. "They must be coming up at last. They are casting loose the guns! I must go to the ramparts. Duty!"

He actually lifted himself on his hands and rose in his bed. For a second they stared at him, horrified at his appearance. Then he fell slowly back on the bed, a helpless look on his face, whiter than the linen of the pillows.

"I cannot," he gasped. "Unless, O God!"

Something had happened. The effort had caused a sudden internal hemorrhage. He was bleeding to death; he would be gone in five minutes or less. There was no mistaking that look. Dr. Bampney had seen it often, and even Mary Annan divined it. He was dying. The end was at hand. The woman seized his hand, looking at him. He did not speak.

Two sudden flashes of vivid light, shining out of the clear sky of that morning dazzled the vision. They seemed to come from directly overhead. They were followed instantly by a detonating crash appalling in its terrific volume. The two shells fired by the Tencumseh had burst above the citadel. The air was filled with smoke and flying iron.

"It's war!" the boy cried suddenly, his voice as full and strong as if he were in health. "I must go—the flag!"

But when the battle was over and the strain relaxed she had to take cognizance again of that small boyish figure under the white sheet covering it from head to foot, while she wondered dimly if Boyd Peyton, too, had been sacrificed to the insatiable war god that ruled the land.

(To be Continued.)

—Rev. George E. Whitehouse has resigned his pastorate at Braintree to accept the call to the East Milton Baptist church.

But it was no use; the last flicker of his vitality had gone into his will. He

"War, war!" she gasped.

fell back again and began that awful struggle for breath which those who die of internal hemorrhages from gunshot wounds must undergo.

He was past all speech now as he lay on his pillow, his head thrown back, with his mouth wide open, drinking air. The girl dropped his hand, rose and stood over him, her hands stretched out to him. Only the arm of the old clergyman kept her from falling across the bed. It seemed to her afterward that she heard his voice coming from far away, murmuring broken words of consolation and prayer. But then she was only conscious of the deathly figure writhing before her. Over her head and about her the guns were shrieking now. The rattle of the grapeshot, the screaming of the shell, the crashing roar of cannon filled the morning with hideous sound. But above all the noise in some strange way her faculties were so attuned that she caught and heard that faint, desperate struggle for breath on the narrow bed before her. For five minutes, perhaps, it continued, growing fainter and fainter, and then it just stopped. Thank God!

In spite of the clamor outside, the room seemed strangely silent. She could hear her heart beat, or was it about to stop too?

"War, war!" she gasped out brokenly at last, wringing her hands and writhing in the old man's arms, "and I wished it! I welcomed it! With other women I cheered them on. Now we are paid. Oh, my boy, my boy! My little brother, the last one! War, war! And he is out there!"

Oh, Peyton, Peyton, what power had you over this woman's heart that even at this moment she could think of you? She dropped upon her knees by the bed and seized the lifeless hand of her brother and laid her forehead upon it, murmuring again and again, as if she could not get away from the idea, "War, war!"

"Ah, my dear, war is terrible," said the old doctor, tenderly smoothing her hair as it swept the cover and then drawing her gently away. "But there on the bed is peace at last. Thank God for it!"

They were not allowed to cherish their grief alone or for long, however, for as Dr. Bampney spoke a body of men crowded through the casemate door. The casemate was in the curtain which was protected by the water battery and was probably the safest place in the fort. For that reason they had turned it into a hospital. The men who entered it bore on a rude stretcher a frightfully injured soldier, who had been terribly torn by an exploding shell. And there were other wounded and dying also that hour of battle. As she thought of that afterward they proved the salvation of the woman. They gave her something to do. Her mind was reeling under the shock, but she gave herself to the work, and that distracted her from her grief. She did not forget—no, never—that but in serving others she found strength to bear her own burden. There were so few who could be spared to look after the wounded, and she and Dr. Bampney rendered good service to the surgeon and his assistants.

But when the battle was over and the strain relaxed she had to take cognizance again of that small boyish figure under the white sheet covering it from head to foot, while she wondered dimly if Boyd Peyton, too, had been sacrificed to the insatiable war god that ruled the land.

A DAY OF ROLLCALLS

Voices of the House Reading
Clerks Are Worn Out

THIRTEEN HOURS' SESSION

Results in the Passage of a Few Bills
—Upper Branch Also Has Long Session, Marked by Exchange of Compliments of a Sarcastic Nature

Washington, March 3.—From 11 o'clock yesterday morning until late last night the house struggled laboriously against the Democratic filibuster, working steadily to wind up the necessary business of the session. Despite another special rule adopted early in the day legislation proceeded at a snail's pace. Rollcall followed rollcall on every proposition. The voices of the reading clerks were worn out by the ceaseless calling of the roll and several clerks from committees have been drafted to help out.

Since Thursday last, when the filibuster was inaugurated, there have been over 69 rollcalls, as against 57 for the entire long session lasting from Dec. 1, 1901, to July 3, 1902. The members also show the effects of the heavy strain, but they are sticking to their posts.

Last night the great hall presented a disheveled appearance. The floor was strewn with bits of paper, looking as if a snowstorm had swept through the hall. In the galleries among the spectators were many weary watchers interested in bills doomed to failure, but still hopeful to the end. The proceedings were enlivened several times as the leaders of the respective sides crossed swords. Their tempers had not been sweetened by their long vigil, and frequently the sparks flew.

The conference report on the Alaskan homestead bill, the immigration bill and the postoffice and agricultural appropriation bills were adopted; the omnibus public building bill and the general deficiency appropriation bill were sent to conference. The objection bill to prohibit tobacco dealers from giving prizes, the bill to provide for a delegate from Porto Rico, a bill to advance Major Morgan to the rank of assistant surgeon general and a bill for the relief of Lieutenant Handforth were passed.

Shortly before midnight, at the end of a continuous session of almost 13 hours,

At midnight the senate adjourned.

Eighteen Left the Maine

Washington, March 3.—Announced by reports of grave disorders among the crew of the new battleship Maine, the navigation bureau yesterday telegraphed to Commander Leutze to ascertain the facts. He replied as follows: "Eighteen men absent without leave, having left the ship while in dock. No one shot or shot at."

Warship's Presence Unnecessary

Washington, March 3.—Upon Secretary's statement that the necessity no longer existed for the presence of a United States warship in Venezuela waters, the navy department yesterday cabled Admiral Coghlan that he might withdraw the Marietta, which has been lying off La Guaira ever since the beginning of the blockade.

Justice Day Takes His Seat

Washington, March 3.—William R. Day, the new associate justice of the United States supreme court, sat with the court for the first time yesterday. The ceremony of initiation was in accordance with the usual practices of the court.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monro, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by all druggists.

NEWS IN BRIEF

Medrie Robillard, well known among actors as Louis Martinetti, died of apoplexy at Victor, Cal. He was playing the leading comedy role in "The Devil's Auction."

Horace L. Worcester, who has been appointed and confirmed as United States consul at Saltillo, Mex., has presented to the New Hampshire house of representatives his resignation as a member of that body.

The Milford, Mass., tanning company voted to dissolve and to dispose of its tannery as soon as possible. The company's assets are about \$25,000, with liabilities of about the same amount.

John H. Chester, formerly grand tyler of the grand lodge of Massachusetts, F. & A. M., and superintendent of the Masonic temple, died at Boston, aged 73.

Dr. James Mitchell, private secretary to President Lincoln during the war, died at Mount Zion, Ga., aged 85.

Stuart Robson, the comedian, is ill at New York and his tour for the next two weeks has been cancelled.

The navy department has decided to make a display at Boston, March 17, (Evacuation day). There will be three naval vessels there during the ceremonies.

State Engineer Bond of New York has a revised estimate of the cost of the proposed 1000-ton large canals, including the improvement of the Champlain canal, showing an aggregate cost of \$100,562,953.

Don't you please come in and see us? We are always glad to extol the merits of Vinol.

We will give you back your money if you don't find Vinol will do all we claim it will. Could any one do more for you?

QUINCY, MASS., WEDNESDAY, MARCH 4, 1903.

PRICE TWO CENTS.

LIVING ROOM COMFORT.

It is a matter of regret, that too little attention is paid in these modern days, to making the living room the comfortable, cosy, restful room that it should be. The trouble is that too many people keep putting off the purchase of just this sort of thing, and time slips by with half the comforts of life not realized. Our low prices are tempting, our co-operative plan of paying does the rest, and your dreams in this direction may be quickly realized if you visit this store.

Couches

50 different styles to choose from. Ranging in price from \$4.75 to \$25.00.
Service Couches, \$6.50 to \$10.00.

EXCITING PROCEEDINGS

Mark Closing Scenes of Present Session of Congress

ALDRICH BILL IS KILLED

Taunts About Killing of Statehood and Other Bills—No Abatement of Democratic Opposition in House, Which Will Continue to the End

Washington, March 4.—The final defeat of the Aldrich financial bill was witnessed in the senate when it was displaced by the Philippine tariff bill. Mr. Aldrich explained in detail his measure and said that a small number of men in the senate had deliberately, with malice aforethought, murdered it.

One of the features of the session was the fact that for the first time in two years Delaware was represented in the senate. J. F. Allee and L. H. Ball, elected for the long and short terms respectively, appeared in the senate and were sworn in by President Pro Tem Frye. The senate now has its full membership of 90.

In the course of debate yesterday Mr. Elkins declared that the Republican party had been false to its solemn pledges in three successive platforms with respect to statehood for Arizona, Oklahoma and New Mexico, and he said that it was the first time that that party had been guilty of filibustering. He declared that upon the Republican majority rested the responsibility for the defeat of several important measures in the senate. The senate at 6 o'clock took a recess until 8 o'clock.

In the course of the night session Mr. Quay sprang a surprise by offering as an amendment to the Philippine tariff bill the statehood bill, which he later withdrew, remarking: "That the circumstance requiring the offering of the amendment had collapsed." The conference reports on the naval and general deficiency bills were agreed to.

The conferees of the two houses on the naval appropriation bill reached an agreement at 10 o'clock last night. The senate surrendered on the principal item of disagreement, the amendment relating to the increase of the navy. The provision as agreed upon provides for three battleships of 16,000 tons displacement and two battleships of 13,000 tons displacement, and entirely eliminates the provision for cruisers.

Yesterday was almost a repetition of Monday in the house. Slowly, but surely, through the operation of ceaseless rollcalls, the conference reports to

complete the necessary legislation were ground out, and when the house at 7 o'clock last night recessed until 10 o'clock only two conference reports on appropriation bills were still undisposed of—the general deficiency and the naval. The Democratic opposition did not abate and will be continued until congress expires at noon today.

During the debate on conference reports members on each side got in political speeches and several times party passion flared up. Just before the recess bedlam broke loose and there was an exchange of high words between two members on the floor. A personal altercation seemed imminent in the confusion, but was avoided by the intervention of friends.

The actual business done during the eight hours of the day session consisted of the adoption of the conference reports on the immigration, public building and sundry civil bills, the reference of the president's veto message of a Virginia claim bill to the committee on war claims, the adoption of a resolution to correct clerical errors in the immigration bill and the passage of a senate bill to authorize the treasury department to coin souvenir coins for the Thos. Jefferson Memorial association.

The corridors of the capitol were thronged last night with people attracted by the night sessions, which marked the closing of congress. Long before 8 o'clock the galleries of the senate were packed and the same was true on the house side. The filibustering that has characterized the proceedings of the two houses for the past few days gave especial interest to the spectators in the sessions. It was not until near the midnight hour that there was any perceptible thinning of the crowd.

When the house reconvened at 10 o'clock the hall presented a brilliant appearance. It was flooded with light from the stained glass ceilings overhead.

The overhanging galleries were thronged and in those reserved for the families of members of the executive and the diplomatic corps were many women, come to witness the closing scenes. On the floor many of the members were attired in evening dress.

The knowledge that the conferees on both the appropriation bills still out had agreed was a source of general satisfaction. Nevertheless the Democrats were as resolute as ever in their determination to prosecute their filibuster to the end, and as soon as Speaker Henderson dropped his gavel Mr. Richardson, the minority leader, was on his feet with the point of no return.

The chair overruled him, as he repeatedly has done in the last few days, and on the demand of Mr. Payne, the majority leader, the roll was called on the pending question—the adoption of the conference report on the senate bill to reduce the population required of "reserve cities" from 50,000 to 25,000 inhabitants. The report was adopted, 160 to 18.

The obstructive tactics were continued throughout the night.

Former Champion in Jail

New York, March 4.—Jack McAuliffe, the former lightweight champion pugilist, who was charged with maintaining a pool room and was admitted to bail, was surrendered last night by his bondsman, who said that he heard that McAuliffe intended to leave town, and was locked up. McAuliffe's trial is set for Friday next.

Ship and Crew Lost

London, March 4.—The ship which foundered off Land's End with the loss of her crew of 20 during the storm of yesterday is believed to have been the German bark Luna of Hamburg, a lifeboat bearing that name having been washed ashore at St. Ives Bay.

Agreement Awaits Approval

Havana, March 4.—United States Minister Squiers has handed to President Palma the signed naval station agreement. President Palma will ask the senate to approve it.

Ambassador Choate Honored

London, March 4.—The Elgion club gave a banquet last night to United States Ambassador Choate to celebrate the completion of his fourth year as ambassador to the court of St. James. Over 150 guests were present. Earl Roberts presided.

The Weather Forecast

Albany, Thursday, March 5.
Sun rises—6:15; sets—5:38.
First quarter—2:14 p. m.
High water—3:15 a. m.; 3:45 p. m.

The area of high pressure that has covered the eastern third of the country is giving way slowly. A second high is moving easterly over the Dakotas. It will be fair in New England, except in mountain districts.

It is a billious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all druggists.

MURDERER OF BURDICK

May Soon Be In Hands of the Buffalo Police

NOW KNOWN TO BE A WOMAN

Authorities Moving Cautiously in Gathering Evidence, as Stubborn Legal Fight Is Expected—Society to Be Dragged Into the Case

Buffalo, March 4.—The finger of police suspicion in the Burdick murder mystery is pointing toward a woman whose home is in the Elmwood district. Her career is known to the police. By far the most important statement made since the tragedy was given out yesterday by Superintendent Bull, who heretofore has had but little to say. He announces a suspect; that the motive has been established and that in due time there will be an arrest. Superintendent Bull says the suspect is a woman. He said in part:

"While I have not been taking an active part in the work and left it to Mr. Cusack, he reported to me fully from time to time. I gave my ideas to Mr. Cusack as to the motive that led up to the murder and told who I suspected of the crime. He has come to the same conclusion that I did. While we think he could make an arrest with safety, we prefer to wait and we believe that certain evidence we wish to gather will lead to successful results."

"Is it a woman?" Superintendent Bull was asked.

"Yes," he replied. "It seems to me it is a woman."

"Are you quite clear and settled on the evidence you have in hand as to the accuracy of your suspicion?"

"Yes," said the superintendent, emphatically.

"Will there be an arrest?"

"Yes, there will."

"When?"

"I cannot say. Not until we are fully satisfied we have evidence enough to justify the arrest. When we have that we will have enough to convict."

The cautious manner in which the police are moving is undoubtedly due to the expectation that when an arrest is made a stubborn legal battle will follow. They want to be sure of their ground. The social prominence of the victim and of those who will be dragged into the case later on calls for extreme caution on the part of the authorities.

Jackies Have Escaped Capture

Newport News, Va., March 4.—The battleship Maine is cooling preparatory to sailing for the West Indies and probably will leave here today. With the exception of the three seamen who were returned to the ship by the police, the runaway jackies have not been located. Descriptions of 20 of the missing men have been filed at police headquarters by the ship's officers.

Louise Will Go to Austria

Vienna, March 4.—It is stated that the courts of Saxony and Tuscany have arrived at an agreement by which the former Crown Princess of Saxony may remove to Austria in May and deliver her newly-born child to the Saxon court. She will then be permitted to see her other children every summer and a satisfactory financial arrangement is also made for her.

Princes on Sight Seeing Tour

Milan, March 4.—Crown Prince Frederick William of Germany and his brother, Prince Eitel Frederick, passed through here yesterday on their way to Brindisi. They will make a tour through Egypt, Palestine and Greece, and will go to Constantinople, where they will be received by the sultan. They will pay their respects to the King of Greece at Athens.

Bryan Won't Lead Revolt

Pittsburg, March 4.—W. J. Bryan, in an interview last evening, denied the report that he will lead a revolt from the Democratic party in case the gold Democrats capture the national convention. He said that not only had he not made any such statement, but that the contemplated action was improbable and he did not discuss improbabilities.

NEWS IN BRIEF

As a result of a slightly sprained knee, General Booth of the Salvation Army has postponed his departure for England for several days.

Richard M. Upjohn, architect of the state capitol at Hartford and other public buildings, died at Brooklyn. He was born in 1828.

The secretary of state has advised diplomatic officials that a national and international good roads congress will be held in St. Louis from April 27 to May 2, 1903.

Assurance has been given the Connecticut naval battalion that the practice ship Elfrida, which was loaned by the navy department to the state, will not be taken away at present from the naval militiamen.

President Wilson says that, so far as he knows, the report that Andrew Carnegie has given \$1,000,000 to the graduate school of Princeton university is without foundation.

Dr. Charles H. Orr, the oldest past grand master Mason in the world, died at Cumberland, Md., at the age of 88.

LADY COOK HYSTERICAL

Tongue Broke Loose When Heavy Verdict Was Rendered Against Her

London, March 4.—J. H. Wallace, formerly secretary of the late Sir Francis Cook, obtained a verdict in the court of king's bench yesterday for \$3250 damages for libel against Lady Cook, better known as Tennessee Claflin of New York. The latter was charged with accusing Wallace of conspiracy to circulate rumors that Sir Francis died an unnatural death, with the object of blackmailing her. On the announcement of the verdict Lady Cook excitedly protested and demanded a reopening of the case. She was with difficulty induced to leave the court. On hearing the verdict Lady Cook sprang from her seat and, waving a bundle of papers, shouted:

"Lord Alverstone, I am an American and I want you to listen to me. This has cost me thousands of pounds and I have trusted myself in the hands of an English judge and an English jury. I have witnesses from America. I can bring hundreds of witnesses. I want to go in the witness box myself." Chief Justice Alverstone tried to stem the torrent of protest and asked Lady Cook to leave the court. But she continued to protest in loud tones until the lord chief justice directed the ushers to remove her. When an usher laid his hand on her arm, Lady Cook shouted:

"Oh, don't pull me out. I will walk out. I ought not to have trusted; but I am a weak woman. I have done more for England and America than any one else."

The last words heard as Lady Cook disappeared from the court were: "My reputation is ruined."

Canal Opinion Stands

Washington, March 4.—Attorney General Knox, on leaving the cabinet meeting yesterday, announced that he had received from the Panama Canal company an acceptance of the proposal which he recently made to it with respect to the extension of the option of the canal company's property held by this government. He said that the communication from the canal company was of such a nature that the option would be kept alive until the ratification of the pending treaty. It matters not whether the treaty was ratified before or after the conclusion of the present congress.

To Replace Old Muskets

Washington, March 4.—General Crozier has made preliminary arrangements for arming the entire organized militia of the United States with the Krag-Jorgensen musket of the regular service, in accordance with the provisions of the new militia law. He already has collected about 60,000 of these arms. According to the latest returns the organized strength of the militia is 115,749, but the 60,000 Krag-Jorgensen already collected will probably be sufficient to meet all demands for several months to come.

Another Block in Big Tunnel

New York, March 4.—The portion of the rapid transit tunnel excavation extending from the Harlem river 500 feet south was flooded yesterday with water from the river, a wooden dam being undermined. The rest of the tunnel was protected by a brick wall erected for such an emergency. The flood will cause a delay of several weeks in the work.

To Increase German Seamen

Berlin, March 4.—A new society has been organized at Hamburg for promoting Germany's shipping interests and increasing the number of trained German seamen. It will give special attention to the selection of strong lads and to educating them to become sailors and officers. Emperor William has had himself enrolled as an ordinary member.

To Be Carried to Boston

Washington, March 4.—Word has been received at the navy department that the last of the property of the United States navy at the former naval station at Havana has been transferred to the collier Marcellus, which sailed from that port yesterday for Boston.

Police Captain Neglected Duty

St. Louis, March 4.—Police Captain Boyd was suspended yesterday after the official notice of the indictment returned by the grand jury against Boyd for neglect of duty in allowing the existence in his district of houses where young girls were held as prisoners.

Against Death Penalty Abolition

Boston, March 4.—In the senate yesterday the joint judiciary committee reported leave to withdraw on the petition for the abolition of the death penalty.

Venezuelans Suspect Treachery

Caracas, March 4.—It is asserted that a dynamite bomb was discovered by Venezuelan stokers among the coal left by the Germans on board the Venezuelan warship Restaurador, when that vessel was returned to Venezuela. The reported discovery has created intense excitement. The newspapers here refer to the Germans as "marchists."

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Monon, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by all druggists.

Probate Notice.
Wanted—Competent Girl.
State House Notice.
Court of Land Registration.
M. L. Morton—Tailor.
For Sale—Hard and Soft Wood.
To Let—One-half Double House.

Good Afternoon.

The conclusions of F. W. Pitcher of Easthampton, before the committee of revision of the corporation laws, deserve to be weighed. He said: "If under Massachusetts laws parties are at liberty to capitalize property and patents at their own valuation, also their pretensions and expectations, 'the eminent respectability' of a Massachusetts Corporation is gone, and simply a business proposition is left, and under these conditions a foreign charter is just as good as a Massachusetts charter and at much less cost. And I believe the State by this proposed law will lose more charters than she will gain."

Drift of Opinion.

"You cannot have too much sunshine in your life—absorb all that you can today; tomorrow clouds may gather over your horizon.—Maxwell's Talisman."

"Another sure sign of an early spring has come to light this week. It is reported that the geese are flying North, which is about three weeks earlier than usual. Coal dealers who believe in signs would do well to unload their holdings before it is too late.—Commercial Bulletin."

"In the north end district in Boston looters stand on the sidewalks and jeer the police and the women, and compel the latter to walk in the gutters if they wish to get along rapidly. This is because it has been decided by the courts that only men who block the sidewalks 'wilfully and maliciously' can be arrested. Ex-Judge Dewey won his case in contesting for people arrested as loiterers in Boston, and may have saved some very decent citizens from trouble; but he certainly gave the practiced loafer and curstome loafer and insulter of women the best chance of their lives to make nuisances of themselves and to seriously annoy women. It is a pity that a condition like that portrayed in Boston newspapers as a consequence of the Dewey cases should be possible in a civilized community.—Brooklyn Enterprise."

"The hearing on the attempt to change the libel law, which was had at the State House last week, brought out the fact that Representative Bennett is using his public position for his own private benefit. No one appeared asking that the libel law be changed except Mr. Bennett, and it was intimated that his suits at law, in which he has not yet prevailed, might be favorably affected could he induce the Legislature to amend the law. The press of the Commonwealth is united in opposition. The present law was adopted largely through the efforts of the newspaper guild, the members of which felt that under the old law they were put to great disadvantage. To overthrow is simply to enable a member of the law-making body to achieve a personal end and would be a confession that legislation for the good of all is secondary to the advantage of one. We do not believe that the members of the General Court will put themselves in any such false attitude.—Lynn Item."

Barre a License City.
Barre, Vt., voted for license 978 to 350. Dr. J. Henry Jackson was elected mayor, receiving 617 votes to 349 for the Socialistic candidate.

STOLEN LOVE.

Brockton Woman Sues a Quincy Woman.

Claims \$10,000.00 as Damages.

For Alienation of Affection of Her Husband.

A Brockton dispatch of Tuesday to the Herald says: A suit for \$10,000 has been brought by Mrs. Alice M. Abbott of Wales avenue, Brockton, against Mrs. Lillian I. Littlefield of Quincy, for alleged alienation of the affections of her husband, William A. Abbott. The papers were served on the defendant at Quincy today by Deputy Sheriff Wentworth of Cohasset. The attorneys for the plaintiff are Mottau & McCarthy of this city.

The plaintiff alleges that Mrs. Littlefield left her husband and went to live with her mother, Mrs. Julia Kimball of Avon, about three years ago, and that Abbott went to board with Mrs. Kimball about the same time.

Mrs. Abbott conducts a boarding house in Brockton and supports her three children. She says she lived with her husband until three years ago, when he went to board with Mrs. Kimball. She will attempt to show that Mrs. Littlefield recently came into considerable property.

When seen at her home last evening by the Herald, Mrs. Littlefield said: "This is a matter for my lawyer to talk about."

At the mention of Mrs. Abbott's name she said: "I want to say that the allegations by her are false." She refused to admit or deny that papers had been served on her by Sheriff Wentworth.

Mr. Abbott was found at the same house. He, too, seemed not disposed to converse about the suit. However, he pleaded ignorance on the serving of legal papers. "You ask me if they have been served?" he said. "No, not as far as I know of."

Abbott is a man in the forties. Mrs. Littlefield is 30 years old, a brunette and very good looking. Her mother, Mrs. Kimball, was killed by an electric car in Quincy last May.

Mr. Abbott and Mrs. Littlefield have lived in Quincy in the same house for two years or more, first on Bigelow street, but now on Bridge street. Mr. Abbott has during this time been a motorman on the street railway.

Found Dead.

The Globe reports that Mrs. George W. White, who was known as Mrs. Mabel Broughton and also as Mabel Burns, was found dead in a room at 199 Harrison avenue Monday afternoon. Her husband is a stonecutter and works at Amesbury. A message was sent to him Tuesday, and he arrived in the afternoon to take charge of the remains. She leaves two daughters.

The family formerly lived in Quincy, but was broken up a year or two ago on account, it is said, of the mother's habits. Dr. C. P. Sylvester, who viewed Mrs. White's body shortly after death, said that she died of rheumatism of the heart. Because of the sudden death there was a rumor of suspicious circumstances, which caused Capt. Cain of station 4 to make a careful examination. He found no basis for the rumor.

Mrs. White, who was the daughter of Mrs. Thomas Phelan of 11 Phipps street, had a police record in Quincy.

A Card.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

STATE HOUSE, Boston, Feb. 24, 1903.
THE Committee on Metropolitan Affairs will give a hearing to parties interested in House Bill No. 614, a message from his excellency Governor John L. Bates, in regard to a communication addressed to him by the Boston Transit Commission relative to the construction of a tunnel or tunnels from a point on or near Hanover street, in the city of Boston to a point between called East Boston, as provided for by chapter five hundred of the acts of the year 1897, at room No. 436, State House, on THURSDAY, March 5th, at 10:45 o'clock, A. M.
THOMAS F. PORTER, Chairman.
CHARLES F. WILDES,
Clerk of the Committee.

WAGE SCHEDULE.

Is Now at Work on Street Railway and Generally Satisfactory.

The new scale of wages that went into effect on the street railway Sunday is received with satisfaction by the larger part of the employees. Not only because it increases their wages, but because by it the company recognizes merit and appreciates it.

Heretofore the life of a railroad employee has generally been unsatisfactory, for they had but little to look forward to in the way of advancement.

Now when a man enters the employ of the company, he sees before him a graduated scale of advancement. A something to look forward to, knowing that as he perfects himself in his chosen line of employment, that his efforts will be rewarded by an increase in pay.

There are however, as might be expected, some who are not satisfied. They are chiefly among those who have been employed by the company but a few months. They feel that they are just as competent as a man who has run on a car for years, and that their pay should be as great as the old man.

It does not require any railroad official to inform a passenger whether the motorman who runs the car has had years or months of experience. A new man will start or stop the car with a jerk that almost throws one off his seat, while the old man causes the car to move forward or stop with an ease that is scarcely perceptible.

Aside from the nerves of the passenger, that are kept on a keen edge by the new man, the wear and tear of the machinery amounts to quite a sum. Then, again, accidents as a rule occur to cars, whose crew have not by years of service become cool headed under all circumstances, but by men who lose their head and thus lose control of the car and place the lives of the passengers in jeopardy.

It was for these reasons that the sliding scale of the wages was adopted, for the company recognized that the longer a man was employed, the less wear and tear there was to the machinery as well as less liability of accident.

Some of the dissatisfied men, however, do not look at it in this light, but are trying to stir up strife by telling the old men that it is simply a scheme to get rid of them. Anyone however with ordinary reasoning power can readily see that such is not the case, and that it is for the company's interest to have experienced men, and that the extra wages paid the old men is more than made good to them by the saving in machinery and accidents.

Supt. Reynolds, when interviewed, said that the new schedule was not a new scheme adopted in an emergency, but one that had been under consideration for several months, and that as for discharging old men, when they reached the maximum wage, it was the company's desire to retain its old men just as long as they possibly could.

FIVE BATTLESHIPS.

No New Cruisers Will be Ordered by Congress.

The conferees of the two houses on the naval appropriation bill reached an agreement last night, says a Washington dispatch to the Herald. The Senate surrendered on the principal item of disagreement, the amendment relating to the increase of the navy.

The provision as agreed upon provides for three battleships of 16,000 tons displacement, and two battleships of 13,000 tons displacement, and entirely eliminates the provision for cruisers.

The House conferees insisted on the provision in the House bill for three large battleships and one large cruiser, while the Senate conferees were equally insistent on the retention of the Senate amendment providing for smaller warships. The effect of the agreement is that the House program is accepted, except that two 13,000-ton battleships are substituted for one cruiser.

It is provided that the ships authorized may be built by contract or at the navy yards, and shall be built at the navy yards if it is found that a combination of ship builders exists.

Morrill's Tree Ink.

Those who have nice trees should now protect them for the next few weeks. The frost is out of the ground and the grubs have commenced to crawl up the trunks of the trees. A little ink used now will catch hundreds of the millers and save your trees from the destructive work of the canker worms.

THE SALE OF LIQUOR

Favored by Eight of Fourteen Counties in Vermont

OVER EIGHTY COMMUNITIES

Will Have Legitimate Barrooms, Beginning With First of April, After Half a Century of Prohibition—Dry Towns Expected to Change

White River Junction, Vt., March 4.—More Vermont cities and towns, at their annual elections yesterday, voted in favor of selling intoxicating liquor than favored the change from prohibition to high license in the general vote last month, while in those communities still opposed to the traffic the majorities were as a rule decidedly reduced. Of the 221 cities and towns \$3, or about 40 percent, voted yes, compared with 30 percent last month.

The state, after 50 years of prohibition, decided a month ago yesterday to permit the cities and towns to decide the question of granting the sale of liquor, restricted by high license. The majority at that time was about 1000 in a total vote of 60,000, and from the result it was believed that the state might possibly return to prohibition inside of the next two or three years.

But from the vote yesterday it appears that there is a more decided sentiment throughout the state in favor of liquor selling than a month ago, which is particularly encouraging to the high license advocates, especially as very little campaigning was done by that side, compared with the work previous to the vote. On the other hand, the prohibitionists have kept up the fight, with meetings, speakers from out of the state and thousands of circulars.

The increase of what is generally known as the high license vote and the decrease in that for prohibition reversed yesterday the attitude of the different counties. Last month they stood eight to six in favor of prohibition, while yesterday eight favored high license and six prohibition. The changes were in Essex and Windham. Caledonia county was the only one in the state that remained firm for prohibition, not a single town wavering, while, on the other hand, in Rutland county, which last month led the high license column, the prohibition ranks gained five towns, more than in any other county in the state.

Although \$3 cities and towns voted in favor of license it will not be until after April 1 that the selling of liquor will actually begin. In the meantime the state will undoubtedly be drier than ever before in its history, for all the so-called town agencies were abandoned yesterday.

Towns that voted no license yesterday will also be very dry, and it is expected that this will prove an added incentive to changing their attitude next year.

Outside of the interest in the liquor vote, there were several warm party contests in the different cities. In Burlington Mayor Hawley was re-elected over John E. Burke, the Democratic and labor candidate, by a margin of three votes. There was a four-sided contest in Montpelier which was won by F. M. Corry. In St. Albans Mayor Powers was re-elected and in Rutland a similar favor was extended to Mayor Temple.

As usual, there was little politics in any of the little town meetings, the voters as a rule attending strictly to the business of starting the town government for the ensuing year. That nearly all the meetings were well attended was undoubtedly due to the superb weather, which enabled the country voters to reach the town without difficulty.

The total vote by counties on the liquor question, with 25 towns missing, was as follows:

County	No.	Yes.
Addison	211	1375
Bennington	809	8899
Caledonia	1323	2448
Chittenden	3323	1685
Essex	593	444
Franklin	285	1644
Grand Isle	274	318
Lamoille	161	1113
Orange	1919	1639
Orleans	881	2191
Rutland	4845	2578
Washington	2088	1996
Windham	2203	2021
Windsor	2648	2012

Coming East For Robbers

St. Louis, March 4.—Provided with requisition papers from Governor Dockery, Sheriff Burch has departed for Hartford to bring back William Rudolph and Fred Lewis, who are said to have robbed the bank at Union and killed Detective Schumacher.

Wanted Employers to Collect Dues
New Britain, Conn., March 4.—The molders in the foundry of Russell & Erwin, numbering 50, struck yesterday because the company refused to collect the dues of a delinquent member of the Molders' union.

William to Visit Christian

Copenhagen, March 4.—It is now decided that the German emperor will pay a visit to King Christian here. He probably will arrive before April 8, which is King Christian's 85th birthday.

Mail Carrier Killed

Farmington, Me., March 4.—Isaac S. Jacobs, a carrier on the rural free delivery, was thrown out of his vehicle yesterday and killed. He was 76 years old.

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

Fair today.
And fair tomorrow.

Probate court was held today at Dedham.

Club whist tournament of the Granite City club tonight.

A beautiful spring day and it is hoped that there will be more of them.

C. H. Tower of Howard street gives good satisfaction in upholstering furniture.

The B. T. club meets at Mrs. Gould's at Wollaston Park on Thursday afternoon.

Mrs. Thomas Phelan of Phipps street was notified on Tuesday of the death of her son John in Maine.

Mrs. Clara Eldridge of South Framington is the guest of Mr. and Mrs. A. E. Linnell at Wollaston Park.

The Quincy Point Young Men's club held their regular meeting Monday evening. Much interest was manifest and twenty new members were added.

Mrs. James Mears who makes her home with her daughter, Mrs. George N. Nash on Upland road will reach her 82d birthday on Thursday and will receive her friends.

At the meeting of the Wollaston Yacht club Tuesday evening, Commodore Wiley announced his committees for the year and some minor amendments of the bylaws were made.

The Mother's meeting of the ladies of Bethany church is being held this afternoon with Mrs. E. W. Sheppard, the president, of Greenleaf street. Papers will be read by Mrs. A. W. Ryder, Mrs. J. P. Sears, Mrs. E. E. Miller and Mrs. J. W. Young.

W. R. Lofgren has been incapacitated from work since he was struck by the snowslide from the Adams building last week Friday. The injuries were on the head and shoulders and he has had a physician twice a day. He was out a brief time on Monday.

Mr. and Mrs. Major Dorley entertained the Jolly Sixteen whist club at their home on River street Tuesday evening. Prizes were taken by Mrs. Frank Stoddard, picture; Mrs. Gomez, china fruit dish; Mr. Merritt, half dozen frappe glasses; Mr. Phelan, glass pitcher. Lunch was served during the evening.

K. of C. Open Meeting.

Quincy Council, No. 90, Knights of Columbus held an open meeting at Colonial hall Tuesday evening. The object of the meeting, which was very largely attended, was to create a renewed interest in the order. In this it succeeded, for as a result a number of applications for membership were received.

There were a number of state officers of the order present, among whom were Rev. James N. Sipple, state chaplain; Joseph C. Pellett, state deputy; Hon. William S. McNary of the National Board of Directors, and William J. O'Brien, state secretary. Addresses on the aims and objects of the order were made by each of these gentlemen.

During the evening there were vocal selections, readings and piano solos by members of the Quincy council. Refreshments were served.

Music and Whist.

The Merrymonth Whist Club was entertained by Miss Ethelyn Jameson of 78 Putnam street, Tuesday evening. Among those present were Mr. and Mrs. G. Taylor, Mr. Isaac and Mrs. Isaac, Miss Carr, Miss Guild, Miss Sampson, Miss Geeson, Mr. Thompson, Mr. Blake, Mr. C. Hardwick and Mr. Hughes of this city. Miss Waddington of Cambridge and Mr. Robertson and Mr. Babcock of Boston. Vocal and instrumental music was furnished during the evening by Miss Grace Isaac and Miss Waddington. The first prize was won by Miss Florence Carr.

Pennies are legal tender to the amount of 25 cents. Payment tendered in pennies in larger quantities can be refused without impairing the legal standing of the creditor.

Peptiron

The New Iron Tonic
Cures all nervous affections and conditions,—neurasthenia (nervous weakness), neuralgia, hysteria, and sleeplessness; tones the stomach, promotes digestion, perfects nutrition, cures all forms of anemia, and gives

A Good Healthy Color to the lips, cheeks and ears.

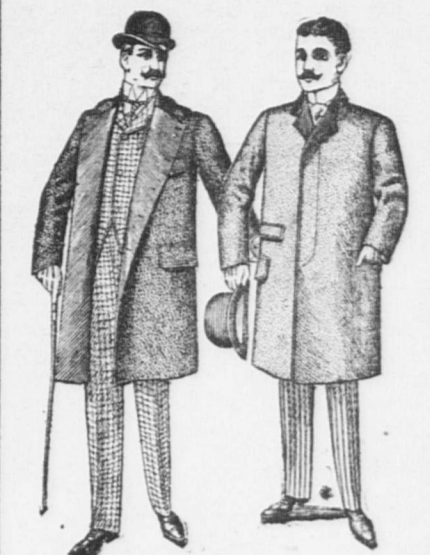

It relieves those vague, transitory feelings of weakness and unrest which are the precursors of serious troubles. Peptiron is both medicine and food for the nerves and brain; agreeable to the taste, acceptable to the stomach, readily assimilated by the most delicate system.

Peptiron is made in two forms: In a liquid—aromatic cordial elixir at \$1 per bottle, also in chocolate-coated pills at 50c. or \$1 per box. By C. L. HOOD CO., proprietors Hood's Sarsaparilla, Lowell, Mass., U. S. A.

Commonwealth of Massachusetts.

COURT OF LAND REGISTRATION.

TO HARRY H. ROGERS of Brookline, Michael Cook, Thomas A. Porter of Quincy, in the County of Norfolk, Josiah N. French of Cambridge, in the County of Middlesex, Mary F. Whitney of Malden, and Mabel C. Swift of Abol in the County of Worcester, all in said Commonwealth, Edna F. Wooley of St. Louis in the State of Missouri, and the heirs, devisees or legal representatives of Walcott A. Richards and Josiah W. Foster, late of Boston in the County of Suffolk and said Commonwealth, deceased, and of all whom they may concern;

Whereas, a petition has been presented to said Court by Gilbert F. Ordway of Boston in the County of Suffolk and said Commonwealth, to register and confirm his title in the following-mentioned land:

A certain parcel of land situate in said Quincy, being lot numbered forty-eight (48) on a plan of the "Greenleaf Estate" so called, and bounded as follows:—Northernly on Greenleaf estate there measuring eighty-five (85) feet; easterly on a lot numbered forty-nine (49) there measuring one hundred and twenty (120) feet; westerly on lot numbered forty-one (41) there measuring eighty-five (85) feet; and westerly on lot numbered forty-seven (47) there measuring one hundred and twenty-five (125) feet, containing 10,200 square feet of land.

You are hereby cited to appear at the Court of Land Registration, to be held at Boston, in said County of Suffolk on the Twenty-third day of April, A. D. 1903, at ten o'clock in the forenoon, to show cause, if any you have, why the prayer of said petition should not be granted. And if you do appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, LEONARD A. JONES, Esquire, Judge of said Court this Twenty-eighth day of February, in the year nineteen hundred and three. Attest with Seal of said Court.

THE SHEPPARDS WILL FIGHT.

Claim That Mayor Bryant Has Greatly Injured Their Business.

Alfred P. Worthen, Esq., counsel for Joel F. Sheppard & Sons, coal dealers of Quincy and Braintree, who have sued Mayor Charles M. Bryant of Quincy for slander, filed at Dedham on Tuesday with the Clerk of Courts for Norfolk county, a declaration including five counts and covering over twenty-five type-written sheets.

The case was brought because of statements made by Mr. Bryant in his direct examination before the Committee of the Legislature which is now investigating the coal problems in Massachusetts.

One of the counts alleges that the business of J. F. Sheppard & Sons was greatly injured because of the statement that the firm sold coal at excessive and prohibitive prices.

Another count is the allegation that the city was in the hands of a combination that raised the price of coal, and dictated how it should be sold.

The plaintiffs say the allegations are false and malicious.

STUFFED BLACK BEARS.

The Reason They Are Used as Signs by the Furriers.

The man who comes to New York only once in ten years said he could not understand why the bears in Central park seemed so much more common than the rest of the animals, but after he had traveled about town for several days he saw through it. It was because 99 per cent of the furriers in town have chosen a big black bear for an advertising sign. Why the other animals in the zoo should be so discriminated against puzzled the man not a little. One day he asked a furrier about it.

"It is because the bears last longer than anything else," said the furrier. "Of all the animals in New York I don't know of any that have a harder time than those that stand outside furriers' stores winter and summer and try to drum up trade for their employers. It doesn't make any difference what kind of weather comes along, whether it blows hot or cold, those fellows have to stand at their post and swelter or freeze, as the case may be. Naturally all those changes are pretty hard on their hide, and none but bears can stand the strain. Some furriers have tried the fox, the lynx and other animals, but they have mostly come back to the bear as the most satisfactory of the lot. They cost more too. A good stuffed bear comes as high as \$75, but if he is treated well he will last for twenty-five years, so that brings him down to a comparatively low price after all."

Charles A. Dana's Logic.

They told a good story of Charles A. Dana—how Dana once summoned a boy reporter and said, "Tomorrow you write up the yacht race."

"But," said the lad, "I don't know how. I'm a Nebraska. I only came here last night, sir, and I haven't so much as seen New York harbor yet. As for yachts—why, I never saw a yacht in my life."

"Just the reason I sent for you, my boy! You'll write a story that people can read; you'll picture the thing; you'll write with enthusiasm because it's all new to you."

Same logic! The poetry of the sea has always been written by landsmen; it always will be. The barrack room ballads are best sung by a gentle civilian. The inside of anything is clearest seen by an erstwhile outsider. Mr. Bryce, not Mr. Lodge, writes "The American Commonwealth." Emerson, not Carlyle, writes "English Traits."—Rollin Lynde Hart in Atlantic.

Why He Should Learn Spanish.

One of the most brilliant series of the Gobelin tapestries represents the surprising adventures of Don Quixote. Louis XV. had a great affection for the doughty cavalier. One day he said to a great gentleman of his court: "Do you know Spanish?"

"No, sir," said the other. "Ah, it is a great pity."

The seigneur, thinking, at the least, the king was going to offer him the ambassadorship at Madrid, put him, in a magnificent zeal to the mastery of Spanish. In a few weeks he came back to his royal master and, with a conqueror's air, said: "Your majesty, I have learned Spanish."

"My compliments," said Louis. "Read 'Don Quixote' in Spanish. It is much funnier than in French."

Not the Usual Result.

"How can you afford to give away these salt pickles with your meals?" asked the man who dined cheaply at the little German restaurant around the corner.

"Ah, but you forget they make the awful thirst," said the proprietor. "The awful thirst makes trade for the bar. It is not the clever idea?"

"They certainly do make one thirsty," said the man at the table. "I feel those I've eaten already. Bring me—"

The proprietor's face was a study in expectancy. "Bring me another glass of water!"—New York Tribune.

Stated a Fact.

A clergyman highly esteemed for his many excellent qualities, of which one was not one, has recently had placed in his church by his loving congregation a new pulpit. It is a fine piece of work, ornate with carving and artistic embellishment. But the text inscribed on it, considering the effect of the good rector's sermons, might have been more happily chosen. "He giveth his beloved sleep," it runs.

DIED.

THOMPSON—In Holbrook, March 2, Mrs. Nellie Thompson, wife of Mr. Isaac C. Thompson, aged 83 years, 11 months, 28 days.

FOR AID OF WRECK VICTIMS

Mrs. Ballington Booth Suggests That Trains Carry Anesthetics.

Moved by descriptions of the sufferings endured by victims of recent railroad wrecks, Mrs. Maude Ballington Booth has sent letters to the presidents of leading railroads in the United States recommending that trains be equipped with anesthetics, to be used in rendering unconscious the dying or injured passengers pined underneath the wreckage of cars.

This plan, Mrs. Booth says, is not the idle suggestion of a moment, but comes from one who travels a great deal and who has frequently seen unfortunate men and women imprisoned in wreckage while maimed or burning to death. She advises that every train be fitted out with ether, chloroform and stimulants, for use in emergencies, or that a case filled with them should be in the possession of every train conductor.

In view of the serious accidents which have been agitating the public," writes Mrs. Booth, "and the painful details which have aroused so much humane sympathy, I trust the suggestion contained in this letter will receive some consideration and, if found practical, may be adopted by your road. I am a very extensive traveler, spending many days and nights of every month upon the road, and therefore any question which affects the life or comfort of passengers or of the brave men ahead comes very closely home to me."

Mrs. Booth goes on to say that records and in the past many survivors of wrecks have had to witness the agony of injured victims whom they could not aid. If a dumb animal were seen in similar circumstances, she says, its life would be ended by a swift blow or a merciful shot.

"Why not," continues Mrs. Booth, "equip every train, or, better still, the conductor of each train, with a small case containing chloroform, ether, stimulants, bandages, rollers for bruises and antiseptic solutions for the washing of wounds? These could be packed in a very small case and would represent no very costly outlay."

MORGAN'S NEW LIBRARY.

Building to Be Erected in Rear of Banker's New York Home.

J. Pierpont Morgan's private library and art gallery to be erected in the rear of his Madison avenue and East Thirty-sixth street home, in New York, will be the largest in the country. The architects, McKim, Mead & White, stated that the plans had not been completed, but the understanding is that it is Mr. Morgan's purpose to have the structure built with as little inconvenience as possible to his neighbors and not have it dwarf the city war by.

The cost of the structure is to be \$600,000, says the New York Commercial Advertiser.

The plans in the bureau of buildings are for a two story structure, with a frontage of 152 feet on Thirty-sixth street and lawn space in front. It is to be in the shape of a T, the central section to be 73.5 feet in depth. The two wings are to be about forty feet each. The foundation is on bedrock at seven feet below the ground level. The foundations are of rock, and the supporting walls are to be of brick.

There is to be a main hall, with the bookshelves along the wall, and several mezzanine floors that are not to extend the length of the building or the wings, but are to afford room for reading in alcoves. The plans call for a building as fireproof as can be, as thousands of books and manuscripts are to be stored.

Mortgages' Sale of Real Estate.

BY Virtue of a power of sale contained in a certain mortgage deed given by Ann Sullivan to Charles C. Barton and Harry N. Squires, Trustees of the Manet Land Associates under an Indenture of Trust, dated June 10, 1880, and recorded with the County of Norfolk, D. C., Page 571, said mortgage deed being dated August 7, 1901, and recorded with Norfolk Deeds, Lib. 393, Page 422, for breach of the conditions thereof and for the purpose of foreclosing the same, will be sold at public auction on the premises hereinafter described on SATURDAY, March 28, 1903, at two o'clock P. M., all and singular the following premises as described in said mortgage deed:

"Certain parcels of land situated in Quincy, in the County of Norfolk, and said Commonwealth, comprising the lots numbered D. E., G. H., and I. in Section Two (2) as shown on the plan of Sea Shore Lots at Houghs Neck, Quincy, Mass., H. T. Whitman, Surveyor, owned by the Manet Land Associates, recorded Norfolk Deeds at the end of Book 608 and on Corrected Plan of Subdivision of Lots 129 and 140, Sec. 2, owned by Manet Land Associates, recorded with Norfolk Deeds at end of Book 892. Lots D and E are bounded northerly by Quincy Bay, one hundred (100) feet; easterly by lot C, one hundred and two (102) feet; southerly by a ten foot passageway, eighty (80) feet; westerly by lot F, ninety-two and 8-10 (92-8) feet and containing eighty-seven hundred and eighty-three (8783) square feet of land.

Lots G, H, and I are bounded northerly by said ten foot passageway about two hundred and five (205) feet; southerly by Winthrop Place, about one hundred and thirty (130) feet; southerly by lot 142, one hundred and twenty-three and 88-100 (123-88) feet; southwesterly, by lot 143, about three (3) feet, and by another ten foot passageway, about sixty eight (68) feet; containing fourteen thousand two hundred and ninety (14,290) square feet. Together with a right of way over said ten foot passageways which are to remain open and unobstructed."

Two hundred dollars (\$200) to be paid at time and place of sale, balance in ten (10) days at the office of Barton & Barton, Attorneys, 82 Devonshire street, Boston, Mass.

CHARLES C. BARTON, Trustee,
HARRY N. SQUIRES, Trustee.

March 5.

For Sale or To Let—House and Stable.

Good Afternoon.

A business man requests the Daily Ledger to urge the necessity of a LARGE freight house, now that the N. Y., N. H. & H. R. R. has decided to give Quincy increased freight facilities. Because the city has practically got along without a freight house in the past should not be an argument in favor of a small one, for there is need of a large one. There is danger that the new one will be too small unless the Mayor, the Master Builders and Traders Association and large shippers take an interest in the improvement. The new freight house should be large enough so that freight for different merchants can be put in different sections, and there should be several doors where teams can back up to load and unload freight. Quincy is growing rapidly.

To collect ashes on borrowed money grates rather harshly upon the minds of those who favor the collection of ashes and rubbish by the city. As one gentleman expressed it, Quincy needs a Gov. Bates to veto such an order. The proposition is to appropriate \$5000 for the purchase of equipment and pay the cost of collecting ashes during 1903. The equipment should require but a small proportion of the \$5,000 named in the order. It might be all right to borrow on a one-year loan for equipment, but it is bad financing to borrow on a five-year loan for maintenance of current expenses.

The collection of ashes and rubbish by the city would be a good thing, and has been advocated by several Mayors. It is something that is enjoyed by most of the cities of Massachusetts and by several of the towns whose valuations are small compared with Quincy. It promotes health and cleanliness, and makes a city more attractive. We hope the collection may be inaugurated in Quincy this year, but not upon borrowed money. What the city needs more than the collection of ashes is escape from interest.

The appropriations by the city in 1902 for interest amounted to \$67,115.08 and this was overrun. This year the estimate for interest is \$69,724.00. This is more than the cost of the new Ward Two schoolhouse, over twice the cost of the general repair of streets, and more in fact than is appropriated in the budget for the Department of Public Works which includes miscellaneous expense of highways, repair of bridges and drains, removal of snow, street watering, street lighting, edgework, sidewalks, repair of public buildings, printing, etc. We get no benefit from money expended for interest.

The city cannot expect to start in with the collection of ashes once a week. If we cannot afford to do it once a month let it be done once a quarter or twice a year. Again the collection of ashes once a month should be nearly self-supporting, as a cartload of ashes has value.

Vermont will have more wet towns than Massachusetts. Eighty-seven of them favor license.

Morrill's Tree Ink.

Those who have nice trees should now protect them for the next few weeks. The frost is out of the ground and the grubs have commenced to crawl up the trunks of the trees. A little ink used now will catch hundreds of the millers and save your trees from the destructive work of the canker worms. For sale at this office by George W. Prescott & Son.

THE ANGLO-SAXON.

Dr. Cutter Addresses the Monday Evening Club.

Rev. G. W. Cutter, D. D., of Arlington who has been for the past year or more the pastor at the Neponset Unitarian church addressed the Monday Evening club of Atlantic at its last meeting on "The English Speaking People and the World's Peace."

He cited valuable statistics showing the immense number of people who speak English already, included in England and her colonies throughout the world and in the United States.

The Anglo-Saxon was naturally an explorer and would surmount every obstacle to attain his end. He also was unsurpassed by any other nationality in his love of justice, liberty and truth and his desire to inspire others with the same and when non-Christians came to thoroughly understand him they gave him their confidence and became obedient to law, oftentimes preferring his judgment to that of one chosen from their own race.

He predicted the moral effect of the combined forces of the English speaking people when their power would be such that no nation would dare to lift an arm against them, but would be compelled to peace and there being then no need of standing armies the strength of the military nations would be turned to the development of their industries and the other arts of peace.

On account of a slight surgical operation recently undergone by Mr. Kolseth, he was unable to be present to address the club on the "Westinghouse Brake."

The musical program included:

Piano Solo, "Spinerloid"	Latoff.
Miss E. A. Holbrook.	
Song, "White swan"	Barker.
Mr. C. H. Holbrook.	
Selection from "Martha" by an orchestra of six musicians from Perkins' Institution for the Blind.	
Vocal Duet, "O tell me merry birds"	White.
Misses Rice and Trask.	
Section from "Stradella"	
Solo, "Mignon"	Guyard Harlelot.
Miss Rice.	
Mendelssohn trio for violin, violin cello and piano forte.	Pinsuti.
Solo, "Queen of the earth"	
Miss Trask.	
Solo for cello, "Nocturne"	Meinhard.
Mr. Bernard Lavin.	
Duet, "When life's dream is o'er."	
Misses Rice and Trask.	
Solo for cornet, "Cavatina"	Meyerbeer.
Mr. Charles Amadon.	
"Ravane"	Sharpe.
Orchestra.	

The music was very much enjoyed and was heartily applauded.

Mrs. Herbert Gearwar was the Music committee and Miss Louise Kolb the Social committee.

Rev. William R. Lord of Rockland is expected to address the club at its next meeting, Mar. 16, and Mr. Ralph W. Hobbs of Atlantic to read a fifteen minute paper on "My business experiences."

Returning Thanks.

The employees of the Boston & Northern street railway, which like the Old Colony street railway is controlled by the Massachusetts Electric Co., are greatly pleased with the new sliding scale of wages, which is the same as that in force in Quincy, and the employees of nearly all divisions north of Boston have sent letters to the management thanking them for the increased wages. As these letters were unsolicited and voluntary on the part of the employees they should have some weight with the employees of the Quincy division, which appears to be one of the two or three places where some dissatisfaction is expressed.

The following is a copy of one of the many letters received:

Haverhill, Mass., Feb. 16, 1903.
H. C. Page, General Superintendent,
Boston & Northern Street Railway Company, Lynn, Mass.

Dear Sir—We the undersigned, trainmen of the Haverhill Division, benefited by the new wage schedule, desire to express our thanks to you and the officers of the company for the generous increase which you have seen fit to allow us. We believe that the new schedule is liberal and just, inasmuch as it puts a premium on long and faithful service.

We will make a special effort to reduce the number of accidents and in other ways assist our local superintendent in improving the service and thus show to you our appreciation of your action.

This was signed by 84 of the employees of that division. Others received were: Nashua, N. H., division, 35 signatures; Lowell division, 89 signatures; Washington avenue car house, Chelsea, 82 signatures; North Woburn division, 48 signatures; Broadway station, Chelsea, 106 signatures; Melrose division, 67 signatures; Maplewood stable, 33 signatures; Lawrence, 56 signatures; and so on.

His First Arrest.

Frank E. Burrell, who was recently appointed to the permanent police force and assigned to the beat at Norfolk Downs, made his first arrest Wednesday evening, when he scooped in John Mahoney who had been over indulging in intoxicating liquor. The rubber tired carriage was called from its house on School street, and John was given a free ride to the station.

"SUGARING OFF."

Quincy Point to Tackle a Big Question March 16.

The newly organized Quincy Point Young Men's Club held a largely attended social and "sugaring off" in the vestry of the Washington Street Congregational church on Wednesday evening.

After a few words of welcome by President Turner of the club, Dr. Bushnell, a former resident of Vermont, gave an interesting talk on the "making of maple sugar."

After the address the audience repaired to the tables, which had previously been arranged in the vestry. Each person was given a plate of snow and a dish of hot maple sugar.

After the "sugaring off" a vocal solo entitled, "There'll never be one like you, dear," was sweetly rendered by Mr. D. J. Seward McCurdy. He was heartily encored and responded with the charming selection, "Don't be cross." Mr. Charles O'Neill was accompanist. Games and social intercourse followed the entertainment.

The club holds a debate Monday evening, March 16, on the following subject: "Resolved, that the unmarried women over thirty years of age should be taxed for the support of the unmarried men."

The club has a total membership of over forty and bids fair to largely increase.

The committee of arrangements were President L. A. Turner, Vice-President S. C. Foote, C. W. Sherburne, H. W. Titcombe and E. P. Barrows.

A Bit Historical.

Miss Baldwin's lectures reminded us of a little incident that happened in Quincy in the Uncle Tom's Cabin days that would seem incredible in 1903. One very hot noon when in 1850, Quincy streets were quiet and almost deserted at that hour, a negro came along Hancock street. He was a large framed man, of middle age, dressed comfortably, but dusty and weary. He had come from the South and was trying to get to Canada. He called at the Quincy Stone Bank which was in the house adjoining the Hancock House, now occupied by Mr. Albert Dolliver. Mr. J. C. Randall, the cashier, was a rabid abolitionist and he gave the man some money and talked to him.

The writer, a child stood by, wondering about these stations of an underground railway that could reach so far, as he heard her father direct the wayfarer to the house of Mr. George L. Gill, which was in the rear of the Savings Bank. Mr. Gill was a friend of the black man and he helped him by money and the right word so he could continue his journey in comparative safety. We watched the man cross the dusty square and we hope he reached the promised land. The way of traveling there for our dusky brother, lies along a better road now, but the passage money is still hard to get and few go over the road so safe today. A principle is established however.

When Mr. Booker Washington spoke some years since in First church the writer recalled this incident to Mr. Gill who remembered the hunted negro passing along the streets "where independence began," so many years ago.

Drift of Opinion.

One of the first acts of the Milford selectmen was to appoint as special constable a man who had just been defeated by the voters. The selectmen thought that in this case the voters made a mistake. Perhaps they did, but it is usually wise to let the people have what they vote for.—Boston Advertiser.

The Pawtucket schoolmarm who "knocked out" two overgrown pupils who attempted to make trouble for her is a graduate of Wellesley, and gave an illustration of the advantage of higher education for women acquired in that institution.—Lynn Item.

William Ordway Partridge, the noted sculptor, who created the bronze memorial statue of Rev. Adin Ballou at Hopdale, hits right at the art pretensions of Boston. Talk, shallowness and shams, in Mr. Partridge's opinion, are the leading characteristics of the Boston of today in art, literature and religion. He says: "There is no city in America where you can starve so easily in fine arts as in Boston."—Milford Journal.

Objectionable Posters.

Editors of the Ledger:
The picture of the Chinese twins on the posters scattered about town is offensive to refined people and appeals to the morbid and depraved of all classes. Is there not some one in Quincy with authority to prevent the posting of such pictures. T. W. R.

A Card.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.
E. J. MURPHY,
I. G. MURRAY,
S. F. COPELAND,
G. A. LOBBING, Wollastou.

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

A hearing will be given on the Quincy Trust petition next Wednesday.

The Quincy High school will be represented at the interscholastic games on Saturday afternoon, March 14.

Much of the large framing timber for the new block in City Square has arrived on the scene, and is being made ready.

A. A. Linscott and W. W. Mitchell secured the prizes at the Granite City club whist tournament on Wednesday evening.

The spring-like days this week have caused owners of bicycles to hunt up their wheels and many took their initial spin.

The Milton High basket ball team won its eleventh straight victory Wednesday evening defeating Somerville High 25 to 10.

This evening the St. Marys will have as rivals at basket ball the Cambridge team, and on Saturday evening the Cohasset will be here.

The games in the Norfolk County League tonight will be played at Braintree between that club and the Granite City teams of Quincy.

A Quincy woman made a disgraceful scene in Terminal station, Boston, one night recently. She was shipped home on the midnight train.

Thomas Fernald, a brother of Alfred Fernald of Nottingham, N. H., formerly of Quincy, died on Monday at Nottingham, aged 78 years.

The Quincy avenue State road has been cut up some this winter owing to the heavy teaming as all the south shore have used this street while the Quincy Point bridge was being built.

J. A. Osborne of Revere road, who has had experience with Quincy work with other firms, will reopen the plant of Tirrell & Sons on Monday for blacksmithing and wheelwright work.

Miss Eva Maxim has resigned her position at the store of George W. Jones and accepted a position as clerk in the Tax Collector's office at City Hall, which she assumed this morning.

The City Council Committee on Streets took a trip about the city Wednesday evening and viewed the locations for which street lights have been petitioned. The same committee will meet at City Hall tonight.

Grace Marie Sanborn of Coddington street entertained fourteen of her young friends Saturday afternoon, it being her seventh birthday. Games and other amusements were enjoyed and a dainty collation was served to the young folks.

Mrs. Laura A., wife of Mr. Henry B. Brown, who was for many years master of the Coddington school, died at her home on Putnam street Wednesday, after an illness of some duration, aged 65 years. In her earlier days Mrs. Brown was prominently identified with many social affairs, and at one time sang in one of the church choirs. She leaves a son besides her husband.

Iron Ships.

The first iron ship has more reputed birthplaces than Homer, says Chambers Journal. Both the Clyde and the Mersey claim preeminence in this respect. Sir E. J. Robinson of Edinburgh designed an iron vessel in 1816, which was not launched till three years later, and it is said that an iron boat was worked on the Severn even as far back as 1757. Steel was not used in the construction of the merchant ships' hull until 1859. Old salts were not alone in their belief that wood was meant by Providence to float, but iron to go to the bottom. A naval constructor of some repute once said: "Don't talk to me of iron ships. They are contrary to nature." Now none but small craft are built of wood in this country.

A. H. Beal, a native of Hingham, died in Somerville on Wednesday, aged 74 years.

Daniel O'Connell, chief of police of Hyde Park, failed of a re-appointment this year. He has been on the force for 32 years.

P. O. BUILDING.

President Signed the Bill
Yesterday.

Also a Bill for New
Battleships.

Quincy Unusually Successful In
Getting Building.

During the early stages of a movement for a Federal building in Quincy the people were told that it was usually six years after the first favorable report before a city secured a government building.

To be sure Quincy has not obtained its new government building, and it may not be occupied for two years yet, but a site has been selected and yesterday President Roosevelt signed the Public Building bill which included \$70,000 for a Federal building at Quincy.

It was less than two years ago that a favorable report was secured from a Congressional committee, recognizing the needs of a building in this city, so it looks as if Quincy would secure a building in four years, or two less time than Brockton and some other cities required.

The site selected is on Washington street, fronting the Thomas Crane public library. While a little removed from City Square it is as near the depot as most of the recent locations, and with free delivery and mail collections the location is among the best presented.

With a county building on the Temple street corner and some years hence a new Coddington school on the Coddington street corner, Quincy would have an attractive group of public buildings. The business growth of the city will probably be on Washington street toward Quincy Point.

TODAY'S COURT.

John J. Tracy was arraigned for drunkenness at Weymouth. Case continued until March 26, to enable him to pay a fine of \$5.

John Mahoney was fined \$5 for drunkenness at Quincy.

Thomas Gaffney was arraigned for keeping and exposing liquor for sale at Houghs Neck. Case continued until Friday.

—Coal is selling at Bennington, Vt., for \$7.50 per ton.

DIED.

BROWN—In Quincy, March 4, Mrs. Laura A. wife of Mr. Henry B. Brown, aged 65 years, 3 months and 27 days.

Funeral from late residence, 110 Putnam street, Saturday, March 7, at 2 P. M. Relatives and friends invited.

BLANCHIE—In Randolph, March 4, Mrs. Elizabeth, widow of Richard Blanchie of Warren street, aged 70 years.

BRENNOCK—In Cohasset, Mr. Michael N. Brennock, aged 78 years and 6 months.

If you are thinking of
BUYING A HOUSE
OR A
LOT OF LAND,
Call at 1361 Hancock street, where you can have your choice of over 100 Houses and Lots, in all parts of the city.

CITY BREVITIES.

Cloudy today.

Rainy this afternoon.

Many are giving pea coal a trial, and are pleased with it.

Is it not nearly time for the Spring poet to come forth?

The base ball season opens five weeks from next Wednesday—April 15.

Several Metropolitan parkway bills will be heard tomorrow at the State House.

The shelter which is being added to the Wollaston depot, is progressing rapidly.

Bunches of full blossomed pussy-willows are being sold in great numbers in Boston.

Captain Elisha D. Atkins, of Bromfield street, Wollaston Park, sails this morning for Newport News, where he will lead for Port Tampa, Florida.

Mrs. J. Boles of Beach street, has today moved her household goods from her former residence, with the intention of making her future home with her daughter.

As if in evidence of the nearness of spring, the small boys have commenced burning over the vacant lots, and in many places, people are trying to clear up lots in the vicinity of their houses which have been used by the careless for public dumps. If the same "careless" would afterward be more careful how much better the lots would look.

Memorial Day Work.

Business has begun to look up a little in the granite line, and with a peaceful settlement of the differences with the men, the manufacturers look for a good season. Competition is sharp, however, and the profits will be correspondingly small. Many of the manufacturers have already booked quite a lot of spring work, and, although the orders as a rule are for medium sized-work, there are some good-sized jobs being cut. Work has already been commenced getting out Memorial Day orders, and from now on a scene of activity may be expected in the granite district.

Had Been Published Since 1873
Berlin, March 5.—The Frankfurter Journal, one of the oldest newspapers in Germany, has suspended publication. Its age is not known, but the paper was first mentioned in 1873.

To Hunt For Missing Schooner
Halifax, March 5.—Steamer Lady Laurier sailed for Sable Island yesterday afternoon to land supplies and to search for the missing Gloucester schooner Annie M. Wesley.

NEWS IN BRIEF

The Kansas legislature adopted a resolution to place a bust of John J. Ingalls in the historical gallery of the Capitol at Washington.

Joseph H. Shorthouse, author of "John Ingalls" and other novels, died at London, aged 65.

A syndicate of English capitalists is seeking to acquire coal fields in the Danville section of Illinois, with the idea of shipping much of the coal to England.

A resolution was adopted by the Missouri legislature congratulating George G. Vest on his retirement from the United States senate after an untarnished and brilliant career in that body and welcoming him back to Missouri.

James Robinson, trainer of Princeton's football, baseball and track athletes, has signed a contract with the University Track association for another year.

Lost Child by Choking

New York, March 5.—While trying to swallow a small piece of hazelnut given her by her mother, Annie Vorzik, 2 years old, choked to death yesterday in her mother's arms as the agonized woman was rushing through the street to a physician. The little girl was the last of three children in the family, all of them having died since last Christmas.

Bay State Law as Example

Albany, March 5.—The legislature yesterday received a petition signed by 500 members of the New York State Bar association that the ballot law of Massachusetts be adopted by New York state.

Wanted to "Spot" Fortifications

Aden, Arabia, March 5.—A Russian engineer has been arrested here for attempting to enter the British fortifications. Two Russian cruisers have arrived at Aden.

Has Another Year to Serve

London, March 5.—With reference to the reports regarding an impending release of Mrs. Florence Maybrick, it is stated here that, according to customary usage in the case of prisoners of good behavior, she would be liberated in April, 1904.

—Middleboro is the fourth town in area in Massachusetts. Plymouth is the largest in size, Dartmouth is second and Barnstable third in size.

Easy to Take
Easy to Operate

Hood's Pills

Team A Won.

Teams A and B of the Merrymount club, bowled a match game at candle pins Wednesday evening. Team A won the first and last strings and on the totals.

The bowling on the first string was rather close Team A, winning by only five pins.

On the second string Team B braced up and won out by fourteen pins which gave them a lead of nine pins.

Things were becoming interested. Team A took off their coats and went at it in earnest with the result that they won the last string by twenty-two pins or a total lead of thirteen pins.

The total scores were: Team A, 1178; Team B, 1165. Bowler was high man on singles with 92 and on three string totals with 207.

SLOW BUT SURE

Was all right for David Crockett
but for the

Modern House Hunter

It is a terribly expensive disease.

Perhaps you think that by waiting and watching you can find something that a half hundred others have overlooked, but just consider these facts:

The best lots are going fast and only a limited number of desirable ones are left.

If you buy now you get the benefit of increased value.

The demand for first class improved properties will be greater this year than ever before.

I can offer you better locations and better inducements than any other dealer in town.

Some one is going to get left. Don't be that one.

Seven houses built and sold in one neighborhood in 1902.

Orders for two houses for 1903 already placed. Nos. 3 to 20 still open.

OFFICIALS WEAVING WEB

Feel Sure That They Know Who Murdered Burdick

MRS PAINE'S STATEMENT

Talked With Burdick Over Telephone the Day Before He Was Slain—Makes Absolute Denial of Possessing Any Knowledge as to Perpetrator

Buffalo, March 6.—"Our case has not been weakened in any way; it has not been strengthened. That I regard as a good sign."

These words, uttered by District Attorney Coadsworth when he left his office yesterday afternoon after another day of probing in the Burdick murder mystery, briefly summarizes the situation. The woman suspected of the murder of Edwin L. Burdick is under the watchful eyes of some of the most efficient detectives in the city. She cannot escape. When the authorities are satisfied that they have sufficient evidence to convict she will be placed under arrest. Consequently, they can continue the work of weaving a web of evidence about the person whom they believe to be guilty and at the same time not ruin the chances of conviction by a hasty move.

Mrs. Seth T. Paine of 492 Elmwood avenue, whose picture was found in Burdick's den, has made a statement. Her name has frequently been used in connection with the investigation of the murder. Her home has been searched and she has been questioned by the authorities. While in Mr. Coadsworth's office the cabman who met a lone woman on Ashland avenue on the night of the murder was taken into the room.

Mrs. Paine said: "I know absolutely nothing of the murder of Mr. Burdick. I have no idea who committed it. I have no theory as to who did it or how it was done. My maiden name was Gertrude Barnard. I am 29 years old. I came from Albion, Orleans county. My father was an Episcopal minister. Later I moved to North Tonawanda. At that time Dr. Paine was not a dentist, but was working in Tonawanda. We were married. Since then he became a dentist and now practices in Batavia, coming home usually at least once a week. We have one child, a girl of 7 years. She is now living with me.

"Both my husband and I know the Burdicks. We also know the Pennells and the Warrens. I know nothing of the divorce actions of Mr. and Mrs. Burdick. My name has not appeared as a co-respondent in any action for divorce by Mrs. Burdick against Mr. Burdick. There is no reason whatever why it should. My husband and I have visited or called on the Burdicks and they have called on us. I do not recall having called on them without my husband and I am positive I never called alone on Mr. Burdick at his house. For the past two years I do not think Dr. Paine and I have called regularly on the Burdicks.

"The last time I talked with Mr. Burdick was last Thursday (the day before the murder). It was over the telephone. On Wednesday night he called up on the telephone and asked me about a matter that was purely social and did not relate any way to an appointment. I told him I would let him know the next day and on Thursday I did call him up on the telephone. This was shortly after noon, I think. We had a brief conversation and that was the last time I talked with him. I did not see him thereafter.

"On Thursday evening I had dinner as usual at my home between 6 and 7 o'clock. I did not go out of the house after dinner. Some people live in the house with us. One of them is the young woman named Mrs. Mary Cunningham. She had a caller on Thursday evening. After dinner I went up to her room, knocking on the door and at that time she and her caller were sitting chatting. After leaving them I went to my room. Before retiring I sat for about 10 minutes with my little girl while she played and sewed on a blackboard. Then she went to bed and soon afterward I retired.

"I positively deny I was out of my house between dinner on Thursday night and breakfast on Friday. Except those in my house no one saw me and I saw no one."

All of Mrs. Paine's statements regarding her movements have been corroborated by Mrs. Cunningham.

Owing to the severe strain upon her during the last few days, Mrs. Paine yesterday retained Philip V. Fennelly, a lawyer. He is well acquainted with Mrs. Paine and says that the police have erred in attaching so much importance to her acquaintance with Burdick.

"If it is a billious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all druggists."

WHOLESALE SLAUGHTER

Is to Be Planned Under Direction of Dowager Empress of China
Victoria, B. C., March 6.—According to advices received from Peking an outbreak, and with it a carnival of murder exceeding the boxer outbreak, is regarded by many as imminent. Correspondents of Chinese papers at Peking are sending columns telling of the duplicity of the empress dowager and of threatened outbreaks.

The North China Daily News, one of the best informed journals of the east, has received advices that the empress dowager and Yung Lu, the grand chancellor, are known to be aiding the movement of Tung Fu Hsiang in Kansu, and, on the authority of a Chinese "of high literary rank" at Peking, a Shanghai paper says that while the empress dowager is issuing edicts commanding reforms on western lines and pretending to initiate reform, she is secretly sending instructions to viceroys and governors prohibiting the inauguration of foreign methods in their jurisdiction.

The empress is also said to be sending notifications to some viceroys that Tung Fu Hsiang is to be aided in marching his army to Peking to escort Pu Chun, son of Prince Chun and ex-her apparent, to the throne. On their arrival Kwong Hsu, the present emperor, is to be made away with, says the Chinese correspondent. The representatives of the various foreign powers and all foreigners in the capital as well as in the provinces are to meet the same fate without distinction.

Big Strike Is On

Schenectady, N. Y., March 6.—The beginning of the threatened building trades tie-up took place yesterday when a large force of lathers struck. It is expected that all other lathers in the city will go out today. The cause of the strike was the refusal of the employers to consent to a new scale of wages, giving the men 55 cents an hour instead of 40. The Carpenters' union has demanded a raise from 35 cents to 50 cents an hour, to take effect on April 1, and this demand has also been refused. The strike will involve 3000 men.

Noted Evangelist Stricken Blind

Newcastle, Pa., March 6.—Charles C. Sankey of this city was just received word that his cousin, Ira D. Sankey, has been stricken blind at his home in Brooklyn. Mr. Sankey was born and reared here and is well known. The trouble came from a cold which settled in his eyes. Mr. Sankey is known the world-over as a composer of religious songs.

American Capital in Manila

Manila, March 6.—An American syndicate, headed by Charles Swift, were the only bidders for the Manila street railroad franchise. The German bidders withdrew. The Swift syndicate offers the government a 40th part of the gross earnings, which will probably be accepted.

Lieutenant Beat His Soldiers

Berlin, March 6.—Lieutenant Steffens has been sentenced by a court martial at Koenigsberg to three months' imprisonment in a fortress for ill-treating privates. One hundred and eighteen charges were brought against Steffens, 25 of which were of beating soldiers with his sword.

A Race Question Proposition

Madison, Wis., March 6.—Senator Hatten yesterday presented a resolution to the legislature requesting the governor to call upon governors of other states to appoint 10 delegates each to a convention to be held in Atlanta, commencing July 4, to consider the race question.

American Trust Abroad

Berlin, March 6.—The Fleischer Zeitung (organ of the butchers) says: The London branch of the American Packers' trust is making efforts to acquire oleomargarine factories in Germany and Holland. Several of the largest factories are already in the hands of the trust.

Terrible Leap to Death

Pittsburg, March 6.—Hugh Dixon, aged 70, committed suicide yesterday by jumping from the Forward avenue bridge to the ground below, a distance of 135 feet. Nearly every bone in his body was broken.

Preferred Death to Capture

Henderson, Ky., March 6.—Allan Melton, a well-to-do farmer, who fell tally wounded his daughter and shot Mrs. John Culver, committed suicide yesterday in a barn when he found the building surrounded by bloodhounds which had been sent in pursuit of him.

Long Service Men Returning

Manila, March 6.—The U. S. transport Manila sailed for home today, taking two batteries of four companies of artillery, the first long service troops returning. Sixty of the artillerymen expressed their desire to remain in the islands.

Moroccan Reports Untrustworthy

Madrid, March 6.—There are contradictory reports regarding the fighting in Morocco, the official dispatches insisting that the sultan was victorious. There have apparently been two battles, neither of which was decisive.

Unwelcome Guests Leave Venezuela

Caracas, March 6.—The British cruiser Pallas, the last representative of the allied naval forces in Venezuelan waters, left La Guaira yesterday afternoon.

MRS CATT'S ARGUMENT

For Enfranchisement of New Hampshire Women

THE CORRUPTION OF VOTERS

She Declares to Be Common Knowledge—Says Enforcement of Bribery Laws Would Place Ten Thousand Men in the Penitentiary

Concord, N. H., March 6.—Advocates of the adoption of the constitutional amendment extending the right of general suffrage to women filed representatives' hall at the state house last night and listened to replies by their champions to the arguments on the other side advanced at the meeting of Wednesday night.

Mrs. Carrie C. Catt of New York, president of the National Woman's Suffrage association, said in reference to her speech of last Saturday at Dover:

"I may have been indiscreet in saying anything in a public speech which could be distorted in the statements which have been made concerning what I said. What I did say was this: 'An organized, definite system of corruption of voters exists in New Hampshire. No one denies it. It is common knowledge. I have been able to accumulate, within the time I have remained in the state, testimony enough to keep a grand jury busy for a year if it would honestly sift it. If this testimony proves to be worthy and true, and it is commonly reported it is, and the bribery laws were enforced, there would be 10,000 voters in the penitentiary. These are not men of intelligence as a general rule, but are men who are bought and sold to control elections. I have found men of the state full of regret at this condition and deprecating it as honest men should.'"

"I pointed out that while it was commonly reported that the legislature of New Hampshire was for sale, there was no reason for this statement whatever. I said that the legislature consisted of a majority of honorable, incorruptible men, but probably a little minority might be purchasable, and when the honorable majority divide, as they naturally will over some questions which come before them, the little minority proves the balance of power to turn that legislature for or against anything the corrupting influences wish. What is true in the legislature may be true in the state. Honest citizens should desire to correct this evil while there is yet time. I offered as a helpful solution the enfranchisement of women."

Consul Greene Under Fire

Washington, March 6.—Complaint has been made to the state department of the conduct of United States Consul Greene at Hamilton, Bermuda, in connection with the casting away of the Madiara. It is alleged that the consul showed absolute indifference toward the shipwrecked passengers and took no part in their rescue. The state department will institute an investigation of the consul's conduct. Greene was appointed to his post from Rhode Island in 1898.

New Congressional Directory Out

Washington, March 6.—A new edition of the Congressional Directory decorated the desks of senators yesterday. It contains the addresses and biographies of all the senators and members and gives many other facts of interest. The shortest of the biographies of new men is that of Representative A. W. Greag of Texas, and is only a line and a half in length. The longest sketch is of Representative Robert Baker of Brooklyn, which covers more than a page.

Our Troops to Remain in Cuba

Washington, March 6.—It is again stated by the authorities here that there is no present intention of removing from Cuba the American troops now stationed there. This statement is made in view of the criticisms passed in the Cuban senate upon the continued presence of United States troops in the island. The entire strength of this force is about 800 men.

Illinois Miners' Threat

Springfield, Ill., March 6.—At the joint conference of miners and operators yesterday the operators refused to grant an increase of 10 cents in the northern field and 3 cents in the Wilmington district. The miners state that if the advance is not granted the miners in the state will strike when the present agreement expires on March 31.

Four Lawyers to Advise Knapp

Hamilton, O., March 6.—The funeral of Hannah Goddard, the fifth of Alfred Knapp's alleged victims, took place yesterday from the morgue. Neither Knapp nor the public was allowed to see the remains. Mrs. Sadie Wenzel, sister of Knapp, has retained four attorneys in Cincinnati in his behalf.

Believes in Large Families

Harrisburg, March 6.—Representative Blumle, the father of 11 children, introduced in the house yesterday a bill to "subsidize large families and to provide for gold medals for mothers of large families." The bill provides prizes ranging from \$10 and a medal to cost \$10 to \$50, a \$50 gold medal to mothers of families ranging from 9 to 15 children. The seventh son or daughter born within the state shall be educated at an expense to the state not to exceed \$500.

Judge Horsewhipped Clergyman

Richmond, March 6.—The legislative committee which had been investigating the charges against Judge Campbell, growing out of the horsewhipping by the judge of Rev. Dr. Crawford of the anti-saloon league, last night decided to report unanimously in favor of the judge's removal from the bench.

New Gold Field in Africa

Washington, March 6.—Gold mining will be undertaken by Germans in German East Africa this year, according to a report to the state department from United States Consul Winter. Travelers visiting the east shore of Lake Victoria have reported the presence of gold there.

CHARGE OF LARCENY

Preferred Against Female Book-keeper in a Boston Coal Office

Boston, March 6.—Miss Lucy E. Parsons, for a long time bookkeeper for the Baker-Hunnewell Coal company of Cambridge at its Boston office, was arrested yesterday upon a warrant charging her with the larceny of \$65 from Miss Julia Rogers. The latter claims that Miss Parsons asked on Jan. 22 for the loan of the money to the Baker-Hunnewell company, promising big interest and its repayment by Feb. 1. After waiting for a while Miss Rogers went to the office and, finding that Miss Parsons had disappeared, secured a warrant for her arrest. Miss Rogers also charges that some time in January she gave Miss Parsons a check for \$14.50 for a ton and a half of coal, but that only a ton has been received.

Death of Noted Musician

New Bedford, Mass., March 6.—Thomas Ryan, clarinet and viola player of the Meadsworth Quintet club of Boston, died in this city last night. He was on the way from New York to his home in Belmont, Mass. He was 75 years old, and during the time he was a member of the Quintet club he travelled throughout the United States and Australia. Three years ago he published "Reminiscences of an Old Musician." He founded the Conservatory of Music and Fine Arts at Augusta, Ga.

Has Long Criminal Record

Boston, March 6.—James Stone was arraigned in court yesterday, charged with the larceny of a 39-pound box of candy from an express wagon, and was held in \$200 for the April grand jury, when it is believed he will be indicted as an habitual criminal. Stone is the possessor of 13 aliases and has served 19 sentences, aggregating nearly 20 years, in various institutions, since he received his first sentence of three years in state prison for breaking and entering in April, 1878.

Increase Will Be Refused

Lowell, Mass., March 6.—The Lowell Morning Citizen leans on good authority that the mill treasurers at present are decided that the 10 percent increase asked by the textile operatives will not be granted. They have made no formal announcement of such a decision, however. Business men here would deplore a strike and are hopeful that a compromise at least will be agreed on.

A Thrust at Roosevelt

Boston, March 6.—Congressman Vandiver of St. Louis, in addressing the Massachusetts Reform club last night, said: "Let President Roosevelt put into his blood a little of that iron he is supposed to possess, and then we may hope he will accomplish something for Americans in the matter of curtailing the encroachments of the trusts and giving to the people the fruits of their labor."

First Stage of Trip to Pole

Boston, March 6.—Captain Edward A. Haven of Lynn, who has been selected as first officer on the steamer America on the Ziegler polar expedition, started for New York yesterday, accompanied by other members of the crew, who came from New Bedford and different cable points. They will start from New York for Tromsø and at that point the trip will begin.

Tremont Temple's Next Pastor

Boston, March 6.—Tremont Temple church will vote upon the question of extending a call to Rev. Dr. Charles Barbour of Rochester on March 13. This was decided upon last night by the executive committee. One of the deacons says that the church will vote to call Dr. Barbour by a practically unanimous vote, and that Dr. Barbour will accept.

Railroad Men to Ask More Pay

Worcester, Mass., March 6.—Railroad men here belonging to the brotherhood say that a number of things, including shorter hours and more pay, are to be asked of the Boston and Albany management. Just at present interest is centred in the request of the employees of the New York, New Haven and Hartford road, to which a reply is expected next week.

Believes in Large Families

Harrisburg, March 6.—Representative Blumle, the father of 11 children, introduced in the house yesterday a bill to "subsidize large families and to provide for gold medals for mothers of large families." The bill provides prizes ranging from \$10 and a medal to cost \$10 to \$50, a \$50 gold medal to mothers of families ranging from 9 to 15 children. The seventh son or daughter born within the state shall be educated at an expense to the state not to exceed \$500.

Judge Horsewhipped Clergyman

Richmond, March 6.—The legislative committee which had been investigating the charges against Judge Campbell, growing out of the horsewhipping by the judge of Rev. Dr. Crawford of the anti-saloon league, last night decided to report unanimously in favor of the judge's removal from the bench.

New Gold Field in Africa

Washington, March 6.—Gold mining will be undertaken by Germans in German East Africa this year, according to a report to the state department from United States Consul Winter. Travelers visiting the east shore of Lake Victoria have reported the presence of gold there.

Good Afternoon.

The shipyard at Quincy would be pleased to build either the Vermont, the Kansas or the Minnesota, the new 16,000-ton battleships, or the Mississippi or the Idaho the new 13,000-ton battleships. These are the names selected by Secretary Moody. That no time is to be lost in construction of the new ships is evident from the action of the secretary on Thursday in directing the general board to prepare the circulars for the 16,000-ton ships which are of the Connecticut and Tennessee class. As there are no 13,000-ton ships on the lists, it will take longer to prepare the plans and specifications for the Mississippi and Idaho.

Drift of Opinion.

Randolph may be sorry before the summer's over that she went and did it. The people who love to go to Highland Park certainly will be sorry at what has happened.—Brookton Enterprise.

The Hull Beacon of last week has a long screed about "Disagreeable Children" and while there is good counsel in it somehow it recalls the saying that "old maids' children always behave best."—Old Colony Memorial.

If your baby has the grip, don't kiss him. If your stenographer has the grip, send her home till she gets well." So advises Dr. Cyrus Edson, who apparently has thoughts too deep for words.—New Bedford Standard.

The statistics department of Boston has issued some comparative figures as to coal receipts in Boston in the past two years, and figures out such an immense shortage in anthracite coal that it will require 18 months to catch up. It is an old saying that figures don't lie and it is an old fact that nothing can be twisted into a more plausible and dangerous lie than figures, which fact is illustrated anew in this instance. Instead of requiring 18 months to catch up with a normal supply of coal in the Boston market, it is undoubtedly a fact that the present supply of coal in Boston is above the normal for this season of the year, and there is no reason to doubt that at the arrival of the warmer season the surplus above the normal will still exist. It has not been brought about entirely by the supply of bituminous coal, and figures will probably not explain it entirely, but economies, the use of wood or of gas or oil, have all played their part, and there is no reason in sight, to the man who is looking only for facts, why the coal situation should not be at its normal point at the opening of the fall season at least.—Haverhill Gazette.

Sudden Death.

Thomas Williams, a well-known resident of East Milton, died suddenly this morning, while seated in a chair, of heart trouble. He was 62 years of age and leaves a widow, one daughter and two sons. His daughter is Mrs. Edwin L. Beal of Washington street, Quincy. Mr. Williams was a brother of Mrs. Jonas Shackley who died just a week ago.

Quarry Accident.

Harry Wright a quarryman employed at Reinhalter's quarry had his right leg broken shortly before noon, by a stone falling upon it. The police ambulance was called and he was removed to the City Hospital.

TENNEY'S DOWNED

Defeated at Pool by Graham and McDonald

In Norfolk County League Games.

Granite Citys Lead Braintrees in Points Won.

Five points for Granite City and four for Braintree was the result of Thursday night's games in the Norfolk county league series at Braintree. Granite City was successful in winning both games of billiards, both games of pool and one game at whist while Braintree captured all three strings at bowling and one at whist.

The first game of billiards was between McGrath of Granite City and Barnes of Braintree. McGrath won by a score of 75 to 60. The second game was won by Sears of Granite City who defeated Cuff of Braintree by a score of 75 to 44.

At pool F. Tenney of Braintree, who up to the time of his meeting McDonnell of Granite City, two weeks ago, had won every game played for three years, had McDonnell again for his opponent and was again vanquished. When he gets up against McDonnell he is up against the real thing, and although he tried hard to defeat him, his lucky star seemed to be out of place, for he only succeeded in pocketing 38 balls while McDonnell made 50.

The other games were between Graham of Granite City and B. Tenney of Braintree. Graham won by a score of 50 to 41. The result of these two games were very gratifying to the Granite City boys.

Honors were even on whist, each club winning a game. The first was between Penniman and Rideout of Granite City and Keith and Gammons of Braintree. The former won by a score of 8 to 0.

The second game was between Mitchell and Morse of Granite City and Jackson and Hasselstein of Braintree. The latter won by a score of 8 to 2.

Granite City had three new men in their bowling team, and while they did fairly well they were not able to lead the team to victory, Braintree winning all three strings. The first string by three pins, the second by 20 pins and the third by 27 pins. The totals were: Braintree, 1,191; Granite City, 1,141.

Hill of Granite City was high man on singles with 96 pins, and Cuff of Braintree second with 88. Milne of Granite City, one of the new men, was low man, with 64 pins, with White another new Granite City second with 65.

Hollis of Braintree carried off the honors on three string totals with 249, while Hill of Granite City was a good second with 248.

Milne of Granite City of whom great things were expected was low man on three string totals with 210. Milne bowled 64 on his first string, 65 on his second and 81 on his third. This shows that with a little more practice on these alleys, which were new to him he would have made better showing.

Braintrees average was 238 and Granite city 228.

Civil Trial List.

The following cases are marked for trial at the civil session of the District court next Tuesday:

448. Collier vs. Cain.
56. Rhines vs. Murphy et al.
57. Billings vs. Murphy et al.
61. Casey vs. Swain.

MOTIONS.

440. Reidy vs. Loid.

ENFORCE THE LAWS.

There Are Seven Ways Says the Rev. W. F. Crafts of Washington.

Last of all our country's needs we name one of the greatest of all law enforcement. We need better laws, but most of all, we need to enforce the laws we have. We need, to that end, first of all, better mayors—mayors like Nehemiah, that will stand as stiff as steel, even when there is no "public sentiment" for the law, because public conscience and the law are on their side. A little child, attempting to repeat a text about Daniel, got the "spirit" of the passage instead of the exact wording, "As for this Daniel, an excellent spine was in him." The trouble with most of our mayors is that they talk about the wisdom of the law, as if it were a bill of fare they were to look over and choose what they like, instead of enforcing in every particular, that is, they give us jaw-bone instead of backbone.

There is so little study of civics in our self-governing nation that it will be news to many that there are seven ways to enforce law, seven officers who may and should initiate law enforcement. This devolves, first, upon the mayor; but if he neglects his duty the police department should keep its oath to enforce all laws. If the police also fail, the sheriff, who is responsible for enforcement of law in the whole county, should take it up; or the prosecutor, by whatever name called, or the judge, may lead a law enforcement revival by charging grand juries and constables and attorneys to perform their duties or suffer penalty for contempt of court. Or the Governor may order sheriffs and other state officers to enforce neglected laws.

If all these public servants fail, the "Sovereign Citizen," whose "court" is ever court, may himself, alone or with other citizens, bring offenders to book; and the first offenders that should be dealt with should be the perjured, cowardly officers who draw their salaries and leave it to private citizens to do their work. As a competent woman keeps house when her servants fail her, but only until she can get new servants, so Christian citizens should enforce the law when officers fail, but only until they can elect new officers.—Rev. W. F. Crafts of the International Reform Bureau, Washington, D. C.

Eighty-Ninth Birthday.

Many friends called on Mrs. Mehlitz Blenchoe at Randolph Tuesday to help her celebrate her 89th birthday anniversary. Mrs. Blenchoe was born in Lancaster, N. H., March 3, 1814. She came to Quincy and married William Blenchoe of that place. In the year 1846 they came to Randolph, where her husband died some years ago. She has lived at her present abode thirty-eight years. Mrs. Blenchoe was the mother of two boys, who both served in the war of the rebellion. Both are now dead, one having been killed in battle. Mrs. Blenchoe is at present confined to the home by injuries received some years ago. She retains her faculties in a remarkable degree, and is cheerful and enjoys company. The afternoon spent by her friends was wholly enjoyable.—Brookton Enterprise.

Parish Meeting.

The annual meeting of the First Universalist Society of Quincy was held on Thursday evening. There was an unusually large attendance and the business was conducted in a very satisfactory and harmonious manner. Recent donations to the society give new life to the members.

The following officers were elected for the ensuing year:
Clerk, Adolph Osgood.
Treasurer, C. B. Tilton.
Parish Committee, Elisha Hobart, M. D. Phelan, H. L. Kelsey, Leonard Hewson and H. R. Holmes.
Auditors, Mrs. H. A. Lombard, Mrs. H. R. Holmes.

On Opposite Sides.

Representatives Fallon and Freeman were on opposite sides Thursday on a Socialistic movement in the House. After debate, Representative McCartney secured a reconsideration of the vote to accept the adverse report of the committee on elections upon the bill to give the Socialists representation on the ballot law commission and election boards. On the vote to recommit Mr. Fallon voted yea, and Mr. Freeman nay. Representative Drinkwater of Braintree voted yea and Representative Willis of Weymouth nay.

TODAY'S COURT.

The continued case of Thomas Gaffory, for keeping a liquor nuisance at Houghs Neck was heard and he was fined \$50. Appealed. The liquors seized from Louis Restell at Quincy were forfeited.

KNOTTY PROBLEM

Young Men of Quincy Point Get Twisted.

Shall Old Maids Support Bachelors?

Or Shall the Bachelors Support the Bachelor Maids?

Going to war is not the only thing that requires bravery. Oh, no! It takes a brave man to get up and debate in the affirmative such a subject as that to come before the young men's club at Quincy Point, "That unmarried women over thirty years of age should be taxed for the support of the unmarried men."

If rumors are correct the charming ladies of the peninsula district are arming themselves with stuffed stockings, hair rats and other female paraphernalia, and the Lord help the young man who dares to open his ruby lips in favor of such a scheme.

One young man was interviewed and under a pledge of secrecy said: "Sure they should. The book tells us that for every woman there is a man somewhere, and she should not wait for him to show up, but should resign from the gossiping club, pack her grip and go on the hunt."

"What were leap years made for if not to give these ever-ready, long-waiting females a chance to rope in some man to support them under the promise that they could cook and sew on missing buttons."

Another said "cert." Don't they take our jobs and take pattern after our style of dress, by wearing collars, vests coats and other things.

You are on the wrong track said the third, the subject is such a knotty one it has become twisted. It is not, should unmarried women support the unmarried men? but should unmarried men of thirty be taxed to support the unmarried women?

That settled it, the fellows closed up like oysters and like the Arabs of old folded their tents and silently stole away leaving the scribe alone with the lamp post in the center of a district abounding in unmarried females.

The subject therefore is, in brief, shall the bachelors support the bachelor girls?

—Siamese women entrust their children to the care of elephants, who are careful never to hurt the little creatures; and if danger threatens, the sagacious animal will curl the child gently up in his trunk, and swings it up out of harm's way upon his own broad back.

—The geography classes in the public schools will be interested, perhaps, to know that an American syndicate has just bought the volcano Popocatepetl, with a view to developing its commercial possibilities. There are great deposits of brimstone there and a cog-wheel railway is to be built to the summit of the peak.—Somerville Journal.

MARRIED.

PAGNANO—DI BONA—In Quincy, Mar. 5, by William M. Marden, Esq., Cessio Pagnano and Antonia Di Bona, both of Quincy.

DIED.

BROWN—In Quincy, March 4, Mrs. Laura A. wife of Mr. Henry B. Brown, aged 65 years, 3 months and 27 days.

Funeral from late residence, 110 Putnam street, Saturday, March 7, at 2 P. M. Relatives and friends invited.

DAVIDSON—In Milton, March 6, Mrs. Isabella, widow of Joseph Davidson, aged 59 years, 3 months and 2 days.

Funeral from late residence Sunday, March 8, at 2:30 P. M. Relatives and friends invited.

WILLIAMS—In East Milton, March 6, Mr. Thomas Williams, aged 62 years.

Funeral at the residence of her daughter, Mrs. William R. Polson, Mrs. Abigail Whitney, widow of William F. Whitney, at the First Church, Quincy, on Monday, at 4 o'clock.

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

On Monday two blue-birds were observed in the neighborhood of Elm avenue.

Ground has been broken for a new house on Squantum street for Mrs. J. Reardon.

Mr. Charles G. Lee of Pine street is visibly improving much to the joy of his many friends.

The Board of Health will meet tonight. The Chubbuck street nuisance will probably be considered.

Officer John T. Larkin is off duty owing to a sprained wrist. Officer Curtin is covering his beat.

Mr. E. M. Cash has opened Gardner's grocery store at the corner of North Central avenue and Farrington street.

Miss Kate Mahoney of Hancock street has broken up her home on Hancock street and will board with friends.

The "Passion Play" illustrated by stereopticon will be given in the Unitarian church at Wollaston on Sunday evening.

The population of the city and towns under the jurisdiction of the District court of East Norfolk is larger than that of most districts in the state.

A surprise party was given to Miss Ruth Penniman last Saturday afternoon by the Little Women club of which she is a member. The children enjoyed a very happy afternoon.

Druggist Copeland has the sympathy of his friends. His mother is ill at his home, requiring the services of a trained nurse. Mrs. Copeland is also ill and Mr. Copeland himself is a bit "under the weather."

F. W. Jones, of the Central Labor Union of Quincy, was one of the speakers at the State House hearing on Thursday in favor of a constitutional amendment which will secure the referendum.

Miss Marshall, leading lady of the King Dodo company, Miss Cooper, C. M. Fosdick and P. Atkinson, also of the same company, composed an automobile party that dined at the Greenleaf on Thursday.

The boys are out playing golf after a two months' absence from the links. A few hardy sportsmen are playing ball although the high winds and soft ground made the conditions far from enjoyable.

The Wollaston Choral Society met Wednesday evening at the home of Miss Isabel Albee, Prospect avenue. Owing to a misunderstanding regarding dates, the usual place of meeting was not heated. The new choruses were rehearsed with good spirit with Mrs. J. D. Kent at the piano.

Mary Murray the little daughter of Mr. and Mrs. George H. Murray of Newport avenue observed her birthday on Thursday afternoon by giving a party to her friends. Music and games furnished the amusement. The little hostess received flowers and gifts. Refreshments were served and the little folks spent a delightful afternoon.

Commonwealth of Massachusetts.
STATE HOUSE, BOSTON, March 4th, 1903.

AT THE
PATRIOT OFFICE

Robin Hood

His aim was not surer than that of Hood's Sarsaparilla, which always hits the disease.

Be sure to take

Hood's Sarsaparilla

This Spring—it will rid you of that humor that makes you break out, that takes away your appetite and strength and makes you feel sick. Take Hood's Pills, also, if you are bilious or constipated.

E. S. Bertschie, Hannibal, Ohio, says: "I took Hood's Sarsaparilla in the spring and it purified my blood and gave me a good appetite, and made me feel much better."

Maggie Perkins, Yale, Ills., says: "We have used Hood's Sarsaparilla in our family for years and have always found it as represented, a good spring medicine."

Ralph Rust, Willis, Mich., says: "This spring pimples covered my face and troubled me very much about shaving. I took a bottle of Hood's Sarsaparilla and the pimples are all gone."

Mrs. William Howell, Quogue, N. Y., says: "I have been using Hood's Sarsaparilla in my family for years as a spring medicine. Have found none equal to it."

Accept no Substitutes for Hood's Sarsaparilla and Pills.

LIVING ROOM COMFORT.

It is a matter of regret, that too little attention is paid in these modern days, to making the living room the comfortable, cosy, restful room that it should be. The trouble is that too many people keep putting off the purchase of just this sort of thing, and time slips by with half the comforts of life not realized. Our low prices are tempting, our co-operative plan of paying does the rest, and your dreams in this direction may be quickly realized if you visit this store.

Couches

50 different styles to choose from.
Ranging in price from \$4.75 to \$25.00.

Service Couches, \$6.50 to \$10.00.

MILTON.

East Milton is in mourning this week, owing to the result of the voting at the town meeting Monday. It had a number of candidates in the field for various offices but all met defeat and for the first time since 1872 this village finds itself without a representative on the board of selectmen.

A pleasing entertainment was given at the meeting of the Thursday Evening club this week.

Rev. John McGinn of Mattapan will preach Sunday evening at the Mission of Our Saviour church.

A short entertainment and social was held at the Baptist church Wednesday evening. Refreshments were also served.

John F. Beahm of West Quincy has opened a barber shop at East Milton.

The alarm from Box 37 at 5:48 Monday evening called the department to a fire in the chimney of a house on Thatcher street, occupied by Mr. Hickey. The damage was slight.

Vessel and Crew Lost

St. Johns, March 6.—A schooner Treasure, which sailed from Briggs, N. F., on Dec. 21 for Sydney, has been given up for lost. The vessel has not been heard of since leaving port and it is supposed she foundered in a gale. The crew of seven men left 21 persons dependent upon them for support.

Algerians Welcome Americans
Algiers, March 6.—The arrival here of the U. S. cruiser Albany is bringing out many manifestations of friendly feeling. Hope is expressed that Washington will authorize the American fleet to be represented here on the occasion of the approaching visit of President Loubet to Algeria.

Chaplain Gavitt Exonerated
Denver, March 6.—Chaplain H. C. Gavitt, U. S. A., has been exonerated by court martial of the charge of not paying his debts, which was brought against him by a Chicago firm. General Funston approved the findings. Chaplain Gavitt will return to his post at Fort Grant.

England's Heavy Emigration
London, March 6.—Over 2000 emigrants left Liverpool yesterday for Canada. The emigration season is considered to have opened and this month's bookings by all the Canadian steamship lines are the largest for 40 years.

Relieved of Payment of \$1,000,000
New York, March 6.—On the ground that her legal residence is in San Francisco, Mrs. Theresa A. Oelrichs, daughter of the late Senator Fair and wife of Herman Oelrichs, was yesterday relieved of an assessment of \$1,000,000 levied against her by the department of taxes and assessments.

Korea In Need of Funds
Brussels, March 6.—The Korean government is negotiating with Belgian bankers for a loan of \$30,000,000, secured on the important duties. Several important railway concessions in Korea will also be granted to the Belgian bankers.

Colds are Dangerous.
How often you hear it remarked: "It's only a cold," and a few days later learn that the man on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all druggists.

To Cure a Cold in One Day.
Take Laxative Bromo Quinine Tablets. This signature *E. H. Little* on every box, 25c

Large Casting.
A secondary engine casting, weighing nearly eighteen tons, for the Fore River Ship Co., was drawn out of Boston Thursday by one of John Q. A. Field's teams. It required eleven horses. It was left in City Square for the night.

Lenten services in the Sacred Heart church, Atlantic, have been changed from Thursday to Friday evenings.

DUTY OF THE CITY.

To Make Suitable Provision for School Children.

Comments of Supt. F. E. Parlin.

Abstract From His Annual Report to the School Committee.

F. E. Parlin, the superintendent of schools, makes the following comments on the school population and school accommodations in his annual report issued this week:

Few persons are aware how fast the school population of Quincy is increasing, how rapidly old school buildings are out-grown and new ones filled up; and many wonder why there should be a constant demand for additional buildings. Briefly stated the reason is simply this, during the last few years the increase in pupils has been greater than the increase in accommodations. The school census this year contains three hundred forty more names of children between five and fifteen years of age than it did last year, and the average annual increase for the last three years has been over two hundred.

A building like the Cranch, Gridley Bryant or Massachusetts Fields by overcrowding will house four hundred fifty pupils but can properly accommodate only four hundred. Thus it will be seen that, if the present pupils were adequately provided for, the rate of increase continues the same as last year, and all the old buildings remain in use, at least two nine-room buildings would be required every three years.

But neither of the conditions is properly admissible. The first is already contrary to fact, there being two overflow rooms in the Quincy district, a room occupied in the basement of the Coddington which is unfit for class use, a room in the Washington with an enrollment of over seventy-five, one in the Lincoln with over eighty and another with over sixty, and several classes of about sixty in the Willard, besides the chronic congestion at the High School.

Considering the prospective growth of the city the annual increase in the number of pupils is likely to be largely augmented. As to the continued use of certain old buildings, anyone familiar with the state requirements who will take the trouble to inspect them can determine the probability; at least, he can easily decide whether they are suitable structures for school purposes or not. The long since condemned Washington building will soon be replaced by a new one.

Very unfortunately for all concerned it has been necessary to occupy during the last two years the once abandoned Old High School. Parents, pupils and teachers have good grounds for objecting to the use of this building although it furnishes the best accommodations the School Department can provide.

In some respects the Coddington is the most antiquated building in the city. It is the only building heated entirely by means of stoves. I sincerely hope its efficient and highly esteemed principal who has served the city so long and faithfully may have the pleasure of conducting her school in a modern building and under favorable conditions before she retires from office.

It is never pleasant to call attention to defects or to present the disagreeable side of the question. But the interests involved in this case are too vital and important and the demands for relief too urgent and persistent either to be wisely ignored or easily put aside. The duty of the city to make suitable provision for the educational needs of its children is imperative, and there is no doubt of its ability and willingness to do so as soon as those needs are clearly and generally known.

No other opinion could be admitted for a moment for the people are intelligent, their children are involved and the city can not afford to do anything else. The best way to dispose of a hard question is to face it squarely. The facts are as stated. Cannot all unite upon some rational plan for meeting and keeping pace with the needs of our growing school population?

If the system needs iron, it is best to obtain it direct from the vegetable kingdom in the form of spinach, grapes or blackberries, all of which are rich in iron. This is organic iron, held in solution in the juices of the fruit or vegetable. Inorganic iron, as contained in an ordinary tincture of iron, is not easily appropriated by the system. In fact, it usually passes through the body unchanged. This is why many remedies containing iron are not of much service.—The Healthy Home.

TOLD OF "BALDY" SMITH.

Incidents in the Famous Civil War General's Career.

Of the late General William Farrar Smith's strenuous work in the army much was written while he figured before the public, which it is interesting now to recall. "Baldy" Smith was the name by which the general was best known. His premature baldness was responsible for the title. A writer in the Brooklyn Eagle on March 20, 1879, said:

His first engagement of any importance was on April 16, 1862, at a place variously known as Lee's Mills and as Wynne's Mills, on the Yorktown line. People generally believe that no attempt was ever made by McClellan to assault the Yorktown line. The great "Cunctator," as Carlyle would have called him, is supposed to have only tried to dig his way through the Confederate fortifications. This is not entirely true. The enemy's works extended from the York to the James, advantage being everywhere taken of the conformation of the ground, the streams, etc. Lee's or Wynne's Mills was opposite the left of our line. After consultation with his corps and division commanders it was decided that this was the weak point in the enemy's line, and Smith was ordered to force it. It was unfortunately found to be exceptionally strong. General Smith pushed all his artillery up close to the pond which covered the enemy's works and at close range silenced the Confederate guns. He then sent the Sixth Vermont into the swamp below the dam, and a desperate struggle ensued. The first line was carried, but either the regiment was not properly supported or the Confederates were too strong, and our troops were repulsed with considerable loss. At Williamsburg one of Smith's brigades, commanded by General Hancock, covered itself with glory. It forced its way through the enemy's intrenchments on our extreme right, and had General Smith been allowed to re-enforce it, as he begged to be allowed to do, he would have taken the enemy completely in flank and rear and would have ended that affair very differently.

General Smith was never wounded, although he exposed himself like a grenadier. He stood within a dozen yards of the first timber chest exploded in the Army of the Potomac and exhibited no more concern than if the Confederate shell that did the mischief had been a message of peace and good will.

CHRONIC COUGHS

OFTEN ARE THE BEGINNING
OF CONSUMPTION.Stop Your Cough and Avoid
Future Trouble.We Will Guarantee That We
Can Do It For You.Our Vinol is the Remedy for all
Pulmonary Affections.

Vinol is a preparation that is delicious to take.

It consists of a delicate table wine in which has been dissolved the active curative principles that are found in the liver of the live cod, and to which cod-liver oil owes its reputation as a remedy for coughs, colds and all wasting diseases.

If there is any one who has a cough, a tendency to take cold easily, or a dread of consumption, we would like to have them call and permit us to explain what we know about Vinol and why we believe it will cure all such troubles more surely and quickly than any other remedy ever given to the public.

Following is a letter which has just come to hand and which shows how beneficially Vinol acted in one instance:

"I had a severe cough of long standing. I was advised by friends to give your Vinol a trial, which I did. Before taking it I had tried many other remedies for coughs without obtaining any relief. With Vinol it was different. I have now used four bottles of it, and am pleased to say my cough has almost entirely left me. I have been decidedly benefited by its use in every way. Very truly yours."—H. E. SMALL, Boston, Mass.

Vinol acts beneficially upon the digestive organs, enabling them to obtain for themselves the elements from which are made firm healthy flesh tissue, sound muscle, strong bone structure and pure blood.

We recommend Vinol unreservedly. If you will call on us at our store, we will tell you why we have such faith in this new wine of cod-liver oil.

We guarantee that if you suffer from any symptoms that indicate troubles for which we know Vinol is intended, we will refund to you your money if you don't find Vinol helps you.

EDWARD J. MURPHY,
DRUGGIST.

CHAPTER XXXVIII.

THE LAST DASH OF THE TENNESSEE.

DOWN under the guns of Fort Morgan lay the Tennessee. She had been lightly rammed by the Monongahela, and, although she had struck possibly a hundred times by heavy projectiles mainly from the nine inch broadside guns of the ships, she had suffered no material injury save for a few holes through the smokestack, which could easily be repaired by her own force. After careful inspection her officers reported her otherwise to be in perfect condition.

The Tennessee was a casemated broadside ironclad 260 feet long, with a beam of 48 feet. She was armed with six heavy Brook rifles, 100 pounders each in round numbers, two in each broadside, one pivoted forward and one aft; her ports, of which there were ten, were so arranged that the fore and after pivots could be fought in either broadside. She was entirely a home production of the Confederacy. The ship was built at Selma, the guns came from Richmond, the iron plating was made at Mobile from ore mined in Alabama. The casemate, a sort of deckhouse with slanting sides, was plated with iron armor varying in thickness from four to six inches. The plating was carried in an unbroken sheet below the water line and then bent back inward to the hull, the knuckle angle so formed being filled with a solid wooden backing, which was a great protection against ramming. From the bows of the Tennessee a formidable iron spur projected below the water line. No wooden ship that floated could have survived a fairly delivered blow from that ram.

There were two or three fatal defects in her construction, however. Her engines were taken from an old river steamer and were woefully weak and inadequate; the method for closing her gun ports was faulty and the shutters working on pivots were liable to jam; but the most serious error of her designers had been in exposing the rudder chains by which she was steered, on the open deck, without protection of any sort. In spite of these things, however, she was without doubt the most formidable vessel afloat.

By the time her inspection had been completed and the few minor repairs necessitated by the action had been made Farragut's fleet had reached the deep water above the middle ground, a shoal extending westward across the deep water, some four miles from Fort Morgan.

It was now about 8:45 in the morning when the lookouts discovered the Tennessee standing up the channel from the direction of Fort Morgan. The old admiral meant business, it was quite evident. The black smoke was belching from her tall stack as she came on single handed to attack the twenty-three vessels in the Union fleet which had already successfully encountered the gunboats, the fort and her own prowess.

At first sight this would appear to have been a foolhardy action, with so few chances of success as to render it virtual suicide on the part of the Tennessee, but Admiral Buchanan may be relieved of any charge of recklessness. He had commanded the Merrimack when she had routed the fleet in Hampton Roads. He knew, or thought he knew, what could be effected by an ironclad under wooden ships. He had under him the most powerful vessel that had ever been constructed. He had been unable to make use of his greatest power of offense, the ram, in the passage of the ships through the narrow channel, but now he counted confidently upon using it to deadly advantage.

The ships above him were at anchor. He was between them and the open sea. His light draft would permit him to go anywhere, while they were strictly confined to the contracted deep water area. He had shown himself invulnerable to their heaviest guns. He might now be able to get among them and work his will upon them. No sane man would think of attacking a wooden ship against such an ironclad. It is true that there were three monitors with Farragut's fleet, but they had done nothing remarkable heretofore, and he counted himself more than a match for any or all of them.

Again, the numbers of the enemy would give a certain immunity. There were too many of them for all of them to attack him at once. Then, too, he would have the advantage of having all his forces concentrated under his single hand, while those of the Federals were scattered. These were some of the reasons which actuated him, and there was doubtless another. He had to do something. He could remain in safety under the walls of Fort Morgan for a time, but there he would be subjected to attack. Farragut would certainly attack him with the monitors, and the fall of the fort, which afforded him temporary protection from the investing force, was only a question of time; so that it was not without strong hopes for success that he turned the prow of his vessel up the bay, sent his men to

quarters and made ready for his part in the most desperate naval engagement ever fought in the waters of the United States.

But there was one thing upon which he did not count, which was his undoing in the end, and that was the invincible courage, the calculated recklessness and the headlong dash of Admiral Farragut. He was the admiral who did the unexpected thing, and in so doing he took the only possible means to meet and master the danger. Any other course would have ruined his fleet and might have lost him the battle.

I know of no naval action in the history of the world in which both commanders were so old and so gallant. Farragut and Buchanan, both past threescore, set an example of headlong, desperate, risk taking valor to the most reckless boy in the squadron.

The instant the watchers on the long ships discovered the approach of the Tennessee the signal for battle was flown from the Hartford. The engines were started at once, the ships gathered way, and this time under full head of steam, as fast as it could be made in the boilers, they opened out and made for the approaching enemy.

Signals were flying from the mast-head of the Hartford ordering the fleet to close in and ram the enemy. In the admiral's steam barge Loyal, named for his son, a boat which he said was "the wettest devil he ever sailed in," Dr. Palmer, a noble volunteer, was hurrying from ship to ship repeating the signal and carrying verbal orders from the admiral, while from points of vantage on the flagship the army signal officers were transmitting messages to the different vessels of the fleet. The slow, unwieldy, lumbering monitors were also getting under way as rapidly as possible.

The ship nearest the Tennessee, which was now close at hand, was the Monongahela, which had been especially provided with an iron prow with a heavy wooden backing for ramming purposes. The slight collision in the channel had done no harm to either vessel. Captain Strong was eager to see how the ram would stand the impact of his iron prow backed by two thousand tons of ship going at full speed. He confidently expected to cut her down or overrun her.

The Tennessee was headed straight for the Hartford. Buchanan rightly judged her to be the most important ship, and thought if he could dispose of her his terrible task would be materially lessened and a great advantage gained. Confident in the strength of his own ship, therefore, he disdained the approaching steamer. Never swerving a hair's breadth from his course, he kept steadily on. He would hide the shock, let it be what it would. His game was the noble Hartford and the great admiral.

Off on the port quarter the Monongahela under full speed rushed down upon the Tennessee, the water boiling and foaming under her forefoot. Buchanan did not even shift his helm to avoid the blow. She struck him fair and square on the port quarter, at right angles to his broadside, a terrific blow. The two thousand ton wooden ship was literally hurled upon him. The crash was heard down on Fort Morgan. Men on both ships were thrown violently to the deck by the force of the collision. The iron cut-water of the Monongahela was wrenched off and her bows stove in. The Tennessee swung around to port from the thrust of her enemy.

At the moment of impact the rifles in the casemate of the ram poured shell into the wooden vessel, piercing her through and through. The Monongahela swung around alongside her enemy and at contact range poured in a broadside of solid shot from her heavy battery, including two eleven inch guns. The solid shot broke in pieces against the casemate or bounded back like balls. Except for a slight list to starboard, nothing happened to the Tennessee, which kept steadily on toward the Hartford.

Meanwhile from the same side came the Lackawanna, the fastest vessel in the Union fleet, at a speed of twelve knots an hour, which was very high for those days. She, too, was gallantly hurled upon the Tennessee, which she struck fair amidships to port, her ship had not been designed for ramming, and no special provision had been made to enable her to stand such a shock. He did not hesitate on that account. With the admiral's command to warrant him and under the eye of the great captain, he threw his ship on the enemy.

(To be Continued.)

The Weather Forecast

Almanac, Saturday, March 7.

Sun rises—6:12, sets—5:40.

Moon rises—1:24 a. m.

High water—5:15 a. m.; 5:45 p. m.

The area of high pressure that has covered the Atlantic coast for several days has passed eastward over the Atlantic. The temperature changes have been unimportant. Generally fair weather will prevail in New England.

OPTIMISTIC LIPTON

Feels Sure That Shamrock Will Take Home the America's Cup

Glasgow, March 6.—Sir Thomas Lipton says that everything is practically ready to launch Shamrock III on St. Patrick's day. He adds that his conviction that he has the cup "lifted" grows and increases every time he sees the Shamrock III, and he is pleased to find that his opinion is shared by good judges.

Shamrock III will leave this side about the middle of June, and it is hoped that she will arrive at New York in the first week of July. It is now uncertain whether there will be any trial races in American waters.

Colonel Crawford, manager of the boat, has contracted with the crews of the challenger and Shamrock I to give 12 racing trials for prize money on this side, Shamrock I receiving a handicap of probably 10 minutes on a 30-mile course. It is calculated that if the challenger can do this she can beat the Columbia by a comfortable margin.

More Charges Against Kellogg

New York, March 6.—James B. Kellogg, who achieved some notoriety for being connected with the firm of E. S. Dean & Co., which failed, was arrested yesterday on charges of fraud. He was held under \$2500 bonds. It is alleged that Kellogg induced persons to invest in mining and oil stocks which were valueless. Kellogg was sentenced to seven years and six months on the charge of defrauding through the E. S. Dean company and one year on the charge of using the mails for fraudulent purposes. He appealed against both sentences and deposited cash bail of \$40,000.

Jeffries and Corbett Matched

Baltimore, March 6.—James Corbett and Billy Delaney, the latter representing James J. Jeffries, met here last night and signed articles for a fight for the heavyweight championship of the world, the contest to take place in California next July or August, under the auspices of the athletic club offering the largest purse. The men are to spar 20 rounds to a decision, the winner to receive 75 percent of the purse, the loser to take 25 percent.

Three of One Family Near to Death

Pittsburg, March 6.—Death threatens three members of the family of President Shaffer of the Amalgamated Association of Tin, Iron and Steel Workers. The father is suffering from the infirmities of old age. The mother lies in a half-unconscious condition, suffering from dropsy. The daughter and sister Ida, is probably in a worse condition than the other sick members of the family, suffering from an affliction of the heart.

Father O'Connell's Task

Rome, March 6.—The appointment of Father O'Connell as rector of the Catholic university at Washington is considered to be a most important one. In the highest quarters here there seems to be a feeling that the solution of certain educational problems should be looked for in the new world, rather than in the old, particularly at the Catholic university at Washington.

Names Selected For New Battleships

Washington, March 6.—Secretary Moody has reached a decision as to the states after which the five battleships provided for in the new naval law shall be named. Three 16,000-ton battleships are to be named Vermont, Kansas and Minnesota, and the two 13,000-ton vessels Mississippi and Idaho.

Well Again.

The many friends of John Blount will be pleased to learn that he has entirely recovered from his attack of rheumatism. Chamberlain's Pain Balm cured him after the best doctors in the town (Moun, Ind.) had failed to give relief. The prompt relief from pain which this liniment affords is alone worth many times its cost. For sale by all druggists.

Fled While Awaiting Trial

Manila, March 6.—James Behan, discharging officer of the board of health who was recently convicted of attempting the records of the board and who was awaiting trial on the charge of embezzlement, has fled to Shanghai. The Philippine government is seeking to obtain Behan's extradition.

LOSING FLESH.

Are you losing flesh? If so, better consult your doctor at once. He will tell you the cause. We can provide the remedy, which is Scott's Emulsion of cod-liver oil.

We have known persons to gain a pound a day, by taking an ounce of the Emulsion.

A young woman in Batavia writes us she had lost twenty-five pounds in three months, and her lungs were seriously affected. She took three bottles of Scott's Emulsion and gained fifteen pounds, and was able to resume her work.

It will cure consumption in the early stages. It is a remarkable flesh producer.

Send for Free Sample.

SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

TWENTY-SIX TOOK OATH

At the Meeting of Senate in
Special Session

TEN ARE NEW MEMBERS

Tillman Reads Cannon's Speech Arraigning Senate Rules and Makes Reply Thereon—Hale Says House Leader Will Regret His Words

Washington, March 6.—The United States senate met at noon yesterday in special session called by the president. It was an interesting event, as such sessions do not usually occur except when a President of the United States is inducted into office. Yesterday was the first session of the senate of the Fifty-Eighth congress, and the oath was administered to 26 senators who take office for six years. Of these 16 were re-elected as follows: Allison of Iowa, Clay of Georgia, Dillingham of Vermont, Fairbanks of Indiana, Foraker of Ohio, Hansbrough of North Dakota, Kittredge of South Dakota, McEnery of Louisiana, Mallory of Florida; serving on appointment until the legislature meets, Penrose of Pennsylvania, Perkins of California, Pettus of Alabama, Platt of Connecticut, Platt of New York, Spooner of Wisconsin, Teller of Colorado.

The oath was administered to 10 new senators, though one, Mr. Gorman, had previously served 18 years in the senate. The new senators are: Fulton of Oregon, Gorman of Maryland, Hayburn of Idaho, Hopkins of Illinois, La Follette of South Carolina, Long of Kansas, McCreary of Kentucky, Newlands of Nevada, Overman of North Carolina, Snoot of Utah. Four new senators, three re-elected, did not take the oath. Mr. Cannon's vigorous arraignment of the senate rules and of Mr. Tillman's abuse of them, in a speech Wednesday morning, brought out Mr. Tillman's return fire in the senate yesterday. He read Cannon's speech in full, emphasizing the phrases particularly adverse to himself. The senators, most of whom were in the seats, listened attentively to the Cannon speech, and evidently with considerable appreciation of its truth. Tillman, analyzed Cannon's remarks as containing an attack on the divinity of the senate and on Tillman's own personal integrity. "Indefensible, indecent and outrageous," was his characterization. The leaders of the house had so usurped the rights of the individual members, Tillman declared, that "drunk with power" one of their number had dared to violate all the rules of parliamentary propriety in making an attack on the rules of the other chamber. "I do not care to comment any further," he continued, "on the indignity put upon us. I feel sure that any such attack as that will pass by as an idle wind while we continue to do business in the constitutional way, after the manner of our fathers—but I do want to explain at some length my personal relation to this appropriation."

Senator Hale of Maine followed Tillman, saying that he would let the matter pass but for the fact that he had in charge in conference for the senate of the bill to which Cannon's attack was directed, and also the conference on the naval bill. Neither house got all that it wanted. No resentment followed the intensity of the contest. There was no "legislative blackmail." It was what takes place every year. There was no necessity for that conference to be brought into the Cannon speech as it was. Returning to the deficiency bill, Mr. Hale said that Mr. Tillman never went near the chamber where the conference took place. The senate committee placed this item on the bill and the senate passed it. It seemed fair play to South Carolina.

"When we came to the deliberations of the conference," continued Mr. Hale, "there was controversy over many items. That is customary. More than once it has seemed as if these appropriations bills would fail because of the intensity of feeling developed. But it has never before been thought necessary in consequence that one house should arraign the other and call its legislative procedure and threaten an appeal to the people. I read that speech (Cannon's) in sorrow and in amazement, chiefly because it came not from a new and inexperienced man, but from a wise and experienced leader, soon to become speaker of the house.

"There is no man within the sound of my voice who will acquit himself with the facts without realizing that this speech was a breach of the unwritten law of courtesy between the two houses. No man can read the menace contained in the words without believing that their author must today regret that he ever said anything of the kind. This speech will pass into oblivion. The man who made it, going to higher honors, will have many things in which he can take pride, but never anything but sorrow for this. Each body will go on under its own rules."

Tardy Remedies For Epidemic

Ithaca, N. Y., March 6.—In accordance with recommendations made by Dr. Soper, who came to Ithaca at the instance of the state board of health, the common council voted yesterday to place unlimited amounts at the disposal of Dr. Soper for the purpose of stamping out the typhoid epidemic. A force of 20 men immediately visited every house in which fever has appeared and thoroughly disinfected them.

When Knighthood Was in Flower

BY CHARLES MAJOR

THIS will be recognized by our readers as one of the much talked of recent novels—a book which everybody wanted to read, but which comparatively few did read. While its enormous sale is witness to its extraordinary popularity, the figures show that it was read by only a very small percentage of the reading population of the United States. Of the great majority who have not read it, many are numbered among our subscribers. Therefore when the opportunity was offered a few days ago to secure the serial rights for our paper we promptly seized it.

The Social Realm.

A funny old man told this to me
"This a puzzle in punctuation you see:
"I fell in a snowdrift in June," said he,
I went to a ball game out in the sea
I saw a jellyfish float on a tree
I found some gum in a cup of tea
I stirred the milk with a big brass key
I opened the door on my hended knee
I ask your pardon for this," said he,
But 'tis true—when told as it ought to be."

The men of the Tuesday Evening
Whist club are to give a dance compli-
mentary to the ladies, who have enter-
tained them so hospitably during the
winter. It will be held in Colonial hall
about the middle of the month.

Mr. and Mrs. R. F. Claffin, of Green-
leaf street are anticipating in a few
weeks the return of their daughter,
Miss Helen Claffin, from Europe, where
she has been studying and traveling for
about two years.

Cards were received in Braintree
this week announcing the marriage
in Cambridge, February eighteenth, of
John L. Dyer and Alice Salmon.

Mrs. Anna Witham gave a luncheon
Wednesday to a small number of her
Woodward friends. Mrs. J. D. Kent,
Miss Eugenia M. Hatch and Miss
Lillian K. Bates were present.

The Woman's Alliance will hold a
meeting in the chapel of the First
church on Monday at 2.30 instead of
the usual hour. Rev. Rush R. Shippen
of Brockton will read a paper on John
Greenleaf Whittier. All are welcome.

Mrs. John F. Welch is among those
confined to the house at the present
time by illness.

At the next meeting of the Unity
club of Wollaston on the evening of
Friday, March 13, Mr. Albert S. Par-
sons, Treasurer of the New England
Cremation Society, will speak upon
"Cremation," and Mr. Charles S.
Comins, who is the director for the
evening, will give a short history of
"Christian Burial." Flashlight No. 7
will be read and there will be music
as usual. All interested in the subject
are cordially invited to attend.

Mr. Charles H. Woodbury opened
Friday at Doll & Richards art gallery,
Park street, Boston, an exhibition of
oil paintings which is well worthy a
visit. The exhibit will continue
throughout March.

Mr. and Mrs. George Collier of Woll-
aston are receiving congratulations on
the birth of a son.

The Monday club of Weymouth were
entertained this week by addresses, by
Mrs. Atherton of Boston, Miss Georgie
Bacon of Uxbridge, Mrs. Coolidge of
Watertown, Miss Clara B. Adams of
Lynn and vocal solos by Mrs. Rose
Thayer Thomas and Mr. Lewis Canter-
bury of Weymouth.

Congratulations to Mr. and Mrs. Wil-
liam C. Harrison of Cohasset road,
Braintree, Thursday morning they were
presented with a little boy.

Mrs. Henry Shaw of Brooklyn, N. Y.,
is visiting her mother Mrs. C. H. Sten-
zel of Botsoph street while her husband
is abroad on a business trip.

Mrs. A. R. Moulton of Wollaston,
has had as a guest this week, her
mother, Mrs. Randall Richards of
Abington.

Miss Mertie A. Leland of Norfolk
Downs is visiting her aunt in Worcester
for a few days.

The engagement is announced of Miss
Blanche Minerva Taylor daughter of
Mrs. Edmund F. Taylor of Wollaston
and Mr. Harry Hunt of Boston and
Lynn.

Miss Georgiana Lane who gave such
a delightful dance a few weeks ago for
the young people of First church Sun-
day school has been urged to give an-
other and March twentieth is talked of
as the date. It will be held in Colonial
hall and will be a subscription party
same as the last.

All the school children are looking
to the May festival which is given at
Music hall each spring by the Home
Science association. It is always a red
letter day in the children's social calen-
dar. A pleasing program is given by
children from different schools and the
ladies have an abundance of May
baskets, ice cream and candy on sale,
all of which contribute to the happiness
of the young folk.

The friends of Mrs. Samuel Spear, of
Granite street, regret to hear of her
illness, at the home of her daughter,
Miss Carrie Follett Spear of the
Brackett Homestead school.

Mr. Edwin B. Pratt leaves early next
week for California, for a month's
stay.

The third of Miss Ellen Thompson's
talks on Norway will be held Tuesday
afternoon at the home of Mrs. Frank
K. White, Winthrop avenue, Wollaston.
The subject will be "In the days of
the Saga: manners, customs and heroes
of Saga days."

The men invited to the gentlemen's
night of the Junior Friday club, which
comes off next Saturday evening at the
home of Miss Sara Whitcher are on the
qui vive, to know if they are to be
treated to long dry papers on English
history or a more frivolous entertain-
ment like that of the senior Friday club,
or worse still be made to do the enter-
taining themselves.

Dr. J. A. Gordon and nephew Ramon
Burke are in Cuba for a brief rest.

The Afternoon whist club met with
Mrs. W. A. Torrey, of Braintree on
Wednesday. Souvenirs were awarded
Mrs. O. B. Oakman and Miss Alice
Holbrook.

The lecture on Harriet Beecher
Stowe, by Miss Maria L. Baldwin, at
First Church chapel, under the auspices
of the Woman's Alliance, on Monday
evening was one of the finest ever given
in the city. The next in the series
will be given on next Monday evening
by Dr. G. W. Cutter of Arlington. The
subject will be Jerusalem and will be
illustrated by stereopticon.

Mr. and Mrs. James H. Stetson of
School street have returned from Flori-
da, where they have been spending a
month most delightfully.

The paper on Anne Hutchinson, by
Mrs. John H. Litchfield, of Wollaston
recently read by her at the Unity club
and for Adams Chapter, Daughters of
the Revolution, is considered one of the
finest historical papers written of
Quincy for some time and is worthy of
preservation.

The marriage of Miss Marcia Sayward
Young and Mr. James A. Stetson
Pierce is set for next Wednesday eve-
ning and will be followed by a reception
at the home of the bride's mother, Mrs.
Elizabeth J. Young, 479 Quincy avenue
from eight until ten, for which invita-
tions have been issued.

Mrs. Walter E. Simmons, Jr., and
Master George Everett Simmons are
spending a few weeks with Mrs. George
E. Holmes at Bloomfield, New Jersey.

The hostess for the meeting of the
Friday club, next week, is Mrs. Dexter
E. Wadsworth of Goffe street, and the
chairman of the entertainment com-
mittee for the afternoon is Mrs. John
F. Welch. There are to be brief
sketches on Lord Byron, Shelley and
Keats.

The engagement is announced of
Miss Rilla I. Hayes and Mr. Albert W.
Howe, both of Weymouth.

A pleasing feature of the meeting of
the Philergians, which was held with
Mrs. F. Eugene Dyer of Washington
street, Braintree Monday was the
demonstration lecture on the chafing
dish by Miss Maria W. Howard, cheese
fondue, fricasee of chicken and mush-
rooms, cream cakes, savory oysters,
cheese and olive salad. French dress-
ing and hot fruit salad were prepared
before the club and daintily served.

Founder's day, one of the yearly
events in school life at the Woodward
school, is to be observed next Thurs-
day evening. There will be the usual
fine musical program, followed by a
play.

Miss Jane Reed of Adams street en-
tertains the Junior Friday club, at her
home on Monday afternoon. Miss Fay
Hitchcock is chairman of the literary
program which will include papers on
Disraeli and Gladstone and political
events in English history 1857-1900.

Fred Tupper will give a talk on
"Ranch life" at the meeting of Bethany
Brotherhood next Tuesday evening.

The last of the series of four ger-
mans by Miss Hayward's class in dan-
cing was held at Colonial hall last even-
ing.

QUINCY TEACHERS.

A Corps of 143 Now Required.
--Seven Long In Service.

According to the annual School report
there are in the Quincy public schools
143 teachers, including 9 assistants and
4 special teachers. Sixteen of these
teachers are at the High, and 20 at the
Willard. The other schools have from
8 to 11 inclusive.

Thirty teachers have resigned during
the year.

Two have been absent on leave.
Seven have attended a normal school
but did not graduate.

Forty-seven have graduated from a
normal school.

Eight have attended college but did
not graduate.

Twelve have graduated from college.
Average salary of all teachers in the
first eight grades (not including princi-
pals), \$480.45.

Average salary of all teachers in
grades IX, X, XI, XII, (not including
principal) \$748.92.

Minimum and maximum salary of
principals: Grammar, \$1,000-\$1,400,
High, \$1,800-\$2,200.

Miss Julia E. Underwood continues
at the head in long service having
taught since April 1855, completing
this month her 48th year.

Miss Mary E. Dearborn also of the
Coddington has served the most years
as a principal, her service having com-
menced in 1876.

Other teachers who have taught
twenty-five years are: Miss Emeline A.
Newcomb at the Willard since April
1857; Miss Eliza C. Sheahan at the
Adams since September 1865; Miss
Mary Marden at the Washington since
April 1874; Miss Ellen B. Fegan at the
Willard since June 1875, and Miss
Euphrasia Hernan at the Adams since
April 1878.

Cochato Ball.

The annual ball of the Cochato club
was held in the club hall last evening
and very well attended. Mrs. George
O. Wales, Mrs. George D. Willis, Mrs.
George E. Williams and Mrs. Albert E.
Avery received at the right of the stage.
The ushers were Mr. W. E. Severance,
Mr. C. F. Howe, Mr. H. L. Patten,
Mr. M. T. Swallow, Mr. E. A. Haskell
and Mr. N. B. Wales. Mullyaley's
orchestra occupied the stage behind an
elaborate display of palms, ferns, etc.

The grand march at nine o'clock was
led by President and Mrs. George O.
Wales and they were followed by about
fifty couples.

The dance was in charge of Mr. C. F.
Howe assisted by an efficient corps of
aids. Dancing was very much enjoyed
by all who participated for the floor
was very smooth and the attendance
was considerably lighter than last year.
At intermission the party marched to
the banquet hall where a bountiful
supper was served by one of Boston's
well known caterers.

W. R. C. Quilting Party.

About twenty members of W. R. C.
103 met at the home of Mrs. Charles
Leavitt, West Quincy, Thursday after-
noon. Quilting was the order for the
day. Vocal and instrumental selections
were rendered throughout the after-
noon, and card playing was also in-
dulged in. At four o'clock the dinner
bell of years ago announced that a feast
was ready, and all were invited to partake
of an old fashioned boiled dinner
finely cooked and bountifully served,
followed by pie, cake, fruit, tea and
coffee, and last but not least of all
jelly and cream for the boys. All had
a most delightful time.

Braintree Estimates.

The total recommendations of the
committee on the Braintree town war-
rant foot up to \$102,665.25. These in-
clude \$29,572.00 for schools; \$8,718.75
for highways, bridges, street watering,
sidewalks, etc.; \$6,000 for poor; \$4,225
for fire department, \$8,500 for electric
light department, \$2,190 for police,
\$9,920 for water, including sinking
fund; \$17,932.50 for town debt and
interest; \$2,950.00 for new streets,
\$4,205.00 for salaries, and \$8,245 mis-
cellaneous under various articles of
the warrant.

Half a Million.

The assessed valuation of the public
school property of the city, school-
houses, land, furniture, books, etc., is
\$521,450. There are thirteen buildings
with a capacity of 5,323, but they
really have seats for 5,637.

Colds are Dangerous.

How often you hear it remarked: "It's only
a cold," and a few days later learn that the man
on his back with pneumonia. This is of such
common occurrence that a cold, however slight
should not be disregarded. Chamberlain's
Cough Remedy counteracts any tendency toward
pneumonia. It always cures and is pleasant
to take. Sold by all druggists.

The SOUTHERNERS

By Cyrus Townsend Brady

Author of "Woven With the Ship," "Hobenzeller," "The Quiberon Touch," Etc.

Copyright, 1902, by Cyrus Townsend Brady

CHAPTER XXXVIII—Continued.

Such was the force of the blow that the bow of the Lackawanna was stove in from five feet above to three feet below the water line. Owing to the slant of the casemate of the ironclad, the shattered bows of the Lackawanna, her screws churning the water madly as Marchand strove to force her to override the ram, actually rose out of the water and slid upward along the slanting iron plated sides. Again the deadly rifles on the Tennessee rang out, raking the Lackawanna from bow to stern. As this ship slipped off Marchand swung to port and poured in another futile broadside from his heavy battery at close range upon his mighty and disdainful antagonist.

The monitors were closing in now, and the different vessels of the fleet heading toward the ram delivered broadsides or single shots as the shifting movements of the vessels gave them a clear range. The Tennessee was attacked by ships on both sides and fore and aft as well. All of her guns were in action at the same instant. A mass of flame and smoke and roaring guns, she shook herself free and swept up the bay, and straight at her came the Hartford.

Both vessels were under full steam, and every available ounce of power was churning the screws. They approached each other bows on. The prolongation of their keels would have made a singular straight line. If the Tennessee struck the Hartford in that way she would tear the whole bow out of her. Both vessels would be telescoped, the Hartford would infallibly sink, but she would overrun the Tennessee and it would be impossible for the ironclad to back away before being carried down by the Hartford.

The officers of the squadron who could see through the smoke the two vessels rushing at each other fairly held their breath with anxiety and terror. Forward on the Hartford, leaning over the bows endeavoring to peer down through the smoke at his approaching enemy, stood Drayton. Aft on the port mizzen rigging, standing on the sheer poles, clinging to the forward swifter, the admiral leaned far out watching ahead. The vigilant Watson had seen to it that another line had been passed about him as before, remonstrating vainly with the admiral for his exposed position as he did so. Going at such speed, the two ships already fearfully near, the collision would only be a matter of time, and the results would be fatal to both vessels unless the helm of one or the other were shifted.

The flagship, save for the throb of the engines, was fearfully silent. The officers forward nervously waited for the shock, the men at the guns in the batteries shifted restlessly, the gun captains tightened the lockstrings in their hands, wistful and hopeful that they could get a shot in before they went down, if down they must go. Everybody on the ship was of course aware of the situation, even though most of them could see nothing of it. McFarland, a veteran seaman, who held the helm of the Hartford in every one of her tremendous battles, was at the wheel with two assistants. He was coolly steering the great ship with the mathematical nicety of an expert seaman.

"Quartermaster," called out the sharp voice of the admiral suddenly in the deathlike silence, "keep her steady as she goes! Don't swerve a hair's breadth from your present course!"

"Aye, aye, sir," answered the man at the wheel as with beautiful accuracy he held the heaving vessel straight on her course.

A thrill of relief and anxiety went through the ship. The admiral would try it out then! Bully for the old fighter! He meant to sink the ram if he could even if he went down with her. The Hartford was trembling like an earthquake under the beating of her engines, leaping like a bound through the troubled waters. She was drawing nearer, nearer. Another moment they would be in contact, there would be a struggle for life in the water. Ah, what was that?

Just before reaching the Hartford the bow of the Tennessee swung to starboard. At the last moment Buchanan had concluded it would be wiser for him not to throw away his ship merely to sink the Hartford. He ported his helm suddenly, but not quickly enough to avoid the collision. Instead of striking fairly bows on, however, the Hartford struck the Tennessee on the port bow. A few minutes before the Manhattan had delivered a bolt from her fifteen inch gun fair on the port side of the ram's casemate. It shattered the plating, broke the wooden backing and sent a shower of splinters into the protection nets, but did not penetrate. As the Hartford rasped along the port broadside of the ram she poured a rapid fire upon the casemate from her nine inch guns and one hundred pounder Parrott rifled pivots at a distance of perhaps ten feet. None of her shot penetrated, although the casemate was racked by the blows and some of the port shutters were jammed on their pivots, blocking the guns. As the two ships ground and rasped alongside each other the Hartford's guns, served with

painful rapidity, roared out again. The marines and small arm men poured a rattling fire in at every port.

So close were they as they reeled and grunted together that from where he stood on the mizzen rigging Farragut might have leaped aboard the ram. Meanwhile the fire of the Hartford was returned by the two broadside guns of the Tennessee. Heavy shells ripped through the flagship. One of them exploded, sending a mass of splinters in every direction with terrible effect. One of these huge pieces of timber struck the head of Lieutenant Boyd Peyton, gallantly fighting his division. He was hurled senseless to the red deck of the Hartford.

The Tennessee was now sore beset. The Chickasaw had taken position under her stern, and with a rapidity of fire astonishing, when one considers that the guns were muzzle loaders, she was pouring solid shot upon the ram. The Monongahela fiercely rammed her again on the starboard beam. Broadside after broadside had been hurled upon the casemate from the heavy nine inch guns of the other ships, now fairly surrounding her. She was a very center of fire, a focal point of concentrated converging attack, in the midst of a battle vortex of destruction.

Steaming slowly ahead like a huge wild boar among hounds, she strove vainly to ram or shake off her opponents. Although no shot had penetrated, the damage had been great. The tremendous battering and ramming she had received caused her to leak badly. Her casemate was being so racked by the mighty hammering of the heavy shot that it was only a question of time before the shell would penetrate, explode and end it all. Her engines and machinery, bad at best, were working horribly now, and it was as much as life was worth to stay in the engine room in the face of the repeated shocks of collision and gun fire. All of the port shutters had been jammed by shot, rendering it impossible to fire any of her guns. Still she would not give up.

Admiral Buchanan and a machinist were at one of the ports endeavoring to release a jammed shutter when a heavy shot from the Hartford struck the port sill and, exploding, tore the gunner into bits, so that his remains were actually shoveled up and put in a bucket. A bit of iron driven in by the shell struck the leg of the admiral, fracturing it, and a shower of splinters did great damage.

The Hartford at the same time steamed away from the ram and made a circle to starboard in order to ram her again. As she completed the turn and bore down upon the Tennessee, out of the smoke enshrouding the bay came the bows of the Lackawanna, also endeavoring to ram a second time. At full speed she bore down upon the port quarter of the Hartford. There was a terrible sound of crashing timbers heard even above the roar of the guns as the two ships came together. In the awful impact the Hartford was hurled over nearly on her beam ends and was cut down to within two feet of the water's edge. It was thought for a moment that the flagship was sinking.

The old admiral, with the agility of a boy, ran across the deck, leaped into the mizzen chains and clambered down the sides to take in the extent of the damage. Finding that the Hartford would still float, he sprang back to the deck and repeated his former order that she should ram the Tennessee again.

As the Lackawanna struck the Hartford a cry had arisen all over the flagship which touched Farragut more than perhaps anything that ever happened in his career. "Save the admiral!" "Get the admiral out of the ship!" "Save the admiral!" rang out all over the Hartford.

But the admiral was in no need of saving then. Shattered and battered though she was, the Hartford was still rapidly approaching the Tennessee, by this time reduced to a mere wreck. The ram had not discharged a single gun since those she had fired into the Hartford at the moment of impact. Several of them had been disabled, and others had been put out of action by the jamming of the port shutters. The exposed rudder chains had been shot away by the Chickasaw, and the relieving tackles, with which the attempt had been made to steer the ship, had met the same fate.

The decks of the Tennessee were swept by a perfect storm of shot from a dozen ships. No one could have ventured out there to repair the rudder chains without meeting instant death. She could no longer be steered. She drifted on completely surrounded by the ships, which were pouring in broadsides upon her with relentless and increasing fury. Then the last misfortune overtook her. A shot from the Chickasaw or the Manhattan carried away her raked and battered smokestack. It broke short off just below the casemate, and the smoke poured into the casemate, nearly suffocating the men; the temperature, over 100 degrees at best, rose to over 120. Minus the stack, her fires went down, and she could not make enough steam to drive the engines. She rolled like a helpless

log in the water. She could neither steam nor steer nor fire. It was hot as hell itself in the casemate and the temperature of the fireroom was past be-

She poured a rapid fire upon the casemate from her nine inch guns.

lief. The men were almost asphyxiated in the thickening black smoke. The pounding of the shot on the armor never stopped for a second. And that armor could no longer protect her. Her men were suffocating, fainting, dying. Her admiral was wounded and helpless. Several of her men had been killed outright and many wounded. The Ossipee, running at full speed, was almost upon her. The little Kennebec was gallantly dashing at her. The monitors were closing in. They were making an anvil, a chopping block, of her.

Everything exposed had been shot away long since, including the flagstaff. Farragut's tactics had prevailed. He had simply overwhelmed the ram. She had not had a single opportunity to use her most effective weapon. She had been mobbed, rammed, hammered to pieces by the wooden ships. She had been raked and shattered by the monitors. Captain Johnson, consulting with Admiral Buchanan, finally determined upon her surrender. With a heroism which was only matched by the way he had fought against overwhelming odds, until he was absolutely helpless for offense or defense, he fastened a white flag to a gun rammer and sprang upon the deck or top of the casemate in the midst of that awful storm of shot and shell.

One by one as the Union ships saw the black, smoke grimed, powder stained figure waving the white flag on the top of the ram they ceased their fire and drew off. The Ossipee, however, had too much way to stop. Though her engines were reversed and her helm shifted, she struck the ram a slight blow after she had surrendered. The last effort of the Confederates was over. For one long hour the great Tennessee had heroically fought the whole mighty Union fleet—and in vain.

And this is the general order to the fleet which the splendid old admiral published the next morning:

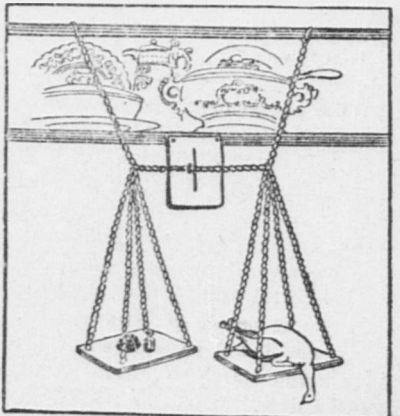

United States Flagship Hartford, Mobile Bay, Aug. 6, 1864. The admiral returns thanks to the officers and crews of the vessels of the fleet for their gallant conduct during the fight of yesterday.

It has never been his good fortune to see men do their duty with more courage and cheerfulness, for although they knew that the enemy was prepared with all devilish means for our destruction, and though they witnessed the almost instantaneous annihilation of our gallant companions in the Tennessee by a torpedo and the slaughter of their friends, messmates and gunmates on our decks, still there were no evidences of hesitation in following their commander in chief through the line of torpedoes and obstructions, of which we knew nothing, except from the exaggerations of the enemy, who had given out that we should all be blown up as certainly as we attempted to enter.

For this noble and implicit confidence in their leader he heartily thanks them. D. G. FARRAGUT. Rear Admiral Commanding W. G. B. Squadron.

(To be Continued.)

A Homemade Scale.
A good enough balance for ordinary purposes is made by suspending two equal pieces of thin board, tin or cardboard from points six inches to right and left of a knot in the middle of a yard long cord, the ends of which are

AN EASY WAY TO WEIGH.

tied to two nails two feet apart. A white card with a mark is tacked up behind the knot. The knot moves to the left when an object is put in the right scale pan. The weights that must be put in the left pan to bring the knot back to the mark give the weight of the object.

If it is a billious attack, take Chamberlain's Stomach and Liver Tablets and a quick recovery is certain. For sale by all druggists.

Job Printing at Ledger office.

CATTLE QUARANTINE

May Extend to New Hampshire Because of Outbreak of Disease

Boston, March 7.—Chairman Peters of the state board of cattle commissioners yesterday discovered another case of foot and mouth disease at the Union market, Watertown. This is the first case to be discovered in this state since Feb. 13. The disease was found in a carload of cattle hilled from Bedford, N. H., to the Brighton abattoir for slaughter. The discovery will probably mean the quarantine of New Hampshire.

When the disease was first discovered last December, less than half a dozen cases were found in New Hampshire and the authorities deemed it unnecessary to quarantine that state. As a result, cattle from that state have been freely coming into Massachusetts, although none could go from Massachusetts elsewhere because of the strict embargo, which even was extended to include the wool of sheep in the Boston warehouses.

It is probable that the latest discovery of the disease in a part of New England which was considered to be wholly free from the foot and mouth disease will make a decided change in the general situation.

Rivalry Creates Suspicion

Boston, March 7.—Professor Hollis, chairman of the Harvard athletic committee, in an article written for the Harvard Graduates' Magazine, suggests giving up the annual football contest with Yale. He says: "The most demoralizing football game played by Harvard during the year is that with Yale. The students of the two universities are, in the main, friendly to one another, but this game seems to arouse their worst impulses. Suspicion is rife, bets are on, and studies are practically suspended during the entire week preceding the game. Certainly Harvard would profit by it, and our students would take the sport with other teams more in the spirit of fun."

More Mixed Than Ever

Lynn, Mass., March 7.—The stitchers in Walter H. Tuttle's factory last night voted to strike and to join the Knights of Labor assembly. They are 35 in number, and are organized at the present time under the Foot and Shoe Workers' union. The strike at the Porter factory was broken today, for 14 masters went to work. They are members of the newly formed Socialists, Trade and Labor alliance.

Alleged Outlaws Identified

Hartford, March 7.—The requisition papers issued by the governor of Missouri and brought here by Sheriff Bruch for the custody of Rudolph and Collins, who are accused of the robbery of the Union, Mo., bank, were honored last night by Governor Chamberlain. The prisoners were positively identified at the jail yesterday by two men from Union, who picked them out from a line of 20 prisoners.

Woman Indicted For Murder

Putnam, Conn., March 7.—After devoting two days to the examination of witnesses, the grand jury last night brought in a true bill against Mrs. Mary Manson, charging her with the murder of Mrs. Julia Wilson. Mrs. Manson is accused of having caused the death of Mrs. Wilson by administering poison. She lived at the Wilson home, taking care of the aged woman, who was in feeble health.

Thinks General Law Better

Boston, March 7.—Governor Bates sent to the legislature yesterday his third veto. It is that of the act to authorize the Fitchburg and Leominster Street Railway company to act as a common carrier between Leominster and Fitchburg. The governor calls attention to the number of such special bills now pending, and thinks such cases should be covered by a general law.

Pensions For Faithful Workers

Lowell, Mass., March 7.—The Talbot Mills company of North Billerica yesterday put into effect a pension system by which employees who have been continuously in the employ of the company shall upon retirement receive a pension based on a percentage of their wage in proportion to length of service. No pension shall exceed \$500.

Against Duty on Boots and Shoes

Boston, March 7.—The Commercial Bulletin prints a series of interviews with the chiefs of the labor unions interested in the boot and shoe industry of New England. All favor a removal of the duty on hides. With one exception all willing to express any opinion favor a removal of the duty on boots and shoes.

Rubber Boots at Dollar a Pair

Naugatuck, Conn., March 7.—Patrick O'Connor, a local insurance agent, was arrested yesterday on a charge of using the mail with intent to defraud. O'Connor is said to have advertised to sell rubber boots of any size at \$1 a pair, and to have filled orders by mailing miniature boots used as toys and ornaments.

Held on Bigamy Charge

Bath, Me., March 7.—Carol H. Carlson was held for the supreme court yesterday after having been heard in the police court on a charge of bigamy. A Mrs. Carlson of Portland appeared against him. A year ago last night Carlson married Mrs. Ida B. Sprague of this city.

Another Drop in Coal Prices

Boston, March 7.—Another reduction in the price of coal is announced. The new prices are: Stove, \$7.50; egg, \$7.25; broken, \$7; Shamokin, \$7.75; Frankin, \$8.50; and bituminous, \$8. The prices for hard coal have ruled at \$8 a ton for the past month.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS Bears the Signature of

Chas. H. Fletcher.

BEST PREPARED COAL IN MARKET.

\$8.00 Per Ton.

J. F. SHEPPARD & SONS.

Quincy, Feb. 17.

The Master Builders' and Traders' Association.

Wish to announce that hereafter a Clerk will be in constant attendance at their rooms, 3 Adams Building, from 8 to 12 A. M. and 1 to 5 P. M., where messages or orders will be received and forwarded to members, with whom your order can be placed for any kind of work by reliable mechanics, IN ANY BRANCH OF THE BUILDING LINE, or any goods or services dealt in by our members.

Our members are DEALERS IN EVERYTHING you use from the foundation of brick block to the complete furnishing of the same. We build buildings large or small or any the same to suit your wants.

Can sell you a cask of lime or a ton of coal, shoe or clip your horse, or build you a wagon heavy or light. Furnish your table from Uneeda Biscuit to the best the market affords. Sell you a suit of clothes, repair your watch, print your wedding cards, or a newspaper for that matter.

If you wish to buy or sell a piece of real estate, or a monument, insure your house or store, or consult a Lawyer, Architect, or Accountant, in fact any kind of business in the city, it will be found represented here and your wants will receive prompt attention.

Stenography and Typewriting by the Clerk while you wait.

Room 5, Adams Building, Tel. 231-2

Quincy, Feb. 11.

Weigh the Child

If it is losing flesh it may indicate worms. If it has indigestion and a variable appetite suspect worms. Other symptoms are: offensive breath; gripings and pains about the navel; eyes dull; itching nose; short, dry cough; grinding of the teeth; starting during sleep; slow fever and often convulsions.

The certain specific for worms is

TRUE'S PIN WORM ELIXIR

It has been used since 1851, and has restored thousands of suffering children. Whenever worms are suspected, give True's Elixir. If worms are present it will expel them, if not it can do no harm but acts as a tonic and cures all the common complaints of children. Price 35 cents, at druggists. Write for free book, "Children and Their Diseases."

DR. J. F. TRUE & CO., Auburn, Me. Special Treatment for Tape Worm. Write for pamphlet.

THE NEXT MORNING AND MY COMPLAINT

My doctor says it acts on the bowels and is a purgative made from herbs, and is not a poison. It is called "Laxative." LANE'S FAM.

All druggists or by mail from Lane's Family Bowels each day. Secretary. Address, Boston.

REVISION OF THE TARIFF

Will Be Attended to by Republicans in Due Time

WARNING FROM GALLINGER

Not to Be Misled by "Voices of Political Sirens"—Reciprocity With Canada Utter Folly—Says We Will Retain Possession of Philippines

Detroit, March 7.—The 18th anniversary banquet of the Michigan club last night was the most brilliant event in the club's history. Four hundred men sat at five long tables. The speakers' table was set on a platform under a canopy of flags and bunting, facing a great flag-draped portrait of President Roosevelt, which hung over the entrance. At the speakers' table were Senator Gallinger of New Hampshire, General Wood and former Senator Thurston of Nebraska, Congressman Smith, Senators Alger and Burrows of Michigan, Captain Alger, president of the club, and a number of other men prominent in Michigan politics.

After a letter of regret had been read from President Roosevelt, Attorney General Blair welcomed the visitors to the state. Senator Gallinger responded to the first toast: "Patriotism and Protection." He spoke, in part, as follows:

In opening, Senator Gallinger contrasted conditions in the country in 1893, the year before the passage of the Dingley law, with conditions in 1902. He pointed out the great increase since 1895 in railroad business, in bank clearances, in savings deposits, in the money in circulation, in the exports of the country and the domestic manufactures, and said:

"These figures tell the story of the difference between low and high tariffs more eloquently and convincingly than tongue of orator could possibly do, and they furnish the highest possible tribute to the wisdom and statesmanship of the great Republican party. And yet," he said, "we have great domestic discontent, and in certain quarters more or less Republican unrest. The Democratic cry is going up for a revision of the tariff and ever and anon we hear the faint voice of the 'Iowa idea' borne in on the breeze."

"Both voices are those of political sirens, to follow which will lead to inevitable economic ruin. As an illustration we are told that reciprocity with Canada is a duty that we should not neglect. Under existing conditions she buys largely from us, more than she sells, precisely the condition we should desire. But there are those who loudly clamor for a reciprocal arrangement that would necessarily benefit Canada and injure the United States."

"What utter folly that would be. Let us stand for our own country against the world, upholding the policies that will best subserve our own interests by building up American industries, fostering American agriculture and selling to the nations of the world more than we buy from them. That is the true policy—the American policy, the policy of the Republican party. As to the revision of the tariff, the Republican party will attend to that in due time, and the revision will be made not according to Democratic ideas, but in consonance with the principles of the party which has always legislated for the best interests of the people of the United States. We have had enough experiences with tariffs for revenue only."

"But we must not forget that prosperity and power bring corresponding duties and responsibilities. In the providence of God we have enabled Cuba to take her place among the nations of the world, a free and independent republic. We have enforced the Monroe doctrine and thus protected our neighbors in South America from possible European aggression. We have, by the fortune of war, come into the possession of the Philippine archipelago and other islands. It is a great responsibility—one that we cannot shirk—a duty that we must faithfully perform. Europe is not to get a foothold on American soil, Cuba is to be protected, and the Philippine islands are to remain in the possession of this great American people, to be lifted by us in due time to the high plane of American citizenship and human liberty. Among these lines our duty lies and this country will not fail to faithfully and fearlessly discharge its duty."

Alleged Forgery of \$7000 Check

Philadelphia, March 7.—Charles T. Molony, general superintendent of the Pennsylvania Warehousing and Safe Deposit company, cashed what is alleged to be a forged check for \$7000 on the Girard National bank on Saturday morning last. The check was presented in person by Molony, it is said, to Paying Teller Johns, who paid over the money without question. Nothing is known of Molony's movements since Monday, when he telephoned to his office that he was not well.

Shot by His Wife

Cambridge, Mass., March 7.—In a fit of jealous rage, which the police claim to have been the termination of a drunken row, Mrs. Bradford Stockton of 16 Somerset street shot and probably fatally injured her husband at their home late yesterday afternoon. With two bullets in his body, and one in the head, which will probably cause his death, the wounded man was taken to the Cambridge hospital vigorously protesting that his injuries were only the result of a fall.

Graves Robbed For Years

Noblesville, Ind., March 7.—Rufus Cantrell, the alleged grave robber, was brought here from Indianapolis yesterday to testify before the grand jury. Cantrell, before the jury, made a full confession of his alleged relations with men who, he says, have been robbing graves in nearly every cemetery in the county for seven or eight years. He said the bodies were taken down the river in boats and hauled to the colleges in wagons.

Old Fighter Is Dead

Omaha, March 7.—Captain W. A. Winder died of cancer here yesterday, aged 80. He won fame on the battlefield of the Mexican and Civil war and for 18 years has been allotting agent of the land department at Rosebud agency, S. D. He was a brother in law of Admiral Dewey and his son is a commander in the navy. The body will be taken to Portsmouth, N. H., for interment.

No Hitch on Seal Question

St. Petersburg, March 7.—Referring to the Behring sea seal arbitration, The Official Messenger says Russia and the United States are fully in concord regarding the general questions connected with the dispute and that Russia reserves the freedom of action necessary for the further treatment of questions in accordance with her own rights and interests.

All Well on Sable Island

Halifax, March 7.—Steamer Lady Laurier returned from Sable island yesterday after landing supplies. The people on the island are all well and no marine disasters have occurred since the visit of the steamer Aberdeen in December. The life saving crew made a tour of the island, but found nothing of the missing Gloucester schooner Annie M. Wesley.

Trimbore Mystery Solved

Great Falls, Mont., March 7.—The mystery surrounding the strange disappearance four years ago of Joseph Trimbore, a wealthy brewer of this city, has been cleared up by the discovery that he is alive in Australia, where he has been living since he dropped out of sight in New York city, where he had gone to close a business deal.

Active War Preparations

San Francisco, March 7.—Advices from Guatemala by steamer Colon state that the war preparations in that country are still going on. The entire army at Guatemala is massed on the frontier of Salvador. Every able-bodied man is being pressed into service.

Seizure of Investment Funds

St. Louis, March 7.—United States Marshal Morsey took possession of \$246,000 in cash and the offices and furniture of John J. Ryan & Co., the trust investment company, yesterday, and will hold the entire amount for distribution among the creditors.

Exceeded Contract Requirements

Norfolk, March 7.—The official trial trip of the torpedo boat destroyer Worden over the Cape Henry course yesterday resulted in the craft exceeding by a very good margin the knots required of her in the building contract.

CHECK SAID TO BE BAD

Prominent Vermont Must Make Explanations to Montpelier Bank

Montpelier, Vt., March 7.—Dr. Waldo K. Harkness of this city was taken into custody yesterday on the charge of having obtained \$2000 from the Montpelier Savings Bank and Trust company on a note which had been declared to be bad. He is said to have turned this money over to the Capital Savings bank to take up notes previously given by him and with which the directors were not satisfied, in response to a demand for redemption or waiver.

After Harkness obtained money on his note at the Montpelier bank some suspicion was aroused by the endorsement on it, and Hamilton S. Peck of Burlington was called on the telephone. He denied endorsing the note, so the bank directors say. Later Sheriff Evans was asked to find Harkness, which he did. The money, however, had been turned over to the Capital bank by this time, this bank naturally not knowing the source of the money which had redeemed notes held by it against Harkness for nearly a year.

W. B. Gates, whose name also is said to have been used, left yesterday morning for the west. Harkness was before the board of directors of the Montpelier bank last night for three hours. He is 30 years old and for years has moved in the best society here.

Alleged Forgery of \$7000 Check

Philadelphia, March 7.—Charles T. Molony, general superintendent of the Pennsylvania Warehousing and Safe Deposit company, cashed what is alleged to be a forged check for \$7000 on the Girard National bank on Saturday morning last. The check was presented in person by Molony, it is said, to Paying Teller Johns, who paid over the money without question. Nothing is known of Molony's movements since Monday, when he telephoned to his office that he was not well.

Shot by His Wife

Cambridge, Mass., March 7.—In a fit of jealous rage, which the police claim to have been the termination of a drunken row, Mrs. Bradford Stockton of 16 Somerset street shot and probably fatally injured her husband at their home late yesterday afternoon. With two bullets in his body, and one in the head, which will probably cause his death, the wounded man was taken to the Cambridge hospital vigorously protesting that his injuries were only the result of a fall.

Graves Robbed For Years

Noblesville, Ind., March 7.—Rufus Cantrell, the alleged grave robber, was brought here from Indianapolis yesterday to testify before the grand jury. Cantrell, before the jury, made a full confession of his alleged relations with men who, he says, have been robbing graves in nearly every cemetery in the county for seven or eight years. Old Fighter Is Dead

Omaha, March 7.—Captain W. A. Winder died of cancer here yesterday, aged 80. He won fame on the battlefield of the Mexican and Civil war and for 18 years has been allotting agent of the land department at Rosebud agency, S. D. He was a brother in law of Admiral Dewey and his son is a commander in the navy. The body will be taken to Portsmouth, N. H., for interment.

No Hitch on Seal Question

St. Petersburg, March 7.—Referring to the Behring sea seal arbitration, The Official Messenger says Russia and the United States are fully in concord regarding the general questions connected with the dispute and that Russia reserves the freedom of action necessary for the further treatment of questions in accordance with her own rights and interests.

All Well on Sable Island

Halifax, March 7.—Steamer Lady Laurier returned from Sable island yesterday after landing supplies. The people on the island are all well and no marine disasters have occurred since the visit of the steamer Aberdeen in December. The life saving crew made a tour of the island, but found nothing of the missing Gloucester schooner Annie M. Wesley.

Trimbore Mystery Solved

Great Falls, Mont., March 7.—The mystery surrounding the strange disappearance four years ago of Joseph Trimbore, a wealthy brewer of this city, has been cleared up by the discovery that he is alive in Australia, where he has been living since he dropped out of sight in New York city, where he had gone to close a business deal.

Active War Preparations

San Francisco, March 7.—Advices from Guatemala by steamer Colon state that the war preparations in that country are still going on. The entire army at Guatemala is massed on the frontier of Salvador. Every able-bodied man is being pressed into service.

Seizure of Investment Funds

St. Louis, March 7.—United States Marshal Morsey took possession of \$246,000 in cash and the offices and furniture of John J. Ryan & Co., the trust investment company, yesterday, and will hold the entire amount for distribution among the creditors.

Exceeded Contract Requirements

Norfolk, March 7.—The official trial trip of the torpedo boat destroyer Worden over the Cape Henry course yesterday resulted in the craft exceeding by a very good margin the knots required of her in the building contract.

THE WEATHER FORECAST.

Almanac, Sunday, March 8.

Sun rises—6:10; sets—5:41.

Moon sets—2:21 a. m.

High water—6:15 a. m.; 6:45 p. m.

The eastern districts are again occupied by an area of high pressure, whose crest overlies New England. There will be rain in New England.

EVIDENCE IS LACKING

Slim Chances of Arrest of Burdick Murderer

POSITION OF MRS PAINE

Will Be Explained in a Statement From Her Legal Adviser to the Press—Much Sympathy Expressed For Murdered Man's Mother-in-Law

Buffalo, March 7.—That the murderer of Edwin L. Burdick will never be brought to justice is becoming a general belief. During the last 36 hours of hard work on the mysterious tragedy not an iota of information of sufficient importance to be termed evidence has been unearthed by the police. The one woman who has been under strong suspicion and who has become known as the "police suspect" is believed to be guiltless, so far as the crime is concerned, by some of the officials of the police department and the district attorney's office, and they are convinced that all efforts to fasten the crime upon her will be unavailing. They do not pretend to have any clear idea who the murderer is; they simply say that the right trail has not been struck. The probability of an immediate arrest being made in the case grows lighter every hour.

Other officials are as sanguine as ever that an arrest will be made. It may be made at any moment; it may not be for a week. Among those who remain unshaken in this belief is Superintendent Bull of the police department. He was asked last evening if he suspected the same person now as being the slayer of Burdick as he did earlier in the week. "I do," he replied, emphatically.

"And do you believe a woman killed Burdick?"

"I do."

"Will the woman be taken into custody tonight?"

"Probably not unless something new turns up."

"Has the clue furnished by Police-Meyer regarding the woman met on Ashland avenue on the night of the murder been abandoned?"

"By no means."

An interesting development of the day was the statement made by Chief of Detectives Cusack that the golf stick theory had been abandoned. He also expressed the conviction that the weapon used was carried away from the house. He is sure of that, but he is not so sure that it was carried to the house of the murderer. Neither will he venture an opinion as to the kind of weapon used.

Dr. Seth T. Paine, whose wife has been mentioned in connection with the case, left his office in Batavia yesterday and paid a visit to his wife at their home. Both Dr. and Mrs. Paine have retained lawyers to look after their interests.

Phillip V. Fennelly, Mrs. Paine's legal adviser, called on her several times during the day. Mrs. Paine was in a happy mood when a reporter called at her home last evening. "Do you know," she said, before any question was asked, "that the detectives have been withdrawn and that neither myself nor my husband are under the surveillance of the police? I feel so happy and free. Actual custody could hardly be worse than what I have endured."

"There are several points, Mrs. Paine, upon which it seems that you might make statements which could not possibly injure you in any circumstances, but which would better enable the public to understand your position."

Mrs. Paine hesitated a few minutes and then asked to be excused. "I think," she continued, "that I had better not. I shall tell all I know to Mr. Fennelly, my lawyer. It is about decided that we shall issue a statement for the papers, but not now. This statement will be prepared by Mr. Fennelly and will, I feel sure, make plain several matters which have been presented to the public in a perverted manner."

Much sympathy has been expressed for Mrs. Maria Hull, Mrs. Burdick's mother. It was she who first discovered the tragedy in the Burdick home last Friday morning. Mrs. Hull is 65 years old. She has always been active in church and charitable work and has a host of friends in religious circles. She is now at the Burdick home on Ashland avenue.

Hartzell & Hartzell, Mrs. Hull's legal advisers, last night said: "Mrs. Hull is absolutely innocent of any connection with this terrible crime. We have been intimately connected with the family for years and we know that this noble woman never had any connection with the crime. We know that it is an absolute impossibility."

Early this morning the police began work on a new clue. They have found a hackman who drove a young woman to the corner of Ashland avenue and Summer street, near the hour of the murder. She carried a satchel and walked toward the Burdick house. The police are investigating some of the women who worked in Burdick's factory.

It is even intimated that hints and suggestions dropped by the authorities during the past two or three days have been a blind to cover up the real object of their investigations. In working the other clue they ran across evidence that led them to believe that they were on the wrong lead. Instead of breaking off their work abruptly it was continued, but with less vigor, while the new evidence was sifted out.

Christian Endeavor.

Topic For the Week Beginning March 8—Comment by Rev. S. H. Doyle.

Topic.—Lessons from the sermon on the mount: What Christ teaches about heart righteousness.—Matt. v. 20-48; vi. 16-18.

Christianity is a religion of grace, but this does not mean that it is a religion of license. Sin is not to abound in the Christian life that grace may much more abound. Christ came not to destroy the law, but to fulfill it. The grace of Christ "is not a pardon of the past with indifference as regards the future. It is forgiveness as a foundation and preparation for a new and better life. More is expected of the Christian than of the Jew, of the convert than of the sinner." No one realized this fact more than Christ, and He took particular pains to lay stress upon it in the sermon on the mount. He demands a superior righteousness of His followers to that of Judaism, what our topic well calls "heart righteousness." What does He teach about it?

1. Christ teaches that Christian righteousness begins in the heart. The righteousness of the Jews was external rather than internal. It consisted too much in the deeds of the hand rather than in a right heart condition. But Christ wanted this order reversed in Christianity; hence He said, "Except your righteousness shall exceed the righteousness of the scribes and Pharisees ye shall in no case enter into the kingdom of heaven." In fasting they disfigured their faces that men might see their pretended devotion. In praying they stood upon the street corners that men might witness their supposed piety. Though guiltless perhaps of overt acts of sin, they were not guiltless of malice and hate and lust within. But Christ demands inward righteousness, internal good will toward brethren and purity of heart as well as of life.

2. Christ teaches that heart righteousness should be cultivated at any sacrifice. To rid the heart as well as the life of sin may require heroic treatment. Actions are much easier controlled than thoughts and imaginations. The hands may be kept clean while the heart is far from pure, but clean hands and pure hearts are both required of those who would find acceptance with God in Christ; hence at any cost heart righteousness should be developed. It should be valued above any physical organ, such as an eye or a hand. God's Spirit alone can create in us clean hearts, and we should depend upon Him to keep us in inward righteousness.

3. Christ teaches that heart righteousness should manifest itself in the life. Reconciliation is to precede the consecration of gifts at God's altar; adversaries are to be agreed with speedily; for any wrong done full retribution is to be made; personal and social oaths are to be avoided; vengeance is to give place to meekness, and in the various relations of life more is to be given than can be legally demanded—for one coat two are to be given; for one mile two miles—that is, Christians who are righteous at heart must also be so in their lives, and not only so, but they must exceed in their lives what can be justly expected of them. They must "love your enemies, bless them that curse you, do good to them that hate you and pray for them that despitefully use you." The standard is high, but by the grace of God we should strive toward it.

BIBLE READINGS.

I Sam. xvi. 7; Ps. li. 10; Prov. iv. 23; Jer. xvii. 10, 11; Ezek. xi. 17-20; xviii. 31, 32; Matt. v. 8; xi. 28-30; Eph. iii. 14-19; Phil. iv. 6, 7.

The Greatest Man.

The Ram's Horn recently asked and solicited answers to these questions: "Who is the greatest man in the world at this moment and why?" The following is one of the answers submitted, paying a tribute to the founder of the Christian Endeavor movement, Rev. Francis E. Clark, D. D.:

Not he is great whose hand is red With blood in mighty conquest shed Till victory marks all his ways And nations sing aloud his praise. Far greater he who opens the door Where Knowledge keeps her treasure store.

Or seeks to banish greed and strife By teaching men high aims in life, But greatest he whose voice and pen Have drawn to God his fellow men And welded in one giant hand The Christian souls of every land.

—John R. Clements.

Its Spiritual Machinery.

When people object to the pledge and say there is too much machinery about the Endeavor idea, let us show them it is spiritual machinery and that there is prayer behind it all.—Heard in a Convention.

God's Right.

Pleading for self surrender in a recent quiet hour service Rev. Dr. Francis E. Clark said, "God has a right to have a chance at us."

Quiz Box.

[Any question may be asked that pertains to any phase of Christian Endeavor work. Address Lock Box 674, Binghamton, N. Y.]

41. O. Detroit, Mich.—All who are interested in systematic, devotional Bible study should read "Bible Study For Personal Spiritual Growth," an address by Mr. John R. Mott. Daily Bible, the official devotional calendar of the New York State Christian Endeavor union, has reprinted this address, together with an address on the Bible by President Roosevelt. A copy of the issue containing these two valuable addresses will be sent free on request. Address Daily Bible, Clifton Springs, N. Y. 42. F. Ithaca, N. Y.—The Binghamton (N. Y.) City Union has secured a dozen copies of "Individual Work For Individuals," by Rev. H. Clay Trumbull, and is circulating them among the various societies to be read by not less than ten persons in each; this as a preliminary step to an aggressive campaign of personal work.

Blind

Staggering Spells on the Street.

Heart Disease Came From LaGrippe.

Dr. Miles' Heart Cure Cured Me.

"Some years ago I contracted a severe case of LaGrippe. I do not know at what stage the heart became affected but the symptoms became so pronounced in time that there was no doubt as to what my trouble was. I suffered severely from shortness of breath, from pain around my heart, nervousness and from pain in my left shoulder and arm. My hands became badly swollen and I was very miserable. I had a number of blind or staggering spells on the street, when I would have to clutch at something for support until the faint and helpless feeling passed off. To complicate the trouble I was in misery most of the time from constipation. Well, I began using Dr. Miles' Heart Cure, Restorative Nerve and Nerve and Liver Pills, and I can't tell you how much good they did me. I am not now troubled with the heart symptoms or nervousness, and the Nerve and Liver Pills are so mild and easy of action that I consider them the best remedy for constipation."—JAMES R. FLUENT, Co. B, 179th N. Y. V. I., Bath, N. Y.

LaGrippe's power is shown oftentimes in its after effects. Then, when the heart has the least vitality, it is called upon for extra labor and to withstand the strain of disease. The nerves are weakened so that they cannot defend the system against disease. Dr. Miles' Nerve and Heart Cure strengthens the nerves and heart, and endows the system with resistive power to withstand the ravages of LaGrippe.

All drugists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

Good Afternoon.

That is a great record and a grand
record for the Massachusetts Fields
graduates of 1902.

Rumor has it that Carrie Nation will
come to Randolph next week. Show
her your town Brother Huxford.

Milton with a valuation in excess of
Quincy, and a low valuation at that, is
in fear of bankruptcy with a debt of
less than half a million. See what the
News says: "The town of Milton has
already suffered the loss of \$308,103 in
taxable personal property, which is a
forewarning of what will soon follow,
unless the tax rate is not restored to its
former equitable rate of \$8 on a thousand.
Take away the immense personal
estate, which amounts to \$11,512,797
and the \$9,949,425 of real estate would
leave a load which would bankrupt the
town with its funded debt of \$483,500
weighing it down.

Chelsea merchants are much stirred
up over a new ordinance which requires
that the curtain of every awning shall
be eight feet from the ground. This
necessitates the moving of nearly every
awning in the city. Heretofore they
have been placed at all heights. In
order to have the ordinance carried out
awning makers and hangers of the city
have been placed under \$1,000 bonds.

We believe Quincy has an ordinance
concerning awnings, but if it has, it is
not enforced, for as in Chelsea the
awnings are at all heights and some
half cover the sidewalks. In most cases
they are a nuisance to pedestrians. A
woman of ordinary height, to say
nothing of most men, cannot walk under
one without stooping. Every awning
curtain should be at least seven feet
above the sidewalk.

Once again the evening services at
Bethany church are being held in the
auditorium. Probably very few are
aware of the fact, that during the winter
many strangers in town have come
to the centre to attend evening service,
only to find the doors of First church
closed and all in darkness. Continuing
toward Bethany church, they would
still find that church door locked, not
knowing services were being held in
the chapel at the rear of the church.
Last Sunday evening as the bells pealed
out the hour of worship, the church
was brightly lighted, the door stood
wide open and the strains of the organ
that were clearly heard on the street,
seem to give a most cordial welcome to
attend the service. Not long ago the
pastor of a prominent church of Boston
took for his text: "Open wide the
church doors, that all may come in."
We hope that the stranger visiting
Quincy, especially in the evening,
will always find an open door of wel-
come.

The next Day Nursery meeting will
be held in the Council room, City
Hall, Tuesday, March 10, at 3 P. M.
The association will be formally or-
ganized, the list of officers announced
with the names of persons who have
contributed or pledged money and
furniture. Mrs. Haynes of Cambridge
who spoke so interestingly on the
subject of Day Nurseries a few weeks
ago will speak again.

EIGHTY PER CENT.

Of Grammar Graduates Enter Higher Schools.

The High School Very Popular.

Woodward Gets 45 and Adams Academy 12.

It will surprise many to learn that
the Massachusetts Fields school sent
more graduates to the High school last
September than any other school build-
ing in the city. Five schools graduated
more but the Massachusetts Fields
granted 29 diplomas, and 23 of the
number are enrolled at the High school.

The Woodward Institute received its
largest number from the Willard, with
the Washington second.

Half of the grammar graduates to
enter Adams academy were from the
Quincy school at Atlantic, The Wol-
laston, Washington and Gridley Bryant
were the only other schools to con-
tribute to Adams academy.

It was surprising that none of the
316 graduates of 1902 entered Thayer
academy.

The Adams school sent three gradu-
ates to other schools.

Five graduates returned to the gram-
mar schools, leaving only 63 or less
than 20 per cent, of the grammar
graduates who left school.

Here are the figures compiled by
Supt. Parlin in the annual School re-
port:

	Diplomas.	High School.	Adams Academy.	Woodward Institute.	Other Schools.	Returned.
Adams,	34	22	0	3	3	6
Coddington,	32	20	0	5	0	7
Gridley Bryant,	23	12	1	5	1	7
John Hancock,	35	17	0	4	1	13
Lincoln,	29	18	0	4	1	6
Mass. Fields,	29	23	0	1	0	5
Quincy,	34	20	6	6	0	1
Washington,	25	11	2	7	1	3
Willard,	45	22	0	8	0	12
Wollaston,	27	19	3	2	0	3
	316	184	12	45	7	53

League Standing.

The result of this week's games in
the Norfolk County League places
Granite City at the top of the list with
a total of 40 points won. Braintree is
second with a total of 39 points won.
North Quincy did not play this week
and their total is therefore unchanged.

North Quincy however will meet the
Granite City team next Thursday night
at the latter's rooms.

As the scores now stand Granite City
and North Quincy have each won ten
points at billiards while Braintree has
but six points.

Braintree leads on pool with thirteen
points with Granite City second with
eleven points, and North Quincy third
with two points.

Braintree also leads at whist with
eleven points. Granite city second with
ten, and North Quincy third with but
two points.

North Quincy, however, has a great
lead at bowling having twenty-one
points to its credit, while Granite City
and Braintree are a tie for second position
with nine points each.

The following table shows the stand-
ing to date:

	Billiards.	Pool.	Whist.	Bowl.	Total.
Granite City,	10	11	10	9	40
North Quincy,	10	2	2	21	35
Braintree,	6	13	11	9	39

Ties—Granite City and Braintree two games
at whist. Granite City and North Quincy at
whist.

The monthly supper and social of the
Wollaston Baptist church was given on
Thursday evening under the auspices of
the Ladies Aid Society. The com-
mittee in charge consisted of Mrs.
George Thomas and Mrs. Gurney as-
sisted by the young ladies of Mrs.
Herbert Pinkham's class and the
young men of Mr. George Brown's
class. At 6.30 about one hundred sat
down to a well-laid table. After the
supper much amusement was afforded
by a number of artists who drew
pictures of animals on the black-board
to be guessed by those present. During
the evening Mr. Ed. Bullock accom-
panied by Mr. Powers sang several
songs which were thoroughly enjoyed
by all.

The telephone is in more general
use in Sweden than any other country.
Rates average \$1 a month, and distance
messages are 8 cents for three minutes
if under 150 miles. A reply is always
forthcoming from the central station in
about ten seconds.

Measuring Party.

A novel and social entertainment was
given in Cochato hall, Braintree by the
Ladies' Aid of All Soul's church,
Thursday evening. The committee in
charge were Mrs. J. G. Spear, Mrs.
O. W. Hollis and Mrs. N. S. Gould.
They mailed printed invitations as
follows: "You are cordially invited to
be present at the social of All Soul's
church Thursday evening, March 5,
1903. The invitations were placed in
little cloth money bags and the bags
in envelopes with cards bearing the
following:

A measuring party is given to you,
'Tis something novel as well as new,
The invitation is in the sack
For use in bringing or sending back
Two cents for every foot you're tall.
Measure yourself on door or wall;
An extra cent for each inch you give.
And thereby show how high you live.
With music and song, recitation and pleasure,
We meet one and all at our party of measure.

The party was very well attended
and many, unable to be present, re-
turned their bags full of pennies. Rev.
Frederick R. Griffin was not present but
the following lines from him explained
his reason for staying at home.

The minister of All Souls,
Suffers from severe colds,
Therefore to the party of measure
He cannot bear his treasure,
But from the people he serves,
His heart never swerves,
So he sends of love's treasure
A tremendous bag in assure.

Fifty-one pieces of white paper,
various lengths and designs were hung
upon the wall of the club hall. The
person guessing correctly the most of
the measurements, some lineal, others
circumference of various designs was
awarded the book "Where American
Independence Began" by Daniel Munro
Wilson. Eben Prescott guessed fifteen
measurements correctly and received the
book.

Mr. J. G. Bailey with his phonograph
delighted the audience. Miss Vesta
Dobson, reader, gave selections which
were received with liberal applause.
Mr. A. G. Ledwith, mandolinist, and
Miss Helen Qualey, pianist delighted
their hearers with duets. They are
musicians we would never tire of listen-
ing to and their selections were gems.
The committee of arrangements are to
be congratulated. They are not to
surprised in Braintree as entertainers.

widow of Walter H. Allison, aged 89 years 5
months.

TANNER—In Braintree, March 3, Mrs. Amy
Ann [S-nord] wife of John Tanner, aged 45
years, 10 months and 28 days.

Delicate Women, School Boys and Girls Must Have Iron

As combined in Peptiron, a
specific and agreeable remedy
for weakness, paleness, nerv-
ousness and exhaustion,
whether due to too many
cares, too many duties, too
much work, too much study,
too close confinement, or other
debilitating influences.

Peptiron gives vital-
ity, vigor,
and a good, healthy color.

It's iron—the greatest of
tonics—in the most approved
form and best combination.

Pronounced Peptiron.

Peptiron is made in two forms: In a liquid—
an aromatic cordial elixir—at \$1 per bottle,
also in chocolate-coated pills at 50c. or \$1
per box. By C. L. HOOD CO., proprietors
Hood's Sarsaparilla, Lowell, Mass., U. S. A.

Selling Agent in Quincy:

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

Rain tonight.
Another beautiful day.
All signs point to an early spring.
Stove coal now sells for 7.50 in Bos-
ton.

The South Quincy Social Club will
give a minstrel show in April.

The Quincy Point club have some
new points for their big debate.

C. F. Derby is out again, having
been confined to the house two weeks
with the grip.

The game of basket ball at St. Mary's
hall tonight will be between the St.
Marys and Cohasset.

The Guild of St. Perpetua will meet
with Miss Rice, South Central avenue
on Thursday at 7.30 P. M.

The past week has been an unusually
quiet one for court business but then it
is always so about town meeting time.

The Wollaston W. C. T. U. will meet
Tuesday, March 10, at three o'clock
with Mrs. George Thomas, 28 Newton
street.

Administration was granted at prob-
ate court this week on the estate of
Ellie A. Sumner late of Quincy to Fred
G. Sumner.

The ladies of the M. E. church, Wol-
laston, are preparing for a sale and
orange supper which promises to be
quite a unique affair.

James F. Burke, the real estate agent
offers for sale today a fine estate on
Irving place, in the heart of the city. A
good chance for a bargain.

A meeting of the Quincy Bar Associ-
ation was held at the District court
room this morning. The business trans-
acted was not made public.

The game of basket ball between
Cambridge and the St. Mary's team
Thursday night resulted in a victory
for the visitors by a score of 21 to 7.

The Gleaner's Circle, King's Daugh-
ters, will meet with Mrs. W. S. Say-
ward, 110 Winthrop avenue, on Mon-
day, March 9 at half past two P. M.

Mrs. Jonathan Williams of Goffe
street who has been confined to her
room all winter is recovering her health
and now joins the family down stairs.

Employees of the Water department,
who have been opening the ground this
week laying water mains, report that
there is practically no frost in the
ground.

Violet culture is a success with
Francis Veazie of Granite street. There
were picked from his hot beds yester-
day 1,100 blossoms and probably 900
were left.

All the trees on the Packard lot at
the corner of Hancock street and Cot-
tage avenue have recently been cut
down and removed. Is Quincy to have
another business block?

Ex-Councilman Arthur W. Newcomb
continues to take an interest in im-
provements for Quincy Neck, as
evidenced by the petition to the City
Council for more street lights.

The rector of St. Chrysostom's church
preached Tuesday evening in Grace
church, North Attleborough, and Sun-
day evening he preaches in Christ
church, Hyde Park.

Rev. Frank Pratt will take for his
subject Sunday morning "Earthly
Immortality." The subject naturally
follows the sermon of last Sunday on
"Personal Influence."

We are to give up the agency of Rev.
D. M. Wilson's book "Where American
Independence Began," so if there are
any who wish to purchase a copy, an
early call at our office is advisable.

The active members of the Quincy
Home Science association met this
morning with Mrs. Henry M. Faxon to
talk over the May festival for children
which is given annually each year at
Quincy Music hall.

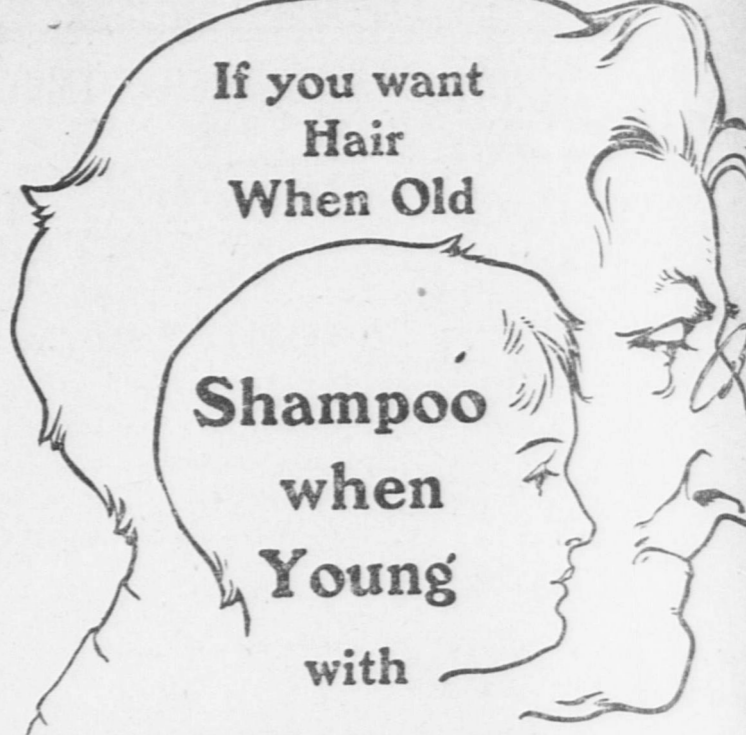

The Woman's Guild of St. Chrysos-
tom's church will hold its regular meet-
ing on Wednesday at 2.30 P. M. at the
rectory. The Guild has an active
membership of forty-two and two
honorary members.

On Sunday evening at seven o'clock
the Rt. Rev. William Lawrence, Bish-
op of Massachusetts, will visit Christ
church and administer the rite of con-
firmation. The members of the class
will meet in the parish house at quar-
ter before seven.

On Wednesday evening the Rev. Miles
H. Gates, rector of St. Stephen's
church, Cohasset, will preach at St.
Chrysostom's church. Mr. Gates was
in the list of special preachers last
year, but a great snow storm made the
service impossible on the evening when
he was to preach.

Cremation does not sound particu-
larly attractive as a subject for an even-
ing's entertainment, nevertheless that
is the subject to be debated at the
meeting of the Wollaston Unity club
next Friday evening at the Unitarian
vestry, and in their hands without
doubt will prove interesting.

CAUGHT NAPPING.

MANY PEOPLE REGRETTED

That they missed the opening chapters of "The Southerners," because everybody says it was an intensely interesting story, and all that was claimed for it by The Daily Ledger----A story of extraordinary merit, with graphic character paintings and strong dramatic situations.

FOREWARNED!

FOREARMED!

Be Ready for the Opening Chapter of the New Serial:

"When Knighthood Was In Flower!"

When Knighthood Was in Flower ~

BY
**CHARLES
MAJOR**

Publication
Will Begin in a Few Days

THIS will be recognized by our readers as one of the much talked of recent novels—a book which everybody wanted to read, but which comparatively few did read. While its enormous sale is witness to its extraordinary popularity, the figures show that it was read by only a very small percentage of the reading population of the United States. Of the great majority who have not read it, many are numbered among our subscribers. Therefore when the opportunity was offered a few days ago to secure the serial rights for our paper we promptly seized it.

**FIRST....
CHAPTER**

MONDAY,

March 16, 1903,

IN THE

QUINCY DAILY LEDGER.

WHEN KNIGHTHOOD ~ ~ ~ ~ ~ WAS IN FLOWER

Or the Love Story of Sir Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth.

Rewritten and rendered into modern English from Sir Edwin Caskoden's Memoir

BY EDWIN CASKODEN (CHARLES MAJOR)

Stanley Weyman and Anthony Hope have in Mr. Charles Major a worthy rival.—ST. LOUIS GLOBE-DEMOCRAT.

The finest love story published in many years.—NEW YORK WORLD.

A stirring warm-blooded love story worthy of its popularity.—CINCINNATI ENQUIRER.

Have You Read

When Knighthood Was in Flower?

You need not buy the book nor borrow it. You can read it in our columns.

We have secured the serial rights for our paper and will begin it in a few days. So if you are a subscriber you can read one of the best recent novels without money and without price.

CHARMINGLY TOLD IN THE QUAIN OLD STYLE.

CLEAN AND WHOLESOME.

JUST ENOUGH HISTORY IN THE ROMANCE TO MAKE IT SEEM REAL.

INTEREST IS MAINTAINED WITHOUT A BREAK TO THE END.

"When Knighthood Was In Flower!"

A GRADUAL DISSOLUTION

Of "Twin Relics of Barbarism"
In the Philippines

MISSION OF GENERAL WOOD

Who Will Study the Problem In Europe While on His Way to Our Asiatic Possessions—Whole Treaty Business to Be Done Away With

Washington, March 7.—The "Twin Relics of Barbarism," slavery and polygamy, which we annexed with a lot of other things when we relieved Spain of her Pacific colonies in 1898, are now to be wiped out in the Asiatic United States as they have been in the United States of North America. That is the real purpose of the assignment of General Wood to duty in the Philippines. In all the official references to his new duties the impression has been conveyed that he was to go into the Moro country to "clean it up" and put things into a more wholesome civic and hygienic condition, as he did in Santiago after the close of the Cuban war; and it is further known that his ultimate destiny is the supreme command in the Philippines, which his friends hope he will be able to make the stepping stone to the head of the army at home.

But Wood will not go to the Philippines by the most direct route. He will pass slowly through Europe and make one or two stops by the way, even after he reaches Asiatic waters. This is with a view to picking up some information and suggestions from European governors of experience in such matters, as to the management of polygamous and slave-holding native people. Meanwhile it will be recalled that the Moros were exempted from the proclamation of peace and amnesty of last July, and that Colonel Baldwin had made an expedition into Mindanao in the spring to discipline the petty potentates there. It is broadly hinted in some military circles in this city that Baldwin could have kept those people from any outbreak by the use of a little tact, but that he was willing to let what began as friction end in an outbreak for the sake of the opportunity it would give our government to demonstrate by an object lesson the strength of its military arm. That demonstration was expected to impress not only the Mindanao Moros but those of the Sulu group.

Some time ago, it may be recalled, there was talk of the forcible abrogation of the Bates treaty with the sultan of Sulu. This was when an insurrection had broken out and we had demanded in vain that the sultan suppress it, so as to keep us, as the sovereign nation, out of trouble with European powers whose subjects had gone into his dominions. He also seemed unexpectedly ineffective in aiding our government to restore order in Mindanao. These events will undoubtedly be made the basis for the new negotiations, and the sultan will be shown the impracticability of continuing longer his present anomalous relations with the United States and the folly of resisting a change.

The whole treaty business will be done away, and the Moros everywhere will be put upon the same footing as the other Filipino tribes, of complete subjection to the laws of the United States. It is probable that General Wood will devise some arrangement whereby the "twin relics" will be dissolved gradually and the slaves and the surplus wives provided for and saved from suffering as a consequence of their altered status.

Jury's Charitable Conclusion
Chicago, March 7.—Rev. J. M. Caldwell, at one time a presiding elder of the Methodist Episcopal church, was declared insane yesterday by a jury. The hearing was the outcome of an alleged attempt by Caldwell to commit suicide after having been arrested on a charge of disorderly conduct. He has resigned from the ministry and given up his church membership.

Insanity Plea In Knapp Case
Hamilton, O., March 7.—Alfred A. Knapp, the self-confessed murderer, was visited yesterday by his Cincinnati attorneys. The defense will plead insanity. Knapp's fourth wife, parents, brother, sisters and brothers-in-law will testify that Knapp has not been right mentally since he was kicked by a colt when he was 5 years old.

Will Push Protocols to Conclusion
Washington, March 7.—Herbert W. Bowen, who went to Brooklyn to attend the funeral of his mother, returned to Washington last night. He will resume immediately the negotiations for the signing of the protocols for the settlement of the claims of foreign governments against Venezuela.

Pope's Condition Improved
Rome, March 7.—Although the pope is not yet restored to his normal condition, he is so much better that he gave his usual audience to Cardinal Rampolla yesterday and later had a conference with the sub-secretary of state.

Wisconsin Railroads to Be Taxed
Madison, Wis., March 7.—In the assembly yesterday the bill providing for the taxation of railroad companies on the ad valorem basis was passed by unanimous vote.

Beckham's Eligibility Affirmed
Versailles, Ky., March 7.—Judge Cantrell yesterday afternoon decided that Governor Beckham is eligible for re-election as governor of Kentucky.

WEEKLY TRADE REVIEW

Nothing Done by Congress to Disturb Generally Satisfactory Conditions
New York, March 7.—R. G. Dun & Co.'s Weekly Review of Trade says: Congress has adjourned after a very satisfactory session, in so far as trade and industry are concerned. No disturbing legislation has been enacted to unsettle the business situation and there is reason to look for much benefit from the organization of a department of commerce and labor. Financial interests regret no currency measure was passed but, as none was anticipated, there is no disappointment.

Spring retail trade has opened very well in many lines, notably wearing apparel. Permits for building operations show large gains over last year's figures, giving additional strength to lumber and other materials. Prices of commodities scarcely altered in the aggregate during February.

Foreign trade continues very heavy. Imports of merchandise at the port of New York for the last week exceeding those of the same week last year by \$4,340,843. The gain was especially notable in dry goods.

Exporters are growing very conservative in regard to accepting contracts calling for distant deliveries of cotton goods, owing to the extreme uncertainty as to what the raw material will cost.

Export trade is slow. Print cloths are higher. Dealings are small in woollens and worsteds, but mills are fully occupied. The spring clothing trade is satisfactory. A firmer tone is reported in the dress goods division.

Footwear has lost nothing in strength, but somewhat in activity, as buyers are placing orders cautiously. A large volume of contracts could be taken at old prices.

Sweeping Verdict Expected

Newark, N. J., March 7.—The coroner's jury which is investigating the Clifton avenue disaster, when a collision between a trolley car and a Delaware and Lackawanna railroad train resulted in the death of several schoolgirls, are going over the complete transcripts of the evidence as supplied by the stenographer with a view of covering every point as to responsibility and in order to make practical recommendations looking to the prevention of like disasters. The verdict is expected to be sweeping.

Desperate Attempt at Robbery

Johannesburg, March 7.—An attempt at highway robbery in the center of Johannesburg was made yesterday. A couple of men attacked two customs officers conveying \$25,000 to the bank and, throwing pepper in their eyes, secured the money bags, which they threw to a horseman, who galloped off. The horseman in his flight knocked down a man named Brandon, who was fatally injured and soon expired. Subsequently the horse bolted and unseated its rider, who was then arrested and the money recovered.

Hard Fight For Judgeship

Detroit, March 7.—Judge Frank A. Hooker was last night renominated for justice of the supreme court of this state for a term of 10 years by the Republican state convention after one of the stormiest conventions held in this state for several years. Seven candidates were in the field against Hooker. The convention was stampeded during the taking of the sixth ballot in the interest of Judge Kinn, but the seventh ballot gave a large majority for Hooker.

King's Horse Next to Last

London, March 7.—Amoosh II, King Edward's candidate for the grand national steeplechase, to be run at Liverpool March 27, was defeated yesterday in the race for the grand military gold cup at the Sandown Park steeplechase meeting, being only able to run third out of four starters.

Getting Upper Hand of Epidemic

Ithaca, N. Y., March 7.—There is now a marked decrease in the number of new typhoid fever cases in Ithaca and the general situation is very much improved. Physicians agree that the chief danger at present lies in secondary infection.

NEWS IN BRIEF

All agreements between glass manufacturers and jobbers are now off and an open market with much lower prices will be the next thing in order in the window glass industry.

Elber U. Smith, for 55 years continuously the editor of the *Adventist Review and Herald*, and an author who is known all over the world among that denomination, died suddenly at his home at Battle Creek, Mich.

Chief of Ordnance Crozier has made contracts with the Treadwell Iron works of Richmond and the Cowdrey company of Massachusetts for 200 cast-iron projectiles, model of 1903, including 5, 6 and 10-inch shot, 12-inch rifle shot and 12-inch mortar shot.

The sugar producers of Germany want the government to introduce the Austrian system of allotting to both refiners and raw factories the amount of sugar they may produce yearly.

Andrew B. Rogers, member of the electoral college which elected President Harrison, died at his home in Brooklyn. He was a delegate to many Republican national conventions.

J. H. Ellis, one of the foremost citizens of Rockport, Me., and a pioneer in the lime business, is dead. He had represented the town in the legislature and was president of the Camden National bank.

Miss Virna Woods, who dramatized Ouida's "Strathmore," died at Sacramento, Cal., of pneumonia. Miss Woods was also the author of "Horatio," a Roman tragedy.

George MacCauley, once a famous jockey, died at Butte, Mont., in destitute circumstances.

MALABAR

By Frank H. Sweet

Copyright, 1902, by the S. S. McClure Company

"Do you think Malabar will run?"

The girl did not reply, but her lips began to tremble. The face of the man bending toward her grew dark, but it was the darkness of despair, not of purpose.

"Perhaps if he knew what you have told me," he hesitated. "Malabar is brave and strong and noble. He would not stoop to a small deed."

"I promised him with the new year that he should run for me at the green corn dance. I—I did not know then," looking piteously into the gloomy, delicate face above her. "Malabar would not stoop to a small deed—no. But this is not small. He has let it be known that he will run for me. He would not turn from his purpose a hair's breadth—not if he saw something in front that would crush him. And—and it is right for a great warrior, Ankona, but it is hard."

"We will fly, White Egret, into the deepest fastnesses of the Everglades!" he cried hoarsely. "There are places where even Malabar's relentless arms would be powerless."

But White Egret only looked at him with sorrowful eyes.

"We are Seminoles, Ankona," she rebuked gently. "You know our laws. You would be the last one to break them."

His arm fell back impotent. Yes; he would be the last one to break them.

"Perhaps Malabar will not be proof against the black drink this time," he suggested. "He has killed, and it will be made strong. Others have died. But, no, no! Malabar is a great chief and a better man for the tribe than I. He has tasted the black drink before and will not die."

"You say well, Ankona," broke in a stern, powerful voice, and a figure, dark, towering and implacable, stepped from the gathering shadows. "I shall not fall before the black draft. It would not be a fit ending for a warrior."

White Egret threw back her head and regarded him steadily. Ankona bowed his head.

"You heard all?" he questioned in a strained voice.

"All," calmly. "It was childish prattle. I shall run for the White Egret, for have I not said it, and has she not made her promise? It is only when we forget our promises that we become weak and childish. Ankona is young yet and should be humored. I will let him run the race with me and will give him one-third the distance start as due to his weakness. Now go!"

They went, with a single despairing glance toward each other. Ankona's face was bloodless and set—bloodless with pride crushed, set with foreknowledge of utter inability to cope with this man of iron will and strength. Better be crushed than allowed to exist by suffering.

Other forms were appearing from the forest—warriors in full headdress and leggings, carrying the guns they had purchased from white traders; squaws with camp equipage, medicine men stalking solemnly and mysteriously, with eyes bent upon the ground; children and dogs, some from Okeechobee, some from the shifting camp among the keys—all coming for the great annual green corn dance, where tribal laws were to be made, marriages celebrated and criminals punished.

These criminals were now moving unwatched, unnoticed, in many cases unknown even among the others. Whatever crime they had committed during the year had gone unpunished at the time, but now tribal honor brought them here to expiate their misdeeds. On the morrow they would be placed in closely shut tents and almost suffocated with steam made by pouring water upon hot stones. After that they would drink of the black draft. If they died, they were guilty. On the other hand, if they were strong enough to survive, their innocence would be clearly established. Later the racing for wives would take place.

Malabar was known to every one—revered, feared, honored. All knew that he was to race for a wife and that before the race he was to drink the dreaded black draft. Ordinarily they would have scoffed at such absurdity. If a man drank and lived, it would be a notable proof of strength, but to drink and live and then race for a wife! As to his crime, it was only what any of them would have done if brave enough. He had killed a man! True, but he had been provoked. He must be punished, for that was the law, but they did not wish him harm.

And they all knew Ankona, the gentle one, the dreamer and story maker, and, though none of them revered or feared him, they all had a tender place for him in their hearts. If he could race with White Egret and win her, they would be glad. But Malabar came first, for White Egret herself had made it so.

Malabar was the first who presented himself for punishment. While he was in the closed tent the tribe stood about silent, with eyes furtively watching the point whence the condemned would walk forth innocent or be brought forth guilty.

At length the tent flap was raised, and he staggered out. For a moment he stood there in the sunlight, his hand to his head, swaying blindly. Then they saw him throw his shoulders back with a mighty effort, as one whose will was strong enough to cast off the weight of all things. Slowly he turned

away from them and strode into the forest to be by himself. That, too, was Malabar's way.

Not until the maidens were brought forth did Malabar reappear.

"I will race for my squaw at once," he called in a voice that all could hear, "before the White Egret grows weak through waiting, and I shall give her one-half the distance start because she is a woman. Ankona will also enter the race with me, and I will give him one-third the distance because he is but half a man. Let them be placed."

The spectators stared and gasped. Ankona, his rival, to enter the race and to be given one-third the distance, and White Egret, the fleet footed, to be given one-half! No one could win a race thus handicapped. And yet was it not Malabar?

He swept them with his glance. "I shall win," he said confidently, "because I will have it so."

Ankona had been watching him with baleful eyes. For an instant he drew back as though to spurn the concession. Then, as he saw White Egret being led forward to her place, he hurried to his own position.

And for a brief space after the signal was given and they were speeding on with straining muscles he had a wild, insane belief that he would win.

But only for a brief space. Then came that steady, accelerating, implacable rush behind, drawing nearer and nearer, then opposite, then passing. When three-fourths of the distance had been covered, Malabar was four march paces ahead. Suddenly he turned. White Egret was almost within his reach.

"Stop, Ankona!" Malabar called. "Have I not won?"

Ankona did not answer.

"Have I not won?" sternly.

"Yes, Malabar, you have won," Ankona answered, and his voice was full of a great despair.

"It is well. Now you may go on and catch the girl. Malabar will have no squaw who does not come to him willingly."

And he turned proudly from the race and strode back into the forest.

Some Remarkable Guns.

At the siege of Rhodes the Turks constructed mortars by hollowing out cavities in the solid rock at the proper angle, and in the arsenal at Malta is a trophy of the long and glorious defense of Valetta, in a Turkish gun, about a six pounder, composed of a copper tube coiled over with strong rope and "jacketed" with rawhide. In the same collection are some antique "quick firers," breechloaders, with small bores and immensely long barrels, like punt guns. The Malay pirates put great trust in the long brass swivel guns called "lela," and in Borneo these lelas were used as a kind of currency, large sums being estimated in guns.

The Chinese cast excellent bronze guns (there is a fine specimen of them in Devonport dockyard), but so little did they understand gunnery that in the so called "opium war" the forts of the Bocca Tigris, defending the Canton river, had the guns built immovably into the walls. The Sikh gunners opposed to us in the two Punjab wars, though they loaded with amazing recklessness, shoveling in the powder from open boxes, stuck to their guns to the last. The blood of the first man killed was smeared on the gun, and the whole detachment died beside it sooner than retreat.—Chambers' Journal.

His Pet Superstition.

"Superstition seems to be connected in the minds of most people with women, ladders, rabbits' feet and horse-shoes," said the young girl at the piano. "As a matter of fact, however, I know that men are fully as superstitious as the women of my acquaintance, and sometimes more so. One young man of my acquaintance, for instance, who has literary yearnings and who feels sure he could astonish the public with his brilliant stories if he could only get some editor to accept them, spends his summers in the country gathering inspiration, local color and—four leaf clovers. When winter comes he returns to his hall room in the city, writes stories by the wholesale and dispatches with each consignment to the editors a four leaf clover. Sometimes the articles are accepted, and then the writer ascribes his success to the talisman. More often, however, they are returned, with the mascot in a more or less crumpled condition, and he spends what leisure hours he has in trying to figure out why it is those clovers don't work every time. Never for a moment does he ascribe failure to any faults in his manuscripts. Isn't that the limit in the way of superstition?"—Philadelphia Ledger.

A Batch of Anecdotes.

Some interesting anecdotes and gossip, new and old, of the law courts are given in the English Illustrated Magazine. The writer of the article, Mr. A. J. Hughes, was once present in court when a juror who opened the ball by saying, "This case, my lord, really lies in a nutshell," received the reply, "You crack it then."

There have been times when clever witnesses have got the better of counsel in a skirmish of words. When the farrier was asked where he got his knowledge of the mare's age from, he said, "From the mare's own mouth, sir."

Irish lawyers are generally endowed by Dame Nature with quick wits. Among them all, perhaps, Curran held the palm for lightness and vivacity. When some one told him that no student should be called to the bar who did not possess a landed estate of his own, he retorted, "How many acres make a wiseacre?"

But it was a Scotsman, appropriately enough Lord Brougham, who, seeing his horses take fright, yelled to the coachman, "Drive into something cheap!"

CITY BREVITIES.

The City Council Committee on Streets met last evening.

The City Council Committee on Sewers and Drains will view the Chubbuck street nuisance today.

The Water department is laying a six inch water main on Billings road between Hancock street and the Norfolk Downs depot.

The excavating for the cellar for the new school building at Quincy Point has been completed and work has been commenced building the foundation wall.

Rev. W. W. Dornan of the Winthrop church, Holbrook, formerly of Quincy, is to preach on Sunday afternoon at four o'clock at the First Congregational church, Braintree.

The Board of Health held a meeting last evening to consider the famous Chubbuck street nuisance. The inspector of the board made his report after which the matter was discussed, but no final action taken.

U. O. G. C. held a whist party in Wilson's hall on Thursday evening. Souvenirs were awarded as follows: Mr. Jones, centre table; Mrs. Spooner, china clock; Mrs. C. Fletcher, decorated teapot; Mrs. M. Robertson, bust Baby Stuart; Mrs. C. Mitchell, china cake plate; Mrs. G. Craig, umbrella stand; Mrs. B. Porterfield, half dozen glasses.

—As a striking example of how times change we have the League of American Wheelmen, which five years ago, when it was in its strength, possessed a membership of 103,000, which in four years had dropped to 10,009, and now the rolls contain the names of only 5,380. At the first date there were fifty influential papers devoted exclusively to the sport of bicycling, and now there is only one. As a body, the organization has lost all its once great power and will doubtless soon disintegrate and be known only in the memories of those enthusiasts who once belonged to it.—Old Colony Memorial.

—There are said to be 30,000 Aلدens in the country, descendants of John and Priscilla. This is the sort of infant industry President Eliot would like to see perpetuated.—Mansfield News.

IT HAS
BEEN SAID

That it takes a rich man to draw a check, a horse to draw a cart, a pretty girl to draw attention, a toper to draw a cork, a free lunch to draw a crowd, and an advertisement in the home paper to draw trade.

TO CONQUER DISEASE

AIM OF THE ROCKEFELLER INSTITUTE
OF MEDICAL RESEARCH.

Comprehensive Laboratories and Hospital Planned—Science to Probe Cause of Disease—People Will Be Taught Hygiene.

Worldwide in its comprehensiveness and splendid in its possibilities is the Rockefeller Institute For Medical Research, the latest benefaction which John D. Rockefeller is planning for humanity. The institute was founded by Mr. Rockefeller about two years ago by a gift of \$200,000, and a few days ago this sum was augmented by \$1,000,000, with the implied promise that several more millions will be forthcoming as the needs of the institute, which is yet in its infancy, demand.

The institution is intended to be national in its scope, but will be established in New York city, its careful investigation has satisfied the directors that that city is the best location. The aim of the institute is to furnish facilities of wide proportions for original investigation, particularly in such problems in medicine and hygiene as have a practical bearing on the prevention and cure of disease.

The plans call for the purchase of a large site in New York city. A model laboratory building will at once be erected and be so arranged as to permit of such extension as the growth of the work may necessitate. In this building will be provided the most elaborate equipment for investigation in departments of physiological chemistry, hygiene and preventive medicine, pharmacology and therapeutics, normal and pathological physiology and the study of bacteria and other micro-organisms.

In order to ally the research work of the Rockefeller institute closely with practical medicine it is the purpose of the directors to erect in the near future a hospital where special groups of patients may be treated, as it is one of the functions of this benefaction not only to discover the causes of disease, but to develop new methods of treatment.

Plans for this new building are already under consideration and it is expected that the first laboratory will be ready for work by October, 1904. But the ultimate plans are broader than these outlined. It is the aim of the directors not only to increase knowledge of the cause and cure of disease, but to educate the people generally in matters of hygiene. This it is hoped may

DR. SIMON FLEXNER.

be promoted by popular public lectures, an elaborate hygienic museum and the diffusion of suitable popular literature.

The staff of the laboratory will consist of a chief director, directors of the different departments mentioned, each with his permanent assistants. All of these, it is expected, will receive a compensation sufficient to retain them in the institute.

Besides, there will be a class of workers whose association will be less permanent. These will be termed fellows, scholars, etc., to whom grants of money of varying amounts will be given. There will thus be quite a large corps of permanent, well trained persons, whose entire time will be devoted to research work. It is also intended that provision will be made for voluntary independent workers who may wish to avail themselves of the resources of the institute to work out their own special problems under such supervision as may be afforded them.

Dr. Simon Flexner, who has been chosen director of the laboratory of the institute, is now professor of pathology at the University of Pennsylvania. He is a native of Louisville and is forty years old. He is a graduate of the University of Louisville and for some years was professor of pathology at the Johns Hopkins university at Baltimore, from which place he went to Philadelphia. Dr. Flexner is a fellow of the College of Physicians of Philadelphia, member of the Association of American Physicians and corresponding member of the Medico-Chirurgical society of Bologna. He was one of the commission sent to the Philippines to study the subject of army dysentery.

This institute, which it is thought will involve an expenditure of \$10,000,000 when Mr. Rockefeller's plans are fully carried out, will have much in common with the great institutions of research in Europe, but it will have some features which are quite its own. Besides the great aid to scientific inquiry and experiment which Mr. Rockefeller's plans aim to obtain it is his hope that the greatest possible practical general good may be achieved.

LIVING ROOM COMFORT.

It is a matter of regret, that too little attention is paid in these modern days, to making the living room the comfortable, cosy, restful room that it should be. The trouble is that too many people keep putting off the purchase of just this sort of thing, and time slips by with half the comforts of life not realized. Our low prices are tempting, our co-operative plan of paying does the rest, and your dreams in this direction may be quickly realized if you visit this store.

Couches

50 different styles to choose from.
Ranging in price from \$4.75 to \$25.00.

Service Couches, \$6.50 to \$10.00.
Turkish " \$10.50 to \$15.00.
Tony " \$16.00 to \$25.00.

Bed Couches, Student Couches,
Drop Arm Sofas, Bed Lounges,
Plain Lounges.

Large variety of coverings to select from.

Morris Chairs

40 odd styles in Oak, Mahogany or Dutch Frames, from \$4.50 to \$20.00.

Greatest value on earth from \$6.00 to \$12.00.

Morris Rockers

Something new, very comfortable, \$10.00 to \$15.00.

Dutch Furniture

The latest craze is Dutch Furniture or the weathered oak finish. We have complete sets of this furniture, as well as odd pieces. Colonial designs, mission designs. Tables, Desks, Chairs, Rockers, Clocks, Book Cases, etc.

Prairie Grass Furniture

Something new, very attractive, very desirable, very comfortable.

Odd Rockers

In wood seats or upholstered seats, plain or fancy, we show over 200 patterns.

Easy Chairs

In large variety, Rattan Chairs and Rockers.

Desks, Book Cases, Tables and all the essential fittings that go to make a living room comfortable attractive and convenient.

HENRY L. KINCAIDE & CO.,

Furniture Store and Annex, Hancock Street, Quincy.

Open Monday, Friday and Saturday Evenings.

Short Credit Accounts When Desired.

SUNDAY SERVICES.

2D SUNDAY IN LENT.

Church services are inserted in this paper without charge, but none will be accepted to run until further order. A notice should be sent each week even though it is but a renewal. Give subject and special services when possible. Let all churches be represented.—Eds.

CHRIST CHURCH, Quincy, corner Elm street and Quincy avenue—Rev. W. E. Gardner, rector. Holy communion in the church at 8.30 A. M. Morning prayer and sermon at 10.30 preaching by the rector. Subject: "What is Sin?" Sunday School in the Parish House at 12.05 M. Evening prayer, confirmation and sermon at 7 o'clock. Sermon by the Rt. Rev. William Lawrence, D. D., Bishop of Massachusetts.

FIRST UNITARIAN CHURCH—Rev. E. C. Butler, pastor. Morning service at 10.30. Preaching by Rev. E. D. Towle of Brookline. Sunday School at 12 M.

BETHANY CONGREGATIONAL CHURCH, junction Hancock and Chestnut streets—Rev. E. N. Hardy, pastor. Morning service at 10.30. Preaching by Rev. C. F. Hill Crathern of South Braintree in exchange. Sunday School at 12 M. Y. P. S. C. E. at 6.15 P. M. Evening church service at 7.30 in church auditorium. Subject: "The Power of the Undercurrent." Miss Dorothy Whittey will sing a solo. Everyone invited.

UNIVERSALIST CHURCH, Washington street—Rev. Merrill C. Ward pastor. Residence, 18 Ashmont street, Dorchester. Service of divine worship at 2.30 P. M. Preaching by pastor. "The Universalist View of Evil." Sunday School at 3.45 P. M.

CHRISTADELPHIAN BIBLE LECTURE—At Orangemen's Hall, 1449 Hancock street, 7 P. M. Subject: "The Desire of All Nations." All are welcome. Seats free. No collection.

FIRST UNITED PRESBYTERIAN CHURCH, Fort Square—Rev. W. B. Barr, pastor. Congregational prayer meeting at 10 o'clock. Service at 10.30 A. M., by pastor. The sixth lecture of a series on the "Sermon on the Mount." Subject: "The Antisepic of the World." Sabbath School and Bible class at 12 noon. Y. P. C. E. meeting at 6.00 P. M. Leader, Mrs. Malcolm McKenzie. Reception and introduction of eighteen new members. Address by the President, Mr. James McDonald, and the pastor. Special music. Preaching at 7 o'clock. Subject: "What Salvation Cost Us." Everybody especially invited who go nowhere to church.

FIRST PRESBYTERIAN CHURCH, Water and Quincy streets—Rev. J. Todd, D. D., pastor. Service at 10.30 A. M. Preaching by Rev. Hector McLean MacKinnon, B. D., during the pastor's absence. Sunday School and Bible class at 12 M. Junior C. E. at 3 P. M. Senior Christian Endeavor at 6 P. M. Evening service at 7 o'clock. Mid-week service Thursday evening. All are cordially invited. Seats free.

METHODIST EPISCOPAL CHURCH, WEST QUINCY—Rev. David L. Martin, Ph. D., pastor. Morning service at 10.30. Subject: "The First Missionary." Sunday School at 11.45. Epworth League at 6.00. Preaching at 7 o'clock by Rev. Roscoe D. Tarbox assistant pastor.

ST. CHRYSOSTOM'S CHURCH—Rev. Carlton P. Mills, rector. 9.45 A. M., holy communion. 10.45 A. M., Morning prayer and sermon. 12.20 P. M., Sunday School. 4.30 o'clock evening prayer and address. 8.00 P. M., Wednesday, evening prayer and sermon.

WOLLASTON UNITARIAN CHURCH—Rev. Frank Wright Pratt, pastor. Morning service at 10.45. Preaching by the pastor. Sunday School at 12. Evening service at 7. Subject: "The Passion Play." Stereopticon. Orchestra. All are cordially invited.

CONGREGATIONAL CHURCH, WOLLASTON—Rev. Edward Abbott Chase minister. Morning service at 10.45. Preaching by minister, especially to men. Subject: "The foolish rich man." The old parable told by Frank Norris in his story called "The Pit." Sunday School at 12.15 P. M. Y. P. S. C. E. at 6.30 P. M. Vesper service at 4 P. M. Subject: "The Plymouth Hymnal; themes suggested by the 16th anniversary of Henry Ward Beecher's death."

WOLLASTON BAPTIST CHURCH—Rev. Edmund D. Webber, pastor. Morning service at 10.45. Preaching by pastor. Subject: "Knowledge and Character." Sunday School at 12.10. Prayer and praise service conducted by the Y. P. S. C. E. at 6.30 P. M.

WOLLASTON METHODIST CHURCH, corner Beale and Safford streets—Rev. Jesse Wagner, pastor. Residence, 78 Lincoln avenue. Mar. 8. Morning service at 10.45. Preaching by Rev. S. F. Upham, D. D., of Madison, N. J. Sunday School at 12.10. Epworth League meeting at 6 o'clock. People's service at 7 o'clock. Good music led by orchestra. All are welcome.

MEMORIAL CONGREGATIONAL CHURCH, ATLANTIC—Rev. J. H. Whitaker, pastor.

Morning service at 10.45. Sermon by pastor. Subject: "The Divine Friendship." Sunday School at 12 M. Evening service at 7 o'clock. Miss Bessie Drew is to be the soloist next Sunday morning. You are cordially invited.

ATLANTIC METHODIST CHURCH, corner Newbury avenue and Squantum street. Rev. B. D. Beck, pastor. Morning service at 10.45 o'clock. Sermon by pastor. Subject: "The Springs that feed our Lives." Sunday School at 12 M. Epworth League at 6 P. M. Leader, Rev. Harry C. King. At 7 o'clock, song service led by chorus choir. Brief sermon by Mr. King. Subject: "The Work of Morgan Chapel." All seats free. Every one invited.

FIRST CHURCH OF CHRIST, SCIENTIST, of Braintree, Christian Science Hall on Washington street, south of Hollis avenue.—Morning service 10.45. Subject: "Substance." Golden text: "For ye had compassion of me in my bonds, and took joyfully the spoiling of your goods, knowing in yourselves that ye have in heaven a better and enduring substance." Hebrews 10:34. Sunday School at 10.45 A. M. Wednesday 7.45 P. M., a testimony and experience meeting. Reading room open Tuesday, Thursday and Friday afternoons from 3 to 5 and Tuesday evenings from 7 to 9 of every week. All are welcome.

Clearly a Novice.

BOSTON AMUSEMENTS.

COLONIAL THEATRE.

The enormous receipts to which the Drury Lane spectacle, "The Sleeping Beauty and the Beast," is now playing at the Colonial Theatre, Boston, bid fair to eclipse those realized in New York. Ever since the first performance at the Colonial standing room has been at a premium, and it will be well for local theatre-goers who intend journeying to the Hub to witness this attraction to write ahead so that satisfactory seat locations may be reserved for them. Owing to the tremendous number of requests daily received from out of town theatre-goers, Klaw & Erlanger, in conjunction with Rich, Harris and Charles Frohman, have established a special mailing department at the theatre, which insures prompt attention to all mail orders. Added to this is the fact that seats may be secured three weeks in advance.

There is enough entertainment of every character in "The Sleeping Beauty and the Beast" to satisfy the most extravagant desires. Comedy, romantic drama and spectacle are artistically blended in the wonderful conglomeration displayed in this novel entertainment. From the rise to the fall of the curtain something new is shown every moment, and laughter and exclamations of wonder follow in rapid succession.

The ballet of "The Four Seasons" in which the Grigolatis Troupe of Aerialists introduce their marvelous Flying Ballet features, has created a sensation never before anticipated in local theatrical amusements. This scene, in addition to the Enchanted Palace of Crystal in the last act, showing the Prismatic Fountain throwing water many feet into the air, satisfies the eye so completely that the spectator invariably considers it alone worth the price of admission. But these are only two of the thirty-seven scenes that make up the performance.

CASTLE SQUARE THEATRE.

At the Castle Square Theatre next week the attraction will be the English melodrama "Humanity" written by Sutton Vane several years ago. It has all the interest for which the work of this skillful playwright is noted and affords splendid opportunities for elaborate stage effects. The great scene of the ruined Abbey will be of notable beauty, and in that of the explosion an exhibition of mechanical stage work will be given that promises to be most realistic. The resources of the Castle Square Theatre will be shown to the best of advantage in both these scenes. Some very interesting characters have been introduced by the author and the dialogue has a sufficiently humorous element to afford the desired contrasts. The principal characters have been cast as follows: General Sir Felix Cranbourne, Lindsay Morrison; Lieut. Bevis Cranbourne, John Craig; Lieut. William Evan Bembrose, George E. Mack; Major Fordyce Danglefield, John Sainpolis; Manasses Marks, Louis Thiel; Jerry Gratton, John T. Craven; Matthew Penn, James L. Seely; Paul Vosloo, Thomas MacLarin; Martinus Hofmeyer, Edward Wade; Hans Kruger, William C. Mason; Alma Dunbar, Lillian Lawrence; Lady Cranbourne, Leonora Bradley; Vera Cranbourne, Mary Sanders; Lesbia Penn, Jane Irving; Keziab Penn, Izetta Jewel.

COLUMBIA THEATRE.

Last Tuesday evening at the Columbia Theatre the first performance of the much heralded musical comedy "The Knickerbocker Girl" was given before a large and thoroughly delighted audience. The production was a success in every way and it will doubtless enjoy a long and profitable run at this popular house. The costumes and scenery are artistic and beautiful. Of the cast it is but necessary to say that it contains the names of such favorite comedians and singers as Miss Josephine Hall, William Armstrong, Felix Haney, W. H. Sloan, Miss Grace Belmont, Miss Nellie Beaumont, Miss Lillian Bond, Miss Nina Randall, John J. Raffel, Richard Lee, J. Allen Preisch, and a bevy of shapely show girls. From all accounts "The Knickerbocker Girl" has many elements to please all classes of theatregoers, and the story, while lightly tied together furnishes a series of laughable incidents upon which is threaded musical numbers of a popular and catchy quality. The play being staged by Lionel E. Lawrence, with dances arranged by Ad. Newberger. "The Knickerbocker Girl" is in two acts, the first taking place upon the grounds and in the clubhouse of the Week-chester Country Club. Act second reveals the Public Square of Mira, the capital city of Danero, South America.

KEITH'S THEATRE.

Among the attractions booked at Keith's for the week of March 9, are the following: Robert Hillard and company, in the favorite actor, author's dramatization of the charming Richard Harding Davis story, "Her First Appearance" which he has named "The Littlest Girl" Alice Raymond and Joun Kurkamp, in high class vocal and instrumental; specialties; John Dona-

hue and Mattie Nichols, eccentric comedians and dancers; Rio Bros. a trio of wonderful acrobats; Billy Gould, a singing comedian, for several seasons associated with the best musical comedies produced in New York; Martini and Maximilian, a skilful sleight-of-hand performer and his comedy assistant; Mark Sullivan, a popular comedian and clever mimic of other stage celebrities; Cooper and Bailey, "real coms" singers and dancers; Ranza and Arno, comedy acrobats, and the DeMuths, illustrators of ballroom dances. It is the sort of entertainment that even the most rigid observers of Lent might witness without compromising themselves.

When a Man Has a Cold

When a man has a cold, it is really surprising the way that his friends try to straighten him out. Their cures for the same confidently advising. Each one calculated to put it to rout. It's hard with so many sure things to be choosing. A remedy, home manufactured or sold. But equally hard if you think of refusing. To try one. It's tough when a man has a cold!

To please my dear friends the most nauseous potions—Decotions of onions, the vilest of teas—I think asafetida one of their notions—I took just because I was anxious to please. I've made myself stupid with hollyhock. I've scalded my feet; in fact sheets I have rolled; The lemons I've eaten; have given me colic. I tell you it's tough when a man has a cold.

My ears with the quinine I've taken are ringing; I'm smelling of liniments rubbed on my chest. Yet other new cures they're persistently bringing. Until I just ache for a moment of rest. I'm blistered and burned, and I'm soggy with soaking; I've swallowed more drugs than mere mortal can hold. It isn't a matter for laughing or joking—They're tough on a man, are these cures for a cold. —Chicago Daily News.

Her Mistake.

Mrs. Newbridge—See here! When I gave you that pie, you promised to save some wood.
Hungry Hank—Well, you oughtn't to've gave me the pie first, lady.
Mrs. Newbridge—The idea! Of all the impudence I—
Hungry Hank—Dat ain't impudence, lady. I mean I just ruined de saw tryin' to cut de pie.—Atlanta Constitution.

Correctly Answered.

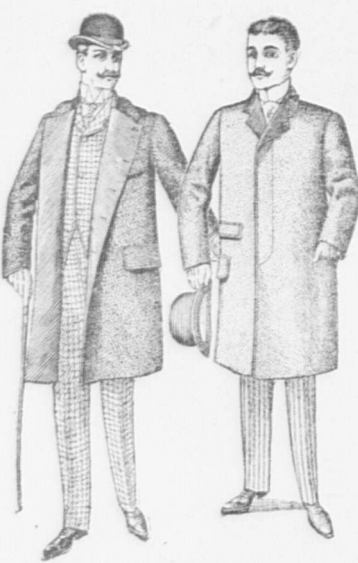

Teacher (instructing class in physiology)—Hiram Tuff, what is the utility of the vermiform appendix? What do the scientists say of it?
Hiram—Aw, cut it out! I ain't got dat fur yit.—Chicago Tribune.

Sees Another Need.

"I'm tired of these lectures on 'How to treat your servants.'"
"Have you anything in the line of a substitute to suggest?"
"Well, rather."
"What?"
"Why, I think it wouldn't be a bad idea to have a few lectures for servants on 'How to treat your mistresses.'"—Chicago Post.

WOMAN KILLED BURDICK

Original Theory of Buffalo Police Remains Unshaken

FACTS TO STRENGTHEN IT

Much-Wanted Suspect Was Seen by Four Men at Different Points—Wickedness in Social Circles Referenced in Sunday Sermons

Buffalo, March 9.—The most important development in the Burdick murder mystery yesterday was the discovery by the police of evidence to corroborate the story told by Policeman Meyer of meeting a lone woman on Ashland avenue about 1 o'clock on the night of the murder. The police will not divulge the name of the person who has come forward with the additional evidence. The fact that they are still working on the "lone woman" clue indicates that they have not abandoned the theory that a woman had a hand in the crime.

The three unknown women who have figured in the case so far as known up to this time are described as the "lone woman," the "lost woman" and the "woman taken to the corner of Ashland avenue and Summer street by a cab driver." The general description given to the police by those who saw a woman in the vicinity of the Burdick house on the night of the murder tallies in many details. The three were seen at different times and under unusual circumstances.

The woman of whom the cabman has given information was taken to the corner of Ashland avenue and Summer street, shortly after midnight on the night of the murder. She walked rapidly up Ashland avenue in the direction of Burdick's house. The lone woman was met by Patrolman Meyer at Ashland and Bryant at 1 a. m. on the same night. The "lost woman" was met at about 1:30 a. m. within four blocks of the Burdick home. It is the opinion of the doctors who examined Burdick's body on the following morning that he had been killed between 12 and 1 o'clock.

A well known business man directed the "lost woman" to a car. She told him she wanted to get to the corner of Franklin and Tupper streets. Her manner was excited and nervous. The "lost woman" took a car down town about 1:30. The business man saw her board the car. That would bring her down town about 2 o'clock. The cab driver was on lower Main street at that hour and was surprised to see there the "fare" whom he had taken to Ashland and Summer street two hours previously. He is positive it was she. Are these three women one and the same? That is the question the police will endeavor to answer.

Here is a brief outline of the facts that strengthen the theory that one woman was seen by all four witnesses and that she entered the Burdick house: Midnight, left cab; 12 to 1 a. m. seen by Meyer; 1:15 a. m. met by new witness; 1:30 a. m. boards cab at Ferry and Main streets, escorted by business man; 2 a. m., again seen down town by cab driver.

The Burdick case was referred to from the pulpits of some of the churches of the city yesterday. At the Lafayette Baptist church, Rev. George Whitman said: "Recent events in our city have revealed the fact, irrefragable which many of our more prosperous people live. The type of depravity among persons in the higher circles is often worse than in the slums of the city. This gay, godless way of living often manifests itself in what is often spoken of as club life. I believe that that which is mechanically called club life is opposed to the interests of the individual, the church and the nation."

"In its essential purpose club life is neither social, literary nor beneficiary. A murder is committed in our city and two divorce cases are revealed. These have some relation to the club life. America is fast following in the steps of the old Roman empire. The home is despised, children are an embarrassment, a poodle dog is of more value than a baby. Wealth and pride con-

sume the life blood of the nation and aristocratic weaknesses sap our Democratic vigor."

Rev. Byron Stauffer said the police should be careful at whose door the police lay the crime, and whose names they drag into it. Continuing, he said: "This tragedy is also a lesson as to the wickedness in all social circles. We are apt to say that the poorer classes are the wicked ones and that the richer class are good; that the cultured have all the virtue and the uncultured none. We are wrong, for at all extremes there are the good and the bad. How hurried was the rush of a certain class to tear up photographs when this tragedy was announced. How well they showed their unwillingness to be associated with that class that has become the object of every man's revilement."

Socialists on the Rampage

Budapest, March 9.—Street demonstrations by 10,000 Socialists to protest against the government's military bills took place here yesterday and led to collisions with the police and breaking of windows. Many arrests were made.

Shakes in Dominica

St. Thomas, D. W. I., March 9.—The island of Dominica is experiencing a series of seismic disturbances. A severe and prolonged shock of earthquake was felt yesterday afternoon. Uneasiness is felt.

Abess Attempted Poisoning

Munich, March 9.—Lady Abess Elizabeth Von Haeussler of the Old Women's asylum, who was on trial for attempting to poison a servant girl, has been sentenced to six years in a penitentiary. According to the testimony given at the trial the servant girl, Emma Wagner, was for eight years the intimate friend and confidante of the abess, who told her many alleged slanders against members of the Bavarian royal family. The abess and the servant finally quarreled and then the abess, fearing the girl would divulge the stories and injure her in court circles, poured muriatic acid into the girl's coffee, which made her violently ill.

Court Martial Acquits Wells

Washington, March 9.—The court martial which tried Lieutenant Wells for casting away the naval tug Leyden on the south coast of Block Island has acquitted that officer. A court of inquiry had recommended that there be no further proceedings, but Secretary Moody thought that the court martial should be held.

Spanish Cabinet May Resign

Madrid, March 9.—The Euzkato states that a serious cabinet crisis is threatened because of Finance Minister Villaverde's determined refusal to consent to a great increase in the estimates as insisted on by his colleagues.

NEWS IN BRIEF

Mrs. J. P. Greise, who was treated for blood poisoning with formalin, left the Springfield, Mass., hospital completely cured.

The Porto Rican house of delegates unanimously passed the \$1,000,000 insular loan bill, but it is not probable that it will be approved by the council.

The large barn of John Mason at Amesbury, Mass., was burned, together with 11 valuable horses. The loss on the barn is \$3500.

Governor Longino of Mississippi has made formal announcement of his candidacy for the United States senatorship. He will oppose Senator Money.

Vespasian O. Mason, one of the oldest and most widely known hotel men in Rhode Island, died at Woonsocket, aged 69. He has been a managing owner of the Woonsocket hotel for nearly half a century.

Frederick F. Ayer of New York has made a gift of \$100,000 to Lowell, Mass., general hospital, and will give \$5000 additional to pay the floating debt, with the proviso that the remainder is immediately raised.

Byron C. Hill, aged 60, hanged himself at Concord, N. H., using for the purpose a wire from a hay bale.

Arthur H. Corbett of Cambridge, Mass., was cleaning a revolver when the weapon was accidentally discharged. The bullet passed through his heart and he died within a few minutes. Corbett was unmarried.

A contract for furnishing the signal corps of the army with about 1100 statute miles of submarine cable to be laid between Puget sound and Alaska has been awarded to a New York concern. It will be entirely of American manufacture and will be the first long telegraph cable ever made in the United States.

Mrs. Charles H. Gill died at Brockton, Mass., as a result of burns sustained at her home. The woman was working near an oil stove when her clothing caught fire.

DEATH OF SLUGGER SUSPECT

George L. O. Perry Dies in Cambridge Jail--No Doubt as to His Guilt.

Cambridge, Mass., March 9.—George L. O. Perry, the negro lad, indicted for the murders of Agnes McPhee at Somerville and Clara Morton at Waverly, died at the Cambridge jail yesterday of nervous exhaustion. Perry survived an attack of typhoid fever and death is announced to have resulted indirectly from worry, which prevented a complete physical restoration from the weakened condition in which the fever left him.

Though he was persuaded Friday that his end was near, it is not known that he made any formal statement and it is believed that he protested his innocence to the last.

Perry took nourishment yesterday morning as usual, but at 9:30 a radical change was noticed in his condition and death was momentarily expected. He lingered a little over an hour. His mother was notified of his death and she ordered an undertaker to call for the body. Shortly after it was removed to his rooms in Boston.

Sheriff Fairbairn refused to say anything regarding the prisoner's last hours, beyond the remark that he considered the case closed. This is interpreted by some to mean that the sheriff had reason to be satisfied that the murder case ended with the death of the lad, but the statement is possibly of another construction. He may have referred merely to Perry's alleged connection with the mystery. The sheriff had several talks with Perry shortly before his death.

Perry's arrest last fall followed a series of assaults on women in Cambridge and Somerville in which there were two deaths, those of Miss McPhee and Miss Morton. These assaults were committed with evident intent to rob and were most brutal in character, as the woman struck was invariably clubbed over the head. There had been a somewhat similar series of assaults on women in Brookline, followed by the arrest at the Massachusetts natural history rooms of the janitor, named Soderquist. All the police did failed to give a clue to the man in Cambridge and Somerville who had taken the part of a "Jack the Sluggo."

It was soon determined that the assaults in this locality were not due to Soderquist, who had been placed in jail to await trial after being identified by two women who had been assaulted. Soderquist later pleaded guilty and was sentenced to state prison.

The first clue to the slugging in Cambridge was given by an agent of a children's society in Boston after the watch which had been taken from Miss McPhee when she was struck down was located in a West End pawn shop. The state police had been put upon the case by Governor Crane, and one of the early moves by them was the arrest on suspicion of a man well known in the Back Bay, Boston, a Harvard graduate and of good family. He was discharged after a court hearing.

In the meantime the agent of a children's society in Boston thought he recognized the handwriting on the watch pawn ticket of a certain young negro, and on this clue Perry was arrested. The police carefully prepared their case and the grand jury handed down indictments against the negro for both murders. There remains, however, not a little mystery in the case, as the police have not told much about their evidence against Perry. He had been identified by the pawnbroker as the man presenting the watch.

POLICEMAN KILLED

Negro Held at Bangor on Charge of Committing Murder

Bangor, Me., March 9.—While performing ordinary duties of his office at late hour Saturday night, Patrolman Patrick H. Jordan was shot in the head and instantly killed in Carroll street, on the outskirts of the city. Within an hour of the time the body was found William Alberts, a negro, had been arrested for the crime and is now locked up awaiting the results of the coroner's inquest.

Alberts, who was divorced from his wife last February, came to Bangor Friday night and Saturday night at 11 o'clock appeared at his wife's house. He battered the door down and the woman, fearing for her life, leaped from a window, leaving Alberts in possession of the house.

An alarm was given and Patrolman Jordan came to the house, followed by Patrolman O'Donahue. When the officers made their appearance Alberts leaped from a window and ran away, being followed by Jordan. O'Donahue went back to the patrol wagon and started to follow Jordan. He soon lost him, however, and was forced to return down town on account of an alarm of fire.

Shortly after this Jordan's body was found in Carroll street with his head badly torn by a bullet that was fired at close range.

A few minutes after this word was received, that a negro, brandishing a re-

volver and boasting that he had killed a patrolman had made his appearance in a house in Walter street, 100 yards from the spot where the officer's body was found. A big squad started at once for the place. The house was surrounded and three patrolmen, Baker, Perkins and Finnigan entered, leaving the other officers outside. The place was in darkness and feeling their way through the back rooms, the men entered a dining room. One of the officers lighted a match and the negro was revealed lying on his side with a gun clutched in his right hand. He was feigning sleep.

All the officers had their guns drawn ready for instant trouble, and Patrolman Baker, as soon as he saw the form, pointed on it, wresting the weapon from his hand. The negro offered little resistance and was carried to police headquarters.

Presented Proofs of Marriage

Adams, Mass., March 9.—The contest over the estate of J. C. Anthony, formerly cashier of the Greylock National bank of this town, which was threatened by the unexpected appearance of Mrs. May T. Anthony of Los Angeles, Cal., who claimed to be the widow of the deceased, has been averted by an agreement satisfactory to all concerned. Proofs of the legality of the widow's claims were accepted by the other heir to the estate, Mr. Anthony's mother.

Death of General Franklin

Hartford, March 9.—Major General William B. Franklin died yesterday at his home in this city, aged 80. He had been in failing health for several years. He was born in Franklin, Pa. General Franklin was graduated from West Point in 1843. He served in the Mexican war and in 1862 he was brevetted brigadier general for gallant and meritorious conduct before Richmond and a few days later he was appointed major general of volunteers.

Chums in Fatal Quarrel

Brockton, Mass., March 9.—Joseph D. Godette, who was shot by his chum, Daniel Boucette, at their boarding place Saturday evening, is still alive, but the physicians believe he cannot recover. The body of Boucette, who committed suicide after shooting Godette, is in charge of a local undertaker. The police are convinced that the crime was committed as a result of anger over a quarrel between the two men a week ago yesterday.

Girl's Head Cracked With Axe

Boston, March 9.—Angered apparently through jealousy, Rosanna Carboni tried to kill her pretty niece, Camella Carboni, at 78 Prince street yesterday because she suspected her husband was paying too much attention to the young girl. The latter was struck with an axe over the head and while the gashes are not expected to bring death the surgeons think her good looks are marred. Rosanna has eluded the police.

Ex-Governor Boutwell's Wife Dead

Groton, Mass., March 9.—Mrs. Sarah A. Boutwell, wife of ex-Governor Boutwell, died at her home here yesterday, aged 89. For nearly six years she had been confined to her bed. She had failed in strength rapidly after Mrs. Boutwell, whose name was Thayer before her marriage to Mr. Boutwell in 1841, was a native of Groton and had always resided here.

Medical Examiner Says Murder

Boston, March 9.—External violence caused the death of William McCarthy, who was found dead in an alley a few days ago, according to Medical Examiner Harris. The report in the case was filed yesterday. There was a difference of opinion between the police and the medical examiner as to the question of murder.

Aged Man Badly Hurt

Cambridge, Mass., March 9.—From injuries received by being stepped on by a horse which had been driven into him, William A. J. Sullivan, aged 69, is thought to be dying, and Thomas Quinlan, the driver of the horse, is under arrest on the nominal charge of drunkenness.

Cook Likely to Recover

Boston, March 9.—It is stated by the physician attendant upon ex-Representative Cooke, secretary-treasurer of the Milford Co-operative bank, who attempted suicide by shooting, that the patient is very much better.

Protocols Coolly Received

Caracas, March 9.—The text of the protocols with the allied powers was published in The Official Gazette yesterday. The protocols are coolly received by the Venezuelans, who say that congress is not favorable to their approval.

Colds are Dangerous.

How often you hear it remarked: "It's only a cold," and a few days later learn that the man on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency toward pneumonia. It always cures and is pleasant to take. Sold by all druggists.

Pie and Cake

made out of Pillsbury's Best Flour will keep longer than if made with ordinary Winter Wheat flour.

Good Afternoon.

Sympathy goes out today to Massa-
chusetts' venerable ex-governor, George
S. Boutwell, who mourns the loss of
his wife, in her 89th year. Their home
was at Groton.

Drift of Opinion.

Did you ever hear the latest
story of courtship, marriage and separa-
tion as expressed in the revised nomen-
clature of the days of the week? Here
it is in a nutshell: Sunnyday, Money-
day, Chooseday, Weddingsday, Trust-
day, Freightday, Scatterday. Brief but
comprehensive and expressive!—Ply-
Memorial.

It is alleged that city trees have
been damaged by the electric wires
along the streets. The trees in Brock-
ton's streets seem to be having their
troubles, anyway, and they began when
many years ago, some of those in
authority decided that the setting out
of trees in the streets was dangerous,
and that accidents were liable to
happen; so some of the big shade trees
that had made Main street look beau-
tiful were promptly felled to earth, and
they left the street bare in spots where
previously it had looked soft and
beautiful. Since then other foes have
been at the trees, and some of them
have been unable to withstand the
blows dealt them; but their first and
greatest enemy was "progress," and in
some cases it turned out to be mis-
directed progress at that.—Brookton
Enterprise.

That the placing of a statue of
Lee in the Capitol at Washington, by
the Commonwealth of Virginia will
stir up bad feeling cannot be doubted.
The suggestion that Kansas might send
the statue of John Brown of Osawatomie
is in point, and should this be
done it would be very offensive to
Virginians. It would be more offensive
to them to see the hero of the Harper's
Ferry raid thus honored than it would
be to the people of the North to see a
figure of the man who captured him,
and who afterwards led the forces
against his country, placed in the
Capitol. Virginia, the mother of Pres-
idents, has noble sons enough who
are entitled to the respect of the whole
nation, to whom this honor might be
given, and until she offers such a name
the pedestal ought to remain vacant.
—Lynn Item.

We are pleading, in all earnest-
ness and seriousness, for instructive,
educative facilities to equip the young
men of the south who prefer to take an
industrial course of such a sphere of
usefulness. This is the south's sorest
need educationally today, and it is to
this vital breach in our dyke of civiliza-
tion that we must rally our resistive
forces if we are to protect this God-
favored section from the surging sea of
competition without. The south is a
new country in the sense that it is a
comparatively unexploited country, so
far as its development possibilities are
concerned. That exploitation will come,
and come adequately, just as soon as
our young men are fitted, by home
technical schools, to become what is in
them to become. They are ready and
waiting for their native south to give
them the chance.—Atlanta Constitution.

Well Again.
The many friends of John Blount will
be pleased to learn that he has entirely
recovered from his attack of rheumatism.
Chamberlain's
Pain Balm cured him after the best doctors in
the town (Monon, Ind.) had failed to give re-
lief. The prompt relief from pain which this
liniment affords is alone worth many times its
cost. For sale by all druggists.

INCREASED PAY.

Over 70 Per Cent. of Quincy Street
Railway Men Get It.

In these days when labor troubles are
not uncommon, and in some cases re-
sult in the loss of life and injury to
property, it is pleasing to note that the
street railway companies in this part of
the state have taken the initiative in
advancing the wages of employees, with
a view of not only bettering the con-
ditions of employees, but of cementing
more closely the good feeling between
the officers and men.

Such a change as that which went
into effect on the Old Colony street rail-
way system the first of the present
month, required long and careful study
and compared with other companies is
the most scientific and substantial ad-
vance in the history of street rail-
ways, involving as it does an increase
in pay roll of over \$154,000.

The question has been asked, how
many, or what proportion of the em-
ployees of the Quincy division are af-
fected by the new schedule? It was
on February 14 that the official notice
to the motormen and conductors was
issued, giving details of the new
schedule which was to go into effect
March 1. On that date there were 220
men employed upon the Quincy division
as motormen and conductors. Of this
number 140 or 72.72 per cent received an
immediate increase in wages, and
within the next two months fully fifty
per cent will be advanced to higher
classes and receive increase in pay.

The first class, which number 60 men,
are those who have been in the employ
of the company less than one year, and
it is this class, who cause the most
anxiety to the company as the cost of
accidents, the increase in cost of repairs
by new motormen and the missing of
fares by new conductors is much greater
than by the older or more experienced
men.

Business men who have studied the
situation can readily see that the in-
crease is a substantial and generous
one, as it amounts to an average increase
of 12.18 per cent, based on the wages
paid in the same classes last year.
When compared with roads not in the
combine, where the wages do not exceed
twenty cents per hour, it is an unusual
advance.

The following table shows the number
of men in each class on the Quincy
division and the pay they receive:

Class.	Pay per Hour.	Number Affected.
First, less than 1 year,	20 cts.	60
Second, 1 and less than 2 yrs.,	21 cts.	47
Third, 2 and less than 4 yrs.,	22 cts.	39
Fourth, 4 and less than 7 yrs.,	23 cts.	43
Fifth, 7 and less than 10 yrs.,	24 cts.	26
Sixth, 10 and over,	25 cts.	5

New Industry.

The Herald publishes a news item
from Middleboro, which says Middle-
boro got a scare Saturday, in a rumor
to the effect that the Murdock Parlor
Grate manufacturing plant was to be
discontinued and the entire outfit, brass
and copper foundry and composite
mosaic tiling equipment removed to
Quincy. The concern owns and oc-
cupies the major portion of the large
factory on Cambridge street that was
built for the George Woods Piano Com-
pany and has salesrooms on Boylston
street, in Boston, employing a large
force of workmen, some 50 families
of which are residents here.

Chattanooga Launched.

The cruiser Chattanooga was launched
Saturday by the Crescent Shipyard Co.
at Elizabeth, N. J., in the presence of
about 500 people.

TODAY'S COURT.

James Mackay and John Brown were fined
\$3 each for drunkenness at Quincy.
Patrick Maloney was arraigned for drunken-
ness at Quincy. Case continued until March 16.

Quincy Post Office.

Letters unclaimed for week ending
Monday, March 9:

Fred B. Holmes, J. B. Mann, Frank Mc-
Arthur, Edwin F. Miller.
Miss Mildred Mayer.

A Card.

We, the undersigned, do hereby agree to
refund the money on a 50 cent bottle of
Greene's Warranted Syrup of Tar if it fails
to cure your cough or cold. We also guarantee
a 25-cent bottle to prove satisfactory or money
refunded.

Commonwealth of Massachusetts.

STATE HOUSE, BOSTON, March 5th, 1903.
The Committee on Public Lighting will
give a hearing to parties interested in
petition of George J. Ryan for the incorporation
of the Eastern Lighting Company, at room No.
440, State House, on TUESDAY, March 10th,
at 10.30 o'clock, A. M.
ALBERT S. APSEY, Chairman.
FRED A. BEARSE,
Clerk of the Committee.

LITTLE COLLECTED

Only \$781.97 Out of a
Total of \$7,017.71.

Mr. H. H. Faxon Asks
Why?

Assessors Requested to Look Into
the Matter.

Now it is the Tax Collector whose
scalp Henry H. Faxon is after, and he
is busy today in the rain circulating a
petition for signatures. The petition is
addressed to the board of Assessors,
and is to the effect that they request
Tax Collector Cleaves to furnish them
with a list of unpaid taxes for 1899,
and after inspection to instruct him to
Proceed at once to collect such as they
consider collectable.

Mr. Faxon says that on Dec. 31 the
report of the City Treasurer and City
Auditor showed that during the year
1902 but \$781.97 of the tax of 1899 was
collected and that on Jan. 1, 1902, there
was uncollected \$7,017.71.

Mr. Faxon now claims that the larger
sum is carried as an asset of the city,
whereas if it is uncollectable it should
be carried as a liability, and that the
city debt would therefore be just so
much more. He thinks it is up to the
Tax Collector or Assessors to inform
the citizens and taxpayers of the city
why it is not collected or carried as a
part of the city debt instead of an asset.

Mr. Faxon is a little off in his de-
ductions, but nevertheless it is the
duty of the Assessors to see that the
Tax Collector collects the levies com-
mitted to him for collection.

CAPTAIN WILDE.

Transferred to Boston Navy Yard.
—Has Good Record.

Capt. Barclay, now captain of the
Boston Navy Yard, has been assigned
to command the Puget sound naval sta-
tion to take effect, it is expected, June
1, says a Washington dispatch to the
Herald. He will become a rear admiral
soon after that date. Capt. George F.
F. Wilde, captain of the Portsmouth
(N. H.) yard, will be assigned as
captain of the Boston Navy Yard, to
succeed Capt. Barclay.

Capt. Wilde was born in Braintree,
Mass., Feb. 23, 1845, and graduated
from the naval academy in the class of
1865. His first assignment, as mid-
shipman, was to the steam sloop Sas-
quehanna. He was promoted to master
Dec. 1, 1866, and commissioned lieuten-
ant March 12, 1868. Dec. 10 of the
same year he was commissioned
lieutenant-commander and served on
several vessels of the European and
North Atlantic squadrons, as inspector
of ordnance at South Boston from
February, 1878, to 1879, and as light-
house inspector from 1883 to 1885.

He was promoted to full commander
in October, 1885, and given command
of the Dolphin. Later he served on the
Vandalia as executive officer. In 1894
he was made secretary of the lighthouse
board and served until 1898. In April
of that year he was ordered to the com-
mand of the ram Katahdin. The fol-
lowing September he was ordered to the
command of the Boston. While in
command of that cruiser, in February,
1899, he, with 80 men from the ship,
captured and held the city of Iloilo,
for which service he was rewarded with
a commendatory letter from the secre-
tary of the navy and Admiral Dewey.

In May, 1899, he was given command
of the battleship Oregon, and two
months later captured and held the city
of Vigan, Luzon island, and rescued 106
Spanish prisoners held by the Filipino
insurgents, for which service he re-
ceived a letter of thanks from the
Spanish government representative at
Manila. Sept. 28, 1901, he was ordered
to the Portsmouth Navy Yard.

MAKING AN EARLY START

**Vessel and Crew of Polar Expedition
Will Be All American**

New York, March 9. On their way to
Tromsø, Norway, where the Zeigler
Arctic steamship America has been
tied up since the return of the Baldwin-
Zeigler polar expedition a year ago,
Captain Edwin Coffin, with two offi-
cers and a crew of 12 men, arrived here
yesterday from New Bedford and Bos-
ton. They will leave tomorrow on the
Kaiser Wilhelm Der Grosse for
Bremen. From there they will go to
Hamburg, and thence to Tromsø by
steamer. Captain Coffin says that this
early start is in order to "Americanize
the America."

"You know the ship before had a
Norwegian captain and crew. Now
every man on board will be an Ameri-
can citizen, and there will be 22 of us
in the navigation department of the ex-
pedition. Extensive changes will have
to be made in the ship, which, I believe,
will be for the best and along the lines
of the Yankee way of doing things."

"Mr. Fiala, who is to head the ex-
pedition, expects to push the America
as far north as possible, and if we are
at all favored, I hope to skim along
through the ice lanes until we have
reached a point equal to that reached by
the Duc d'Abruzzi. We shall probably
strike north in July for Franz Josef's
land, and from there the best way that
opens up. After Mr. Fiala and the
scientists have been carried as far
north as we can take them, the pe-
seeking expedition will be landed and
we shall seek winter quarters."

Captain Coffin is an old whalerman.

In Memory of Beecher

New York, March 9.—A great mass
meeting was held in the Academy of
Music in Brooklyn last night for the
purpose of raising funds to erect a
memorial in honor of Rev. Henry Ward
Beecher. Mayor Low presided and
among the speakers were former
President Grover Cleveland, Justice
Brewer of the United States supreme
court, Rev. N. D. Hillis and Rev. F. W.
Cousins. At the conclusion of the
addresses a subscription fund was
started by Mrs. W. C. Wallace with a
contribution of \$10,000. Other con-
tributors were: H. W. Phillips, \$10,-
000; Dr. R. W. Raymond, \$2500, and
John Arbuckle, \$5000. The total
amount of the subscriptions was not
announced.

—The smallest perfect watch ever
made is owned by a Russian princess.
It was first placed in an exquisite gold
case, covered with the most minute but
literally perfect Watteau scenes enamel;
then at the princess desire the works
were removed and placed inside a splen-
did diamond scarcely two-fifths of an
inch in diameter.

President Roosevelt says "the
republican party has been given another
chance to make good." The ship sub-
sidy bill is one of the things on which
it must "make good." Subsidize the
ships, give work to American shipyards,
and let us have an American merchant
marine. There is no more patriotic
duty devolving upon Congress than this.
Millions for foreign freights; not one
cent for American ships!—Maritime
News.

CITY BREVITIES.

Observations in Daily Walks of
Ledger Reporters.

It was a rainy Sunday.
Some of the maple trees are full of
red blossoms in anticipation of an early
spring.

Miss Sarah A. Bent of Quincy avenue
is seriously ill at the home of Mrs. M.
E. Taber.

Mrs. B. Porterfield will give a
matinee whist at her home on Granite
street on Friday.

There will be a whist party in I. O.
O. F. hall, Adams building on Wednes-
day evening, at 7.45.

Mrs. Kate A. Hayden of Newport
avenue, Wollaston, has returned from
her visit at New Market, N. H.

Several handsome bluebirds were
seen on Coddington street, Sunday and
in the vicinity of Barker's woods.

Mrs. George L. Haupt was a guest
of her brother, John E. Stanton on
Sherman street, Canton, last week.

There will be no meeting of the City
Council this week. The next regular
meeting will be held Monday, March
16.

The Selectmen of Milton have organ-
ized, with Judge John F. Brown as
chairman and Maurice A. Duffy as sec-
retary.

The second lecture in the Woman's
Alliance series at First Church chapel
will be given* this evening; subject
Jerusalem.

The George L. Gill Rebekeh sewing
circle will meet on Thursday afternoon
at the home of Mrs. Richard Prout on
Whitwell street.

The heavy rain has caused many of
the lawns to look green, in fact there
is considerable new grass started in
warm sunny corners.

Miss Frisella M. Smith and Miss
Selena F. Smith of Provincetown are
guests of their sister, Mrs. H. F.
McIntire on Cranich hill.

The games in the Norfolk County
League this week will be between the
Granite City and North Quincy clubs at
the rooms of the former.

The alarm from Box 25 about 7.30
Saturday night was for a fire in the hen
house of George Grant on Brackett
street. The damage was slight.

Rev. D. M. Wilson, the pastor of
Mrs. William F. Whitney at Quincy
and Brooklyn, will conduct her
funeral at Quincy this afternoon.

Thomas Silsbee won the Club cup at
the Saturday shoot of the New England
kennel club at Braintree. E. H. Haven
got a leg for the Meadowbrook cup.

Atlantic has proved itself to be a
lover of literature by introducing the
privileges of the Tabard Inn in the local
pharmacy. There were over one
hundred persons who signed the list of
membership.

The regular meeting of the Ladies'
Aid Alliance will be held in the vestry
of the Wollaston Unitarian church on
Wednesday, March 11, at 3 P. M. Rev.
S. B. Stewart of Lynn, will give an
address. It is to be hoped there will
be a creditable number of members
present to welcome him.

Prof. Oscar B. Steele gave one of his
series of exhibitions to the school
children of Quincy, at Music Hall, Sat-
urday afternoon, Mar. 7, to a large and
appreciative audience. The admission
charged school children was six cents,
and a potato. There were about two
barrels of potatoes collected, and do-
nated to the Salvation Army.

No let-up of
work, no free-
dom from house-
hold cares, close
confinement in
ill-ventil-
ated rooms,
offices and
stores have made many women pale,
tired and worn out, just as too much
study and too little outdoor exercise
have made many school children
spindling and delicate. They have
weakened the nerves, impaired diges-
tion, upset nutrition, so that the blood
has become watery and thin,—a result
plainly seen in the colorless lips, cheeks
and ears.

Too much responsibility, anxiety and
worry have, in the same way, broken
down the health of many busy men.

Now, what is needed by all these
sufferers is iron, a natural constituent
of healthy, strong and ruddy blood, as
combined in the new iron tonic, Pepti-
ron, which strengthens and colors the
blood, nourishes and steadies the
nerves, cures paleness, weakness, nerv-
ousness, dyspepsia and sleeplessness.

Peptiron combines iron
in the best and
most approved
form with other great tonics and nu-
trients. Does not injure the teeth nor
cause constipation.

Peptiron is made in two forms: In a liquid—
an aromatic cordial elixir—at \$1 per bottle,
also in chocolate-coated pills at 50c. or \$1 per
box. By C. I. HOOD CO., proprietors Hood's
Sarsaparilla, Lowell, Mass., U. S. A.

A Reorganization Sale

is now going on which should interest EVERY housekeeper who reads
this paper. In recently reorganizing this corporation a great deal
of stock was taken over at prices so advantageous that we can, FOR
THIS SALE, give our customers goods of the BEST QUALITY at
the PRICE OF THE CHEAPEST. For example:

CARPETS

ROYAL WILTONS. Hundreds of pieces to be
close out. The assortment is very large.
The designs are the latest, and the colors
range from self-toned greens, reds, etc., to
rich effects in Oriental conceptions. The
makes are the well-known Bigelow-Lowell,
Whitall, and the Crossley, Southwell and
Humphries English goods, together with
Templeton's Scotch Wiltons. Our former
price was from \$2.75 to \$3.50
per yard. We have marked
them at, per yard,

1.50
BODY BRUSSELS. These most
desirable goods have always been our specialty,
and the exclusive patterns we have originated
for our wholesale and retail are considered
the best in this country and are famous for
their designs and coloring. But there are
some patterns that must be discontinued
and closed out altogether. There are fully
fifty patterns, containing thousands of
yards of Bigelow-Lowell, Whitall and
English goods that have formerly been sold
in our retail stock at from \$1.40
to \$2.00 per yard. We shall close
them out at, per yard,

95c
RUGS
We have the large-hand best lighted Rug
show room in New England. In connection
with our great Reorganization Sale of Car-
pets we have marked our surplus Rug stock,
which were formerly marked at prices hith-
erto unapproached. A good single example—
out of many—is the following:
Chiorders Rugs, about 13x6 ft., in mod-
ern colors. Heavy Daghestan and Cabistan
and quite a number of Antiques that are
worth and more. These rugs were formerly
marked at from \$10 to \$20 each.
We have marked them at, each,

7.50
50c and \$1.00

EXPLOSION OF OIL CARS

Results In Killing of at Least
Twenty-Two Persons

TERRIBLE SCENES ENACTED

Many Fell Dead Where They Stood,
Overcome by Awful Heat, While
Others Groveled In Frantic
Efforts to Extinguish Flames

Olean, N. Y., March 10.—More than a
score of people were killed and a larger
number were injured by an explosion of
oil near here last night. A freight
train on the Erie, made up principally
of tank cars filled with oil, broke in
two north of the city, at about 9 o'clock.
The two sections of the train came to-
gether with a crash and one of the oil
tanks was demolished. Fire broke out
almost instantly and the sky was
lighted up for miles.

A large crowd of people left the
city for the scene of the fire. While
they were lined up along the tracks a
terrible explosion occurred. The flames
communicated quickly with the other
tank cars and a second and third ex-
plosion followed each other in rapid
succession. Sheets of flames shot out
in all directions.

Scores of persons were caught with-
in the zone of the fire and enveloped in
flames. Men and boys ran screaming
down the tracks with their clothing a
mass of flames. Others fell where they
stood, overcome by the awful heat. It
was how many were killed is not
known, as many of the bodies were in-
cinerated.

Sydney Fish, a prominent business
man, returned from the scene of the
fire at midnight. He said: "I was at-
tracted to the scene of the fire between
9:30 and 10 o'clock. When I was with-
in a quarter of a mile of the wrecked
train there was a terrific explosion.
Flames shot outwards and upwards for
a great distance. I saw several persons
who started to run away drop on the
railroad tracks and they never moved
again. Others who had been standing
close to the wreckage were hurled
through the air for hundreds of feet.
Half a dozen young boys ran down the
tracks with their clothing on fire. They
resembled human torches. I could
hear their agonized screams distinctly
from where I stood. They ran some
distance down the track and then
threw themselves to the ground, grovel-
ing in the ditches in their frantic ef-
forts to extinguish the flames. Then
they laid still, some of them uncon-
scious, others dead. I don't know how
many were killed, but I counted 20
bodies before I came away."

At midnight the first of the wounded
arrived at the hospital. They were
young boys. Their injuries were
 frightful. Great patches of flesh were
burned off and hung in shreds from their
bodies.

The staff at the hospital was ut-
terly unable to cope with the work so
suddenly thrust upon them. Every
doctor in the city was called upon and
three came down from the village of
Allegheny to lend their assistance.
Every one of them worked like trojans
from midnight until a late hour in the
morning, doing everything in their
power to assuage the terrible sufferings
of the injured.

The latest estimate of the casualties
place the number of dead at 22 and the
injured at 45. Some of the injured
will die.

Favored by the President
Annapolis, March 10.—The follow-
men yesterday received appointments
to the naval academy from President
Roosevelt: Ralph E. Sampson, son of
the late Rear Admiral Sampson; J. W.
Phillip, son of the late Rear Admiral
Phillip of battleship Texas fame; Al-
fred Miles, a nephew of Commodore
Osterhaus, in charge of ships at the
naval academy; Otis W. Howard, son
of Major Howard, who was shot in the
Philippines, and a grandson of Gen-
eral O. O. Howard.

Wabash Employees Deny Charges
St. Louis, March 10.—A sweeping
denial of all the charges made by the
Wabash Railroad company in its bill
of complaint upon which was issued
the injunction to prevent a strike among
its employees was contained in the an-
swer to the injunction suit filed yester-
day in the United States district court
by counsel for the Wabash firemen and
trainmen. Judge Adams will today
set a date for hearing arguments.

Reserves Sent to Macedonia
Constantinople, March 10.—Two
thousand Redifs (Turkish reserves)
from Asia Minor and large supplies of
ammunition were dispatched from here
to Monastir, Macedonia, yesterday.

Vesuvius Furnishes Grand Sight
Naples, March 10.—Vesuvius has
again becoming active. The volcano is
throwing up ashes and explosive im-
candescent globes, presenting an im-
posing spectacle.

NEWS IN BRIEF
Continuous rains and melting snow
on the mountains are causing the
streams in eastern New York to rise
to high water mark. Country roads are
in an almost impassable condition.

A resolution was introduced in the
Kansas senate recommending that
when the new battleship Kansas is
launched the christening be made with
water instead of wine.

The Massachusetts house sustained
the veto of Governor Bates to allow the
Fitchburg and Leominster street rail-
way to act as a common carrier of
freight. The vote was 198 to 2.

The federal government has bought a
large tract of land for a government
reservation at Newcastle, N. H. The
price named is \$55,000.

Professor VonHoist of the University
of Chicago, who was reported to be dy-
ing in Germany, is said to be somewhat
better.

Henry Thomas, a negro, who at-
tempted to attack a 10-year-old girl,
was lynched near Paris, Fla., after hav-
ing admitted his guilt.

Assistant Secretary of State Loomis
has returned to Washington and for the
first time since his appointment is ac-
ting as secretary of state.

FIREMEN'S BRAVERY

Thrilling Scenes of Rescue in a Ten-
ement House Fire at Boston

Boston, March 10.—Several families
of Polish Jews occupying the three-
story tenement building at 51 Webster
street, East Boston, were saved from
death from fire and smoke this morning
only through tremendous energy and
bravery of the firemen, and it is be-
lieved that every one escaped and will
survive the experience.

The fire broke out on the lower floor
and spread so rapidly that people up
stairs had to jump out of the windows
to save themselves. The firemen put
up ladders and by groping their way
through the smoke in the different
rooms rescued a large number of chil-
dren. For a few minutes the scene at
the fire was very exciting, fire nets
were spread in the street and the rescu-
ing firemen were obliged to toss those
whom they had rescued out of the
windows.

Some of the adults, both men and
women, who were afraid to leap from
the windows, had rushed to the roof
and from there were taken down on lad-
ders. Both the police and firemen were
handicapped in their work of rescue by
the lack of knowledge of the number
of inmates in the building. The fire in
itself was not very serious, and after it
was out a hasty search of all the rooms
was made. The police failed to find
any victims. Several of the rescued
people, especially the children, were
overcome by smoke and are now quite
ill. Few of them suffered burns, but
only Anna Lovinsky, aged 13, is in a
serious state from this cause.

Fifty Cents an Hour For Carpenters
Chicago, March 10.—An increase of
5 cents an hour will be paid the car-
penters of Chicago in the building ses-
sion this year. This is in accordance
with an agreement signed yesterday.
After April 1 7500 union carpenters
will receive 50 cents an hour, and count-
ing 40 weeks of the year as a building
season, the men will be benefited to the
extent of \$720,000 for the next 12
months.

Churches Destroyed by Rebels
London, March 10.—The Daily Mail
correspondent at Shanghai telegraphs
that the rebellion in the Kwang Si
province is spreading seriously. Several
villages have been captured and
authority of the government in that
province is practically at an end. The
popular hatred for the Christians is
displayed in the Shun Tung province by
the destruction of the churches.

Consul's Quarters In Quarantine
San Francisco, March 10.—As a re-
sult of the plague in Mazatlan, Mex.,
the United States consulate there is
obliged to do business in a hut on the
outskirts of the city. Consul Kaiser
explains the omission from a letter of
several official documents that he would
have sent had he been allowed access
to the consulate quarters, which are now
in quarantine.

No Trace of Assassin
Waterbury, Conn., March 10.—The
local police are hard at work in an ef-
fort to run down the men who were con-
cerned in the attack on the trolley car
Sunday night, but so far as can be
learned, they have not been rewarded
in their efforts. Large rewards are of-
fered for the apprehension of the as-
sassin of Policeman Mendelshohn.

Solons to Investigate Strike
Denver, March 10.—The general as-
sembly yesterday adopted resolutions
providing for an investigation of the
mill men's strike at Colorado City with
a view to bringing about a peaceful
settlement of the trouble. Governor
Peabody yesterday recalled a portion of
the troops from Colorado City.

Relief Steamer Frozen In
Sydney Light, N. S., March 10.—The
steaming Newfoundland, which was
dispatched to the rescue of the
government steamers Minto and Stan-
ley, is fast in the ice off St. Paul's Is-
land and drifting east. The Newfound-
land has 200 sealers on board.

No Cigarettes For Children
Jefferson City, Mo., March 10.—The
senate yesterday passed the bill pro-
hibiting the sale of cigarettes and cigar-
et paper to children under 18 years of age.
The same bill has passed in the house.

Playhouse Raids For Actors' Good
New York, March 10.—Rev. Francis
J. C. Moran of the Actors' Church al-
liance declares that, acting on behalf of
the alliance, he is responsible for all of
the recent raids on Sunday playhouses.
He also declares that religious senti-
ment has nothing to do with the move-
ment. The desire to permit actors to
rest one day in seven is the sole reason
he said.

Powell Gained His Points
Santo Domingo, March 10.—United
States Minister Powell, having brought
to a satisfactory settlement all the
questions pending between the United
States and the Dominican govern-
ment, left here yesterday for Port au
Prince.

MURDERED TWO WOMEN

Young Perry Confessed to
Sheriff Fairbairn

MASON IS NOT IMPLICATED

"Jack the Sluggo" Appeared to Real-
ize That Death Was Near and Par-
tially Unburdened His Conscience
Some Days Before He Passed Away

Cambridge, Mass., March 10.—George
L. O. Perry, the negro lad who was
indicted for the murders of Miss Agnes
McPhee and Miss Clara Morton, made
a confession when he realized that he
could not live, and now that he is dead
Sheriff Fairbairn has made public
what he said.

At this time Perry had just passed
through a run of typhoid fever and was
very weak. He seemed to have an idea
he would not live. The sheriff says in
detail:

"On Feb. 26 word was brought to me
in the office that Perry wanted to see
me. I went immediately to the hospi-
tal. He said he wished that I would
give his attendants orders to stay in-
side of his cell during the night. I told
him that there was no need of that, be-
cause one of them was just outside his
cell door on the corridor all the time.
This man could get to his bedside at a
moment's notice, if he needed any-
thing. I told him that if any one were
to stay in the cell he could not sleep,
and sleep was what he needed more
than anything. The doctors had told
me that Perry's illness was greatly due
to his inability to secure any sleep.

"I do not want to sleep. I want
somebody with me; I'm going to die,"
Perry said.

"I said: 'I hope not. What makes
you think so?'

"He began to cry and said that he
knew that he was going to die. He
said that it was somebody's will that he
should die. 'Can't you help me,' he
said; 'you are the only friend I have left.'"

"I said: 'That isn't so. You haven't
forgotten your mother, have you,
George?'

"No," he said, "and I love Jesus. He
has forgiven me and He has got it all
down up there."

"I then said: 'George, if you are go-
ing to die you had better tell the truth
and not die with somebody else blamed
for anything that you have done.'

"He lay still for some moments and
then said: 'I am only a poor nigger,
and like all niggers, I must do the best
that I can.'

"Did you do what they said you did
and what they have sent you here for?"

"He nodded his head in the affirma-
tive.

"George, did you hit those girls,
Misses McPhee and Clara Morton?"

"The boy began to cry and said: 'Oh,
don't ask me.'

"George, if you did, you can tell me
and if you live I never shall mention it,
but if you die it ought to be known.
Did you do it?"

"Yes sir, I did."

"Did Mason have anything to do
with it?"

"He shook his head in the negative,
and said: 'Don't ask me any more
questions.'

"After a few minutes I promised to
see him again in the morning and left
the cell. Since that time in all my
talks with him he said nothing about
the case. On that particular day the
boy was very sick and felt that he was
surely going to die. On no other day
during his illness did he feel in this
mood."

The above statement was read by
Sheriff Fairbairn to District Attorney
Sanderson and his assistant, Hugh
Bancroft. They both agreed that it
should be published for the good of all
concerned. Mrs. Conway, Perry's
mother, was also informed of its
purport. She acquiesced in anything
the officers thought for the best.

Rev. Robert Walker, chaplain of the
Middlesex jail, has been requested to
assist at Perry's funeral. He will do
so. Perry was covered by industrial
insurance and Mrs. Conway will bene-
fit to some slight degree.

Playhouse Raids For Actors' Good
New York, March 10.—Rev. Francis
J. C. Moran of the Actors' Church al-
liance declares that, acting on behalf of
the alliance, he is responsible for all of
the recent raids on Sunday playhouses.
He also declares that religious senti-
ment has nothing to do with the move-
ment. The desire to permit actors to
rest one day in seven is the sole reason
he said.

Powell Gained His Points
Santo Domingo, March 10.—United
States Minister Powell, having brought
to a satisfactory settlement all the
questions pending between the United
States and the Dominican govern-
ment, left here yesterday for Port au
Prince.

CASE NOT HOPELESS

Last Card Yet to Be Played in the
Burdick Murder Mystery

Buffalo, March 10.—Investigation in-
to the Burdick murder mystery has set-
tled down to what will likely prove a
long, relentless chase. The district
attorney has turned his attention to
routine business of his office, leaving
the case temporarily in the hands of
the police. When they submit con-
vincing evidence to him, he will again
take it up. Superintendent Bull and
Chief of Detectives Cusack profess to
be not at all cast down or discouraged
by recent events.

While District Attorney Cusack has
retired from the immediate direc-
tion of the work of investigating, it
must not be taken for granted that he
is hopeless as to the final outcome.
His attention was yesterday called to a
statement made by him last week in
which he said: "We have not played our
last card yet, when we play it, it
will mean success or failure."

He was asked if the authorities had
played that "last card."

"We have not," replied Mr. Cusack-
worth, in a deliberate, convincing
manner.

"Then you still have the important
move to make?"

"We have. But that is all there is
to say at present about it."

Sailors Say Officers Were Drunk
San Francisco, March 10.—Captain
Jergensen and nine of the crew of the
American bark Alex McNeil, which was
stranded on a reef near Hong Kong on
Dec. 24, arrived here yesterday on the
steamer Capricorn. The sailors state that
shortly after the vessel left Hong Kong
the officers became intoxicated and the
vessel drifted from her proper course,
finally bringing up on the reef, where
she went to pieces. A boat containing
First Mate Evans and four of the crew
was lost and no trace of the men was
found. Captain Jergensen denies that
he or any of the officers was drunk.

Nebraska Experiencing a Flood
Lincoln, Neb., March 10.—Ice gorges
in the Platte river and its tributaries
have caused serious floods in central
Nebraska. Railroad traffic is badly
demoralized. The Union Pacific bridge
across the Loup has gone out and the
track for a mile and a half is washed
away. Traffic on the Union Pacific
west of there is entirely tied up. In
southern Nebraska the Republican
river is out of its banks and full of ice.

Money For British Navy
London, March 10.—The British navy
estimates for 1903-4, issued last even-
ing, provide for an expenditure of
\$179,184,205, an increase of \$10,010,-
000. The new construction includes
three battleships, four armored
cruisers, three protected cruisers, to be
used as scouts; 15 torpedo boat de-
stroyers, 10 submarine torpedo boats,
two coastguard cruisers, a river gun-
boat and an admiralty yacht.

Ticket Scalpers Shut Out
St. Louis, March 10.—In the circuit
court yesterday Judge Wood made
permanent the temporary injunction
granted last October against ticket
scalpers' restraining them from buy-
ing and selling world's fair excursion
tickets. The temporary injunction
was granted at the instance of all the
railroads entering St. Louis and was
argued recently.

Organization of Furniture Men
New York, March 10.—At a meeting
held here last night furniture manu-
facturers and dealers from all over the
country organized the Furniture Asso-
ciation of America. The membership
is nearly 1000 concerns with an ag-
gregate of more than \$50,000,000 of
capital. W. L. Shearer of Boston was
elected president.

Relief Steamer Frozen In
Sydney Light, N. S., March 10.—The
steaming Newfoundland, which was
dispatched to the rescue of the
government steamers Minto and Stan-
ley, is fast in the ice off St. Paul's Is-
land and drifting east. The Newfound-
land has 200 sealers on board.

No Cigarettes For Children
Jefferson City, Mo., March 10.—The
senate yesterday passed the bill pro-
hibiting the sale of cigarettes and cigar-
et paper to children under 18 years of age.
The same bill has passed in the house.

Playhouse Raids For Actors' Good
New York, March 10.—Rev. Francis
J. C. Moran of the Actors' Church al-
liance declares that, acting on behalf of
the alliance, he is responsible for all of
the recent raids on Sunday playhouses.

Good Afternoon.

The public service corporations are
very much against the move to require
them to pay an annual excise tax, but
public sentiment is growing very much
in favor of just this thing.

Weymouth appropriates \$4,000 more
for its poor department than for its high-
ways, bridges and removal of snow.
Either the poor are lucky or the streets
are unlucky. Perhaps if more were
spent on streets there would be less
needed for relief.

The annual report of Hyde Park con-
tains a descriptive list of all taxable
property of the town. It is over
twenty-five years since such a publica-
tion was issued in Quincy, yet each
taxpayer has a right to know how the
valuation of his property compares with
that of his neighbor, and other sections
of the city.

The city of Everett voted an appro-
priation of \$200 Monday evening for
general repairs of highways. It added
however the street railway excise tax
and the water receipts. Probably the
Commissioner of Public Works of
Quincy would be satisfied with the
annual water receipts of \$70,000 to
\$80,000 for streets. The \$200 et al.
may not be such a small appropriation
after all.

Conductor Day.

George H. Day, conductor on the N.
Y., N. H. and H. R. R., passed away
this morning at seven o'clock at his
home on Central avenue, South Brain-
tree. His illness, the grip, was only
of three or four day's duration. He
was very popular with the railroad
men, the passengers and the people of
Braintree. The deceased leaves a fond
wife, daughter Clara, and son Roy to
mourn his loss. He was a member of
the Royal Arcanum, and about 42 years
old.

Death of Mrs. Pearce.

Mrs. Adelaide A., widow of Thomas
L. Pearce died at her residence on
Adams street, East Milton, this morn-
ing, after an illness of some duration.
Upon the death of her husband, who
was postmaster at East Milton, Mrs.
Pearce was appointed and served until
the office became a part of the Boston
office. She was 49 years old and leaves
a son and daughter.

To Sell Concord Plant.

At a special meeting of the stock-
holders of the Granite Railway Com-
pany in Boston, Monday, it was voted
to authorize the sale of the company's
real estate located in Concord, N. H.
The president and treasurer were
empowered to execute and deliver in
behalf of the company all instruments
and deeds necessary to convey properly
the property to the purchaser. The
parcel comprises about fifteen acres.

Water for Kansas Christening.

A resolution was introduced in the
Kansas senate on Monday, recommend-
ing that when the new battleship
Kansas is launched, the christening be
made with water instead of wine.

Norfolk county probate court in
Quincy tomorrow morning. The Daily
Ledger, the only daily in the county
save time in publishing legal advertise-
ment.

—Arthur H. Cook of Weymouth has
filed a petition in bankruptcy.

OPEN TO VISITORS.

Tomb of the Presidents
Now Accessible.

First Church Parish Meeting.

Legal Steps Taken Relative to
Fountain Green.

The annual meeting of the First
church parish was held Monday even-
ing in the chapel of the church. Owing
to the inclement weather and the fact
that there was a lecture in the main
church, the meeting was of short dura-
tion as the business was quickly dis-
patched.

James H. Stetson was moderator and
Charles A. Price the clerk pro tem.

The report of the Parish Assessors
was in print and showed all bills due
for salaries and supplies paid. That
the outstanding notes amounted to \$350
more than a year ago which sum
represented the deficit of the year.
The cash and collectable pew rentals
still due amounted to \$521.91.

One of the most important matters
in the report was the following: Dur-
ing the year the City of Quincy has
been by right of eminent domain the
plot of land north of the church and
adjacent to the fountain, which has
always been regarded as a part of our
property. The necessary legal steps have
been taken to determine once for all the
matter of ownership.

Another interesting matter was the
announcement that through the kind-
ness of Charles Francis Adams the
tomb of the Presidents under the
church had been fitted with an inner
grille door and suitably lighted, so that
it may be visited by the general public.
To defray the cost of maintaining, it is
proposed to charge a nominal ad-
mission fee to visitors.

The report of the treasurer showed
the receipts of the year to have been
\$6,373.06 and the expenditures \$6,335.75
leaving a balance on hand of \$37.31.

The assessors recommended that
\$6,200 be appropriated for the current
year and this sum was voted.

The election of officers resulted as
follows:

Parish Committee.—Henry M. Faxon,
Luther S. Anderson and James H.
Stetson.
Clerk.—George B. Dewson.
Treasurer.—Luther S. Anderson.
Collector.—George H. Field.
Flower Committee.—Miss Georgiana
C. Lane, Miss Florence R. Emery and
Mrs. Lewis Bass.

Ships for British Navy.

The British navy estimates for 1903-
04, issued Monday provide for an ex-
penditure of \$170,184,205, an increase
of \$16,010,000, of which amount \$11,-
180,000 will be devoted to ship building
and repairs.

The new construction includes three
battleships, four armored cruisers, to be
used as scouts; fifteen torpedo boat
destroyers, 10 submarine torpedo boats,
two coastguard cruisers, a river gun-
boat and an admiralty yacht.

Mr. and Mrs. A. F. Luard of Han-
cock street are receiving congratulations
on the birth of a son.

—In 1902 there were 131 marriages,
211 deaths and 367 births recorded in
Hyde Park.

Eruptions

Dry, moist, scaly, tetter, all forms
of eczema or salt rheum, pimples
and other cutaneous eruptions pro-
ceed from humors, either inherited,
or acquired through defective dig-
estion and assimilation.

To treat these eruptions with
drying medicines is dangerous.

The thing to do is to take

Hood's Sarsaparilla and Pills

Which thoroughly cleanse the blood,
expelling all humors and building
up the whole system. They cure
Hood's Sarsaparilla permanently cured J.
G. Hines, Frank, Ill., of eczema, from which
he had suffered for some time; and Miss
Alvina Walter, Box 212, Algona, Wis., of pim-
ples on her face and back and chafed skin on
her body, by which she had been greatly
troubled. There are more testimonials in
favor of Hood's than can be published.

Hood's Sarsaparilla promises to
cure and keeps the promise.

SPILLER'S GOLDEN COUGH BALSAM

THE KIND THAT CURES
Coughs, Colds, Croup, Hoarseness, Inflam-
mation of the Lungs, Lagrippe and Whoop-
ing Cough. It soothes the Cough of Con-
sumption, and is excellent for all Lung
Troubles. Try it. For sale by Weeks &
Hill, Quincy, Mass. Price 25 cents.
If goods fail to give satisfaction, money
refunded.

LEE A TRAITOR.

Grand Army Veterans Against
Erection of Memorial.

By request of a member of Paul
Revere Post, the Ledger publishes the
following letter of a veteran at Togus,
Me., which appeared in the Gardiner
(Me.) Independent:

The question is asked, if Virginia
wants to put a statue of Robert E. Lee
in the Capitol at Washington in place
of Jefferson, why should the North
object? The question ought to be very
easily answered. Jefferson drafted our
immortal Declaration of Independence.
It was the embodiment of our fore-
fathers' deepest and most rooted con-
victions. The Union is older than the
constitutions. It was formed in fact
by the articles of association in 1774.
It was matured and continued in the
Declaration of Independence 1776.
Jefferson devoted the most of his life-
time in helping to build up the Union,
which Lee in 1861, took quite an in-
famous part in attempting to destroy.

Lee was a traitor. He completed his
military education at the expense of
the government. April 25, 1861, he
resigned his commission as colonel of
the First cavalry, and was numbered
with those 200 southern officers who
deserted the national flag, and went
over and joined the so-called southern
Confederacy. Some of those officers
took the arms away from the men
under their commands and paroled the
men as prisoners of war, and sent them
North by slow and different routes.
History ought to brand these traitors,
traitors of the Benedict Arnold type.

Lee represented the state of Virginia,
the state represented the infamous dog-
mas of Jeff Davis, the arch traitor, and
president of the southern Confederacy,
namely, that the foundation of the
Union was built upon a sandy bottom,
suspended by a rope of sand, and when
the storm came and the wind blew, it
tumbled down; also that any state had
a right to secede at its own will, for
any mere political whim, open fire up-
on any Federal fort, capture it and
help themselves to all the government
property they wanted. But when the
government resolved to retake its prop-
erty, and enforce the laws of the
Union, the traitors, like curs, cried
aloud to the world, coercion, coercion,
coercion.

Lee represented the following notori-
ous sentiments of Virginia uttered by
one of his associate officers, viz., that
at last we have annihilated this ac-
cursed Union, reeking with corruption
and insolvent with excessive tyranny.
Thank God, it is at last blasted and
ruined by lightning wrath of an outraged
and indignant people. Not only is it
gone, but it is gone forever, and thank
God, we have carried the Union to its
last resting place, and now will drop
the flag over its grave. Lee command-
ed the army of northern Virginia, and
engineered it through four years of
gigantic war to maintain those above
mentioned infamous, fanatical, mis-
guided southern confederacy dogmas.

The entering wedge, which the Con-
federate veterans and their northern
sympathizers designed, to have the
government acknowledge that the cause
which they fought for was all right,
and the principles and institutions
which the North fought for were wrong,
(was a dandy.) But the people of the
United States of 1861 are not quite ready
to acknowledge any part of the in-
famous record which Robert E. Lee
has established for himself in the his-
tory of our civil war.

It would be a national disgrace to
have a statue of Lee erected anywhere
near our national cemeteries, where our
brave defenders of the Union of 1861-5
are silently sleeping. They cannot
speak for themselves, but their com-
rades living will speak for them, and
suggest to the government that it will
never allow any act to be committed
which will have any tendency to cast
sarcasm upon the grand military
achievements which our brave defend-
ers of the Union, who never returned,
helped to accomplish.

It is useless for our Confederate op-
ponents of 1861-5 to attempt to impress
upon the present generation of the
North that the cause which the South
fought for was a just one. All true
lovers of our Union are well satisfied
that the stand which the North took
in 1861, and so firmly and successfully
maintained, was right. The North are
satisfied that they made no mistake,
and that they buried the right flag at
Appomattox, where the southern Con-
federate star of secession, which blazed
in the southern sky so defiantly for four
years, set, and faded forever out sight
on April 9, 1865.

TODAY'S COURT.

The continued case of Jeremiah Crowley, for
drunkenness at Quincy, was called and he was
detained.

A Card.

We, the undersigned, do hereby agree to
refund the money on a 50 cent bottle of
Greene's Warranted Syrup of Tar if it fails
to cure your cough or cold. We also guarantee
a 25-cent bottle to prove satisfactory or money
refunded.

G. A. LORING, Wollaston.

—The Cohasset, a four-master
schooner 184.6 over all, was launched
at Bath today.

TOWN MEETINGS.

Hot Debate at Braintree on Pay
of School Teachers.

The annual town meeting in Braintree
Monday night, to act on articles in the
warrant was fairly well attended. Hon.
B. Herbert Woodsum was elected by
ballot as moderator. He conducted the
meeting in a manner very creditable to
himself, many articles being considered
and about half of the entire appropria-
tions were made.

There was considerable debate under
article six; the pay of school teachers.
Mr. E. E. Abercrombie made serious
charges against the new superintendent
of school, the school committee, and
the whole school system. He thought
that the superintendent's office in the
Monatiquot building was a disgrace to
the town. Everything there represented
disorder and filth, and if that was a
sample of the way the school depart-
ment was being conducted, the super-
intendent should be asked to resign.

W. C. Harding, chairman of the
school committee made a very frank
speech, in which he clearly explained
the condition of the superintendents'
office. (This office is and always was
kept in perfect order by the janitor, J.
A. MacAndrew, who receives numerous
compliments upon the neatness of the
entire building.)

Rev. C. F. Hill Crathern, also a mem-
ber of the school board, said there were
many things wrong in the management
of the schools, but the new superinten-
dent had not been there long enough to
straighten out the system. The former
superintendent, who passed through
serious operations for cancer of the
mouth, for nearly two years was un-
treated and physically to superintend
the schools, but the school committee
stood by him as the town now stands
by its chairman of the selectmen, An-
sel O. Clark, in his serious illness.

Mr. Crathern and Mr. Harding
agreed on the healthy conditions at the
Monatiquot school, and were in favor
of an investigation of the entire school
system. Mr. Harding had no objections
to Mr. Abercrombie as one of a com-
mittee on investigation but did not
care to have him a committee of one.

The following appropriation, as
recommended by the committee on
appropriations, were accepted:

Pay of teachers in addition to dog tax and school fund, [estimated \$1,150],	\$19,000 00
Superintendent of schools,	1,400 00
Janitors,	2,172 00
Text-books and supplies,	1,900 00
Incidentals for schools,	560 00
School-house repairs, etc.,	1,000 00
Fuel,	1,800 00
Conveyance of pupils,	1,200 00
Repairs on Pond school,	550 00
Repairs of Union school,	915 00
Maintenance of highways [in addi- tion to amount to be received from State, estimated \$2,100],	4,000 00
Construction new stone road in ad- dition to excise tax, estimated \$1,200,	500 00
Construction and repairs sidewalks, Watering streets [in addition to assessment on abutters of 1 cent per lineal foot],	2,000 00
Removal of snow,	750 00
Concrete or granolithic sidewalks, one half to be paid by abutters,	1,000 00
Construction of Academy street as laid out by the Selectmen,	468 75
Construction of Bellevue road as laid out by the Selectmen,	1,750 00
Support of poor and maintenance of almshouse, including Insane Hospital account,	1,200 00
Pay of engineers and firemen, in- cluding poll taxes,	6,000 00
Expenses and repairs, including care of fire alarm,	1,025 00
New hose,	1,000 00
Painting three engine houses,	500 00
Meeting adjourned at ten o'clock to Monday evening, March 23, at 7.30 o'clock.	200 00

Deficiency at Weymouth.

The chairman and ex-chairman of the
School Committee of Weymouth were
severely criticised at the Weymouth
town meeting, it being alleged that
they covered up a deficiency of \$2,500.
They were not present to reply. The
voters refused to accept the report of
the School Committee.

The following appropriations were
made: Schools, \$50,000; transportation
of pupils, \$10,000; repair of highways,
town ways and bridges and removal of
snow, \$10,000; support of poor, \$14,-
000; fire department, \$7,000; police
service, \$4,500; Tufts' library, \$2,500;
reading rooms in Fogg's library, \$500;
salaries, \$8,800; Memorial day, \$700;
board of health, \$500; electric lighting,
\$7,000; for sinking fund, \$5,000; water
department, \$20,720; payment of water
bonds, \$9,200; extending water mains,
\$3,000; hydrants, \$5,000.

Winchester High School.

Because of the veto of Gov. Bates the
town of Winchester voted yesterday to
begin the payment of its high school
loan next year instead of putting off
payment thirty years as proposed.

No-License at Randolph.

The selectmen of Randolph have de-
cided not to grant liquor licenses, al-
though the town at the recent town
meeting voted in favor of license. Con-
siderable criticism has been expressed
by the newspapers over the vote of the
town for license.

CITY BREVITIES.

Observations in Daily Walks of
Ledger Reporters.

The morning prediction was fair
weather.

C. H. Tower has a new telephone
number, 64-4.

A Ralston demonstration this week
at the store of L. M. Pratt & Son.

Quincy painters are interested in a
district council organized on Sunday.

Frank Knowlton, formerly of Wollas-
ton, was visiting old friends here Sun-
day and Monday.

The Unitarian club of Wollaston will
observe ladies' night this evening with
a banquet and addresses.

The wills of Joseph Veader, Ann
Kelshaw and Kate J. Barry late of
Quincy have been filed for probate.

One lonely robin was seen Monday on
Elm avenue. The rest of the family will
arrive as soon as the weather clears.

Mr. and Mrs. Lourd of Hancock
street, Wollaston Park, are receiving
congratulations on the birth of a son.

There are usually twenty-five to thirty
tables at the whist party in I. O. O. F.
hall. Another party tomorrow night.

Rev. Dr. Cutter of Arlington gave a
stereopticon lecture on Jerusalem at the
First church Monday evening under the
auspices of the Women's Alliance.

Miss Catherine Roche for a number
of years a clerk in the office of Henry
L. Kincaide & Co., has resigned to
accept a position in the Quincy Savings
Bank.

Notwithstanding the storm Sunday
evening a full house was in attendance
at the Wollaston Unitarian church to
see the "Passion Play" which was
illustrated by the stereopticon. The
Wollaston orchestra, assisted by Wil-
liam Weston at the organ furnished
appropriate music.

The Twelve Associates of Atlantic,
were entertained by Mr. and Mrs.
Herbert Barker at their home on Han-
cock street, Tuesday evening, March 3.
Mrs. William Scholes and Mr. Charles
Hadlock won first prizes at whist. Mr.
and Mrs. Jenkins the second prizes. A
collation was served. A very pleasant
evening was enjoyed by all.

Danger of Colds and Grip.

The greatest danger from colds and grip is
their resulting in pneumonia. If reasonable
care is used, however, and Chamberlain's Cough
Remedy taken, all danger will be avoided.
Among the tens of thousands who have used
these remedies for these diseases we have yet to
learn of a single case having resulted in pneu-
monia, which shows conclusively that it is a
certain preventive of that dangerous disease. It
will cure a cold or an attack of the grip in less
time than any other treatment. It is pleasant
and safe to take. For sale by all druggists.

PALE WOMEN

A Bloodless Face Indicates Trouble.

Watery Blood a Menace to Health.

WE KNOW HOW PALE PEOPLE CAN GET RICH RED BLOOD.

COME AND LET US TELL YOU ABOUT VINOL.

When blood is watery and thin, or, as doctors would say, lacks red blood corpuscles, it is a sign that much is radically wrong.

We would advise everyone who has such symptoms to start at once to take a proper remedy to overcome this trouble.

That remedy is Vinol, the greatest and most modern tonic and restorer. Vinol owes its virtue to the fact that it contains in a highly concentrated state the active curative principles extracted from cods' livers, the same elements that have made cod-liver oil famous for wasting diseases.

These medicinal elements are dissolved in a delicious table wine so that Vinol is most palatable.

None of the vile-smelling obnoxious grease that characterizes cod-liver oil and frequently makes it an impossible remedy for those who should take it, is found in Vinol.

We could relate many instances where Vinol has done good and restored the roses of health to the pale cheeks of the sufferer.

The following is a fair sample of the way people write in regard to Vinol:

"For several months I suffered lassitude and tired all the time. Also a sinking feeling in my stomach, which nothing would relieve, and I was pale and weak. As an experiment I tried Vinol and I wrote pages I could not tell all it has done for me."—Mrs. A. K. LA PRUSSE, Amesbury, Mass.

Because we know Vinol so well, and because we know so surely what it will do, and how it will accomplish the good it does in a scientific way, we unreservedly endorse and recommend it, and in every instance guarantee to refund to any one what they pay us for Vinol if they do not find it entirely satisfactory.

CHAPTER XXXIX—Continued.

"Thank you, sir," said the young man, deeply touched. "They will value those words," he added spontaneously, "from the greatest captain of the sea. I will go over to the Tennessee, sir, with your permission, and make ready."

"Do so. You shall have the Loyall, my own steam barge, under a flag of truce, to take you up to the city. Give my compliments to my affectionate regard, to your own brave admiral. I am sorry he is wounded, and tell him I am sending my own fleet surgeon to look at him. You'll go, Palmer? And, Mr. Peyton, congratulate him for me for his splendid fight, and ask him if there is anything I can do for him or his men now. After the battle, thank God, we are no longer enemies, but brethren. By Jove, 'twas like old Buck to come single handed out against us all! 'Tis the old navy spirit, the old fighting blood, that made us what we are, gentlemen," he added, as he turned to the ladder and followed Willis Peyton to the deck.

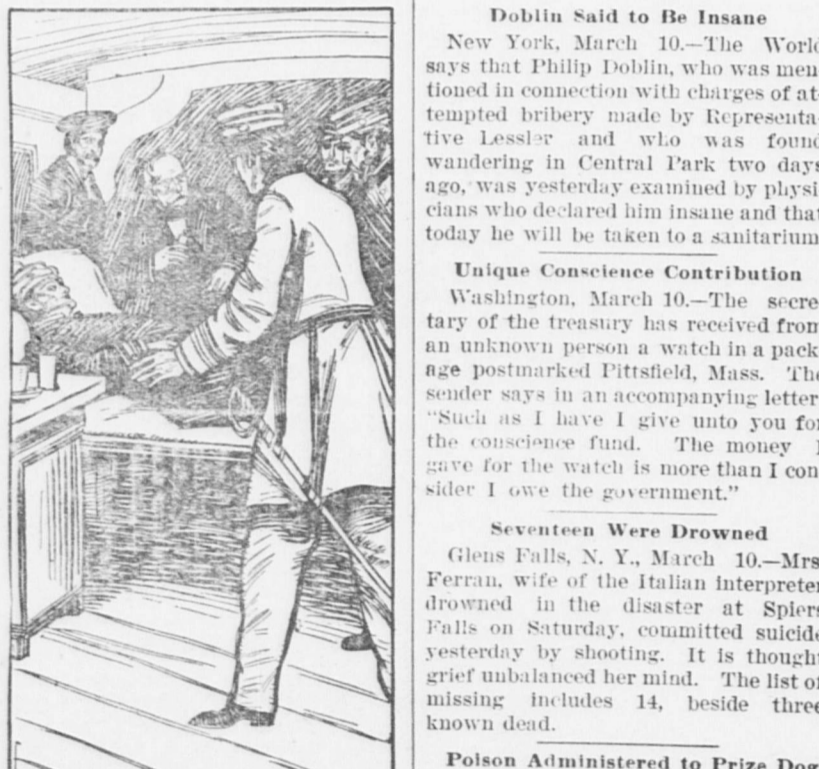

In a few moments the young officer, having hastily removed some of the evidences of battle from his person and changed his soiled uniform, came on deck once more. The little Loyall had swung alongside. Ready hands had rigged a whip on the main yard-arm of the Hartford, and the cot, with its silent occupant, lay on the deck ready to be swayed up and lowered in to the barge. One of the junior surgeons was to accompany them to see the patient safely delivered on shore. But that was not all.

The crew were lined up in the gangways, the marines drawn up on the quarter deck, the admiral and his staff and other officers stood aft on the poop. As Peyton was lowered into the Loyall the marines presented arms, the seamen and their officers took off their hats, there were flourishes of trumpets, three rolls of the drums and the shrilling of the boatswain and his mates piping the side with their whistles as if it had been a flag officer departing. As the barge moved away the admiral, but in hand, the wind blowing across his bare head, stepped to the side, looked down at the two brothers and called out in a voice heard in the stillness throughout the ship:

"Goodby, sir, and may God bless you!"

And in a silence more eloquent than if the love of his fellows had been voiced in cheers Boyd Peyton left the ship in which with his admiral he had gained an immortal name.

Far down on Fort Morgan a woman stood, with a little group of officers around her—a woman filled with a consuming present grief and with dread forebodings of another. She stood on the grassy rampart over the casemate, where under a sheet lay the still form of her little brother, watching

"Will he live? Is there any chance?" asked Willis hoarsely.

ing the battle between the ships and the Tennessee, standing like many another woman—nay, like the south itself—over the grave of dead hopes, lost illusions, vanished dreams, watching the battle going against them!

"It's all up," said General Peyton at last, dropping his glass. "The firing is over. The ram has surrendered. Our last hope is gone. Good God, to think it has come to this! I wonder if any hurt has come to Willis!" He hesitated. No one had ever heard him mention the name of his eldest son since that day he drove him from the porch. "Or to Boyd," he added at last. "Good God! Both my boys, both my boys!"

He turned and walked slowly away. "General Peyton," said Pleasant, venturing to break his reverie, "I suppose you will want to send the news of this morning's battle up to General Maury, since the telegraph line has been cut or broken?"

"Yes, sir," said the general. "The Mor-

FINE POINTS INVOLVED

In Provisions of the Treaty With Cuba

CANAL PACT MOVES ALONG

Some of the Cash For Buying Rights Must Come From Treasury Vault and the Rest Must Be Withdrawn From Banks—Shaw Uneasy

Washington, March 10.—The senate committee on foreign relations will not meet today to take up the Cuban treaty, but it will do so tomorrow. "I shall of course wish to return to my duty in her, sir,"

"By all means, colonel. Let Dr. Rampney go, too, and Mary Annan as well. You may take her brother's body with you also. They will want to bury him beside his father, poor lad! You may possibly be captured, but you certainly will be captured if you remain here. If they land a force behind the point and ring their ships around the point, nothing can prevent our being battered to pieces."

There is a probability of some discussion of the constitutional right of the senate to make a treaty affecting the revenues of the government without the concurrence of the house. Some opponents of the Cuban treaty have told members of the foreign relations committee that they think this is such an important question that the treaty might be delayed until the regular session of congress. Others have suggested that there should be an amendment providing that the treaty should not become operative until its provisions have been approved by the house. Some members of the committee think that this much disputed question ought to go to the supreme court and be settled there. It is the present intention of the foreign relations committee to press the Cuban treaty to a vote as soon as the Colombian treaty is out of the way.

Senator Allison, chairman of the Republican steering committee, has sent notices to all Republican senators requesting them to be present at the sessions of the senate in order to maintain a quorum. No definite line of policy has been agreed on in the way of pressing the treaty, but the intention is to keep it before the senate and under consideration as long as possible each day. While little opposition has been shown aside from Senator Morgan, Democratic senators have said that they do not intend that the Alabama senator shall be subjected to undue physical strain in presenting his views.

The senate committee on foreign relations yesterday agreed to favorably report the Colombian canal treaty to the senate. When the senate went into executive session, Senator Cullum reported the treaty and it was read at length, as the rules of the senate required. Under the rules an objection carried the treaty over for one day before it could be considered, and Senator Morgan objected to its consideration yesterday.

Immediately after the ratification of the Isthmian canal treaty by the senate, the government will be called on to pay over to the new Panama Canal company of France the sum of \$40,000,000, representing the purchase price of that company's rights and property on the Isthmus of Panama. For the construction of the waterway itself, special provision was made by the law passed at the first session of the Fifty-Seventh congress, authorizing the issue of bonds by the government, but no similar provision was made for the payment of the \$40,000,000 due to the French company. It is necessary, therefore, to make this large payment out of current funds for the treasury. Although there is nominally an enormous cash balance in the treasury, yet a large part of this balance is held by national banks in the form of government deposits. The only serious feature about the coming payment is that it will be necessary for the secretary of the treasury to make heavy withdrawals of federal deposits, thus imposing a possible hardship on some of the banks and increasing the danger of a money stringency in the financial centres of the country.

The treasury officials are not pleased with the prospect of having to reduce the amount of the deposits held by the banks, and Secretary Shaw regards the outlook with some little uneasiness. Speculation is still active, and the prosperous conditions of trade calls for an enormous volume of money in circulation. To withdraw from \$15,000,000 to \$20,000,000 of federal deposits will be, to some extent, to cancel the effect of the extraordinary efforts that were made by the secretary of the treasury last fall to relieve the money stringency.

Owing to the repeal of the war taxes, the accumulation of funds from internal revenue is not as rapid as it was last year, and combined with large expenditures, this fact has kept the treasury surplus for the first two-thirds of the fiscal year down to about \$50,000,000. The revenue receipts are still very large, however, and these receipts will probably be turned over very largely to the national banks for deposit.

Thought Minority Needed Prayers

Salt Lake City, March 10.—A special prayer for the minority (Democratic) members of the lower branch of the legislature by Chaplain Porter yesterday provoked the wrath of the Democrats, who introduced a resolution dismissing him from further service in the house. It was defeated by a strict party vote.

ALL REPUBLICAN

Five Maine Cities Elect Officials For the Ensuing Year

Portland, Me., March 10.—Republican mayors were elected in the five Maine cities whose annual elections were held yesterday. At Augusta, Belfast and Brewer there was no opposing ticket. The sharpest contest in her political history occurred at Biddeford with five tickets in the field, while at Bangor Flavius O. Beal's election resulted after a lively campaign. Biddeford, Belfast and Brewer re-elected their mayors, while Bangor elected a former mayor. Small votes were polled except at Biddeford and Bangor. The elections resulted as follows:

City	Mayor	City	Govt
Bangor	Flavius O. Beal	Rep	
Augusta	Gustavus A. Robertson	Rep	
Biddeford	Joseph Gooch	Rep	
Belfast	Elmer Small	Rep	
Brewer	Leon F. Higgins	Rep	

Crook Pledges For Partner

Boston, March 10.—When Frank Green and Augustus Reynolds came up for sentence before Judge DeCourcy yesterday for stealing from several lodging houses, the court refused to allow Green to take all the punishment and sent the men to state prison for 2½ to 3½ and three to four years, respectively. Green addressed the court, saying: "Judge, I don't want you to punish this gentleman who is with me just because he is older than I am. I proposed the plan and this gentleman was induced by me to go into it." Judge DeCourcy then imposed sentence.

Crackmen At Boston

Boston, March 10.—Three attempts were made some time between Saturday night and yesterday morning to blow open safes in this city, and the crackmen were frightened away by people who were attracted to the scenes by the noise of the explosions. The safes in each place were bored, dynamite was inserted and the charges were set off with fuses, but nothing more than the combinations were blown off. The safes were so badly damaged, however, that they could not be opened yesterday, and experts had to be called.

Held For Murder of Policeman

Bangor, Me., March 10.—The inquest in the death of Patrick H. Jordan, the patrolman who was murdered last Saturday night, was held yesterday afternoon. At the closing of testimony the jury returned a verdict that Jordan had been shot by William Albert. The prisoner was bound over to the August session of the grand jury. The arraignment was secret and the crowd did not know what was going on until after Albert had been hurried back to his cell.

New Railway Wage Schedule

Marlboro, Mass., March 10.—It is announced that when the Boston and Worcester street railway begins operations early in June a sliding scale of wages will go into effect. New men will receive 20 cents an hour and wages will be gradually increased after one year of service until a maximum rate of 25 cents an hour is reached. The latter rate will be paid to men who have been steadily employed by the company 10 years or over.

Formal Charge of Forgery

Montpelier, Vt., March 10.—Dr. W. R. Harkness, arrested last Friday at the instance of the Montpelier Savings bank because of alleged irregularity of endorsements on a note for \$2060 honored by the bank, was brought before Judge Anderson yesterday and formally charged with forgery. Harkness waived examination, and was held in \$2000 bail. He was not bailed.

Heavy Failure at Boston

Boston, March 10.—R. Hollings & Co., doing business in gas and electric lamps and fixtures, filed a petition in bankruptcy yesterday. Their schedules disclose total liabilities of \$134,171.98.

Sick

Headaches and Dizzy Spells, Weak, Nervous, Wretched, Tired,

Until Dr. Miles' Nervine Cured Me.

Are you in a "poor condition"? Are you almost ready to give up from exhaustion, nervousness, headaches, backaches, and dizzy spells? No need to mention the details of a run down or "poor condition" to those who are suffering. Better to tell you of Nervine, the remedy sold on a guarantee to help you, and restore your poor weakened nerves to life, strength and health.

"Dr. Miles' Restorative Nervine has done a great deal for me. In the fall of 1897 my health was in a very poor condition. Extreme nervousness, dizzy spells and sick headaches made me most miserable. I had been under the care of our local physician for some time, but got no better. I was on the verge of nervous prostration. Had no appetite, and could not sleep. I grew worse as the dizzy spells continued and lost flesh and strength. Oh! those awful days! A lady friend who had taken Restorative Nervine advised me to try it. I bought a bottle at the local drug store and when it was one-half gone I noticed that the medicine was helping me. I continued taking it according to directions until I had used three bottles. I feel so much better I stopped taking it. I feel that my present greatly improved health is all due to Dr. Miles' Restorative Nervine. I am grateful for the benefit I received, and recommend the Nervine wholly on its merits as a nerve and restorative."—Mrs. P. M. HOGGESSON, Dalton, Mass.

All druggists sell and guarantee first bottle Dr. Miles' Restorative Nervine. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

THEY ALL AGREE WITH ME THAT ROMOC IS A GOOD MEDICINE. "THE MEDICINE MADE FROM A ROCK" IS MAKING FRIENDS EVERYWHERE.

Lookout Mountain, Tenn. Gentlemen:—I used that 12 oz. bottle of your preparation, Romoc. I increased 3½ lbs. in weight, and feel greatly improved otherwise. It is a potent remedy.

Yours truly,
(Signed) L. C. WASHBURN, M. D.
Boston.

In Eczema and all skin and blood diseases Romoc has the greatest healing power of anything I have ever known.
(Signed) ———, Former Supt. of Nurses, ———, Hospital.

settles owes to itself to investigate with the greatest scrutiny possible the sanitary condition of the prison, and whatever condition that may deserve its attention.

"It should be understood that no statement of the prosecuting attorney which falls short of an establishment of actual facts satisfies the mind of an intelligent public when so much is involved. I venture further to say: The credence given to the dying statement of a delirious mind should be of the slightest character, especially when the circumstances surrounding the case are attended with so much peculiarity."

Boxers Lose Their Heads Pekin, March 11.—The governor of Chi Li province discovered that boxers, well armed, were drilling at night in a town 100 miles east of Pekin. The boxers were dispersed by troops after a dozen of them and several soldiers had been killed. The governor ordered the prisoners to be beheaded and issued a proclamation imposing the death penalty on members and abettors of the organization.

Assets Exceed Liabilities Woonsocket, R. I., March 11.—The Taft-Pelce Manufacturing company of this city, makers of fine machinery by contract, was placed in the hands of a receiver yesterday. The plant, which employs about 250 men, will be operated as usual unless the court should see fit to otherwise direct. An approximate estimate places the assets at \$120,000 and the liabilities at about \$105,000.

Poor Woman's Great Windfall Charleston, March 11.—Mrs. John Hopkins, who lives in reduced circumstances at Ophir Gold Mine, this state, will receive \$143,000, the fortune left by the late Charles Hill of Los Angeles, Cal. Mrs. Hopkins' first husband, Robert Alexander, while in Texas 20 years ago, saved the life of Hill and Hill willed all his property to his preserver.

Alleged Investment Frauds Chicago, March 11.—President F. D. Bittinger and Treasurer O. N. Vincent of the Nicaragua company, a land investment concern, were held for the grand jury yesterday under bonds of \$5000 and \$1000 respectively, charged with having used the mails to defraud.

Eight-Hour Day at \$4.40 Pittsburg, March 11.—The strike of the tile layers, which has been on since Jan. 1, was formally declared off yesterday. All of the employers signed the scale which gives the men \$4.40 for a day of eight hours.

Could Not Live Without Husband Glens Falls, N. Y., March 11.—"Bury us in the same coffin; I cannot live without him," wrote Mrs. Blanche Ferrer in a note found pinned to her dress after she had shot and killed herself. She was the wife of the Italian interpreter who was one of the victims of the Spier Falls drowning tragedy, in which 17 people were lost. Her wishes will be complied with.

Loss of \$600,000 by Fire Portland, Ore., March 11.—Fire on Victoria dock yesterday burned fiercely for two hours, destroying property of an estimated value of \$600,000. The fire spread to the Irving dock, adjoining, and the two docks, together with about \$50,000 bushels of wheat, several buildings and about 24 cars were destroyed.

Scattering the Ladronees Manila, March 11.—After a series of skirmishes between the government troops and the ladronees in Rizal province, the ladronees have been scattered. Many of their leaders were captured.

Large Steamer on Rocks Miami, Fla., March 11.—There is a large steamer on the rocks at Ragged Key. A number of wrecking tugs have sailed for the scene of the disaster. No particulars have been received.

SEVERE ATTACK OF GRIP. Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused me to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

Struck For Nine-Hour Day New London, Conn., March 11.—Sixty men employed at the shipyard of the Thames Towboat company have struck because their demand for a nine-hour day was refused. The Central Labor union has taken up the matter and threatens to extend the strike to other branches of the company's business.

A Featherweight Contest Boston, March 11.—Jimmy Briggs of Chelsea, featherweight champion of New England, knocked out Kid Goulet of Rochester in the seventh round of what was to have been a 15 round bout here last night.

NOW IT IS THE PENNELLS.

Arthur R. Pennell Dead and Mrs. Pennell May Die—Closely Related to Burdick.

Buffalo, March 11.—Ghastly as was the death of E. L. Burdick, a double gruesome tragedy occurred at about 5:45 o'clock yesterday afternoon when Arthur R. Pennell, one of the chief figures in the investigation of the Burdick murder, was buried headlong to eternity. Pennell was out riding in his electric automobile with his wife. They were on Kensington avenue, skimming along the edge of the Gehrs stone quarry, which is a huge, rock-ribbed hole in the ground on the right side of the avenue going out. Pennell's hat blew off. The automobile swerved and leaped over the curb into the abyss below. Pennell was killed instantly, his head being crushed to an unrecognizable mass. Mrs. Pennell was injured so severely that the surgeons at the hospital to which she was taken say her chances of recovery are very slight.

Two boys saw the tragedy. They were too far away to know positively just how it happened. Mrs. Pennell, when found, was unable to speak. She was only semi-conscious when taken to the hospital and could speak no coherent words. After the operations, performed immediately in the hope of saving her life, she lapsed into unconsciousness and hence there can be no true version of precisely how the accident occurred.

Mr. Pennell left his office in the Austin building at 4:05 o'clock yesterday afternoon. He went to his home at 208 Cleveland avenue. A friend who called him up on the telephone about 4 o'clock was informed that Pennell was in, but that he was just going out for a drive. He informed the friend that he would be back between 6:30 and 7 o'clock and made an appointment with him for that hour.

"Would 6 o'clock do?" he was asked. "Oh, well, you might come at 6 o'clock, but you better make it later," said Pennell. Those were the last words Pennell was known to speak to any one except Mrs. Pennell, save that he went back to the stairs and called out to Lizzie Romance, the maid: "Lizzie, we will be back between 6 and 7 o'clock." Then he went out and he and Mrs. Pennell went away in the automobile. It was his last ride.

It is learned that the matter mentioned in the telephone talk was something he considered most serious and which weighed heavily upon him. It was in connection with the Burdick case. To a reporter some days ago he said: "About this case of Burdick, I have told the authorities I went away to New York before the murder and that I met Mrs. Burdick while I was away. In fact I saw Mrs. Burdick near New York two or three days before the murder of Mr. Burdick. I came home again Wednesday, the day before the meeting was a proper one. But they seem determined to drag all this business out in the papers. I would do anything to stop it."

Mrs. Pennell has been loyal to her husband throughout his trying experiences during the last 10 days. She frequently said that her faith in him was unshaken and that she would stick to him to the end. Pennell's body was received at the morgue shortly after 8:30 o'clock. The top of the skull had been crushed in from above and the brain cavity was entirely empty. A portion of the skull bone as large as an ordinary saucer had become detached and the cavity was left exposed. The features of the dead man were crushed and distorted and out of all semblance of their natural character and the face was literally slit from the temples to the middle of the upper jaw. It was thought then that the arms and legs had been fractured, but that was left for a more exhaustive examination later.

SUSPICION OF CHOLERA

New York Health Officers Have Over 700 Persons in Quarantine New York, March 11.—Six strange deaths at sea aboard the Anchor Line steamer Karamania from Marseilles, Palermo and Naples, caused that vessel to be detained at quarantine yesterday, and Health Officer Doty, after an examination, said the symptoms were so similar to those of cholera that the ship would be thoroughly disinfected and its 733 passengers and the crew sent to Hoffman Island to remain there until the health officer positively knows they are free from infection. The bodies were buried at sea and the meagre report of the ship's doctor increased Dr. Doty's suspicions. Each of the six victims died in convulsions, following an attack of nausea and cramps.

they are free from infection. The bodies were buried at sea and the meagre report of the ship's doctor increased Dr. Doty's suspicions. Each of the six victims died in convulsions, following an attack of nausea and cramps.

Smuggled Goods on Transport

Manila, March 11.—Collector Shuster has seized a quantity of silk, silver and liquors brought from Hong Kong on the United States transport Seward, but not recorded in the manifest, and has ordered the arrest of Captain Chamberlain on the charge of smuggling. The goods were purchased in Hong Kong at the request of prominent army officers, who say they had no knowledge of the plan to conceal them. The officials say smuggling is frequent on transports and regular naval vessels.

American Capital in Manila

Washington, March 11.—A cablegram received at the war department yesterday from Governor Taft relates to the allotment to an American of a contract for the ownership and maintenance of 25 miles of electric road in Manila and suburbs and the operation and ownership of the electric light, heat and power works. There was a spirited contest between various American and foreign concerns for the contract.

New Archbishop in Office

Chicago, March 11.—In the presence of a great throng of the laity and priesthood, crowding every foot of space in the huge cathedral of the Holy Name, Bishop James E. Quigley of Buffalo was last night installed archbishop of the Chicago archdiocese of the Roman Catholic church. The ceremonies, which were most impressive and solemn, were in accordance with an ancient ritual of the church.

Fourteen Burned to Death

Olean, N. Y., March 11.—Fourteen charred and half-cremated bodies in undertaking establishments or in their late homes, 14 people lying in hospitals and a dozen or so more, not so seriously injured, at their homes, is the result of an accident on the Erie railroad Monday night in which an old train was wrecked and several oil cars exploded, scattering death and destruction in every direction.

Strike Violence at Toledo

Toledo, March 11.—Owing to an attack made on non-union teamsters yesterday by striking teamsters, the Toledo Cartage association has declared its intention of asking Governor Nash to send troops to this city to protect its non-union men. Scenes of violence have been repeated on the streets since Monday night; revolvers have been flashed and the police have refused to interfere.

Shot Girl While Insane

New York, March 11.—A jury yesterday declared Daniel Harkins, the gardener who shot Lizzie Connell, a servant employed on the estate of Mrs. Collins P. Huntington, insane and Judge Newburger ordered him sent to the state hospital for the criminal insane. Miss Connell is still in a hospital.

Financial Concerns Not Exempt

Albany, March 11.—A Republican caucus last night decided to make the mortgage tax bill a party measure. This bill makes no exemption of insurance companies, savings banks or building associations, and also increases the liquor tax 50 percent on all classes of licenses.

Fell Down Elevator Well

Pittsfield, Mass., March 11.—By a misstep, Walter M. Wood, aged 35, employed by the Central Market company, was precipitated into an elevator well in the basement of the store last night, sustaining injuries from which he died four hours later.

The Weather Forecast

Almanac, Thursday, March 12. Sun rises—6:03; sets—5:46. Moon sets—5:18 a. m. High water—10:15 a. m.; 10:45 p. m. The area of high pressure that has occupied the Canadian maritime provinces during the last few days is slowly giving way under the influence of an area of low pressure central in the lower lake region. The temperature continues much above the seasonal average everywhere east of the Rocky mountains. Rain will continue in New England.

Pie and Cake

made out of Pillsbury's Best Flour will keep longer than if made with ordinary Winter Wheat flour.

Mortgagee's Sale.

Good Afternoon.

The new freight-yard will be all right
if the freight house is large enough.

Atlantic is very much interested now
in the promised five cent fare on the
N. Y., N. Y. & H. R. R. and while
doubt exists in some minds whether it
will be granted we can say it was
promised by the attorney of the road to
take effect July 1. It should give
Ward Six quite a boom.

Salary Increase.

The Quincy Bar Association was
well represented Tuesday at the
State House at the hearing on the
bill to increase the salary of
Judge Avery and Clerk Churchill of the
District court at Quincy. John W.
McAnaney, City Solicitor Blackmur,
ex-Representative John McKnight, Al-
bert P. Worthen and Frank A. Tirrell
representing the association spoke in
favor of the proposed increase, as also
did Representative Drinkwater of Brain-
tree and Representative Buttmore of
Cohasset.

The only opposition to the proposed
bill came from Henry H. Faxon. He
did not oppose increasing the salary of
Judge Avery, but rather favored it.
He, however, did oppose "giving" Mr.
Churchill any more money, and in his
usual manner informed the committee
what he thought of Mr. Churchill and
why he should not have his salary
increased.

The Great West.

Entertaining and instructive was the
meeting of the Bethany Brotherhood
Tuesday evening, made so by the talk
on "Ranch Life" by Mr. Fred E.
Tupper, who spent some time in the
west and took note of everything of
interest that he saw while there.

He described the habits of the ranch-
men and the nature of their work.
He also spoke interestingly of the great
California trees, some of which were
quite sturdy when the Saviour was on
earth and are still growing. It was
a common thing to find a tree forty
feet in circumference and three hun-
dred feet in height. It seems that the
hand of the iconoclast is at work on
those giants of the forest, for Mr.
Tupper spoke about 125 cords of wood
being gotten out of one tree.

Lime quarrying and other industries
of California were touched upon by the
speaker and at the close of his talk he
exhibited several photos which he had
secured of objects of interest.

Quite a good-sized audience was
present and Mr. Tupper was heartily
applauded in appreciation of his
effort.

To Open New Bridge.

It is expected that the new steel
draw-bridge over the Fore River at
Quincy Point will be open for general
use within a fortnight. It has been
available for foot passing for some
time, and as soon as some details are
completed will be in condition for the
East Weymouth electric cars.

A postal card will not carry without
extra postage any addition either
posted or pinned. If forwarded at all
it will cost the receiver two cents for
postage due.

A society for the protection of hus-
bands from drunken wives has been
formed in London.

A Belgian pigeon has won the great
race from Burgos, in Spain, to Brussels.
The distance is 700 miles, and the time
taken was just 14 hours.

The oldest royal dynasty in the
world is that of Japan, which goes back
unbroken 2600 years.

ADAMS SHRINE.

Catacombs of Presidents May Now Be Viewed.

Improvement to be Ap- preciated.

New Stairways, New Basement Room, Electric Lights, Etc.

It was mentioned briefly in Tuesday's
Ledger that a grille inner door had
been placed at the entrance to the tomb
of the two Presidents, John Adams and
John Quincy Adams, so that they
might be visited by the public.

This mention, however, did not convey
just what has been done.
Thousands of Quincy people have
been to the basement of the First
church and looked with silent admiration
at the solid stone door securely
locked, which led to the room where
the four catacombs containing the re-
mains of the two Presidents and their
wives rested.

Comparatively few, however, have
been permitted to enter, or even look
into this sacred room as the keys have
been in possession of the Adams family.
Now, however, it will be possible to
visit the tomb and to look into the
inner chamber.

In the first place the front portion of
the church basement has been particu-
larly improved. The floor has been cemented
and the ceiling sheathed. Two new
stairways have been built, one on
either side leading from the basement
to the vestibule on the first floor of the
church.

The room in which the four cata-
combs are located has been painted
white and the floor has been cemented,
and the grille door is on the inner end
of the archway leading from the base-
ment proper.

Heretofore people who have been
privileged to look into this sacred room
have found it dark, and but little more
than the outline of the catacombs could
be seen. Now, however, this room
and the front basement has been fitted
with electric lights, so that when the
outer stone door is opened, and the
lights turned on, the inner room is as
light as day.

One other thing is to be done, and
that is to enclose in a glass case the
old town hearth which was used at the
funeral of President John Quincy
Adams. This is done to protect it
from relic hunters who have already
carried away much of the drapery on
one side of it.

It is also proposed from time to time
to add other relics to the basement and
it is proposed to charge a small admis-
sion fee to defray necessary expenses.

Peptiron

(Pronounced Pept-iron.)

A Digestive A Nerve Food A Stomach Tonic

Strengthens the nerves, tones the stom-
ach, perfects digestion, and cures ner-
vousness, dyspepsia, anemia, and that
long train of aches and pains attending
an overworked and underfed brain.
It combines iron with the phosphates,
pepsin, and other tonic and nutritive
substances; does not cause constipation
nor injure the teeth.

Peptiron is made in two forms: In a liquid-
an aromatic cordial elixir—at \$1 per bottle,
also in chocolate-coated pills at 50c. or \$1 per
box. By C. L. HOOD CO., proprietors Hood's
Sarsaparilla, Lowell, Mass., U. S. A.

IN FALSE LIGHT.

Ex-Tax Collector Says He Did Not Get Information From Clerk.

Editors of Daily Ledger:

I have been informed several times
the past few days, that a statement is
going the rounds that Miss Kingman
from time to time gave me certain in-
formation that led to criticisms of the
Tax Collector's department. Wherever
this originated I wish to say that the
statement is absolutely false.

In the first place I have no use for
such information, and my last advice
to her on leaving the office, was to keep
the business of the office strictly to
herself. As far as I know she has al-
ways done so.

The statement concerning collection
of taxes from me, published in the
Ledger in December, was taken en-
tirely from the report of the City
Treasurer for November, and the Tax
Collector's report for 1901. Not a
single word or figure was given by or
asked from any clerk of City Hall.

Any person familiar with figures can
figure out just such statement at any
time.
A. L. Baker,
Collector, 1898, 1900 and 1901.

IMPORTANT BILLS.

Quincy Interested in Measures Be- fore Metropolitan Committee.

There are several important hearings
before the Committee on Metropolitan
Affairs at the State House this week in
which Quincy is interested in a finan-
cial way.

Two of these hearings are today and
are to compensate for damages in the
town of Clinton caused by the building
of the Metropolitan reservoir, and the
other is for the payment of damages to
persons in Clinton and Berlin.

The state has already settled with
the town of Clinton and these bills are
to compensate private individuals. If
the bills pass it will mean that the
Legislature will be flooded with bills
of a similar nature and the expense
involved would mean many thousands
of dollars.

The City of Quincy being in the
Metropolitan Water district would
therefore be called upon to bear its pro-
portional share of the expense.

Mayor Bryant is fully alive to these
matters, and he, with City Solicitor
Blackmur and Commissioner Knowlton,
were present to oppose the passage of
both bills.

Tomorrow the same committee will
give a hearing on the bill to exempt
Newton from the Metropolitan Water
district until it takes water from the
system, and the bill to compensate
Newton for damages from the Metro-
politan Water board; also a bill that
shall prohibit work by this board in
Newton until approved by the Mayor.

On Friday this same committee will
give a hearing on the bill to com-
pensate C. W. Felt of Clinton for damages.

It is for the interest of Quincy that
all of these bills should not pass and
Mayor Bryant will oppose them.
Quincy did not get damages when
thousands of acres of its taxable prop-
erty were taken for a reservation.

Maid vs. Bachelors.

The Boston papers are all taking up
the subject of the debate to be held at
the Washington Street church next
Monday evening by the Young Men's
club of Quincy Point, with great ridi-
cule. One paper suggests that the
bachelors look around for board and
lodging in some other part of the city.
William West will take the affirma-
tive and C. H. Foot the negative, and
it is especially advisable for these
young men to read the Ledger this
week for desirable board and rooms.

TODAY'S COURT.

John Wright and Russell Frost were fined
\$5 each for disturbing the peace at Weymouth.
Thomas Gaffney, who was fined \$50 for
violating the liquor law at Quincy and ap-
peared, came into court and withdrew his appeal and
paid his fine.

In a little handful of earth in the
crotch of the branches of the big elm in
front of a store at Norway, Vt., is a
currant bush. The shrub has been
growing there for two or three years,
and has attained a vigorous size. Last
year it bore fruit for the first time.
There is but small amount of soil in
the hollow, so that the bush in part
must be a parasite growth.

FOR SALE AT THE

South Terminal Station News Stand

After 3.35 P. M.

MORE LAND TAKEN

For Quincy's New Up-To- Date Freight Yard.

In All a Mile of Tracks.

Extending from School Street to Granite Street.

The New York New Haven and
Hartford railroad has acquired an ad-
ditional parcel of land of the late
Daniel Baxter adjoining and lying south
of the Bass tract, both parcels making
available for freight yard purposes
upwards of four and one half acres of
land which will afford several lines of
tracks, each on a thousand feet or more
in length, extending from the spur
track which will leave the main track
just north of the Baxter bridge, over
the town brook, and extend to Granite
street opposite its intersection with
Goffe street.

Rainy.

Still it rains.

Full moon Friday.

Easter Sunday April 12.

No school this afternoon.

Pleasant weather next—?

Wedding bell will ring tonight.

St. Patrick's day next Tuesday.

I. O. O. F. whist party this evening.

Miss Nellie Lonergan is visiting
friends in Brockton.

We have now had eight days of noon
temperature above 44 degrees.

Miss Alice Coe will be the soloist at
the meeting of the Unity club in
Wollaston Friday evening.

Levi H. Turner of Quincy is to speak
on the single tax question before the
Brockton Forum at its next meeting.

A. L. Baker has leased the building
on Newport avenue, formerly occupied
by him as a stable to the Congress
Print.

The City Council Committee on Pub-
lic Buildings will meet tonight, and
the Committee on State Aid Thursday
evening.

Mr. and Mrs. Henry P. Oakman of
Neponset observed their golden wedding
Tuesday. They formerly resided at
Marshfield.

The Ladies' Social Union of the West
Quincy Methodist church will hold an
entertainment and supper next Wednes-
day evening.

Thomas F. Day, the editor of The
Rudder, who was to address the Wol-
laston Yacht club this month, sailed
on Mar. 4 for Scotland. He will see
the Shamrock launched, and later
promises to visit the Wollaston club.

The Family Marketing.

A clever woman who has reduced her
housekeeping to a science and magnified
it into an art comes out strongly
against allowing the man of the family
to do the daily catering. "Women
should always do the family market-
ing," she says. "They are less extrava-
gant than men. A man hates to be
thought stingy, while a woman doesn't
care. If a man sees a handsome joint,
he orders it without reflecting that it
is too large, perhaps, for his family
and that after the first day it will drag
out a painful existence through vari-
ous hashes and stews or else be thrown
away. Then, again, if a man orders the
dinner he knows just what he is going
to have, and there is no room for those
pleasant little surprises that are one of
the wife's delights."

University Founded by Women.

One of the oldest collegiate institu-
tions for women in the United States is
said to be Ingham university at Le
Roy, N. Y. In 1835 Misses Mariette and
Emily E. Ingham opened the Le Roy
Female seminary, obtaining a charter
in 1841. It was so successful and
ranked so high that its founders when
retiring from business wished to per-
petuate it and made over the school
and its properties to the synod of Gene-
see. Chartered as a collegiate institu-
tion in 1852, it was the first to intro-
duce a college curriculum into the edu-
cation of young women. In 1857 full
university privileges were obtained.

Sauce Tartare.

Every cook should know how to
make three or four simple sauces, for
nothing adds more to the appetizing
qualities of a meal. The French cynic
who said that the reason why the Eng-
lish considered it had form to dip their
bread in their sauces was because they
had no sauces worth dipping bread in
to had a slight foundation for his re-
mark. A thick mayonnaise is the basis
for sauce tartare. Add to it a table-
spoonful of chopped cucumber pickle,
chopped olives, a few capers and a
dash of onion juice, season rather high-
ly and toss lightly.

A Medicine Cabinet.

Any wall cabinet or shelf in the closet
or a starch box with cover hinged on
it will answer to keep medicine in, but it
is convenient to have a compartment to
lock to keep the more powerful reme-
dies in, and above all things, if you
must have anything poisonous in the
house, keep it up high, hidden away in
some different place. Then there will
be no danger of a sad mistake in the
dose. It is well to have one of the
cards or slips which contain directions
for emergency cases tacked on the door
or lid of the box.

To Wash Silk Ribbons.

Silk ribbons can be washed in a suds
made of lukewarm water and soap, but
they must not be wrung if you want
them to look nice. Wash in a second
lot of suds and rinse in clear cold wa-
ter. Then, without wringing, lay the rib-
bon on a flat surface and with rather a
stiff nailbrush brush it sideways till all
creases are

LADIES' NIGHT.

Banquet of the Wollaston Unitarian Club.

Interesting Papers on Walt Whitman.

Reminiscences by F. B. Sanborn; His Works by Mr. Maynard.

The Men's club of the Wollaston Unitarian club observed ladies' night Tuesday evening at the church, and there was a large attendance.

Gathering at 6.30 there was an impromptu reception in the church auditorium until 6.45. In the receiving party were President and Mrs. Walter M. Hatch, Mr. Frank B. Sanborn of Concord, Mr. and Mrs. Laurens Maynard of Braintree and Vice President and Mrs. H. J. Gurney.

The banquet tables were spread in the vestry and were very attractive with daffodils and azaleas in bloom, etc. A hot roast beef dinner was served by the young men of the church, the meat being carved on the table. The mashed potatoes and boiled squash were also hot, and the side dishes included celery, olives, pickles, etc., concluding with ice cream, coffee and fruit.

While the guests were enjoying the feast, popular music was discoursed by the Jeta Saba mandolin club, composed of Messrs. J. E. Simmons, A. C. and E. E. Armstrong and E. Tyler Brigham. All are Wollaston young men and each selection was heartily applauded.

President Hatch was toastmaster, and of course had a story to introduce the speaker.

Frank B. Sanborn of Concord told of personal reminiscences of Walt Whitman, who on different occasions was his guest at Concord and whom he had also visited. Mr. Sanborn being a contemporary with Ralph Waldo Emerson and Henry David Thoreau, was able to give their opinions of Whitman and to make his talk very interesting. Whitman, he said, reminded him of Garrett Smith. He spoke of his striking appearance, his remarkable composure, his Dutch origin, his principles and his courage. His portrayal of incidents of the Civil war were very vivid. He liked to talk of his writings. Many of his criticisms were unjust, and have given people wrong impressions of the man.

Mr. Laurens Maynard read an exhaustive paper on the works of Whitman, and quoted from his poems, and also the favorable opinions which Ingels and others had of Whitman. The speaker believed Whitman's poetry great as poetry. His philosophy of man was largely of himself but not in egotism; rather as a type of universal man. Whitman believed in the strength of personality. The speaker told of the main features in Whitman's philosophy and the beauty in them.

A vote of thanks was given the speakers at the close.

At the head table were President Walter M. Hatch with Mr. Frank B. Sanborn on his right and Mr. Laurens Maynard on his left. Others at this table were: Rev. and Mrs. Frank Wright Pratt, Mrs. Walter M. Hatch, Mr. and Mrs. H. J. Gurney, Mrs. Laurens Maynard, Frederic W. Plummer and Mrs. Adelaide C. Armstrong.

Others present were: Walter O. Parker, Fannie M. Parker, Frank E. Parlin, Hattie S. Parlin, Lottie P. Corkman, C. Eaton Pierce, Dr. W. Record, Mrs. Record, C. E. Goodspeed, Mrs. Goodspeed, Mr. and Mrs. William Chapman, Mrs. F. C. Sanborn, Mr. and Mrs. George H. York, Mr. and Mrs. W. J. Wellington, Mrs. Fred H. Hull, Percy A. Hull, Dr. and Mrs. William G. Curtis.

Mr. and Mrs. C. H. Brigham, Mrs. Rebecca Greenleaf Poole, Levi C. Ela, Miss Clara L. Ela, Mr. and Mrs. F. W. White, Mrs. Francis H. Dalrymple, Mrs. F. H. Bishop, Frederick H. Bishop, Miss Grace L. Bishop, Mr. and Mrs. Andrew J. Preston, A. L. Fowler, George H. Collyer, E. J. Cummings, Charlotte F. Cummings, Walter H. Cobb, Frank F. Prescott, Mrs. Prescott, Arthur E. Linnell, Mrs. A. E. Linnell, Mrs. F. L. Terry.

MASQUERADE.

Enjoyable Party of the North Quincy Club Last Night.

Last evening the North Quincy club held their annual masquerade party in Norfolk Downs hall. Although the tickets were limited, the hall was literally crowded. All the familiar characters were there, enjoying the occasion, which permitted them to mingle regardless of position. The usual flower girls, Red Ridinghood, without her wolf however, several ladies from Japan, aboriginal Indians, and a large number of the darkey race.

Mr. Barker, whose portly figure is well known both in the club circles and outside, carried off the baby to perfection. Mrs. Barker was as the family ghost. Probably none who attended the masquerade last year have forgotten the sensation Mr. Leslie Smith created in that character.

Other characters are as follows:

Mr. Percy Hall, Indian.

Mr. Gardino, Rastus, the coon.

Miss Wennham, Folly.

Mr. Walter Winlock, Clow.

Mrs. Emerson, Rainbow.

Miss Susie Page, an Old Woman.

Mrs. Barstow, Red Cross Nurse.

Mr. Ray Barstow, Soldier.

Miss Annabell Marr, Topsy.

Mr. Thrope, Indian.

Mrs. Gardino, Mrs. Perkins.

Mrs. Varney, Japanese ladies.</

COURT OF LAND REGISTRATION.

To Harlow H. Rogers of Brookline, Michael Cook, Thomas Swinburn, Doris A. French and Hannah A. Porter of Quincy, in the County of Norfolk, Josiah N. French of Cambridge in the County of Middlesex, Mary F. Whitney of Milford, and Mabel C. Swift of Abol in the County of Worcester, all in said Commonwealth, Edna F. Wooley of St. Louis in the State of Missouri, and the heirs, devisees or legal representatives of Walcott A. Richards and Joseph W. Foster, late of Boston in the County of Suffolk and said Commonwealth, deceased, and to all whom it may concern:

Whereas, a petition has been presented to said Court by Gilbert F. Ordway of Boston in the County of Suffolk and said Commonwealth, to register and confirm his title in the following described land:

A certain parcel of land situate in said Quincy, being lot numbered forty-eight (48) on a plan of lots in the "Greenleaf Estate" so called, and bounded as follows:—Northernly on Greenleaf Place three measuring eighty-five (85) feet; Easterly on a lot numbered forty-nine (49) there measuring one hundred and twenty (120) feet; Southernly on lot numbered forty-one (41) there measuring eighty-five (85) feet; and Westerly on lot numbered forty-seven (47) there measuring one hundred and twenty-five (125) feet. Containing 10,200 square feet of land.

You are hereby cited to appear at the Court of Land Registration, to be held at Boston, in said County of Suffolk on the Twenty-third day of March, A. D. 1903, at ten o'clock in the forenoon, to show cause, if any you have, why the petition of said petitioner should not be granted. And unless you appear at said Court at the time and place aforesaid your default will be recorded, and the said petition will be taken as confessed, and you will be forever barred from contesting said petition or any decree entered thereon.

Witness, LEONARD A. JONES, Esquire, Judge of said Court, this Twenty-eighth day of February, in the year nineteen hundred and three. Attest with Seal of said Court.

CLARENCE C. SMITH, Recorder. 31-441 18

CHAPTER XL.

HOW BOYD PEYTON CAME HOME AGAIN.

WIFELY up the bay sped the little steamer, the white flag at the fore, the stars and stripes aft. Silently under the awning sat two men by the stretcher on which Boyd Peyton lay, Willis and the assistant surgeon. Past the guard boats, past the obstructions, up to the wharf at the foot of Government street they came. Long since the news had spread that a boat flying the Union flag and under a flag of truce was coming up the bay. By the time the Loyal tied up at the wharf a great crowd of people had assembled, mostly women and children and old men. At the wharf were several officers from General Maury's staff. Willis Peyton was the first man to step ashore. His face was white and haggard. He could hardly nerve himself for the ordeal through which he was about to pass.

"My heavens, it's Willis Peyton!" cried a voice in the crowd. "You come from Fort Morgan, sir?" asked Colonel Craighead, General Maury's chief of staff.

"No, sir; from the Tennessee."

"The Union ships passed the forts, captured the Selma, sank the Gaines?"

"And the Tennessee?"

"Engaged the Union fleet, single handed, after the passage and was captured after being battered into a helpless wreck."

"She surrendered, then?"

"Yes, sir."

"Why are you here, Mr. Peyton?"

"I am a prisoner of war on parole, sir."

"And you came?"

"To bring the body of my brother home."

"You mean?"

"He was wounded on the Hartford."

"Is he dead?"

"No, sir; but soon will be. Admiral Farragut gave me permission to bring him home—to die."

While this colloquy had been carried on the bluejackets on the launch, under the direction of the surgeon and the ensign who commanded her, had gently lifted the stretcher bearing the wounded man out on the wharf.

"Friends," said Willis Peyton, facing the crowd, "you hated my brother because in accordance with what he thought his duty he went north. He is dying now. Will some one help to carry him up the street to his home?"

"Let the traitor die where he lies!" broke forth a rude voice charged by some bitter heart.

"My men will carry him up under the flag, Mr. Peyton," said the ensign in command of the boat quickly.

"No, no!" burst from the crowd as one man or another pushed forward.

"We will take him ourselves; southern hands for a southern sailor!"

The mordant words of the first speaker had awakened all that was good in the multitude.

"We have no love to spare for him or his cause," cried one, "but we have no animosity for a dying man. He has fallen in the line of his duty!"

"He's of our people, though he fought against us!" exclaimed a third.

"Right!" cried another old man. "I knew him of old, and a braver, truer man does not die—no live. And as for you, sir," he added, turning to the man who had cursed and sworn, "if I hear any more remarks like that from you, old as I am, I will slap your mouth for you. I believe you are a Yankee anyway. Come, we will take him home."

"Tell me of the fort, sir," said Colonel Craighead as Willis motioned to the men who had volunteered to pick up the stretcher.

"It still stands and seems to have suffered but little from the bombardment. But," he whispered to the officer, "its fall is only a question of time."

Willis spoke a few words of thanks and a farewell to the surgeon and the ensign of the Loyal and watched them for a moment as they turned the prow of the boat to the southward and sped away to the fleet; then he took his place by the litter and directed the bearers to go on. The crowd opened before them as they carried it up the street. Here was the body of their enemy. More than one suspected that he might have piloted the fleet upon them, realizing his intimate knowledge of the harbor. They knew the family too well to doubt that he had fought bravely and well. The fact that he lay there apparently dying was evidence that he had been in the thick of the battle. They had mocked and scorned him and hated him when he had chosen to leave them and remained true to his flag. His father had cast him off, the people had approved and honored the old man for his action, but the animosity was gone from their hearts now. Animosity vanished before that stretched out figure. Restless movements subsided. The sullen murmurs and mutterings died away, and a deep silence supervened. Hats were pulled from heads; a few fell over the multitude; women put their hands over their eyes.

A little company of home guards, ordered there to control any possible disturbance, was standing at the curb. The officer in command hesitated a moment.

"By God," he said, "I'll do it!"

He faced about, uttered a command, and the company presented arms. The colors were dipped too. The stars and bars were lowered to valor, to manhood, to honor, to death, even though they had been exhibited upon the other side.

In silence and sorrow, with every military honor, Boyd Peyton had left his ship; in silence and in sorrow, with every military honor also, he came back to his home, the home of his childhood, the home of his enemies, the home of his mother.

CHAPTER XLII.

SAD HOURS AT ANNANDALE.

IT was early in the morning of the day after the battle. The Morgan had successfully slipped past Farragut's fleet in the night and while it was yet dark had run alongside the St. Francis street wharf at Mobile. Her arrival had not been reported and no one but the sentry on guard was there to welcome the vessel. Mary Annan had stayed in the gunboat until daybreak at Colonel Pleasant's earnest request. The captain had given her his cabin and she had lain down during the passage, or at least after they had passed the Federal fleet, but she had been unable to sleep or take any rest.

Pleasant, who had gone on shore immediately, came back to the boat at sunrise with a conveyance for her and Dr. Bampney and another one for the body of her brother. It was broad daylight when they drove up to the doorway at Annandale. Where before there had been troops of servants to welcome her or her guests, now she had to wait and ring the bell of her own home before the one or two faithful retainers remaining to her presented themselves.

The men, with the assistance of the drivers, carried the body of the little master of the ancient house into the great parlor and left it there. After seeing everything disposed properly, Mary Annan, bidding the clergyman and the officer to go into the sitting room to partake of such refreshments as the blockade permitted the housekeeper to offer them, turned to ascend the stairs. She had scarcely put her foot upon them when the door of the landing above them opened and a woman came out. It was Pink Peyton.

"Mary Annan!" she cried, and the next moment, discerning a tall figure behind her, she ran down the stairs with a scream of rapture and relief and fell into Pleasant's arms.

"Oh, thank God, thank God, you are safe!" she cried. "And my brother?"

Before Pleasant could answer Mrs. Peyton followed her daughter.

"General Peyton?" she cried.

"Well, madam?"

"His wound?"

"A trifle."

"God be praised!" ejaculated the woman brokenly. "The general is safe, and Willis. If only!"

"And what of Boyd?" cried Mary Annan sharply, instantly suspicious of the pause.

"My poor child," said Mrs. Peyton, coming down the stairs and taking the girl by the hand.

"Oh, what is it? Have you news of him?"

"He is here, sister," cried Tempe, bursting upon them and clasping her sister in her arms. "He is here, in your room upstairs."

FOOD NOT ALL

Food is not all the thin man needs. Maybe he's sick. You can't make him eat by bringing him food. But Scott's Emulsion can make him eat. That Emulsion gives a man appetite and feeds him both. It brings back lost flesh.

No trouble about digestion. The weakest stomach can digest Scott's Emulsion. It tastes good, too. Scott's Emulsion paves the way for other food. When wasted and weakened by long illness it gives strength and appetite that ordinary food cannot give. Not only food—medicine, too—Scott's Emulsion of pure cod-liver oil.

We'll send you a little to try if you like. SCOTT & BOWNE, 409 Pearl Street, New York.

San Don Passes On

Chicago, March 11.—Dr. San Don, Chinese doctor and exalted member of various Chinese secret societies, reputed to be one of the wealthiest men of his race in this country, died here yesterday. His medical training was acquired in his own country, but most of his practice was had in America. He made a large part of his fortune in the gold fields of the west in '49.

How Castro Will "Make Good"

Washington, March 11.—Formal notice of the "extraordinary war tax" which President Castro created on the lifting of the blockade has been received at the state department from Caracas. There is a 30 percent increase in the duties on imports. The following exports are also taxed: Coffee, cacao, cattle hides and goat and deer hides.

Hank Manager Sent to Prison

Leipzig, March 11.—After a second trial, lasting three weeks, Herr Exner, manager of the Leipzig bank, was yesterday sentenced to 2½ years' imprisonment and a fine of \$5000 for falsification of accounts and attempted fraud. The bank failed about two years ago.

The Vesuvius Eruption

Naples, March 11.—Vesuvius continues to cast forth colossal columns of flame and thick clouds of smoke, accompanied by subterranean rumblings and slight shocks of earthquake. The people of nearby villages remain calm.

Carroll No Longer a Sachem

New York, March 11.—John F. Carroll, former deputy leader of Tammany hall, resigned yesterday as a member of the board of sachems of the Tammany society.

MORGAN AMENDMENTS

To Canal Treaty Will Be Defeated by the Senate

COLUMBIA'S GOOD FAITH

Sharply Reflected Upon in Alabama

Senator's Speech Which He Wishes to Make Public—Now Thought to Be Fighting in His Last Ditch

Washington, March 11.—When the senate went into executive session yesterday afternoon it was with the purpose of taking up seriously the business of the executive session. Thus far no progress has been made. It seems to be acknowledged that Senator Morgan, while he has gained some support from the new Democratic senators, lacks the one-third necessary to defeat the treaty, and hence that its success depends on the time necessary to reach a vote. Most of the Democrats, under the lead of Gorman, will support Morgan's amendments, but when these are rejected, as they will be by the solid Republican majority, the Democrats will fall in line, with the exception of a small personal following of Morgan's, and ratify the treaty.

The negotiation is now directed toward reaching an early vote. Morgan's offer to consent to a vote on Saturday, provided the seal of secrecy be removed from his speech, has been met by the counter-proposition that Mr. Cullom be authorized to prepare and make public a statement to go with it, representing the Republican position. It is moreover proposed that certain parts of Morgan's speech reflecting on the integrity and good faith of Columbia be omitted from the version of it to be given publicly. This is not what Morgan wants. His speech arraigns Columbia so severely that one of his Democratic associates said, in speaking of the negotiation: "Poor and weak as Columbia is, she should come up here to fight us if we should officially make public what Morgan has said about her."

It is assumed that this is Morgan's reason for proposing these terms of surrender; the treaty is yet to be ratified by Columbia, and he doubtless thinks he can say things so repugnant to her as to make ratification at that end impossible. Many of the Republican senators wish that the terms of the treaty reposed authority more completely in American hands, but they see everything disposed properly, Mary Annan, bidding the clergyman and the officer to go into the sitting room to partake of such refreshments as the blockade permitted the housekeeper to offer them, turned to ascend the stairs. She had scarcely put her foot upon them when the door of the landing above them opened and a woman came out. It was Pink Peyton.

"Mary Annan!" she cried, and the next moment, discerning a tall figure behind her, she ran down the stairs with a scream of rapture and relief and fell into Pleasant's arms.

New York, March 11.—John F. Carroll, former deputy leader of Tammany hall, resigned yesterday as a member of the board of sachems of the Tammany society.

LIGHT VOTE CAST

New Hampshire Buries Woman Suffrage, but Goes Against Trusts

Manchester, N. H., March 11.—A general vote was taken throughout the state yesterday in connection with the annual town meetings and municipal elections in several of the cities, on 10 proposed amendments to the constitution and, although the complete vote will not be known for several days, sufficient returns have been received to indicate that four have been adopted, with two in doubt.

Women's suffrage received scant favor, being defeated by a vote of almost 2 to 1, while a similar fate was meted out to the so-called religious amendment seeking to strike out the word "Protestant" and substituting that of "Christian" in that portion of the bill of rights permitting towns to appropriate money for religious societies.

The proposition to divide the state into smaller voting precincts was also rejected, although a majority of the voters favored it as they did the religious amendment, both failing adoption through lack of the necessary two-thirds.

The anti-trust amendment, giving the legislature power to enact laws to prevent corporations from raising prices and stifling competition, was adopted by a large majority, as were those placing an educational qualification on suffrage and reapportioning the representation in the lower branch of the legislature. The average vote on the different amendments was only 30 percent of that thrown for president in 1901.

Interest in the vote largely centered in the women's suffrage and the anti-trust amendments; in fact the only campaigning that was done was on the first named.

Fatal Trolley Accident

Waltham, Mass., March 11.—A trolley car accident occurred here yesterday, when an express train struck the forward end of an electric car of the Newton Street Railway company. The accident happened at the Moody street crossing of the Boston and Maine railroad. Only one person, the motorman, Emerson Storer, was injured, and he died in a short time. The forward end of the electric was wrecked and the passengers, beside being badly frightened, received a severe shaking up. Crossing Tender Carney was arrested on the charge of manslaughter, the allegation being that he was responsible for the death of Storer.

Hot Politics at Cambridge

Cambridge, Mass., March 11.—The lively character of aldermanic meetings here, due to friction between President Coveney and Mayor McNamara, reached a climax last night in the acceptance of the resignation of President Coveney. At one time President Coveney ordered Chief of Police Batchelder to remove two aldermen from the room, but in turn the chief was ordered to leave the room by Mayor McNamara. President Coveney previously had offered his resignation, which was not accepted. Last night other aldermen tried to remove him but were unsuccessful, and Coveney resigned.

Man and Wife Were Assaulted

Lynn, Mass., March 11.—The Sangus police last night arrested Alan H. Patton on the charge of assault upon Mr. and Mrs. Charles McIntire last Wednesday evening. On the night of the assault McIntire and his wife were walking towards their home when they were set upon, it is alleged, by two men and two women and showered with eggs. McIntire was slightly wounded by the two men, who kicked and beat him into insensibility. McIntire and his wife are both shoemakers, Mrs. McIntire being a strike breaker in one of the factories here.

Police Investigating Woman's Death

Haverhill, Mass., March 11.—Mrs. Marie Barnier died at the Hale hospital Sunday, supposedly of cirrhosis of the liver. Relatives, in preparing the body for burial, found bruises and contusions and notified City Marshal McLaughlin. An autopsy showed that an assault was the contributory cause of death. Mrs. Barnier was taken to the hospital a short time before her death. The police are conducting an inquiry.

The Connecticut Under Way

New York, March 11.—The first keel plate of the battleship Connecticut, the first large battleship ever constructed in a government navy yard, and the largest war vessel ever constructed for the United States, was laid yesterday in the navy yard in Brooklyn. There were no ceremonies in connection with the laying of the plate.

Stone Throwing at Amesbury

Amesbury, Mass., March 11.—Stones were thrown at the house occupied by strike breakers last night and in consequence the carriage manufacturers have asked the chief of police to station an officer in that vicinity. The chief has been appointed since the recent town meeting and is a member of the labor union.

Ironing Board Bag

A dark calico bag or case to cover the ironing board when not in use is one of the things every practical housekeeper should possess. It is a nuisance to remove the ironing board every time the board is put aside, but unless this is done or the board covered the sheet becomes soiled and damaged.

Dr. Emmons'

Monthly Regulator has brought happiness to hundreds of anxious women. There is positive ly no other remedy known to medical science that will so quickly and safely do the work. Longest and most obstinate irregularities from any cause relieved immediately. Success guaranteed at any stage. No pain, danger, or interference with work. Have relieved hundreds of cases where others have failed. The most difficult cases successfully treated by mail, and official results guaranteed in every instance. No risk whatsoever. We treat hundreds of ladies who never see. Write for further particulars and free confidential advice. Do not put off too long. All letters truthfully answered. Be every possible condition and positively leave no after ill effect upon the health. Sent by mail, securely sealed, \$2.00. Money letters should be registered. DR. J. C. EMMONS CO., 100 Tre-

mont St., Boston, Mass.

Good Afternoon.

St. Louis wants both the National
political conventions in 1904, but both
parties will do well to avoid the notori-
ous boodle city of St. Louis. No favors
should be shown the boodlers.

Now it develops that the \$5,000
which it is proposed that the city shall
borrow for the collecting of ashes also
includes the collection of vault and
cesspool matter by the city, or in other
words a municipal cesspool plant. When
the order, as reported, was read, the
clause including vault and cesspool mat-
ter escaped attention, but the opposi-
tion to a loan for current expenses holds.

The equipment for all this work is only
a small part of the appropriation of
\$5,000, as it is proposed to collect the
ashes during the dull seasons of the
scavenger.

Whether the city should undertake
the scavenger business is a debatable
question. It would seem as if it could
be done more satisfactorily by a con-
tractor. Again, the city is rapidly ex-
tending its sewer system, and it would
seem as if the work of the scavenger
would be greatly reduced each year,
and that it would be unwise for city
to buy equipment.

The collection of ashes should be
undertaken by the city but not on a
five-year loan. A department of this
kind should be almost self supporting
from the start, if but few collections
annually are undertaken, say once a
month.

The order in full reads:
That the sum of \$5000 be and hereby
is appropriated to be expended under
the direction of the Board of Health for
the purchase of the necessary horses,
harnesses, wagons and appliances for
the collection of ashes, vault and cess-
pool matter, and maintenance of the
department, and the City Treasurer is
hereby authorized to borrow the above
named sum, and to issue therefor five
notes or bonds for \$1000, each dated
April 1, 1903, one note or bond to be-
come due on April 1, 1904, and one on
April 1 of each succeeding year until
all are paid, rate of interest not to ex-
ceed 4 per cent. per annum.

Drift of Opinion.

Coincidences are not so strangely
remarkable, after all. Why should they
not happen? How many times do the
hands meet on the face of the clock
every day?—Zion's Herald.

Professor Hollis may be in the
minority in regard to the brutality of
foot-ball as at present played by Har-
vard and Yale, but he is right, just the
same. There is big money in the
game, and thousands enjoy the brutality
just as thousands are interested in
Spanish bullfights. When the Ameri-
cans took hold of Cuba one of the first
reforms instituted was the suppression
of the bullfights, and our countrymen
imagined that they thus showed
superiority over the Spaniards. Here
we have the foot-ball, in which it is
considered all right to commit the
most brutal assaults upon opposing
players and quite legitimate to attempt
their permanent injury. Hollis likes
the game, and believes it can be played
without Hickeyism, a form of brutality
that takes its name from a former Yale
captain. If it cannot be then let it go
the way of the bull fight.—Lynn Item.

SLIDING SCALE.

Reply to Arguments of
President Kelly.

Quincy Men Are Hang-
ing Back.

But the New Schedule Grows in
Favor Elsewhere.

William Kelly, as president of the
local street railway union, in a pub-
lished interview gives his reasons why
the sliding scale of wages is unsatis-
factory. His first reason is that it is
disruptive to organized labor. In plain
English this means that the company
refuses to treat with labor agitators
who are not in their employ.

It will be found that the railway
officials have always been ready to meet
their men or committees of men upon
all matters, the only condition being
that they should be employes and not
officers of an organization who draw
good salaries, which the men have to
pay.

His second reason is that a man
running over a route a year should re-
ceive the same pay as one who runs
over a route ten years.

It may be true in railroadings and if
so it is the only known branch of busi-
ness where a man with one year's ex-
perience is considered as competent as
one who has followed the business ten
years. No matter what business a man
follows, he learns something new about
it every day, and the more knowledge
he acquires, the more valuable he be-
comes to his employer. It is just the
principle involved in the sliding scale
of wages. Namely, that the longer a
man is employed the more valuable his
services, and he is compensated by
having his wages increased accordingly.

The third and last reason given is
that "it is an incentive that the com-
pany should not allow a new man to stay
in their employ many years, as year after
year they become costlier."

The officials have repeatedly stated in
print that the larger part of the ex-
pense for wear and tear of machinery,
accidents and losses in uncollected
fares comes from inexperienced men,
and that the extra compensations paid
the older employes is more than offset
by the saving in these items. They
have also stated in print that they de-
sired to retain the old men in their
employ and no one outside of a labor
agitor who is seeking to further his
own ends believes for a moment that
the company intends to violate this
statement.

Hardly a day passes but what letters
are received thanking the management
for the substantial increase in salary.
Among those recently received in addi-
tion to those already published are:
Milton, Hyde Park and West Roxbury
stables, 129 signatures; Wakefield
stables, 22; Reading stable, 10.

Quincy is yet to be heard from, but
from the expressions of some of the
men it would not be surprising to
hear of it any day.

The officials of the many divisions
where the schedule has been accepted
report they have never had so many
applications for employment as they
have had since the new schedule was
posted. That many of these applica-
tions are coming from men who have
voluntarily left the employ of the
company in the past. These men are
placed in the class to which they be-
long. That is, if a man worked five
years before he left he will go into the
five-year class when he is re-employed.

The Six-Master Growing.

Steady growth is evident on the frame
of the steel six-mastered schooner
William L. Douglas which is to join
the seven-master Thomas W. Lawson
in the Crowley fleet, and which is now
building at the Fore River shipyard.

The stern post has been put in place
and the bottom frames are being
rapidly set up, 90 pairs having been
already attached to the keel. The
vessel is assuming proportions with
the building of the central tanks which
extend a distance of 20 frames amid-
ships. These tanks will be in the
lower holds, and are adapted for cargo
or can be filled with water ballast.

The lower masts—which are steel tubes
made up of semi-cylindrical plates
riveted together—are being assembled
not far from the schooner's berth;
three masts have already been bolted
together and the others are rapidly
coming on.

N. E. O. P. Grand Lodge.

Fred T. Peabody of Melrose, is the
new grand warden of the New England
Order of Protection. The annual re-
port showed 125 lodges on Jan. 1;
membership, 13,840; net gain, 702;
amount at risk, \$23,533,000.

A new serial story will start in Mon-
day's Daily Ledger.

Hon. George F. Hoar.

Washington, March 6th, 1903.

Mr. G. W. Prescott:
I send a clipping from the Washing-
ton Post of March 6th; an editorial
tribute to our senior Senator, Hon. G.
F. Hoar. If it is agreeable would like
you to publish it that our people may
know how our distinguished Senator is
esteemed here in Washington.

I meet with many citizens from all of
the States and it voices the universal
opinion of them all.

Truly yours,
—Benj. F. Curtis.

[From the Post]

The Post has had frequent occasion
in the past to pay grateful tribute to
the probity, the benevolence, the learn-
ing, and the patriotism of the senior
Senator from Massachusetts. He is a
loyal partisan, as, in our opinion, all
brave and honest public men should be;
but he has never been an extremist or a
fanatic. He fights his party's battles,
but always without rancor against his
adversaries, and his kindly heart is full
of charity for all. In the course of a
recent speech before the Union League
Club of Chicago, he said:

"I know how sensitive our Southern
friends are on this matter of social
equality and companionship, and I
think I might say fairly and properly—

Looking Ahead.

Doctor—Have you had the complaints that every child has in its youthful years?
Miss Elderly—Not as yet, doctor.—Chicago News.

NEWS IN BRIEF

The Attleboro, Mass., board of selectmen received a communication from Governor Bates in relation to a request for the removal of company 1, Fifth regiment, M. V. M., in which the chief executive says he has no power to remove the command under the laws.

The Windsor apartment house at Brockton, Mass., was completely gutted by fire, causing a loss of \$9000 to the tenants and \$2500 to the owner of the building.

An Erie freight train and a trolley car met in collision at a Buffalo street crossing and as a result several of the passengers are in a hospital seriously injured.

Justice Day of the United States supreme court is ill with grip. His condition is not considered serious.

Minister Jackson at Athens has informed the state department that the International Olympic games will not be held in Athens in 1904 because of the International Olympic games to be held in the United States that year.

Emperor William has accepted the resignations of five officers of the naval staff, including Captain Obenheimer, who commanded the German cruiser Irene at the time of the capture of Manila by the American forces.

After hearing a number of speakers in favor of and opposed to the granting of a street railway franchise through Beverly Farms the Beverly Mass., board of aldermen adjourned without taking action.

It is officially announced that Austria will not participate in the St. Louis exposition. The reason given is that no increase in Austrian exports is expected therefrom.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept on coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

The SOUTHERNERS

CHAPTER XLII—Continued.

"Hush! Hush!" said old Dr. Bampney, catching the child in his arms. "Don't you see how you alarm your sister?"

Indeed the shock of the news was almost too much for the woman. She divined instantly that Boyd Peyton would never be there in Mobile, in her house, unless something terrible had happened to him. Could it be that he was dead?

"How comes he here?" asked Mary Annan, leaning back against the wall.

"Willis brought him up yesterday under a flag of truce."

"Is he wounded?"

"Mrs. Peyton bowed her head.

"Badly?"

"Oh, awfully, Sister Mary! Dr. Venoste says he will soon be dead, like brother," Tempe broke out again. "Did you bring poor brother back with you?" she asked, her little face filled with pain.

"Is it true?" whispered the girl, dis-regarding her little sister in her consuming anxiety.

"Yes, I fear so," said Mrs. Peyton, taking the girl in her arms. "Oh, Mary, dear, only God can save him."

"Is he conscious?"

"No, he has not spoken since—since he was wounded."

"What is it?"

"A fracture of the skull and concussion of the brain. Dr. Venoste says that even if he recovers he might be—"

"He might not—his mind—O God, O God!" wailed the older woman, and she looked old indeed now, "that this should come upon me! And we sent him away on the porch that day! His father drove him from us, and this is how he has come back to us! If he could only know that he is home again, that we love him once more and that we forgive him! If he could only know that, no matter where he goes or what he does, he is my boy, my boy!"

"We were all wrong," said the girl brokenly. "We all drove him away—I as well as the rest, and I loved him too. I love him now—now that it is too late! May I see him? Take me to him."

"There on the bed, her own bed, he lay. They had taken him to her room—that room with the window looking out toward the sunny south, where she had looked and watched, waited and listened, longed and hoped. She stood by his side dry eyed and desperate. This was the last blow that could have fallen upon her. She thought she had reached the sum of human endurance long since, but she knew now that fate had done its worst for her on that day and not before. Father, brother, lover—all gone, and now this one too!

The mocking bird sang in the great live oak outside the window. He did not hear. Stretching out her hands to him, she called him again and again. He did not hear. The long pent-up feelings of her bosom rushed to her lips at last. With every endearment that the deepest passion could dictate she appealed to him. He did not hear, he did not hear.

"The others stood about the bed. She did not care, if, indeed, she were conscious of their presence, whether they heard or did not hear the vows of her heart."

After awhile the song stopped, and the figure faded away. He opened his eyes and looked about him. He saw things dimly through a whirl of mist and motion. He could not recognize or localize objects, but he could perceive enough to know that this was not his berth or stateroom on the Hartford. He missed the heaving of the ship. The place was strangely motionless. Instead of the smell of tar and paint a delicious fragrance filled the room, a fragrance that, like the mocking bird, called up the days of the past, hours of youth and love and Mary Annan.

Where was he? Ah, it was a room. There before him, framed in white draperies, was an opening. Presently he made out a green mass of foliage beyond, a live oak, stirred by the gentle breeze. He was lying upon a bed, he discovered. Whose room could it be? What had happened? He remembered by and by the roar of the cannon, the beating throb of the mighty engines, the crash of timbers, the scream of shells. He had been on the Hartford—yes; that was it—with the great admiral. They were approaching the Tennessee. He had the look of the forward pivot in his hand. He had pulled it. Then what had happened?

He thought deeply. At last he arrived at the conclusion that he had been wounded. Where had he been wounded? He felt a strange inability to move hand or foot, apparently, yet he seemed to feel that he possessed all his members. He happened to turn his eyes upward in his speculations, and the white line of a bandage showed dimly across his brow above them. What did that mean? A blow on the head, perhaps. Yes, that was it. He had been struck on the head.

"Hush!" said the girl. "Don't reproach yourself for that. We are all brethren. We are all guilty. You could not know."

"You may know, dear," said the older woman. "I found this left in his jacket. It was addressed to me, and this to you was inclosed in it."

"Give it to me," cried the girl, fairly snatching it from the hand of Mrs. Peyton.

"Oh," she cried as she tore open the envelope, a little flicker of light in her sad face as she read it rapidly. "I thank God for this mercy at least. He loves me, he loves me! Oh, Dr. Venoste, we will call him back! He shall speak again. His eyes shall open. And his mind, like his heart, will be true. God could not deny it to love like ours!"

CHAPTER XLIII.

BOYD PEYTON SEES A VISION.

THE FIRST THING THAT BOYD PEYTON WAS CONSCIOUS OF was the song of a bird. The high, clear notes seemed to beat in upon him personally. They came to him apparently from afar off, from a great distance. They stole into his consciousness, through his dull and drowsy ear, with increasing vibration and volume. He wondered vaguely what it could be. The melody pleased him.

Presently it burst upon him that the sound came from the full throat of a mocking bird. A mocking bird! That recalled Mary Annan to him. He lay quiet and still, thinking vaguely of her. There was a strange indisposition to move in his mind as he thought of her. Fragments of ideas, bits of recollection, whirled about in his head. They began to assemble by degrees and take shape—her shape. He could see her at last—beautiful, winning, kind! He hesitated to open his eyes, fearing lest he should dispel the vision.

After awhile the song stopped, and the figure faded away. He opened his eyes and looked about him. He saw things dimly through a whirl of mist and motion. He could not recognize or localize objects, but he could perceive enough to know that this was not his berth or stateroom on the Hartford. He missed the heaving of the ship. The place was strangely motionless. Instead of the smell of tar and paint a delicious fragrance filled the room, a fragrance that, like the mocking bird, called up the days of the past, hours of youth and love and Mary Annan.

Where was he? Ah, it was a room. There before him, framed in white draperies, was an opening. Presently he made out a green mass of foliage beyond, a live oak, stirred by the gentle breeze. He was lying upon a bed, he discovered. Whose room could it be? What had happened? He remembered by and by the roar of the cannon, the beating throb of the mighty engines, the crash of timbers, the scream of shells. He thought deeply. At last he arrived at the conclusion that he had been wounded. Where had he been wounded? He felt a strange inability to move hand or foot, apparently, yet he seemed to feel that he possessed all his members. He happened to turn his eyes upward in his speculations, and the white line of a bandage showed dimly across his brow above them. What did that mean? A blow on the head, perhaps. Yes, that was it. He had been struck on the head.

"Hush!" said the girl. "Don't reproach yourself for that. We are all brethren. We are all guilty. You could not know."

"You may know, dear," said the older woman. "I found this left in his jacket. It was addressed to me, and this to you was inclosed in it."

"Give it to me," cried the girl, fairly snatching it from the hand of Mrs. Peyton.

"Oh," she cried as she tore open the envelope, a little flicker of light in her sad face as she read it rapidly. "I thank God for this mercy at least. He loves me, he loves me! Oh, Dr. Venoste, we will call him back! He shall speak again. His eyes shall open. And his mind, like his heart, will be true. God could not deny it to love like ours!"

Presently it burst upon him that the sound came from the full throat of a mocking bird. A mocking bird! That recalled Mary Annan to him. He lay quiet and still, thinking vaguely of her. There was a strange indisposition to move in his mind as he thought of her. Fragments of ideas, bits of recollection, whirled about in his head. They began to assemble by degrees and take shape—her shape. He could see her at last—beautiful, winning, kind! He hesitated to open his eyes, fearing lest he should dispel the vision.

After awhile the song stopped, and the figure faded away. He opened his eyes and looked about him. He saw things dimly through a whirl of mist and motion. He could not recognize or localize objects, but he could perceive enough to know that this was not his berth or stateroom on the Hartford. He missed the heaving of the ship. The place was strangely motionless. Instead of the smell of tar and paint a delicious fragrance filled the room, a fragrance that, like the mocking bird, called up the days of the past, hours of youth and love and Mary Annan.

Where was he? Ah, it was a room. There before him, framed in white draperies, was an opening. Presently he made out a green mass of foliage beyond, a live oak, stirred by the gentle breeze. He was lying upon a bed, he discovered. Whose room could it be? What had happened? He remembered by and by the roar of the cannon, the beating throb of the mighty engines, the crash of timbers, the scream of shells. He had been on the Hartford—yes; that was it—with the great admiral. They were approaching the Tennessee. He had the look of the forward pivot in his hand. He had pulled it. Then what had happened?

He thought deeply. At last he arrived at the conclusion that he had been wounded. Where had he been wounded? He felt a strange inability to move hand or foot, apparently, yet he seemed to feel that he possessed all his members. He happened to turn his eyes upward in his speculations, and the white line of a bandage showed dimly across his brow above them. What did that mean? A blow on the head, perhaps. Yes, that was it. He had been struck on the head.

"Hush!" said the girl. "Don't reproach yourself for that. We are all brethren. We are all guilty. You could not know."

"You may know, dear," said the older woman. "I found this left in his jacket. It was addressed to me, and this to you was inclosed in it."

"Give it to me," cried the girl, fairly snatching it from the hand of Mrs. Peyton.

"Oh," she cried as she tore open the envelope, a little flicker of light in her sad face as she read it rapidly. "I thank God for this mercy at least. He loves me, he loves me! Oh, Dr. Venoste, we will call him back! He shall speak again. His eyes shall open. And his mind, like his heart, will be true. God could not deny it to love like ours!"

Presently it burst upon him that the sound came from the full throat of a mocking bird. A mocking bird! That recalled Mary Annan to him. He lay quiet and still, thinking vaguely of her. There was a strange indisposition to move in his mind as he thought of her. Fragments of ideas, bits of recollection, whirled about in his head. They began to assemble by degrees and take shape—her shape. He could see her at last—beautiful, winning, kind! He hesitated to open his eyes, fearing lest he should dispel the vision.

After awhile the song stopped, and the figure faded away. He opened his eyes and looked about him. He saw things dimly through a whirl of mist and motion. He could not recognize or localize objects, but he could perceive enough to know that this was not his berth or stateroom on the Hartford. He missed the heaving of the ship. DAWN OF A NEW ERA

Czar Orders Reforms Which Russians Have Long Sought

RELIGIOUS FREEDOM GIVEN

To Those Who Profess Non-Orthodox
Creeds—Peasantry Relieved of Bur-
den of Forced Labor—Reactionary
Party Tries to Suppress Liberal Ideas

St. Petersburg, March 13.—The czar
has issued a decree providing for free-
dom of religion throughout his do-
minions, establishing in some degree
self-government and making other
concessions to the village committees.
In the decree, after referring to the
efforts of his predecessors, particularly
his father, to add to the welfare of the
Russian people, the czar announces his
decision to grant freedom of religion to
all his subjects who profess non-
orthodox creeds, and to improve the
conditions of village life and those of
the local nobility and peasantry.

Among the measures outlined by his
majesty for the attainment of these ends
is the reform of rural laws, which is
to be effected with the advice of per-
sons who possess the confidence of the
people. The system of administration
of the various governments and dis-
tricts is to be examined by representa-
tives of the localities concerned, with
the view of effecting the necessary
amendments. Measures are also to be
taken to relieve the peasantry of the
burdens of forced labor.

The publication of the czar's decree
has produced a universal feeling of joy
and excitement and is the chief topic
of conversation in every public resort. It
is generally attributed to the em-
peror's earnest desire to remove the
causes which recently produced such
deplorable outbreaks among the work-
men and students. Years, however,
are expressed that the powerful party
of reaction, led by Minister of the
Interior Plehve, may delay or frustrate
the realization of the czar's aspirations,
but great hopes are based on the known
fact that Finance Minister Witte is a
strong advocate of whatever reforms
he considers the country ripe for. In
any case months may elapse before the
projected reforms can be put into ex-
ecution.

It is understood that the czar de-
sires to modify the laws by relaxing the
penalties against dissenters like the
Stundists, but that no attempt will be
made to repeal the law compelling
children to be brought up in the ortho-
dox church unless both parents belong
to some other denomination.

One of the most welcome reforms
outlined is that enabling the sober and
hard-working individual peasant to
escape from the joint responsibility for
arrears of taxation incurred by intem-
perate and lazy fellow-villagers. Many
other abuses of the communal system

makes a chef of a cook (better than flour) Presto

Terribly Mangled by a Train

Manchester, N. H., March 13.—Frank
A. Brislin, aged 19, jumped from an
express train yesterday, falling between
the cars as he did so, by which both
legs and his right arm were cut off.
He was taken to a hospital, where he
died last evening, at no time realizing
the injuries he had sustained. No mo-
tive can be given for his fatal leap.

Mills May Have to Close

Nashua, N. H., March 13.—The Mer-
rimack river has been rising rapidly
and should it continue to rise, as now
seems probable, it will become neces-
sary to remove the driving belts that
operate one half of the Jackson com-
pany mills, thus temporarily throwing
out of employment several hundred op-
eratives.

Charges Against Police Board

Boston, March 13.—W. H. Baker,
former candidate for congress, yester-
day filed with Governor Bates formal
charges against the police board of Bos-
ton. The governor could not discuss
the charges until he had taken them un-
der consideration.

Drowned on Way Home

Winchendon, Mass., March 13.—Fred
Bridge was drowned after breaking
through rotten ice on Walcott's pond
while crossing from his work to his
home last night. He was 45 and
leaves three children.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quick-
est and surest remedies are in great demand.
Mr. Joseph D. Williams of Medford, Va., says
he was cured of a very deep and lasting attack
of la grippe by using Chamberlain's Cough
Remedy after trying several other preparations
with no effect. For sale by all druggists.

A new serial story will start in Mon-
day's Daily Ledger.

REPRESENTATIVE KILEY ASKS FAIR PLAY.

Will Fight Against Investigation by Com- mittee on Election Laws.

Boston, March 13.—The overshadow-
ing feature of the house proceedings
yesterday was the impassioned speech
of Representative Daniel J. Kiley in de-
fending himself from the imputations
in connection with alleged repeating at
the recent election in the Ninth con-
gressional district, more particularly in
ward 8, which he represents in the
legislature. The galleries were filled
with people in anticipation of his re-
marks.

Representative Kiley entered the
chamber 10 minutes after the speaker's
gavel fell and while Clerk Kimball
was reading reports of committees and
other papers of a routine nature. A
few minutes later he was recognized by
Speaker Myers and moved that the
house reconsider the postponement to
Friday of the order authorizing the
committee on elections to send for per-
sons and papers in the matter of in-
vestigating the irregularities in ward 8.
The house voted to reconsider and
then voted not to postpone until today.
The question then came on the adop-
tion of the order and Mr. Kiley ad-
dressed the house. He said in part:

"Two days ago, acting on statements
of irresponsible persons, a committee
of the legislature, charging me with
criminal acts, came to this body and
asked for the right to summon persons
and to send for papers.

"Mr. Speaker, was it fair to take that
action in my absence? The meanness
criminal in the commonwealth is ac-
cused of the right to meet his accuser and
examine and cross-examine him. Have
I been accorded that right? It is said
I will be accorded that right, but
haven't they prejudiced the case on the
statement of two men? What other
grounds had they for their action?"

"In the natural course of events, the
order was referred to the committee on
rules, of which committee I have the
honor of being a member. Without
hardly an hour's deliberation, that
committee reports to this house that
the action desired by the election laws
committee be taken.

"There are laws enough on the
statute books to put me behind the
bars if the testimony be true. I do not
fear the fullest and most careful in-
vestigation, and in closing I move you,
Mr. Speaker, that the matter be re-
ferred back to the committee."

Messrs. Frothingham of Boston and
Hayes of Lowell defended the action
of the committee on rules. Repre-
sentative Luce, chairman of the house
election laws committee, said he had
tried to dissuade Kiley from the course
he had pursued. He had tried to show
him how much fairer and better it
would be to face the charges, face his
accusers now and do what every man
in the house hopes he will be able to
do—refute them. But he would have
us to go into the investigation at a
disadvantage, without the apparent
sympathy of the house.

The debate was participated in by
several members and, by a vote of 67
yeas to 111 nays, the motion to recon-
sider the order was defeated. On the
question of adopting the order Mr.
Kiley asked a ruling by the speaker as
to whether or not the order was prop-
erly before the house. Speaker Myers
ruled that it was.

Mr. Kiley said the speaker took the
position a month ago, when the gas in-
vestigation order was being considered,
that all such orders involving the ex-
penditure of money should be threshed
out before the committee on rules. He
criticized the rules committee for hav-
ing granted the gas companies a post-
ponement of one week, and having re-
fused a postponement in this case. He
said the rules committee should give
him a chance to argue on the question
whether the house of representatives
should make itself a party in a con-
gressional investigation. He said he
would fight against the order as long
as he had breath and would place every
parliamentary obstacle in its way.

Mr. Linahan of Boston moved his
amendment providing that the commit-
tee should also investigate the methods
used in the recent elections for congres-
sional districts.

Mr. Hayes of Lowell moved to sus-
pend the rules requiring an adjournment
at 4:30. This was opposed by Mr.
Dean of Wakefield and on motion of
Mr. Newton the house adjourned.

HAS LEFT BUFFALO

Detective in Search of Mrs. Paine Has Failed to Locate Her

Buffalo, March 13.—Mrs. Seth T.
Paine, who is one of the witnesses
wanted for the Burdick inquest, left the
city last night. Whether she went is
not definitely known by the police. A
detective was looking for her with a
summons to appear before Judge
Murphy, who will conduct the Burdick
inquest tomorrow. When he called at
the house last night he was informed
that Mrs. Paine was not at home. He
was not satisfied with this reply and en-
tered the house.

After leaving the Paine home he
went at once to the New York Central
station. He was told by the ticket
agent there that a woman closely an-

swering Mrs. Paine's description had
bought a ticket. He did not remember
for what place, but he thought it was
for Batavia. Mrs. Paine's husband is
a dentist and practices in Batavia.

The remains of Arthur R. Pennell and
his wife, the victims of Tuesday's light
strange fatality at Gales quarry, were
taken from the undertaking rooms to
their former home on Cleveland avenue
last evening. They remained there
last night and after brief funeral ser-
vices this afternoon will be taken to
Pennell's old home near Brunswick,
Me., for interment.

Aside from the \$5000 home on Cleve-
land avenue, Pennell had no personal
property in this city. Most of his estate
consists of personal property, including
his \$210,000 of life insurance, which is
still part of his estate, because the pol-
icies were made payable to his estate
and it is therefore subject to the direc-
tions of the will. If the will does not
direct the disposal of the insurance,
there being no children, one half would
go to Mrs. Pennell, the other half to be
divided between Pennell's mother and
his brother, J. F. Pennell. But Mrs.
Pennell having died, the one half that
vested in her at her husband's death
would ascend to her father.

Mrs. Pennell recently came into a
legacy of \$143,000 by the death of a
relative in New England. If she made
no will, the money will also go to her
father.

President to Have a Rest

Washington, March 13.—President
Roosevelt's contemplated western trip
was a subject of some discussion at the
White House yesterday. After leav-
ing Washington about April 1 the presi-
dent will not return until some time in
June. It is likely that the first two or
three weeks of the trip will be passed
principally in the Yellowstone park.
There the president will seek rest and
recreation, but it is understood that
he will do a little hunting.

Women Display Great Nerve

Kansas City, March 13.—Two women,
Mrs. G. E. Evans and Mrs. H. S.
Meyers, took the places of their hus-
bands, non-union men, yesterday, and
drove trucks about town in defiance of
the striking transfer companies' driv-
ers. They met no interference, but in-
stead, the men lifted their hats as the
women drove by and cleared the way
for their vehicles. It is still necessary
for the police to remain on duty about
the bars.

Alleged "Grafting" in Contracts

New York, March 13.—The supreme
court yesterday handed down a decision
overruling the denunciations to the in-
dictment against ex-Fire Commissioner
Scannell and William L. Marks, repre-
sentative of a rubber company. This
means that the two defendants will
have to stand trial upon the specific
charge that contracts in the fire-depart-
ment were let to other bidders than the
lowest bidders, without authority of
law.

Charged With Wrecking Trains

Washington, March 13.—Robert Ham-
ilton, formerly an employee of the
Southern railway, was arrested yester-
day at his home near Fairfax Court
House, Va., on the charge of causing
the wreck of an express train at
Ravensworth, Va., in which two men
were killed and a number injured.
Hamilton is said to have admitted that
he committed the crime.

Five Years For Altering Books

Toledo, March 13.—Frank E. Brady,
erstwhile secretary of the Imperial
Building and Loan company, was yester-
day sentenced to five years in the
penitentiary for altering the company's
books to deceive the creditors.

Unusual Stretch of Ice Floes

St. Johns, March 13.—Steamer Bruce
arrived here yesterday from Sydney,
C. B., and reports having vent outside
Sable Island, yet ran through 60 miles
of heavy floe ice, 10 feet thick.
The steamer has her bows injured.

Mule Drivers Tie Up Collery

Mahogany City, Pa., March 13.—Three
hundred men are idle at a collery of the
Lehigh Valley Coal company, owing
to a strike of the drivers because of an
order requiring them to wash the mules
before stabling them at night.

Miss Parker's Relatives Unknown

Newport, R. I., March 13.—The au-
thorities who have been searching
throughout the country to establish the
identity and relatives of Miss A. M.
Parker, whose body was found on the
cliffs two weeks ago, have given up
all hope of ever establishing the same.
Her body, which was embalmed so as
to preserve it for an indefinite period,
in hopes of finding her relatives, is still
at the morgue.

A Card.

Good Afternoon.

General Miles is preparing to give
his enemies another opening. He is
about to write a book.

The ex-Queen of Hawaii and Secre-
tary Cortelyou are now in a position to
sympathize with each other over the
stinginess of Congress.

It is noteworthy that the roll call
of senators at Washington is largely a roll
call of former governors of states. This is
true of Stone of Missouri, Clark of
Arkansas, McCreary of Kentucky, Per-
kins of California, Foraker of Ohio,
Tillman of South Carolina, Wetmore of
Rhode Island, Nelson of Minnesota,
Bate of Tennessee, Dietrich of Ne-
braska, Warren of Wyoming, both Pro-
ctor and Dillingham of Vermont,
Foster of Louisiana, and others.

Drift of Opinion.

"We talk much today of men who
do things," without inquiring too
narrowly what they do; and the tendency
is to claim in political life a
similar immunity for parties that do
things, ignoring the important issue
whether these parties do well or ill.
Nowhere are the unfortunate effects of
this general abnegation of principle for
policy more apparent than in the lack
—not in statesman—but of far sighted
political leaders. It is the imagination
that counts in political leadership as
elsewhere, and the good party manager
is the man who has the capacity to feel
a thrill when he recalls the historic
principles of his party, even though his
daily course fall short of the ideal.—
New York Post.

The dispatches announce that our
old schoolboy friend, Popocatpetl, has
been sold to the Standard Oil company,
which will proceed to divest it of its
deposits of sulphur for the ultimate
benefit of the University of Chicago.
What effect this purchase will have on
the price of oil it is not possible to say
at present, but unless Mr. Rockefeller
has some immediate benefactions in
view, we may hope that no discourag-
ing rise in cost will be demanded. Old
Popocatpetl was a lively factor in his
day, but Mr. Rockefeller does not stop
at volcanoes. He is probably the one
gentleman who could bind the sweet
influences of Ptolemaides or loose the
bands of Orion if Dr. Harper were in
straits or anybody stumped him.—
Roswell Field in the Chicago Post.

The judiciary committee of the
legislature is considering a petition for
legislation prohibiting the use of so-
called "trading stamps" in mercantile
establishments. Of course the trading
stamp is economically indefensible, and
the benefits supposed to be derived from
its use by both trader and customer
are delusive. But legislation in the
matter is not very necessary. If peo-
ple are simple enough to think that
they are getting something for nothing
by the process, we do not see any reason
why the government should inter-
fere. So far as the conduct of the
business goes, it is apparently straight,
and does not rest on false pretences in
any respect. The principle is unsound,
to be sure, but we think that experi-
ence is the best way to prove that to
people who will not be convinced other-
wise.—New Bedford Standard.

—Everybody ought to keep Lent,
whether a churchman or not, says the
Boston Herald. Its regulations are
not only pious but hygienic. We all
need more self denial and less social
dissipation.

LEAGUE GAMES.

Honors Nearly Equally
Divided Last Night.

North Quincy Wins at
Bowling.

Granite City, However, Gets Five
Points to Four.

Thursday night's game in the Norfolk
County League were played in Quincy
between the Granite City and North
Quincy teams. The result was that
Granite City secured five points and
North Quincy four. Granite City won
both games of whist and pool and one
game of billiards while North Quincy
secured all three strings at bowling and
one game of billiards.

Granite City should have won the
first string at bowling but Shedd who
was substituting for Johnson had a
number of fouls called upon him which
gave the string to North Quincy by
three pins. Shedd has two pairs of
shoes, one which he wears when in-
specting government machinery and a
lighter pair which he wears on other
occasions. Unfortunately he had on
his inspecting shoes Thursday night
not knowing that he was to bowl. The
result was when he approached the
line he could not stop and he slid over
the mark making a foul. He did this
several times and it proved disastrous
for his team, especially on the first
string.

On the second string the balls rolled
hard for Hill and he only succeeded in
making 53 pins. They also rolled hard
again for Shedd and Ross, and North
Quincy secured this string by 27 pins.

On the third string Granite City im-
proved a little. North Quincy did the
same. Their improvement was con-
siderable more than that of Granite
City and they captured the string by 29
pins, giving them a total lead of 59
pins. The totals were: North Quincy,
1174; Granite City, 1115.

Osgood of North Quincy was high
man on single strings with 93, and on
three string totals with 251.

Thorpe was second on singles with
92, and Hall on three string totals with
242. The team average was 234.

Hill and Walsh tied for first position
for Granite City on singles each with
bowling 84. Walsh was also second on
singles with 83, and high man on three
string totals with 247. Nightingale
captured the second position on three
string totals with 232.

The team average was 223.
Granite City was an easy winner at
pool the first game was between Mc-
Donnell and Fairclough. McDonnell
won the game in the fifth frame, securing
an average of ten balls on each. The
most that Fairclough could secure on
any frame was four and his total was
but 12 balls. McDonnell 50.

The second game was between Faxon
and Kingsley and it required six frames
for Faxon to win, his average being 8
plus. Kingsley secured but 29 balls.

The games of whist were uninterest-
ing—Granite City almost having a
walkover. Table one team were Rideout
and Penniman of Granite City and Hill
and Johnson of North Quincy. Granite
City won by a score of 13 to 2. Table
two were Johnson and Morse of Granite
City and Johnson and Beale of North
Quincy. Granite City won by a score
of 11 to 3.

The first game of billiards was
between McGrath of Granite City and
Walsh of North Quincy. McGrath
should have won easily, but he did not
play anything like his usual game and
won only by the close score of 75 to 72.

The second game was between Sears
of Granite City and Emerson of North
Quincy. This was a good game. The
balls ran fine for Emerson and he played
a beautiful game. Sears opened the
game with a run of five and Emerson
followed with two. Then Sears scored
a second five and Emerson made a
miss. Sears got two points and left
Emerson a set up which he took advan-
tage of and made a run of 22. He fol-
lowed this up with runs of 14, 13 and

Interior Work on Des Moines.

The interior of the United States
cruiser Des Moines, now being fitted
out at Fore River, has been transformed
from big, empty holds to a number of
little rooms by partitions of corrugated
steel. The partitions are very light
compared to the steel walls in some
of the earlier ships of the United States
navy, but they are stiff and strong from
the corrugations, which also have the
effect of giving an appearance of greater
height to the rooms and passages,
necessarily rather "low-studded" in a
war vessel. An important feature of
these thin walls will be their coolness
when the cruiser is in tropical waters,
and the spaces between them and the
deck above is intended to improve the
ventilation. The asbestos blocks with
which the inside of the hull is covered
to insure dryness are being affixed and
the interior painting has begun.

A Much-Needed Institution.

Among the important bills pending
in the Legislature is one presented by
the Massachusetts Prison Association,
and endorsed by many other organiza-
tions, providing for the establishment
of an intermediate industrial school for
boys from fifteen to eighteen, now im-
prisoned in large numbers with mature
criminals. The measure is urged on
the ground that the State has no right
to injure boys morally by forcing them
into evil companionship in prison, and
also on the ground of economy,—to
prevent wayward boys from becoming
permanent burdens to the State as adult
criminals. It has the warm endorse-
ment of judges and police officials from
all parts of the State, and of all who
deal with delinquent boys.

Estimable Woman Dead.

Mrs. Abigail B., widow of ex-post-
master Samuel H. Spear died at the
residence of her daughter, Miss
Carrie Follett Spear, 1207 Hancock
street, this morning. Mrs. Spear has
been a sufferer from heart disease for a
year, but has been able to be about
most of the time. Ten days ago a clot
formed on the leg and this was the
primary cause of her death. She was
65 years of age and leaves two daugh-
ters, Mrs. Frank Fessenden Crane and
Miss C. Follett Spear, and one son,
Howard D. Spear.

Makes them all Happy.

The Young Men's club of Quincy
Point are reminded that marriage has a
far-reaching influence, and that one
young man can make several happy
sometimes. For example the following
conversation was reported by the De-
troit Free Press:
Clara—"What makes Alice so airy?"
Laura—"Oh, she knows a girl who
knows a girl who knows a girl who
married an English lord."

City Henherry.

Will the party so interested in the
city henherry and the welfare of the City
of Quincy please call at the Ledger
office and accept a dozen of eggs.

Dexter Remick,
3 Granite street.

There is also another henherry in City
Square, right across the street from the
Brierley corner on the Dr. French
estate. Will they also please contribute
a dozen eggs?

—Hyde Park had a \$20,000 fire in a
three story business block on Thursday.
It started in the basement of R. W.
arnan's store.

Danger of Colds and Grip.

The greatest danger from colds and grip is
their resulting in pneumonia. If reasonable
care is used, however, and Chamberlain's Cough
Remedy taken, all danger will be avoided.
Among the tens of thousands who have used
these remedies for these diseases we have yet to
learn of a single case having resulted in pneu-
monia, which shows conclusively that it is a
certain preventive of that dangerous disease. It
will cure a cold or an attack of the grip in less
time than any other treatment. It is pleasant
and safe to take. For sale by all druggists.

GENTLE ZEPHYRS.

Newsy Locals Wafted to
The Daily Ledger.

The Spring Air Brings
Out the Buds.

Mostly Sunshine for the People
of Quincy Today.

The skies grow soft and tender,
The sun at noon is high,
The willow's silver mittens
Are peeping at the sky,
The grasses show their blades,
The brooks show their blades,
And all the world is smiling,
For springtime days are nigh.
—National Magazine.

An open electric was run today.

Probably fair Saturday.

A beautiful moonlight evening last
night.

Is the ending of "The Southerners"
as you expected?

There may be a legal holiday next
week—March 17, Evacuation day.

Not so warm as a year ago today, or a
year ago yesterday, but the warmest
since Nov. 24.

Several two-flat houses on Glover
avenue at Norfolk Downs are approach-
ing completion.

Six clergymen of Wollaston and
Atlantic are honorary members of the
Wollaston Yacht club.

Mr. Dwight Fennel of Winthrop
avenue is in the hospital undergoing an
operation on his knee.

The Ladies' Benevolent Society will
meet with Mrs. E. R. Johnson, New-
port avenue, Wednesday afternoon at
2.30.

Those who have read "When Knight-
hood was in Flower" say it is a grand
good story. You will want Monday's
Ledger.

Mr. E. J. Sheldon, Winthrop avenue,
has returned from the woods of Canada.
He reports three feet of snow on a level
about Quebec.

The Quincy High school boys were
out Thursday for the first baseball
practice of the season. There are good
prospects for a winning team this year.

The Quincy High will be represented
at the interscholastic indoor meet in
Boston Saturday by H. P. Percival in
the 1000 yard run, and by H. F. Miller,
Jr., in the mile run.

Representative Fallon voted in favor
of Representative Kiley's motion to re-
commit the investigation order, and
Representative Freeman voted nay. The
negative prevailed 111 to 67.

Miss Annie McLane of Washington
street died this morning. She was a
clerk at the store of H. P. Kittredge,
and was at work last week. A mother,
sister and two brothers mourn the loss.

A half dozen bullfrogs were noticed
Thursday in a pond in Wollaston. The
bluebirds, red-winged blackbirds and
song sparrows are here in large
numbers. All indications point to an
early spring.

The Wollaston Choral society holds
its fortnightly rehearsal next Wednes-
day in the Unitarian vestry. The new
material for the second concert is inter-
esting. A few more tenors and basses
are needed to balance the parts.

Richard Nelson of 153 Whitwell street
was the winner of the oak rocker at
the whist party of the Scandinavian
Glee club at Faxon hall Thursday even-
ing. There were ten tables in play.
Dancing began about 10 o'clock and
continued until midnight.

The Fore River Ship and Engine
Company are making the shaft forgings
for the United States tug number 8,
now building at the Charlestown Navy
Yard. The vessel has been given the
name Pentucket, the old Indian name
of Haverhill, the home of Secretary
Moody.

FOUNDER'S DAY.

Observed by Pupils of the Woodward Institute.

Tennyson Tableaux Presented.

Also Shadow Pictures, Japanese Drill and Music.

The most elaborate program ever presented by the young ladies of the Woodward Institute was that of Thursday evening in observance of Founder's day. It was the 122nd anniversary of the birth of Dr. Ebenezer Woodward, the benefactor of the school, and the peoples' physician of the town from 1823 to 1869 would have been pleased to note the standard and growth of the institute, especially during the past year. On this occasion Woodward hall was filled to overflowing, and all were pleased with the program presented which follows:

1. Music by the school; under the direction of Mr. John D. Buckingham.
 - a. The truth birds, Beethoven
 - b. Evening rest, C. Hering
 - c. Sweet! (The swallows' song), John Hyatt Brewer
2. Piano solo—Arabesque, Chaminade
Marguerite Davis.
3. Modern and medieval ballad of Mary Jane, illustrated by shadow pictures. Zita M. Fegan, Katharine D. Hardwick, Elizabeth B. Merrill, Ethel Randall.
4. Japanese drill, Grace F. Spear, Catherine Sawille, Carlena Walker, Lillian J. Aulbach, Leila I. Smith, Grace L. Burch, Miriam N. Marsh, Eva A. Hubert, Marguerite Davis, Florence M. Ford, Minnie R. Hardwick, Louise J. Randall, Florence A. Winneberger, Rena B. Mannex, Ruth C. Hanson, Caroline M. Cummings.
5. Tableaux: Tennyson's "Dream of fair women." Prologue by Mollie E. Harris.
 - a. Helen of Troy, Helen L. Curtin
 - b. Iphigenia, Elsie M. Patterson
 - c. Cleopatra, Teresa M. McGrath
 - d. Attendants, Rachel M. Doble, Elsie C. Phillips.

Apply to JAMES F. BURKE, Real Estate Agent, Savings Bank Building, Quincy, Mass.
March 7. 1f

The choruses under the direction of Mr. John D. Buckingham were of the usual standard, full of expression and real music. The piano solo by Miss Davis, a pupil of Mr. Buckingham, was well played and heartily applauded.

The ballad of Mary Jane was an amusing feature, the shadows being accurate in portrayal and very clear. The reader was Miss Babcock.

The Japanese maidens were charming in their brilliant gowns in a variety of colors, and at the same time coquettish and sprightly. They were proficient too in their drill, which was so thoroughly enjoyed that the audience insisted upon a repetition, and it was as faultless as the first time.

The crowning feature was the presentation of Tennyson's "Dream of Fair Women" in tableaux. As a prologue Miss Mollie F. Harris read brief sketches of the characters. After the first tableaux, the posing was done in the dark. Miss Bates, one of the teachers presided at the piano, and during the presentation Miss Tinker, another teacher read slowly the poem.

The characters were in costume and the tableaux were excellent and much enjoyed.

Mr. Plummer, teachers and pupils were highly complimented at the close on the Founder's day program of 1903.

Fire Fighter Fired.

According to all reports there was a lively row at the Central fire station on Thursday. The police were telephoned for and an officer sent down. He and Chief Williams arrived at the same time, and John Dennee, one of the permanent men, was dismissed. The story, as related to a Ledger representative, is that Thomas F. Hogan the man in charge of the house is often overbearing. Thursday he took Dennee to task for the manner in which he was doing his work, and Dennee after having his patience sorely tried made a retort, at which it is alleged that Hogan struck him.

It was then that some one telephoned the police and Officer Cabill and Chief Williams arrived.

In view of the stories of the affair it would appear that in justice to all parties a thorough investigation should be made.

The Finnish Brass Band will give a concert and dance at Hancock hall Saturday evening at 7.30.

BRAINTREE.

Newsy Locals from Quincy's Most Progressive Suburb.

Local talent under the direction of Mrs. B. J. Loring presented the short comic sketch entitled "A Love of a Bonnet" at the monthly social of the Ladies' Relief Corps held in G. A. R. hall, East Weymouth, Tuesday evening.

A memorial window is to be placed in the South M. E. church for the late Louis F. Gomez, and Mrs. J. R. Hathaway, Edwin A. Hale and Josephus Sampson are a committee of three to receive contributions for the same.

Amara Rebekah lodge of Braintree received a visit Thursday evening from the Grand Officers, and also District Deputy Mitchell and suite, and entertained by initiating six candidates. Fourteen from George L. Gill lodge of Quincy were in attendance.

The next entertainment of Cochato club course will be a musicale, Friday evening, March 20th in Cochato hall. The Schubert male quartette of Boston, Mrs. Viola C. Waterhouse, soprano, of Boston, and Miss Rosa Weidhorn, the young Austrian violinist have been engaged, and a delightful evening is promised.

The Good Will club met at the home of Mr. Joseph G. Spear, Hayward street on Saturday evening, to help him celebrate his thirty-sixth birthday. He was presented with a fine gold watch and chain; Mr. W. R. Drake making the presentation speech in behalf of those present.

The funeral of Conductor George Henry Day who died Tuesday, will be held Sunday afternoon at 2.30 from the Congregational church at South Braintree.

An entertainment consisting of Mrs. Jarley's Wax Works and a program of vocal and instrumental music was given by the ladies of Union church, Wednesday evening. Refreshments followed.

Mr. and Mrs. Charles T. Crane entertained the members of the Union Literary Circle at their home on Quincy avenue Tuesday evening. An interesting paper on "Flora and Fauna of Africa" was read, which was followed by miscellaneous quotations by members.

Mr. Eastman and family of Brookside road have moved to Wollaston.

The Union Veteran Firemen's association held a smoke talk at their headquarters Thursday evening and mapped out plans for the coming season.

Clinton Nash, one of our best known citizens is confined to the house by illness.

Louis F. Bates has purchased the double house on Norfolk street, Weymouth, of Mrs. Emily Fifield.

Dr. C. D. Harlow has been confined to the house this week with a severe attack of the grip.

Miss Mary J. Downs has been visiting her cousin in Randolph.

G. E. Loring & Co. have a novel way of introducing the celebrated Cresoto flour to the Braintree people.

They have placed a mammoth candle in their show window and next Monday morning will light it. The purchaser of one pound of tea or coffee will be entitled to guess how long the candle will burn, and the person guessing the nearest will be given a barrel of Cresoto flour.

Miss Emma Blanchard of Washington street has been entertaining her mother the past week.

The Ladies' Cemetery Improvement Association of Weymouth and East Braintree will meet with Mrs. Granville Bowditch, Quincy avenue, East Braintree, Wednesday afternoon March 18, at 2.30 o'clock.

Mr. B. F. Dyer has been somewhat under the weather the past week.

Social at Wollaston.

The monthly social given by the ladies of the Wollaston Congregational church, Thursday evening, proved very successful. At 6.30, about seventy-five sat down to an appetizing supper, the chief features of which were escalloped oysters, Boston baked beans and brown bread and home-made pies.

About 8 o'clock the entertainment was enjoyed. Misses Grace Farrington and Ruth Pennington played a duet for the piano; John and Ernest Merrill gave a pleasing selection for the violin and piano, and Mrs. Alice Prescott gave a pleasing selection for the violin and piano.

Saxe sang two solos in pleasing manner. Mrs. W. S. Hayward, as chairman of the committee, had the social in charge, ably assisted by Mrs. H. T. Whitman, Mrs. L. W. Nash, Mrs. James Pennington, Mrs. Charles Seavey, Mrs. George Badger, Mrs. Alfred Thompson and Mrs. Albert Blood.

The funeral will be held Monday at 2.30 P. M.

TOWN MOURNS.

Death of Selectman Ansel O. Clark of Braintree.

Twenty-fifth Year in the Position.

A Member of Rural Lodge of Masons of Quincy.

Braintree mourns the death of her highly respected official, Ansel O. Clark, who has served so faithfully as Representative to the General Court and Selectmen. He passed away just before sunset Thursday evening after being housed for the past two months with a complication of diseases. His death was not unexpected by his many friends who have constantly inquired as to his condition.

Mr. Clark was born in Randolph in October, 1835, and educated in the public schools there. At the age of seventeen he commenced the trade of boat-building and continued at the same for over thirty years. Miss Sarah F., daughter of Mr. and Mrs. Madison Thayer of Pond street, South Braintree, became his bride in 1856, and to them was born a daughter who died when about ten years of age.

Mr. and Mrs. Clark lived in the house on Pond street, now occupied by Mr. A. F. Hollis, the former home of Mrs. Clark. Later Mr. Clark built a house on Towne street, now occupied by Charles A. Bangs and resided there.

Mr. Clark moved back to their former home on Pond street.

In the year 1893 Mr. Clark built another house, on Pond street nearer South Braintree centre, near Sheppard's ice house, and there enjoyed the remainder of his days with his devoted wife.

Mr. Clark was elected to the board of Selectmen in 1870 and has served the town faithfully as Selectman from that date except one year, 1887, when he was defeated by Henry A. Monk, now Town Clerk.

There were few associates on the board with Mr. Clark during his long service and the following gentlemen complete that list: Warren B. Keith, J. Parker Hayward, William W. Maykew, John V. Scollard, J. Franklin Bates, Nathaniel F. Hunt, R. Allen Gage, J. Murray Knight, Andrew J. Bates, S. Worcester Hollis and Abijah Allen.

At the last annual election, the second of this month, Mr. Clark was elected with the hope that he might further serve the town. The Town Clerk visited him on March 4 and qualified him. Mr. Clark then told the clerk that he felt his days of service were over. He has served continually on the board as chairman for about fifteen years.

Mr. Clark has also served as manager of the town electric light plant, a position he attended to faithfully in spite of its over tax to his health.

He was a member of Rural lodge, A. F. and A. M. of Quincy, Puritan lodge, I. O. O. F., and Amara Rebekah lodge and of the Braintree Club.

Ansel O. Clark was a gentleman in every respect. He treated enemies and friends alike, always cordial and fair. In politics he was a democrat but he always was for the best man regardless of party.

The funeral will be held Monday at 2.30 P. M.

The Foolish Rich Man.

The services at the Wollaston Congregational church Sunday were of great interest. In the morning Rev. Mr. Chase preached a sermon on "The Foolish Rich Man," taking as illustrations the rich man in the old parable told by Jesus and the rich man in the new parable told by Frank Morris in "The Pit." At the vesper service a musical program of especial excellence was given. The solo by Mrs. Morgan "Hear, O my people," by Stevenson, assisted by the other members of the quartette, was very effective.

Mr. Chase spoke of "The Plymouth Collection of Hymns," suggested by the 10th anniversary of the death of Henry Ward Beecher.

The funeral will be held Monday at 2.30 P. M.

MILTON.

Contract for New Church at East Milton Soon to be Awarded.

Walter Williams, formerly of East Milton, is in town for a few weeks' visit.

Many East Milton cellars had water this week owing to the heavy rains.

Rev. Charles Hutchinson of Boston will preach Sunday night at the Mission of Our Saviour church.

The funeral of Mrs. T. L. Pearce was held Thursday afternoon from her late home and was attended by many relatives and friends. The services were conducted by Rev. A. H. Mulnix. The burial was at Mt. Wollaston cemetery, Quincy.

Paul Eaton has resigned his position in Quincy's drug store and accepted a position in a store in Roxbury.

Charles Adams has been confined to his home this week with lumbago.

The contract for building the new church of the Mission of Our Saviour will probably be awarded this week.

At the meeting of the Thursday Evening club next week Rev. Charles Hutchinson of the Church of the Ascension, Boston, will give a talk on capital and labor.

No Escape.

"I don't want to be a horse any longer. Let me go."
"If every horse could quit being a horse when he got tired, there wouldn't be nothin' but automobiles."—New York Evening Journal.

Killed Wife and Six Children
St. Louis, March 12.—Adolph Krauss, a farmer living near Bellefontaine, last night killed his wife and six children with a sledge hammer. He then knocked himself unconscious with the hammer and is dying. It is believed Krauss suddenly became insane. He had the reputation among his neighbors of being a quiet, inoffensive, industrious farmer.

Alleged Outrages by Troops
Denver, March 13.—Officers of the Western Federation of Miners yesterday decided to invoke the aid of the law to punish officers of the National Guard, who, it is alleged, have perpetrated outrages on the Colorado City strikers, and an injunction will be asked to prevent any repetition of such acts.

Schroeder Did Well in Guam
Washington, March 13.—The navy department is informed that Commander Schroeder was relieved of his duties as naval governor of the island of Guam Feb. 6 by Commander Sewall. Commander Schroeder's administration has been entirely satisfactory to the navy department.

Continued Attacks on Cars
Waterbury, Conn., March 13.—A car on the Naugatuck line was derailed by a stone placed on the track last night and it was necessary to send to this city for the repair car before the trip to this city could be resumed. This was the only incident of the night.

The Weather Forecast
Almanac, Saturday, March 14.
Sun rises—6; sets—5:49.
Moon rises—7:25 p. m.
High water—12 m; midnight.
The weather has cleared in the northwestern part of the country. In the eastern sections high temperatures for the season prevail. Generally fair weather will prevail in New England.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the brief interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

CHAPTER XLIII. MARY ANNAN BEGS FORGIVENESS.

W EAK, feeble, almost helpless—a ghost of himself, in fact—Boyd Peyton was yet on the royal road to recovery. After his first sight of her he had seen nothing more of Mary Annan. When Dr. Venosette had assured her that he would get well, his mother had gone away, and he had not seen her either. For Morgan had fallen after a heroic defense before the combined assaults of ships and army, but its flag had not come down until it had been hammered to ruins by the fierce bombardment, and not a gun had been left serviceable. General Peyton had been sent north as a prisoner of war, and Mrs. Peyton had accompanied him. Willis had been exchanged and was now with General Maury's army defending Mobile. The care of the Annandale household had been left to Pink and Little Tempe, for when Boyd Peyton's recovery had seemed assured Mary Annan had given way under the strains and anxieties and bereavements she had sustained.

Peyton had begged so hard and so constantly to see Mary Annan that Dr. Venosette had at last given his permission. The girl had been miserably ill, but was now somewhat better, and the old doctor hoped that the interview might benefit them both. Willis and Pleasant had come that afternoon to carry him into her room. Peyton had insisted upon being dressed in his uniform as a United States naval officer, his clothing having been sent him under a flag by the thoughtfulness of the old admiral before he went north on a well-earned leave of absence. He had a strange fancy that if she loved him she must take him in the uniform of the Union. It was in that uniform that she had rejected him. It was in it that she must take him back. Willis and Pleasant found him ready when they came.

Willis had never ceased to be thankful that his brother's life had been spared. He never would forget the sensations that had come over him when he had learned that he had fired the shot that had stricken him down. Boyd had never forgotten that Willis, alone of his family, had bidden him goodbye when he went from Mobile years before. And Pleasant, whom he had always liked and who was betrothed to his sister, who had been good to Mary Annan, had been very kind to him also. He was glad to see the young man, but he could scarcely wait until they lifted him up in the wicker chair to carry him into the room that had been her father's, where Mary Annan lay.

The two men set the chair down close to the side of the bed. Then with a word of cheer to the sick woman they turned and left the room.
"Now remember, Boyd," said Dr. Venosette, "only a few moments will I allow you, and you must not say anything to agitate yourselves. Come, Miss Pink," he added, turning to the faithful girl, and the two went out, leaving Peyton and Mary Annan alone.

For Mary Annan, how thin and pale and haggard she looked, her white face framed in the rich brown curls flowing over the pillow; how wasted from her long illness, from the shocks she had undergone, from the bereavements she had suffered, the heartbreaks that had come upon her! How different she was from the gay, lightsome, cheerful young girl of those days before the war! How had come! And yet he loved her more. He could not tell her how or why. He neither argued nor justified nor explained. He was simply cognizant of the fact. His heart yearned toward her. He did not say anything at first, nor did she. She lay staring up at him out of her great black eyes—how they shone out of her pale face—then—with such a look of utter thankfulness and gratitude in her face as a sinner might show in being admitted to heaven. He bent forward in the chair and with his own thin hands clasped her thinner and slender one.

"Mary Annan," he whispered, "how ill you have been!"
"I shall get well now, Boyd, since you are here with me. If—if you can forgive me—all our troubles will be over."
"Forgive you, dear?" he answered. "I have nothing to forgive. I only love you, love you, love you!"

The sound of his voice, and not even his physical weakness could quench the passion in it, was like an elixir of life to her. It even brought a faint flicker of color to her pale cheek.
"I know," she murmured. "I know. I have your letter."
From over her heart she held it forth in a trembling hand.

"Your letter written before the battle. I think I should have died when you were brought here had it not been for this."
"Mary Annan," he said presently, "I am a United States officer. I am the enemy of your government. I have done my best against your cause. I have given myself to the Union with all my heart. I stood with Admiral Farragut on the Hartford ready to lead the fleet into Mobile Bay if I should be asked or needed. This is the

uniform in which I was driven away. In this I have come back to you. Do you love me? Will you take me? Will you go with me in spite of all these things?"

There was a long silence in the room. The girl lying there covered her face with her hand. As for Peyton, his heart almost stopped its beating. Would she rise to this test? Was her love great enough for this sacrifice? She had repudiated him because of these things. Would she give herself to him in spite of them now? He leaned forward under the impulse of his emotion and then slowly rose to his feet and stood holding the arms of the chair tremblingly, looking down at her.
"Speak to me," he whispered. "For God's sake, answer!"
"I am yours, Boyd," she murmured, taking away her hand at last. "There is no north nor south nor east nor west, now that you are here and alive. Love is all to me. There are none of us left now but Tempe and myself. I have only you. If you will forgive me—and take me back. You kissed me once," she said, "on the porch that night. Will you?"
"Thank God! Thank God!" he whispered.

When they found him, he was kneeling by the bedside, his bowed head resting upon her outstretched hand, and there was such a look of peace and rest upon the girl's face that they knew she had indeed passed from death into life.

CHAPTER XLIV.

THE MESSAGE FROM THE DEED.

A H, it was springtime once more, and morning. They sat on the porch at Annandale together. Boyd Peyton had not been exchanged. He had been in it so long that the war had ended leaving him still a prisoner. It was the 12th of April, 1865. Richmond had fallen, Lee had surrendered, the intrenchments of the Spanish fort at Blakely had been stormed. General Maury had retreated, and the Federal troops were entering the city. The end had come. The Confederacy was no more. God had decided that the Union could not and should not be broken. Soldiers in strange blue uniforms were filling the streets. A regiment of bronzed veterans marched up Government street, fluttering above them the stars and stripes. Their band was playing—hateful tune in the people's ears—"John Brown's Body." It had been a long time since that flag had been seen in Mobile, and as Boyd Peyton had been the last to salute it then he was the first to salute it now. As the regiment marched by, heading for the Shell road, where it was expected some further resistance might be made by the Confederates, a general officer, surrounded by a dusty and weather-beaten staff of hard campaigners, drew rein before Annandale House. A question to a surly passerby elicited that this was the home of Miss Mary Annan. The general sprang from his horse, threw the reins to an orderly and came clanking up the walk toward the house.

Boyd Peyton descended the steps to meet him.
"I am General Carpenter of the Union army," said the officer, removing his hat and staring at the other's uniform in great surprise.
(To be Continued.)

—An adverse report has been rendered on the petition for the abolition of the death penalty in Massachusetts. The substitution of the electric chair for hanging made the death penalty seem to many less objectionable.

CHILD'S MEDICINE—WHY?

Because Scott's Emulsion relieves such an extraordinary variety of children's diseases all the way from slight colds to the serious hip disease.

Because Scott's Emulsion is as harmless as milk. Well borne even by the delicate stomachs of babies.

Because children respond so quickly to its action. A medicine peculiarly suited to their sensitive nature. It is wonderful how rapidly delicate children improve in every way while taking Scott's Emulsion.

Because children like the taste. Most of them like Scott's Emulsion at once. The rest soon learn to like it. Little daily doses bring the results.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl Street, New York.

AGREEMENT IN SENATE

To Vote on Panama Canal Treaty Next Tuesday

CUBAN TREATY MOVES UP

Amendment Requiring Approval of House to Make It Effective Will Probably Check Opposition to the Measure—Adjournment Next Week

Washington, March 13.—There were important developments yesterday regarding the treaties pending in the senate. It was decided to vote on the Panama canal treaty on Tuesday next, and the Cuban reciprocity treaty was reported to the senate by the committee of foreign relations.

The end of the work for which the extra session was called therefore was arrived at soon after the senate assembled at noon and without discussion or comment. The terms had been made satisfactory to Senator Morgan before the request to fix a day for a vote was proposed by Senator Frye, so the former made no objection.

Individual Democratic senators will offer a number of amendments to the canal treaty, and they will unite in pressing some of them, but if they should be voted down, as seems likely, a number of the Democrats will vote for the ratification of the treaty.

The Cuban treaty, with the various amendments agreed on by the committee on foreign relations, then was reported by Mr. Cullom, and at his request it was read for the information of the senate. The reading was followed by a formal request by Mr. Cullom to take up the Cuban treaty for discussion, but, while this was denied, still the greater part of the session was devoted to it. The amendments made include in addition to those of last session a provision requiring the approval of the house of representatives to make the treaty effective.

With the adoption of this amendment the Democrats as a body probably will cease opposition to the Cuban treaty, but some of them, the sugar interests of whose states are affected by the treaty, will continue to oppose it. The Republican side of the senate will vote practically, if not absolutely solidly for the treaty, and it is now generally believed that it will be ratified after action on the Panama treaty.

The progress made yesterday leads many senators to predict an adjournment by the close of next week. The action of the committee of commerce in postponing a vote on Dr. Crum's nomination, which also took place yesterday, is generally accepted as disposing of that matter for this session.

Cubans Feel Uneasy

Havana, March 13.—The publication of Washington dispatches regarding the amendments to the reciprocity treaty by the senate foreign relations committee has caused a renewal of apprehension among business men that the treaty may remain unsettled until the next session of the United States congress. The merchants and bankers here hope that if the amendment requiring the approval of the house is adopted President Roosevelt will call a special session of the house to settle the matter. The uncertainty regarding the rates of duties has seriously hampered both the export and import trade for several months. The merchants, although anxious for its ratification now, declare that even the rejection of the treaty is preferable to a further long period of uncertainty.

Morgan Confers With President
Washington, March 13.—J. P. Morgan called at the White House yesterday afternoon and held a conference with the president. He was alone and remained for about half an hour with Mr. Roosevelt. The nature of his call was not disclosed. Mr. Morgan and his party took dinner at the Arlington hotel, Senator Hanna and Miss Phelps, the latter's niece, being Mr. Morgan's guests.

Danger Along the Mississippi
Memphis, March 13.—There is little change in the river situation, and although the rise yesterday was slight the situation remains grave. Engineers here say that the crest of the rise probably will reach Memphis Sunday unless there are further heavy rains generally over the area drained by the tributaries of the Mississippi in the meantime.

The Indianapolis Postoffice Case
Washington, March 13.—Senator Money of Mississippi has introduced a resolution requesting the president to inform the senate whether postal facilities are now being afforded the people of Indianapolis, Miss. It is Senator Money's intention to address the senate upon the Indianapolis case.

Died at Post of Duty
Tamaqua, Pa., March 13.—Brake-men making an investigation to discover why the engineer of a freight train did not answer their signals found Engineer Geary dead in his cab here yesterday with one hand clasping the reverse lever and the other on the throttle.

Little Fellow Kills Himself
Belleville, Ills., March 13.—Remorse and fear that he had killed a girl playmate by hitting her with a stone yesterday caused Warren Fleming, aged 9, to shoot himself through the heart after ascertaining from his 11-year-old sister on which side his heart was located.

BAD CASE OF PNEUMONIA

Friends of Justice Day Fear That He May Not Be Able to Recover

Washington, March 13.—The friends of Judge Day, who has a moderately severe attack of pneumonia, are very apprehensive concerning his condition. His temperature yesterday ran up to the neighborhood of 105. He is not a man of robust physique, but, on the contrary, is of frail appearance, and it is feared may be unable to withstand the severe attack of illness, though hopes are entertained that his excellent habits and the careful nursing and medical attention he is receiving will enable him to pull through. Never a man of strong appearance, it was remarked when he came here to take his place on the bench of the supreme court that he seemed to be very much thinner than when in Washington as secretary of state.

Brazil's Attitude as to Acre
Washington, March 13.—Mr. Brasil, Brazilian minister to this country, came over from New York yesterday to make some representations to the state department touching the dispute over the possession of the territory of Acre. He made it clear that Brazil, in taking possession of Acre, was performing what she regarded as a sacred duty to other nations in South America. He held that to permit the government of that territory by a foreign syndicate, a great majority of whose members were not Americans, would be the opening wedge for the division of South America among Europeans.

Run Into Two Hurricanes
Boston, March 13.—Two members of the crew of the steamer Monomoy, which arrived here yesterday from Tyne, were injured in a hurricane on March 2 and one of them died afterwards. In a hurricane on Feb. 24, the steamer was run before the gale for six hours and considerable damage was done. For 14 days on the voyage the barometer did not go above the 30.90 mark and once it fell to 27.80, the lowest ever known by the captain.

Mystery of the Deep
San Francisco, March 13.—Great mystery attaches to the disappearance and identity of a steamer which is reported to have sent up signals of distress off Point Reyes Wednesday night and which suddenly disappeared, as if swallowed up by the sea. Just before her disappearance, the observers say, the steam siren of the distressed vessel sounded three long blasts and lanterns were swung on the port side in a frantic manner.

PUNY CHILDREN

TOO MANY OF THEM DIE.

Their Little Bodies Unable to Stand the Ordeal of Development.

WE THINK EVERY MOTHER IN THIS TOWN SHOULD KNOW ABOUT VINOL.

It is the Delicious Tonic We Advise for Growing Children.

Is your boy or girl pale and listless? Do they act differently from other children? Do they sleep poorly and eat poorly? Does your boy avoid the sports and games of other boys? Does your girl complain of headache and find her studies a hardship? If so, you may make up your mind they are growing too fast. They need something to help nature in her great work of furnishing the necessary elements for creating flesh and muscle tissue, bone structure and rich, pure, red blood.

They need a tonic in the full sense of the word and we can tell you what to get.
It is Vinol Wine of Cod-Liver Oil, the great modern reconstructer. Children like it, it is so delicious to the taste, in spite of the fact that it contains a highly concentrated extract of the medicinal principles that are found in cod-liver oil.

But because the vile-smelling and tasting grease has been discarded and all of the other disagreeable features eliminated, the benefits of Vinol are easily understood.

Vinol acts favorably on the stomach, creates an appetite and enables the food that is eaten to do the greatest possible amount of good.
Following is a letter that bears directly on this subject:

"I was all run down and took Vinol. It did me so much good and it was so pleasant to take that I gave it to my children. They were growing fast and needed something in the way of a tonic and I found it to be just the thing for them." SARAH PICKERING, 1932 Fall River, Mass.

We cordially invite mothers interested in the welfare of their children, as well as any one else needing a sure, safe and delicious tonic, re-builder and rejuvenator, to call on us. We will gladly tell any one all we know about Vinol and why we so highly endorse it.

Inasmuch as we are always ready and pleased to refund the cost of Vinol to those who don't find it exactly what we claim it to be, it will be seen that we are prepared to substantially endorse our claims for the excellence of this marvelous preparation.

NEWS IN BRIEF

Negotiations have been begun with the Vatican with a view to securing the placing on exhibition at the St. Louis exposition of Pope Leo's jubilee presents.

The Fairfield and Shawmut Electric Railroad company was organized at Waterville, Me., with a capital stock of \$30,000.

At the suggestion of Rear Admiral Cotton, who has been assigned to duty as commander-in-chief of the United States naval forces on the European station, Lieutenant Hussey of Rochester, N. H., will be assigned to duty on his staff.

Control of the Standard Steel Car company of Pittsburg, with its fine car works at Butler, Pa., has passed from the original owners to the American Car and Foundry company. With it went the control also of the Southern Car and Foundry company.

Very Rev. George C. Bradley, dean of the order of the Bath and 'tely dean of Westminster, died at London, aged 82.

Secretary Wilson has issued special orders providing for the importation of animals for exhibition at the Louisiana Purchase exposition at St. Louis.

Henry C. Fuller, president and general manager of the Lynn Woolen company of Hartland, Me., died of tuberculosis of the throat at Boston.

Another Crooked Hawaiian Official
Honolulu, March 13.—Wray Taylor, commissioner of agriculture and forestry for the territory, is wanted for embezzlement. Taylor sailed from here on Jan. 3 for San Francisco to consult with the California board of horticulture. He was heard from regularly up to the middle of February and was expected to return here Feb. 19. A police agent has been engaged to endeavor to trace and follow him.

Political Pulls Won't Count
Washington, March 13.—The new offices of the department of commerce and labor are being put in shape and Mr. Cortelyou will move into them the early part of next week. The secretary has been besieged by politicians who wanted to secure places for their constituents, but he announces that they will be filled in the usual course by selections from the civil service eligible list.

Chinese Credentials Out of Joint
Washington, March 13.—The plenipotentiaries of the powers engaged at Shanghai in negotiating trade treaties with the Chinese commissioners have discovered what they regard as flaws in the credentials of the Chinese agents which make it impossible for them to bind their government in treaty form. Mr. Conger is asking the state department for advice.

The SOUTHERNERS

By Cyrus Townsend Brady
Author of "Waves With the Ship," "Hobenzellers,"
"The Quiberon Touch," Etc.

Copyright, 1902, by Cyrus Townsend Brady

CHAPTER XLIV—Continued.

"And I am Boyd Peyton, Lieutenant in the United States navy."
"What!" cried the young officer. "Not Peyton of the Hartford?"
"Yes, sir."
"Not the officer who took the Metacomb's boat to the rescue of the Tecumseh's men?"
"Yes, sir."
"Man, I congratulate you! The country rang with your exploit, sir! By gad, sir, it was one of the bravest deeds of the war!"
"Thank you, sir. How is Admiral Farragut?"
"What! Haven't you heard? Where have you been?"
"I have been desperately ill and a prisoner for over nine months."
"Of course, of course, and we thought you dead. Well, the admiral is well. He is a vice admiral now and will be a full admiral before congress gets through with him."
"Good!" said Peyton. "He deserves it."
"And you? Haven't you heard about yourself?"
"I have heard nothing, General Carpenter."
"Well, it gives me great pleasure to tell you the news, sir. You have been promoted to a full captaincy in the navy on the admiral's urgent recommendation, and a medal of honor has been awarded you. Gad, the country thought you were dead; they said in congress it was giving honors to a dead man, but they'll rejoice to find you alive to claim your reward. The war is over. Richmond has fallen. General Grant has Lee corralled. Thank God, we'll all get home in a short time now. But I am looking for a Miss Mary Annan, and I am told she lives here."
"I am Mary Annan, sir," said the girl, coming to the railing of the porch and looking down upon the two. She had heard everything. The feeling in her heart now was of mingled joy that her lover's valor and courage had been so splendidly rewarded, and of sorrow for the final downfall of the south she still loved—next to him. And yet she was strangely relieved that it was all over at last.
While Boyd Peyton was by no means restored to his former health, Mary Annan was her old self once more—a little of the youth gone, some of the gaiety vanished, but with the softening touches that trouble gives and with the joy that love adds, to take the place of what had disappeared. She stood quiet and composed, her hands resting upon the railing, her cheeks filled with color, her eyes ashine, looking down at the two men.
"By Jove!" exclaimed the officer, staring at her in bewilderment at her loveliness. "Forgive me, madam," he added with the blunt frankness of a soldier, "but I have not seen anything so beautiful since I left home three years since. I have something for you, ma'am."
"This is Miss Mary Annan, General Carpenter," said Peyton. "Miss Annan, General Carpenter of the Union army."
"Something for me, sir?" she said.
"What can it be? What is it, pray?"
"A letter, ma'am," said the officer, fumbling in his breast pocket.
"From whom, sir?"
"Madam, 'tis your own," he said, producing a crumpled envelope with

but it was not until he was shot down. I ran out of our line toward him. He was lying on his face. He had this letter in his hand. He was saying something."
"What was it?" gasped the girl.
"I only caught a word or two."
"They were?"
"Tell Mary," and then he said "free," and that was all."
"Poor fellow!" said Mary Annan softly, clasping the letter and forgetting the others for a moment, "poor fellow, he loved me indeed!"
"What became of the body, sir?" asked Peyton, who had heard from his sister of Darrow's last charge, although he had known nothing of Mary Annan's letter.
"I buried him there on the field and marked the spot so that I could identify it."
"He shall be brought back to Mobile when the war is over if you will tell me where he lies."
"I will. You may command me at any time," returned the soldier. "I kept the letter. I only examined the date and signature in order that I might find where it was to be delivered, and I am glad to have given it back to its writer."
"You are very good," said the girl faintly, "and I thank you for your trouble."
"No trouble at all, ma'am," said the general. "Captain Peyton, you will be wanting to go north doubtless. There will be a transport sailing for New York tomorrow noon. I can arrange to take you."
"Thank you, general. I shall go on her, of course."
"Is there anything more I can do for you?"
"No, sir; nothing. Goodby."
"Goodby, sir; goodbye, madam."
"Mary Annan," said Peyton sternly, turning toward the girl where she stood with bowed head, the letter crushed between her hands, tears streaming down her cheeks, "what was in that letter?"
He could not keep from his voice the jealousy in his heart. He did not doubt the girl's love. He could not. But what had she written to this man who also had loved her? There was agony in the suspense.
"Boyd," said the girl, "you have no right to question me in this way. You know that all my heart is yours; that my love, my life, is given to you; that I am about to abandon home, friends, country—everything—for you. Yet I can deny you nothing. Here is the letter. Take it and read it for yourself."
"No," said Peyton, touched by her words; "I will not read it. Let it be your secret and his. I trust you all in all."
"Nay," she cried, "now you must read it. You shall or I shall tell you of it. It was the letter in which I told him I could not marry him and in which I begged him to release me, and I gave him the reason."
"That was?"
"Because I knew that I loved you, and only you; that's all."

CHAPTER XLV.

"WHITHER THOU GOEST I WILL GO."

HERE was a quiet little wedding in the parlor at Annandale the next morning. Old Dr. Bampney read the service, with Willis and Pleasants, who had been taken prisoners and were permitted to come by General Carpenter, and Watson from the blockading fleet and the general himself for witnesses, and with Pink Peyton and Tempe to attend Mary Annan. There the words were said which made them man and wife. Pink would marry Pleasants when he was released, which would be only a question of a few days. Boyd Peyton could not stay in Mobile. There was no welcome for him there, and there would not be for many a day. Mary Annan would not be parted from him again. As she had said, they were all gone whom she loved but Boyd Peyton, and he would fain take her with him as his wife. Leaving many messages for his mother with Willis and a plea for his father's forgiveness, which some day baby hands would win, the two and little Tempe went quietly away.

That night they stood on the deck of the transport fast approaching the mouth of the bay, bound to that north which appeared so cold and so unfriendly to poor Mary Annan. She had given up everything to follow him. Down below in one of the cabins Tempe was asleep. They had taken her with them to make a new home and begin a new life in what was to both of them a new land.

The night had fallen when they passed by the ruined and shattered walls of Fort Morgan. There Mary Annan had watched her little brother die. There the ships had engaged in a mighty death grapple in that last heroic contest. There her lover had been stricken down while she had watched the conflict from the grassy ramparts. The red flag with its blue St. Andrew's cross and its white stars had been hauled down from that fort, never to wave over it again. No longer was that flag lifted upon a staff anywhere in the land. No longer did men

rally to its defense, sternly resolved to die rather than let it fall to the dust, rather than disgrace should touch it. It was the flag of a cause that was lost, but for generations its defenders and their children's children would hold it in precious and tender memory, consecrated by love, hallowed by valor, made sacred by death, endeared by defeat.

It was night as the vessel slipped past the fort and headed for the open sea. Hand in hand the young husband and wife leaned over the taffrail aft and gazed back at Fort Morgan. The war was over. There was peace in the land. As they looked there came across the dark waters the notes of a bugle playing the sweetest call and the saddest that falls upon a soldier's ear: "Taps. Lights out. Good night. Farewell."

THE END.

WEEKLY TRADE REVIEW

New Business Has Resulted In Continued Congestion of Traffic

New York, March 14.—Dun's Weekly Trade Review says: Reports from all sections of the country promise a brisk spring and summer trade. Orders are coming forward on a large scale and frequent requests for prompt shipment indicate that stocks are low and requirements urgent. The statement has been made repeatedly of late that traffic blockades were ended, but, as a matter of fact, the relief was in every case of a local nature, and almost immediately followed by so much new business that congestion returned.

Several serious labor disputes have reached settlement, and others are now in process of adjustment, while the actual interruption to work is much less than customary at this season. Bad weather retarded retail business at some points and floods added to the disturbed condition of the cotton market. Excessive moisture at this time may delay farm work, but there is full compensation in the improved condition of the ground. Latest reports of foreign commerce are fully as satisfactory as those respecting domestic trade. Some stringency in the money market was the only new adverse factor.

Eastern producers of footwear report new business in fall shoes quiet as yet, but very heavy sample lots have been sold and the outlook is satisfactory. Buyers are still reluctant to pay the small advance in quotations. An erratic market for the raw material, together with unfavorable weather, brings a decrease in sales of cotton goods. Quotations are fully maintained, nevertheless.

Situation on the Mississippi

Memphis, March 14.—Captain Lucas, United States engineer, has just returned from a trip of inspection down the river and reports the levees on both sides of the Mississippi in good shape except near Modoc, Ark. Captain Lucas says the engineers are hopeful that the embankments will hold, despite the fact that a higher stage of water is looked for than that of 1897. All steamers are bringing in large numbers of refugees.

Indiscreet Consul to Resign

Washington, March 14.—United States Consul Bittering at Montreal has been invited to resign. He will be succeeded by Major Edwards, a North Dakota newspaper man. Consul Bittering, while on leave of absence at his home in St. Louis, talked very freely of the relations between the United States and Canada. This was ill-received in Canada and has led to the present action.

Five Travelers Killed by Indians

Hermosillo, Mex., March 14.—One more body has been found near the point of the hold-up and massacre of passengers of the stage running between Torres and Potow. The body found is that of a woman. It had been terribly mutilated. The woman had been choked to death. In all five persons were killed. It has been definitely confirmed that the bandits were Yaqui Indians.

In a Butchering Mood

Peoria, Ills., March 14.—William Minch, one of the best known residents of Tazewell county, yesterday rode to the home of his brother-in-law, Adam Oetzel, and shot him dead. Then Minch rode to the home of his former wife, picked up a butcher knife, cut off her right ear and a finger of her left hand. He then went to the Santa Fe depot and shot himself.

Quakes In Washington Cities

Olympia, Wash., March 14.—An unusually perceptible earthquake was felt in this city last night. Buildings were shaken so that the occupants ran into the streets in alarm. The entire disturbance lasted nine seconds. Slight rumblings were heard. Two distinct shocks were felt in Seattle last night and Tacoma also felt the tremors.

Prices of Friars' Lands Doubled

Manila, March 14.—There is a possibility that the negotiations for the purchase of the friars' lands by the government may fail because of the excessive prices asked. Some of the estimates of value submitted to the authorities show the prices to be double the figures at which the land was offered for private sale last year.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 15.—Comment by Rev. S. H. Doyle.
Topic.—Lessons from the sermon on the Mount: What Christ teaches about trust. Matt. vi. 19-34.

The fatherhood of God was frequently emphasized by Christ. He not only believed in Him and trusted Him as His own Heavenly Father, but taught His disciples that God was their Heavenly Father and as such was worthy of their trust and confidence. Trust in the sermon on the mount is distinctly founded upon the Fatherhood of God.

1. Christ teaches that if our trust is in God we should lay up treasures in heaven. "Where your treasure is, there will your heart be also." It certainly seems inconsistent to profess that our trust is in God, that our supreme interests are in heaven, and then to devote our entire time to laying up treasures on earth. We trust in what we have. If our treasures are heavenly, so will our trust be; if they are earthly, our trust will be here. But earthly things are temporary, while heavenly things are eternal. Therefore also we should lay up treasures in heaven rather than upon earth.

2. Christ teaches that trust in God must be wholehearted. We cannot divide heart trust equally between two persons or things. One or the other will obtain the supreme place. "Ye cannot serve God and Mammon." Do not try to love and trust both God and the world supremely. It cannot be done. Therefore give the supreme place in trust, as in love, to God.

3. Christ teaches that trust in God should make impossible undue anxiety concerning the future in this life. "Take no thought for your life, what ye shall eat or what ye shall drink, nor yet for your body, what ye shall put on." And why? (1) Because life is more than meat and the body more than raiment. God has given us life and has made our bodies. They are more valuable and important than the food and clothes required for them. Having given us the more important, can we not trust Him for the less? (2) Because undue anxiety is worthless. "Which of you, taking thought, can add one cubit to his stature?" If worry were worth anything, it would still be unnecessary, since God can do more for us than we could possibly do for ourselves. But how much more unnecessary—yea, even sinful—it becomes in the light of the fact that it is worthless. Therefore it should certainly give place to supreme trust in God. (3) God takes care of the flowers of the field and the fowls of the air. Much more will He care for His children. Would the mother who never fails to give water and sunshine to her plants and food to a pet bird in its cage neglect her child? We cannot think so. Is God's love then not so strong as a mother's? Yea, it is infinitely greater. "When my father and my mother forsake me, then the Lord will take me up." Can we not therefore trust God with implicit confidence?

4. Christ teaches that God should have the first place in our hearts and lives. "Seek ye first the kingdom of God and His righteousness." Something will have the supreme place. Let us give that first place to God. He is worthy of it, and nothing will help and bless us so much as to give it to Him.

BIBLE READINGS.

Josh. i. 1-6; Ps. xvi. 1-11; xxvii. 1, 14; xxxvii. 1-5; xl. 1-4; cxviii. 1-9; Isa. xl. 29-31; 1. 10; Nah. i. 7; II Tim. i. 12.

Soul Winning.

Rev. Dr. Edwin Forrest Hallenbeck, president of the New York State Christian Endeavor union, in addressing his constituency recently on the subject of work for the coming year, had this to say about "soul winning," these two words being the motto just chosen for state work: "Oh, workers for Christ, let us make this the best year of service we have ever known—the best because we shall put into it most of determined, persistent, prayerful effort for souls. Would it not be possible to inaugurate a 'win one campaign' in every society, each member resolving to make a sincere endeavor to bring at least one soul to Christ during the winter months? This is a practical way of focusing our enthusiasm and making it tend toward definite results. Such a movement would drive us to our knees, for only in the presence of God can we get wisdom and power for such work. It would send us to our Bibles, for the word of God is the sword of the Spirit, the weapon we need for the conquest of souls. This the spiritual life would be stimulated, and we would be permitted to taste deeply of God's pure joy, and, best of all, Christ would be glorified, and souls would be saved. Shall we not join our hearts and our hands in effort for a large ingathering of souls?"

Prayer.

Prayer begets prayer, and one man who prays in the spirit will set a whole society praying.—H. A. Kinports, Secretary New York State Union.

Quiz Box.

[Any question may be asked that pertains to any phase of Christian Endeavor work. Address Lock Box 614, Binghamton, N. Y.]

43. V. Poyntelle, Pa.—Even though your church is small, the Christian Endeavor idea can be admirably carried out in connection with its work and prove a great stimulus to it. We would suggest that you address the United society, Tremont Temple, Boston, for a copy of the model constitution.

44. P. Hope, Ida.—Merritt B. Holley of Traverse City, Mich., has come to be known as the "man with the museum." He has gathered more than 3,500 Christian Endeavor souvenirs, and these he will exhibit at the Denver international convention next July.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Probate Notice.
D. E. Wadsworth & Co.—Spring Opening.
Master Builders' and Trades' Association.
Teachers' Association Course.

Good Afternoon.

Evidently the School Committee of
Weymouth are not a happy family.
Without unity, however, the town will
not get the best results from its public
schools.

Three Norfolk county towns voted in
favor of licenses this month, but never-
theless no licenses may be granted.
Randolph selectmen have voted not to
grant license, and Walpole proposes to
fix the license fee at a million dollars.
Almost a prohibition county.

As May day will be observed on
Saturday the next two years, doubtless
the School Committee will grant the
request this year of the Quincy Home
Science Association for a half holiday
on Friday, May first, for the annual
festival at Music hall. We know of
several towns where May day is a
holiday and always observed by the
school children, so it would not be out
of the way for the School Committee to
give the children half the day. One
little girl was heard to say the other
day that she had rather go to school
rainy days and have May day. We
know the committee as a whole does
not favor extra holidays, and rightly
too, for it upsets the routine of the
school and takes the attention of the
pupils from their work, but in this
case as the day comes on Friday, the
last school day of the week, it would
not be so demoralizing and besides it is
for a worthy object, the summer
kindergarten schools.

Drift of Opinion.

The life of a cotton mill agent
must be anything but pleasant just
now. Employees are demanding an
increase in wages and the cotton kings
in New York, who are making millions
by their gambles, are exacting
tribute in the shape of record breaking
prices for raw material. Meantime the
corporation stockholder sees evidence
of good times and expects large divid-
ends.—Fibre and Fabric.

Historic Quincy.

A very beautiful souvenir of Quincy
has just been issued by Swithin Bros.
of this city in the shape of a booklet
entitled, "A Brief Historical Sketch of
the City of Quincy." The book con-
tains a concise history of Quincy from
its earliest settlement to the present
day. It is very handsomely illustrated,
containing sixteen half tone engravings
of public buildings, and residences
of some of our citizens. Among the
illustrations shown are the First
Church, Public Library, High School,
and Woodward Institute. The book is
neatly bound and is certainly a work of
art, and makes an attractive addition to
one's library. A limited number only
of these souvenirs will be distributed
in Quincy.

Copies may be obtained free by ap-
plying in person to Swithin Bros., 3
and 4 Durgin & Merrill's block or Daily
Ledger building, Quincy.

Owing to the great expense con-
nected with the issuing of this book, copies
will positively not be given to children.

The new Masonic hall at Roxbury
will be dedicated by Grand Master
Basil Sanford of Brockton next Tues-
day evening. It will be occupied by
Washington and Lafayette lodges,
Joseph Warren commandery, Knights
Templar, Mt. Vernon royal arch
chapter, and Roxbury council royal and
select masters.

THE QUINCY HIGH.

Progressive Under Unfa-
vorable Circumstances.

Annual Report of Head Master.

Several Recommendations Which
Should Not Go Unheeded.

Mr. Charles F. Harper, the very effi-
cient and popular head master of the
Quincy High school makes the follow-
ing annual report to Superintendent
Parlin, which is printed in the City
Book. It amounts in suggestions for
the improvement of this already popular
institution:

In accordance with custom, it gives
me pleasure to submit the following re-
port of the Quincy High School for the
year ending December 31, 1902.

No radical changes have been made
in the organization and administration
of the school. The year has been de-
voted to the study and advancement of
the interests of the individual. The
pupils have worked hard and made good
progress. The teachers have been faith-
ful, patient and efficient. The spirit
of the school is excellent. The large
number of changes among the teachers
during the fall term greatly retarded the
work.

The number of pupils who continue
their education in higher institutions
of learning or return to the High School
for graduate work is increasing. In
September, eight pupils entered Sim-
mons College; two, Dr. Sargent's Nor-
mal School of Gymnastics; one, Boston
College; two, Radcliffe College; one,
Dartmouth; six, Bridgewater Normal
School; two, Boston University; one,
Dr. Ring's School for Nurses; one, Tufts
Medical School; one, Boston Cooking
School; two, Brown University; one,
Harvard; two, Massachusetts Institute
of Technology; and eleven returned for
graduate work.

The number of pupils per teacher, in
our school, is still about ten larger than
the average throughout the State. An
additional teacher would make it pos-
sible to establish closer relations be-
tween teachers and pupils, to provide
periods for consultation and for making
up lost work, to introduce more indi-
vidual teaching and to improve in
other directions.

The school ought to present larger
opportunities for pupils to acquire
power of expressing themselves by
other means than the tongue and pen.
Manual training, which requires mental
as well as physical activity, which calls
into play originality and individuality,
and which develops manual expression,
ought to be introduced. Needlework,
wood-carving, modeling, moulding,
forging and other forms of manual
training, which demand the use of tools
and instruments, yield the largest edu-
cational results. These require accu-
racy in observation; train to repre-
sent or express things simply, truth-
fully and beautifully; teach propor-
tion, contrast and system; and develop
an appreciation of color, of light and
shade, and of the beauties of the natural
world. During the year, systematic,
progressive courses in freehand and
mechanical drawing have been estab-
lished in each of the four years. If a
regular teacher, who could give her
whole attention to the High School,
could be engaged for this department,
it would be possible, then, to give
drawing an equal time allowance with
the other subjects and to introduce
some of the simple forms of manual
training. The expenditure of a large
sum of money for apparatus would not

Pept-iron Puts Iron Into the Blood

Gives the blood what is neces-
sary for its perfect oxidation—
the process by which it gets
its deep red color seen in the
lips, cheeks and ears.

Iron in the blood unites with
oxygen in the lungs. The
more iron, the more color.

Peptiron combines
the best nerve and stomach
tonics, and meets all the re-
quirements of the anemic, pale,
nervous and dyspeptic.

Peptiron is made in two forms: In a liquid,
an aromatic cordial elixir at \$1 per bottle,
also in chocolate-coated pills at 50c. or \$1
per box. By C. I. HOOD CO., proprietors
Hood's Sarsaparilla, Lowell, Mass., U. S. A.

Selling Agent in Quincy:
E. J. Murphy, 1657 Hancock St.

be necessary. Such broadening of
the work of the drawing department
would provide another way of prepar-
ing pupils, who end their schooling at
graduation, for self-support, self-im-
provement and intelligent, helpful
activity in and for society.

The following outline shows the
courses which have been arranged for
each year and which are now taught in
a modified form. They also indicate
what could be done in this department,
if a regular teacher were employed.

FIRST YEAR—(Freehand).
Color—Painting of plant forms
Scales of five tones.
Object Drawing—Charcoal studies of casts
of simple groups in light
and shade.
Constructive Design—Calendar, magazine cover,
frame, etc.

FIRST YEAR—(Mechanical).
Practice in proper care and use of drawing in-
struments.
Geometric problems.
Lettering.

SECOND YEAR—(Freehand).
Color—Representation of plant
life. Composition.
Landscape work—Simple landscape forms
in flat tones.
Object drawing—Still life groups in char-
coal.
Constructive Design—Table cover, paper knife,
program cover, etc.

SECOND YEAR—(Mechanical).
Inking drawings.
Projection of lines and surfaces in simple posi-
tions.
Plans, elevations.

THIRD YEAR—(Freehand).
Color—Single objects in color.
Landscape Sketching—Still life groups and figure
drawing.
Charcoal Drawing—Still life groups and figure
drawing.
Constructive Design—Glove box, screen, shirt
waist set, etc.

THIRD YEAR—(Mechanical).
Projection of lines and surface at angles with
planes of projection.
Projection of solids.

THIRD YEAR—(Architectural).
Tinting.
Floor plans, elevations, sections of house drawn
to scale from actual measurements.
Freehand sketches and finish drawings.

FOURTH YEAR—(Freehand).
Color—Still life groups in color.
Advanced Charcoal—Sketching from life.
Study of art history and historical ornament.
Collections.

FOURTH YEAR—(Mechanical).
Projection of solids.
Isometric projection.
Simple assembly and detail machine drawings.

FOURTH YEAR—(Architectural).
Study of leading features of principal historic
styles.
Study of details buildings.
Sketches made in pen and ink.

The importance of health can not be
over emphasized. To teach the care of
the body is as much the duty of the
school as to train the mind. Physical
culture and skillfully directed sports
ought to be provided for all pupils. It
would be directly in the line of
progress, if the city should employ in
the High school, a teacher to examine
the physical condition of the pupils;
to prescribe corrective and constructive
exercises, wherever they are needed; to
direct all forms of outdoor recreation;
and to determine who ought to refrain
from athletics.

For the majority of pupils, free,
spontaneous, whole hearted exercise in
the open air is better than formal
gymnastics. The latter are needed
mostly for those who have some
physical weakness. If the grounds
back of the building were leveled off
and equipped with simple apparatus,
if the pupils could use these during
intermissions for recreation, for sports
and for physical exercise; and if games
and pupils were under the direction of
a skilled supervisor, the work of the
school and the health of the pupils
would be greatly improved.

During such intermissions, pupils
would receive excellent physical,
mental and moral training; teachers
could study pupils free from the
reserve of the school room—gaining a
deeper insight into their characteristics
and tendencies; and both would be re-
freshed and invigorated for another
period of work. To provide some
physical exercise, in the school, sports
and athletics have been supported and
encouraged by pupils and teachers.
During the past year, fields for the
girls as well as for the boys have been
provided by the athletic association. All
have had an opportunity to engage
in football, basket-ball, baseball,
tether-ball, tennis and track athletics.
But, until a competent director is
employed, only a small part of the
benefits possible can be realized.

The influence of good exerted upon
character by daily contact with a
beautiful, harmonious environment is
not generally appreciated. Orderly
rooms and artistic furnishings, well
kept yards and lawns, shrubs and beds
of beautiful flowers, attractive build-
ings, each and all excite and strengthen
good emotions, develop higher ideals,
arouse a desire to realize them and re-
sult in lives of greater culture and re-
finement.

For the past two years, earnest efforts
have been made to decorate the walls
and improve the grounds of the school.
To raise money, two entertainments
have been given. With this money,
three sections of the Northern Frieze
of the Parthenon and three of the
Western have been purchased and
placed in the study hall. The "Golden
Rod" managers of 1902 have presented

an excellent picture of the Arch of
Constantine. The class of 1902 has
proved its generosity and its apprecia-
tion of the educational advantages it
it enjoyed, by planting six ivy about
the building, by setting out ten shade
trees along Hancock street and by
making a bed and filling it with shrubs.
Several friends have promised flowers
and money to be used in carrying on
this work next year. It is hoped that
many more will follow their example.
The city should do its part by finishing
the grading begun nearly eight years
ago. The condition of the grounds at
the sides and rear of the building is not
a credit to the city.

At present it is necessary to require
pupils to prepare half of their work
outside of school hours. The following
difficulties arise in enforcing and secur-
ing effective home study:—

(1) Many homes lack proper facili-
ties for quiet, earnest regular study.
(2) Pupils sometimes receive injudi-
cious aid from well intentioned friends.
(3) Some pupils study because of the
school requirement and not for the love
of study or of work.

(4) The minds and bodies of
those who devote their afternoons to
sports, to work in stores and offices, or
to home duties, are sometimes too ex-
hausted for profitable evening study.

(5) Music, art, dancing, social
functions, church and home ought to
play an important part in the lives of
young men and women; yet, they ought
not to interfere with the hours for
home study.

(6) Pupils have little time for out-
side reading and for acquiring general
information.
(7) Pupils of good ability, who at-
tend school from necessity and not from
choice, sometimes fail because they
neglect home study.

(8) Freshness and interest are states
of mind necessary for satisfactory re-
sults. Home study is done by some
pupils at times when they are least
capable of accurate thought and work,
and when, perhaps, they ought to be
sleeping.

(9) The health of some pupils will
not permit of much home study.

The greatest and most urgent need
of the High School continues to be am-
ple accommodations for even the proper
housing and seating of the pupils. The
facts and arguments presented in my
last three reports explain why immedi-
ate action should be taken. The old
building, used for the overflow, ought
to be abandoned. It is poorly heated,
unventilated, and unhygienic. Parents
naturally and rightfully object to send-
ing their boys and girls to such a poor
building not only on account of its
condition, but because others, in the
same city, have the privilege of attend-
ing school in a newer and much better
one. It is necessary to use all sorts of
unhealthy and unsatisfactory make-
shifts for recitation purposes. Until
more room is provided, it will not be
possible to relieve and improve these
over-crowded positions.

During this year, the school has
again received the benefit of the Rock
Island Fund, the money having been
expended for reference books.

In closing, I wish to thank the mem-
bers of the Committee, the Superinten-
dent and my assistants for their hearty
support and cooperation which have
made possible whatever good results the
year has produced.

Patrons of the Teachers' Association
course are looking forward with plea-
sure to the entertainment to be given
on Thursday evening next, by Miss
Lucie A. Tucker, a Boston contralto
soloist of prominence. She will be as-
sisted by Miss Katherine Halliday,
cellist, who has a splendid reputation
for fine playing, and by Miss Laura
Hawkins, pianist, whose name is
familiar to all the patrons of music in
the vicinity of Boston. A most excel-
lent and varied program is assured, and
there will undoubtedly be a crowded
house.

Life Guards.

The Life Guards are two regiments of
cavalry forming part of the British household
troops. They are gallant soldiers, and every
loyal British heart is proud of them. Not
only the King's household, but yours, ours,
everybody's should have its life guards. The need
of them is especially great when the greatest
foes of life, disease, finds allies in the very
elements, as colds, influenza, catarrh, the grip
and pneumonia do in the stormy month of
March. The best way that we know of to
guard against these diseases is to strengthen
the system with Hood's Sarsaparilla—the great-
est of all life guards. It removes the condi-
tions in which these diseases make their most
successful attack, gives vigor and tone to all
the vital organs and functions, and imparts a
genial warmth to the blood. Remember the
weaker the system the greater the exposure to
disease. Hood's Sarsaparilla makes the system
strong.

DIED.

SPEAR—In Quincy, March 13, Mrs. Abigail
Brigham, widow of Samuel Henry Spear,
aged 85 years, 4 months and 15 days.
Funeral services from residence of daughter,
Miss C. Follett Spear, 1207 Hancock street,
Sunday, at 3 o'clock P. M.

DOANE—In Braintree, March 12, Calvin Her-
bert Doane, aged 51 years and 4 months.

DOANE—In Danvers Hospital, March 12, Mr.
Calvin H. Doane of Braintree, aged 55 years
and 5 months.

LILLICRAP—In Milwaukee, Wis., March
11, Mrs. Hannah Lillicap, formerly of
Quincy, aged 60 years, 1 month and 18 days.

PETERSON—In Quincy, March 14, Mrs.
Amelia O., wife of Mr. Charles Peterson of
128 Granite street, aged 40 years, 11 months
and 14 days.

Your grandmother's doctor ordered
Ayer's Sarsaparilla for your father. It's
the same old Sarsaparilla today.

BOTH SUSPENDED.

Mayor Bryant Will Give Firemen
Denneen and Hogan a Hearing.

The outcome of the row at the Cen-
tral Fire Station Thursday, is that
Mayor Bryant will hold an investiga-
tion and in the meantime Thomas F.
Hogan who it is alleged struck John
Denneen has also been suspended.
After Denneen had been summarily
suspended he called upon Mayor
Bryant and asked for a hearing. His
request was promptly granted. Denneen
wanted to tell the Mayor his story but
was quickly informed that as he would
hold an investigation he did not want
to hear anyone's story until that time.

When the Mayor arrived from Boston
Friday afternoon he had a conference
with Chief Williams. When he learned
that Denneen had been suspended and
that Hogan was still on duty he gave
orders that Hogan also be laid off
pending an investigation.

It was just about a year ago that the
Central fire station figured in print
owing to two men being discharged,
and Mayor Bryant now intends to have
the matter thoroughly sifted.

As the suspension of these two men
leaves the Central fire station somewhat
handicapped for men it is probable that
the investigation will be at an early
date.

There have been many rumors of
doings at this station and this investi-
gation will probably result in clearing
the atmosphere.

FREIGHT RAILWAY.

County Commissioners Give Hear-
ing on Fore River Petition.

The Norfolk County Commissioners
gave a hearing at the Court House at
Dedham Tuesday, on the petition of
the Fore River Ship and Engine Com-
pany of Quincy for the right to con-
struct a private railroad across certain
streets and ways in the city of Quincy
and the town of Braintree and over the
tracks of the Old Colony Street Rail-
way Company which the Dedham
Transcript reports as follows:

Thomas A. Watson, president of the
company, stated that the petitioners
asked for favorable action on their
petition. The branch railroad was an
absolute necessity for the further ex-
tension of the business of the com-
pany's plant. The plant now covered
76 acres of land, employed 2,000 men,
and had a weekly pay roll of \$25,000.
At present the company was building
two 15,000 ton battleships and 150 large
guns for the navy department, two
great Fall River line ships, the largest
ever built, a 6-master schooner, a pro-
tected schooner, and a number of
smaller craft.

The company needed the road to
facilitate the moving of its freight and
supplies from the New York, New
Haven & Hartford Railroad, South
Shore branch, to its plant. Its length
would be 1.3 miles, and the track
would be of standard gauge. It would
be an expensive piece of road to build,
owing to roughness of country, and
save for the crossing of ways would be
practically built entirely over land
owned by the company.

The company desired to build road
at grade, since to separate the grade
would make the cost of its construc-
tion prohibitive. The road, when
finished, would open up for industrial
purposes 1000 acres of land and develop
some 200 acres of the finest red granite
quarries in Massachusetts. Several
other industries were considering the
establishment of plants along the line
of the road.

These plants would add much to tax-
able estates in the County and give
employment to many busy workers.

H. T. Whitman of Quincy, a civil
engineer, presented a plan of the route
of the proposed road to the Commis-
sioners and explained the same.

J. B. Crosby, counsel for the Ameri-
can Tube Works of Somerville, said
the company he represented were de-
sirous of establishing a million plant
for the manufacture of brass and copper
tubes at Braintree. He favored the
road location asked by petitioners. It
was necessary for transportation pur-
poses. His company proposed to build
at Braintree if road was built.

F. O. Wellington, general manager of
the Fore River Ship and Engine Com-
pany, and Charles B. Prince of the
American Tube Works, were present to
favor the petition.

There were no remonstrants. The
Commissioners took the matter under
advisement.

A civil service examination for fire-
men, inspectors, clerks, foremen, sten-
ographers, etc., will be held in Quincy,
April 25 and 29.

You will want to read "When
Knighthood was in Flower."

SIGNS OF SPRING.

GO CARTS

When Go Carts make their appearance
it's a sign of Spring. Give the little tot
plenty of fresh air, it's nature's best medi-
cine and makes them healthy and strong.
If you'd like a natty, trappy, up-to-date
Go Cart, come here. We have the new-
est designs with rich upholstery, plain
and reclining.

PRICES, \$3.98 to \$25.00.

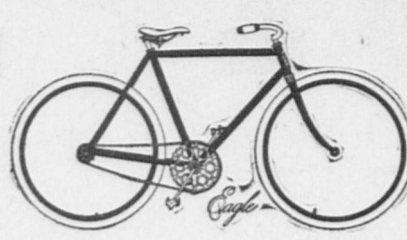

CARRIAGES

When you see a handsome, new
attractive Baby Carriage it's a pretty
good sign of Spring—and a pretty sure
sign that the carriage came from Kin-
caide's. We have the most attractive de-
signs from the leading factories, at a
little less price than any one else. Eng-
lish Carriages, Yankee Carriages,
and reclining.

\$4.75 to \$30.00.

BICYCLES

When folks commence to ride their wheels it's
a sure sign of Spring.

Highest Grade Bicycles
this year for \$25.00.

A Bicycle is an necessity today—they save
time, save car fares, save labor.

THE BEST BICYCLES HERE
FOR \$25.00.

DAYTON,

Fidgets

When a child is restless, "fidgety," can't sit
still, a wise parent suspects worms may be the
cause. When children are ailing, give them
True's Pin Worm Elixir. A few doses will expel
worms, and correct all stomach and bowel
disorders. If no worms are present, this pure
vegetable remedy will act as a safe tonic.

TRUE'S Pin Worm ELIXIR

has been in household use for over fifty
years, and has received the highest medical
endorsement. A valuable help for a grow-
ing child, and should be given as a tonic
and to prevent worms.
35 Cents a Bottle, at Druggists.

PROBATE COURT.
TO all persons interested in the estate of
JAMES RICHARDS,
late of Quincy, in said County, deceased.

Whereas, Charles Burgh, executor of the
will of said deceased, has presented for allow-
ance, the first and final account of his ad-
ministration upon the estate of said deceased.

You are hereby cited to appear at a Probate
Court to be held at Quincy, in said County, on
the eighth day of April, A. D. 1903, at
nine o'clock in the forenoon, to show cause,
if any you have, why the same should not
be allowed.

And said executor is ordered to serve this
citation by delivering a copy thereof to all
persons interested in the estate fourteen days
at least before said Court, or by publishing
the same once in each week for three successive
weeks, in the Quincy Daily Ledger, a newspaper
published in Quincy, the last publication to be
made on or before said Court, and by mail-
ing, postpaid, a copy of this citation to all
known persons interested in the estate seven
days at least before said Court.

Witness, James H. Flint, Esquire, Judge of
said Court, this eleventh day of March, in
the year one thousand nine hundred and three.

League Standing.

The success of the Granite City team
in winning five points in this week's
games in the Norfolk Court League en-
ables them to retain first position in
total points won, and enables North
Quincy to step into second position in
total points won. If Granite City
keeps on with its good work it may be
enabled to secure one of the prizes, for
they have but two more games to play,
one at North Quincy, March 19, and
one with Braintree at Quincy, April 2.

North Quincy and Braintree each
have three games to play.
It has been decided to award four
prizes, one for each event, so that it
is possible for a club to hold first position
on total points won and yet receive no
prize. It has also been decided to
settle the tie games at which by giving
each club half a point. By this ar-
rangement Granite City is advanced a
point and a half, Braintree secures a
full point, while North Quincy gets
half a point.

As the summary now stands Granite
City and North Quincy each have 11
points at billiards. Granite City and
Braintree each have 13 points at pool.
At which Granite City leads with 13 1-2
points with Braintree second with 12
points. At bowling, North Quincy re-
tains first place with 24 points won,
while Granite City and Braintree are
tied for second place with nine points
each.

The following table shows the stand-
ing to date:

Billiards.	Pool.	Whist.	Ing.	Total.
Granite City, 11	13	13 1-2	9	46 1-2
Braintree, 6	13	12	9	40
North Quincy, 11	2	2 1-2	24	39 1-2

Today will pass for an ideal spring
day. At noon the temperature was 64
degrees which is the highest point
reached at noon for some time. There
was one day in February when it got
as high as 60, but not since Nov. 15,
1902, has it been as high.

BRAINTREE.

Newsy Locals from Quincy's Most
Progressive Suburb.

It is suggested that the various
places of business in the town close for
a few hours Monday afternoon during
the funeral of our respected Selectman,
Ansel O. Clark.

The invitation party given by the
Braintree Fife and Drum Corps Thurs-
day evening was very well attended and
equally successful in comparison with
those of the past. Mr. L. Thurlow
Torrey was in charge assisted by the
members of the corps. Cuff's orchestra
played their choicest selections.

The Young Women's whist club met
with Miss Bessie Leonard, Central
avenue, Tuesday evening. The
souvenir was awarded Miss Mary Foss.

Harry Thayer of Central avenue met
with an accident by falling from the
second story of Rice & Hutchins new
factory, last Friday.

Mr. Lewis B. Pinckney of Provincetown
spent Wednesday with his sister
Mrs. G. H. Day.

Mrs. Joseph H. Schraut was the
guest of Mrs. Thayer in South Wey-
mouth, Wednesday.

Mrs. S. B. Loring is very ill at her
home on Pond street.

Mrs. G. H. White of Pond street has
passed a successful operation at the
Boothby Hospital, Boston. Her friends
hope to see her at home before long.

Mrs. N. G. Nixon of Middle street is
visiting her parents, Bishop and Mrs.
Andrews, at Brooklyn, N. Y.

Miss Ann Penman of Boston is
spending a week with her niece, Mrs.
F. F. Tupper of Central avenue.

Mr. and Mrs. N. E. Hayden of Pond
street have been entertaining Mr. and
Mrs. Larkin H. Hayden of Marblehead
during the past week.

Rev. Frederick R. Griffin of All Souls
church left Thursday evening for
Southern Pines, N. C., to improve his
health by a two weeks' vacation.

Mrs. Joseph Whitcomb of Provincetown
is stopping with G. H. Day.

The Ivaloo whist club met with Mrs.
C. H. Hobart Friday afternoon. Souve-
nirs were awarded Mrs. George Stevens
and Mrs. Frank Brett.

Louis Howland is substituting in O.
B. Hobart's store for a season.

Mr. O. M. Rogers is about to move
his dwelling house upon the lot of land
at the corner of Central avenue and
Franklin streets, recently purchased
from Rev. G. A. Thayer.

Miss Caldwell of Hudson is substituting
at the High school in place of
Miss Gibson, resigned.

Mrs. Almon Jones, gave a delightful
little affair, to a few friends, on Thurs-
day evening, at his home on Hollis
avenue in honor of her guest, Miss
Preble, of Portland. A peanut hunt,
hearts, and guessing conundrums were
indulged in, and the prizes were both
unique and numerous. Modesty forbids
them being entered into, in detail, as no
less than five fell to one family, which
was well represented. In the very
small hours of the morning, a most de-
lightful spread was provided.

At noon Friday, March 13, when the
atmosphere was warm and light, Mrs.
Mary Ann (Maguire) Murphy of River
street breathed her last. She has been
a widow for over thirty years and her
two sons John and William died several
years ago. Mrs. Murphy was born in
Ireland, but over fifty years of her life
was spent in Braintree. Her neighbors
and friends will miss her genial com-
panionship. Two sisters survive her
Ellen Maguire of River street Braintree
and Mrs. Ann Maguire Colm of Cali-
fornia.

FIRST PAY DAY.

Street Railway Men Receive
Wages Under New Schedule.

Yesterday was the first pay day for
the street railway men of the Quincy
division under the new schedule, and
several of those seen smiling serenely
as they tapped the pocket containing
the pay envelope, and they found the
increase received a very welcome
visitor.

Several were found last evening who
were willing to talk. One said, I be-
lieve if a secret ballot could be had,
the sentiment would be strongly in
favor of letting well enough alone.
As it is now the meetings are held at
midnight and there are many men who
do not attend these meetings. Those
who do not attend are as a rule, favor-
able to the new schedule. After
running all day, on a car, it is some-
what of a hardship to hang around
until midnight and then attend a meet-
ing, for we do not get home until 3 or
4 o'clock, and then have to turn out at
5 o'clock.

Another said, if the men do not ac-
cept the schedule they are foolish, and
if a strike is inaugurated it will be
something that will always be regretted.
No strike was ever successful that was
not backed up by public sentiment.
Without this all strikes must fail, and
I have reason to know that the senti-
ment of the public is not with the men
in their demand for a flat wage.

Another said, there is a cat in the
meal, and if there should be trouble the
men would find that they were being
used as cats paws to further someone
else interests. One of the strongest
advocates for the flat wage is a man
who when he came to work for the
company was given one of the best
runs. When the present officials took
charge they rated all the men and the
oldest men were given the best runs.
The result was that this man lost his
fine run, and it was given to the man
to whom it belonged. He has been
sore ever since.

Another said, none of us want to
come out openly and oppose the leaders,
for they would make it mighty un-
pleasant for us. For that reason the
public think the men are all against
this new schedule, but when the crisis
comes the public will find that we know
a good thing when we see it. I have
reason to know that the boys are doing
a good deal of thinking, and that while
at first they were strongly opposed to
the new rate, sober second thoughts
are bearing their result, and the feeling
is growing stronger every day that the
new wage schedule is all right.

Archdeacon Babcock, rector of Christ
church, Hyde Park, will be the preach-
er at the service on Wednesday even-
ing at St. Crispin's church. The
attendance of the choir at these ser-
vices is much appreciated and is a
great help.

The regular monthly meeting of the
Granite City club will be held tonight.
The entertainment committee will
probably report on the annual banquet
and entertainment.

The meeting of the City Council
Monday evening will be an important
one. The finance committee will prob-
ably report on the annual budget, and
the Committee on Sewers and Drains
will probably have something to say
about that famous Chubbuck street
nuisance.

A. L. Baker has been elected man-
ager and treasurer of the Congress
Printing Ink Company, organizing at
Wollaston. The company was recently
incorporated under the laws of Maine
with a capitalization of \$50,000.

GENTLE ZEPHYRS.

Newsy Locals Wafted to
The Daily Ledger.

The Spring Air Brings
Out the Buds.

Mostly Sunshine for the People
of Quincy Today.

Two new houses are to be erected on
Merrymount road near Putnam road.

Rev. E. N. Hardy was called to New
Hampshire to attend the funeral of his
aunt on Friday.

Mr. Dwight Fenno of Winthrop
avenue is in the hospital undergoing an
operation on his knee.

The monthly supper of First church
is to be held in the chapel next Wednes-
day, March 18th at half-past six.

The spring vacation of the public
schools begins Thursday, April 2, and
continues until Monday, April 13.

About twenty acres of the Hayward
property at East Braintree, fronting on
Quincy avenue, was sold this week to
Boston parties.

The trees at the library are being
trimmed and others cut down prepara-
tory to adding the French lot, thereby
enlarging and improving the grounds.

Miss Amelia L. Bumpus who has
been confined to the house with a bad
grip cold, is much better and is attend-
ing to her duties at the library as
usual.

The monthly meeting of the Woman's
Christian Temperance Union of Quincy
will be held on Tuesday next, at 3
o'clock P. M., with Mrs. L. F. Tirrell,
room 30, Adams building. All ladies
interested in Temperance work are
cordially invited.

A fine lot of evergreen trees has been
purchased of Marten Pfaffmann of the
Wollaston Park Nursery for the library
grounds. They are being placed on the
French lot on the Central house side,
and will be a great improvement to
the beautiful grounds of the library.

Preparations are being made for be-
ginning the construction of two Fall
River Line steamers at Fore River
plant. One set of keel blocks will be
laid on the foundations on which the
cruiser Des Moines was built, and the
other will be placed about 100 feet up
the building beach.

At the whist party given at the home
of Mrs. B. Porterfield Friday afternoon,
the following souvenirs were awarded:
cushion, Mrs. G. Craig; hand-painted
plaque, Mrs. Langhorn; sofa pillow,
Mrs. McLennan; cups and saucers, Mrs.
Wilscher; candlestick, Mrs. C. G.
Fletcher; towels, Mrs. William West-
land; bureau scarf, Mrs. Rawley and
towel, Mrs. G. Hawes.

Everyone is cordially invited to at-
tend the "pound social" to be held at
the Baptist church next Thursday even-
ing. No admission will be charged,
but all are expected to bring a donation
of household supplies which will be
given to Miss Caswell, (the speaker of
the evening) to be used in her work at
the Frances E. Willard settlement, Bos-
ton.

Among those registered at the Green-
leaf this week were: Gardfield P. Smith,
Provincetown; George Fred Douglass of
Providence, R. I.; R. N. Van Buskirk,
Blanche A. Borner, E. H. Baldwin, E.
B. Holloway, A. B. Parker, Mrs. M. K.
Pillsbury, Jacob Wirth, Boston; Wil-
liam Smith, Bath, Me.; H. A. Clough,
Chicago; W. F. Manning, Plainfield,
N. Y.; R. F. Nixon, Alleane, O.; Mr.
and Mrs. D. V. Pierce, Wilton, N. H.

At the meeting of the State society
of the Daughters of the Revolution on
Tuesday the purchase of the Dorothy
C. estate is to be discussed. The mat-
ter was brought up at the meeting last
year and a committee appointed to in-
vestigate. It is doubtful if the Society
decides to buy as the price asked is
about double its assessed value. The
house is valueless except for historical
purposes and much of the land is not
available for building purposes being
about fifteen feet below Hancock street.

THE NEXT MORNING I FEEL BRIGHT AND NEW
AND MY COMPLEXION IS BETTER.

My doctor says it acts gently on the stomach, liver
and kidneys and is a pleasant laxative. This drink is
made from herbs, and is prepared for use as easily as
tea. It is called "Lane's Tea" or

QUINCY DAILY LEDGER.

When Knighthood Was in Flower

BY
CHARLES
MAJOR

THIS will be recognized by our readers as one of the much talked of recent novels—a book which everybody wanted to read, but which comparatively few did read. While its enormous sale is witness to its extraordinary popularity, the figures show that it was read by only a very small percentage of the reading population of the United States. Of the great majority who have not read it, many are numbered among our subscribers. Therefore when the opportunity was offered a few days ago to secure the serial rights for our paper we promptly seized it.

Publication

Will Begin in a Few Days

PHŒBUS TRUST, 179 Summer Street, Boston.

Mortgagee's Sale of Real Estate.

BY virtue of a power of sale contained in a certain mortgage deed given by Anna Schatzl and John Schatzl, both of Quincy, in the Commonwealth of Massachusetts, to Charles P. Grimmer of Boston, in said Commonwealth, dated December 12, 1894, and recorded with Norfolk Deeds, book 726, page 475, for breach of the condition of said mortgage and for the purpose of foreclosing the same, will be sold at public auction, on the premises, on MONDAY, the twenty-third day of March 1903, at 4 o'clock in the afternoon, all and singular the premises conveyed by said mortgage, and therein described as follows, to wit:

The following parcel of land situated in that part of said Quincy, called West Quincy, with all the buildings thereon, and bounded and described as follows, to wit: Commencing on the southerly side on Bunker Hill avenue by land of Burkhard and running easterly to land now or formerly of John Schatzl, eighty feet; thence turning and running northerly three hundred feet more or less, to a brook dividing said premises from land now or formerly of J. M. Robertson; thence turning and running westerly to land "Babel Pasture," so called, one hundred and forty feet; thence turning and running southerly on said "Babel Pasture" to land of said Burkhard; thence turning and running easterly by land of Burkhard sixty feet; thence turning and running southerly by land of Burkhard one hundred feet to the point of beginning. Being the same premises conveyed to said Anna Schatzl by John and Theresa Schatzl by deed dated Sept. 10, 1888, and recorded in Norfolk Deeds, libro 611, folio 186.

Excepting therefrom that portion of said premises which was included in a taking made by the Commonwealth of Massachusetts through its Board of Metropolitan Park Commissioners, dated August 1, 1900, and recorded with Norfolk Deeds in book 880, page 163, accompanied by plan No. 286 of said Commissioners; being the same premises released by said mortgagee to Anna Schatzl by instrument recorded with said deeds, January 7, 1901, in book 887, page 163, and conveyed by said Anna and John Schatzl to the Commonwealth of Massachusetts by deed dated December 11, 1900, and recorded with said deeds in book 887, page 163. Said premises remaining subject to said mortgage will be sold subject to unpaid taxes, assessments and tax titles, if any there be, also subject to restrictions imposed thereon by the taking above referred to, and contained in the deed from Anna Schatzl et al., to the Commonwealth of Massachusetts, recorded as aforesaid, and to any existing right of way over said premises.

One hundred dollars in cash must be paid by the purchaser at the time and place of sale. Other terms to be stated at sale.

CHARLES P. GRIMMER, Mortgagee.

NORFOLK, ss. PROBATE COURT.

To the Heirs-at-Law, Next-of-Kin, and all other persons interested in the estate of

JOSEPH YEADER,

late of Quincy, in said County, deceased.

Whereas, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court for Probate by George W. Morton of Quincy, who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on his official bond.

You are hereby cited to appear at a Probate Court to be held at Dedham, in said County of Norfolk, on the eighteenth day of March, A. D. 1903, at ten o'clock in the forenoon to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger a newspaper published in Quincy, the last publication to be one day at least before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, JAMES H. FLINT, Esquire, Judge of said Court, this fourth day of March, in the year one thousand nine hundred and three.

Want to Remain Americans

Havana, March 14.—Minister Squiers has returned here from a four days' visit to the Isle of Pines, during which he made note of the reasons the American residents have for urging the United States sovereignty over the island. He found the general contention to be that they made investments on the alleged representations of an American official that the United States would assume sovereignty over the Isle of Pines.

A \$20,000 Fire in Tannery

Woburn, Mass., March 14.—The tanning plant of the American Hide and Leather company in this city, known as the Skinner factory, was threatened yesterday with destruction by fire, but hard work by the department checked the flames. The damage will amount to \$20,000.

Waylaid by Highwaymen

Lynn, Mass., March 14.—While on his way home last night George Cingris was set upon by four men, who beat him and robbed him of \$15 and his watch. Within an hour Joseph Bushee was arrested and identified by Cingris as one of his assailants.

Pardon For Traitors

Pietermaritzburg, South Africa, March 14.—The governor of Natal has proclaimed the king's pardon for all persons who are awaiting trial for treason or other offenses committed during or arising out of the recent war.

ELECTION CORRUPTION

To Be Probed by Massachusetts Legislature

ORDER FOR INVESTIGATION

Adopted After Kiley Had Reconsidered His Determination to Obstruct It—Democratic Party Declared to Be in Hands of Boys and Thugs

Boston, March 14.—After a spirited debate, filled with personalities, in which Representative Daniel J. Kiley of ward 8, Boston, was the chief figure, the house yesterday adopted an order for an investigation by the committee on election laws into the manner of assessments and registration of voters last fall in ward 8 of this city.

Although Mr. Kiley, as on Thursday, continued to be one of the chief speakers in the debate, he withdrew his opposition to the adoption of the order, and it finally passed with but six votes recorded against it.

The order was the outcome of a charge by a witness at a hearing before the committee on Tuesday, who claimed that he had been paid by Mr. Kiley to vote seven times on election day, receiving a dollar on each occasion. Kiley was a candidate for representative from this ward, although the chief interest was between the two Democratic candidates for congress.

An effort was made yesterday by Mr. Litchman, Democrat, of Boston to extend the scope of the investigation so as to include the election methods in the 6th, 9th and 11th congressional districts, and in the debate some of the speakers were warned repeatedly by Speaker Myers to refrain from personalities.

The amendments were finally defeated by a party vote, after which the order was adopted.

Evidence bearing on the alleged corruption in the caucus and election methods in this city, such as have come out at several previous meetings, was given at the state house yesterday when the proposition to take the work of assessing for registration purposes out of the hands of the board of assessors of the city of Boston and transfer it to the police department was before the committee on election laws at the state house.

Representative Vinson, author of the bill, explained that he believed the time ripe for even more radical changes in the methods of determining who are entitled to vote. "Rumors of fraud and corruption are everywhere heard," he said, "and the developments of the last two weeks have demonstrated that frauds exist."

Colonel Thomas F. Doherty, speaking in support of the bill, declared that repeating had been going on in Boston for 15 years, and that 10,000 fraudulent votes were cast every election. He believed that penalty for repeating should be disfranchisement for life. He held up to ridicule the penalties now imposed.

"As for the Democratic party," said Colonel Doherty, "it is now in the hands of irresponsible boys, thugs and criminals." He declared that he was now in the Republican party because of "the rascality of the Democratic leaders" and that the Democratic party would not have been successful in Boston for half the time during the past 20 years if the votes had been counted fairly.

4000 Miles to Have Tooth Drawn

New York, March 14.—Rev. William W. Waddell, a missionary at Bahia, Brazil, was told by Brazilian physicians that what he supposed was an ulcerated tooth was well defined cancer, and advised him to take the next steamship for this city, where he could be treated in a hospital. He left Bahia 18 days ago and ended his 4000-mile trip yesterday. After a microscopic examination at the Presbyterian hospital it was found that all that was necessary was to have the tooth drawn, which was done.

Justice Day May Recover

Washington, March 14.—The reports from the bedside of Justice Day, who has an attack of pneumonia, are encouraging, and the family are hopeful that he will recover. His physician is endeavoring to confine the limit of infection to the locality where it now exists and the fact that no unfavorable symptoms have developed is considered encouraging.

Police Inspector Loses Command

New York, March 14.—Commissioner Greene yesterday relieved Inspector Nicholas Brooks from command of the detective bureau. This was done owing to Brooks' acknowledgment of failure to get evidence against gambling houses. Brooks retains command of the inspection districts of Manhattan and Bronx.

Old Bourbon For Edward

Baltimore, March 14.—There arrived in transit here yesterday from Cincinnati a barrel of whiskey addressed to King Edward of England. It will be shipped in the next steamer for London. The barrel contains 45 gallons of good bourbon.

Barbour Called to Tremont Temple

Boston, March 14.—The members of Tremont Temple church, by a vote of 372 to 155, last night voted to extend a call to Rev. Clarence A. Barbour of Rochester to become their pastor, as the successor of Rev. George C. Lorimer.

Black Eye For Local Option

Dover, Del., March 14.—By a vote of 15 to 14, the house of representatives yesterday defeated a local option bill for the state.

The Weather Forecast

Almanac, Sunday, March 15. Sun rises—5:58; sets—5:50. High water—12:15 a. m.; 12:45 p. m. Moon rises—8:30 p. m.

The barometric conditions have not changed materially. The pressure continues high over the northeast. Rain is probable in New England.

THE ALASKA BOUNDARY

Canadian Statesman Disapproves Makeup of Our Commission

Ottawa, March 14.—In the house of commons yesterday R. L. Borden, leader of the opposition, referring to the Alaska treaty for setting the boundary question, contended that the government was open to censure if it did not move for the settlement of the boundary before the abrogation of the Clayton-Bulwer treaty. Mr. Borden did not approve of the American jurists. They were impartial jurists as required by the treaty. Canada would lose by the commission and the United States would gain. He read opinions from the United States newspapers opposing the appointment of Senators Turner and Lodge.

Sir Wilfrid Laurier, in reply, maintained that the treaty was eminently fair and that it had only one slight blemish, namely, there was no finality. It was good gain for Canada to get the United States to consent to a commission.

Princess Had Devoted Husbands

Berlin, March 4.—Princess Bernard of Saxe-Weimar was seized with convulsions while driving with her husband and expired two hours later in a wayside cottage. The princess was of obscure origin. It was for her that Prince Bernard renounced his name and royal rank about two years ago. The deceased princess was, before she married Prince Bernard, the widow of Marquis Luchessani, an Italian. When the marquis married her in 1900 she was 37 years of age, but was a graceful and accomplished woman. Owing to her career the family of the marquis declined to receive his wife, whereupon he gave up his family.

Indians Visit Miss Longfellow

Cambridge, Mass., March 14.—A delegation of Ojibway Indians in all their tribal gear of raiment paid a visit to Miss Alice Longfellow, daughter of the poet, at the Longfellow home here yesterday and left as a remembrance a belt of wampum. Miss Longfellow, with her two sisters, entertained the visitors, and the gathering in the old-fashioned library was a picturesque one. Before departing Miss Longfellow was invited to visit the tribe at Garden river reservation, Ontario.

Employers' Contention Upheld

Kansas City, March 14.—Judge Phillips, in the United States district court yesterday, issued a sweeping injunction restraining all members of the local Team Drivers' International union from interfering with the business of 11 of the transfer companies of the city, whose men are on a strike. The 11 companies petitioned the court to restrain the strikers on the ground that interference with their wagons is in violation of the interstate commerce laws.

Former Statesman Dies in Poverty

Indianapolis, March 14.—Robert G. Hedrick, aged 82, commissioner of Indian affairs under President Lincoln and brother-in-law of Caleb B. Smith, Lincoln's secretary of the interior, died here in poverty. He was born in Baltimore in 1821. Smith, Hedrick and Samuel Parker of Connorsville, Ind., congressmen during Lincoln's administration, married sisters. All were prominent in Washington society during the war.

Pushing Case Against Ghouls

Indianapolis, March 14.—The grand jury yesterday returned new indictments against Dr. Joseph C. Alexander of the Central College of Physicians and Surgeons and Rufus Cantrell, the alleged ghoul. Dr. Alexander will be tried under the new indictment, though there is now pending in the criminal court a case against him in which a jury failed to agree.

Justice Day May Recover

Washington, March 14.—The reports from the bedside of Justice Day, who has an attack of pneumonia, are encouraging, and the family are hopeful that he will recover. His physician is endeavoring to confine the limit of infection to the locality where it now exists and the fact that no unfavorable symptoms have developed is considered encouraging.

Police Inspector Loses Command

New York, March 14.—Commissioner Greene yesterday relieved Inspector Nicholas Brooks from command of the detective bureau. This was done owing to Brooks' acknowledgment of failure to get evidence against gambling houses. Brooks retains command of the inspection districts of Manhattan and Bronx.

Old Bourbon For Edward

Baltimore, March 14.—There arrived in transit here yesterday from Cincinnati a barrel of whiskey addressed to King Edward of England. It will be shipped in the next steamer for London. The barrel contains 45 gallons of good bourbon.

Barbour Called to Tremont Temple

Boston, March 14.—The members of Tremont Temple church, by a vote of 372 to 155, last night voted to extend a call to Rev. Clarence A. Barbour of Rochester to become their pastor, as the successor of Rev. George C. Lorimer.

Black Eye For Local Option

Dover, Del., March 14.—By a vote of 15 to 14, the house of representatives yesterday defeated a local option bill for the state.

The Weather Forecast

Almanac, Sunday, March 15. Sun rises—5:58; sets—5:50. High water—12:15 a. m.; 12:45 p. m. Moon rises—8:30 p. m. The barometric conditions have not changed materially. The pressure continues high over the northeast. Rain is probable in New England.

HIT of THE EVENING

By Richard Barker Shelton

Copyright, 1902, by the S. S. McClure Company

Despite the fact that he stood 6 feet 2 inches in his stocking feet and that the great muscles of his arms and chest were the envy of every man in the shop, Tommy Sanders had a heart as tender as any woman's. Even the dogs knew this, and many a homeless cur sidled, whining, up to him as he strode homeward at nightfall.

Tommy's back yard was generally the temporary quarters of a half dozen or more homeless mongrels. If the neighbors complained of the unearthly howlings, he would smile patiently and say: "Well, what's to be done? Would not have me turn 'em out to starve, now, would you?" And something in the round, frank face and the deep, cheery voice always made the neighbors say, "No; oh, no!" most apologetically.

Tommy was a draftsman in the big molding mills on the outskirts of the town. The little home provided by his wages was presided over by his mother, a frail little woman, to whom Tommy was at once an idol to be worshipped.

"That soft heart of his will be his death," she often remarked. "Why, only last month he gave his coat to a dirty beggar and caught a fearful cold coming home without it."

The family physician, to whom she confided this bit of news, smiled immoderately.

"I'll tell you, Mrs. Sanders, I'd be willing to have a good many colds if I had a heart like Tommy's."

"And that last stray pup he brought home the other night got up from the cellar and chewed up Tommy's speech," she went on.

"The office at the mill has a dinner next week, you know, and Tommy is to be one of the speakers. And it was a real good speech he wrote too. He had all but the last of it by heart, and of course that was the very part the pup chewed up. Land! I've been all day trying to copy it over."

The doctor grinned. "What did he do to the pup?" he asked.

"He" said Mrs. Sanders. "Oh, just 'Poor old doggie, trying to steal my thunder, weren't you?'"

Tommy laughed heartily that night at his mother's account of her attempt to copy the damaged speech. The part which was chewed into illegibility he set about to rewrite with the middle-some pup wriggling about in his lap, and when he had finished his writing and committed the whole to memory he and the pup had a frolic which left the manuscript of the speech in sad tatters.

No one but Tommy knew just how much he counted on sitting at the long table with the officials of the mill and the invited guests. On his part he was determined to do his best. To this end he went over the lines again and again until he felt sure he could start in the middle and go either way. And on the evening of the eventful day, arrayed in his dress clothes, he placed the pup on a chair and, standing before him, exhibited the heavy dignity of the oration.

Tommy left the house with a light heart and his mother's injunction to "button his overcoat way up" ringing in his ears. His mind refused to stray from his speech. As he turned the corner he was mumbling to himself, "It is with some hesitation I rise to respond," when he was suddenly aware of a little group on the sidewalk gazing upward. Something on the spire of the old Wesley church attracted their attention.

"What is it?" he inquired of one of the men.

"Kitten," was the response.

Tommy strained his eyes, and in the fast dying light he could make out a tiny speck well up on the spire. In a moment speech and dinner were forgotten.

"Where's the sexton?" he asked, with sudden energy.

"In the house there next the church," some one answered him. A moment later Tommy was tugging at the door-bell.

"You the sexton?" he asked, and, as the man nodded, "Kitten on the spire there."

The sexton made some profane observations concerning trespassing felons.

"Get a lantern and come on," said Tommy. The sexton looked his disgust and then emphatically expressed it.

Tommy fumbled in his pocket and thrust a bill into the sexton's hand. That changed the complexion of things. The sexton got a lantern, and together they climbed the rickety stairs of the tower. At last they reached the top. Above them was a small trapdoor.

"Roof of the bell deck, eh?" said Tommy.

"Yep," said the sexton, raising the lantern. Tommy had shed his coat and overcoat and was fumbling with the hasp.

"Ain't going out there?" the sexton questioned incredulously.

"Sure," said Tommy. He flung the door open and crawled out. The keen air made him shiver. He grasped the lightning rod and stood up. Below him—far below him—were twinkling street lamps, and momentarily he was dizzy. He looked up. The lightning rod ran straight up the spire, and beside it, clinging tight and mewing faintly, was the kitten. That decided him. From the group below came a faint cheer. Grasping the lightning

rod, he began to climb steadily upward.

It seemed an interminable climb. His breath came hard, his temples seemed bursting, but always he worked slowly upward until he was abreast of the kitten. "Kitty, kitty," he called softly, and, cautiously reaching out one hand, he drew in the trembling little wretch and thrust it in his trousers pocket. Then he let himself slowly downward until he reached the trapdoor, crawled through and sat down on the rickety steps to regain his breath.

Presently he donned his coats, and, with the kitten in his big pocket, he made his way to the street. Arrived once more on the ground, Tommy remembered the dinner, and even as the onlookers pressed forward to congratulate him he broke away and sped down the street to the hall.

When he reached the hall, the dinner was well under way. A glance at his dirty hands and the iron rust on his clothes made his heart sink within him, but with the help of some of the waiters he made himself fairly presentable. Still carrying the kitten beneath his coat, he made his way to his seat just as the toastmaster arose for the first toast, the one to which Tommy was to respond.

When the toastmaster had finished speaking, Tommy sat like a graven image until the man in the next seat gave him a rather pronounced kick under the table. Then he got unsteadily to his feet.

"It is with some hesitation I rise to respond," he began, "because—because—because—er—he gulped and glanced wildly about him—"because—hang it!" he went on. "I've forgotten every word of my speech. I—you see—I—er—had occasion on the way down here—to—er—go up the lightning rod on the spire of old Wesley, and—er—that knocked it clean out of me, you know, kind so—er—" He paused and abstractedly fished the kitten from beneath his coat. It solemnly surveyed the assemblage and then gave vent to a long drawn "Me-ow" as it settled comfortably in Tommy's big hands. A roar of laughter came from the tables, and, confused and blushing, Tommy sat down.

Soap In Shaving.

In spite of the fact that those who use the razor frequently cut themselves, yet it is rarely that anything more serious than a cut follows, the slight wound generally healing quickly, and the risk of septicemia arising in this way would seem to be almost nil. In the majority of cases, therefore, it is clear that the razor blade must be bacteriologically clean—i. e., free from the septic matter—which may be attributed to the fact that probably it is dipped into hot sterilized water before use or else that the soap lather is antiseptic. The latter explanation seems the more probable of the two. The amount of soap rubbed on the skin is considerable if the shaving is to be in any degree comfortable, and soap has considerable antiseptic power, a 6 per cent solution being sufficient to destroy the typhoid bacillus. There can be little doubt, therefore, that the skin is rendered sterile by the liberal application of soap, and this fact is in favor of any cut that may be made remaining healthy and without any serious consequences.

In a word, soap in the operation of shaving not only facilitates the process, but plays the same valuable role when the shaver is unlucky enough to cut himself as does the antiseptic in surgery.—Lancet.

Lost Arts of Childhood.

"We hear a good deal these days about the lost arts. I wonder if the world realizes that some of the most precious arts of childhood are in danger of becoming extinct. How many boys today can make a kite properly hung and with a tail sufficient to balance it? How many boys can make a bow with the ends nicely bent and worked down with a bit of broken glass?"

I interviewed my young nephew the other day and was thunderstruck to discover that he knew nothing about it. Could he make a water wheel, a windmill, an elder popgun, a jack of lantern, a buzz wheel, an air gun from a goose quill with a sliced potato for ammunition, a willow whistle, a squirt gun? No; he knew nothing about them.

"But surely," I said, almost pathetically, "you can make a cornstalk fiddle."

"Do you mean a violin, uncle?"

"Then I gave it up. I don't believe the youth of today know enough to stick feathers in a corncob and throw it into the air. I am going to write a book some day upon the arts of childhood to save them from utter annihilation."—Detroit Free Press.

Wasted Air Three Wishes.

An Irish legend has it that a good fairy once visited an old couple and promised them that any three wishes they would make would be granted. After racking their brains for some time in an endeavor to discover what they desired most the couple decided to visit the county fair to see if something there would suggest what they wanted. They did so, and after rambling around all day and not seeing anything that exactly suited them toward evening they found themselves before a display of kitchen utensils. Among them was a soup ladle, cheap, but likely to appeal to a woman, so the old woman in an absent moment said, "Oh, I wish I had one of those," and immediately she had it. The old man was so enraged because his wife had thoughtlessly thrown away one valuable wish that he retorted, "I wish that was stuck down your throat," and immediately this was done. Thereupon he was at once sorry at what he wished, and the only thing left to do was to wish the ladle out again. So all three wishes went for naught.

BOSTON AMUSEMENTS.

COLONIAL THEATRE.

Klaw & Erlanger's stupendous production of "The Sleeping Beauty and the Beast" is now in its sixth week at the Colonial theater, Boston, with no apparent let-up in the crowds that nightly clamor for admission to this popular playhouse to witness the mammoth and magnificent Drury Lane entertainment that has set not only the New England country but all America agog with its beauty. The spectacle is joyful comedy, fascinating opera and bewildering ballets and picturesque scenic effects, all of which are rolled into one entertainment, shown on one stage and for which one admission only is charged. That the theatre-going public gets wise quickly to a good thing nowadays is ably shown in association with this attraction, for the advance bookings are enormous and thousands are nightly journeying from all parts of New England to enjoy it. "The Sleeping Beauty and the Beast" can easily be credited with representing the highest point in American amusements. Its ballet of "The Four Seasons" shows the most harmonious blending of color imaginable, while the gradual and beautiful merging of the flowers, depicting the seasons, defies description.

CASTLE SQUARE THEATRE.

Next week can hardly fail to be an interesting one to the patrons of the Castle Square Theatre as the management has selected "The New Magdalen" as the attraction. This sterling play is a stage version of Wilkie Collins' novel of the same name, and it created a dramatic sensation in both England and America when originally presented. The characters afford opportunities for emotional work, which were splendidly improved by many of the leading actresses of the day, and the admirers of Miss Lawrence will undoubtedly await her appearance in the part with unusual interest. The cast arranged for this production of the play is as follows: Julian Gray, John Gray; Horace Holmcraft, John Sainpolis; Surgeon Ignatius Witzel, James L. Seely; Max Klaber, Louis Thiel; Sergeant Werner, Wm. C. Mason; Captain Arnault, Lindsay Morrison; Mercy Merrick, Lillian Lawrence; Grace Roscherry, Jane Irving; Lady Janet Roy, Leonora Bralley. "The New Magdalen" is announced for only a single week and the usual distribution of boxes of chocolate bonbons will be made at the Monday matinees.

BOSTON HORSE SHOW.

There is an impression abroad that the modern horse show is primarily a society function, a sort of parade ground where well gown women may display the latest Parisian creations to advantage. It is true that horse shows are very attractive to members of the smart set, but society is not the whole thing, as the show itself is useful and beneficial to the general welfare of the horse. A glance at the premium list for this year's Boston show to be held in Mechanics Building during the week of April 20 to 25, clearly demonstrates the value of exhibitions of this nature from a purely horse point of view. This is especially true of the inducements offered to breeders of trotting horses in which department \$3,400 has been offered in prizes. It is claimed by a friend of the trotter that as a carriage horse he has no superior, and in order to give encouragement to breeders the above amount has been offered. It has been divided into eight classes for stallions to be shown with

and without their progeny, and the stallions will be judged for their individual, producing and ring show qualities. Liberal prizes have been offered for other breeds, but the trotter heads the list of premiums. The entries for the show will close March 28, and any information regarding classes or prize list may be had by addressing the Secretary, Capt. Samuel D. Parker, Room 229, Tremont Building, Boston.

KEITH'S THEATRE.

The latest and most talked about novelty in the line of "looping the loop" will be the special feature of the Keith show for the week commencing March 16, and it is predicted will make a big hit. It is the invention of Charles R. Culver, well known to all wheelmen, and by its use there can be a regular race, at the rate of a mile in 30 seconds, with the contestants upside down for a goodly portion of the distance. Among the notable entertainers who will furnish the balance of the show will be observed the names of Milton and Dolly Nobles, who have not appeared locally for some time and will present on this occasion one of their best comedy sketches, "A Blue Grass widow," Willis P. Sweatman and Barry Maxwell, two old time minstrel jokesmiths, who have an original specialty; the Four Rianes, European acrobatic specialties and Howard's ponies and dogs, to interest and amuse the little folks.

NEWS IN BRIEF

The board of construction of the navy department has decided that the three new 16,000 ton battleships shall be identical with the Connecticut and Louisiana types as to armor and armament.

The executive committee of the United States Lawn Tennis association voted that the challenge of the English Lawn Tennis association for an international match be accepted.

It is stated in Detroit that negotiations are on foot for the acquisition of the Canada Atlantic and the Intercolonial railroads by the Canadian Pacific.

The Merchant Tailors' National Protective association has been organized in the city of New York with local organizations affiliated with it in practically every important town and city in the United States and Canada.

Lehigh Valley mine and yard conductors, trainmen, switchmen and engine wipers have been given a 20 percent raise in wages.

In a freight wreck on the Maine Central at West Falmouth, Me., seven cars were smashed, but no one was injured.

The New Hampshire house of representatives passed acts paying a \$17,000 claim of Horace S. Cummings of Washington for services rendered the state in collecting its Civil War claims against the national government.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

Base Ball.

At a meeting of the board of directors of the Braintree Base Ball association held in the rooms of the Braintree club Thursday evening, the following officers were chosen:

President and Manager, —Charles Bailey.
Secretary, —G. D. Finnegan.
Treasurer, —Walter McKean.
Assistant Manager, —F. W. Jackson.
Press Agent and Official Scorer, —A. F. Hollis.

The board of directors consists of C. H. Bailey, G. D. Finnegan, G. W. Stevens, W. T. Connell, H. P. Hobart, N. L. Barnes, F. W. Jackson, J. W. Gammons, A. F. Hollis, Walter McKean, W. W. Hesselton.

The meeting was very enthusiastic and the coming season has a fine outlook ahead. With proper support there is no doubt that a fine ball team will represent this town.

Vespers at Braintree.

A vesper service will be given by class 27 of the First Congregational church, Braintree, Sunday, March 15, 1903, at 4 p. m. Rev. F. W. Burrows, pastor; Miss Sibyl Shields, contralto; Miss Bessie Bell Collier, violinist; Mr. Arthur M. Raymond, organist.

Violin solo.
Address.
Contralto solo, "The New Kingdom."
Offertory. Violin, Cello and Organ.
Anthem, "The Day is Past and Over."
Hymn.
Benediction.
Organ postlude, "March Pontificale."

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

First Chapter
of The

Love Story of Sir Charles Brandon and May Tudor, the King's Sister.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English From Sir Edwin Caskoden's Memoir
By EDWIN CASKODEN [CHARLES MAJOR]

Copyright, 1898 and 1901, by the Bowen-Merrill Company

THE CASKODENS.

W E Caskodens take great pride in our ancestry. Some persons, I know, hold all that to be totally un-Solomonic and the height of vanity, but they usually have no ancestors of whom to be proud. The man who does not know who his great-grandfather was naturally enough would not care what he was. The Caskodens have pride of ancestry because they know both who and what.

We have a right to be proud, for there is an unbroken male line from William the Conqueror down to the present time. In this lineal list are fourteen barons—the title lapsed when Charles I. fell—twelve Knights of the Bath and forty-seven Knights of the Garter and other orders. A Caskoden distinguished himself by gallant service under the great Norman and was given rich English lands and a fair Saxon bride, albeit an unwilling one, as his reward. With this fair, unwilling Saxon bride and her long plait of yellow hair goes a very pretty, pathetic story, which I may tell you at some future time if you take kindly to this. A Caskoden was seneschal to William Rufus and sat at the rich, half barbaric banquets in the first great hall. Still another was one of the doughty barons who wrested from John the great charter, England's declaration of independence; another was high in the councils of Henry V. I have omitted one whom I should not fail to mention, Adjodika Caskoden, who was a member of the dance parliament of Henry IV., so called because there were no lawyers in it.

It is true that in the time of Edward IV. a Caskoden did stoop to trade, but it was trade of the most dignified, honorable sort—he was a goldsmith, and his guild, as you know, were the bankers and international clearance house for people, kings and nobles.

Now, it has been the custom of the Caskodens for centuries to keep a record of events as they have happened, both private and public. Some are in the form of diaries and journals, like those of Pepys and Evelyn; others in letters, like the Pastons'; others, again, in verse and song, like Chaucer's and the Water Poet's, and still others in the more pretentious form of memoir and chronicle. These records we always have kept jealously within our family, thinking it vulgar, like the Pastons, to submit our private affairs to public gaze.

There can, however, be no reason why those parts treating solely of outside matters should be so carefully guarded, and I have determined to choose for publication such portions as do not divulge family secrets or skeletons, and which really redound to family honor.

For this occasion I have selected from the memoir of my worthy ancestor and namesake, Sir Edwin Caskoden, grandson of the goldsmith and master of the dance to Henry VIII., the story of Charles Brandon and Mary Tudor, sister to the King.

This story is so well known to the student of English history that I fear its repetition will lack that zest which attends the development of an unfore-

seen denouement, but it is of so great interest and is so full in its sweet, fierce manifestation of the one thing insoluble by time—love—that I will nevertheless rewrite it from old Sir Edwin's memoir.

CHAPTER I. THE DUEL.

I T sometimes happens, Sir Edwin says, that when a woman will she won't, and when she won't she will, but usually in the end the adage holds good. That sentence may not be luminous with meaning, but I will give you an illustration.

I think it was in the spring of 1509—at any rate, soon after the death of the Modern Solomon, as Queen Catherine called her old father-in-law, the late King Henry VII.—that his august majesty Henry VIII., "the undubitate flower and very Heire of both the sayd Linages," came to the throne of England and tendered me the honorable position of master of the dance at his sumptuous court.

As to "worldly goods," as some of the new religionists call wealth, I was very comfortably off, having inherited from my father, one of the counselors of Henry VII., a very competent fortune indeed. How my worthy father contrived to save from the greedy hand of that rich old miser so great a fortune I am sure I cannot tell. He was the only man of my knowledge who did it, for the old king had a reach as long as the kingdom, and, upon one pretext or another, appropriated to himself everything on which he could lay his hands. My father, however, was himself pretty shrewd in money matters, having inherited along with his fortune a rare knack at keeping it. His father was a goldsmith in the time of King Edward and enjoyed the marked favor of that puissant prince.

Being thus in a position of affluence, I cared nothing for the fact that little or no emolument went with the office. It was the honor which delighted me. Besides, I was thereby an inmate of the king's palace and brought into intimate relations with the court, and, above all, with the finest ladies of the land—the best company a man can keep, since it ennobles his mind with better thoughts, purifies his heart with cleaner motives and makes him gentle without detracting from his strength. It was an office any lord of the kingdom might have been proud to hold.

Now, some four or five years after

my induction into this honorable office there came to court news of a terrible duel fought down in Suffolk, out of which only one of the four combatants had come alive—two, rather, but one of them in a condition worse than death. The first survivor was a son of Sir William Brandon, and the second was a man called Sir Adam Judson. The story went that young Brandon and his elder brother, both just home from the continental wars, had met Judson at an Ipswich inn, where there had been considerable gambling among them. Judson had won from the brothers a large sum of money which they had brought home, for, notwithstanding their youth, the elder being but twenty-six and the younger about twenty-four years of age, they had gained great honor and considerable profit in wars, especially the younger, whose name was Charles.

It is a little hard to fight for money and then to lose it by a single spot upon the die, but such is the fate of him who plays, and a philosopher will swallow his ill luck and take to fighting for more. The Brandons could have done this easily enough, especially Charles, who was an offhand philosopher, rather fond of a good humored fight, had it not been that in the course of play one evening the secret of Judson's winning had been disclosed by a discovery that he cheated. The Brandons waited until they were sure, and then trouble began, which resulted in a duel on the second morning following.

This Judson was a Scotch gentleman of whom very little was known except that he was counted the most deadly and most cruel duelist of the time. He was called the "Walking Death," and it is said he took pride in the appellation. He boasted that he had fought eighty-seven duels, in which he had killed seventy-five men, and it was considered certain death to meet him. I got the story of the duel afterward from Brandon as I give it here.

John was the elder brother and when the challenge came was entitled to fight first, a birthright out of which Charles tried in vain to talk him. The brothers told their father, Sir William Brandon, and at the appointed time father and sons repaired to the place of meeting, where they found Judson and his two seconds ready for the fight.

Sir William was still a vigorous man, with few equals in sword play, and the sons, especially the younger, were better men and more skillful than their father had ever been, yet they felt that

this duel meant certain death, so great was Judson's fame for skill and cruelty. Notwithstanding they were so handicapped with this feeling of impending evil, they met their duty without a tremor, for the motto of their house was "Malo Mori Quam Fedral."

It was a misty morning in March. Brandon has told me since that when his elder brother took his stand it was at once manifest that he was Judson's superior both in strength and skill, but after a few strokes the brother's blade bent double and broke off short at the hilt when it should have gone home. Thereupon Judson, with a malignant smile of triumph, deliberately selected his opponent's heart and pierced it with his sword, giving the blade a twist as he drew it out in order to cut and mutilate the more.

In an instant Sir William's doublet was off, and he was in his dead son's tracks, ready to avenge him or to die.

"Fight, you bloodhound!"

Again the thrust which should have killed broke the sword, and the father died as the son had died.

After this came young Charles, expecting, but so great was his strong heart, not one whit fearing, to lie beside his dead father and brother. He knew he was the superior of both in strength and skill, and his knowledge of men and the noble art told him they had each been the superior of Judson, but the fellow's hand seemed to be the hand of death. An opening came through Judson's unskillful play which gave young Brandon an opportunity

(Continued on page 3.)

YOUNG MAN MURDERED.

While Trying to Befriend a Drunken Man.

Police Successful in Arresting Two Men Later Who Are Identified.

John Peterson, an employe in the Water department, aged 26 years, unmarried and residing with his father, John Peterson on Station street, was murdered Sunday morning.

The scene of the murder was near the corner of Station and Kent streets a short distance from his home. The murderer is alleged to be Consta Crobac who was arrested some hours later.

Victor Lormer, who it is alleged was also concerned in the affair, was also arrested.

With Peterson at the time were John Funningham and Jeremiah Cullinan.

Funningham's story as told to the police and corroborated by Cullinan, is that he and Peterson came out from Boston on the 11.28 train Saturday night. They were not together, however, and did not meet until after the train reached Quincy.

They started toward home, and on the way, met Jeremiah Cullinan, and the three went on together. When near the corner of Station and Kent streets they found one John Garrity, who was laying on a stone wall in a drunken

stupor. They tried to get him home, but he was stubborn and refused to go. They were about to leave him when two Finns came along.

One of the Finns tripped over Garrity, which so angered him that he turned and was kicking Garrity when Peterson protested. Upon that one of the Finns sprang upon Peterson and there was a tussle.

Funningham says he went to Peterson's assistance. As he did so he discovered that the Finn had a knife. He tried to get it away and in doing so had his thumb cut.

The second man then pitched in and Funningham started to run away. While running he heard Peterson cry out "I'm stabbed." At that the two men ran away.

Word was sent to Dr. Ash, but Peterson was dead when the doctor arrived, and the body was given in charge of Undertaker Hall by Medical Examiner Jones who had also been summoned.

An examination at the morgue showed that Peterson had been stabbed in the

Brilliant Success.

Gentlemen's night of the Junior Friday club will go down on the records as a great success. It was held at the home of Miss Sara Whitcher, Adams street, on Saturday evening.

The club members present were: Miss Edith Randall, Miss Alice Keith Prescott, Miss Fay Hitchcock, Miss Jane Reed, Miss Patty Faxon, Miss Sara Whitcher, Miss Florence R. Emery, Mrs. Harry E. Russell, Mrs. Charles A. Price, Mrs. Jesse I. Litchfield, Mr. Arthur W. Hall, and Mrs. J. H. Rummeil.

The guests were: Miss Zoe Armstrong, Eaton Pierce, William T. Isaac, Herbert Barker, Laurence Sturtevant, Charles A. Howland, Jr., Dr. Nute, Ramon Burke, John Whitcher, Charles A. Price, Harry E. Russell, Jesse I. Litchfield, Arthur W. Hall, and J. H. Rummeil.

Miss Randall, president of the club, called the meeting to order, at eight o'clock, with a few witty remarks, and ended by saying the evening was in the hands of the entertainment committee.

Instead of a series of papers and general club work, a more frivolous evening had been planned, much to the relief of the men who had been in suspense ever since they received their invitations, for fear they might be bored with dry papers. All quizzing had failed to shed any light on the subject, proving conclusively that women can keep a secret, so with much meekness they awaited what was to come.

One game after another, participated in by all, made up a most happy and social evening; the bean bags being especially conducive to merriment.

Ice, cake and coffee were served. The meeting adjourned soon after eleven, the men voting it a great success with not a dull moment.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided.

Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease.

It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

SAFE BLOWN OPEN.

Watchman Aroused and Robbers

Kept Out of the Way.

An attempt was made early Sunday morning to blow open the safe in the office of C. G. Belding, the contractor building a section of the Metropolitan sewer at Houghs Neck. The safe was in the temporary office building at the corner of Sea and Palmer streets. There is a watchman about the premises, but he heard nothing until the explosion, the force of which nearly wrecked the building.

Investigation showed that the knob of the safe had been knocked off with a hammer, and the hole filled with powder. The explosion blew off the safe door, but the parties who did the job did not come back.

Robbery was probably the motive, but had the parties gotten into the safe they would not have been greatly rewarded, as there was no money in it. All it contained was some papers. There is no clew as to who did the job.

Last Seen in Quincy.

Boston papers report that the relatives and friends of Frank Leroy Litchfield of Hyde Park, who has not been seen since Saturday, March 7, fear he has met with foul play. On March 7 he left Hyde Park to deliver several different packages to workmen in the West Quincy granite quarries. His movements have been traced up to 10.30 A. M. on the morning of March 7, when he was seen leaving one of the granite sheds and going toward another shed.

He is 26 years old, has heavy sandy mustache sandy hair, is 5 feet 4 inches tall, weight about 125 pounds; he had no upper front teeth, though the defect was not noticeable on account of his mustache.

The Quincy police have been unable to find any trace of the missing man. Upon request of Hyde Park parties a canvass was made of the stone quarries but no one was found who had seen him.

Dr. McSweeney Dead.

Word was received in Quincy this morning of the death of Dr. D. J. McSweeney at his home in Woburn. Dr. McSweeney came to Quincy nearly three years ago and opened a dental office on Hancock street. He was very successful in his profession and soon built up a large practice. Some two months ago he gave up active business on account of failing health. He was a member of the Granite City Club.

Funeral of Miss McLane.

The funeral of Miss Annie McLane was held this morning from St. John's church. Miss McLane was extremely popular with the young people, and many of her friends were present at the services. Many beautiful flowers surrounded the casket, and silently spoke of the esteem in which she was held. The services were conducted by Rev. John P. Cuffe and the burial was at St. Mary's cemetery, West Quincy.

First Prize.

Willard B. Vose of Quincy has obtained a first prize, a copy of Knight's Seamanship, from "The Rudder" for solving problem No. 1. in relation to arranging a complete gang of rigging for a specified plan, etc. Mr. Vose is on the committee to arrange the restrictions on the Quincy Yacht Club cup, now held by the Manchester Yacht Club.

Granite City Banquet.

One of the most enjoyable events in the calendar of the Granite City Club is the annual banquet and theatre party. The entertainment committee of the club who have this in charge have completed all the arrangements for this year's affair, which they announce will be held on Tuesday evening, March 24. The banquet will be served at 6 o'clock at the Hotel Essex, after which the club will attend the Majestic theatre and witness "The Storks."

Sudden Death.

Mr. Charles H. Edwards died suddenly at his home on Edwards street on Sunday, of heart disease, aged 82 years. Mr. Edwards in his younger days was engaged in carpenter work. He then engaged in building sea walls, of late, however, he has followed no occupation. He was once elected to the City Council but never qualified.

You will want to read "When Knighthood was in Flower."

DIED.

PETERSON—In Quincy, March 15, Mr. Fred Peterson, aged 21 years, 4 months and 21 days.

Funeral from residence of father at 21 Station street, Tuesday, March 17, at 2 P. M. Relatives and friends invited.

EDWARDS—In Quincy, March 15, Mr. Charles H. Edwards, aged 82 years.

Funeral from late residence, 50 Edwards street, Wednesday, March 18, at 2 P. M. Relatives and friends invited.

FITZGERALD—In Quincy, March 15, Mr. John P. Fitzgerald of 45 Bates avenue, aged 80 years.

SPADORCIA—In Quincy, March 15, Mr. Angelo Spadorcia 28 Revere road, aged 26 years.

MURPHY—In Braintree, March 13, Mary A., widow of John Murphy, of River street.

YOUNG MAN MURDERED

Continued from Page 1.

neck just below the left ear. The cut had severed a branch of the Aorta artery, causing him to bleed to death. He also received a slight cut in the lower part of the back.

The police were notified by telephone, and although Furlingham did not know the two men he gave a good description of them. Inspector McKay, Officers Bradley, Hinchon, Johnson, Holloran and Golden, were dispatched to the scene, and they began a house-to-house search for the men among the Finn boarding houses, but could find no trace of them.

About 5 o'clock a milkman informed the officers that he had seen two men answering the description, and Officers Hinchon and Johnson found what they believed to be the men wanted in a Finn boarding house on Town Hill.

The men were in bed and refused to go with the officers. A tussle resulted and the other boarders in the house came to the two men's assistance. Then there was a lively fight. The officers realized the perilous position they were in, and fought like tigers and were several Fins who doubtless spent Sunday nursing sore heads.

The officers got the twisters on the men and finally got them out of the house and to the police station, where they were positively identified by Furlingham and Cullinan as the two men who committed the assault.

Upon being searched at the police station a clasp knife was found in Crobac's pocket. The blade of the knife was five inches long and was streaked with blood.

Crobac who the police allege is the man who caused Peterson's death is known in police circles. He has a bad record. He first came into prominence in May, 1899, when he was arrested for assaulting a man with a hammer. He was held for the higher court, where he received a sentence of three years. He served his sentence and was released from jail a short time ago.

Crobac was again arrested last month upon the charge of drunkenness. He is about 31 years of age and is unmarried.

The police know but little about Lerner. He is about 20 years of age and unmarried, and as far as the police know has never been in trouble before.

Both men were arraigned in court this morning.

Young Peterson leaves a father and mother and three sisters to mourn. One sister is employed by Miss Bartlett and another by Frank Brewer.

The Arraignment.

There have been crowds at the district court before but never such a crowd as was present this morning. The interest centered upon Crobac, the Finn, who it is alleged murdered Fred Peterson early Sunday morning. The crowd began to gather in front of the Adams building shortly after 8 o'clock, but it was nearly 9 o'clock before the doors were opened to admit them.

They came up the stairs with a rush, and it was but a matter of a few seconds before the room was filled to suffocation. City Solicitor Paul R. Blackmur had charge of the government case, and asked for a continuance until Thursday.

The warrant against Crobac charged him with murder. He entered a plea of not guilty.

Victor Lerner who it is alleged was the companion of Crobac and who was with him at the time of the arrest was held in \$3000 as a witness.

The other witnesses besides the officers were Joseph Garrity, James Furlingham and Jeremiah Cullinan.

When the case is called Thursday the government case will be looked after by Asa P. French the district attorney.

The Loyal Temperance Legion will meet in the vestry of the Wollaston Congregational church at 3.45 P. M. on Friday. All boys and girls are invited.

Paleness

Anemia

How pale you look and how weak and tired you feel!

There isn't enough iron in your blood.

You should take Peptiron—it ironizes the blood, cures anemia, and gives the lips, cheeks and ears a good, healthy color.

At the same time, it cures nervousness, tones the stomach, perfects digestion, gives strength and animation.

Peptiron is a thoroughly scientific combination of iron, in the form in which it is most widely prescribed, with the best nerve and stomach tonics; it is agreeable to the taste and leaves no ink or metallic flavor in the mouth.

A Lowell lady, who had been an anemic sufferer for years before taking Peptiron, writes: "I have just finished the second bottle of Peptiron and it has done me much good. It has relieved the shortness of breath, which has had no bad effect on the teeth, neither has it caused constipation."

Peptiron is made in two forms: In a liquid—an aromatic cordial elixir—at 50c. or 75c. per box. By C. I. HOOD CO., proprietors Hood's Sarsaparilla, Lowell, Mass., U. S. A.

INS AND OUTS OF OVERCOATS.
The many friends of Mr. F. D. Thayer will be pained to learn of his removal to the Massachusetts Homeopathic Hospital, where on Thursday he submitted to an operation; as a consultation had failed to reveal the cause of his poor health for the past number of weeks. Mrs. Thayer and daughter Mrs. Haskell will remain in Boston for the present to be near him.

Mrs. B. F. Wallace and mother, Mrs. Lunt, returned last week from a stay of some length in New York.

W. A. Kane has on exhibition in his window, a fine portrait of Col. H. K. Shackelford (Hal Standish), of Atlanta Ga., which was a birthday present to Frank A. Bates of Union street. Col. Shackelford is a well known writer of stories for boys, among others the "Work and Win" library. He is an ex-colonel of the Confederate army, and a well known writer of Political Editorials.

Rev. Wallace Hatch of Roxbury who has a large number of friends in this town was ordained as pastor of the Foxboro and Mansfield Universalist churches, Thursday evening of last week.

Mrs. William Nickerson has been entertaining Mrs. Jorgenson and daughter of Dennis.

The Jonas Perkins school association will meet with Mrs. C. O. Miller on Tuesday evening.

Alice Sullivan, daughter of John Sullivan of Sheppard avenue is ill with diphtheria.

Charles O. Miller is able to be out again after his recent illness.

A large number of the young friends of William Morgan tendered him a surprise party at his home on Allen street Friday evening. A jolly good time was enjoyed by the young people in various amusements during the evening. Dainty refreshments were served about 8 o'clock.

Puritan Lodge 170 I. O. O. F. will confer the second degree tomorrow evening on two candidates, Degree Master P. G. Herbert Woodsum and staff performing the work. Members of the order who have heard Degree Master Woodsum and witnessed the work of his staff are sure to attend this meeting as the work is always of a high standard and looked forward to with great pleasure. Tuesday of last week, the first degree was performed by the first degree staff, Past Grand A. A. Saunders degree master. It is very gratifying to the order to note the progress of this degree, and the interest manifested in presenting the same. Though being handicapped by one of its members being absent the work performed was a credit to the staff. Do not forget brothers that the hall is open for you on Saturday evenings. Should you care to give us a call we will do our best to entertain you.

BRAINTREE.
Newsy Locals from Quincy's Most Progressive Suburb.

Adelbert Gooth of North Hanover, employed in the construction of the new Rice & Hutchins shoe factory on Pearl street met with an accident at 1.30 Saturday afternoon. Carpenters shingling the roof of the towers, nearly one hundred feet high, when a bunch of shingles got away from them. Mr. Gooth was on the ground at the base of the tower and tried to get away when he heard a noise above him. The shingles struck his right leg near the ankle breaking the bone in two places. Dr. Burleigh was called and ordered Mr. Gooth's removal to the Massachusetts General hospital. Mr. Gooth is a young man, married, and has one child.

The funeral of conductor George H. Day of the New York, New Haven and Hartford railroad was held Sunday from his home in South Braintree. The Knights of Malta and Royal Arcanum were represented as well as many well known railroad men. The services at the home were by the Knights of Malta and were followed by services at the South Congregational church by Rev. C. F. Hill Crathern. A quartette sang "When the Mists have Rolled Away," "Jesus Lover of My Soul," and "Abide with me." The body was taken to Danvers today for burial.

Mr. N. S. Wilson of South Weymouth who has purchased the Ibrahim Morrison estate on Middle street is making addition and numerous improvements to the house preparatory to moving in.

Hattie Howard Ellis Burgess, soprano will give a concert in Cochato hall, Braintree, Friday evening, March 27, assisted by Mr. J. C. Bartlett, tenor; Mr. W. F. Dodge, violinist; Miss Martha O. Ellis, reader, Arthur C. Raymond, accompanist.

The next meeting of the Philergians will be held Tuesday, March 17, with Mrs. H. E. Roberts. The members will finish the reading of Shakespeare's play, "As you like it."

The theatricals billed for next Friday evening on the regular list of entertainments at the Cochato club have been postponed until a later date. The musicale will probably be given in its stead.

The many friends of Mr. F. D. Thayer will be pained to learn of his removal to the Massachusetts Homeopathic Hospital, where on Thursday he submitted to an operation; as a consultation had failed to reveal the cause of his poor health for the past number of weeks. Mrs. Thayer and daughter Mrs. Haskell will remain in Boston for the present to be near him.

CITY BREVITIES.
Work was commenced this morning excavating for the new building on the Briesler lot.

Mrs. William Wilson of President avenue is confined to her home by nervous prostration.

Auctioneer Johnson will sell the furniture of George A. Cameron at auction on Saturday.

The St. Marys defeated the East Miltons at basket ball Saturday evening by a score of 7 to 6.

J. F. Sheppard & Sons have just received a new cargo of coal and will quote new prices tomorrow.

Mrs. Samuel DeForest of Goddard street has been confined to the house the past two weeks by illness.

Mrs. Bertha M. McLeod of Newport avenue, Wollaston, has returned from a visit to her old home, Smith Creek, N. B.

Miss Grace Quimby of Passadena, Cal., has been the guest of her uncle N. B. Farnald and family the past week.

Several from Atlantic attended Mr. Charles Hardwick's whist party and dance given Saturday at his home in Quincy.

On Tuesday evening at 7.45 o'clock a cottage prayer meeting will be held at the home of Deacon Thomas on Newton street, Wollaston.

Ex-Mayor John O. Hall, who for many years has had the care of large estates, has opened a real estate office in the Adams building, Temple street.

The entertainment to have been given March 17 by the Ladies' Social Union of the West Quincy M. E. church, has been postponed until Tuesday evening, March 24.

The Charitable Ten, King's Daughters, will give a candy sale tomorrow evening from 8 to 10 at the residence of Mrs. Frank Brewer on Bigelow. All are invited.

The Ladies' Aid society of the Quincy Point church will hold a rummage sale in the Hose house hall on the afternoons and evening of Tuesday, Wednesday and Thursday.

The funeral of Mr. John F. Fitzgerald was held this morning from St. Mary's church. The services were conducted by Rev. William Powers. The burial was at St. Mary's cemetery.

The grand ball of the season will undoubtedly be the annual of Quincy Council, Knights of Columbus, which is announced for Monday evening, April 13, at Quincy Music hall.

The last lecture in the series to be given this evening in the chapel of the First church, under the auspices of the Women's Alliance promises to be one of the best. The subject is "Social Life in Mexico."

Thousands inspected on Sunday the new Quincy Point bridge which was opened for travel Saturday night. Representative Peter T. Fallon was the first to drive across. The street cars will be running over this week.

COMMON SENSE AND CONSUMPTION
The treatment of consumption is every year becoming more successful. The majority of cases can be cured if taken in time. Not more medicine but more common sense is the cause of the improvement.

Fresh air, good climate, food, clothing, exercise, all these are important features of common sense treatment.

As a builder of flesh and restorer of strength Scott's Emulsion is still unequalled. The special action of Scott's Emulsion on the lungs is as much of a mystery as ever—but an undoubted fact.

Common sense and Scott's Emulsion is good treatment.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 429 Pearl street, New York.

MILTON.
Vice President H. C. Gallagher will succeed Frank A. Dowling as president of the Walter Baker Company of Dorchester Lower Mills on April 1.

Milton High defeated Dorchester High at basket ball Friday evening, 18 to 14.

Walter S. Pinkham et al. vs. inhabitants of Hyde Park; for plaintiff for \$250 damages and \$25.71 costs.

Business for City Council.
At tonight's meeting of the City Council the Finance Committee will report on the Mayor's budget.

The Committee on Police will report on the ordinance increasing the police force and probably on the amendment to the Fire department ordinance.

The order for \$5,000 for the purchase of horses and teams for the collection of vault and cesspool matter and ashes and maintenance will come up on its second reading. A public hearing will be held on widening Goffe street.

WHEN KNIGHTHOOD WAS IN FLOWER
(Continued from page 1.)

for a thrust to kill, but his blade, like his father's and his brother's, bent double without penetrating. Unlike the others, however, it did not break, and the thrust revealed the fact that Judson's skill as a duelist lay in a shirt of mail which it was useless to try to pierce. Aware of this, Brandon knew that victory was his and that soon he would have avenged the murders that had gone before. He saw that his adversary was strong neither in wind nor arm and had not the skill to penetrate his guard in a week's trying, so he determined to fight on the defensive until Judson's strength should wane, and then kill him when and how he chose.

After a time Judson began to breathe hard and his thrusts to lack force. "Boy, I would spare you," he said. "I have killed enough of your tribe. Put up your sword and call it quits."

Young Brandon replied: "Stand your ground, you coward. You will be a dead man as soon as you grow a little weaker. If you try to run, I will thrust you through the neck as I would a cur. Listen how you snort. I shall soon have you. You are almost gone. You would spare me, would you? I could preach a sermon or dance a hornpipe while I am killing you. I will not break my sword against your coat of mail, but will wait until you fall from weakness, and then—Fight, you bloodhound!"

Judson was pale from exhaustion, and his breath was coming in gasps as he tried to keep the merciless sword from his throat. At last, by a dexterous twist of his blade, Brandon sent Judson's sword flying thirty feet away. The fellow started to run, but turned and fell upon his knees to beg for life. Brandon's reply was a flashing circle of steel, and his sword point cut lengthwise through Judson's eyes and the bridge of his nose, leaving him sightless and hideous for life—a revenge compared to which death would have been merciful.

The duel created a sensation throughout the kingdom, for, although little was known as to who Judson was, his fame as a duelist was as broad as the land. He had been at court upon several occasions, and at one time, upon the king's birthday, had fought in the royal lists. So the matter came in for its share of consideration by king and courtiers, and young Brandon became a person of interest. He became still more so when some gentlemen who had served with him in the continental wars told the court of his daring and bravery and related stories of deeds at arms worthy of the best knight in Christendom.

He had an uncle at the court, Sir Thomas Brandon, the king's master of horse, who thought it a good opportunity to put his nephew forward and let him take his chance at winning royal favor. The uncle broached the subject to the king, with favorable issue, and Charles Brandon, led by the hand of fate, came to London court, where that same fate had in keeping for him events such as seldom fall to the lot of man.

[To be continued tomorrow.]

TODAY'S COURT.
Joseph McKen, Neil A. McDonald and Wilho Nieme were fined \$3 each for drunkenness at Quincy.

James McKay, Daniel J. Buckley, and Thomas Ingham were arraigned for drunkenness at Quincy. Cases continued until March 23.

TALK ON MEXICO.
Experiences of Rev. Peter Goldsmith During Seven Years Sojourn.

A very successful course of lectures under the auspices of the Women's Alliance of First church was brought to a close Monday evening, when Rev. Peter Goldsmith of Salem spoke upon Mexico and its people. The lectures have been well patronized, and have been a source of pleasure as well as instructive.

Mr. Goldsmith captivated his audience; his pleasing personality, and speaking without notes in an easy, chatty way, being particularly attractive to his listeners. He spoke not as a casual visitor to Mexico, but as one who had lived there seven years and had found the people an interesting study.

It surprised many to learn that the climate of the city of Mexico was very even, not varying over ten degrees the year round, and seldom going over seventy-five in the shade and that in a tropical country, a contrast to our New England weather. He spoke of the luxuriant vegetation, where our common plants, heliotrope, dahlias and the like grow to be bushes, so large that in many cases one could sit under them or in their shade, protected by them from the sun's rays.

At the close of his lecture Mr. Goldsmith put on the Mexican blanket or serape and sombrero, which with his dark eyes and hair converted him into a Mexican. He also exhibited a shawl such as is worn by the women.

After the lecture the doors of the ladies' parlor were thrown open, displaying a daintily spread lunch on the table, around which all were invited to gather and enjoy a social time and a cup of chocolate. Mrs. Henry M. Farron and Mrs. George Pfaffman poured, assisted by members of the Alliance.

It was a delightful evening, much of the success being due to Mrs. Wilson Marsh, president of the Alliance, who is indefatigable in her efforts.

A Reading for Our Hospital.
The committee, which is raising money to add to the fund for enlarging our Hospital has been fortunate in getting the consent of Dr. William Everett to give a reading in its behalf, on the evening of March 27. They are also fortunate in having the attractive and spacious hall of The High School for the evenings reading. The Hospital should have a warm place in every heart, for its path lies in the steps of the Master who preached the gospel for the sick the suffering and the needy poor.
A royal response should come to this appeal for our little hospital whose walls must be enlarged. This is another of Dr. Everett's generous gifts in this hall. There will be further notice in our columns of this reading.

TODAY'S COURT.
John Whelan was arraigned for drunkenness at Quincy. Case continued until March 23.
Thomas Sullivan was fined \$10 for drunkenness at Quincy.
John Moran was arraigned for being a vagrant at Quincy. Case placed on file.
Thomas B. Spillane and George H. Vining were arraigned for defacing the floor of the court room by expectorating on the floor. They were fined \$3 each.
William J. Cushman and John J. Carroll were arraigned for larceny at Milton. Cases continued until Thursday.

OTHER CHARGES
May Be Preferred Against
Crobec.

Arrested for Murder on
Town Hill.

A Bold and Desperate Gang on
Centre Street.

Later developments in the stabbing affray on Kent street Sunday morning which resulted in the death of Fred Peterson show that there was a rough gang about late Saturday night and the wonder is that there were not more murders or at least cutting affrays.

William B. Adams, a foreman of Peter J. Williams, reports that he was held up on Centre street Saturday night a short distance from where Peterson was murdered.

Mr. Adams says that he came from Boston Saturday night on the late train. With him were his wife and daughter. They left the train at West Quincy and started to walk home. As he was going up Centre street he passed five men on the corner of Centre and West streets. One of the men followed him, and when near the corner of Station street he made a spring towards Mr. Adams and grabbed his daughter about the waist. This was a few minutes past midnight.

Mr. Adams says he grappled the fellow, who fought and tried to shake him off. Before the fellow let go Miss Adams, he tore off a part of her coat sleeve. Adams then had a tussle with the fellow who shouted in broken English, "Do you want a knife?"

Before the fellow had an opportunity to draw a knife another man came along who proved to be William Phelan, who resides on Centre street. He took a hand in the affair and separated the two men.

Mr. Adams says he then continued on toward his home on Hill street, and that the five men started after him and followed him to the door of his house.

Mr. Adams description of the fellow who attacked his daughter is identical with that of Crobec except that he says the fellow had on a dark cap. Crobec later in the evening is said to have worn a light cap.

Officer Hinchon who was on the scene, during Sunday night found a black cap near where Mr. Adams was assaulted.

Mr. Phelan says that after separating the two men he started toward home. He says as he passed the men at corner of West street he heard one of them say, "one man, two girls," to which another replied "all right" and then started off after Mr. Adams.

He realized that there might be trouble and hurried on after the party, and fortunately arrived in time to prevent another possible stabbing affray.

Mr. Phelan further says that after separating the men he was accosted further down Centre street. He passed a gang and a man sitting on the wall shouted, "Hello," to which he made no reply.

The fellow then said, "What Countryman you?" To this query Mr. Phelan made no reply but continued on toward his home.

Whether any of these parties was Crobec is still in doubt, but it is believed that he was one of them, and when Crobec is brought from Dedham Wednesday night Mr. Adams and family and Mr. Phelan will visit the Police station to see if they can identify him.

Another important matter which connects Crobec with the crime is the knife which was found in his pocket. When Medical Examiner Jones examined Peterson's body at the morgue he found that the stab in the back had penetrated the spine with sufficient force to chip off a piece.

Dr. Jones says the knife when found, would have the end of the blade bent from the impact with the bone. When the knife taken from Crobec's pocket was examined it was found that the end of the blade was bent just as Dr. Jones said it would be.

Officer Bradley who covers the Wollaston beat, but who was formerly on duty about Brewer's corner, knows Crobec well. He says that Saturday night he left the police station and took the 7.10 train from Quincy Adams for Wollaston, and that Crobec took the same train to Boston. He was sober at that time. The officer does not know what time he came out.

Officer Bradley says that Crobec is ordinarily a peaceful fellow, and that when sober he would harm no one, but he is like a crazy man. As most of these men drink the preparation called "Hoffman drops," they are a most dangerous class when under its influence.

Continued on Page 3.

LATEST.
ARREST.

Important Witness
in Murder Case.

Another arrest was made in the Peterson murder case this morning. The man arrested gives his name as Thomas Niemi, and he was placed under arrest by Officer Bradley at the stone sheds where he was employed as a stone cutter.

Niemi resides on Arthur street and it is alleged that he went to Boston with Crobec Saturday night, was with him all the evening and came home with him.

The specific charge against Niemi is for disturbing the peace. It is probable, however, that when brought into court this complaint will be dismissed and he will be held as a government witness.

CITY COUNCIL.

[Continued from Page 1]
interior of the almshouse and suggesting that the balance of \$300 from appropriation for plumbing be transferred for that purpose. To Committee on Public Buildings and Grounds.

APPOINTMENT.
The Mayor announced the appointment of Dr. Edwin P. Henderson, as Inspector of Animals. Confirmed.

RIVER IMPROVEMENTS.
The Mayor sent a communication in relation to bills before the Legislature for improvements on Town river and Weymouth Fore river.

Laid on the table until later when Councilman Harwick offered an order instructing the Committee on Legislative Matters to appear at the hearing and favor their passage.

PETITIONS.
Councilman Nickerson presented a petition for the acceptance of Marion street. To Committee on Streets.

Councilman Reardon offered an order for the regrading of Station street. To Committee on Streets.

Several petitions for minor licenses were received and referred.
A petition was presented that Phillips street be laid out as a public way. To Committee on Streets.

The New England Telephone Co. petitioned for permission to attach its wires of poles of the Electric Light Co. on Willow and Elm streets. To Committee on Streets.

Fannie Pirovano petitioned for appointment of sidewalk assessment. Laid on table until later when an order was offered.

MORE POLICEMEN.
The Joint Committee on Police and Ordinances reported an amendment to the order increasing the police force, so that the number of permanent men shall be increased from 14 to 17.

Rules suspended and order passed.

LESS FIREMEN.
The joint committee of Fire Department and Ordinances reported an amendment to the ordinance reducing the number of call men on Hose 1, H. & L. 1 and 2 and Chemical 2. As amended Hose 1 would have eight call men; H. & L. 1, eight call men; H. & L. 2, seven and Chemical 2, seven. Read once.

ANNUAL APPROPRIATIONS.
The Finance Committee reported the budget as printed in full in another column today. Read once.

MOTIONS, ORDERS, ETC.
Councilman Thompson offered an order that a committee of three members be appointed to receive and consider propositions to lease the ice privileges of the reservoir.

Councilman Langelier opposed. Such an order was an insult to the Committee on Public Grounds, some of the members having considered the question last year.

Councilman Thompson had no objection to its going to that Committee.

Councilman Nichols thought the proceeding unusual. If anyone wants to lease the reservoir they should make application in proper form.

The order was defeated.

GOFFE STREET.
A public hearing was given on the petition to widen Goffe street between Dimmock and Adams street.

Hon. John Shaw spoke in favor. He said that part of the street was much used and was in bad condition. There was no sidewalk and the walking especially in winter, was bad. He had not seen all of the abutters, but he could assure the Council that the city will be furnished with releases from all land damage.

Hearing closed and order was recommended.

COLLECTION OF ASHES, ETC.
The order for \$5000 for the purchase of horses and teams for the collection of ashes and vault and cesspool matter took its second reading. There was objection to a motion to suspend the rules and motion was withdrawn.
Adjourned 8.10.

CITY BREVITIES.
Observations in Daily Walks of
Ledger Reporters.

St. Patrick's day.
Evacuation day in Boston.
Base ball practice today at the High school.

The brick work on the new block on Washington street has been commenced.
March 17 may be a State holiday next year. The Senate voted in favor and it is up to the House.

The first chapter of "When Knighthood was in Flower," published yesterday, is pronounced all right.

Mr. S. A. Fowler and family have moved back to their former residence on Beach street, Wollaston Park.

Miss Gene Andrews, who has been spending the winter with Mrs. Stewart, has returned to her home in Baltimore.

Elmer I. Gay and family have moved from their residence on Freeman street, to G. G. Grant's new flat on Rawson road, Norfolk Downs.

The regular edition of the Ledger yesterday was in excess of 2000, and to day over 1000 two page papers were given away to introduce the new story.

Miss Edith Atkins of Bromfield street, Wollaston Park, entertained a few of her friends Monday evening at a party in honor of her birthday.

The Fragment society will hold its next meeting at the house of Mrs. Sproul, on Hancock street, on Wednesday afternoon, March 18th, at two o'clock.

On Wednesday at 3 P. M. the Ladies' Foreign Mission Society will meet with Mrs. George F. Pinkham of Warren avenue, Wollaston. Subject for study, "China."

Miss Lulu Nelson of Atlantic street whose engagement to Mr. Percy Morgan was announced last year, will start the 18th of April for Porto Rico, where Mr. Morgan is engaged in business.

Councilman George E. Adams who has been ill with typhoid fever since the first of January is out again, although still feeling a little weak. He attended the City Council this week.

An important hearing was held at the State House this morning on the bills for the improvement of Weymouth Fore river and Town river, which will be reported at length tomorrow.

Monday afternoon as Chief of Police Hayden came from City Hall his attention was attracted to a man who was so drunk that he was almost helpless and was posing in front of City Hall. The Chief promptly took the fellow in charge and rang for the wagon. In court the fellow was fined \$10.

This evening at Chickering Hall, Boston, there is to be a recital by Miss Tucker, who gives the recital in the teachers' course on Thursday. She will be accompanied by Miss Hawkins. The price of tickets to this evening's recital is one dollar. It is easily seen that Quincy people have a splendid opportunity to hear Miss Tucker at a very reasonable price for tickets, for the admission on Thursday evening, when Miss Halliday, cellist, is added to the program, is only thirty-five cents.

Overcome by Gas.

Monday morning Edward H. Richardson of this city resumed work in a bakery at East Weymouth. While alone in the basement he was overcome by coal gas, and upon discovery it required one to two hours to resuscitate him. He was then removed to his home and attended by Dr. Hallowell.

March,
April, May

There is a best time for doing everything—that is, a time when a thing can be done to the best advantage, most easily and most effectively. Now is the best time for purifying your blood. Why? Because your system is now trying to purify it—you know this by the pimples and other eruptions that have come on your face and body.

Hood's Sarsaparilla
and Pills

Are the medicines to take—they do the work thoroughly and agreeably and never fail to do it.

Hood's are the medicines you have always heard recommended.
"I cannot recommend Hood's Sarsaparilla too highly as a spring medicine. When we take it in the spring we all feel better through the summer." Mrs. S. H. Neal, McCray, Pa.
Hood's Sarsaparilla promises to cure and keeps the promise.

LONDON OOLONG TEA.
Try it—you will like it.
L. M. PRATT & SON.

You certainly do not know how generally disagreeable you make yourself, or you would stop coughing. No one can read or rest in the same house with you. Can't stop it? Then we must tell you about

Ayer's Cherry Pectoral

No medicine like it for stopping coughs, healing sore lungs, quieting inflammation in the bronchial tubes, and preventing serious lung troubles. Ask your doctor if he could give better advice.

"Last fall I contracted a severe cold on my lungs which continued spite of all I could do. I then tried Ayer's Cherry Pectoral and was quickly relieved. I am now perfectly well."
Miss Emma Miller, Fort Snelling, Minn.

ASKED FOR CONFERENCE

Railroad Directors to Meet
Committee of Employes

STRONG STRIKE SENTIMENT

Checked by Request Which May Result In Amicable Adjustment of Grievances of Men Employed on New York, New Haven and Hartford

New Haven, March 17.—A communication from the officials of the New York, New Haven and Hartford Railroad company to the committee representing the employes of the railroad has cleared the atmosphere, and the prospects are brighter that a peaceful settlement of any differences between the company and its men will be reached.

After nearly a week of anxiety over the result of the poll which was being taken of more than 5000 employes of the system the count was partially halted yesterday afternoon by the communication from President Hall. It had been the intention of the committee to make known to the public the result of the poll last night, but the official letter has now changed these plans and the result of the vote will not be announced for a day or two, if at all. The canvass was completed late in the afternoon after the men had considered the communication and had sent word in reply.

It is stated unofficially that about 95 percent of the members of the Brotherhood of Trainmen voted in favor of a strike if necessary, and that a majority of the conductors, though not by so large a percentage, voted likewise. A direct statement on the matter is refused by officials of the Brotherhood of Trainmen and the Order of Railroad Conductors.

During the afternoon, after President Hall had gone to New York, a communication was delivered by messenger to Trade Council hall, where the joint grievance committee was counting the ballot. The communication caused a lengthy debate, and the poll of votes was not finished. After a recess the counters resumed their work, but it was voted to withhold the result. Last night the committee made public the following statement:

"The employes of the N. Y. N. H. & H. R. R. Co., believing that everything possible should be done to bring about a satisfactory adjustment of the pending differences between them and the company, concluded on Friday last to request President Hall to place the matter before the board of directors, which met in New York city last Saturday, and to use his personal influence with the board of directors in having the board change the policy of the company so as to meet the wishes of the employes on the job, contract and schedule matters. The joint committee received today a communication from President Hall. It was to this effect:

"At a meeting of the board of directors held on Saturday your communication of March 10 was read, whereupon it was voted that J. M. Hall, president; W. D. Bishop, vice president; and W. F. Merrill, first vice president, be a committee to meet your committee and confer with it with a view to satisfactory adjustment of any differences that may exist between the employes and the company, and to report to the board. To this end I suggest a meeting at the office of the president in New Haven on Tuesday afternoon, March 17, at 2 o'clock."

To this communication from President Hall the joint grievance committee replied that they accept the invitation and that they will comply. The employes are anxious by their expression of sentiment to do nothing that will hinder an amicable settlement of the differences between the employes and the company.

Six Thousand May Be Idle
Woonsocket, R. I., March 17.—The 1000 male spinnings who struck yesterday in the five mills of the Manville company because their demand for a 10 percent increase in wages was refused have held various meetings for the purpose of perfecting plans for the conduct of the struggle. Pickets have been posted at all the important points about the plants. The Manville mills employ about 6000 hands, all of whom will be rendered idle should a sufficient supply of filling be not secured.

Strike Not Contemplated
St. Louis, March 17.—P. H. Morrissey, grand master of the Brotherhood of Railroad Trainmen, denies that the trainmen of the Chicago and Alton have decided to strike. He says that a committee representing the conductors and trainmen are conferring with the officials of the railroad company as to rules and wages governing their employment and there is every reason to believe that they will reach an amicable agreement.

Brighter Outlook at Waterbury
Waterbury, Conn., March 17.—The outlook in Waterbury is more promising than it has been for some time past. President Wabon of the Amalgamated Association of Street Railway Employees, Treasurer Orr and Chairman Dilworth held a consultation with President Hall of the Business Men's association, Mayor Kilbuck and two or three other business men of the city yesterday afternoon, and as a result of the conference the entire party pro-

ceeded to the office of Colonel Burpee, attorney for the trolley company. The conference was in session some time and at its conclusion it was announced that Colonel Burpee and General Manager Sewell, representing the trolley company, and Messrs. Mahon, Orr and Dilworth and the executive committee of the strikers will come together today for the purpose of discussing the situation.

Want Shorter Days and Same Pay
Somerville, Mass., March 17.—The 600 employes of the American Tube works have asked for a nine-hour day with wages paid as now for 10 hours. They also ask to be paid double time for Sundays and legal holidays and time and a half for overwork at any other time. The company makes seamless brass tubes and is the only one of its kind in America. The company is asked to reply by March 31.

Conference Agreed Upon
Lowell, Mass., March 17.—The cotton mill agents will grant the request of the Lowell Textile council for a conference on the question of whether the corporations can afford to grant the 10 percent increase in wages that has just been refused. The time for the conference has not been set. Until after it has been there are not likely to be important developments in the situation.

Two Wives Claim Estate
Westfield, N. J., March 17.—Mrs. Sarah A. Newcombe, at present residing in Boston, has filed an application for letters of administration for the estate of the late Nelson L. Newcombe of this place, who died two weeks ago. The filing of the application was a shock to Westfield society, as Newcombe and a young woman who was supposed to be his wife were leaders in it. The local Mrs. Newcombe is prostrated by the shock of learning her rights are to be contested.

Perhaps Thirty-Four Murders
Philadelphia, March 17.—The police authorities are gathering much evidence against George Hossey, the negro "herb doctor," who, with Mrs. Catherine Danze, is under arrest charged with causing the death by slow poison of the woman's husband. Assistant District Attorney Shoyer, who is conducting the investigation, expects to find upon Hossey the responsibility for 34 deaths which have occurred here under what are now considered suspicious circumstances.

Former Officials Now Prisoners
Manila, March 17.—William Wilson, former disbursing officer of the bureau of coast guard and transportation here, charged with embezzling \$8000, arrived here from Montreal yesterday in custody. James Beaham, disbursing officer of the Philippine board of health, convicted of altering the accounts of the board, arrived here yesterday from Shanghai, from which city he was extradited. The two prisoners were taken to jail.

Confirmation May Stand
Washington, March 17.—Unless charges are preferred against William Plimley, nominated to be assistant treasurer of the United States at New York, Senator Aldrich, who had the nomination recalled after it had been confirmed by the senate, will withdraw the motion for reconsideration of the vote by which the nomination was confirmed. This would have the effect of allowing the confirmation to stand.

Prison and Fine For Rioters
Pottsville, Pa., March 17.—In the trial growing out of the riot in Shenandoah which led to the fatal beating of Joseph Boddall, a sentence of the payment of the costs and \$25 fine and two years' imprisonment was yesterday imposed on five men of foreign extraction. Two of them were also given 90 days in addition on a charge of assault and battery and resisting an officer.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

Two Straight For Parr
Buffalo, March 17.—Jim Parr, the English wrestler, defeated August Gustavson, the Swede, last night in two straight falls. The first came in 50 minutes 21 seconds after a bruising struggle, and the second followed in 23 minutes. Parr was favorite at 11 to 5.

Cup Defender Named Reliance
New York, March 17.—The name of the new cup defender to meet the Shamrock III will be Reliance. This was officially announced last night by the secretary of the New York Yacht club on behalf of C. O. Iselin.

AT BED TIME I TAKE A PLEASANT HERB DRINK

THE NEXT MORNING I FEEL BRIGHT AND NEW

My doctor says it acts gently on the stomach, liver and kidneys and is a pleasant laxative. This drink is made from herbs and is prepared for use as easily as tea. It is called "Lane's Tea" or

Beating by Tutor Caused Death
Berlin, March 17.—A son of Director Koch of the Deutsche bank was so severely beaten by his tutor that the lad, who was 15 years old, died from the effects of the castigation. The tutor has been arrested.

A RELUCTANT WITNESS

Miss Burdick Throws No Light on Father's Murder

SHARP, DECISIVE REPLIES

To Rapid-Fire Questions From District Attorney—Passed Through Ordeal Without Showing Agitation or Emotion—Nothing to Aid Police

Buffalo, March 17.—Miss Marion Burdick, the pretty, rosy-cheeked daughter of the late Edwin L. Burdick, was the most interesting witness at the inquest before Judge Murphy yesterday. Marion is 16 years old and bears a striking resemblance to her mother. Like Mrs. Hull, she volunteered no information. She answered in monosyllabic whenever possible. It was "yes" or "no," or when these replies would not suffice she used as few words as possible. She was not easily confused and there was no sign of agitation or emotion when the district attorney questioned her closely regarding the events that occurred at the time her father was murdered.

Mr. Coatsworth began by speaking kindly to the girl and carefully choosing his words in putting questions to her. Later he fired questions in rapid succession, all of which were met with replies both sharp and decisive. At one time when the district attorney asked the same question several times Marion caused a murmur in the court room by raising her voice sharply in a clear, emphatic "I don't know."

Nothing of importance was elicited from the young girl while she was on the stand and the district attorney finally gave her up in despair. She said that Grandmother Hull first informed her that her father was ill in his den. That was before Dr. Marcy arrived and before Mrs. Hull knew positively, according to her own testimony, that it was Burdick's body lying on the couch.

The district attorney tried to get Marion to tell why she apparently took so little interest in her father's illness when she was told of it by her grandmother. Marion replied that she knew when it was proper for her to know Grandmother Hull would tell her. She loved her father and he had always been good to her, but she would not admit that there was anything wrong in her not inquiring about his illness or that she should have done differently. Marion admitted that she knew of the divorce proceedings instituted by Mr. Burdick against her mother. She sympathized with her father, but would not admit that she thought he was right in driving her mother from home. Neither would she admit that she knew of her mother meeting Arthur R. Pennell.

Dr. Marcy, the family physician and the first person to see the dead body after the murder covered it up, was the first witness of the day. Mr. Marcy admitted that he told Dr. Howland, the medical examiner, that if it was suicidal or looked suicidal it would be all the better for the family to make it out a case of suicide. Later he agreed with Dr. Howland that suicide was untenable.

Katie Koenig, the second servant of the Burdick household, was asked if Mrs. Hull had been near the furnace on the morning after the murder. She did not know.

Hackmen Delahunt, Jeddo and Patrolman Meyer were the other witnesses examined. Their testimony was brief and only served to bring into the case the movements of mysterious persons in the vicinity of the Burdick home on the night of the murder without establishing the identity of those persons or connecting them with the crime. Delahunt said his fare wore a hat and coat like that worn by Arthur R. Pennell. He could not swear that it was Pennell, however.

None of the testimony elicited during the day gives promise of materially aiding the authorities in clearing up the mystery.

Morgan Would "Assist" Cuba
Havana, March 17.—It is semi-officially stated that while J. P. Morgan during his recent visit did not discuss with President Palma the impending loan, he expressed satisfaction with the conditions prevailing in the island and assured the president of his willingness to assist in furthering such financial operations as concern the progress of Cuba.

Judge an Alleged Embezzler
Kalamazoo, Mich., March 17.—A warrant has been sworn out against Judge Lawrence N. Burke, charging him with embezzling \$1100 from an estate of which he was executor. Burke has been prominent for years in local Democratic circles. He has been judge of probate and prosecuting attorney of Kalamazoo county.

To Examine Railway's Books
New York, March 17.—District Attorney Jerome announces that the books of the Metropolitan Street Railway company will be examined by an expert accountant at the instance of President Vreeland, to prove that certain rumors circulated about the affairs of the company are false.

MORGAN'S WASTE OF TIME

Many Democrats Will Vote For Canal Treaty on the Final Ballot
Washington, March 17.—The senate spent six hours in executive session yesterday in its effort to pass on the amendments to the Panama canal treaty in preparation for the final vote on the treaty today. The greater part of the day was devoted to debate on the matter of insuring American defense of the canal, the Democrats contending that the United States should be given the initiative in that respect and the Republicans urging that the interests of this country are sufficiently safeguarded by the terms of the treaty as it stands.

A substitute for the provision of the treaty placing the defense of the canal primarily in the hands of the government of Colombia resulted in a test vote. As a result of their frequent conferences since Senator Gorman's assumption of leadership the Democrats cast a solid vote in support of the amendment, the Republicans voting as solidly against it. The vote was 24 for the Democratic amendment to 46 against it.

During the day Senator Morgan offered a number of his amendments, but none of them received more than 10 or 12 votes. The treaty will be ratified today by a very large majority and without amendment. On the final ballot many of the Democratic senators will vote for it.

True American Spirit
Havana, March 17.—President Palma yesterday sent a letter expressing his appreciation of the gallantry shown by the sailors of the U. S. S. Dolphin in rescuing several Cubans whose small boats were overturned during the squall in Havana harbor, and enclosing \$1000 to be distributed among the life savers. The American sailors requested Captain Stoney to convey their thanks to the president and return the money, with the request that it be given to the parents of a youth who was drowned during the squall.

Crevasse on the Mississippi
Memphis, March 17.—The St. Francis levee gave way late last evening at Trice's Landing, Ark., 20 miles north of this city, and the waters of the Mississippi river are rushing through a three-quarter-mile crevasse in the embankment with a roar that can be heard for miles. The rapid rise of the river and the precarious condition of other points in Arkansas leaves north of Memphis lead to the fear that reports today will tell of other serious crevasses.

APPETITES

Created and Maintained by Vinol.

THAT THE FOOD IS DIGESTED IS ALSO EQUALLY NECESSARY.

We Recommend Vinol as an Appetite Creator.

WE GUARANTEE THAT VINOL WILL AID DIGESTION

Vinol is the greatest aid to digestion that we have ever known. It is because Vinol acts so beneficially upon the stomach that it accomplishes so much good. Vinol contains the active curative principles that are found in cod liver oil, without any oil or grease. These medicinal elements act so favorably upon the stomach, that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue and for making rich red blood. When the stomach acts easily and naturally, a desire is created for good simple food and a good appetite is the sure result.

With cod liver oil as formerly taken the medicinal elements which it contained were too often unable to counteract the harm that was done by the obnoxious grease that enveloped them.

Now that in Vinol we have those same elements separated from the vile-tasting fat, we have a tonic and re-builder that is simply marvelous in its action.

The following is a letter that will explain itself:
"This is to certify that I have used six bottles of Vinol, and have found it of great value as an appetizer and tonic in general debility. I have received so much benefit from its use that I gladly furnish this testimonial in order that others may be induced to give it a trial and prove to themselves its recuperative powers."—Mrs. ELIZABETH FEENEY, Waterbury, Conn.

We want every one in this place to know more about our Vinol, how it cures and what it cures. Certainly the greatest tonic and re-builder we have ever sold. We, therefore, cordially invite any one interested to call upon us, and we want all to bear in mind that we will gladly refund to any one who is not satisfied with the action of Vinol every cent they pay for it.

EDWARD J. MURPHY, DRUGGIST.

NEWS IN BRIEF

The work of enlarging the ship accommodations at the Newport, R. I., torpedo station in anticipation of the big fleet of torpedo boats which will be there next summer to participate in extended drills has been begun.

The will of the late Joseph H. Centor of Boston contains public bequests to the amount of \$55,000. The intended cup defender is now about two-thirds finished. It is generally believed the boat will be ready for the water on April 11.

The old Indianapolis arsenal was sold at auction by the government to the Winona Technical and Agricultural institute for \$154,000.

Mayor Carter H. Harrison was re-nominated for a fourth term in the Chicago Democratic city convention.

In the disbarment proceedings against C. W. Hussey of Waterville, Me., Judge Wiswell decided that Hussey should be suspended for nine months and all executions now in his hands be cancelled.

F. G. Folsom, '95, has been chosen coach for the Dartmouth football team of 1903. He has coached the Denver Athletic club and practiced law in that city.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

Dr. Emmons'

Monthly Regulation has brought happiness to hundreds of anxious women. There is positively no other remedy known to medical science that will so quickly and safely do the work. Longest and most obstinate irregularities from any cause relieved immediately. Success guaranteed at any stage. No pain, danger, or interference with work. RIVER IMPROVEMENTS

Hearings on Fore River and Town River at State House.

Representative Citizens of Three Towns in Favor of Petitions.

The Fore River Shipyard More Than a Local Concern--Employees from 26 Towns on Pay Roll.

Two important hearings were held at the State House on Tuesday before the Committee on Harbors and Public Lands of the Legislature. One was a resolve introduced by Representative Fallon and was as follows:

Resolved, That the board of harbor and land commissioners shall dredge, straighten, deepen, widen and otherwise improve the channels of Town river and Fore river in the city of Quincy; and for this purpose may expend a sum not exceeding one hundred thousand dollars.

The second was a bill introduced by Representative Drinkwater of Braintree and was as follows:

Section 1. The board of harbor and land commissioners is hereby instructed to dredge off the Weymouth Fore River, within and without the harbor lines in its discretion, to a depth not exceeding twenty-four feet at mean low water. Any damages caused thereby may be recovered from the Commonwealth by the owner or owners of the land so dredged in an action of contract.

Section 2. The said board is hereby authorized to expend, for the purposes of this act, a sum not exceeding \$100,000 during the four years, 1903, 1904, 1905, and 1906, but not more than \$25,000 shall be expended in any one year.

There was quite a large attendance of Quincy, Braintree and Weymouth citizens, among whom were City Solicitor Blackmur who appeared for the Committee on Legislative Matters of the City Council, President Thomas A. Watson of the Fore River Co., Benjamin Johnson, Jr., ex-Councilman Henry M. Faxon, Frank S. Patch, Augustus J. Richards, Joel F. Sheppard, Charles Sheppard, Col. A. C. Drinkwater, Representatives Fallon and Drinkwater. All of the gentlemen spoke in favor.

At the outset it was evident that the committee had formed the opinion that these bills were not in the interest of the general public but in the interest of a private corporation.

Mr. Watson, who was the first speaker, cleared the atmosphere on this matter when he said that his company knew nothing about the matter until requested to come to the hearing. His pay roll was now \$25,000 a week; the company used 14,000 tons of coal a year, and 2,000,000 pounds of material. The labor employed was not confined to Quincy, for there were men employed from twenty-six towns, who came from these homes every morning. His company had located here as it was the most desirable location in New England.

EVACUATION DAY IN BOSTON.

Parade and Banquet at South Boston--An Ovation for General Miles.

Boston, March 18.--South Boston yesterday celebrated in royal style the 127th anniversary of the evacuation of Boston by Lord Howe and his British troops, with Lieutenant General Nelson A. Miles, the head of the United States army, as the principal guest.

The South Boston celebration began at sunrise, when church bells were rung and flags on all of the public buildings and on many of the private residences were hoisted. The ringing of bells was repeated at noon. After that came the parade.

General Miles received an ovation over the entire route and Governor Bates and Lieutenant Governor Guild were not forgotten in the handclapping and cheers. Taken altogether the occasion was an eventful one in the history of the peninsula district.

Last night General Miles was the guest of the South Boston Citizens' association at a banquet at Gray's hall, being escorted from his quarters in Hotel Touraine to South Boston by the Legion of Spanish War Veterans. All along the line of march the streets were lighted by calcium lights with fireworks and red fire in abundance.

General Miles made an address appropriate to the occasion of the celebration.

No little surprise, among things almost to a sensation, followed Governor Bates' address. In the midst of eloquence in which he had been describing the greatness of the United States, without warning he denounced the alleged election frauds recently in this city. He said:

"When we hear the charges made, in regard to the attempts to invade the sanctity of the American ballot box, it is time for us to throw ourselves into every ward in Boston, to mount the guns, and to drive into the sea those who would steal the rights of the American citizen, those who would buy elections, those who would seek their own private advancement at the expense of the public welfare."

Two Widows Lay Claim to Estate
Westfield, N. J., March 18.--Judge Hall has appointed C. K. Wetmore to administer the estate of the late Nathaniel Newcombe, president of the Manhattan Steamship company. The

Woman whom the people of Westfield knew as his wife claims to have married him in Brooklyn a few years ago. The other claimant to the estate says she was Sarah N. Story of Easton, Mass., and she exhibits a certificate of a marriage to Newcombe, alleged to have been performed in 1878. They were separated, it is alleged, about 26 years ago and the woman has one daughter, 30 years old.

Vessel All but Wrecked
St. Johns, March 18.--After a stormy passage of 85 days from Tripoli, the barkentine Minnie, salt-laden, has arrived here. The vessel encountered a series of hurricanes, was thrown on her beam ends, had to jettison part of the cargo, and had to cut away foretop galant mast and jib-boom. The fore-stays parted, the pumps were broken and two lower topsails, one upper topsail and foremast were torn into fragments and blown away.

Steamers Get Out of Ice Pack
Pictou, N. S., March 18.--The government steamers Minto and Starley, which have been imprisoned in an ice pack in the straits off Northumberland for 14 weeks, were towed in here last night. Both steamers are considerably damaged. The release of the craft was unexpected, as early yesterday they both seemed as firmly fixed as for weeks and dynamite was being used to make a channel for the Minto.

Victory For Striking Teamsters
Kansas City, March 18.--After arguments lasting more than eight hours the striking teamsters and transfer companies reached an agreement. It is night and today every transfer wagon in the city is running as usual. The transfer companies agree to recognize the union and make other concessions which amount to almost a complete victory for the strikers.

Not Crowding In Advance
London, March 18.--While giving elaborate descriptions of Shamrock III, which was launched yesterday, this morning's papers do not hazard any opinions as to her prospects of "lifting" the cup. They express great satisfaction that she shows a return to the "wholesome British type" of racing cutter.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth
Rewritten and Rendered into Modern English From Sir Edwin Caskoden's Memoir
By **EDWIN CASKODEN [CHARLES MAJOR]**
Copyright, 1898 and 1901, by the Bowen-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

CHAPTER II--Continued
"Yes, I suppose so. But don't bother me."
"Will he be at the dance and banquet tonight?"
"No! No! Now I must go. Don't bother me, I say!" And the king moved away.
That night he had a grand banquet and dance at Westminster, and the next day we all, excepting Lady Mary, went back to Greenwich by boat, paying a farthing a head for our fare. This was just after the law fixing the boat fare, and the watermen were a quarrelling lot, you may be sure. One farthing from Westminster to Greenwich! Eight miles. No wonder they were angry!
The next day I went back to London on an errand and over to Wolsey's house to borrow a book. While there Master Cavendish, Wolsey's secretary, presented me to the handsome stranger, and he proved to be no other than Charles Brandon, who had fought the terrible duel down in Suffolk. I could hardly believe that so mild-mannered and boyish a person could have taken the leading part in such a tragedy. But with all his gentleness there was an underlying dash of cool daring which intimidated plainly enough that he was not all mildness.
We became friends at once, drawn together by that subtle human quality which makes one nature fit into another.

Such was the royal maid to whose tender mercies, I now tell you frankly, my friend Brandon was soon to be turned over. He, however, was a blade of very different temper from any she had known, and when I first saw signs of a growing intimacy between them I felt, from what little I had seen of Brandon, that the tables were very likely to be turned upon her ladyship. Then thought I, "God help her," for in a nature like hers, charged with latent force, strong and hot and fiery as the sun's stored rays, it needed but a flash to make it patent when damage was sure to follow for somebody--probably Brandon.

Mary did not come home with us from Westminster the morning after the festivities, as we had expected, but followed some four or five days later, and Brandon had fairly settled himself at court before her arrival. As neither his duties nor mine were onerous, we had a great deal of time on our hands, which we employed walking and riding or sitting in our common room reading and talking. Of course, as with most young men, that very attractive branch of natural history, woman, was a favorite topic, and we accordingly discussed love of books. In fact, we had come to know each other through our common love of reading, for he also had gone to Master Cavendish, who had a fine library, to borrow some volumes to take with him down to Greenwich.

Brandon informed me he was to go to Greenwich that day; so we determined to see a little of London, which was new to him, and then take boat in time to be at the palace before dark.

That evening, upon arriving at Greenwich, we hunted up Brandon's uncle, the master of horse, who invited his nephew to stay with him for the night. He refused, however, and accepted an invitation to take a bed in my room.

The next day Brandon was installed as one of the captains of the king's guard, under his uncle, but with no particular duties except such as should be assigned him from time to time. He was offered a good room on one of the lower floors, but asked instead to be lodged in the attic next to me. So we arranged that each had a room opening into a third that served us alike for drawing room and armory.

Here we sat and talked, and now and then one would read aloud some favorite passage while the other kept his own place with finger between the leaves. Here we discussed everything from court scandal to religion, and settled, to our own satisfaction at least, many a great problem with which the foolish world is still wrestling.

We told each other all our secrets, too, for all the world like a pair of girls. Brandon told me of his hopes and aspirations, chief among which was his desire to earn and save enough money to pay the debt against his father's estate, which he had turned over to his younger brother and sisters. He, as the eldest, could have taken it all, for his father had died without a will, but he said there was not enough to divide, so he had given it to them and hoped to leave it clear of debt; then for new Spain, glory and fortune, conquest and yellow gold! He had read of the voyages of the great Columbus, the Cabots and a host of others, and the future was as rosy as a Cornish girl's cheek. Fortune held up her lips to him, but there's often a sting in a kiss.

"Don't bother me, I say!"

MURDERER OF BURDICK

Was Either Pennell or a Hired
Assassin

BELIEF OF CLOSE FRIEND

With Whom Divorce Proceedings
Had Been Discussed—Pennell Had
Threatened to Kill Himself and Mrs.
Burdick Unless Suit Was Stopped

Buffalo, March 18.—The name of
Arthur R. Pennell, who was named as
correspondent in the Burdick divorce
proceedings and who met a terrible
death in Gehres stone quarry two
weeks after Mr. Burdick was murdered,
constantly came to the surface
in the inquest before Judge Murphy
yesterday.

Mrs. Gertrude B. Paine, the wife of
Dr. Seth T. Paine, a close friend of the
Pennells and the Burdicks, was closely
questioned regarding the relations be-
tween the two families and especially
of the feeling displayed by the men
toward each other. Mrs. Paine's house
was searched by the police on the Sun-
day following the murder.

The district attorney touched only
casually upon her whereabouts on the
night of the murder, devoting most of
the time to questions relating to her re-
lations with Burdick and her knowledge
of the feeling between Pennell and Bur-
dick. Mrs. Paine denied having been
at Burdick's house at any time when
not accompanied by Dr. Paine. Her
relations with Burdick were purely so-
cial.

Dr. Paine was examined. He was
on the stand for only a few minutes.
He was in Batavia on the night of the
murder.

A. Carlson, the Swedish boarder at
Mrs. Paine's house, was very nervous
while on the witness stand. He
thought Mrs. Paine was in the house
on the night of the murder, but could
not say positively. Miss Mary Cun-
ningham, the other occupant of the
Paine home on the night of the murder,
has left the city, according to testi-
mony given by Mrs. Paine. Her
whereabouts are not known. Miss
Cunningham was one of the persons
who established an alibi for Mrs.
Paine.

Charles S. Parke, Burdick's busi-
ness partner, had been associated in
business with him for 14 years and had
known him for 18 years. He occa-
sionally visited at Burdick's home.
About a year ago he saw Arthur R.
Pennell at Burdick's office. At one
time Pennell was Burdick's lawyer.
Burdick told Parke about the trouble
with his wife about Christmas time.
Burdick told him he did not blame Mrs.
Burdick so much as he did Pennell.
He said he had shown him every con-
sideration and that Pennell had pro-
posed to get out of town, but had not
done so. He said he lost patience and
the divorce suit was to go on.

"Then the man who made all the
trouble was Pennell?"
"He said he had been warned to look
out for Pennell, but he believed Pen-
nell was a physical coward and he had
no fear of him. He said he carried a
revolver when he went out of town
just as a matter of precaution."

Parke testified that Burdick had a
conference with Pennell in a lawyer's
office about the proceedings.

"Did he tell you anything that Pen-
nell said at that conference?"
He said Pennell had threatened to
commit suicide if the suit was not
stopped. He threatened to kill both
himself and Mrs. Burdick if the divorce
proceedings were continued. Burdick
told me he thought the threat was a
bluff."

"Did Burdick tell you that Mrs. Pen-
nell had tried to have him withdraw the
suit?"

"He said both Mr. and Mrs. Pennell
had pleaded with him to drop it."

"What was the purpose of that con-
ference you speak of?"
"It understood it was held for the
purpose of reaching a peaceful settle-
ment of their troubles. But it was
fruitless. Burdick said he made no
concessions."

Mr. Parke said he knew Mrs. Hull
quite well. He never had heard of any
ill feeling between Mrs. Hull and Bur-
dick. Dr. Marcy first informed Parke
of the murder of his partner upon his
arrival at the house on Friday morning.
He did not know Burdick was dead un-
til he arrived there. Dr. Marcy said
he would have liked to make it out a
case of suicide, but that it was impos-
sible.

Mr. Parke testified that no one in the
house had suggested a motive nor said
anything that led him to believe they
knew who committed the murder.

"Did you form any opinion as to who
committed this murder?" asked Dis-
trict Attorney Courtworth.

"Yes, sir."
"When?"
"Right after leaving the house that
day."

"Are you sufficiently satisfied that
your opinion is correct to state whom
you think the murderer was?"

"I think so."
"Well, who was he?"
"Arthur R. Pennell or some hired as-
sassin."

"What makes you think Pennell
killed him?"
"All the circumstances lead me to
that conclusion. I am satisfied that

the murder grew out of the divorce
proceedings."

"Did you ever publicly accuse Pen-
nell until after he died?"

"I do not know when I first ex-
pressed that opinion."

"Do you know of any reason why the
members of the Burdick family should
want the case reported as suicide?"

"No, sir."

"Have you any reason to believe that
anybody in the house had any reason
for seeking to shield the murderer?"

"No, sir."

"The inquest was here adjourned un-
til 2 o'clock this afternoon."

Long Step Toward Settlement

New York, March 18.—The execu-
tive committee of the Boilermakers' re-
union last night called off all sym-
pathetic strikes ordered as a result of
the strike in the Townsend-Downey
Shipbuilding company's yards at
Shooter's island. This decision was
recommended by the Civic Federation
as the first step in the direction of arbi-
tration of the differences between the
boilermakers and the company. This
arrangement does not change the status
of the members of the Marine Trades
council, who went out on sympathetic
strike to help the boilermakers in that
yard.

Wortman Found Not Guilty

Washington, March 18.—The court
which tried Ensign Wortman at Pensa-
cola, Fla., to determine the extent, if
any, of his responsibility for the ex-
plosion in the six-inch gun turret of the
battleship Massachusetts, by which
nine men lost their lives, rendered a
verdict of not guilty. The record will
be reviewed by the judge advocate and
then will be passed on by the secretary
of the navy.

Colombian Merchants Suffer

Colon, March 18.—In accordance
with a decree issued at Bogota all for-
eign import duties have been con-
siderably increased, in many cases 10
fold. Merchants at Barranquilla and
Cartagena have cancelled all their
American and European orders. The
Isthmus is exempted from this increase
in duties.

Uruguay In Throes of Revolution

Washington, March 18.—News of a
revolution in Uruguay came to the
state department yesterday in a dispatch
from Montevideo as follows: "Revo-
lution has broken out. Railway de-
stroyed. Eight thousand men are
camped outside, marshalling to attack
the city. Revolution is serious."

Resigned With Charges Pending

Binghamton, N. Y., March 18.—C. E.
Fuller yesterday resigned as super-
intendent of the Susquehanna Valley
home for orphans in this city. Charges
of cruelty and neglect against Fuller
and Careaker Watson had been made.
The resignation of Watson was ac-
cepted several days ago.

Danger of Colds and Grip.

The greatest danger from colds and grip
is their resulting in pneumonia. If reasonable
care is used, however, and Chamberlain's Cough
Remedy taken, all danger will be avoided.
Among the tens of thousands who have used
these remedies for these diseases we have yet
to learn of a single case having resulted in pneu-
monia, which shows conclusively that it is a
certain preventive of that dangerous disease.
It will cure a cold or an attack of the grip in less
time than any other treatment. It is pleasant
and safe to take. For sale by all druggists.

Anarchists Active In Russia

St. Petersburg, March 18.—Rumors
are current here of the discovery of a
widespread anarchist conspiracy with
 ramifications among the workmen
in the industrial districts.

The Weather Forecast

Almanac, Thursday, March 19.
Sun rises—5:51; sets—5:54.
Moon rises—11:56 p. m.
High water—4:15 a. m.; 4:45 p. m.
The pressure continues high over the
northeast. Fair weather is indicated
for New England.

ALWAYS IN SIGHT

Crowded street. People
passing by. Old and young.
All eager about their own
affairs and always somebody
in plain sight who needs Scott's
Emulsion.

Now it's that white-haired
old man; weak digestion
and cold body. He needs
Scott's Emulsion to warm him,
feed him, and strengthen his
stomach.

See that pale girl? She has
thin blood. Scott's Emulsion
will bring new roses to her face.

There goes a young man with
narrow chest. Consumption is
his trouble. Scott's Emulsion
soothes ragged lungs and in-
creases flesh and strength.

And here's a poor, sickly little
child. Scott's Emulsion makes
children grow—makes children
happy.

A STRIKE IS EXPECTED

In the Mills of Lowell's Seven
Corporations

MOVE MAY BE FORESTALLED

By the Ordering of a Lockout by
Manufacturers—Latter Would Have
Moral Support of Officials of Mills
In Other Sections of New England

Boston, March 18.—The critical sit-
uation in the cotton manufacturing in-
dustry of Lowell is not only of un-
usual interest in the head offices of the
seven Lowell corporations, which are
located in Boston and from which the
policy carried out by the agents is
formulated, but is being closely ob-
served by treasurers and directors of
many other mills, whose affairs are
regulated from this city. Numerous
stockholders in the Lowell mills are also
stockholders in other textile corpora-
tions, and there is a bond of sympathy
which in a way unites the treasurers
and directors of many of the manu-
facturing companies in northern New
England.

It is believed that in the event of a
strike order the operatives will not be
given a chance to walk out, but will be
locked out instead. There is reason for
the belief that while the manufacturers
would greatly regret such a disaster be-
ing forced upon the business men and
general prosperity of Lowell, they
would not regard a stoppage of ma-
chinery as such a blow to themselves
as would have been the case in past
years. The unusually high cost of raw
materials in time, it is claimed, will
be a handicap to manufacturing, and the
losses through a shutdown would be
comparatively small from the stock-
holders' standpoint. Much, of course,
would depend on the duration of the
trouble.

The Lowell mill treasurers are be-
ing backed up morally by officials of
mills in other sections of northern New
England, where the wage schedules
follow closely those in that city. This
is a feature which has been in the
background during the present agita-
tion. It is well known that had an
advance of wages been granted in
advance of Lowell, similar demands would
have followed rapidly in other mill cen-
tres of northern New England, where the
present controversy is being watched
with almost as much interest as in
Lowell itself. These mills did not ad-
vance wages last spring when a gen-
eral raise was made in Fall River, New
Bedford, Rhode Island and middle and
western Massachusetts.

In the Lowell campaign for a 10 per-
cent advance, it is said that some of the
manufacturers who advanced wages
last spring feel that the Lowell mills
should do the same, and are also
anxiously watching the situation.

Although it is impossible to learn
whether the Lowell directors would
eventually consent to a slight advance,
it is thought that they will decline to
grant any raise whatever at this time,
and it is because of this refusal that a
strike is regarded here by many as al-
most a certainty.

Longshoremen's Strike Threatened

Boston, March 18.—Longshoremen
to the number of 3000, have presented a
request for an increase of 10 cents an
hour in wages and new rules regarding
meal time, and the handling of hatches,
gear, etc. The men are now paid 30
cents an hour for day work, 40 cents
an hour for night work and double time
for Sunday, holiday and overtime work.
The request is to be refused by the
companies, reply to that effect having
been decided upon yesterday afternoon.

No Agreement at Waterbury

Waterbury, Conn., March 18.—Two
attempts were made last night to
bring about a settlement of the trolley
strike, and the national officers who are
here, together with Attorney Burpee of
the trolley company and Mayor Kil-
duff, had two lengthy discussions of
the situation. The result of the meet-
ings is a complete failure, neither side
being able to make concessions which
would pave the way for a settlement.

Weavers In Two Mills Quit Work

Fitchburg, Mass., March 18.—Weavers
in the A and C mills of the Parkhill
Manufacturing company, to the num-
ber of 300, went on strike yesterday,
being dissatisfied with the company's
reply to their demand for an increase
in wages. These weavers work on
plain and fancy ginghams, and are paid
by the cut. The strike does not affect
B mill, which makes an entirely dif-
ferent class of goods.

Atmosphere Is Clearing

New Haven, March 18.—That marked
progress has been made in the con-
ference between the committee repre-
senting employees of the N. Y. N. H. &
H. R. R. Co. and a committee ap-
pointed by the board of directors is
distinctly felt. The meeting yester-
day lasted more than three hours. The
situation will be further discussed
today.

Differences Not Adjusted

Amesbury, Mass., March 18.—The
state board of arbitration made its
second visit to Amesbury yesterday in
an endeavor to bring about, if possible,
some settlement of the carriage work-
ers' strike, which had been in progress
since the beginning of the new year,
but it is understood that no progress
was made.

DEAD IN AN ALLEYWAY

Police Think Amadee Chabot Knows
Something of Wife's Death

Fall River, Mass., March 18.—Mrs.
Angela Chabot was discovered yester-
day lying in an alleyway not far from
her home, with her throat cut, and the
police are looking for her husband,
Amadee Chabot, with whom her rela-
tions during the past month are said
to have not been particularly har-
monious. Two officers left for Boston
last night after learning that a man
answering Chabot's description pre-
sented a bloody \$2 bill at the railroad
station earlier in the day in payment
for a ticket to that city. Two fings
and \$77 in bills were found upon the
body of the murdered woman, show-
ing that robbery could not have been
the object of the crime.

Mrs. Chabot, who was 45 years old,
carried on a restaurant under the
name of Angela Tremblay and she was
there Monday evening. On her way
home she was obliged to pass the fish
market of Omer Beauregard and it was
in an alleyway in the rear of the mar-
ket that the body was discovered by
Beauregard.

Mrs. Chabot had carried on the
restaurant for some years, and was gen-
erally respected by those who knew
her. Her husband is a day laborer,
but his work for the past year or two
has not been steady. The police have
learned that he visited the little store
Monday night and that he was seen
talking with his wife as late as 11
o'clock. Those who know him, how-
ever, give him a good reputation.

Senate Agrees to Investigation

Boston, March 18.—In the senate
yesterday the house order for an inves-
tigation of the registration and election
last fall in ward 3 of this city by the
joint committee on election laws was
adopted, although Senator Fitzgerald
made every effort to extend the inves-
tigation so as to include some of the con-
gressional districts. The investiga-
tion is expected to be one of the
features of the present session of the
legislature.

Cooke's Arraignment This Week

Boston, March 18.—Walter S. O. V.
Cooke of this city but accused, as sec-
retary-treasurer of the Milford Co-op-
erative bank, of embezzlement, may be
arraigned in court this week, as his
condition is now much improved. Since
his attempt to kill himself by shoot-
ing two detectives have watched his
home. The expert accountant has
not yet made a report on the amount of
Cooke's deficit.

Postmaster For Almost Fifty Years

Leominster, Mass., March 18.—Will-
iam F. Howe, aged 86, dropped dead of
heart disease on the street yesterday.
He was postmaster at North Leominster
continuously from 1851 to 1897, when
the North Leominster office was con-
solidated with that at Leominster
Centre on account of the free delivery
system being introduced. During his
long term of office he ran a general
store.

Stamping Out Cattle Disease

Manchester, N. H., March 18.—The
big herd of cattle, sheep, hogs and
chickens on the T. O. Knowlton place
at Ilderville was killed and buried yester-
day, as were also seven head owned
by A. E. Jones of Dunbarton. Nineteen
head owned by George Pattee of Goffs-
town and 22 belonging to J. H. Stiles
of the same town were quarantined and
will be disposed of today.

Democrats Raise Objections

Lynn, Mass., March 18.—The appoint-
ment of James J. Walsh as a Demo-
crat member of the board of registrars
of voters was held up at a meeting of
the board of aldermen last night, the
Democratic members claiming that
Walsh worked for the election of Mayor
Eastham. If the mayor insists upon
Walsh's confirmation the matter may
be carried to the court.

Death of Editor Cobb

Portland, Me., March 18.—Lemuel
H. Cobb, editor and chief owner of the
Portland Daily Press, died last night
of pneumonia. He was taken down
with a severe cold two weeks ago, but
recovered so as to be able to resume
his duties. Later he had another at-
tack which developed into pneumonia.
He was born in Portland in 1846.

Travelling Man Kills Himself

Boston, March 18.—William A.
Webster of Chicago, a travelling man
for a New York lace house, fatally shot
himself while a guest of one of the
hotels here yesterday. He was found
unconscious in a bathtub. He was
taken to a hospital and died while the
surgeons had him on the operating
table.

Mississippi Flood Grows Worse

Memphis, March 18.—The flood sit-
uation in the portion of the Mississippi
contiguous to Memphis is extremely
critical. A veritable sea exists in the
St. Francis and Mississippi river basins
in Arkansas, extending from the one
completely to the other, a distance of
many miles.

Keeping Terms of Protocol

Caracas, March 18.—The Venezuelan
government yesterday paid to the
German minister the first instalment,
amounting to about \$70,000, of the
\$340,000 pledged to Germany in satis-
faction of that country's claims of
honor.

A Reorganization Sale

is now going on which should interest EVERY housekeeper who reads this paper. In recently reorganizing this corporation a great deal of stock was taken over at prices so advantageous that we can, FOR THIS SALE, give our customers goods of the BEST QUALITY at the PRICE OF THE CHEAPEST. For example:

CARPETS
ROYAL WILTONS. Hundreds of pieces to be closed out. The assortment is very large. The designs are the finest, and the colors range from self-toned greens, reds, etc., to rich effects in Oriental conceptions. The makes are the well-known Bigelow, Lowell, Whitalls, and the Crossley, Southwell and Humphries. English goods, together with Templeton's Scotch Wiltons. Our former price was from \$2.75 to \$3.50 per yard. We have marked them at, per yard, **1.50**
BODY BRUSSELS. These most goods have always been our specialty, and the exclusive patterns we have originated for our wholesale and retail are considered the best in this country and are famous for their designs and coloring. But there are some patterns that must be discontinued and closed out altogether. There are fully fifty patterns, containing thousands of yards of Bigelow, Lowell, Whitall and English goods that have formerly been sold in our retail stock at from \$1.40 to \$2.00 per yard. We shall close them out at, per yard, **95c**
RUGS
We have the largest and best lighted Rug show room in New England. In connection with our great Reorganization Sale of Carpets we have marked our surplus Rug stock, both foreign and domestic, at prices hitherto unapproached. A good single example—out of many—is the following:
Ghiorde Rugs, about 3x6 ft. In modern colors. Heavy Baghestans and Cabistans and quite a number of Antiques that are worn and torn. These rugs were formerly marked at from \$10 to \$20 each. We have marked them at, each, **7.50**
50c and \$1.00

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and
Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English from Sir Edwin
Caskoden's Memoir
By **EDWIN CASKODEN [CHARLES MAJOR]**
Copyright, 1898 and 1901, by the Bowen-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

SYNOPSIS.

Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Caskoden, master of the dance.

CHAPTER III.—Continued.

I am sure she held me in her light, gentle heart as a dear friend; but, while her heart was filled with this mild warmth for me, mine began to burn with the flame that discolors everything, and I saw her friendliness in a very distorting light. She was much kinder to me than to most men, but I did not see that it was by reason of my absolute harmlessness, and, I suppose, because I was a vain fool I gradually began to gather hope—which goes with every vain man's love—and, what is more, actually climbed to the very apex of idiocy and declared myself. I well knew the infinite distance between us; but, like every other man who came within the circle of this charming loadstone, I lost my head and, in short, made a greater fool of myself than I naturally was, which is saying a good deal for that time in my life, God knows!

I knew vaguely, but did not fairly realize, how utterly beyond my reach in every way she was. I opened the floodgates of my passion, as I thought it, and saw her smile and try to check the coming laugh. Then came a look of offended dignity, followed by a quick, softening glance.
"Leave me one friend, I pray you, Edwin. I value you too highly to lose, and esteem you too much to torment. Do not make of yourself one of those fools who feel, or pretend to feel, I care not which, such preference for me. You cannot know in what contempt a woman holds a man who follows her though she despises him. No man can beg a woman's love; he must command it. Do not join their ranks, but let us be good friends. I will tell you the plain truth. It would be no different were we both of the same degree. Even then I could not feel toward you as you think you wish, but I can be your friend and will promise to be that always if you will promise never again to speak of this to me."

I promised solemnly and have always kept my word, as this true, gracious woman, so full of faults and beauties, virtues and failings, has ever since that day and moment kept hers. It seemed that my love, or what I supposed was love, left my heart at once, frozen in the cold glint of her eyes as she smiled upon my first avowal, somewhat as "d" ease may leave the sickened body upon a great shock. And in its place came the restful flame of a friend's love, which so softly warms without burning. But the burning! There is nothing in life worth having compared with it for all its pains and agonies. Is there?

"Now, if you must love somebody," continued the princess, "there is Lady Jane Bolingbroke, who is beautiful and good and admires you and, I think, could learn to— But here the lady in question ran out from behind the draperies, where, I believe, she had been listening to it all, and put her hand over her mistress' mouth to silence her.

"Don't believe one word she says, Sir Edwin," cried Lady Jane. "If you do, I never will like you." The emphasis on the "will" held out such involuntary promise in case I did not believe the princess that I at once protested total want of faith in a single syllable she had said about her and vowed that I knew it could not be true; that I dared not hope for such happiness.

You see, I had begun to make love to Jane almost before I was off my knees to Mary, and therefore I had not been much hurt in Mary's case. I had suffered merely a touch of the general epidemic, not the lingering, chronic disease that kills.

Then I knew that the best cure for the stinging which lies in a luckless love is to love elsewhere, and Jane, as she stood there, so petite, so blushing and so fair, struck me as quite the most pleasing antidote I could possibly find, so I began at once to administer to myself the delightful counter irritant. It was a happy thought for me, one of those which come to a man now and then and for which he thanks his wits in every hour of his after life.

But the winning of Jane was not so easy a matter as my vanity had

prompted me to think. I started with a handicap, since Jane had heard my declaration to Mary, and I had to undo all that before I could do anything else. Try the same thing yourself with a spirited girl, naturally laughter-lov-

"Don't believe one word she says, Sir Edwin."

ing and coy, if you think it a simple, easy undertaking. I began to fear I should need another antidote long before I heard her sweet soul-satisfying "yes." I do not believe, however, I could have found in the whole world an antidote to my love for Jane.
In the course of my talk with Brandon I had, as I have said, told him the story of Mary, with some slight variations and coloring, or, rather, discoloring, to make it appear a little less to my discredit than the barefaced truth would have been. I told him also about Jane, and, I grieve and blush to say, expressed a confidence in that direction I little felt.

It had been perhaps a year since my adventure with Mary, and I had taken all that time trying to convince Jane that I did not mean a word I had said to her mistress and that I was very earnest in everything I said to her. But Jane's ears would have heard just as much had they been the pair of beautiful little shells they so much resembled. This troubled me a great deal, and the best I could hope was that she held me in probation.
On the evening of the day Mary came home to Greenwich, Brandon asked: "Who and what on earth is this wonderful Mary I hear so much about? They say she is coming home today, and the court seems to have gone mad about it. I hear nothing but 'Mary! Mary!' from morning until night. They say Buckingham is beside himself for love of her. He has a wife at home, if I am right, and is old enough to be her father. Is he not?" I assented, and Brandon continued: "A man who will make such a fool of himself about a woman is woefully weak. The men of the court must be poor creatures."

He had much to learn about the power of womanhood. There is nothing on earth—but you know as much about it as I do.
"Wait until you see her," I answered, "and you will be one of them also. I flatter you by giving you one hour with her to be heels over head in love. With an ordinary man it takes one-sixtieth of that time. So you see I pay a compliment to your strength of mind."

"Nonsense!" broke in Brandon. "Do you think I left all my wits down in Suffolk? Why, man, she is the sister of the king and is sought by kings and emperors. I might as well fall in love with a twinkling star. Then, besides, my heart is not on my sleeve. You must think me a fool—a poor, enervated, simpering fool like—like—well, like one of those nobles of England. Don't put me down with them, Caskoden, if you would remain my friend."

We both laughed at this sort of talk, which was a little in advance of the time for a noble, though an idiot to the most of England was a noble still, God created and to be adored.

[To be continued tomorrow.]

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

GREAT INTEREST IN TRIAL.

Two Officers at Street Door Keep Crowd Out of Court Room.

Crobac Was Brought From Dedham Jail Yesterday Afternoon.

Mr. Adams Positive Crobac Was Not the Man Who Assaulted Him on Centre Street.

It has been definitely settled that Crobac, the alleged murderer of Peterson, was not one of the party who held up William B. Adams and assaulted him and his daughter on Station street Saturday night.

It was almost as light as day at the time this assault was made and Mr. Adams said he would have no difficulty in identifying the man.

The arrest and confession of Thomas Nieman convinced the police that Crobac could not have been the man, yet it was deemed advisable that Mr. Adams should see him.

Court Officer Marden brought Crobac back from Dedham Wednesday afternoon, and he spent the night at the police station. During the evening Mr.

Adams visited the police station, and after taking a good look at Crobac said that he was not the man who assaulted him.

The police have a clew to the identity of the parties who did make the assault, however, and arrests are likely to be made at any time.

Crobac was given a hearing this morning before Judge Avery. The court room was crowded with spectators, many of whom had the morbid desire to look at a man charged with murder. He was brought down from the police station in the patrol wagon under a strong guard, and any attempt to rescue him would have been nipped in the bud.

Continued on Page 3.

BIG SHOE FACTORY BURNED.

Pepperell, Mass., March 19.—A fire broke out in M. C. Griffin's shoe factory at 12:30 this morning and within an hour the entire plant was not only levelled to the ground, but the fire had extended to several of the nearby dwelling houses.

By 3 o'clock a dozen dwellings, as well as the shoe shop connected with the shoe factory, had been destroyed and the flames were apparently beyond the control of the firemen. The town has a steam fire engine and a hook and ladder company, and this apparatus was augmented by a steamer sent from Nashua by special train.

The factory was comparatively a new one and consisted of the main building, about 165 by 50 feet, six stories in height, with a wing of the same height, 175 feet in length by 50 in width. Over 300 hands were employed. The dwellings destroyed were mostly two-tenement houses occupied by employees of the factory and of the Nashua Paper company.

A large block owned by Mr. Kemp, occupied by stores and tenements, was burned, also a shoe store occupied by Frank Goff, a barber shop, a fruit store, a laundry and a restaurant. The burned buildings were in East Pepperell, and the course of the fire was along Main street, ending from East Pepperell to the centre of the town.

His Aim Was Poor.

Portsmouth, N. H., March 19.—It was only by poor marksmanship that Gaetano Marini failed of having a charge of murder preferred against him yesterday, but he will be arraigned charged with assault upon George St. John, a fellow-employee at the navy yard. The two men had a personal encounter at the yard in which Marini was worsted. He lay in wait for St. John last night and without warning fired, the ball striking St. John in the hand, injuring all the fingers.

Recalcitrant Solons Rounded Up.
Providence, March 19.—For the first time in 10 years the high sheriff was yesterday instructed to bring in delinquent members of the house of representatives by force in order that a quorum might be secured and action taken on the general appropriation bill; over which a sharp fight had been precipitated. When the required number of representatives had been rounded up they were locked in with those already in the house chamber and the matter at issue was again taken up.

Jeweler in Questionable Transaction.
Boston, March 19.—Inspectors yesterday recovered several thousand dollars' worth of precious stones recently stolen from a New York society woman, arrested the self-confessed thief, Edgar Bell, 28 years old, and also took into custody H. I. Bornstein, manager of the Tremont Row

Jewelry company. Bell says that Bornstein gave him \$400 for the lot, assuring him that the stones would be immediately reset to prevent detection.

Two Persons Asphyxiated.
Boston, March 19.—Illuminating gas has claimed two more victims. Mrs. Emma A. Montague, a widow, 60 years old, and Edward Pearson, 81 years old, who boarded with her, were the two victims. They lived in an apartment house on Hammond street. The supposition is that both persons were unconsciously made drowsy by the gas and then overcame. Mrs. Montague was in comfortable circumstances, leaving considerable property.

Burial of Miss Tombs.
Providence, March 19.—The body of Miss Julia E. Tombs, the victim of the insane love of William Morse, was placed in a grave in the family plot at Grace church cemetery yesterday in the presence of her family and a few friends. Services were conducted by Rev. G. W. Robley at the home and at the Church of Christ, to which Miss Tombs was going when she was shot to death by Morse.

Charged With Robbing Mail.
Boston, March 19.—After a hearing before United States Commissioner Fiske yesterday, James Parker and William L. Brown were held in \$500 each for the United States circuit court grand jury, on a charge of theft of mail. Parker and Rowe are boys who pleaded not guilty when they were arraigned with three other mail wagon drivers, who pleaded guilty to similar charges.

Serious Charge Against Selectman.
Berlin, Conn., March 19.—Nelson S. Taylor, first selectman of this town, was arrested yesterday as he stepped from a train. The charge against Taylor is assault with attempt to murder his wife six weeks ago. Taylor was immediately arraigned and his case was continued until March 23, under bonds of \$2000, which were furnished.

Swinging Toward License Law.
Concord, N. H., March 19.—By a vote of 214 to 107 the house of representatives yesterday put itself on record as in favor of a license law in preference to the existing prohibitory system, which has been in force since 1848. The bill was given its first reading and ordered to a second reading today.

You will want to read "When Knighthood was in Flower."

Drift of Opinion.

The Senate has been so long about it, and Senator Morgan has had so much to say on the treaty, that public interest in the Panama canal has ceased to burn. Five votes were rallied in opposition to ratification, and the treaty is law, so far as the United States is concerned. Colombia must now act upon it, and European interests are actively engaged in efforts to defeat the confirmation, with what success can only be conjectured. No better proof of the special advantage to American interest by the building of the canal could be wanted than this opposition from Europe.—Lynn Item.

Sir Thomas Lipton's new challenger is on the sea. A fine boat, we have no doubt, with a fine owner who is a sport in every sense of the word; but we trust he may be disappointed again in one ambition that he has, and that the cup may still remain over on this side of the water. Meantime the New York Yacht Club thinks perhaps, that the cup is merely club property, which is the only thing that tends to make Lipton so tremendously popular with the true followers of racing in this country. If the club would loosen up a little on its personal hold on the cup, and would show a national and not a mere city spirit in the matter, it would be a fine thing for the interest of ocean racing.—Brookton Enterprise.

Many persons in the midst of large families are afflicted with a loneliness which robs life of much of the enjoyment it ought to supply. Although surrounded and in constant touch with other members of the family, they are as isolated as if living alone. Sometimes this may be their own fault or choice, since they may prefer to live their lives largely to themselves, and do not offer other opportunities to share in their pleasures or pursuits. These do not need pity, as they follow their own choice. But there are others who crave sympathy; who cannot enjoy anything alone; who are so constituted that the keenest pleasures of life do not come to them except in companionship with others. Unhappy beyond expression are such persons if members of families do not respond to their desire for companionship. It often happens that mothers who have cut themselves off from all outside interests in devotion to their families find themselves left out of the lives of their husbands and children. Many fathers toil on from year to year for the support of their families with no sympathetic companionship in their homes to share their burdens by intelligent interest in their cares. Many lives are clouded because in the family circle no one is found to participate in their pleasures and trials. Happy are the families where there is an interest in the affairs of every member. Where all join in common sympathy, sorrows are lightened and pleasures are multiplied.—The Watchman.

Sixty-Three Years Married.
Mr. and Mrs. Henry A. Snow of Atlantic reach today the 63d anniversary of their marriage. Both were born in Boston, Mr. Snow in 1817 and Mrs. Snow in 1820.

Miss Tucker will sing several groups of songs at the recital at the High School this evening. In two of her selections she will be accompanied by Miss Halliday, cellist. Miss Halliday will give two cello solos, and there will be two numbers for piano and cello. At the low price of admission there ought to be a large audience.

FAILED TO AGREE.

**Granite Men and Engineers,
However, Getting Together**

**Both Sides Make Propo-
sitions.**

**But Neither Side Seems to Meet
with Favor of Other Side.**

The committees of the Granite Manufacturers and of the Engineers' Union, who have been considering the new bill of prices submitted to the Engineers' Union, have thus far failed to come to an agreement. Several conferences have been held and the committees have agreed upon all matters except that of wages.

The engineers demanded a flat wage of \$18 per week. This the manufacturers refused to grant. Last week the manufacturers made the engineers a proposition, which in brief was for a flat wage of \$15 per week. This was quite a material increase for many of the men.

This proposition the men considered, and at a joint meeting Wednesday evening the engineers submitted a counter proposition which in effect was the engineers who are now receiving less than \$15 per week shall be increased to \$15, and those now receiving \$15 and over shall receive an advance of ten per cent.

Several Quincy Accounts.

Norfolk county probate court was held by Judge Flint at Dedham on Wednesday and it was a busy session. Wills allowed—Miles Miller of Sharon Bridgeport of Stoughton, Betsey J. Jenness of Foxboro, the Rev. Isaac J. Burgess of Hyde Park, Otto Kramer of Dedham, Mary Doyen of Lebanon, N. H., Thomas Coughlin of Dover. Administrations granted—On the estates of Ralph T. Jackson of Hyde Park, Adolph C. H. Schulz of Dedham, Thomas Williams of Milton, Jeremiah Cullinane of Canton, Riley E. Jenkins of Weymouth, William B. Hunt of Cohasset, Matilda S. Marston of Northwood, Garrett Fitzgerald of Weymouth, Eleanor R. Sprague of Weymouth.

Accounts allowed—On the estates of Ellis Boyden of Northwood, Michael Nolan of Dedham, Isabella Nolan of Dedham, Mary W. Mann of Needham, Ida Cameron of Medfield, Augusta F. Mason of Brookline, James P. Thorndike of Braintree, \$1,078,693.19; Margaret W. Newcomb of Quincy, for \$271; John Crane of Quincy for \$500; Caroline Lavy of Quincy, for \$2821.61; Elizabeth Marsh of Quincy, for \$3113.81; Della Collins of Quincy, for \$322.28; Alice M. Drew of Milton, for \$12,783.99; Julia G. Foster of Randolph, Mary E. Metcalf of Brookline, Patrick Burns of Quincy, for \$265; John Hancock of West Roxbury, Ferdinand Loud of Weymouth, Caleb H. Howe of Brattleboro, Vt., William Vollert of Dedham.

For The Hospital.

Mr. George Turner, the young man who is janitor at the High school building offered to give the value of his services for the evening when the poetical readings of Dr. Everett will be given. Dr. Everett offered voluntarily to give this evening for the Hospital cause. Mr. Turner said his gratitude for the care some of his family had had there, made him wish to give something.

An industrial centre like ours makes unusual and constant demands here, while the Hospital came as a quiet haven for the sick who could not get the care within their homes that brings recovery. Quincy has outgrown this little refuge and it now appeals to the generosity of the fortunate.

Pastor's Birthday.

The people of the Finnish Congregational church remembered the birthday anniversary of their pastor on Wednesday evening, and there was a merry party at the church. It was Rev. Mr. Henrikson's 40th birthday and he was greeted by a large attendance. There were songs, speeches and music. The pastor also received presents.

BRAINTREE.

The Base Ball Schedule of Thayer Academy.

The candidates for the base ball team for Thayer academy have begun their outdoor practice in earnest. There are twenty men out for the team and under Prof. Townsend's coaching ought to develop a good nine. The manager has arranged the following schedule of games for the season, to be played at South Braintree at 3.45 when no place is given:

April 15, Wed., Boston English High School.
" 18, Sat., Melrose High School.
" 22, Wed., Mechanics Art High School.
" 25, Sat., St. Marks Academy, at South-boro.
May 2, Sat., Bridgewater Normal School, at Bridgewater.
" 9, Sat., Milton Academy, at Milton.
" 15, Fri., Rockland High School.
" 16, Sat., Salem High School, at Salem.
" 23, Sat., Arlington High School.
" 30 Sat., Adams Academy.
June 6, Sat., Boston College Prep.
" 12, Fri., Stones School.

Mrs. Florence Monroe and Mrs. George A. Arnold, with her two little girls, Edith and Mary, spent Tuesday in Middleboro. It was a long trip for the children on electric cars, but all felt repaid for the trouble in the joy of seeing great great grandmother Besse and her great great granddaughter together.

Mrs. Cates of Cambridge has been spending the week with Mrs. Seth Brown, Arnold street.

Dorick White is quite ill with catarrhal pneumonia.

Mrs. Fred Crocker and baby arrived home Sunday from a week's visit with Mrs. Crocker's mother.

The regular meeting of the J. P. S. A. was held Tuesday evening with Mrs. C. O. Miller. At the close of the business meeting, an advertising party was presented for the social hour, which created considerable amusement. Light refreshments were served.

At 5.50 Wednesday morning an alarm from box 34 brought the fire department to the Home bakery on Elm street. Mr. Appleton, the proprietor, discovered the fire in the baking room and immediately attached the garden hose to the sink faucet. He succeeded in extinguishing the fire, saving several large buildings from destruction, and in his battle was severely burned.

Mrs. T. H. Libby is on the sick list. The annual parish meeting of the First Universalist parish will be held at the home of the clerk, Mr. F. A. Smith, next Tuesday evening. The post-office has been undergoing spring repairs the past week. An alarm of fire was rung in from box 21 for a brush fire in the woods off Quincy avenue at 5 o'clock Saturday. After about an hour and a half hard work the blaze was subdued and the "all out" sounded.

Hon. James T. Stevens arrived home from Cuba Monday evening much improved in health. The homeward trip was very rough nearly all the distance.

Took Them Into Camp.
The Mammoth Barbers, who were tie for first place in Boston Traders' league, were entertained at candle pins, by the Merry Mount club, on the latter's alleys on Tuesday evening, when Merry Mount won all three strings and made a grand total of 1322.

Morrill's Tree Ink.
Those who have nice trees should now protect them for the next few weeks. The frost is out of the ground and the grubs have commenced to crawl up the trunks of the trees. A little ink used now will catch hundreds of the millers and save your trees from the destructive work of the canker worms.

For sale at this office by George W. Prescott & Son.

Funeral of Dr. McSweeney.
Quincy was represented by fully fifty persons at the funeral of Dr. Daniel J. McSweeney of Quincy at Woburn on Wednesday. Mr. John W. Walsh, Dr. L. M. Chapman and Dr. Henry E. McNally were three of the six bearers. Representatives of Div. 18, A. O. H., and the Granite City club were present, and both of these organizations sent floral tributes. Several Quincy friends also sent flowers. High mass was celebrated by Rev. James J. Keegan, and there was some fine singing. The interment was in Calvary cemetery Woburn.

Supt. Lowe Reappointed.
Ivers M. Lowe, formerly of this city, was this week reappointed superintendent of streets and water at Weymouth.

FOR FLAT RATE.

**Street Railway Men Looking
for Trouble.**

**Vote to Hold Out for
Demand.**

**The Men May Not Back Up the
Executive Committee.**

The Executive Committee of the Street Railway Employees Union met last night and voted to hold out for the flat rate wage schedule which they at first demanded.

The committee are said to have been unanimous, but members of the union say the committee has not full power, and that the sentiment is setting very strongly in favor of the schedule in classes already put into effect by the Old Colony Street Railway Company.

Tomorrow the officials and their men will have another conference.

CITY BREVITIES.

Observations in Daily Walks of
Ledger Reporters.

Warmest day of the season.

Stedman, the oldest child of Councilman Thompson is critically ill.

Read "When Knighthood was in Flower" if you want an interesting story.

Our readers are reminded of Miss Tucker's recital at the High School this evening.

Miss Ruth York of Davis street is visiting her grandparents in Dorchester for a short time.

Mr. I. M. Scales is the guest of Mr. and Mrs. Edward Mansfield of Davis street, Wollaston Park.

Mrs. Hannah McLane will break up housekeeping and go to Schenectady, N. Y., to live with her son.

The Seniors of the Quincy High school will give an entertainment Wednesday evening, April 1.

Rev. Edwin N. Hardy was an interesting spectator at the hearing in the Crocker murder case this morning.

"The changed cross" will be Rev. E. A. Chase's subject at the Wollaston Congregational church Sunday morning.

Mrs. Harriet N., widow of Mr. John Long, died at her residence on High School avenue, Wednesday, in her 80th year.

New regulations of the School Committee and regulations for the schools are being printed at the office of the Daily Ledger.

Henry F. Tilden and James H. Pennington secured the prizes at the whist tournament of the Granite City club Wednesday evening.

Mr. Benjamin Sargent, of Beach street, Wollaston Park, has sold his big cat boat, the Wild Duck, to Mr. Linus Chase, of Davis street.

The shipments of granite from the railroad terminals in February were as follows: West Quincy, 2,106,980 pounds; Quincy Adams, 2,558,135 pounds; Quarry railroad 682,620.

The new dining rooms which have been opened at No. 3 Granite street, are pronounced "out of sight." Not because they are just around the corner, but because it is up to the times in all its appointments. No long waits.

Story of the Cadi and the Citizen

One morning as the Cadi had opened court to dispense justice with as liberal a hand as if it didn't cost over ten cents a pound a Citizen stepped forward and tearfully said:
"O thou son of wisdom, I want mine own and no more. A feller in this town owes me four plunks and refuses to settle up. He has even threatened to put a head on me if I dun him again!"
"My subjects must not treat one another thus," said the Cadi as his face grew stern. "He who contracts a just debt must pay it, even though he sells the shirt off his back. By what name is this shirker and reviler known?"
"He is called Green, and he is in the ice business, O Cadi!"
"What! A man in the ice business refusing to pay his honest debt? It seems incredible. Hast made no mistake about Mr. Green?"
"None whatever, O Cadi! He owes me \$4, and he will not pay."
"Then I will make him eat a ton of his own ice, and it shall be honest weight at that! Thou canst spread the news that I will do this. By the way, what is your name and business?"
"I am called Consolidated, O Cadi, and I run a gas plant."
"And the ice man owes you for gas consumed?"
"That is the indebtedness. See! Here is the bill. I knew that you were a just man and would see me!"
"Begone, evil-fit begone!" roared the Cadi as he threw up his hands. "As I told you before, I am on this earth to see justice done, and when a gasman complains of an ice man it is carrying things altogether too far. The plumber has ever overcharged me, and the ice man has given me short weight, but the gasman has billed me \$3 for the month my house was closed up tight as a drum. Go to, thou man of gall-gut to!"
She Did Her Part.
Tess—He tried to kiss me, and he declared the more I struggled and screamed the more he'd kiss me. He's no gentleman.
Jess—But, my dear, gentlemen sometimes do that sort of thing.
Tess—But when I screamed he ran away. A gentleman would keep his word.—Philadelphia Press.

FEELING OF HOSTILITY

Between Burdick and Pennell Was Very Strong

MURDERER HAD ACCOMPLICE

Criminal Authority Shows That Someone Familiar With Interior of Burdick Home Was Implicated—Was No Fear of Interruption

Buffalo, March 19.—Police Justice Murphy announced yesterday that owing to the illness of District Attorney Coatsworth the inquest into the murder of Edwin L. Burdick would not be resumed until next Monday afternoon. District Attorney Coatsworth is suffering from a severe cold which prevents him from speaking above a whisper. Mrs. Burdick, Burdick's furnace man, and the man who tended the furnace for the Pennells will probably be called on Monday.
Mrs. Burdick knew Burdick and Pennell probably better than any person in the world, and her testimony promises to be the most important and interesting of the entire proceedings.
The details of the strained relations between the two dead men were gathered immediately after the murder of Burdick and before the death of Pennell. Pennell stated frankly to the authorities that the relations between himself and Burdick were "strained, very strained." He went into some details of his relations with Mrs. Burdick and of his connection with Mr. Burdick. In fact, after the murder of Burdick, Pennell spoke to others than the authorities of the hostility between him and Burdick.
Notwithstanding all the talk about Pennell, however, the authorities are not consenting calmly to dump the Burdick tragedy onto a dead man. There are a number of points to be considered before any such branding of a dead man becomes a finality, or even is accepted as being a partial solution of the mystery.
The questions to be answered are: If a man did the deed how did he get into the house? If he got through the kitchen window, who unlocked the window on the inside, since the other window was found locked and Katie Koedig testified that she was satisfied both windows were locked when she went to bed. If he got in the front door, who let him in? Also, did he go back to the kitchen and raise the window for a rise? Did Burdick let him in? If so Burdick was awake and certainly was not clad only in an undershirt. If Burdick was asleep, lying in the den when the murderer entered by the front door, who opened the front door for the murderer?
There was talk of some one advancing the burglary theory for a purpose and that Burdick's watch was missing. Burdick's vest was found upstairs in his bedroom with \$40 in it. If the murderer did his work in the den, who took the watch from the vest in the bedroom. Did the murderer go upstairs to the bedroom and take the watch simply to give color to the burglary theory? These and other questions embody problems that the authorities realize must be solved.
One of the criminal authorities is quoted as saying: "There are several reasons to believe three things: First, that the murder was committed by more than one person; second, that at least one of the persons implicated was entirely familiar with the interior of the Burdick home, and what perhaps is most important of all is (third), the murderer or murderers had no fear of interruption while at their work or immediately afterwards."
"On the first point I do not care to say much. As to the second point, I may point to the fact that after the work was done the murderer washed his or her hands and therefore must have known where a wash basin was to be found. That he or she washed his or her hands is sure; for, although there was blood on the inside knob of the den door, there was no blood on the knob of the outer door to the house, which had been purposely left open for the purpose of creating the impression that burglars had entered the house."
"Familiarity with the house is also shown by the fact that the lunch was not brought to the den by Burdick, but by some other person. The analysis of the contents of Burdick's stomach shows that he had not tasted of a particle of the crackers, cheese and tarts found on the table in the den. Deliberation and freedom from fear of apprehension is shown by the fact that the murderers took time to do many things which a person in fear of discovery would not have done."
Jackies Go Visiting
Rome, March 19.—A detachment of American sailors from the gunboat Machias, now at Naples, arrived here yesterday and visited the city and public monuments. They attracted much attention by their smart appearance and orderly behavior.
Pope Is Still Hoarse
Rome, March 19.—The condition of the pope has undergone no change during the past few days. He is still a little hoarse and Dr. Lippini has recommended him to suspend his audiences to save strength.
Postponement of Wright Hearing
New York, March 19.—The hearing in the case of Whitaker Wright, who is wanted in England, was adjourned by United States Commissioner Alexander yesterday until March 30.

WEATHER OUT OF JOINT

Severe Blizzard and Extreme Heat In Different Portions of the West
Salt Lake, March 19.—The severest snowstorm of the winter is prevailing here. More than four inches of snow has fallen, accompanied by a 30-mile wind. The storm is general throughout southern Idaho, northern Utah and western Wyoming.
Cheyenne, Wyo., March 19.—The worst blizzard of the winter is raging in this section. The air is full of wet snow, and a high wind is drifting it badly.
Denver, March 19.—The snowstorm which reached this city from the west yesterday has proved to be the most severe blizzard experienced here this winter. Business is seriously curtailed. The street cars are stopped and trains have been stalled on some of the railroads.
Burlington, Ia., March 19.—The mercury rose to 65 in the shade here yesterday. It registered 80 Tuesday.
Cleveland, March 19.—The temperature yesterday for March was a record-breaker, according to statistical office of the weather bureau. The mercury climbed up to 74.6 degrees.
Milwaukee, March 19.—According to the weather bureau yesterday's heat broke the record for March for the 33 since the establishment of the local weather bureau. The thermometer registered 72½ degrees.
Sequel to Drinking Bout
Boston, March 19.—The police are investigating the death of Mrs. Nellie Picklin, the white wife of John F. Picklin, a negro, who died in the hospital from what appears to have been a fracture of the skull. Last Sunday morning Patrolman Mosher found several white women and one or two white men in Picklin's tenement in a helpless state from an indulgence in liquor. Mrs. Picklin, when arrested, was very drunk and complained of pains in the head. She was at once removed to the house of detention for women and from there to the city hospital, where she died Tuesday afternoon.
Strike Commission's Report Ready
Washington, March 19.—Messrs. Gray and Wright of the authentic strike commission called on the president yesterday and presented to him the report of the commission. Both sides have promised to abide by the decision of the tribunal created by President Roosevelt. At the conclusion of the interview with the president Colonel Wright announced that the report would be made public on Saturday.
Flood Situation Still Worse
Memphis, March 19.—The flood situation shows a number of new and serious developments and there is scarcely a ray of hope for improved conditions, except the fact that tributaries of the Mississippi north of Memphis are reported to be falling. All lines of railroad entering the city from the west are washed out and railroad traffic through the Memphis gateway to that section is completely tied up.
Good Opinions of Shamrock
Glasgow, March 19.—The pontoon on which Shamrock III was launched were removed yesterday. The yacht afloat confirms the previous good opinions of her. She came accurately to the bow floating marks and under her counter the water just lapped the first water line, notwithstanding her excessively short keel. While in motion it was remarked that the challenger moved smoothly and easily.
New Haven Road Directors to Meet
New Haven, March 19.—The board of directors of the New York, New Haven and Hartford railroad will meet this afternoon in New York to receive a report as to the meeting held here at which the grievance committees of the conductors and trainmen met President Hall and a committee of the directors. The grievance committees held no meetings yesterday.
Afraid of a Lynching
Cleveland, March 19.—James Bernan of North Royalton was brought here and lodged in the county jail yesterday because it was feared the people of the village would lynch him. Bernan is charged with having criminally assaulted Miss Gertrude Money, a school teacher at North Royalton. Miss Money is said to be in a serious condition.
Couldn't Muster Necessary Votes
Richmond, March 19.—The bill providing an appropriation of \$200,000 for the proposed exposition in celebration of the 300th anniversary of the settlement of Jamestown failed of passage in the house of delegates yesterday by a vote of 43 to 30, 50 votes being necessary for the passage of the measure.
Disbeliever in Vaccination
Asheville, N. C., March 19.—Professor A. T. Weaver, at the head of a leading educational institution, has been sent to jail because he refused to be vaccinated and also because of his refusal to pay a fine of \$25 for the same. The vaccination was ordered as a precaution against smallpox.
Veteran of Two Wars
New York, March 19.—General Schuyler Hamilton, a classmate of General Grant at West Point and a distinguished veteran of the Mexican and Civil wars, died yesterday, aged 83.
The Weather Forecast
Almanac, Friday, March 20.
Sun rises—5:50; sets—5:50.
Moon rises—12:22 a. m.
High water—4:15 a. m.; 4:45 p. m.
The area of low pressure that has persistently hung over the plateau region for the last week has finally crossed the Rocky mountains. Rain is indicated for New England.

MURDER SUSPECT DEAD

Body of Amedee Chabot Found In a Pond.

FIRST TOOK PARIS GREEN

Belief That Suicide Was Committed Immediately After Wife Was Killed—Officers Were Following a False Trail in the Direction of Canada

Fall River, Mass., March 19.—All speculation and theorizing over the disappearance of Amedee D. Chabot, for whom the police had been searching since Tuesday morning, upon the charge of murdering his wife, were brought to an end yesterday afternoon by the finding of the body in the North Watuppa pond by Detectives Shea and Connolly, who had been searching the shores of the pond on a suicide theory. Chabot was believed by many to have gone to Canada and officers had been dispatched there to follow up a clue thought to have been furnished by a \$2 bill covered with blood which was presented at the Fall River railroad station early Tuesday morning in payment for a ticket to Boston. The officers had proceeded as far as Nashua, N. H., yesterday, where they were pursuing their investigations. Detectives Shea and Connolly were searching the shores of the North Watuppa pond when their attention was attracted by an overcoat and sack coat hanging on the post of an unused bush on the coast, and in an open space in the bushes was found a package of paris green. Shea went down to the shore and about 20 feet away saw a piece of white cloth under the water and at once sent Connolly for assistance. While the latter was notifying police headquarters, two boys arrived with ice pikes, taken from an ice house nearby, and the body was dislodged. It was in a crouching position with both hands grasping an old exhaust pipe which runs some distance out into the pond and which was formerly used by the Crystal Ice company. The man was in his shirt sleeves and was fully identified.
The police believe the man committed suicide early Tuesday morning, the morning on which the body of his wife was discovered, and that before going out into the pond he took a large dose of paris green. Considerable poison was scattered about in the grass, which would indicate that Chabot had been in a hurry or was very nervous. No weapon with which the murder of his wife might have been committed was found upon his person.
Killed by Their Own Indiscretion
Olean, N. Y., March 19.—The coroner has completed the inquest into the death of the victims of the oil explosion a week ago and as a result has found that the Erie Railroad company was in no way to blame for the loss of life; that the people were warned to move back, and that they were on the railroad company's property.
Methodists Bounced Mormon Elder
Philadelphia, March 19.—One of the meetings incidental to the annual session of the Philadelphia Methodist Episcopal conference yesterday was disturbed by the appearance of N. F. Sampson of Salt Lake, a Mormon elder, who asked the privilege of speaking. He was ejected amid a storm of hisses.
Claim Newport as Their Home
New York, March 19.—Alfred G. Vanderbilt, assessed for personal property valued at \$250,000, and his wife, assessed for \$150,000, yesterday obtained a large reduction in the amounts assessed by claiming that the valuation was excessive and that their legal place of residence was Newport, R. I.
Trophy Goes to Pillsbury
Monte Carlo, March 19.—The trophy given by the Prince of Monaco for competition between the chess masters who participated in the chess masters tournament which has just closed here has been awarded to Pillsbury, the American player. There was no contest for the prize.
Ames Held in \$18,000
Minneapolis, March 19.—In the district court yesterday A. A. Ames, former mayor of Minneapolis, pleaded not guilty to all seven indictments against him, charging bribery, conspiracy and extortion, and bail was fixed at \$18,000. He has four days in which to secure bondsman.
Grip Remedies in Great Demand.
When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.
To Raise Railroad Taxes
St. Paul, March 19.—By a vote of 103 to 0 the house of representatives yesterday passed the bill to submit to a vote of the people at the next municipal election the proposition to raise the gross earnings tax on railroads from 3 to 4 percent.

PLIMLY DIDN'T SUIT

Hamilton Fish Will Be Assistant Treasurer at New York
Washington, March 19.—President Roosevelt yesterday withdrew the nomination of William Plimley for assistant treasurer of the United States at New York and late yesterday afternoon sent to the senate the nomination of Hamilton Fish to the office, and it was confirmed promptly by the senate. Plimley's nomination was confirmed by the senate the day after its transmission to that body by the president. His commission was made out and signed by the president, but had not been delivered when, at the instance of Senator Aldrich, chairman of the finance committee, the senate adopted a resolution recalling the appointment from the president for further consideration. It developed that charges had been made against Plimley which the senate desired to investigate. Protests from important financial interests in New York subsequently were filed with President Roosevelt against the appointment of Plimley. The protests also reached the treasury department, which made an investigation. Yesterday Assistant Secretary Armstrong of the treasury department had a conference with the president at which it was decided that, in view of the gravity of the charges against Plimley, he could not be commissioned. The president then withdrew the nomination from the senate.
Mr. Fish is a son of former Secretary of State Hamilton Fish. He is a prominent lawyer of New York, and a personal friend of President Roosevelt.
Long Forgotten Dollar Found
Boston, March 19.—The deposit of \$1 made by General Miles in a Boston bank in 1860, to which he has referred in public on his present visit here, has been located. The name of the bank had slipped from the general's mind, but the deposit was found in one of the older savings banks by a reporter yesterday. However, this is not one of those small forgotten deposits that grows to great wealth, for nothing under \$3 draws interest. The treasurer of the bank said that he would consider it a favor if the general would come and get his dollar and close the account.
Strikers Dispute Official's Statement
Fitchburg, Mass., March 19.—Treasurer Lowe of the Parkhill mills returned from Boston last night and stated that no specific request had been made by the strikers. This was later denied by the men, who said that they requested an increase of 2½ cents on goods which they were getting 67½ cents a cut, and an increase of 20 cents on goods for which they were paid 70 cents a cut. The weavers in mill C will not finish uncompleted goods from mills A and B.
Many Spinners Favor Strike
Lowell, Mass., March 19.—The Spinners' union met last night and, although no action was taken, pending the result of the conference to be held today, there was a strong sentiment expressed in favor of a strike. The delegates to the conference were instructed to use their own judgment and the representatives of the union in the Textile council were also given similar instructions.
Detectives Guard Odell
Albany, March 19.—Two detectives have been guarding Governor Odell on his daily journeys to and from the capitol for several days past. Governor Odell says that there is no necessity, so far as he knows, for the service of the detectives, but if members of his official household believe that it is well to have them he does not object.
Quadruple Drowning Accident
Montreal, March 19.—Four boys were drowned in the Lachine canal yesterday. The water had been drawn away from the canal, but about the middle of the basin there remained from six to eight feet of water and the ice was not of the strongest. The boys reached the middle when the ice gave way.
Cleveland Sixty-Six Years Old
Princeton, N. J., March 19.—Former President Grover Cleveland was 66 years old yesterday. He passed the day quietly with his family at his residence here. He was the recipient of many congratulatory telegrams and his intimate Princeton friends called and extended their best wishes.
NEWS IN BRIEF
Charles Robbins, head sawyer at the Noyes lumber mill, West Gouldsboro, Me., was killed by falling across a rotary saw. He was 30 years old.
John S. Cranston has been appointed head coach of the Harvard football eleven for 1903.
King Edward has sent Colonel W. F. Cody ("Buffalo Bill") a handsome staff pin with the royal cipher in diamonds surmounted by the crown, as a souvenir of his visit to the Wild West show.
In the New York assembly the bill reducing from 2 to 1 percent the tax paid by Canadian life insurance companies in New York state was passed.
Field Marshal Roberts announced that he hopes to carry out his intention of visiting America in the autumn.
Ex-Mayor Eli V. Brewster of Dover, N. H., aged 79, is dead. He was mayor in 1863-64, and had been a representative in the state legislature. He was for 25 years a director of the Dover National bank.
The 10-round fight between Joe Wolcott and George Cole at Pittsburgh ended in the fourth round, when Cole was knocked out.
Nelson Morris & Co., packers, are to construct a \$1,000,000 plant near the Kansas City stock yards. It will be erected on a tract of land 45 acres in extent.

I'M THE ROMOC MAN

IN THE BLOOD

IF YOU'RE SUFFERING FROM NERVOUSNESS, VERY LIKELY YOUR BLOOD IS POOR. IF YOU HAVE RHEUMATISM IT'S PROBABLY DUE TO ACIDS IN THE BLOOD. ECZEMA, SKIN BLEMISHES, PIMPLES AND SORES ARE DUE TO BAD BLOOD.

ROMOC
(THE MEDICINE MADE FROM A ROCK)

MAKES GOOD BLOOD AND DESTROYS ALL POISONOUS FOREIGN MATTER THAT MAKES BLOOD DISEASES.

Rome, Ga.
Gentlemen:—I hereby certify that I had blood poison on my left hand and right forefinger. I got a bottle of your Romoc. After bathing the band with this remedy the swelling began to abate. In thirty-six hours finger had so healed that I removed the bandage entirely. My business is butchering, and the poison came from animal blood.
Respectfully,
(Signed) L. J. DOWDLE.

"Romoc guaranteed, if not cured, money refunded."

Mortgages' Sale of Real Estate.
BY Virtue of a power of sale contained in a certain mortgage deed given by Ann Sullivan to Charles C. Barton and Harry N. Squires, Trustees of the Mount Land Association under an Indenture of Trust, dated June 10, 1890, and recorded with Norfolk Deeds, Lib. 639, Page 571, said mortgage deed being dated August 7, 1891, and recorded with Norfolk Deeds, Lib. 503, Page 422, for breach of the conditions thereof and for the purpose of foreclosing the same, will be sold at public auction Quincy, Mass., at two o'clock on SATURDAY, March 28, 1903, at two o'clock P. M., all and singular the following premises as described in said mortgage deed:
"Certain parcels of land situated in Quincy, in the County of Norfolk, and said Commonwealth, comprising the lots numbered D., E., G., H., and I in Section Two (2) as shown on the plan of Sea Shore Lots at Houghs Neck, Quincy, Mass., H. T. Whitman, Surveyor, owned by the Mount Land Association, recorded Norfolk Deeds at the end of Book 668 and on Corrected Plan of Subdivision of Lots 139 and 140, Sec. 2, owned by Mount Land Association, dated 1, 1901, H. T. Whitman, Surveyor, and recorded with Norfolk Deeds at end of Book 892. Lots D and E are bounded northerly by Quincy Bay one hundred (100) feet; easterly by lot C, one hundred and two (102) feet; southerly by a ten foot passageway, eighty (80) feet; westerly by lot F, ninety-two and 8-10 (92½) feet; and containing eighty-seven hundred and eighty-three (8783) square feet of land.
Lots G, H, and I are bounded northerly by said ten foot passageway about two hundred and five (205) feet; southerly by Winthrop Place, about one hundred and thirty (130) feet; easterly by lot 142, one hundred and twenty-three and 88-100 (123.88) feet; southwesterly, more westerly, by lot 143, about three (3) feet; and by another ten foot passageway, about thirty-eight (38) feet; containing fourteen thousand two hundred and ninety (14,290) square feet. Together with a right of way over said ten foot passageway, which are to remain open and unobstructed."
Two hundred dollars (\$200) to be paid at time and place of sale, balance in ten (10) days at the office of Barton & Barton, Attorneys, 82 Devonshire street, Boston, Mass.

FLAT SCALE IS REFUSED

**Employees Receive Reply From
Big Railway Corporations**

OFFICIALS ARE SURPRISED

**At Demands of the Unions, In View
of the Recent Announcement of a
Sliding Wage Scale—Suggest That
Dissatisfied Men Resign**

Boston, March 20.—The Boston and
Northern and the Old Colony Street
Railway companies have replied to the
written and oral requests of their
motormen and conductors made March
3 for a uniform rate of 25 cents an hour
and recognition of the union. The re-
quests of the men are refused and any
of the employees who do not have con-
fidence in and respect for the manage-
ment of the companies are told that they
owe it to themselves and to the com-
pany to retire from the service.

Almost identical letters were sent last
night to committees representing the
men at Lawrence and at Taunton, and
later the reply of General Superin-
tendent Page of the Boston and North-
ern and General Superintendent Goff
of the Old Colony was posted in the
car barns and offices of both companies.
March 1 both companies gave their
2522 conductors and motormen an in-
crease averaging about 12 percent. This
did not prove satisfactory to a ma-
jority of the union and a few days later
a request was made for a flat rate of
25 cents an hour and a recognition of
the union. The companies were given
until March 20 to make reply.

In the letters addressed to the com-
mittees surprise is expressed at the
repetition of a request already fully
considered and which the companies
did not feel that they could grant.
Reference is made to the recent in-
crease, and further reason for a second
refusal is said to be the plan now un-
der consideration of the companies to
advance the wages of other employees
besides conductors and motormen.

As to the recognition of the union,
the companies are willing to meet em-
ployees individually or through commit-
tees at all reasonable times for the
discussion of matters of mutual interest
except on the point of discipline.
Touching this the management will not
yield its rights or compromise its obli-
gations to the public, its employees, and
itself.

The letters intimate that those who
have been longest in the service and
are therefore best qualified to judge are
satisfied with present conditions, and
it is suggested that those who are not
satisfied had better seek more congenial
fields of employment.

There will be a meeting of the union
in this city today and the communica-
tions to the committees will be formally
received by the men and discussed.

Operatives Meet With Flat Refusal
Lowell, Mass., March 20.—The con-
ference between the agents of the cot-
ton mills and the committee repre-
senting the Textile council yesterday
not only resulted in a flat refusal of
the former to grant any increase in
wages, but left the labor people in a
somewhat angry mood because they
were not able to present all the figures
that they had compiled. This was re-
flected last night at meetings of the
weavers and carders, who gave their
delegates to the Textile council full au-
thority to act as they saw fit in the
meeting to be held on Sunday. The
agents reiterated their statement that
conditions in Lowell would not permit
of an increase, and it will require cool
judgment to prevent a strike in the city.

No Increase For Yarn Workers
New Bedford, Mass., March 20.—The
conference between the New England
Cotton Yarn company and a commit-
tee representing its employees yester-

day afternoon lasted an hour and three-
quarters, during which time the argu-
ments on both sides were earnest and
spirited. At the end of the discussion
Treasurer Knowles of the corporation
declared emphatically that conditions
do not warrant the granting of the in-
crease which is demanded.

Awaiting Directors' Reply
New Haven, March 20.—The board of
directors of the New Haven road did
not make public the vote taken yester-
day at their meeting, as their employees
expected would be done. The pro-
posed meeting of the grievance commit-
tee was therefore not held last evening.
The full committee will be in New
Haven today and the directors' answer
will be forwarded to them.

No Change at Waterbury
Waterbury, Conn., March 20.—The
strike situation in this city remains un-
changed. The striking trolley men are
now awaiting the result of President
Mahon's visit to New York city, where
he has gone for the purpose of con-
fering with officials of the trolley
company.

No Subsidies For Big Families
Harrisburg, March 20.—In the house
yesterday the bill which had previously
passed second reading, "to subsidize
large families and provide for gold
medals for mothers of large families,"
failed on final passage by a vote of 65
to 55, less than a constitutional ma-
jority.

Flood's Crest Reaches Memphis
Memphis, March 20.—It is believed
that the crest of the Mississippi river
flood has reached Memphis and that a
fall will begin within less than 24
hours. However, the conditions that
exist above Memphis with the gap in
the levee at Tice's Landing, Ark.,
make it a most difficult and uncertain
matter to forecast what is likely to oc-
cur in the flood situation.

Mine Disaster In Cape Breton
Sydney, N. S., March 20.—As the re-
sult of an explosion followed by fire in
Dominion No. 1 colliery at Glace Bay,
C. B., four men are missing, 78 horses
were suffocated by fire and property
estimated at \$500,000 was de-
stroyed. A great quantity of gases had
accumulated and when a shot was fired
an explosion occurred.

Suicide In Children's Presence
Ithaca, N. Y., March 20.—In the
presence of her three small children,
Mrs. William I. Wixom, wife of a
wealthy resident of Meeklenburg, com-
mitted suicide yesterday by drinking
three ounces of carbolic acid. Brood-
ing over the death of her sister had
brought on an attack of melancholia.

Said to Be an Old Offender
Washington, March 20.—The navy de-
partment has ordered the court martial
of G. H. Edds, chief commissary stew-
ard at Newport, R. I., who is charged
with securing commissions on purchases
of provisions. It is charged at the de-
partment that his practices have ex-
tended over a period of 15 years.

Five Years and Fine of \$5000
Manila, March 20.—Jose Javier, the
alleged head of the new Katipunan
(secret society), who has been tried for
treason and sedition, was convicted
yesterday and sentenced to five years
imprisonment and to pay a fine of
\$5000.

Killed Three Women With Poison
London, March 20.—Klosowski, the
Southwark saloon keeper, was found
guilty yesterday of the murder of three
women by poison in different parts of
London and was sentenced to death.

The Weather Forecast
Almanac, Saturday, March 21.
Sun rises—5:45; sets—5:57.
Moon rises—1:10 a. m.
High water—5:15 a. m.; 5:45 p. m.
In the eastern part of the country
the weather has been fair with un-
usually high temperatures in the in-
terior valleys and lower lake regions.
Rain will probably fall in New En-
gland. It will be colder.

Danger of Colds and Grip.
The greatest danger from colds and grip is
their resulting in pneumonia. If reasonable
care is used, however, and Chamberlain's Cough
Remedy taken, all danger will be avoided.
Among the tens of thousands who have used
these remedies for these diseases we have yet
to learn of a single case having resulted in pneu-
monia, which shows conclusively that it is a
certain preventive of that dangerous disease. It
will cure a cold or an attack of the grip in less
time than any other treatment. It is pleasant
and safe to take. For sale by all druggists.

ON THE JUMP.

Remarkable Increase in
Post Office Business.

POSTMASTER HAMMOND.

Receipts Are Over \$1,000 per
Week.

Comparison of Money Order Business with
Four Years Ago.

Some surprising figures are presented
in the summary of a year's business of
the Quincy post office. The total postal
receipts for the city for the year ending
Dec. 31 last were \$56,867.31, an average
of over \$1,000 per week or over \$156 per
day. If all the receipts were from sale
of two-cent stamps it would represent
the sale of over 7,800 per day.

During the year 1902 there were is-
sued 5,775 domestic money orders and
2,718 international orders, over 25 per
day; while there were paid 5,975
domestic orders and 160 international
orders, about 20 per day.

The orders issued aggregated in
amount \$121,683.37, of which \$58,918.62
(over \$1000 a week went out of the
country.) Only \$2,742.48 was paid on
international orders, but more was
paid on domestic orders than the orders
issued.

In comparison with only four years
ago, the year 1898, the domestic orders
issued have increased over 44 per cent.
in number and have nearly doubled in
amount. The domestic money orders
paid have more than doubled in num-
ber and very nearly in amount. Less
however, was paid on international
orders than in 1898.

These figures, furnished by Post-
master Hammond, tell the story of the
rapid increase at a glance:

DOMESTIC ORDERS ISSUED.
[Including Canada.]

Year ending	Number.	Amount.
Dec. 31, 1902,	5,775	\$62,754.75
Dec. 31, 1898,	4,001	\$8,438.36
Increase,	1,774	24,326.39

INTERNATIONAL ORDERS ISSUED.

Dec. 31, 1902,	2,718	\$58,918.62
Dec. 31, 1898,	1,862	\$1,995.80
Increase,	856	\$21,922.82

DOMESTIC ORDERS PAID.
[Including Canada.]

Dec. 31, 1902,	5,975	\$68,509.38
Dec. 31, 1898,	2,861	\$4,634.01
Increase,	3,114	\$3,869.37

INTERNATIONAL ORDERS PAID.

Dec. 31, 1902,	160	\$2,742.48
Dec. 31, 1898,	171	\$3,317.34
Decrease,	11	\$674.09

The registry business shows the same
rapid increase. The number of pieces
registered for the year, ending Dec. 31,
1902, was 4533, against 2683 in 1898, an
increase of 1850.

The number of registered pieces re-
ceived for delivery was larger than the
number sent, for the year 1902 being
5224 against 2021 in 1898. The increase
was 3203 more than double.

The above statement does not in-

clude any money order or registry
transactions of Wollaston or Atlantic,
or the five sub stations.

AT STATIONS.

Number of registry transactions at stations,	
Station No. 1, West Quincy,	1075
Station No. 2, Quincy Point,	611
Station No. 3, Houghton Neck,	85
Station No. 4, Norfolk Downs,	106
Station No. 5, South Quincy,	622
Total,	2,298

Money orders issued at stations:

Station No.,	Number.	Amount.
Station No. 1,	1,145	\$15,420.87

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep peacefully free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

—The man who is paying interest at one per cent a week realizes perhaps more forcibly than most other people the truth of the old saying that time is money.

Good Afternoon.

Evidently, from the post office figures published today, Uncle Sam gets a good thing out of Quincy each year toward the support of the Post Office department, and there are very good reasons why the city should have an attractive and commodious Federal building and much better post office accommodations and service. Postmaster Hammond has been doing all he could in this direction, and has accomplished much, but there is yet a great opportunity. All parts of the city should have three deliveries per day; there should be an evening collection from boxes to be forwarded to Boston at 9 or 10 P. M., there should be many more mail boxes throughout the city; more carriers, etc.

Yearly postal receipts of \$56,267.31, an average of over \$1,000 per week, represent a yearly expenditure by each individual of the city, young and old of over \$2, or \$10 for a household of five. The largest expenditures of course are by the business enterprises of the city, of which the city itself is one. The Quincy Mutual Fire Insurance Co. makes large expenditures for postage, also the newspapers, National banks, and Savings bank, the Fore River Co., and many of the granite firms.

The amount which people of the city annually send abroad by money order is even in excess of the postal receipts of Quincy, the amount in 1902 being \$58,918.38, over \$1,100 per week. This in monthly instalments would be practically \$5000 per month. The total sum of \$58,918.38 was sent in 2718 orders, an average of over \$20 per order. An average of 225 orders are sent per month. Very little is received from abroad through the post office, but the amount which Quincy people receive from Domestic orders is a little in excess of the amount they send, both being in excess of \$1200 per month. Truly the post office figures are surprising, and the comparisons are reliable data, showing the rapid progress of the city.

It has been almost impossible to print enough Ledgers this week or rather to anticipate the demand which has been in excess of 2,000 daily. "It may be because of the murder or the new story," says a regular reader, "but I wish to congratulate you upon new life which has permeated every issue this week. You should continue to put local news on the first page."

Drift of Opinion.

What is a friend? We often speak the word lightly, not realizing how much it means. A friend is one who needs us and one whom we need. Around us may be many whose companionship we enjoy, but were they to suddenly drop out of their places there would be no soreness, no sense of deprivation, no lack of comfort elsewhere. We do not need them; neither do they need us. A friend is one to whom we cling, though many leagues of space separate us; whose fellow-feeling we never doubt, though years pass with no sight of his face or word from his pen. We know our friend loves us and that when we meet again it will be on the same old terms; we shall begin where we left off. A friend is one in whom we confide. The secret chambers of our soul open to his touch on the latch; we give and take tenderest confidences.—Young People's Weekly.

Stoneshed Fire.

The alarm at 1.10 this afternoon was for a fire at the stoneshed at F. Hardwick & Son on Quarry street. It was for the most part unoccupied and the loss was not over \$100.

SHARP LETTER.

Street Railway Company to their Employees.

They Want Mutual Confidence.

But Fear their Efforts are Misconstrued by Men.

Today is the day upon which the street railway employees expected to meet the officials of the company and receive their reply to the demand made for a flat wage of twenty-five cents an hour, and recognition of the union. There will be no joint meeting, however. The railway officials having decided not to grant the demand, evidently thought it useless to meet the men. The company, however, have given the men their answer in the following notice, signed by General Superintendent Goff and General Manager Foster, which was posted in all car barns of the company at 5 o'clock Thursday night:

Boston, Mass., March 19, 1903.

Messrs. Kelly, Walsh, Sheehan, Crowell, Bracelon, Keefe and Graham, Committee:

Gentlemen:—In answer to your requests of March 3, I would state as follows:—

As to your request for a rate of 25 cents per hour, I am, as stated to you at that time, surprised that it should be made. It is a repetition of a previous request which had the full consideration of the company, and for reasons then stated, could not be granted. There are further reasons today why it cannot be granted, of which you are aware.

There is, today, in effect a schedule of wages for conductors and motemen which represents a very large increase in the pay roll of the company, and which the company cannot afford to further increase, especially as there are already under consideration certain changes in the wages of other employees which will still further add to the cost of operation.

The principle involved in the new schedule has been proven by the test of time on portions of the system, and represents the ideas of those who have been for years in the active management of street railways, and certainly did, and would, meet with the approval of a majority of the conductors and motemen if left free to individually express themselves; and this principle will not be changed.

As to your other request, you are aware that it has been and will continue to be the policy of the company to meet any of its employees, individually, or through a committee, at all reasonable times, to discuss matters of either common or general interest to them, except such as pertain strictly to matters of discipline. In this matter, the company cannot yield its rights or its obligations, which it owes to the public as well as to the employees and itself. This can be readily seen when the nature of our business and its responsibilities are considered.

In conclusion, I would call to your attention that this business more than many others can only be successful when conducted on a plane of mutual confidence and respect. This we have endeavored to show to our employees, and perhaps to a certain extent it has been taken advantage of or misconstrued. It is quite certain that for the good of all concerned you should realize it, and if any of you have not that feeling of confidence and respect for the management, you owe it to yourselves as well as to the company to say so and retire from the service. There are those among you who, based on years of acquaintance and service, are satisfied with the present situation, and they are best constituted to judge of the future by the past, and are fairly entitled to be relieved from the anxiety caused by continued agitation and friction.

Special of City Council.

A special meeting of the City Council has been called for next Monday evening. Under the charter no business can be transacted at a special meeting other than that stated in the call. Learning that a special meeting would be necessary for jurors, President Alden held a conference with Mayor Bryant. He suggested to the Mayor that one of the most important matters before the City Council was the annual budget, and upon his suggestion consideration of this matter was inserted in the call.

A Hot March Day.

Today is the warmest March day for seven years and probably longer, in fact there was only one day in April last year with high temperature as today, and none in April 1901. It is also the warmest day since Oct. 19 and there were only two days in October as warm. There were cooler days every month last year than today.

A Card.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warmed Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money returned.

FELL FIFTY FEET.

Fatal Accident to Employee at the Shipyard.

Charles Olson of 14 Cranch street was fatally injured Thursday, at the Fore River Ship and Engine Co. He was at work about the battleships and fell from the travelling crane a distance of fifty feet. The police ambulance was called and he was removed to the City Hospital. There it was found that he had sustained a fracture of the skull and ribs, and a broken arm. He died early this morning. Mr. Olson has been an employee of the Fore River Co. for five years. He was 33 years of age and was married. He was a member of John Erikson Court of Foresters.

ON OPPOSITE SIDES.

Representative Fallon Speaks and Votes for Lighting Bill.

Representative Fallon spoke and voted in the Legislature Thursday in favor of substituting the bill permitting cities and towns, in establishment of municipal lighting plants, to acquire existing plants at a reasonable cost of duplication.

The substitution was also favored by Representatives Drinkwater, Carey, Dean, Coulthurst and Gast, and opposed by Representatives Moseley and Homans. Substitution prevailed 87 to 65 on roll call.

Fallon of Quincy and Drinkwater of Braintree voted yea, and Freeman of Quincy and Willis of Weymouth nay.

Miss Tucker's Recital.

The Teachers' Association course, which was ended Thursday evening with a recital by Miss Lucie Tucker, contralto soloist, has been an unqualified success. Each year that the association has had a course of lectures and concerts, it has been demonstrated that a good course will be supported by the people of the city, and the teachers are only too glad to offer one, so long as it is apparently appreciated.

The program for the evening's concert was varied and well arranged. Miss Tucker sang twelve selections in all, beginning the recital with a group of four. She has a voice of wide range and great power, and is of a most pleasing and commanding presence. As a result she had no difficulty in winning her audience from the very first. Her lighter numbers, notably the old English song, "Jockey to the Fair," were sung with a lightness and daintiness that contrasted strikingly with the power of some of her other songs. The two selections with cello obligato won much applause. The cello is excellently adapted to accompany the contralto voice and both numbers were well rendered by both singer and cellist. The selection that gave the best evidence of Miss Tucker's ability was that from Sampson and Deliah, "Oh! Love, Thy Help," by Saint Saens. Here her voice was shown in its greatest power.

The soloist was ably assisted by Miss Katherine Halliday, cellist, and Miss Laura Hawkins, pianist. Miss Halliday played Tchaikowsky's "Chanson Triste," and "Irrlichter" by August Niek. The latter selection is a bright catchy piece and won the player an encore. In the two numbers from Suite for piano and cello, by Rubinstein, her playing showed to very good advantage. Her work was marked by a certain dash and vigor that was most pleasing.

The piano work of the recital was very prominent. Miss Hawkins is a beautiful accompanist and the people would have been delighted to hear a solo from her. This desire was increased when she was heard with Miss Halliday.

Miss Tucker concluded the program with a group of five songs, ending with a splendid rendering of Mrs. Beach's delightful music to Browning's words from "Pippa Passes."

"The year's at the spring,
And day's at the morn;
Morning's at seven;
The hillside's dew-pearled;
The lark's on the wing;
The snail's on the thorn;
God's in his heaven—
All's right with the world."

Discussing a Strike.

A convention of the International Amalgamated Association of street railway employees is being held in Boston today to discuss the advisability of a strike in reply to the company's answer to their demands.

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

Change of moon tomorrow night.
"Spring begins" Saturday according to the almanac.

The friends of Mr. Wm. Fenton of Beale street are pained to hear of his serious illness.

Mr. C. Spear of Billings street has moved to the old Savage estate on Hancock street.

The average daily circulation of the Ledger for the first four days this week was in excess of 2,000.

Daniel C. Carey '08 of Quincy heads his class at Boston college and has been assigned a commencement part.

Mrs. T. Johnson of Glover avenue has taken a suite of rooms in the Miller building at Norfolk Downs.

City Clerk Harlow reports that there were 788 births recorded in Quincy during the year 1902, against 750 the year before.

A counter is being built across the Assessors' room at City Hall, so that outsiders can not visit all parts of the office as heretofore.

The Old Farmers' Almanac says "Look like rain or snow" the first of next week, and predicts that March will go out "quite cold."

Mrs. M. F. Baker of Walker street who has been ill and confined to her home for the past six months is now able to be out again.

The Merrymount club base ball team has organized for the season of 1903 with H. R. Osgood, captain; G. R. Kent, manager; C. A. Baker, assistant manager.

Tickets for the annual banquet and theatre party of the Granite City club next Tuesday evening are meeting with a ready sale, and it is expected that the party will number one hundred or more.

Two employees of the Street department who left their teams in the stable Tuesday and went to Boston to see the parade, without first obtaining permission, are now looking for new jobs.

The sound of the piping of the frogs at night makes one think of summer, as do the cheerful notes of the robins in the morning, bidding all be up and doing for spring is here and with it lots of work to be done.

People who are out today will have no difficulty in eating their peck of dirt. All say that the watering cart would be a welcome visitor. Commissioner Knowlton, when seen, said it was up to the City Council. They appropriate the money and decide that May 1 shall be the time for the watering of streets to commence.

SOUND COLLISION.

**Taunton Runs Down City
of Plymouth.**

**Six or More are Re-
ported Dead.**

**Two Hundred Passengers on the
Plymouth.**

The City of Plymouth of the Fall
River line is a complete wreck because
of being run down at midnight by the
City of Taunton near the Race.

The Plymouth left New York last
night with 500 passengers, while the
Taunton had a big cargo but no passen-
gers.

The bow of the Taunton penetrated
the Plymouth about ten feet.

Six persons are known to be dead and
probably more.

Passengers were pinned in their state-
rooms in many cases and unable to get
out.

No Arrests in Deering Case
Brewer, Me., March 19.—There have
been no developments in the Deering
tragedy. The verdict of the coroner's
jury and the evidence of the most im-
portant witnesses is still withheld from
the public by direction of the county
attorney. No arrests have been made.

A Drop in Anthracite
Portsmouth, N. H., March 19.—An-
thracite coal dropped to 6.50 a ton yes-
terday, the lowest price for nearly two
years. A further reduction for sum-
mer delivery is predicted.

Capital Damaged by Earthquake
Helen, March 19.—A seismic shock
did serious damage to Montana's new
state house. Three great pillars in the
rotunda of the capitol were wrecked by
the earthquake, which did no damage
to other buildings so far as known.

EX-MAYOR ADAMS.

Elected as President of Massachusetts Yacht Racing Association at Meeting Thursday.

LEAGUE GAMES.

**Points Divided Nearly Equally With
Granite Citys and No. Quincys.**

Granite City secured five out of the
nine points in the Norfolk County
league games Thursday evening with
the North Quincys at Norfolk Downs.
Granite City won both games of whist,
and one point each at pool and billiards,
and one string at bowling.

Unfortunately, but one of the Granite
City billiard players showed up, and
he was therefore obliged to play both
games. This player was Henry Mc-
Grath. The first game he played with
Barnes and defeated him by a score of
75 to 41. The second game he played
against Emerson. This game he did
not expect to win, and he was not dis-
appointed when Emerson captured it
by a score of 75 to 40.

At pool another Granite City player
did not show up, and Wood substituted.
He was defeated by Faircloth who
secured his fifty balls while Wood was
getting 40. The second game was be-
tween McDonnell of Granite City and
Kingsley of North Quincy. McDonnell
was an easy winner by a score of 50 to
26.

At whist Granite City won both
games. Now that the season is near
the end, the club has settled down
upon two teams, had this been done
earlier in the season there is no reason
why Granite City should not have had a
good lead at whist. The first games
were between Rideout & Penniman &
Farabee & Beale. The former
team won by a score of 9 to 3. The
second game was between Johnson and
Morse and Potter and Hill. The
former won by a score of 8 to 2.

North Quincy is high line on bowling
and although they dropped one string
to Granite City it will not effect their
standing. North Quincy won the first
string by 13 pins, and Granite City the
second string by 3 pins, leaving North
Quincy a total lead of 10 pins. The
third string was won by North Quincy
by 30 pins, giving them a total lead of
40 pins. The totals were North Quincy
1147; Granite City, 1127.

Hill of Granite City was high man
on three-strings totals with 245 with
Taylor of North Quincy second with
242. Hill was also high man on single
strings with 95, and Taylor second
with 87. Both men bowled their high-
est number of pins on the last string.
Lennon who substituted for Johnson
of Granite City was low man on singles
with 56, and on three string totals with
199. For North Quincy Osgood was
low man on singles with 66, and Pol-
land on three-string totals with 220.

The scores:

DANCED IN BARN.

**Many Were in Costume and All
Had Jolly Good Time.**

Mr. and Mrs. Amos Damon enter-
tained the Saturday Evening club
Thursday evening with a barn party at
their residence on Edwards street. The
barn was gaily decorated with Japanese
lanterns and looked very inviting.
Burke's orchestra furnished music and
dancing was in order until 10.30. Frap-
pe was served during the evening and
later refreshments.

A number of the party appeared in
costume among whom were:
Harry Winslow representing Old
Bowser.

Mrs. Fannie Brooks, county lass of
fifty years ago.

Charles Brooks of Hancock Market
fame, as Fatty Felix correctly portrayed
that character and created much merrit-
ment.

Harry Tracy, the famous outlaw, was
impersonated by F. G. Pratt,
Henry Rogers was Old King Cole,
the jolly old soul.

Mrs. Rogers and Miss Mollie Rogers
were gowned in costumes of ye olden
times.

No costume party is complete without
military men and this part of the gov-
ernment service was impersonated by
Ralph Damon and A. F. Hall.
It was a merry party and not until
midnight were the festivities brought
to a close.

BRAINTREE.

Mrs. Jennie Bradley has returned to
her home on Franklin street after
several weeks' absence in Ipswich.

Mrs. Arthur Hale and daughter were
guests Tuesday of Rev. Mr. Williams
and wife in Cambridge.

Mrs. William Cobb of Washington
street entertained her niece, Mrs.
Minnie Sturgis of Cotuit, on Tuesday.
The friends of Mrs. David Pek-
ham, formerly of this place, will be
grieved to learn that she has been
called upon to bury her father and
mother, Mr. and Mrs. Sylvanus Mendall
of Middleboro, within the past week.

Miss Webster of Washington street
returned Sunday evening from a short
visit with her aunt, Mrs. Clark of
Dorchester.

Mrs. Tirrell of East Weymouth is the
guest of her daughter, Mrs. G. V.
Pennock of Frederick road.

MOTHER AND BABE

Sick mother—sick child
That's the way it works when
a mother is nursing her infant.

Scott's Emulsion is an ideal
medicine for nursing mothers.
It has a direct effect on the
milk. Sometimes the mother
is weak; her thin milk does not
make the baby grow. Scott's
Emulsion changes all that.
The rich cod-liver oil in Scott's
Emulsion feeds the mother and
gives a flow of rich, nourishing
milk for the baby.

The medicine in Scott's
Emulsion not only strengthens
the mother but goes naturally
through the milk and strength-
ens the child.

Nothing to harm—all for
good—Scott's Emulsion.

We'll send you a little to try, if you like.
SCOTT & BOWNE, 409 Pearl street, New York.

TO FULL WIDTH.

**Decree for Hancock Street
Bridge.**

**Will Provide for Four
Tracks.**

**And Greatly Improve Hancock
Street and the City.**

The Norfolk County Commissioners
decreed this week that a new substau-
tial bridge should be built over the
railroad on Hancock street near the
Atlantic station; that it should be
widened to the full width of Hancock
street, which is 64 feet, and that it
should be completed within six months
of the decree, or before Sept. 17.

The new structure will be what is
known as a three girder bridge, and
the County Commissioners and Mayor
Bryant have already approved plans
submitted by the N. Y., N. H. & H.
R. R.

It has been decided to depress the
tracks at this point one foot in order to
obtain a height of 15 feet, 8 inches,
about a foot more than at present. To
depress the tracks further would put
them in water, while to raise the
bridge still higher, would be expen-
sive, and cause the highway grade
to be too great.

The new bridge means a great im-
provement to the street and the city,
and will better accommodate the rail-
road as well as the street traffic, as the
new bridge will provide for four tracks.

LONG MARRIED.

**Quincy Couple Observe Their 63d
Anniversary.**

The large residence of Capt. and Mrs.
Henry A. Snow, at 84 Faxon Road, Nor-
folk Downs, was thrown open to friends
Thursday evening, in honor of the 63d
anniversary of their marriage. Capt.
Snow was born in Boston, Aug. 16,
1817, and has lived in Boston and vicin-
ity during his life. On March 19, 1840,
at the age of 23, he was married to Miss
Sarah Keith, then 20 years of age, at
the bride's home on Richmond street,
Boston, "and," says Mr. Snow, "it
was just such a day as this, warm and
fair, and that is how we have found
life."

Three children have been born to
them, two of whom are still living,
Mr. William H. Snow of Norfolk
Downs, and Mrs. Anna M. Jones of
Waltham; also 12 grandchildren, 11 of
whom are now living.

Capt. Snow is well known in military
circles, having entered service at the
age of twenty. In 1841 he joined the
Independent Boston Fusiliers, and was
in command for 50 years, when he was
obliged to give it up on account of
approaching age.

For thirty-three years he was with
the Bradstreet Commercial Agency of
Boston, and among other valuable and
beautiful presents received by him on
this occasion was a large purse from
the agency.

Among the keepsakes that Capt.
and Mrs. Snow value most are two
separate pictures of themselves painted
on ivory sixty-five years ago, while
they were still young.

Mrs. Snow corroborated these state-
ments, putting especial stress on the
subject of the wife being able to cook.
"One cannot live on love and cheese,
and kisses, you know," said she.

Capt. Snow is an astonishingly hale
and hearty man of his years, and many
of the younger people envy him his
health. Mrs. Snow has enjoyed good
health until the last ten months, having
been confined to her room, but she was
brave enough to receive on this occa-
sion.

A large party was entertained, over
250 invitations being sent out. Among
the guests were the Fusilier Veterans
in full dress uniform, who brought a
loving cup.
Mr. Allen Hunter of Dorchester pre-
sided at the piano, with Mr. George
A. Hiller and Miss Florence W. Jones,
a granddaughter, as soloists.

Capt. and Mrs. Snow are to be con-
gratulated with many good wishes for
many more years of health and pros-
perity.

TODAY'S COURT.

Lester Clark and Ernest Cox were ar-
raigned for breaking glass at Randolph. Cases con-
tinued until Saturday.

Edward J. Donahue and William F. Mc-
Gaughey were arraigned for mutual assault at
Randolph, and were fined \$15 each.

Joseph McLaughlin was sent to the house of
correction for three months for drunkenness at
Quincy.

George F. Jones was arraigned for drunken-
ness at Quincy. Case continued until Saturday.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English from Sir Edwin Caskoden's Memoir
 By EDWIN CASKODEN [CHARLES MAJOR]

Copyright, 1898 and 1901, by the Bowen-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Caskoden, master of the dance. III.—Caskoden is attentive to Lady Jane Bolingbroke, companion to the princess.

CHAPTER III.—Continued.
 Now, when Mary returned the whole court rejoiced, and I was anxious for Brandon to meet her and that they should become friends. There would be no trouble in bringing this meeting about, since, as you know, I was upon terms of intimate friendship with Mary and was the avowed and, as I thought, at least hoped, all but accepted lover of her first lady in waiting and dearest friend, Lady Jane Bolingbroke. Brandon, it is true, was not noble, not even an English knight, while I was both knighted and noble, but he was of as old a family as England boasted and near of kin to some of the best blood of the land. The meeting came about sooner than I expected and was very near a failure. It was on the second morning after Mary's arrival at Greenwich. Brandon and I were walking in the palace park when we met Jane, and I took the opportunity to make these, my two best loved friends, acquainted.

"How do you do, Master Brandon?" said Lady Jane, holding out her plump little hand, so white and soft and dear to me. "I have heard something of you the last day or so from Sir Edwin, but had begun to fear he was not going to give me the pleasure of knowing you. I hope I may see you often now and that I may present you to my mistress."

With this her eyes, bright as overgrown dewdrops, twinkled with a mischievous little smile, as if to say, "Ah, another large handsome fellow to make a fool of himself!"
 Brandon acquiesced in the wish she had made, and after the interchange of a few words Jane said her mistress was waiting at the other side of the grounds and that she must go. She then ran off with a laugh and a courtesy and was soon lost to sight behind the shrubbery at the turning of the walk.

In a short time we came to a summer house near the marble boat landing, where we found the queen and some of her ladies awaiting the rest of their party for a trip down the river which had been planned the day before. Brandon was known to the queen and several of the ladies, although he had not been formally presented at an audience. Many of the king's friends enjoyed a considerable intimacy with the whole court without ever receiving the public stamp of recognition socially which goes with a formal presentation. The queen, seeing us, sent me off to bring the king. After I had gone she asked if any one had seen the Princess Mary, and Brandon told her Lady Jane had said she was at the other side of the grounds. Thereupon her majesty asked Brandon to find the princess and to say that she was wanted.

Brandon started off and soon found a bevy of girls sitting on some benches under a spreading oak, wearing spring flowers. He had never seen the princess, so could not positively know her. As a matter of fact he did know her as soon as his eyes rested on her, for she could not be mistaken among a thousand. There was no one like her or anything near it. Some stubborn spirit of opposition, however, prompted him to pretend ignorance. All that he had heard of her wonderful power over men and the servile manner in which they fell before her had aroused in him a spirit of antagonism and had begotten a kind of distaste beforehand. He was wrong in this, because Mary was not a coquette in any sense of the word and did absolutely nothing to attract men except to be so beautiful, sweet and winning that they could not let her alone, for all of which surely the prince of fault finders himself could in no way blame her.

She could not help that God had seen fit to make her the fairest being on earth, and the responsibility would have to lie where it belonged—with God. Mary would have none of it. Her attractiveness was not a matter of volition or intention on her part. She was too young for deliberate snare setting, though it often begins very early in life, and made no effort to attract men. Man's love was too cheap a thing for her to strive for, and I am sure in her heart she would infinitely have preferred to live without it—that is, until the right one should come. The right one is always on his way and, first or last, is sure to come to every woman—sometimes, alas, too late—and when he comes, be it late or early, she crowns him, even though he be a long eared ass. Blessed crown, and thrice blessed blindness—else there were fewer coronations.

So Brandon stirred this antagonism and determined not to see her manifold perfections, which he felt sure were

exaggerated, but to treat her as he would the queen, who was black and leathery enough to frighten a satyr, with all respect due to her rank, but with his own opinion of her nevertheless safely stored away in the back of his head.

Coming up to the group, Brandon took off his hat and, with a graceful little bow that let the curls fall around his face, asked, "Have I the honor to find the Princess Mary among these ladies?"

Mary, who I know you will at once say was thoroughly spoiled, without turning her face toward him replied: "Is the Princess Mary a person of so little consequence about the court that she is not known to a mighty captain of the guard?"

He wore his guardsman's doublet, and she knew his rank by his uniform. She had not noticed his face.
 Quick as a flash came the answer: "I cannot say of what consequence the Princess Mary is about the court. It is not my place to determine such matters. I am sure, however, she is not here, for I doubt not she would have given a gentler answer to a message from the queen. I shall continue my search." With this he turned to leave, and the ladies, including Jane, who was there and saw it all and told me of it, awaited the bolt they knew would come, for they saw the lightning gathering in Mary's eyes.

Mary sprang to her feet with an angry flush in her face, exclaiming: "Insolent fellow, I am the Princess Mary. If you have a message, deliver it and be gone." You may be sure this sort of treatment was such as the cool headed, daring Brandon would repay with usury; so, turning upon his heel and almost presenting his back to Mary, he spoke to Lady Jane:

"Will your ladyship say to her highness that her majesty the queen awaits her coming at the marble landing?"

"No need to repeat the message, Jane," cried Mary. "I have ears and can hear for myself." Then, turning to Brandon, "If your insolence will permit you to receive a message from so insignificant a person as the king's sister, I beg you to say to the queen that I shall be with her presently."

He did not turn his face toward Mary, but bowed again to Jane.
 "May I ask your ladyship further to say for me that if I have been guilty of any discourtesy I greatly regret it. My failure to recognize the Princess Mary grew out of my misfortune in never having been allowed to bask in the light of her countenance. I cannot believe the fault lies at my door, and I hope for her own sake that her highness on second thought will realize how ungentle and unkind some one else has been." And with a sweeping courtesy he walked quickly down the path.

"The insolent wretch!" cried one.
 "He ought to hold papers on the pillory," said another.

"Nothing of the sort," broke in sensible, fearless little Jane. "I think the Lady Mary was wrong. He could not have known her by inspiration."

"Jane is right," exclaimed Mary, whose temper, if short, was also short lived and whose kindly heart always set her right. If she but gave it a little time. Her faults were rather those of education than of nature. "Jane is right. It was what I deserved. I did not think when I spoke and did not really mean it as it sounded. He acted like a man and looked like one, too, when he defended himself. I warrant the pope at Rome could not run over him with impunity. For once I have found a real live man, full of manliness. I saw him in the lists at Windsor a week ago, but the king said his name was a secret, and I could not learn it. He seemed to know you, Jane. Who is he? Now tell us all you know. The queen can wait."

And her majesty waited on a girl's curiosity.
 I had told Jane all I knew about Brandon, so she was prepared with full information and gave it. She told the princess who he was, of his terrible duel with Judson, his bravery and adventures in the wars, his generous gift to his brother and sisters, and, lastly, "Sir Edwin says he is the best read man in the court and the bravest, truest heart in Christendom."

After Jane's account of Brandon they all started by a roundabout way for the marble landing. In a few moments whom did they see coming toward them down the path but Brandon, who had delivered his message and continued his walk. When he saw whom he was about to meet, he quickly turned in another direction. The Lady Mary had seen him, however, and told Jane to run forward and bring him to her. She soon overtook him and said:

"Master Brandon, the princess wishes to see you," then maliciously: "You will suffer this time. I assure you she is not used to such treatment. It was glorious, though, to see you retreat such an affront. Men usually smirk and smile foolishly and thank her when she smites them."

[To be continued tomorrow.]

BY A LARGE MAJORITY

Senate Ratifies Reciprocity Treaty With Cuba

COMMITTEE AMENDMENTS

Are Agreed to, While Those Offered by Democrats Are Defeated by Strict Party Vote—Wrangle Over Publicity of Speeches Compromised

Washington, March 20.—After ratifying the Cuban reciprocity treaty the senate adjourned sine die at 5:15 yesterday. Practically the entire day was spent behind closed doors in executive session. Most of the time was devoted to consideration of the Cuban treaty. Several speeches were made in opposition to the treaty and one in favor of it and at 3 o'clock voting began. Roll calls were had on a number of amendments and the treaty itself was made the subject of an aye and nay vote. The motion to ratify was adopted by a ballot of 50 to 16, somewhat more than a three-fourths vote, whereas only a two-thirds vote was necessary to secure a ratification.

Immediately after the doors were closed a few minutes past 11 o'clock Senator Foster took the floor in opposition to the treaty. He spoke for about two hours and a half. In the main his speech was an appeal for the protection of the American sugar producing industry. He spoke especially for the cane sugar interests of Louisiana. Other speeches in opposition were made by Senators Berry and Carmack. Senator Simmons was the only Democrat who made a speech in advocacy of the ratification of the treaty. He replied at some length to the speech of Senator Foster, declaring for the treaty as a means of promoting friendly relations between the United States and Cuba. He said that he spoke for the United States and not for Cuba, declaring he did not accept the theory that the United States is under obligations to Cuba, saying he thought that we had done all for the Cubans that any one nation could be expected to do for another.

On the conclusion of Mr. Simmons' speech voting began. The committee on foreign relations announced the acceptance of two amendments in addition to those already recommended by the committee. The first of these was the amendment increasing the rate of reduction on flour, cornmeal and corn imported into Cuba from the United States. The other amendment adopted by the committee fixed a uniform reduction of 30 percent on American cotton goods imported into Cuba.

After the committee amendments had been accepted the Democrats offered a number of amendments, but they were all voted down by a strict party vote. The vote then was taken on the motion to ratify, which was made by Senator Cullom, and the motion prevailed, 50 to 16.

When the result had been footed up the figures were announced from the chair and the presiding officer stated that as the treaty had received the necessary two-thirds vote it had been ratified. Senators Allison and Cockrell were appointed a committee to wait on the president and notify him that if he had no further communications to make to the senate the senate was ready to adjourn. These two senators immediately took their departure for the White House, but they had scarcely left the chamber when the senate found itself again plunged into controversy. The question this time was whether the debate on the canal treaty which had taken place after the calling in of the official reporters should be given to the public.

The contention was made on the Democratic side that there had been a clear understanding that all the speeches were to be given publicly. Some Republican senators agreed with this view, but others declared that there was no unanimous agreement to that effect. The issue was quite sharply joined and at times the language was emphatic, but ultimately the difficulty was compromised by a suggestion that all the speeches should be made public, but that none of them should be given out except those of Senators Morgan and Cullom, which have already been published, until after the ratification of the treaty by both the United States and Colombia should be proclaimed.

This discussion was still under way when Senators Allison and Cockrell returned from the White House, and when the controversy had been concluded Senator Allison announced as the result of their mission that the president had stated that he had no further communication to make to the senate. He thereupon moved the final adjournment of the senate and this motion prevailed without division.

In the open session of the senate at the beginning of the day a little legislative business came before the senate.

As to Permanent Treaty
 Havana, March 20.—President Palma was shown by the representative of The Associated Press a dispatch giving the news of the ratification by the American senate of the Cuban reciprocity treaty. He expressed his gratification at this action. The conclusion of a permanent treaty awaits only the decision of the United States government as to whether or not it will claim sovereignty over the Isle of Pines. There is no doubt here that the sovereignty of Cuba will be conceded.

MRS PENNELL'S WEALTH

Her Father Will Come Into Possession of Estate Valued at \$225,000
 Buffalo, March 20.—It is estimated that Mrs. Pennell's estate will now amount to approximately \$225,000, all of which will go to her father, Winslow S. Lamb. It is understood that Mrs. Pennell drew up a will some time before her death, although none has been found up to this time so far as known. In fact Mrs. Pennell told a close friend that she made a will last summer, about the time her husband made his, and that in it she bequeathed her entire estate to her husband. If that be true, it will make no difference in the ultimate disposal of her estate. It will not go to her husband's relatives because he died first. Hence, even if Mrs. Pennell's will is found, her entire estate will go to her father.

Some time after his death Arthur R. Pennell changed the beneficiary for several large insurance policies. Who the insurance was assigned to is not definitely known.

Strike Breakers Deserted
 Pittsburg, March 20.—Before midnight all of the 40 non-union bridge-workers who were brought here yesterday, and who were quartered on a houseboat, were captured by the strikers and initiated into the union. Early in the night 14 strikers manned by strikers arrived at the boat house and 20 of the new men were taken away. The officials of the company then took measures to lodge the other 20 in a house on Ferry street. The men were brought to the foot of Ferry street by steamer, where they were met by a large crowd of strikers and were induced to desert the company.

A Clandestine Wedding
 New York, March 20.—It is learned that Jose E. Palma, son of the president of Cuba, and Miss Mabel Jacobs, a student at the normal college and daughter of David E. Jacobs, a wealthy tobacco importer, were privately married here on Feb. 11. The young man, who is a student at Columbia university, went to Washington yesterday to request the Cuban minister to break the news of the marriage to his father. Fear of parental opposition appears to have been the cause of the secrecy of the marriage.

Wholesale Indictments of Miners
 Charleston, W. Va., March 20.—The United States grand jury yesterday found over 250 indictments against miners and those who participated in the alleged hold-up of Deputy Marshal Cunningham at Atkinsville and in the Stamford battle between miners and deputy marshals. Deputy Marshal Cunningham will organize a posse to secure the arrest of the indicted parties and trouble is feared.

GAIN FLESH

An Absolute Necessity in Many Cases.

A DECREASE IN WEIGHT FREQUENTLY INDICATES A DECLINE.

Our Modern Rebuilder, Vinol, Will Help You Do It.

THE WAY IT ACTS ON A DEPLETED CONSTITUTION IS SIMPLY MARVELOUS.

Are you getting thin? If you are you had better watch yourself. Take Vinol. It will build you up quickly and surely.

A healthy man does not vary much from year to year in his weight. This is as it should be. Vinol enables the organs of the body to renew flesh, muscle tissue, bone structure, and attends to purifying the great vital current of the human system, the blood. Vinol contains the active curative properties of Cod-Liver Oil in a highly concentrated state, and is the most wonderful tonic we have ever had anything to do with.

Vinol acts upon the stomach in a beneficial way, enabling it to obtain for itself the necessary ingredients from the food that is taken into it to build up the pure healthy body and increase the weight.

Mr. H. M. Stufell, who is a well-known passenger trainman on the Boston and Maine Railroad, suffered as many railroad men do, with kidney and other troubles. He writes as follows: "My kidneys troubled me a great deal, my bowels were very irregular. I had great distress in my stomach, suffered with bilious headaches, had no appetite, could not sleep nights, and was losing flesh rapidly. I began to take Vinol, I am now on my third bottle, and it is doing wonders for me. My kidneys are better, my bowels are regular, my stomach no longer troubles me, and no more headaches, and as for appetite, don't speak of it; I sleep like a top and have gained thirteen pounds. You can count on me always to recommend Vinol as the king of medicines."

With many such testimonials as the above coming before us, it is not strange that we endorse Vinol as strongly as we do. We unhesitatingly agree to return to any one who has taken Vinol and is not satisfied that it has accomplished all that we claim for it every cent that they have paid us for this remedy.

EDWARD J. MURPHY, DRUGGIST.

To Make Red Cheeks

A little red, a little white, delicately blended. That's one way. Here's a better:

Take Ayer's Sarsaparilla. It makes the blood pure and rich. You know the rest: red cheeks, steady nerves, good digestion, restful sleep, power to endure. Keep the bowels regular with Ayer's Pills; this will greatly aid the Sarsaparilla. Two grand family medicines. Keep them on hand. J. C. AYER CO., Lowell, Mass.

MURDERERS' FATE

Ballard and Lambert Got Life Imprisonment at With Hard Labor

Dover, Me., March 20.—"Guilty of murder in the first degree" was the verdict returned last night by the jury after an hour's consideration at the conclusion of the trial of Edward Ballard for the murder of Martin Stanton on the Eagle lake road on Oct. 11, 1902. Ballard was sentenced to life imprisonment with hard labor at the state prison. The trial occupied three days.

Justice Powers, in addition to Ballard, pronounced sentence on Henry Lambert, who was found guilty of murder in the first degree at the September, 1901, term of the supreme judicial court. The charge on which he was convicted was the murder of J. W. Allen at Shirley on May 12, 1901, when Mr. Allen, his wife and 14-year-old daughter were killed and incinerated in their home.

Lambert was ordered to state prison for life at hard labor and will be taken to Thomaston along with Ballard.

Police in Philippines Condemned

Boston, March 20.—A strong protest against "the suppression of truth concerning the conduct of the war in the Philippines" was uttered by distinguished speakers in Faneuil hall yesterday afternoon and evening. Not only the tortures said to have been practiced upon Filipinos and American soldiers in the Philippines, but also the attitude of the president, Senator Lodge and the senate committee toward an investigation of the true state of affairs were scathingly criticised. These allegations were made against the army authorities: Father Augustine de la Pena tortured to death by water cure at Banate; Edward C. Richter, private, United States infantry, tortured to death by water cure at Dasmariñas; doctor of the village of Jaro, tortured by water cure to extort information and money; Brigadier General Funston ordered no prisoners to be taken, which is interpreted to mean to fill all prisoners, at battle of Calocan.

Unknown Suicide in Woods

Rochester, N. H., March 20.—Two tramps yesterday discovered the body of an unknown man in the woods a few miles from Rochester. The man apparently committed suicide by firing a bullet from a revolver into his mouth. He was about 50 years old, gray hair, was well dressed, wore a fine diamond ring, and had \$152 in his pocket. There was not a scrap of paper in the clothing that would have served to convey identity. The dead man was evidently a commercial traveler. The coroner thinks that the man had been dead a number of days.

Leave Office Under Pressure

Gloster, Mass., March 20.—F. W. Tibbets, J. R. Pringle and E. F. Payson, comprising the board of license commissioners of this city, have resigned at Mayor Tolman's request. This action of the members of the board is the result of charges against them at the instance of a number of citizens who wanted an investigation. There will be no public investigation of the board.

Away Above Contract Requirements

Bridgeport, Conn., March 20.—The coast defense monitor Florida finally succeeded in making an official speed trial late yesterday afternoon and the result is highly satisfactory to both her builders and the government trial board. The government contract called for a speed of 11½ knots, but during the trial the highest speed attained was 13 knots and the lowest 12.44.

Crew Not Yet Heard From

Boston, March 20.—C. S. Glidden of this city, managing owner of schooner C. S. Glidden, which struck on Cape Lookout shoals, received word yesterday that the schooner is wholly submerged and is a total wreck. Nothing has been saved. Captain Fales and the crew of the vessel, who were taken off by a steamer, have not yet been heard from.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English from Sir Edwin Caskoden's Memoir

By EDWIN CASKODEN [CHARLES MAJOR]

Copyright, 1893 and 1901, by the Bowen-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

SYNOPSIS.

Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Caskoden, master of the dance. III.—Caskoden is attentive to Lady Jane Boleynbrooke, companion to the princess.

CHAPTER III—Continued.

Brandon was disinclined to return. "I am not in her highness' command," he answered, "and do not care to go back for a reprimand when I am in no way to blame."

"Oh, but you must come. Perhaps she will not scold this time!" And she put her hand upon his arm and laughingly drew him along. Brandon of course had to submit when led by so sweet a captor—anybody would. So fresh and fair and lovable was Jane that I am sure anything masculine must have given way.

Coming up to the princess and her ladies, who were waiting, Jane said, "Lady Mary, let me present Master Brandon, who, if he has offended in any way, humbly sues for pardon." That was the one thing Brandon had no notion on earth of doing, but he let it go as Jane had put it, and this was his reward:

"It is not Master Brandon who should sue for pardon," responded the princess. "It is I who was wrong. I blush for what I did and said. Forgive me, sir, and let us start anew." At this she stepped up to Brandon and offered him her hand, which he, dropping to his knee, kissed most gallantly.

"Your highness, you can well afford to offend when you have so sweet and gracious a talent for making amends. A wrong acknowledged," as some one

"Your highness, you can well afford to offend."

has said, "becomes an obligation." He looked straight into the girl's eyes as he said this, and his gaze was altogether too strong for her, so the ladies fell. She flushed and said, with a smile that brought the dimples:

"I thank you. That is a real compliment." Then laughingly: "Much better than extravagant comments on one's skin and eyes and hair. We are going to the queen at the marble landing. Will you walk with us, sir?" And they strolled away together, while the other girls followed in a whispering, laughing group.

Was there ever so glorious a calm after such a storm?

"Then those mythological compliments," continued Mary. "Don't you dislike them?"

"I can't say that I have ever received many, none that I recall," replied Brandon, with a perfectly straight face, but with a smile trying its best to break out.

"Oh, you have not? Well, how would you like to have somebody always telling you that Apollo was humpbacked and misshapen compared with you; that Endymion would have covered his face had he seen yours, and so on?"

"I don't know, but I think I should like it from some persons," he replied, looking ever so innocent.

This savor of familiarity after so brief an acquaintance and caused the princess to glance up in slight surprise, but only for the instant, for his innocent look disarmed her.

"I have a mind to see," she returned, laughing and throwing her head back as she looked up at him out of the corner of her lustrous eyes. "But I will pay you a better compliment. I positively thank you for the rebuke. I do many things like that, for which I am always sorry. Oh, you don't know how difficult it is to be a good princess!" And she shook her head with a gathering of little trouble wrinkles in her forehead, as much as to say, "There is no getting away from it, though." Then she breathed a soft little sigh of tribulation as they walked on.

"I know it must be a task to be good when everybody flatters even one's shortcomings," said Brandon and then continued in a way that, I am free to confess, was something priggish: "It is almost impossible for us to see our

own faults even when others are kind enough to point them out, for they are right ugly things and unpleasant to look upon. But, lacking those outside monitors, one must all the more cultivate the habit of constant inlooking and self examination. If we are only brave enough to confront our faults and look them in the face, ugly as they are, we shall be sure to overcome the worst of them. A striving toward good will achieve at least a part of it."

"Oh!" returned the princess. "But what is good and what is wrong? So often we cannot tell them apart until we look back at what we have done, and then it is all too late. I truly wish to be good more than I desire anything else in the world. I am so ignorant and helpless and have such strong inclinations to do wrong that sometimes I seem to be almost all wrong. The priests say so much, but tell us so little. They talk about St. Peter and St. Paul and a host of other saints and holy fathers and what nots, but fail to tell us what we need every moment of our lives; that is, how to know the right when we see it, and how to do it; and how to know the wrong and how to avoid it. They ask us to believe so much and insist that faith is the sum of virtue and the lack of it the sum of sin, that to faith all things are added, but we might believe every syllable of their whole disturbing creed and then spoil it all through blind ignorance of what is right and what is wrong."

"As to knowing right and wrong," replied Brandon, "I think I can give you a rule which, although it may not cover the whole ground, is excellent for everyday use. It is this, Whatever makes others unhappy is wrong, whatever makes the world happier is good. As to how we are always to do this I cannot tell you. One has to learn that by trying. We can but try, and if we fail altogether there is still virtue in every futile effort toward the right."

Mary bent her head as she walked along in thought. "What you have said is the only approach to a rule for knowing and doing the right I have ever heard. Now what do you think of me as a flatterer? But it will do no good. The bad is in me too strong. It always does itself before I can apply any rule or even realize what is coming." And again she shook her head, with a bewitching little look of trouble.

"Pardon me, your highness, but there is no bad in you. It has been put on you by others and is all on the outside. There is none of it in your heart at all. That evil which you think comes out of you simply falls from you. Your heart is all right or I have greatly misjudged you." He was treating her almost as if she were a child.

"I fear, Master Brandon, you are the most adroit flatterer of all," said Mary, shaking her head and looking up at him with a side glance. "People have deluged me with all kinds of flattery—I have different sorts listed and labeled—but no one has ever gone to the extravagant length of calling me good. Perhaps they think I do not care for that, but I like it best. I don't like the others at all. If I am beautiful or not, it is as God made me, and I have nothing to do with it and desire no credit, but if I could only be good it might be my own doing perhaps, and I ought to have praise. I wonder if there is really and truly any good in me and if you have read me aright." Then, looking up at him with a touch of consternation, "Or are you laughing at me?"

"Or are you laughing at me?" Brandon wisely let the last suggestion pass unnoticed. "I am sure that I am right. You have glorious capacities for good, but, alas, corresponding possibilities for evil. It will eventually all depend upon the man you marry. He can make out of you a perfect woman or the reverse." Again there was the surprised expression in Mary's face, but Brandon's serious look disarmed her.

"I fear you are right, as to the reverse at any rate, and the worst of it is I shall never be able to choose a man to help me, but still sooner or later be compelled to marry the creature who will pay the greatest price."

"God forbid!" said Brandon reverently. "They were growing rather serious, so Mary turned the conversation again into the laughing mood and said, with a half sigh: 'Oh, I hope you are right about the possibilities for good, but you do not know. Wait until you have seen more of me.'"

"I certainly hope I shall not have long to wait."

The surprised eyes again glanced

WALTER E. BURKE.

Quincy, Feb. 14.

quickly up to the serious face, but the answer came: "That you shall not. But here is the queen, and I suppose we must have the benediction." Brandon understood her hint, that the preaching was over, and taking it for his dismissal, playfully lifted his hands in imitation of the old bishop of Canterbury and murmured the first line of the Latin benediction. Then they both laughed and courted, and Brandon walked away.

CHAPTER IV.

A LESSON IN DANCING.

LAUGHED heartily when Jane told me of the tilt between Brandon and Princess Mary, the latter of whom was in the habit of saying unkind things and being thanked for them.

Brandon was the wrong man to say them to, as Mary learned. He was not hot tempered—in fact, just the reverse—but he was the last man to brook an affront and the quickest to resent in a cool headed, dangerous way an intentional offense.

He respected himself and made others do the same, or seem to do so at least. He had no vanity, which is but an inordinate desire for those qualities that bring self respect and often the result of conscious demerit, but he knew himself and knew that he was entitled to his own good opinion. He was every inch a man, strong, intelligent, and brave to the point of recklessness, and he had been dangerous had it not been tempered by a dash of prudence and caution that gave him ballast.

I was not surprised when I heard of the encounter, for I knew enough of him to be sure that Mary's high handedness would meet its counterpart in my cool friend Brandon. It was, however, an unfortunate victory, and what all Mary's beauty and brightness would have failed to do her honest, open acknowledgment of wrong, following so quickly upon the heels of her fault, accomplished easily. It drew him within the circle of her fatal attractions, and when Jane told me of it I knew his fate was sealed and that sooner or later his untouched heart and cool head would fall victim to the shafts that so surely winged all others.

It might and probably would be "later," since, as Brandon had said, he was not one of those who wear the

"I met your friend. Did he tell you?" heart upon the sleeve. Then he had that strong vein of prudence and caution which, in view of Mary's unattainableness, would probably come to his help. But never was man's heart strong enough to resist Mary Tudor's smile for long.

There was this difference between Brandon and most others—he would be slow to love, but when love should once fairly take root in his intense nature he would not do to trifle with.

The night after the meeting Mary cuddled up to Jane, who slept with her, and whispered, half bashfully:

"Tell me all about Brandon. I am interested in him. I believe if I knew more persons like him I should be a better girl, notwithstanding he is one of the boldest men I ever knew. He says anything he wishes and, with all his modest manner, is as cool with me as if I were a burgher's daughter. His modesty is all on the outside, but it is pretty, and pretty things must be on the outside to be useful. I wonder if Judson thought him modest."

Jane talked of Brandon to Mary, who was in an excellent humor, until the girls fell asleep.

When Jane told me of this, I became frightened, for the surest way to any woman's heart is to convince her that you make her better and arouse in her breast purer impulses and higher aspirations. It would be bad enough should Brandon fall in love with the princess, but for them to fall in love with each other meant Brandon's head upon the block and Mary's heart bruised, broken and empty for life. Her strong nature, filled to the brim with latent passion, was the stuff of which love makes a conflagration that burns to destruction, and should she learn to love Brandon she would move heaven and earth to possess him.

She whose every desire from childhood up had been gratified, whose every whim seemed to her a paramount necessity, would stop at nothing when the dearest wish a woman's heart can coin was to be gained or lost. Brandon's element of prudence might help him and might forestall any effort on his part to win her, but Mary had never heard of prudence, and man's caution avails but little when set against woman's daring. In case they both should love they were sure to try for each other and in trying were equally sure to find ruin and desolation.

[To be continued Monday.]

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 22—Comment by Rev. S. H. Doyle.

Topic—Lessons from the sermon on the mount: What Christ teaches about judging others.—Matt. vii. 1-5.

In the opening verses of this last chapter of the sermon on the mount Christ strongly condemns the censorious spirit, the spirit of always judging and usually condemning others. He does not say, "Do not condemn," for this would leave too much latitude, nor on the other hand, "Do not ever judge," for this is sometimes our duty, but "Do not be always judging." Our Lord opposes the censorious spirit. And how needful is this condemnation of Christ! How well that this subject should have had a place even in the sermon on the mount! How easy it is to fall into the habit of censoriousness, and how many people are thoughtlessly blighting their own lives and the lives of others by this sin! We may well lay to heart what Christ has to say upon this subject.

1. Christ teaches that judging others is dangerous. "Judge not that ye be not judged." The critic subjects himself to judgment. This is true among men. The life of no one is so rigorously judged as is the life of the one who is always judging others. Condemnation of others calls up our own faults and weaknesses. No one is so unpopular as a critic. He arouses the antagonism of men, and they are always upon the lookout for his offenses and are unstinting in their condemnation of them. Judging others is also dangerous from God's standpoint.

2. Christ teaches that judging others leads to hypocrisy. The man who is always looking for the sins of others will never see his own and will so magnify others that in comparison he will consider himself a saint, when he is a sinner. Had the Pharisee looked at his own sins instead of at those of others he would never have prayed as he did. If we want to guard ourselves against the sin of Phariseism, we should be specially on our guard against the evil of censoriousness. Criticism of others inevitably leads to self exaltation. The mote in our brother's eye hides the beam in our own, and it may then soon be said of us, "Thou hypocrite."

3. Christ teaches that judging others is useless. As Christians it should be our desire to help others, but this the censorious person can never do. A blind man could not operate on another man's eyes. Before he could be of service to the other he must get right himself. So the man with the beam in his eye must have it removed before he can take a mote from his brother's eye. A man blinded to his own sin cannot save his neighbor. "Christ the Saviour of the world was sinless. Christians must seek deliverance from their own sins before they undertake a crusade for the saving of their brethren. The humility that confesses personal unworthiness is the spirit best fitted for seeking to save lost and degraded fellow men and women."

BIBLE READINGS.

Mark iv. 24; Luke vii. 37, 38; John viii. 1-11; Rom. ii. 1; xii. 9, 10; xiv. 7-12; I Cor. iv. 1-5; Rev. xxii. 12.

A Noted State Song.

The state song idea in connection with the Christian Endeavor movement came into prominence at the time the international convention was held in New York city in 1892. The Maryland delegation to that gathering had a large share of attention in the newspaper.

OFFICIAL NEW YORK STATE SONG

We are Soldiers of Jesus.

John B. Cawson. J. M. Brown.
1. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.
2. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.
3. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.
4. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.

2. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.
3. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.
4. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.

3. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.
4. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.

4. Sing our New York marching song, And sing it loud and free, Let the music ring in every heart, For we are soldiers of Jesus.

pers by reason of their frequent singing of a specially prepared state song to the tune of "Maryland, My Maryland." The idea grew till nearly every state in the Union had its own special song for convention occasions, these songs for the most part being made up by adapting local words to familiar airs. It remained for New York to "set the pace" in the matter of a song entirely original in both words and music. The Christian Endeavor World spoke of it as a song by "the two John R.'s," the words having been written by John R. Clements and the music by Professor John R. Sweeney. In two years the song had a sale of more than 90,000 copies. Its reproduction here in its entirety is by permission of the owner of the copyright.

Quiz Box.

[Any question may be asked that pertains to any phase of Christian Endeavor work. Address Lock Box 574, Binghamton, N. Y.]

45. A. Norwich, Conn.—The Christian Endeavor society is in duty bound to respect the wishes of its pastor. The pastor is invariably "the commander in chief."

46. T. New York City.—Rev. Dr. John F. Carson of Brooklyn held the office of vice president of the New York state union for one term.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Friday,	74	56	45	40	65
Saturday,	48	64	50	59	44

Good Afternoon.

The week just closing has been a busy one for the newspaper men who cover Quincy. Starting in with a murder early Sunday morning it has been a week of continuous important events that has kept the boys on the move. They have been equal to the occasion, however, and the public have been kept well informed of the progress of events.

People's Union.

Again the Ward Two People's Union has extended an invitation to the public to attend a meeting which is to be held in the vestry of the Quincy Point church on Tuesday next, March 24, at 7:30 o'clock. At the last meeting much enthusiasm was exhibited and several new members were added to the list. The Union in Ward Two is already quite large and the several committees are increasing in their endeavors to accomplish some needed improvements in their section of the city.

Next Tuesday evening the meeting will be addressed by Mr. E. W. Branch, engineer of the Sewer department of Quincy. He will explain the sewage system of Quincy with special reference to Quincy Point. He will illustrate his talk with maps and charts. He is a good speaker and his remarks will be instructive and well worth hearing. The public is cordially invited to be present and it is hoped many will join the Ward Two branch of the Quincy People's Union.

Capt. and Mrs. Snow.

Another keepsake that Capt. Snow shows with great pride is a mounted and framed collection of the different cards issued at the different wedding celebrations. In the place of honor is the original card announcing their marriage in 1840. Surrounding this are the cards issued at their silver wedding anniversary in 1865, the golden wedding in 1890, and in 1900 the 60th, with a place for the 63d. But equally valued is the collection of nearly 100 army medals which have from time to time been awarded Capt. Snow.

When asked about the advisability of marriage, Capt. Snow answered, "I think marriage is a good thing for young people, but in the first place they should find out if love is true, and not be taken by a pretty face or money. And above all, the young lady should be able to cook, so that, in case of trouble with the domestics the wife should be able to do her part. In almost every married life there will be difficulties and some one must give in. Both should be willing to forgive and forget and not widen even a little breach. None of us are perfect, but we can all be as perfect as is possible. O, yes, I think it is best to marry young, if you are sure whom you are going to have."

Mrs. Snow corroborated these statements, putting especial stress on the subject of the wife being able to cook. "One cannot live on love and cheese, and kisses, you know," said she. Capt. Snow is an astonishingly hale and hearty man of his years, and many of the younger people envy him his health. Mrs. Snow has enjoyed good health until the last ten months, having been confined to her room, but she was brave enough to receive on this occasion.

Job Printing at Ledger office.

MILTON.

That part of Adams street that was dug up for the Metropolitan sewer is very dusty.

The fire department has been called out on several still alarms this week for grass fires.

Work remodeling the East Milton depot does not seem to progress very rapidly.

Charlie, the horse that for ten years has responded to alarms of fire with Chief Engineer Choate, is no more. For the past year the horse has been lame and as he had reached the age of sixteen years, Chief Choate thought it was time he had a long rest. Ward's man put him away Thursday.

The contract for building the new church of the Mission of Our Saviour was not awarded last week as expected.

Rev. Charles Hutchinson gave a lecture on capital and labor at the meeting of the Thursday Evening club this week.

Floral Tribute.

A list of the flowers at the funeral of Mr. Fred Peterson has been forwarded to the Ledger for publication as follows:

Pillow with "Son."

Crescent, with "Brother."

Wreath with "Fred" from C. T. Fernald and William Jones.

Broken wreath with harp from employees of Quincy Water Department.

Standing wreath from Nonpareil Club.

Bouquet from Mr. and Mrs. Axel Peterson.

Spray from Mrs. Charles Johnson.

Calla lilies (27) from Miss Sarah E. Jones.

Pinks (27) from Miss Bartlett and Mrs. Nutting.

Spray of pinks and roses from Mr. and Mrs. H. P. Fernald.

Pinks (27) from Mrs. Chas. Nichols.

Sprays from Mrs. Holmes, Otto Weeden, Mrs. Farquhar, Thomas Milne, Misses May and Annie Rose.

Violets from Miss Edna Miller.

League Standing.

The result of this week's games in the Norfolk County League retains Granite City in first position in total points won, with North Quincy second and Braintree third.

The following table shows the standing to date:

	Bill-			Bowling.	
	iards.	Pool.	Whist.	ing.	Total.
Granite City,	12	14	15 1-2	10	51 1-2
Braintree,	6	13	12	9	40
North Quincy,	12	3	2 1-2	26	43 1-2

The following table shows the total number of pins bowled by the Granite City team in the eleven games with their average. The standing of the two other teams can not be given as there is one game missing that could be obtained at present.

	Total pins.	Average.
Hill,	2541	240 plus
Walsh,	2566	231 plus
Ross,	2515	228 plus
Nightingale,	2516	228 plus
Johnson,	2463	223 plus
	12,701	1,154 plus

Bids for Gunboats.

The navy department has issued a circular defining the features of the two 1000-ton gunboats authorized by the naval appropriations act of July 1, 1902. Bids for building the ships will be opened May 19 next. The boats must be built within 20 months. The vessels will be 174 feet long, 35 feet beam and draw 12 feet 3 inches of water.

Pale Women

Your blood is turning to water—becoming thin and weak. You are easily tired, unequal to the duties or pleasures of life. You need iron, the greatest blood tonic and nutrient, itself a natural constituent of healthy, ruddy blood; and you can derive the most good from it as combined in the new iron tonic, Peptiron, which is readily assimilated, does not injure the teeth, nor cause constipation however long taken. It is agreeable to the taste, leaving no ink or metallic flavor in the mouth.

Peptiron gives strength, animation and a good healthy color; cures anemia from whatever cause, weakness and nervousness. Peptiron is made in two forms: In a liquid—an aromatic cordial elixir—at \$1 per bottle, also in chocolate-coated pills at 50c. or \$1 per box. By C. I. CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

Rainy this afternoon.

Cooler than yesterday.

Mrs. George Higgins of Brookville is visiting Quincy friends.

The usual weekly dance to night at the Wollaston Yacht Club.

The new engine house at Houghs Neck is about completed.

Commissioner Knowlton advertises today for proposals for furnishing water pipes.

George Pawsey has returned from a pleasant visit among relatives at Ann Arbor, Grand Rapids and St. John, Michigan.

The rector of St. Chrysostom's church, Rev. Carleton Mills, will preach in Medfield on Friday evening of next week.

The Woman's Guild of St. Chrysostom's church will hold its regular meeting Wednesday at 2.30 P. M. in the parish rooms.

F. M. Halbert of Quincy, a member of Co. B, 2d. Regt. was among the passengers on the Plymouth when she was run into yesterday morning.

F. E. Farlin will consider the subject of "Jesus' teachings concerning the family" in his Bible class, Sunday at the Wollaston Unitarian church.

The preacher Wednesday evening next at St. Chrysostom's church will be the Rev. J. Rockwood Jenkins, rector of Trinity church, Bridgewater.

The usual Lenten readings of the New Testament will take place in the ladies' parlor of the Wollaston Unitarian church tonight at 7.30 o'clock.

It is to be regretted that the new building to be erected on the Briserlot lot could not have been a handsome three story building covering the whole estate.

Miss Katherine F. Garrity has been elected a teacher in the Stetson High school, Randolph, to fill the vacancy caused by the resignation of Miss Alice McGann.

There is quite a change in the weather today from what it was yesterday. Such sudden changes are likely to cause head colds and people cannot be too careful.

The members of the Park and Downs Congregational Church are planning to present soon to the public, "The Village School." The exact date has not yet been settled.

The regular meeting of the Hospital Aid Association will be held Thursday March 26th, at 2.30 P. M. at the home of Mrs. George S. Keyes, 15 Alleyne terrace. A full attendance is desired.

Lightship No. 72, which was built by the Fore River Co., will be placed about five and three-eighths miles southeast from the easterly point of Outer Diamond Shoal on the coast of North Carolina, about April 1.

The new dining rooms which have been opened at No. 3 Granite street, are pronounced "out of sight." Not because they are just around the corner, but because it is up to the times in all its appointments. No long waits.

The semi-annual sale and orange supper held at the M. E. church on Baile street, Monday evening, was largely attended and quite a sum of money was realized. A delicious supper was served and the tables were tastefully arranged.

Sunday morning at the Park and Downs Congregational church the pastor will deliver a sermon on the "Object of Jesus' Antagonism." Service at 10.45. At the vesper service at 4 o'clock the subject will be, "The first condition for success."

The ordinance of baptism was administered last Sunday at the Baptist church, Wollaston, immediately after the vesper service. The ceremony was performed by Rev. Edmund Webber and those baptized were, May Thomas, Theodore Marceau and Walter Gurney.

There have been many magic nights for the astronomer this month, and we saw twinkling lights from within Mr. Peter Turner's tower. Even at the height of his telescope the air is much colder than it is at the ground; and from that height marvellous glories are visible on clear nights.

Granite Commandery, U. O. G. C., held a whist party in Wilson's hall Thursday evening. The prizes were awarded to Mrs. H. Delory, music rack; Mr. S. Bianchi, jardiniere; Mr. W. Norrie, sofa pillow; Mrs. C. L. Lewis, picture; Mrs. C. Mitchell, dish; Mrs. Davidson, hassock.

Among the late arrivals at Hotel Greenleaf are the names of Andrew Bitton, Fort Richmond, Long Island; P. H. Garvin, William H. Sprague, J. A. Calhoun, G. Grannis, W. D. Horton, all of Boston; L. I. Baldwin, Torrington, Conn.; D. E. Mattoon and W. B. Tuttle of Plymouth, Conn.; H. S. Darcy, Taunton; William M. Fraser and H. M. Metcalf both of Boston.

THE SOCIAL REALM.
Continued from Page 1.

The music pupils of the Quincy Mansion school are to give a recital in Livermore hall, on Tuesday evening, March twenty-fourth, at quarter to eight, which will be one more happy occasion to add to the many enjoyed by the friends of the school.

Mrs. Chas. L. Hammond, who has been visiting her parents, Mr. and Mrs. B. F. Thomas of Billings street, started Wednesday morning for Washington, D. C., where she will join Mr. Hammond who is engaged in the government's employment.

Rev. J. H. Whitaker of Atlantic entertained the Compass whist club Wednesday evening at his rooms on Billings street.

A very successful subscription party, was given in Ellsworth Hall, East Milton, Friday evening March 13, under the management of Josiah Babcock, Jr. There were forty couples present. This makes twenty-eight parties that Mr. Babcock has given in the last five years, all of which have been successful, both socially, and financially.

Andrew J. Nickels, son of Mrs. Andrew Nickels, and Miss Annie F. Shea, daughter of Mr. Frank Shea, of Braintree were married Monday in Quincy. Rev. Father Johnstone performed the ceremony. Percy J. Whitcomb acted as best man. The bride was attended by her sister, Miss Lucy E. Shea. The bride wore a gown of white Swiss made over white silk with lace trimmings. The bridesmaid wore pale blue with chiffon trimmings. A reception followed the ceremony. The bride and groom were the recipients of some handsome wedding presents. They will reside in their new home No. 12 Hancock street.

Miss Laura Hawkins, who at the piano, at the concert given Thursday evening at High School hall, charmed all with the fine expression, with which she accompanied the soloists is a sister of Walter Hawkins who was at one time tenor at First church and is so well known by his singing with the cadets, in opera, and at concerts.

Mrs. Harry E. Russell of Greenleaf street entertained an out of town whist club, to which she belongs, on Friday afternoon and this evening entertains an evening out of town club to which she also belongs.

Mr. John G. Moore of the Quincy Mutual Fire Insurance company expects to sail for Europe in a few weeks to visit his son who is a successful artist in Paris.

Mrs. Edith Noyes Porter has a fine list of patronesses for the concert which she is to give next Wednesday evening at Steiner hall, Boston, in aid of the Home for Crippled Children. Several of her Quincy friends are planning to attend.

The past week has been a busy one socially with concerts, lectures, dances, whist parties and house gatherings.

The candy sale at Mrs. Frank Brewer's, Bigelow street, in aid of the Day Nursery, was one of the prettiest affairs of the week.

Mr. and Mrs. William H. Fay of Greenleaf street left yesterday for a three weeks' trip to Jamaica. During their absence their son and daughter Mr. and Mrs. Ray Spear of Randolph will make their home in Quincy.

Dr. and Mrs. C. Wendell Garey entertained a few friends at whist last evening.

Mrs. C. C. Mellen of South Braintree left town Friday for Portsmouth, N. H., where she will spend a few days with her sister, Mrs. Currier.

Mrs. William F. Hoehn, who has been at her old home in New Jersey for several months, has returned to her home in Portsmouth, N. H., accompanied by her sisters, the Misses Ethel and Aletta Lawrence, who will make their home in the future with Mr. and Mrs. Hoehn.

The Woman's Alliance of the First church will meet on Monday at 3 P. M. Rev. Edward Cummings of Boston will speak on "The curve of social progress." All interested are invited to hear this paper which is highly spoken of.

City Clerk James F. Harlow, after a few weeks' trip to Bermuda, returned this week much improved in health and is found at his desk at City Hall as usual.

Miss Ethel Jones of Berlin, a teacher at Northboro, has been a guest this week of Miss Florence Howe of Bigelow street.

The engagement of Miss Edith Belle Forsaith of Antrim, N. H., and Mr. Ernest Gourd of this city, which was announced on Tuesday evening at the banquet of the Tawasentha club, has called forth hearty congratulations from their host of friends. Miss Forsaith is a popular teacher here and her friends are pleased that Quincy will be her home in the future.

Hon. and Mrs. Henry A. Belcher, have returned to Randolph, after a pleasant trip to Florida.

Some cut posters in black and white have been designed by Miss Elizabeth B. Thayer for the minstrel show to be given in the vestry of the Wollaston Unitarian church, the last of the month.

Mrs. George O. Wales of Braintree has been spending the week in New York, recuperating after her rather arduous theatrical efforts and before attacking her coming club performance.

Mrs. Butcher, nee Mary Wales, is visiting at home in Braintree.

The Monday club of Weymouth will hold its annual meeting April 6.

Dr. and Mrs. F. B. Stevens of Hyde Park left yesterday for Washington, D. C.

Mrs. Steadman William is a guest of her daughter, Mrs. Alexander Thompson.

Miss Josephine Ethel Wright of Weymouth and Mr. Arthur Thayer Perry of Worcester were married on Wednesday evening at the home of the bride's parents, Mr. and Mrs. Marshall R. Wright of Commercial street in the presence of many friends. A reception and wedding supper followed. Mr. and Mrs. Perry will reside in Hingham.

Alton, the seven-year old son of John Hall of Ridgeway street, Wollaston, celebrated his birthday on Wednesday afternoon by giving a party to some of his young friends. The little folks enjoyed games. Refreshments were served and the little boy received some pretty presents.

Dr. and Mrs. W. A. Drake of North Weymouth left yesterday with friends for Washington, D. C.

Over seventy-five of the students at Woodward institute enjoyed the Copley exhibit in Boston yesterday afternoon, as guests of Miss Georgiana Lane, art teacher at the school.

Ground is broken on Presidents hill near the residence of Mr. William R. Bateman for a handsome large house for Mr. and Mrs. Charles A. Price of Adams street.

Printing Ink Co.

A new company has been recently established at Wollaston, known as the Congress Printing Ink Company. It is located on North Central avenue and is incorporated for \$50,000.

The following gentlemen have been elected directors: G. H. Prentiss, Robert Benner, Emanuel Thompson, Israel Hay, John Lyons, Joshua Fairclough and William A. Fairclough.

Nathan G. Nicholson has been chosen President; A. L. Baker, Treasurer and business manager; and C. J. Bonner, Clerk.

The suggestion of William R. Hearst as a presidential candidate is likely to provoke a smile of derision among the educated and thinking classes, but he does not appeal to them and therefore they naturally ignore the danger of such a candidacy, but it certainly is dangerous nevertheless. As the owner of three of the most influential of American newspapers and of unlimited wealth, he is not a man to be ignored, but to be feared, for his newspapers, while representing all that is vile in American journalism, are undeniably very powerful with the laboring men, and with the great majority of the people who are dissatisfied with their lot and who believe that Mr. Hearst is the sincere champion of the laboring man against the capitalist and the trusts. One may despise such a man, but he cannot safely be ignored, as events will prove within the ensuing twelve months.—Portsmouth Journal.

The shoe business of New England is said to be good, and spring orders are coming in very freely. Hide and Leather says that the colored shoe is coming again into great favor and will be the shoe of the season.—Athol Chronicle.

Vigor without Volume
force

CITY BREVITIES.

R. N. Van Buskirk of Boston has taken rooms at Hotel Greenleaf.

Capt. S. B. Rich of Provincetown is stopping this week at Hotel Greenleaf.

Commissioner Knowlton advertises today for proposals for furnishing water pipes.

This week has been an unusually fatal one, the weekly Patriot containing eleven deaths of Quincy people.

The new five acre freight yard for Quincy has been cleared this week of all trees, an indication that work will begin soon.

Mr. Bryan McSweeney of Woburn, brother of the late Dr. D. J. McSweeney, was in Quincy this week, a guest at Hotel Greenleaf.

A series of games at billiards, pool, whist and bowling will be played at the Merrymount club, Wollaston, Monday night between that club and the Braintrees.

There will be a change from the order of services, as advertised in the Patriot, at the Water Street Presbyterian church tomorrow. Preaching in the morning will be by Dr. McKinnon, who delivered a lecture in this city last year on the issues of the British-Boer war. Rev. H. L. McKinnon, B. D., will supply in the evening.

Among the late arrivals at Hotel Greenleaf are the names Andrew Bitcon, Port Richmond, Long Island; P. H. Garrison, W. H. Sprague, J. A. Calhoun, G. Grannis, W. D. Horton, all of Boston; L. L. Baldwin, Torrington, Conn.; D. E. Mattoon and W. B. Tuttle of Plymouth, Conn.; H. S. Darcy, Taunton, William W. Fraser and H. M. Metcalf, both of Boston.

The Cochato Club.

The finals in the 3d match of the "Open to All" Ping Pong tournament between Miss Helen Arnold and Mr. Dam were played last Saturday evening and resulted in a win by the latter by a score of 20-14 and 20-10 Mr. Dam thereby winning the cup taking all three of the matches.

The chairman of the tennis committee informs us that the contract for lengthening the court has been given and work will be started the coming week. It is also the intention to provide seats for spectators and players. The stone drains which have always been a nuisance are to be lowered and covered with dirt.

The club entertainment last evening by the "Schubert Septette Combination" was very much enjoyed by a large gathering.

The program.

The Schubert Septette Combination: Viola Waterhouse soprano; Rosa Wiedhorn, violinist; Ernest Harrison, pianist.

The Schubert Quartette: George Deane, first tenor; Charles W. Swaine, second tenor; William W. Walker, baritone; Dr. George R. Clark, basso.

PROGRAMME.

Vocal—March. Schubert quartette.

Violin—A. "Romanza," b. "Mazurka." Miss Wiedhorn.

Song—"Star of My Life." Mr. Deane.

Aria—"Air d' Isabelle." Mrs. Waterhouse.

Quartette—"Humoresque." The Schuberts.

Song—a. "Love Me or Not," b. "Border ballad." Mr. Walker.

Violin—"Spanish Dance." Miss Wiedhorn.

Quartette—"Evening Song." The Schuberts.

Songs—a. "A Memory," b. "Spring Song." Mrs. Waterhouse.

Quintet—"Hie Thee Shallop."

Base Ball at Braintree.

In another month base ball will begin to boom. But it is doubtful if the local team will commence to play before the first of May. There is some talk of a game on the common, April 20, (Patriots' Day) between the married and the single men of the Braintree Club the proceeds of which will be for the benefit of the local team. The game would create much interest and would be a drawing card.

Manager Bailey has not picked his team, but "Chet" Hollis, "Park" Hobart, "Tim" Gannon and "Herbie" Borden are fixtures for the nine.

Last week's Sporting Life contained pictures of the Albany, N. Y., team champions of the state league. Among which was noticed Frank Rudderham of this town. Frank by the way is training the candidates for the base ball team of the University of Maine college.

"Jack" Rudderham of Randolph, and formerly a Braintree boy has been appointed umpire in the New England league. "Jack's" many friends here wish him success. "Charlie" King of Holbrook is another choice for umpire in the same league.

Dailey of Hingham and Mahoney of the "Dry Goods" are possibilities for catcher's position on the Braintree team. Hollis will probably cover first base.

Luce Bill Passed.

The Luce bill for joint caucuses of all parties passed the house yesterday, 73 to 52.

DIED.

HIGBEE—In Norwell, Mar. 20, Mrs. Susan H. Higbee.

MOTT—In North Scituate, Mar. 19, Mr. Charles H. Mott, aged 45 years, 5 months.

FRUIT FLOWERS

THE STRAWBERRY PLANT.

Not So Cold Blooded After All—Result of Early Mulching.

The figure from Rural New Yorker shows a strawberry plant which T. C. Kevitt of New Jersey dug on Jan. 10. Mr. Kevitt claims that this plant is a strong argument in favor of his plan of mulching before the ground is frozen. He put on a heavy coat of stable manure before a crust formed on the soil.

WINTER ROOTS ON AN EARLY MULCHED PLANT.

This prevented the ground from freezing solid, and the plants kept on growing. Of course this has been an unusual winter, and the soil would have frozen solid in most seasons, yet the early mulching will keep the soil open for some weeks in any season.

The strawberry is called a "cold blooded" plant because it endures much hard weather, but that is no sign that long continued freezing does it any good. The old idea was to mulch so as to keep the frost in the ground and prevent the heave and settle which go with freeze and thaw. It is pretty evident that considerable damage will be done by the light freezing in autumn before the ground freezes solid. By putting the mulch on early we prevent this.

A Beautiful Mixed Border.

A mixed border provides an excellent manner of obscuring the view of a vegetable garden and at the same time giving a brilliant and always interesting aspect to a garden walk. Gardening describes one such border as follows: The back row in the border is of tall growing cannas, such as Florence Vaughan, Charles Henderson, Kate Gray, Italia, Austria and Crimson Bedder. Next in front of the cannas come Salvia Bonfire, Penistemon ruppellii and Abutilon Souvenir de Bonn, planted in masses. Phrynum variegatum, Centaurea gymnocarpa, acalypha, irenes, archyranthus and geraniums in variety comprise the third group, while the immediate foreground is made up of low growing subjects, such as Ageratum Blanche and Blue Perfection, Begonias Vernon and Erfordii, Zinnia haageana, Centaurea candidissima and sweet alyssum. Abundant watering and constant trimming, weeding, etc., are of course indispensable. The penistemon above mentioned is worthy of more general cultivation. Seed may be sown in January in shallow boxes, transplanted into two inch pots and planted out of doors in May.

The San Jose Scale.

The Irish potato beetle when left alone will soon eat up every green potato in the field. But with as simple a remedy as paris green there is no necessity for allowing this to occur. Still the potato beetle has been poisoned, killed and picked for over twenty-five years in the United States, but it is still with us and is here to stay. The same will probably be found true with the San Jose scale. It will be hard to exterminate completely without at the same time injuring the trees, but with persistent effort it can be controlled.

The Dying of Sweet Pea Foliage.

An aphid sometimes attacks the foliage of the sweet pea early in the season, beginning at the base of the vines and working its way up, entirely defoliating the stems. Spray with soap and water, a quarter of a pound of ordinary pure white household soap to a pail of water. Begin early. Prevention is easier than cure.

Flowers For Easter.

It is high time plants were under way for Easter. Lilies should be above the pot. Dormant roses can be flowered in pots. Geraniums should have a shift and be given more room. They will make fine plants for Easter.

Horticultural Notes.

A perpetual blooming form of the popular Crimson Rambler rose is reported from France.

The American Rose society's next exhibition will be held in Philadelphia March 24-26.

Queen of Edgely and Mrs. Oliver Ames are listed for the first time among varieties of roses for which prizes will be awarded by the American Rose society.

It is expected that the horticultural exhibit at the St. Louis world's fair will be the most extensive and best ever made at any exposition.

The new rose Ideal is a bright, clear pink, a sport from La France.

Acalypha bicolor compacta is said to be an exceedingly handsome new budding plant, with unsurpassed color and markings.

MONEY WAS MISAPPLIED

Verdict of Jury In South Danvers Bank Case

GUILTY ON THREE COUNTS

Is the Decision Against Foster and Dickinson—But Ten Jurors Considered the Matter and They Were Out Nearly Thirty-Two Hours

Boston, March 21.—The jury in the United States district court in the case of George M. Foster, cashier, and John W. Dickinson, depositor, who were charged in 15 counts with misappropriating the funds of the South Danvers National bank of Peabody to the amount of \$150,000, after nearly 32 hours of deliberation, last night returned a verdict of guilty on three counts, not guilty on seven counts and a disagreement upon the other five.

Both defendants were in court when the jury announced its verdict and Dickinson was much affected. Foster appeared somewhat nervous, but was more collected. Counsel for Dickinson and Foster at once asked for time in which to prepare exceptions, and Judge Lowell granted the usual 30 days, saying that if, owing to the mass of evidence to consider, more time was found necessary it would be allowed.

The three counts upon which the defendants were found guilty are numbered 1, 3 and 15 in the indictment.

No. 1 charges that on March 19, 1900, the sum of \$3,357.92 was misapplied, a check for that amount being drawn on Dickinson's order and by him paid to a Boston bank to discharge a loan.

No. 3 charged that on May 14, 1900, the sum of \$2483 was drawn and paid to Hill & Cutler of Boston because Dickinson had discounted with them a note of the United Zinc company. The company demanded the money or the note. He got the note and paid Hill & Cutler the money by a check on the South Danvers National bank, which was drawn when his account at the bank was already overdrawn to the amount of \$10,000.

Count No. 15 charged that on Jan. 4, 1900, a check for \$1721.50 was drawn and the money misapplied, the amount being used to pay Dickinson's life insurance.

The case has been a remarkable one because of the length of the trial, the numerous setbacks it has received from various causes and the unusually long time required by the jury to reach a verdict. In the latter respect it establishes a new record in the United States court, exceeding by 5½ hours the sitting of the jury in the famous Bram murder case.

The Danvers National bank of Peabody failed two years ago and after an investigation by the Washington authorities a receiver was appointed. The United States inspectors in Boston found something peculiar in the failure of the bank, made an investigation and later caused the arrest of the defendants, whom they charged with misappropriating the funds of the bank.

The defendants were arraigned over a year ago and held for the United States grand jury, which indicted them. Last spring they came up for trial in the United States district court. Fair progress had been made in the case when one of the jurors became intoxicated, and as a result the trial was stopped.

The case was then continued from time to time until the latter part of January, when the present trial was begun. Since that time one of the jurors has been incapacitated for duty by illness, while another man was excused on account of illness in his family, but by mutual agreement the case was continued with only 10 jurors, an almost unknown proceeding.

Coal Strike a Factor In Deficit
New York, March 21.—Concerning a deficit of \$47,558 shown in the last quarterly report of the Metropolitan street railroad President H. H. Woodland says that it is due to the coal strike, which increased the cost of power from three to five times the normal in a large part of the time covered by that report, and also to the fact that in this quarter the increase in wage schedule on the Metropolitan system went into effect.

Confesses to Murder
Fremont, Neb., March 21.—A man who gives the name of John Bennett, 40 years old, and who asserts he is the murderer of Nora Fuller, a girl who was killed at San Francisco over a year ago, appeared at the county jail last night and begged the sheriff to imprison him, saying that the face of the dead girl haunted him. Bennett would not tell why he committed the crime.

Record Broken by Walthour
Atlanta, March 21.—Bobby Walthour last night won two out of three five-mile heats in his race with George Leander. Leander took the first in 3:01 2-5. Walthour won the second in 7:35 and the third in 7:20. Walthour's time for the third heat breaks the American record by 18 seconds, the previous 10-lap track record standing at 7:38.

Partial Home Rule For Ireland
London, March 21.—A bill giving Ireland an important extension of local self-government will be introduced in parliament by the government. The leaders of the Nationalists and Irish Unionists have already been consulted on the subject and the rough outlines of the proposed measure have been sketched.

STRANDED DURING FOG

Bandkerchief Shoal Claims Another Wreck In the Sarah Potter

Chatham, Mass., March 21.—Schooner Sarah Potter, laden with coal from her home port, New York, for the navy yard at Boston, became a total wreck on Handkerchief shoal yesterday after stranding there during a fog. The crew abandoned the vessel as soon as the water got beyond control of the pumps and in their own boats landed at Harwichport.

Captain Hatfield says that he lost his bearings in the fog and in a short time the craft was bumping on the shoals. A little later the planks started and the crew was unable to control the water. The men were then ordered to take to the boats.

Captain Kelly and the Monomoy crew went to the Potter during a rift in the fog, and found her abandoned, this being shortly after the schooner's crew had started for Harwichport.

The Sarah Potter was owned in New York. Her register was 300 tons net, and she was a Boston product. As a coal carrier the Potter was well known all along the New England coast.

Arrests Likely At Pepperell

Pepperell, Mass., March 21.—As a result of the investigation which has been made to determine the origin of Thursday morning's fire it is expected that two arrests will be made today. Suspicion has been directed to two local young men. It is said that some small boys who witnessed the fire saw these two young men attack Griffin's automobile with axes, while the attention of the crowd was centered on the burning buildings. The officers think that enemies of the mill owner destroyed the machine and set fire to his mill.

Court Wants Records Produced

Rutland, Vt., March 21.—A stir was created in court yesterday during the suit of the F. R. Patch Manufacturing company against the Machinists' union when J. F. Taft, the union secretary, testified that his records had disappeared. The court admonished the union to produce the records. This suit is the outcome of a strike of the Patch company's employees.

Hay and Barns Destroyed

Rochester, N.Y., March 21.—The work of fumigating and disinfecting the premises where the cattle disease was located here is now on. All the hay in the barns has been bought, the average price paid being \$8 a ton. The hay is taken out into the field, piled into heaps and burned. Where the stables are in poor condition they are torn out and destroyed.

Longshoremen's Requests Refused

Boston, March 21.—Master stevedores and agents representing trans-Atlantic steamship lines yesterday flatly declined the several requests of longshoremen for an advance in wages and minor changes in working hours. In denying the requests the steamship people claim that they are already paying their men higher wages than are given in other cities.

Good Season For Trout

Chester, Vt., March 21.—Fishermen here state that the prospect for an extra good trout season were never better than at the present time. The streams have been full of water all winter with no hard frosts and the weather has not been cold enough to freeze them solid.

Senate May Mutilate License Bill

Concord, N. H., March 21.—The license bill passed by the house of representatives Thursday night was not transmitted to the senate yesterday and will not be until next Tuesday. It is said that the upper branch may undo the work of some of the house amendments.

Demand For Increase Refused

Pawtucket, R. I., March 21.—The master painters of this city and Central Falls, after having considered the position of the Journeymen Painters, Decorators and Paperhangers' union for an increase in wages, have definitely decided not to grant the request.

Stanley Killed Himself

Brookton, Mass., March 21.—Benjamin F. Stanley, Jr., who was found dead with his throat cut in the woods, came to his death by his own hand, according to the official report made yesterday by Medical Examiner Paine. Stanley had been missing since Feb. 8.

Police Captain In Error

New York, March 21.—Commissioner Green announces that Captain Halpin has been found guilty on 20 specifications of neglect of duty in failing to make proper blotter entries while in command of the Church street station. He fined Halpin 30 days' pay, but has remitted the fine because Halpin has been under suspension without pay since Jan. 1 last.

More Revolutions Brewing

Washington, March 21.—The navy department is advised that reports from the Dominican republic and Hayti indicate that American interests may be in need of protection. The navy department has ordered the cruiser Atlanta to proceed thence from Pensacola.

Jesuit Sisters Leaving France

Brest, March 21.—One hundred sisters of the Order of the Daughters of Jesus have left here owing to the closure of their est. blishment. Thirty of them are going to Belgium, 30 to Canada and 40 to the United States.

Whole Mountain Smoking

Huntington, W. Va., March 21.—The Nova Scotia, one of the largest mines owned by the Gauley Mountain Coal company, is on fire, and its destruction is threatened. The entire mountain is smoking.

CONDITIONS CHANGING

New England's Great Industrial Growth Threatened

ADVANTAGES ARE PASSING

Vanderlip Sees Necessity For New Outlet For Manufactured Prospects and Thinks Our Future Commercial Prosperity Must Be Sought Abroad

Boston, March 20.—"New England's Ultimate Dependence on Foreign Trade" was the topic upon which former Assistant Secretary of the Treasury F. A. Vanderlip addressed the members of the Commercial club last night. President Lucius Tuttle presided and referred to the subject of the evening as one of vital importance to every person in New England.

Mr. Vanderlip said in part: "A most significant and interesting feature of the American commercial situation is the marked change which has come in the last two years in the attitude of our people toward foreign trade. In the period just following the Spanish war the dominating commercial note in this country seemed to be sounded in praise of the increase of our exports and extension of the field of our foreign trade. The commercial world stood aglance at the strides we were making in our entrance of the world's markets. It came to be called an American invasion—an invasion without force of arms, but as profound in its effect as had been in days gone by the consequences of many a military triumph."

"But in the last two years this invasion has become almost a retreat. Our imports have moved up steadily. The volume of our exports of manufactures has ceased to show the wonderful expansion which marked its period of development when was coined the phrase 'The American Commercial Invasion.'"

"The south and west are now in a large degree equipped with the machinery of civilization. They are no longer under tribute for men or products. The remarkable expansion of the cotton industry in the south, the rapid growth of leather manufacture in the west taking from New England its prominence in both fields, are but two illustrations among many."

"New England is deeply concerned in this change. It is impossible to conceive that her industries are to be permitted to decline. New England's bank capital is not increasing. Her bank deposits are taking slow steps forward, compared with the gigantic strides which the country elsewhere has shown. Your stock exchange shows no great evidence of new corporate development within New England itself."

"It is trite to say that neither state nor individual may stand still, that they must either go forward or backward. It is particularly true, however, in the fields of commerce and industry. When a locality no longer holds out attractive rewards to skilled industry, when there is no longer room for the newcomer, when a stationary condition has been reached, experience has abundantly proved that such a locality is in danger of decadence."

"Do not understand me as saying that New England stands in that position. I would not go farther than to suggest that some broad indications point to a possible approach to it, that market conditions have undergone radical changes, more radical, perhaps, in their significance than some of you who are close to local conditions here have fully realized. Conditions which have made the great industrial growth of New England possible are changing."

"Some of our advantages I believe are passing away. The markets upon whose contributions New England has thrived are declaring independence and every one of these indications, it seems to me, points to the necessity for some new outlet for your manufactured products."

"Such outlet is to be found in foreign markets. It seems to me that New England is so situated that the head and centre of a great foreign trade development should be found here. Let us suppose that we had an organization of great financial strength, having in it the right elements of our own commercial and manufacturing life, which should establish exhibition rooms in various centres of trade throughout the world, having there expert salesmen and engineers equipped for the work of representing these products—men equipped with technical training, with knowledge of the language and with good understanding of both domestic and foreign conditions. If such an organization were equipped with men of trained intelligence, trained observers of commercial conditions who would be quick to see an opportunity and devise means of grasping it, and if that organization had behind it the co-operation of great manufacturing interests I believe wonders could be accomplished."

"There are no people better qualified for such a struggle than the commercial classes of New England. It is going to need education, but you have here the facilities, better than anywhere else in the country, if you will but bend them to the needs of the situation."

Evangelist Sankey Loses His Sight

New York, March 20.—At the home of Ira D. Sankey in Brooklyn it is said that he has lost the sight of both eyes. It is expected, however, that with care and attention the sight of the right eye may be restored.

HISTORIC QUINCY.

Pilgrimages Almost Daily to the City of Presidents.

Quincy will soon be as famous for pilgrimages as Plymouth and Concord, as parties come now almost daily. Surely there are many historic spots of National interest, and enterprises which are novel to many. A brief list is given below.

BIRTHPLACE JOHN ADAMS.

Franklin street, Quincy Adams, house built in 1681 and restored in 1897 by Adams Chapter, Daughters of the Revolution. Open to public. Patriotic societies admitted free, although contributions are welcome to defray expenses of keeping house open and in repair. Small fee asked the general public.

BIRTHPLACE JOHN QUINCY ADAMS.
Junction of Franklin street, Presidents road and Independence avenue. Built 1716, restored 1896 by the Quincy Historical Society. Open to public afternoons from 2 to 5. Admission charged.

FUNERAL PLACE OF PRESIDENTS ADAMS.

First Congregational Church (Unitarian) Quincy centre. In auditorium each side of high pulpit, are mural monuments, to the memory of John Adams, the second president, and John Quincy Adams, the sixth president of the United States, and their wives. In cellar is old town house, also box in which was brought from Washington the body of John Quincy Adams. At extreme end, under front steps are the vaults of the presidents, a massive stone door closing the entrance. Admission may be secured on application to W. E. Dewhurst, sexton, 3 Maple Place, or to the office of L. S. Anderson, treasurer, 9 Savings Bank building, whose office hours are 8 a. m. to 12 m. and 2 to 5 p. m. A fee is asked for attendance, etc.

HANCOCK CEMETERY.

Hancock street, across from First Church. Many old stones, among the oldest that of Rev. John Hancock, father of the Patriot who died May 7, 1744. Was fifth minister of First Church.

PRESIDENTS ADAMS MANSION.

Adams street, corner Newport avenue, Quincy. Residence of President John Adams and contains many family relics. Occupied by descendants. Not open to public.

JOHN HANCOCK BIRTHPLACE.

Adams street, junction of Dimmock and Hancock streets. A bronze tablet has been placed by the City of Quincy on Adams Academy to mark the place where the house stood in which the patriot John Hancock, the bold signer of the Declaration of Independence, was born.

MYLES STANDISH CAIRN.

Squantum heights, erected in 1895 by the Daughters of the Revolution, of Massachusetts, in memory of Captain Myles Standish and his men of Plymouth Colony, who landed here Sept. 30, 1621, guided by the Indian Tisquantum.

SQUAW ROCK.

Pile of rock, on which is a perfect head of a squaw, frequently mentioned in early Squantum history. Near by is also Sachem's Knoll.

ABIGAIL ADAMS CAIRN.

Penns hill, erected June 17, 1896, by Adams Chapter, Daughters of the Revolution, to the memory of Abigail Adams, who with her son, John Quincy, from the spot watched the smoke of battle at Bunker Hill. Cairn composed of many historic stones, the corner stone being part of old sleeper of first railroad in United States which ran from Quincy quarries to tide water, Neponset river.

MYLES STANDISH SPRING.

On the beach to the left and back of Squantum Inn. Spring of fresh cold water, where Standish and his party breakfasted and thence started to explore the country around Boston Bay.

DOROTHY Q. HOUSE.

Hancock street, corner Butler road, Quincy. Old Quincy homestead in which Dorothy Q. was born. Has quaint old paper on parlor put on for wedding of John Hancock and Dorothy Quincy; also secret chamber and other interesting features. Private house, not open to public.

PRESIDENTS LANE.

Now Goffe street, leading from Adams street, near Mansion. Opened by John Adams to drive his cows to pasture.

Many other points of interest might be mentioned: Thomas Crane Memorial Hall which is the public library building; Merrymount, the home of Mrs. John Quincy Adams, where Morton erected his famous May pole in 1626; the soldiers' monument at Mount Wollaston cemetery with its tablets; the famous Quincy granite quarries, many of great depth; the granite yards where monuments and statuary are being cut, and the polishing mills where granite is polished; also the big ship yard now established at Quincy Point.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

—The Old Colony Automatic Telephone Company has been incorporated in Plymouth under the state law with a capital of \$35,000. There is obviously something doing in the automatic line. —Mansfield News.

ROMOC

CURES RHEUMATISM because it drives out of the blood all those foreign poisons and acids which cause the disease.

CURES INDIGESTION because it strengthens the stomach and renews the digestive juices. It heals irritated surfaces almost instantly.

CURES NERVOUSNESS because it builds up the nerve tissues and stimulates the nerve centres.

CURES BLOOD TROUBLES because it cleanses, and because it contains the elements which make red corpuscles, the vital component of the blood.

I ASSERT POSITIVELY THAT ROMOC HAS BEEN PROVEN TO DO THESE THINGS.

"Romoc guaranteed, if not cured, money refunded."

systems by the delegate convention

which adjourned last night after many

FOR UNIONS TO DECIDE

Railway Men's Convention Sub-

mits Five Questions

REFUSAL OF THE DEMANDS

For Flat Scale of Twenty-Five Cents

an Hour and Recognition of Union

Will Be Submitted to Members of

the Organization For Consideration

Boston, March 21.—Five questions to

be answered "yes" or "no" in a refer-

endum were submitted to unions of

street railway employees of the Boston

and Northern and Old Colony railway

systems by the delegate convention

which adjourned last night after many

hours' session. Two of the questions

are of first importance, the others be-

ing secondary, these former being the

recognition of the union and the ac-

ceptance of the flat rate of 25 cents an

hour.

It will require at least three weeks

for all the men to vote, owing to the

regulations of the unions. After the

last union has voted, the executive com-

mittee will be summoned to meet in

Boston and take action. The ques-

tions on which the men will vote fol-

low:

Are you in favor of a sliding scale?

Are you in favor of a flat rate of 25

cents an hour?

Do you stand for recognition of the

union.

Will you abide by the decision of the

majority?

Do you give your delegates full power

to act?

The convention met to hear reports

of the committees that had called on

the officers of both systems and pre-

sented the union demands for a flat

scale of 25 cents an hour, recognition of

the unions and a full compliance with

the law regarding platform work. The

companies' refusals of the men's de-

mands was known to all, as they had

been made public. Two delegates

were present from each of the 32 unions,

every city and town of eastern Massa-

chusetts which is a railroad centre,

from Nashua to Providence, being

represented.

All the unions reported against the

sliding scale and for full insistence of

the demand for a flat scale of 25 cents

an hour. Two propositions were sub-

mitted to the convention by the dele-

gates, some unions being in favor of

one, some in favor of the other. The

first was that the convention immedi-

ately recommend a strike and send

the question to the unions to be rat-

ified at special meetings. The second

was the one finally adopted, with some

changes. The first suggestion was to

submit to a referendum vote the ques-

tion: "Shall a strike be ordered?" and

have the men vote "yes" or "no." Wiser

counsel prevailed, however, and the

entire matter now goes to the mem-

bership for decision.

The question regarding a sliding

scale was for the purpose of showing

to the public and the company officials

just how many, if any, of the employes

are satisfied with it.

The Situation at Lowell

Lowell, Mass., March 21.—There are

no new developments in the mill sit-

uation. Business men are talking of ac-

quiring the state board to intervene in

the event of the declaration of a strike,

but matters have not assumed form in that

direction. While there is a general be-

lief that the council at its Sunday meet-

ing will vote for or against a strike, the

program as now understood is that the

conference committee shall present its

report, and that the delegates shall

then carry it back to their unions for

WEEKLY TRADE REVIEW

Labor Controversies Threatened

Which May Interrupt Business

New York, March 21.—Dun's Weekly

Review of Trade says: Only one dis-

tinctly unfavorable factor is reported

in the business situation and it ex-

ists more in the fear of what may hap-

pen than through anything that has

actually occurred. Several strikes are

impending, but none that seriously

hamper industry, although many con-

troversies are threatened and may in-

terrupt trade unless agreements are

speedily reached.

A careful canvass of building opera-

tions at the leading cities makes a fair

comparison with last year, outside of

Chicago, where special conditions

caused exceptional activity in 1902. Re-

turms are unanimous in disclosing a de-

crease compared with 1901, however,

which was the banner year in this re-

spect.

Textile markets are fairly active,

the buying at first hands for home

account being on a moderate

scale and forward business indifferent,

except in the case of a few specialties.

Buyers are making efforts to secure

delivery of goods on old contracts, but

do not seek to place new business,

while sellers are equally conservative.

New England shoe shops report in-

creased sales, western jobbers placing

orders for August and September de-

livery. Further moderate advances in

quotations are reported.

Fluctuations in quotations of farm

products have been less striking dur-

ing the past week. Net changes show

a slightly lower level of prices.

Ruling Against Beef Trust

Jefferson City, Mo., March 21.—The

Armour, Cudahy, Swift, Hammond and

Schwartzschild & Sulzberger Packing

companies, the five defendants in the

ouster proceedings brought by the at-

torney general of Missouri against the

alleged beef combine last summer, were

fined \$5000 each in the Missouri su-

preme court yesterday and ordered to

pay the costs of the cases, which

amount to \$5000. Unless the fines and

costs are paid within 30 days the de-

fendants will be ousted from the state,

so the court orders.

King Kind to Americans

Marseilles, March 21.—A mail team-

er which has arrived here from African

ports brings word of the arrival at

Jibuti, Abyssinia, of a party of Amer-

ican explorers, Messrs. Macmillan,

Brown and Marlow, accompanied by a

number of Englishmen. Emperor

Menelik accorded the party a hearty

welcome and placed an escort of 50

soldiers at their disposal and gave au-

thority to the expedition to proceed to

Lake Tsana. Later the party expects

to descend the Blue Nile.

Flood Situation Grows Worse

Memphis, March 21.—The feeling of

hope that was produced by the Mis-

issippi river coming to a stand at this

point with 40.1 feet on the gauge was

dispelled yesterday by the occurrence

of two additional breaks in the St.

Francis levee north of the first cre-

vasse at Trice's Landing, Ark. The

situation in Arkansas is more grave

than at any time during the flood.

Young Robber a Murderer

Reidsville, N. C., March 21.—Sydney

Blair, a farmer, aged 60, was murdered

and his niece, Miss Sallie Walker, was

shot three times and seriously wound-

ed by a 16-year-old negro named John

Broadnax last night. Miss Walker

escaped and alarmed the neighbors,

who found the negro in the act of pil-

laging the house. Broadnax was taken

to Raleigh for safe keeping.

BRAINTREE.

Newsy Locals from Quincy's Most Progressive Suburb.

A special town election is called for Monday, April 13, to ballot for one selectman, one assessor, one overseer of the poor and one highway surveyor, to fill the vacancy caused by the death of Chairman Ansel O. Clark. The citizens' caucus is called for Monday evening, Mar. 30, in the Town Hall. We hear that the Socialist will have a caucus but can not give the date.

And now the cows have struck. Mrs. Goodwin of Hollis, N. H., is visiting Rev. C. F. Hill Crathern and family.

Mr. and Mrs. E. A. Fisher of Wollaston were guests Thursday of Mr. and Mrs. Arthur Fisher of Tremont street.

Mr. and Mrs. Daniel L. Robertson of Glen Falls, N. Y., were entertained by Mr. B. F. Dyer and family the latter part of last week.

Miss Bump of Middleboro has been visiting Miss Helen Foss the past week.

Mrs. C. F. Wrisley of Quincy was the guest of her sister, Mrs. H. A. Penniman, Friday.

Mr. C. H. Hobart has rented the east side of his store on Washington street, formerly used as a laundry, to a plumber.

Charles Crathern entertained several of his young friends last Saturday the occasion being in anticipation of his sixth birthday which occurred upon the fifteenth.

Miss Annie May of Malden, was the guest of Mrs. Maurice Colbert last Sunday.

Fred Peterson, who was murdered at West Quincy the first of the week, was well known here, having worked four years at the Steven & Willis tack factory. He left that position about a year ago.

Monatiquot Council, number 987, Royal Arcanum, will hold a smoke talk and entertainment in I. O. O. F. hall, South Braintree, Wednesday evening, March 25, at eight o'clock. There will be no charge for admission and the public are invited to attend. Daniel Beckford, Jr., P. G. R. will deliver an address and H. Stewart Nolan, reader, will entertain.

Dr. and Mrs. Charles Pitkin are receiving congratulations on becoming grandparents, a son being born some three weeks ago to Mr. and Mrs. Jordan L. Mott, 3d, nee Pitkin, who are now residing in Cambridge.

Miss A. M. Penniman, who has been staying with her niece, Mrs. F. F. Tupper, during her convalescence, has returned to her school duties in South Boston.

Braintree people who knew E. M. Taylor in his early pastorate at the South M. E. church will be pleased to learn that he is to deliver the sermon on the Sunday evening of the Reopening, March 29, at 7 o'clock. Dr. Taylor has held many important pastorates since his work here, and is now Field Secretary of the Missionary Society for New England. Those who have seen him recently say he has lost none of his old-time vigor and geniality. Presiding Elder A. J. Coultas of Providence will preach in the morning.

Rev. and Mrs. Legg attended the banquet of the Boston Methodist Social Union, Monday evening, at the New

Century Club building, where Lieut. Gen. Miles was the guest of honor. Miss Mila Gage returned to school this week after an absence of six months on account of her health.

Mrs. Tirrell of West Quincy was in town Wednesday calling upon her old friends. She will be remembered by Braintree people by the name of Carol E. Smith.

Mrs. J. Marcus Arnold is still on the sick list, and is confined to the house.

A plump little baby, Joseph Williams, arrived last Saturday at the home of Mr. and Mrs. Joseph Trott on Middle street. He makes the seventh or eighth in this vicinity the past few months. The Penniman kindergarten will have to be enlarged before very long.

Mrs. David Smith of Exeter, N. H., has been spending a week with her daughter, Mrs. Joseph J. Kingsbury of River street.

A son was born to Mr. and Mrs. Arthur Parker of Hartford, Conn., in February. For a number of years Mr. Parker lived in Braintree, and is the son of George E. Parker, who had charge of the Gardening department of the N. Y., N. H. & H. R. R. for a good many years.

Miss Mabel Hope Kingsbury has returned from a visit to Fitchburg, Mass. Mr. Dinsmore formerly of Maple street returned to South Braintree on Tuesday after being in a hospital since the first of January.

The many friends of Mr. Franklin Thayer and family will be very glad to learn that he is resting very quietly at the Massachusetts Homeopathic hospital. It is expected he may be able to be moved in about two weeks' time.

Mrs. William Harding returned last Saturday from Longmeadow, where she has been for a number of weeks.

Mrs. George W. Wheeler is enjoying a visit from her sister, Miss Johnson.

Miss Margaret Dam celebrated her tenth birthday last Tuesday afternoon by entertaining a number of her play mates. Her aunt presented her with a pretty little watch.

The boys' basketball team at the High school defeated the Alumni in a game Tuesday evening.

Mr. George R. Dobson is having his residence on Hayward street painted.

Mrs. Thomas Anderson of Boston, was the guest of her sister, Mrs. H. R. Smith of Hayward street on Tuesday.

Mr. David Hoar has been visiting his sister, Mrs. Stephen Horseman on Hayward street.

Mr. and Mrs. Frank Morrison, who have been spending the winter at Boston and Randolph have returned to their home on Elliot street.

The Ladies' Cemetery Improvement association held a business meeting Wednesday afternoon with Mrs. Granville Bowditch of Quincy avenue.

Victor C. Lassen has been in New York on a business trip.

Miss C. Elizabeth Hobart, a teacher in the public schools at Norton, is home for the spring vacation.

The Jonas Perkins Dramatic Club presented "Our Jim" at the East Weymouth Opera house, Wednesday evening.

A large addition to be used as a rolling mill is to be built immediately at the Victor Metal works.

Of the 400,000 feet of lumber ordered out west by the Fore River Engine Co. for the Fall River Line steamers, ten carloads have already arrived at East Braintree.

Clarence Farnham, son of Mr. Farnham who recently moved from Neponset to Pond street, and a pupil in Grade two Pond school met with a painful accident last week Friday about noon in attempting to climb into the farm wagon owned and driven by Mr. Elmer Dyer. The boy's foot became caught between the spokes of the wheel and a loud scream was the first notice Mr. Dyer had of his presence.

Mr. W. H. Stoddard, who was near with his team, quickly extricated the boy from his perilous position and carried him to his home where Dr. Burleigh found the leg broken in two places above the ankle. Clarence is reported as comfortable as could be expected under the circumstances. The Braintree Club have accepted the invitation of the Merry Mount club and will visit their rooms Monday evening.

A new shoe factory is about to open business in town and people are saying, "what a boom to the town!" Now how is it a boom? Taxes to be sure, can they locate here? No, there are no houses to live in, land is high to build upon. Railroad facilities are good, so in all probability they will journey back and forth to other towns, and that is what you consider a boom? A boom to the railroad no doubt, but to the town, no.

The L. A. S. expect to initiate some candidates at their meeting Monday evening. It is hoped that all the members will be present.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

BOSTON AMUSEMENTS.

COLONIAL THEATRE.

The great Drury Lane spectacle, "The Sleeping Beauty and the Beast," still continues to occupy the principal attention of New England theatre goers. Notwithstanding the many splendid offerings at the various Boston playhouses, hundreds are turned away nightly from the Colonial theatre, where the gigantic and immensely satisfying Klaw & Erlanger Drury Lane entertainment holds forth.

It is so long since the theatre-going public of this vicinity has been treated to one of these colossal stage spectacles that the introduction of "The Sleeping Beauty and the Beast," has been received with untold delight. It is the largest and most brilliant conglomeration of stage novelties ever banded together, a fact which, taken into consideration with the popular scale of prices in vogue at the Colonial, serves to make it such a popular hit with the public. The Flying Ballet, of course, is the great feature of the production, while the ballet of "The Four Seasons" furnishes innumerable stage pictures that are indescribable.

KEITH'S THEATRE.

Coming to Keith's the week of March 23 are the following well known entertainers: Elsie Fay, singing and dancing comedienne; Yackley and Bunnell, comedy instrumentalists; Katherine Ostermann and company in a comedy sketch, "The Editor"; John Zimmer, skilful juggler; George Felix and Lydia Barry, in an eccentric comedy dancing and singing specialty; the three Mitchells, colored entertainers, and the Quaker City Quartette, instrumentalists and vocalists. The Culver Bicycle Loop Wheel, which has created such a sensation, will be continued for another six days.

Sandow, the world-famous "perfect man" and renowned apostle of physical culture, as applied to both sexes, will be a feature of the show of the week of Mar. 31, an announcement which will be sure to attract an unusual number of people. At the afternoon performance, instead of the regular routine of heavy lifting, etc., Sandow will give a 20-minute demonstrative talk on the benefit of applied physical culture to the human body, a feature of his engagement that should particularly commend itself to ladies.

CASTLE SQUARE THEATRE.

Another evidence of the enterprise of the management of the Castle Square Theatre is found in announcement of the five act drama by Emile Bergerat, "More than Queen," as the coming week's attraction at this house. It will be remembered that Julia Arthur made this play the success of one of her seasons and that the great success of the Napoleonic era aroused immense enthusiasm wherever it was presented. The opportunities afforded in this production for elaborate stage settings, costumes and minor accessories will be fully improved, and the demands of the play, now given for the first time at popular prices, will be equally well met. The leading characters have been assigned as follows: Napoleon, John Craig; Lucien Bonaparte, John Sainpolis; Talleyrand, John T. Craven; Joseph Bonaparte, William J. Hason; Louis Bonaparte, Louis Thiel; Pius VII, Lindsay Morrison; Josephine de Beauharnais, Lillian Lawrence; Letitia Bonaparte, Leona Bradley; Pauline Borghese, Jane Irving; Caroline Murat, Izzia Jewel; Marie Antoinette, Mary Saunders. "More than Queen" is announced for only a single week, with the usual distribution of chocolate boudoirs on the Monday matinee.

Crozier Fined and Imprisoned.
Manila, March 20.—William Crozier, editor of The American, who was convicted on the charge of libelling General Davis, commander of the American troops, was sentenced yesterday to two months' imprisonment and to pay a fine of \$1000.

Murderer Refused Respite.
Albany, March 20.—Governor Odell yesterday declined to grant a further respite to "Whitey" Sullivan, who is under sentence of death for the murder of a bank watchman at Cobleskill in 1900. Sullivan will be executed on Tuesday next.

NEWS IN BRIEF

The Caribean squadron, now cruising in the vicinity of Honduras, will be reinforced shortly by the cruisers San Francisco and Raleigh.

Major A. J. Randall, one of the best known cotton mill men in the south, died at Griffin, Ga. He was born at Providence in 1837.

Isaac Hebbert committed suicide by shooting at his home at Bakerville, Mass. He had been drinking heavily.

Dr. Edward W. Jenks died suddenly of pneumonia on a Washburn train while on his way from Chicago to his home at Detroit. He was 70 years old and was one of the most prominent gynecologists in the country.

Weigh the Child

If it is losing flesh it may indicate worms.
If it has indigestion and a variable appetite suspect worms.
Other symptoms are, offensive breath; gripings and pains about the navel; eyes dull; itching nose; short, dry cough; grinding of the teeth; starting during sleep; slow fever and often convulsions.

The certain specific for worms is

TRUE'S PIN WORM ELIXIR

It has been used since 1851, and has restored thousands of suffering children. Whenever worms are suspected, give True's Elixir. If worms are present it will expel them, if not it can do no harm but acts as a tonic and cures all the common complaints of children. Price 25 cents, at druggists. Write for free book, "Children and Their Diseases."

Mortgagee's Sale of Real Estate
IN WOLLASTON.

By virtue of the power of sale contained in a certain mortgage given by Thomas J. Renwick and Robertina E. Renwick, his wife, in her right, to James Roland Cortell, dated July 12, 1900, recorded with Norfolk Deeds book 874, page 638 and for breach of the condition of said mortgage, will be sold at public auction on the land hereinafter described, to-wit: the fourth day of April, A. D. 1903, at three o'clock in the afternoon, the premises conveyed by said mortgage, viz:

A certain parcel of land with the buildings thereon, situated in that part of Quincy called Wollaston, in the County of Norfolk and Commonwealth of Massachusetts, and being the northerly half of lots One and Two block Five of Section Six of Lands of Wollaston and Associates, as shown on a plan of said Section drawn by D. Granger & Son and recorded with Norfolk Deeds at the end of libro 406, and bounded as follows: Northernly by Elmwood avenue, one hundred feet; easterly by lot Fifteen on said plan, fifty feet; southeasterly by the remaining part of said lots One and Two, one hundred feet; and westerly by Farrington street, fifty feet. Containing 5064 square feet; being the premises conveyed to said Robertina E. Renwick by Lizzie F. Cortell, by deed of the same date, and recorded with said mortgage, and subject to the restrictions therein referred to. Also subject to the taxes assessed in May, 1902, up to any unpaid sewer assessment.

Five hundred dollars must be paid in cash at the time and place of sale, and the balance of ten days at the office of F. L. Hayes, 20 Pemberton Square, Boston, Mass., upon delivery of the deed.

NORFOLK, ss. PROBATE COURT.
To the heirs-at-law, next-of-kin, creditors and all other persons interested in the estate of **JOSEPH CARR**, late of Quincy, in said County, deceased, intestate.

Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased, to Alice M. Carr of Quincy, or to some other suitable person. You are hereby cited to appear at a Probate Court to be held at Quincy, in said County of Norfolk, on the eighth day of April, A. D. 1903, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks in the Quincy Daily Ledger, a newspaper published in Quincy, the last publication to be on one day at least before said Court.

Witness, James H. Flint, Esquire, Judge of said Court, this twentieth day of March, A. D. 1903, at Quincy, in said County of Norfolk, the year one thousand nine hundred and three.

COMPROMISE NATURE

**Award of Coal Strike Com-
mission Is So Regarded**

NO RECOGNITION OF UNION

**The Point Which Prevented a Settle-
ment Until President Induced Both
Sides to Abide by His Decision—
Demands and Awards Outlined**

Washington, March 23.—Those persons who have read the report of the coal strike commission do not believe that it will give perfect satisfaction to either side, as it creates the impression that it is largely a compromise verdict and that the commission, for the sake of obtaining a unanimous report, and to prevent the submission of a minority report, sought to harmonize and balance differences of opinion for the moral effect that would be produced by a finding concurred in by all the members of the commission.

In one respect the report of the commission is a victory for the miners, but the commission refuses to recognize the union, and that will undoubtedly be the most disappointing feature of the report to the miners.

It was the recognition of the union that prevented a settlement until the president finally induced both sides to abide by his decision. The commission recommends a separate anthracite union to deal with the questions in the anthracite fields.

An important finding of the commission is that there shall be no interference with any man because he is or is not a member of the labor union, nor shall there be any interference by union men with non-union men.

For the first time the country learns from official sources the tremendous cost of the strike.

The loss occasioned by decrease in production is \$46,100,000, the loss in wages \$35,000,000, the decrease in freight receipts \$28,000,000, and relief funds used up \$1,500,000, making a total of \$109,900,000.

This, of course, does not take into account the loss caused individuals by the increased prices they were forced to pay for all kinds of coal.

The demands and the awards may be seen in the following statement:

1. An increase of 20 percent upon the prices paid during the year 1901 to employees performing contract or piece work.

Award: Ten percent increase over rates paid in April, 1902, to be received from Nov. 1, 1902.

2. A reduction of 20 percent in hours of labor, without any reduction of earnings, for all employees paid by the hour, day or week.

Award: Eight-hour shifts at the nine-hour pay, effective 1902, in certain cases, and nine-hour shifts at 10-hour pay in others.

3. The adoption of a system by which coal shall be weighed and paid for by weight wherever practicable; the minimum rate to be 60 cents for a legal ton of 2240 pounds; the differentials now existing at the various mines to be maintained.

Award: The miners may employ check and weighmen at their own expense, but the present methods of payment for mining coal will continue unless changed by mutual agreement. The commission says the cars should be uniform. If their size varies the prices paid should vary accordingly.

4. The incorporation of an agreement between the United Mine Workers of America and the anthracite coal companies of the wages which shall be paid and the conditions of employment which shall obtain, together with satisfactory methods for the adjustment of grievances which may arise from time to time, to the end that strikes and lockouts may be unnecessary.

Award: A permanent board of conciliation is established to settle disputes arising under this award. As to the future the commission recommends some machinery for making compulsory investigations of difficulties similar to the investigations made by this commission, and suggests a modification of federal law of 1888 to settle railroad controversies. The commission, however, is against compulsory arbitration. The demand for the recognition of the union the commission did not pass upon, but it recommended a separate anthracite union as stated above. During the life of this award, which shall continue in force until March 31, 1906, there shall be no discrimination against non-union men and no interference with them.

To Unionize West Virginia Miners
Huntington, W. Va., March 23.—Of the situation in West Virginia President Mitchell of the mine workers

said last night: "Few people who have not been on the ground can appreciate the miserable condition of the miners in some of the fields in this state. The labor conditions here are less favorable than in any other state in the union and the efforts at the thorough organization of the state will be prosecuted until every field is brought into the union." He intimated that he will remain in West Virginia until this consummation shall be brought about.

WAS NOT EXPELLED

Saxon Officials' Plans Anticipated by O'Brian and So He Left

New York, March 23.—Dr. and Mrs. Lewis A. O'Brian and their young son were passengers on the steamer Pretoria, which docked yesterday. Dr. O'Brian is the American dentist whose name has been connected by European correspondents with that of Princess Louise of Saxony. He denies that he was officially expelled from Saxony. He says he heard such a report when he got to Plymouth, and avers that the truth of the matter is that, learning from his partner that the Saxon officials had been talking of some such action, he "would not wait to give them a chance."

The dentist says Princess Louise was simply a patient of his and a friend of the family. When he visits to his family became the subject of gossip in Dresden he had the visits stopped. He never taught her to ride a bicycle, nor did the two go bicycle riding together.

Trolley Gong for Fire Alarm

Greenwich, Conn., March 23.—The residence of Dr. Curtiss W. Holmes was destroyed by fire early yesterday morning. The loss is \$8000 and the fire is supposed to have been of incendiary origin. The town fire alarm was out of order and a trolley car motorman discovered the blaze and aroused the department by continuously ringing his gong while going through the town. The house was unoccupied, Dr. Holmes being in Europe and his wife being in the west.

Highwaymen Attacked Trolley Car

Los Angeles, Cal., March 23.—Three masked robbers attempted to hold up a car on an electric line running between Los Angeles and Santa Monica, about a mile west of the city limits, Sunday night, and after a pistol duel between C. W. Henderson, one of the passengers, and one of the robbers, the other two highwaymen began shooting right and left through the crowded car. One passenger was killed and three wounded. The highway men secured nothing from the passengers.

Jerome Talks to Union Men

New York, March 23.—District Attorney Jerome yesterday addressed the Central Federated union. Rumor had been busy for some weeks that if Jerome ventured to address the body he might expect rough treatment, but nothing of the kind occurred. He spoke on "Law and Order" and gave it as his opinion that the laboring organizations could prevent such scenes of disorder and violence as were recently seen at Waterbury, Conn., and in other places.

Kept on the Move

St. Louis, March 23.—President Francis of the Louisiana Purchase Exposition company returned here yesterday from Europe, where he went in the interest of the World's fair. He left St. Louis on Feb. 13 and was in Europe 18 days, during which time he visited the capitals of England, France, Germany, Spain and Belgium, and had audiences with King Edward, President Loubet, Emperor William, the Spanish premier and King Leopold.

Got Robbers, but Not the Cash

Hallfax, March 23.—An armed posse headed by Chief of Police Anderson of Bridgetown run down and captured two robbers who blew open the safe in the agency of the Union bank of Halifax at Granville Ferry and secured \$3100 in cash. When searched the police found the robbers heavily armed. Only \$15 in cash was found on them. They are supposed to be expert crooks and have probably secreted the money on the river bank.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

Worst Is Over on the Mississippi

Memphis, March 23.—The river continues to fall slowly at this point. The flood conditions are becoming brighter and it is generally accepted that the worst is over. Reports from the levees north and south of Memphis are that they are holding splendidly against the enormous pressure of water.

China to Be Represented

Pekin, March 23.—The dowager empress has ordered an appropriation of 500,000 taels to be made for the Chinese representation at the St. Louis exposition.

THESE ARE THE QUESTIONS:

Are you in favor of a sliding Scale?
Are you in favor of a flat rate of 25 cents an hour?
Do you stand for recognition of the union?
Will you abide by the decision of the majority?
Do you give your delegates full power to act?

The five questions to be answered "Yes" or "No" that were submitted to the branches of the unions of street railway employees by the delegates to the meeting held in Boston last Friday, will be voted upon by the employees of the Quincy division tonight.

It is understood that the meeting, which will be held in French hall, will open at 8 o'clock and will continue in session until all have voted. Special cars will be run, from and to Weymouth and Braintree to accommodate the men that live in those sections.

The Australian ballot system will be used, and it is understood that after the vote has been cast the ballots will

be sealed up not to be opened until the next meeting of the delegates in Boston. It is estimated that from two to three weeks will be required to complete the vote all over the system, owing to the regulations governing the unions.

The two most important questions are, the recognition of the union, and standing out for the flat rate of 25 cents an hour.

The action of the convention in Boston averted for the present the danger of a strike, although many of the delegates were in favor of an immediate strike.

Continued on page 3.

FAITHLESS OFFICIALS.

**Cause Laws to be Framed to Suit Lawless, Says
a Boston Peacher.**

Boston, March 23.—Rev. Charles A. Crane, pastor of the People's temple (Methodist), said during his sermon last evening: "Living pictures of triumphant political infidelity can now be seen in Vermont and New Hampshire. Officers sworn to enforce the law have so long nullified it that their persistent perfidy has persuaded many good men to think that the only way to practically handle law breakers is to license them. When there has been an honest effort to enforce the law it has been a success. But dishonest efforts have encouraged the lawless and discouraged the good citizen, who is busy with the bread and butter problem, until now we see dishonesty triumphant and the 'outlaw' in Vermont for 50 years is invited into the halls of legislation where alleged good men will plan for his protection and will arrange to get a share of his plunder. It is a matter of greater concern than all the money in the rum business that the constitution of a state can be set at naught by faithless officials and then this political infidelity be rewarded by laws framed to suit the lawless. To legalize crime is bad, but to be driven to it by infidels to public trusts is worse by far."

The Charges Against Edds

Newport, R. I., March 23.—A general court martial will convene here this week for the trial of Commodore Edds, who, ever since the training station has been established, has had charge of the naval apprentice messes. It is alleged that Edds took a commission of 1 cent a pound on the coffee bought by him for the use of the naval apprentices and a commission of 3 percent on all other supplies, as well as those purchased of Newport provision dealers.

Possible Victim of Hub Sluggers

Boston, March 23.—The police are giving much time to the case of James Henry McElroy of St. Stephens, N. B., who died Saturday while being brought into the city from Dedham, at which place he had been found drugged and stabbed. The theory is held that he was drugged at some place in Boston and taken to Dedham on a train and dropped off where he was found.

A Warning to Women

Boston, March 23.—Professor Dallas L. Sharp of Boston university, as preacher at the First Methodist church yesterday said: "No woman who wears a sea gull or a song bird in her hat can ever get to heaven. Get the bonnets without robbing and killing. Those who rob the lives of the song bird and the bird of beautiful plumage cannot hope for heaven."

Senator and Reporter Jailed

Jefferson City, Mo., March 23.—The house declared L. L. Page, the newspaper correspondent, in contempt of the house for refusing to tell the bribery investigating committee where he got a \$1000 bill which he had changed at a bank here. Both Page and Senator Hickox were taken to jail.

Death Follows Barroom Fight

Newport, R. I., March 23.—John H. Sullivan, whose dead body was found in an alleyway off West Broadway

One Baking Day a Week
is all you need have if you use
Pillsbury's Best Flour,
because bread, cake and pastry made by it will keep fresh longer than when made by ordinary flour.

Good Afternoon.

There should be no discrimination in the enforcement of the rules against the foot and mouth disease, because the owner is a rich and influential man.

Infection in a herd of Charles Francis Adams at Lincoln is reported, but he has been advised to protect them with a shot gun and nothing has been done.

The situation has now been called publicly to the attention of Secretary of Agriculture Wilson.

This evening the annual appropriation order will come up in the City Council for another reading, and it is important that the total shall not be increased.

The finance committee of Fitchburg, a city with about 35,000 population report appropriations aggregating \$526,242.03 for this year. They include \$150,023.10 for debt and interest, \$26,748 for county tax and \$12,465 for state tax. If the estimated county and state taxes were added to Quincy, and also the Metropolitan assessments, Quincy's total would be over \$775,000.00. The city budget of Quincy, as reported, is \$19,833.35 in excess of Fitchburg, yet Quincy is one-fourth smaller in population, and one-fifth poorer in valuation. There may be something in the complaints of the taxpayers that they are overtaxed.

The average valuation of Quincy for the past three years, without deducting abatements as required is \$21,363,261. Twelve dollars on a \$1000 of this average would yield about \$255,000. The amount for current expenses in the annual appropriation order is \$306,798.00, and receipts of \$51,708 will be necessary in addition to the levy to pay these appropriations. In 1901 the estimated receipts were \$46,788.34, and in 1902 they were estimated at \$62,737.53. Whether the receipts actually came up to the estimates nobody seems to know.

Drift of Opinion.

Edward Everett Hale is a dear good man, but we are afraid that his enthusiasm for the municipal ownership of public utilities leads him astray when he avers that such ownership would be more productive of courtesy than private ownership is. It has never appeared to us that the quality of a man's courtesy was affected very much by the place of his employment. There are bores in public places and there are bores in private place. Kindly and obliging men appear at the windows of banks, notwithstanding Dr. Hale's intimation of contrary experience, and there are the gruff and the unaccommodating in all sorts of public offices. We have seen a man gentlemanly and courteous in his private affairs put into a station where he had to deal with the public, and he was gentlemanly and courteous still; and we have seen another with apparently none of the instincts of kindness in similar places and he was the same ugly, morose mortal. If we mistake not, a man's manners spring from some hidden quality of his mind or his heart, and they are bound to make themselves known whatever you put him. At any rate, wherever Dr. Hale may have found, most of the rest of us have discovered both courtesy and discourtesy in both public and private station, when no other reason could be assigned for the difference except that the different people were made so.

New Bedford Standard.

LIKED BY DIPLOMATS.

Secret of President Roosevelt's Popularity Among Them.

WIDE READING AND GOOD MEMORY

He Knows Something About Politics and History of Every European Nation—How He Surprised Mme. Hengelmüller by His Knowledge of Poland.

No president who has occupied the White House within memory has made so agreeable an impression upon members of the diplomatic colony as President Roosevelt, writes the New York Commercial Advertiser's Washington correspondent. Indeed it is doubtful whether among the reigning sovereigns of Europe there is one who is so thoroughly at home in discussing with the representatives of other nations just the questions in which those representatives happen to be particularly interested. The German emperor may be an exception, for his mental activities are said to be almost boundless. As for the others—so members of the foreign colony in Washington say—not one of them can compare with the president of the United States. There are very few questions about which President Roosevelt does not know something. He has been a voracious reader ever since he was a boy, and he has always been passionately fond of history and biography. His memory is tenacious and encyclopedic. Whatever information once gets into his mind sticks there, ready to be called on at a second's notice. No president since John Quincy Adams has begun to compare with him in the extent of his general knowledge of questions not immediately concerned with American politics and history. He knows something about the politics and history of every nation in Europe, even the most insignificant, and he at times displays a familiarity with them which is as surprising to their representatives in Washington as it is gratifying.

The wife of the Austrian ambassador, Von Hengelmüller, is a native of Poland. If there is a region in Europe about which most American public men have vague and hazy notions, it is Poland. Everybody knows something about Kosciuszko and how freedom shrieked when he fell, and that is about the limit. But it happens that in the course of his reading the president has picked up a lot of information about Poland and about the old Polish families. He knows their relationship to one another and the part they have played in Polish history, so that when Mme. Hengelmüller happens to be placed beside him at dinner he can talk to her about her own people with a familiarity and with a just appreciation which fill her with astonishment and delight.

So with M. Jusserand, the new French ambassador. M. Jusserand is a litterateur of high rank in his own country and has an international reputation, although comparatively few Americans probably have ever read much that he has written. He has made a special study of early English literature and has written upon it with great ability and with fine discrimination. When he came to talk with the president, he was flattered and overjoyed to find that Mr. Roosevelt had read everything he had ever written about early English literature, Piers Ploughman and the rest, and the two conversed with enthusiasm for a long time upon topics congenial to both.

Which have no bearing whatever upon international relations. Sir Michael Herbert and Baron von Sternburg, of course are old friends, dating back to the days when the president was an under official in Washington, and all the other diplomatic representatives in Washington find their personal relations with the occupant of the White House exceptionally pleasant.

The representative of a different type of individual to whom the president appeals even more strongly than to the diplomats was in Washington recently—Seth Bullock, the sheriff of Deadwood, S. D. Bullock is as fine a specimen of the frontiersman as could be found anywhere, with long, drooping mustaches, aquiline nose and hawklike eye. Bullock came on to visit the president and brought with him Mrs. Bullock. They were invited to the German musicale at the White House the other evening, the president having warned Seth in advance not to "shoot the fidler."

Seth was immensely taken with the German choruses. After the entertainment was over Senator Lodge asked him what he thought of it. "It was fine," was the reply. "I liked it. It took me a little higher up the gulch than I'd ever been before, but I liked it." Seth would go through fire and water for the president, and the president would do the same for him.

Congressman's Law Practice Restful.

Several members of the house were discussing their plans for the coming summer in Speaker Henderson's room the other morning when General Henderson turned to Representative Gaines of Tennessee, says the Washington correspondent of the New York Tribune, and said:

"How are you going to spend your summer, Gaines?"

"I intend to take a rest, an absolute rest," was the reply.

"That means that you will resume your law practice, I presume," remarked the speaker, and a shout of laughter greeted the presumption.

Latest in Pottery.

A new Dutch pottery of rich, warm fleur-de-lis coloring comes in fetching shapes, high shouldered little jars, long necked vases and wide mouthed bowls.

MANY YEARS AGO.

Comments on a Copy of "The Acorn" Published in 1858.

Editors of the Daily Ledger:

We have a paper published at the High School Building February 1858, called The Acorn. It is No. 4, Vol. 1, and a picture of an oak tree embellishes the first page. The contributors we read are "Class in Rhetoric."

We find the language in this paper is grammatically and rhetorically correct, and the essays are thoughtful papers. A remarkable production of prose and poetry marked in pencil, McGrath, is entitled, "What I saw and heard."

No. 2, a pretty sketch of Peter Piper, is marked H. Munroe.

Next is a good paper on "Education," signed G. Barker, the close of which must be transcribed, "If then schools depend for support on the public, still more does the public depend on schools; so that whatever is done, to make the path easier and more pleasant to the scholar's feet, is adding in a ten-fold ratio, to the future good of the community."

G. Barker follows with a letter from Franconia. W. Stetson has a letter from Fort Lee Bluff, N. Y., and G. Barker one from Philadelphia. The death of Arthur and a paper on clouds are signed A. Randall. This paper on clouds is strongly flavored with John Ruskin. L. Clements comes next with the Story of Canute. L. Guild, whom we remember as a little mild maiden, discourses on "Death."

H. French has a most convincing argument upon the duty of cheerfulness and content. J. Wright's wisdom is displayed in a plea for "never putting off till tomorrow what should be done today." Then a number comes with no name attached, while the poet's corner is gracefully filled by Mary McGrath.

H. Hunt wrote a fine bit upon "Purpose," and D. French tells us about "Hope," in English and in French. J. Foster has a valuable little paper on "Reading," and also some philosophical problems. Then M. Spear has an essay, as has H. Glover, the only humorous one.

After all our pride in today, 1858 shows creditable work on the part of those who made up this modest "Acorn," and reading the names there brings chastened thoughts and tender memories of the old building where some of us went before and after 1858.

A. E. F.

CARD OF THANKS.

We desire to express our thanks to many kind friends who during our bereavement have befriended us. We realize that our loss is your loss. The floral offerings and other kindnesses will long be remembered.

MRS. HANNAH McLANE, BARTLETT A. McLANE.

Quincy, Mar. 23, 1903.

The Foresters in Attendance.

The funeral of Charles Olson was held Sunday from the Swedish Lutheran church. There were a large number of friends in attendance including many employees from the Fore River Ship and Engine Co., and a delegation from John Erickson, Court of Foresters, of which he was a member. The services were conducted by Rev. John A. Bernhard. The remains were then taken to Mt. Wollaston for burial, where John Erickson court performed its burial service.

A revolution in the American glass industry is promised by the early introduction of machines for blowing glass. It is claimed that one machine will do the work of three men, and all the plants in the glass trust are soon to be equipped with these machines.

Do You Need Iron?

The new preparation called Pepton

is an agreeable, effective and up-to-date combination of this wonderful curative metal, free from all the objectionable features of older iron preparations. Whether taken

In Pill or Liquid Form

Pepton does not injure the teeth, nor leave any inky or metallic flavor in the mouth, and is the only iron preparation that does not cause constipation, however long taken.

Pepton cures nerve pain, nerve tire, and all degrees of nerve debility; makes the cheeks rosy and the eyes bright—the young more vigorous and the old less feeble.

Invaluable to invalids and convalescents and to all neurasthenic, anemic, and dyspeptic sufferers.

Pepton is made in two forms: In a liquid—an aromatic cordial elixir—at \$1 per bottle, also in chocolate-coated pills at 50c. or \$1 per box. By C. I. HOOD CO., proprietors, 100 N. Main St., Lowell, Mass., U. S. A.

E. J. Murphy, 1657 Hancock St.

Birthday Party.

Mr. and Mrs. Alfred F. Ingham entertained a large party of friends Thursday evening at their pretty home on Edison park, it being Mrs. Ingham's birthday. She was beautifully gowned in a pale blue silk, trimmed with cream colored lace.

During the reception soft strains of music from an orchestra hidden behind a bank of palms and ferns, added to the pleasures of the occasion.

Mrs. Ingham was the recipient of many presents which were exhibited in the back parlor. Music and dancing were enjoyed until eleven o'clock, when an elaborate supper was served in the dining room. The table looked exquisite in its snow white linen and floral decorations of English roses and ferns. A large birthday cake occupied the centre of the table, which contained a ring which was found in Mrs. Huff's piece when the cake was cut and distributed.

It was the wish of all the guests on leaving, that Mr. and Mrs. Ingham would have as happy a life the rest of their days, as the guests had passed in the few short hours they had been so hospitably entertained.

Among those present were: Mr. and Mrs. J. M. Gibb, Miss Jennie Gibb, Mr. and Mrs. Scouler, Mr. and Mrs. R. Hanna, Mr. and Mrs. Huff of Weymouth, Mr. and Mrs. Hines, Mr. and Mrs. Ingham, Sr., Mr. and Mrs. C. Grey, Mrs. G. Haupt, Miss Laura Stephens, Mr. and Mrs. Fletcher, Mr. B. Waugh, Mr. J. Roberts, Mr. H. Lambert, Mr. A. Gibb.

Sudden Death.

Mrs. Sylvia C. wife of Mr. John Q. A. Field, died at her home, No. 200 Independence avenue, Sunday morning, aged 65 years. Mrs. Field has not been in good health for some time, her ailment being largely due to heart trouble. She has been able to be about, however, and no later than last Friday visited her daughter at Wollaston. Her death was somewhat unexpected as she seemed to be improving. She has always taken an active interest in affairs at the First church, and was a constant attendant there when her health permitted.

She leaves besides a husband, two sons and two daughters. Her sons are John Wellington and Dr. Harvey A., and the daughters, Mrs. D. Frederick Potter, of Buffalo, N. Y. and Mrs. Jesse I. Littlefield of Wollaston. The funeral will be held from her late residence, Tuesday afternoon at 2.30 o'clock.

One of Four.

The Maritime News and Review of Mar. 17 devoted over a page to the Fore River Ship & Engine Co. of Quincy, giving an up-to-date view of the plant and an interesting sketch. We quote the opening sentence: "Within the past three years the Fore River Ship & Engine Co. has built, upon new ground on an arm of Boston harbor, in Quincy, Mass., a large, complete, and thoroughly up-to-date shipyard, which is entitled to rank as one of the four principal shipbuilding plants of the country."

Morrill's Tree Ink.

Those who have nice trees should now protect them for the next few weeks. The frost is out of the ground and the grubs have commenced to crawl up the trunks of the trees. A little ink used now will catch hundreds of the millers and save your trees from the destructive work of the canker worms.

For sale at this office by George W. Prescott & Son.

Committee Coming.

The Committee on Harbors and Lands of the Legislature will visit Quincy tomorrow on a tour of inspection. They will arrive at Atlantic about 1.20 and take a special car for Wollaston beach, where they will view the channel off the yacht club houses, a petition to dredge that channel being before them. From Wollaston they will come to Quincy and view Town river and Weymouth Fore river, petitions for improving which are also being considered by them.

Depot Entered.

The Norfolk Downs station of the New York, New Haven and Hartford railroad was broken into early Sunday morning. The cash drawer in the ticket office was forced open, but as it contained no money, the burglars were unrewarded.

Clarence F. Carroll, superintendent of schools at Worcester, will probably accept an appointment at Rochester, N. Y., at a salary of \$5,000.

The navy yard at Charlestown will manufacture 16 anchors of 17,000 pounds each for the new warships.

DIED.

FIELD—In Quincy, March 22, Mrs. Sylvia C. wife of Mr. John Q. A. Field, aged 65 years and 8 months.

Funeral from late residence, 200 Independence avenue, Tuesday, March 24, at 2.30 P. M. Relatives and friends invited. Burial private.

BROWN—In Quincy, March 21 at No. 32 Cottage street, Mr. Frederick W. Brown of 2 Oakville avenue, Roxbury.

HATCH—In East Pembroke, Mar. 20, Lavina A. Hatch, aged 66 years, 10 months.

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

Colder Tuesday.

Rainy today.

Is it the line storm?

Special meeting of the City Council this evening.

The school vacation begins the middle of next week.

About two connections per day are now being made with the public sewer.

Mrs. Annie Hart of Willard street is confined to her home by sciatic rheumatism.

Chief Engineer Peter J. Williams has been elected a member of the Chiefs club of Massachusetts.

Thursday will be ladies' night with Paul Revere post G. A. R., and a clam chowder will be served.

Paul Revere Post 88, G. A. R., is already making arrangements for Memorial day, nine weeks hence.

T. L. Williams is showing a lot of souvenir china bearing portraits of all the ex-Mayors of Quincy. Some of the likenesses are very good.

Rev. Andrew H. Mulnix of East Milton preached at the Bethany Congregational church Sunday evening.

The Brockton High School basketball team will play the St. Marys at West Quincy tomorrow night.

It was two years ago today that Aginaldo was captured, and yesterday was the 31st anniversary of his birth.

The second degree will be conferred on several candidates of Mt. Wollaston lodge, I. O. O. F., tomorrow evening by degree team of John Hancock lodge.

Everybody in the vicinity knows when the S. A. M. electric for Quincy Neck reaches the Greenleaf. There is always a shout of welcome for those in waiting to take the car.

Henry L. Kincaide & Co. have opened a confectionery department in their 5 and 10 cent store, and are selling toothsome dainties at 10 cents per pound. Last week they sold over a ton of candy.

According to the annual report of the Co-operative banks of Massachusetts, none mature their shares quicker than the Quincy and Wollaston banks, while some of the banks require five to ten months longer.

Miss Edith Randall and Mrs. William Edwards are to matronize the dancing party at Colonial hall, on Saturday evening, given by Miss Georgiana Lane for the young people of the First Unitarian Sunday school. Dancing will be enjoyed from half after seven until ten.

Henry P. Kittredge arrived home Saturday night from the south, where he has been for several weeks. He is well browned and says he had a fine trip. He met with one or two unavoidable delays on his homeward trip, and but for these he would have been a passenger on the ill fated steamer Plymouth.

Mr. Arthur Pennell whose name has been so prominent in the Bardick murder case in Buffalo, and who met with such a horrible death from an automobile accident, is known in this city, where he has been an occasional guest. His Quincy friends feel that his name will be vindicated, and that he has been most unjustly criticized and misrepresented.

Adjoornment of Mortgage Sale.

THE Mortgage Sale advertised in the Quincy Daily Ledger on March 5th, 12th and 19th, wherein Ann Sullivan is the mortgagor and Charles C. Barton and Harry N. Squires, Trustees, the mortgagees, said sale being advertised to take place on Saturday, March 28th, 1903, at two o'clock P. M., and the premises being Lots D, E, G, H, and I, in Section 2, as shown on Plan of the Land of the Manet Land Associates, recorded Norfolk Deeds at the end of Book 892, is hereby adjourned to WEDNESDAY, April 10th, 1903, at two o'clock, P. M.

Longshoremen Ask For Conference
Boston, March 23.—The Boston Longshoremen's Trade council met last night to consider the refusal of the steamship agents to grant increased wages for certain lines of work and concede other requests made by the men. A spirited discussion culminated in the appointment of a committee to wait upon the agents and ask for a conference on or before Thursday next, in the hope of averting a possible strike.

Conference Without Result
Haverhill, Mass., March 23.—Representatives of the Boot and Shoe Workers' Protective union were in council Saturday night and when the meeting was concluded they were as far apart as at the beginning, absolutely no progress having been made for the settlement of the strike.

To Attend to Private Business
New York, March 23.—Among the passengers who arrived yesterday per steamer Ponce from Porto Rico was James S. Harlan, attorney general of Porto Rico. He will go to Washington and offer his resignation. Private business of an urgent nature will require his attention at this time.

Four Fishermen Missing
Boston, March 23.—Fishing schooner Joseph P. Johnson arrived at T wharf yesterday, and the master reported that four of the crew, all Portuguese, went astray in their dories while hauling trawls Thursday. The schooner at the time was 20 miles off Chatham.

Boat Sunk and Five Lives Lost
Providence, March 23.—Tug Bucaeneer, Captain Fletcher, reports that the pilot boat Pilot, of Philadelphia, was cut down and sunk by an unknown steamer in a thick fog off Marcus Hook, Del., last Friday, and five men of the crew were drowned.

Dean of Canterbury Dead
London, March 23.—Very Rev. Frederick William Farrar, dean of Canterbury since 1895, died yesterday. Dean Farrar was in his 72d year.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English from Sir Edwin Caskoden's Memoir
By **EDWIN CASKODEN [CHARLES MAJOR]**
Copyright, 1898 and 1901, by The Brown-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

SYNOPSIS.

Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Caskoden, master of the dance. III.—Caskoden is attentive to Lady Jane Bolingbroke, companion to the princess. In a fit of petulance Mary rebukes Brandon, then craves forgiveness.

CHAPTER IV.—Continued.

A few evenings after this I met the princess in the queen's drawing room. She beckoned me to her and, resting her elbows on the top of a cabinet, her chin in her hands, said: "I met your friend, Captain Brandon, a day or two ago. Did he tell you?"
"No," I answered. "Jane told me, but he has not mentioned it."
It was true Brandon had not said a word of the matter, and I had not spoken of it either. I wanted to see how long he would remain silent concerning an adventure that would have set most men of the court boasting at a great rate. To have a tilt with the ever victorious Mary and to come off victor was enough, I think, to loosen any tongue less given to bragging than Brandon's.

"So," continued Mary, evidently somewhat piqued, "he did not think his presentation to me a thing worth mentioning? We had a little passage at arms, and, to tell you the truth, I came off second best and had to acknowledge it too. Now, what do you think of this new friend of yours? And he did not boast about having the better of me. After all, there is more virtue in his silence than I at first thought." And she threw back her head and clapped her hands and laughed with the most contagious little ripple you ever heard. She seemed not to grieve over her defeat, but dimpled as though it were a huge joke, the thought of which rather pleased her than otherwise. Victory had grown stale for her, although so young.

"What do I think of my new friend?" I repeated after her, and that gave me a theme upon which I could enlarge eloquently. I told her of his learning, notwithstanding the fact that he had been in the continental wars ever since he was a boy. I repeated to her stories of his daring and bravery that had been told to me by his uncle, the master of the horse, and others, and then I added what I knew Lady Jane had already said. I had expected to be brief, but to my surprise found a close and interested listener, even to the twice told parts, and drew my story out a little, to the liking of us both.

"Your friend has an earnest advocate in you, Sir Edwin," said the princess. "That he has," I replied. "There is nothing too good to say of him."
I knew that Mary, with her better, clearer brain, held the king almost in the palm of her hand, so I thought to advance Brandon's fortune by a timely word.

"I trust the king will see fit to favor him, and I hope that you will speak a word in his behalf should the opportunity occur."

"What, in the name of heaven, have I to do for him?" cried Mary impatiently, for she kept an eye on things political, even if she were only a girl. "The king has given away everything that can be given already, and now that the war is over and men are coming home there are hundreds waiting for more. My father's great treasure is squandered, to say nothing of the money collected from Empson, Dudley and the other commissioners. There is nothing to give unless it be the titles and estates of the late Duke of Suffolk. Perhaps the king will give these to your paragon if you will paint him in as fair a light as you have drawn him for me." Then, throwing back her head, with a laugh, "Ask him."

"It would be none too much for his deserts," I replied, falling in with her humor.

"We will so arrange it, then," went on Mary banteringly. "Captain Brandon no longer, but Charles Brandon, duke of Suffolk. How sounds it, Master Caskoden?"

"Sweet in my ears," I replied. "I really believe you would have the king's crown for him, you absurd man, if you could get it. We must have so interesting a person at court. I shall at least see that he is presented to the queen at once. I wonder if he dances. I suppose not. He has probably been too busy cutting and thrusting." And she laughed again at her own pleasantry.

wonder men were fools about her and caught love as one catches a contagion. I had it once, as you already know, and had recovered. All that prevented a daily relapse was my fair, sweet antidote, Jane, whose image rested in my heart, a lasting safeguard.

"I wonder if your prodigy plays cards—that is, such as we ladies play?" asked Mary. "You say he has lived much in France, where the game was invented, but I have no doubt he would scorn to waste his time at so frivolous a pursuit when he might be slaughtering armies single handed and alone."

"I do not know as to his dancing and card playing, but I dare venture a wager he does both," I replied, not liking her tone of sarcasm. She had yet to learn who Brandon was.

"I will hazard ten crowns," said Mary quickly, for she loved a wager and was a born gambler.

"Taken," said I.

"We will try him on both tomorrow night in my drawing room," she continued. "You bring him up, but tell me one. I will have Jane there with her lute, which will not frighten you away I know, and we will try his step. I will have cards, too, and we shall see what he can do at triumph. Just we four, no one else at all. You and Jane, the new Duke of Suffolk and I. Oh, I can hardly wait!" And she fairly danced with joyous anticipation.

The thing had enough irregularity to give it zest, for while Mary often had a few young people in her drawing room, the companies were never so small as two couples only, and the king and queen, to make up for greater faults, were wonderful sticklers in the matter of little proprieties.

The ten crown wager, too, gave spice to it, but to do her justice she cared little for that. The princess loved gambling purely for gambling sake, and with her the next best thing to winning was losing.

When I went to my room that night, I awakened Brandon and told him of the distinguished honor that awaited him.

"Well, I'll be— But he did not say what he would 'be.' He always halted before a word, unless angry, which was seldom, but then beware. He had learned to swear in Flanders. 'How she did fly at me the other morning! I never was more surprised in all my life. For once I was almost caught with my guard down and did not know how to parry the thrust. I mumbled over some sort of a lame retaliation and beat a retreat. It was so unjust and uncalled for that it made me angry. But she was so gracious in her amends that I was almost glad it happened. I like a woman who can be as savage as the very devil when it pleases her. She usually has in store an assortment of possibilities for the other extreme.'"

"She told me of your encounter," I returned, "but said she had come off second best, and seemed to think her overthrow a huge joke."

"The man who learns to know what a woman thinks and feels will have a great deal of valuable information," he replied, and then turned over for sleep, greatly pleased that one woman thought as she did.

CASTRO'S RESIGNATION

Will Not Be Accepted by the Venezuelan Congress

IS ASKED TO RECONSIDER

Says All the Glory He Asks Is to Contemplate Venezuela Becoming Happy—Belief at Washington That It Is Merely a Political Move

Caracas, March 23.—The Venezuelan congress, by a unanimous vote, has declined to accept President Castro's resignation and has passed a resolution requesting him to reconsider his decision.

The congressional hall was crowded Saturday afternoon and all the members of the diplomatic corps were present when President Castro read his message to congress. President Castro first passed in review the terrible conditions which prevailed in the country and denounced the errors of his countrymen. "But," he continued, "if it is painful to consider how much blood and how many tears have been shed, yet it is a consolation to think that their bitter stream by the law of compensation will fecundate something that should correspond to present day aspirations, since every struggle begets an idea and every victorious idea justifies the supposition that an onward step has been taken in the road to human perfection. Our victory over the great adversaries which have just oppressed us must terminate the tumults of our life, otherwise we shall reach a shameful dissolution."

Touching then, on the question of the recent foreign intervention, President Castro said it had been brought about by a league of people who, unable to submit their claims to the impartiality of the tribunals, had employed force, and that because he refused to submit to the Anglo-German exactions they, acting in collusion with the revolutionary general, Matos, and endeavoring to rid him, in confirmation of this latter statement President Castro cited a letter written by the commander of the German warship Stosch. He proceeded to say that now that the sovereignty of the nation had been safeguarded.

"I deliver my abdication in order that you may proceed legally to call on him who should take my place, so that there may remain to no Venezuelan the slightest pretext for hostility to his country or for connivance with foreigners who, without any ground save force, fell upon unfortunate Venezuela, trampling under foot reason and justice to the detriment of civilization and the beautiful conquests of right. With head uplifted and with tranquil conscience I return to the efforts of toil which honor and dignify. All the energies and possibilities of my life are at your service should it become necessary to arise and defend our country against the attacks of foreigners. All the glory I ask is to contemplate Venezuela becoming respected, prosperous and happy."

The president of congress then received President Castro's resignation and a commission was immediately appointed to draw up a reply to the tendered resignation.

Later a night session of congress was held and a resolution was adopted requesting President Castro to reconsider his resignation in view of the critical condition of the republic, and a vote of confidence in his policy was passed unanimously.

The delegation appointed by congress called at noon yesterday at the president's residence and transmitted to President Castro the resolution unanimously adopted by congress, refusing to accept his resignation and requesting him to reconsider his decision. President Castro in reply declined to change his mind, but, after being urged by his personal friends, he offered to present another message to congress, which he will meet on Thursday, to give a solution to the situation.

The French warship Troude has left La Guaira. Her departure is taken as indicating that there is no reason to fear internal complications as a result of President Castro's resignation.

In the ordinary course of events President Castro's term would have ended Feb. 20, 1908. He was elected president of Venezuela for six years, beginning Feb. 20, 1902. He had been elected provisional president of Venezuela on March 30, 1901, by the constituent assembly. Senator Castro, when the presidency changed hands some time previous to that date, had proclaimed himself president, and the United States government, in November, 1899, had officially recognized the de facto government headed by him. The action of the constituent assembly legalized his position and invested him with the full powers of a presidential ruler to the limit of his authority. Up to that time, while being generally recognized as president of Venezuela, he had in reality been simply dictator of the republic. A year later, as already stated, the Venezuelan congress ratified his election and regularly installed him as president of Venezuela for a term of six years, dating from Feb. 20, 1902.

May Be Merely a Feeler
Washington, March 23.—President Castro's resignation comes in for a good deal of discussion in governmental and diplomatic circles. The general sentiment of persons conversant with South American affairs seems to be that the

president's action is merely a political move, having for its object the declaration of an expression of congress for its united and hearty support. It was not thought that he had any serious idea of giving up his office permanently. Some manifestation of confidence, it is suggested, was necessary in view of conditions existing in Venezuela, arising, it might be, out of the extraordinary import duties levied by Castro about a month ago and the effect on the country of the revolution through which the country has been passing.

London Is Surprised
London, March 23.—The news of President Castro's resignation came as a complete surprise to people here. Some months ago the possible deposition of the Venezuelan president was discussed at the foreign office as a serious objection to making terms with Venezuela with nothing but President Castro's signature as a guarantee, but since then the officials here were inclined to believe that his position was well established.

How Italy Views It
Rome, March 23.—Considerable impression was made here by the news of President Castro's resignation, which is regarded as a sign that the internal situation of Venezuela is much worse than appeared from the news which had been allowed to leave Venezuela. It is hoped here that President Castro's resignation will lead to the pacification of the country and the re-establishment of order.

Regret in Germany
Berlin, March 23.—The German government had no warning of President Castro's retirement. The feeling in official quarters is rather one of regret than otherwise, because President Castro's resignation creates uncertainty regarding the conditions that were understood during the unfinished negotiations at Washington.

An Aw-Inspiring Spectacle
Kingstown, St. Vincent, March 23.—The eruption of Soufriere, which began Saturday, continues and increases in activity. The spectacle is awe-inspiring. The crater is belching forth dense black clouds, accompanied by loud roaring and flashes which tend the spreading pall of smoke which now envelops the entire island in darkness. Electrical discharges occurred at intervals during the night, while at daybreak the sunlight playing on the stupendous volcanic clouds produced exceedingly beautiful effects.

More Disturbances
Manila, March 23.—There is a feeling of unrest in Jolo on account of the arrest and conviction of three prominent Moros who raided and burned a Chinese district. As a precautionary measure General Sumner has strengthened the Jolo garrison and is preparing to send additional troops there. In the event of an emergency naval vessels will be asked to co-operate with the troops in a demonstration.

Chopped Car to Rescue Passenger
East Liverpool, O., March 23.—A street car ran away here last night on a steep hill, struck a sharp curve and overturned, landing with trucks up 30 feet away. It was crushed like an egg shell. There were 15 persons on board and all were injured, some very seriously. The wreck was so complete that the car had to be chopped with an axe before all the passengers could be extricated.

Grip Remedies in Great Demand.
When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuft, Va., says he was cured of a very deep and lasting attack of the gripe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

Spinners Will Fight It Out
Woonsocket, R. I., March 23.—The strike of mule spinners in the four mills of the Manville company here and in Manville for higher wages has been in effect for one week, and the indications are that the struggle will continue indefinitely. The strikers are, apparently, determined to fight the issue to a finish. The management of the mills state that an advance in wages at this time is out of the question.

IT'S THE TRUTH

Tell a man it's a food and he doesn't want to pay for it. Tell him it's a medicine and he says it doesn't look like it. Then tell him it's both a food and a medicine and he thinks you're playing some game on him.

Yet these are the facts about Scott's Emulsion of pure cod-liver oil. It is the cream of cod-liver oil, the richest and most digestible of foods. The food for weak stomachs. The food for thin bodies and thin blood.

But that's only half the story. Scott's Emulsion is also a good medicine. It gives new life and vigor to the whole system and especially to the lungs.

We'll send you a little to try, if you like.

SCOTT & BOWNE, 409 Pearl Street, New York.

NEWS IN BRIEF
Charles H. Peck, 76, one of the best known citizens of Newtown, Conn., is dead. He was a native of Newtown. He represented the town in the legislature and was postmaster for several years.

Mrs. Kazimier Wyworski attempted to pour oil on a coal fire in her home at Chicopee, Mass., and the explosion which followed set fire to her clothing. She was frightfully burned and will die. Her husband was severely burned.

Miss Rose Carroll died at North Attleboro, Mass., of burns. She was cooking at a range when a kerosene lamp fell from a shelf onto the stove. The oil ignited and the flames were communicated to her clothing.

Reports of damage to the peach and fruit crops, as a result of a drop in temperature after usually warm weather, are coming in from western Michigan.

John Murphy, 32 years old, married, the sexton of Sacred Heart church, Pawtucket, R. I., who had been missing for three days, was found hanging in the cellar of his own house.

H. M. Pope of Springfield, Mass., broke the 50 shot rifle record with a score of 467. The previous record was 402.

Right Rev. James Rogers, D. D., Roman Catholic bishop at Chatham, N. B., is dead. He was born in Ireland in 1826.

An order has been received at the Boston navy yard directing the equipment department to manufacture 16 anchors to weight 16 pounds each. These anchors will be the largest ever put on any vessel afloat or building.

Indications are now that the maple sugar season in northern Vermont will be an almost total failure on account of the early spring.

Dr. Emmons'
Monthly Regulator has brought happiness to hundreds of anxious women. There is positively no other remedy known to medical science that will so quickly and safely do the work. Longest and most obstinate irregularities from any cause relieved immediately. Success guaranteed at any stage. No pain, danger, or interference with work. Hundreds of cases where others have failed. The most difficult cases successfully treated by mail, and beneficial results guaranteed in every instance. No risk whatsoever. We treat hundreds of ladies whom we never see. Write for further particulars and free confidential advice. Do not put it off too long. All letters truthfully answered. Remember, this remedy is absolutely safe under every possible condition and positively leaves no after ill effect upon the health. Sent by mail, securely sealed, \$2.00. Money letters should be registered. DR. J. W. EMMONS CO., 179 Tremont St., Boston, Mass.

Mortgagee's Sale.
BY Virtue of the power of sale contained in a certain mortgage given by Adelaide A. Pearce and husband to Susan K. Chesley, dated November 14th, 1883, and recorded with Norfolk Deeds, libro 551, folio 522, for breach of the condition of said mortgage and for the purpose of foreclosing the same will be sold at public auction on the premises on TUESDAY, the thirty-first day of March, 1903, at half past four o'clock in the afternoon, on the following described real estate, viz:
A certain lot of land with all the buildings thereon, situated in the westerly part of Quincy, in the County of Norfolk and Commonwealth of Massachusetts, and bounded and described as follows, viz: Northerly on land of John S. Pearce, about nine (9) rods; easterly on land formerly of John Pearce, deceased, about four (4) rods; southerly on land of George Enderle, about nine (9) rods; westerly on Willard street, about four (4) rods. For title to said premises reference may be made to Deeds to be found recorded with Norfolk Deeds in Lib. 543, fol. 116, and Lib. 542, folios 411 and 412.
This sale will be made subject to all unpaid taxes and assessments if any such there be. One Hundred Dollars to be paid at time and place of sale.
WILLIAM A. HARPER,
Assignee and present holder of said Mortgage. March 9. 3t-9-16-23

Commonwealth of Massachusetts, PROBATE COURT.
NORFOLK SS. PROBATE COURT.
TO all other persons interested in the estate of CHARLES F. McCLURE, late of Quincy, in said County, deceased, intestate:
Whereas, a petition has been presented to said Court to grant a letter of administration on the estate of said deceased, to Gertrude McClure of Quincy, without giving surety on her bond. You are hereby cited to appear at a Probate Court to be held at Brookline, in said County of Norfolk, on the twenty-fifth day of March, A. D. 1903, at ten o'clock in the forenoon, to show cause if any you have, why the same should not be granted.
And the petitioner is hereby directed to give public notice thereof by publishing this citation once in each week, for three successive weeks, in the Quincy Daily Ledger, a newspaper published in Quincy, the last publication to be one day at least before said Court.
Witness, JAMES H. FLYNN, Esquire, Judge of said Court, this seventh day of March, A. D. 1903. JONATHAN COBB, Register. March 10. 3t-10-16-23

WAS A FAITHLESS WIFE

Mrs Burdick's Admission on the Witness Stand

LETTERS FROM PENNELL

Show The Intimacy That Existed Between the Two—Expected a Divorce, After Which They Were to Marry—Husband Choked Her to Get Letters

Buffalo, March 24.—Mrs. Alice Hull Burdick, widow of Edwin L. Burdick, underwent a relentless examination by District Attorney Coatsworth yesterday afternoon at the resumption of the inquest into the death of her husband, who was murdered on Feb. 23. Mrs. Burdick was on the stand when court adjourned until 10 o'clock this morning. She will be recalled today to complete her testimony.

With a package of letters in his hands, some of which were written to Mrs. Burdick by Arthur L. Pennell, co-respondent in the divorce proceedings instituted by Mr. Burdick, and other communications between Mr. Burdick and his wife, Mr. Coatsworth forced Mrs. Burdick to tell the story of her relations with Pennell from the time he first made love to her in New Haven in 1898, until 1901, when these relations were renewed after Burdick had forgiven his wife and had taken her back to his home for the sake of their children.

Mrs. Burdick was deathly pale while on the witness stand. She answered questions in a low, faltering tone, evading a direct answer whenever possible and reluctantly admitting facts when the district attorney pitilessly read extracts of the love letters written to her by Arthur L. Pennell.

George C. Miller, attorney for Edwin L. Burdick in the divorce proceedings against Mrs. Burdick, was the first witness called. He told in detail the steps that had been taken at the request of Mr. Burdick to secure a divorce. "Mr. Burdick was ready at all times to sacrifice his own interests for those of his children," said Mr. Miller.

Henry J. Orrett, the Pennell furnace man, was the next witness. His testimony was unimportant.

The next witness was Miss Lizzie Romance, maid at the Pennell house at the time of the murder. She said Mr. Pennell was with his wife in their room reading at 7:45 on the night of the murder. She saw them again at 10 o'clock when she passed their door. She did not see them again until the next morning. The rest of her testimony was unimportant.

There was a hum of interest in the room when Miss Romance was excused and Mrs. Burdick took the witness stand. Mrs. Burdick testified that she would be 42 years of age on April 30. She was married to Burdick in 1887. They had three children. She met Pennell at a card party five or six years ago at which Mr. Burdick was present. She went to New Haven and New York with the Pennells in 1898. Mr. Burdick did not go, being detained by business. No unusual friendship sprang up between her and Pennell. Witness did not recall a letter from Pennell written in New Haven in 1900 in which he said: "Yesterday I was at the gateway on the campus grounds where more than two years ago I drew you in in the darkness. This place is enshrined to me."

The district attorney then showed the letter to the witness, who then bled. She stated in a whisper that she recognized it as Pennell's handwriting and recalled the incident spoken of. Pennell went into a doorway, drew her in, took her in his arms and kissed her. She thought she remembered.

She did not recall that Pennell was at Shelter Island in September, 1900, nor a letter from him in which he wrote that he had found her gloves in the pocket of his tuxedo. The letter was handed her. She read it hastily and did not appear to enjoy its contents. It was written by Pennell, she said, but she did not recall having seen it before.

Mrs. Burdick was shown another letter from Shelter Island written in September, 1900, and it was identified by her. She did not recall Pennell telephoning her from New York as stated in the letter.

Mrs. Burdick was then questioned at some length relative to the meaning of 1, 2, 3, referred to in a letter from Pennell, in which he said he hoped to "see her at 1, 2, 3 Wednesday morning," but Mrs. Pennell answered that she did not know. There were two or

three houses, she said, at which she used to meet him.

Mr. Coatsworth produced another letter postmarked New Haven, Sept. 19, 1900. Mrs. Burdick said she recalled receiving it. Pennell wrote that he would try to telephone her the next morning and on Thursday he hoped to "know the exquisite happiness of seeing her." He referred to her "Dear picture in the pocket" and declared her "My love, my life, my dearest one."

Mr. Coatsworth produced another letter written from the Waldorf-Astoria Sept. 18, 1900, addressed to Mrs. Burdick.

In this letter he wrote: "I just came from telephoning you and hearing your dear, sweet voice. Am I foolish to telephone you from way down here? It was worth all it cost me. I realize more and more that you are the only woman in the world for me."

"Do you remember getting that letter?" asked the district attorney.

"No sir."

"In this same letter he says: 'Only a day more and I shall once more see the love light in your eyes and experience the paradise within your arms.' What does he mean by that, Mrs. Burdick?"

"I don't know."

Mr. Coatsworth quoted what he termed "pretty strong language" from this and other letters written by Pennell to Mrs. Burdick, in one of which he said: "There is that in the manner of your husband toward you that makes me fear sometimes that I might kill him."

Witness did not know whether her husband knew she was receiving letters from Pennell. Witness had been in the habit of keeping her letters locked in a box. Her husband took her by the throat in January, 1901, and choked her and forced her to open the box and produce the letters.

Burdick had not started divorce proceedings, but she wanted to get a divorce from him. She had no love for him, but did love Pennell, whom she expected to marry. He had a wife, but he expected they would be divorced. In reply to a question as to whether Mrs. Pennell had consented to a divorce, she said: "Sometimes she did and sometimes she did not."

It was after the incidents related by Mrs. Burdick yesterday that Mr. Burdick sent her away from home the second time. Her second exile from home began last Thanksgiving and lasted until after the murder of her husband. Today Mrs. Burdick will probably be called upon to tell what the knows of her movements of Pennell just before the murder.

Matos Talking Peace
Willemstad, March 24.—General Matos, the leader of the Venezuelan revolutionary movement, who is here, has sent the following cablegram to General Ayala, vice president of Venezuela and president of congress: "General Castro has resigned the presidency. Considering that his being in power renders impossible all peace and prosperity in Venezuela, if congress will accept his abdication I will promise you to use all my influence with the commanders of the revolutionary army to put an immediate end to the war."

A Judge's Forebode Language
Cleveland, March 24.—A weak and sentimental jury has made the public proclamation that murder committed by a woman is no crime in this country. With these words Judge Neff yesterday assailed the jury that acquitted Mrs. Winkowski of complicity in the murder of her husband and made her a free woman. The judge used this language in sentencing Charles Janowski to the penitentiary for life for the murder.

Volcano Causes a Terror
Kingstown, St. Vincent, March 24.—Soufriere is again in violent eruption, throwing a black cloud over the entire colony.

The lands beyond Georgetown and Chateau Belair are overwhelmed. At Georgetown the window panes were smashed by falling stones and the streets are covered with three to four inches of sand. Earth tremors are felt everywhere.

Heavy Snow in Wisconsin
Milwaukee, March 24.—Wisconsin yesterday experienced one of the worst snowstorms of the winter and reports from several cities in the interior are to the effect that nearly a foot of snow had fallen up to midnight. Railroad traffic is seriously impeded.

The Weather Forecast
Albama, Wednesday, March 25.
Sun rises—5:41; sets—6:01.
Moon rises—6:45 a. m.
High water—8:45 a. m.; 9:15 p. m.
The weather will be fair except in the eastern and northern portion of New England, where rain is probable.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

SPECIAL OF CITY COUNCIL.

The Budget Taken Up Item by Item But Is Not Amended.

New Councilmen Seek Light on Several of the Appropriations.

Department City Officials Were Not on Hand to Give the Information Sought.

The new members of the City Council were very much in evidence at the special meeting Monday evening. There were but two matters in the call. These were the drawing of jurors and the consideration of the annual budget. It was while considering the budget that the new members came into prominence.

The budget was taken up item by item and as each was considered either Councilman Hardwick, Councilman McFarland or Councilman Reardon would ask what was included in it. But few of the heads of departments were present and the information desired was furnished in most cases by Mayor Bryant.

Councilmen Adams, Alden, Cleverly, Meyer, Nichols, Smith, Thompson and Whiton were the absent members.

Councilman Nickerson called the meeting to order and upon roll call was elected President pro tem.

GRAND JUROR.
Assisted by City Clerk Harlow and Councilman Reardon, the Mayor drew James P. Flannigan as a grand juror.

APPROPRIATION ORDER.
The annual appropriation order then came up and took its second reading.

Councilman Hardwick moved that the budget be taken up item by item. Voted.

Councilman Hardwick asked what the items for Assessors stood for. Principal Assessor Thompson explained the items.

The assessors appropriation was then approved as was also that for the Board of Health. Councilman Hardwick voting No on the latter.

Continued on page 3.

THE DEMANDS OF LABOR.

Council of United Textile Workers Will Give Assistance to Lowell Strikers.

Fall River, Mass., March 24.—The executive council of the United Textile Workers of America, at a special session in this city yesterday, gave its unqualified endorsement to the request of the operatives in the cotton mills in Lowell to enforce their demand for an increase of 10 percent in wages. A similar endorsement was given the operatives in the mills of the New England Cotton Yarn company in New Bedford, Taunton and this city, while the strike of the mill spinners is now in progress at Manville and Woonsocket, R. I., was approved.

In order to support the strike in the latter places and in anticipation of those which may take place at Lowell and in the mills of the New England Cotton Yarn company, the executive committee voted to levy an assessment on the 20,000 members of the Textile union to cover immediate needs and also as a defense fund.

The action already taken by individual unions was approved, the council declaring that in every instance the claims made by the men were found to have been justified and their subsequent acts in accordance with the rights of organized labor.

The nature of the assessment was not given out, as the council does not wish the manufacturers to know the financial strength of the body before other strikes are actually announced, in case they should be decided upon. It is understood that the plan adopted provides for an emergency fund of \$20,000 to be raised immediately through an assessment of about \$1 per member. This is to be devoted to immediate needs or used as a defense fund in anticipation of other strikes.

Plans were also made for prompt organization among the some 5500 ring spinners in this city, who at present have no organization. The emergency committee was empowered to act in the matter and will probably put organizers into the field at once.

The question of jurisdiction over the silk workers who have applied to the American Federation of Labor for a separate charter was discussed at length. The sentiment of the council was that the Textile workers must insist upon jurisdiction over the silk workers.

At the conclusion of the meeting it was announced that President Tansey and Secretary Hibbert would go to Lowell today for the purpose of seeing the members of the Textile council in that city and arrange, if possible, another meeting with the manufacturers. In case of a failure an appeal will be made to the state board of arbitration.

Textile Council Immobile.
Lowell, Mass., March 24.—The strike sentiment among the textile opera-

tives in this city is growing and conditions as they exist at the present time point to the declaration of a strike order by the Textile council at the special meeting called for Thursday. All the pressure possible has been brought to bear on the officers of the Textile council to extend the time limit, but it would seem that they are determined to force the issue "without the intervention of outside elements."

Will Hold Out For Demands.
New York, March 24.—By a practically unanimous vote the newly organized Manhattan Elevated railway employees last night refused to accept a proposition made by the officials of the road looking to a settlement of the grievances of the men. One of the officials of the men's organization said last night: "We will insist on our demands. Of course in considering the advisability of a strike we will not lose sight of the inconvenience the public will be caused, and we will go as far as possible to have the matter settled by arbitration. But we must have the nine-hour day and the wage scale we have asked for."

Nothing Ready For the Public.
New Haven, March 24.—Every member of the trainmen's grievance committee is in this city and last night the committee assembled at their headquarters and had an informal conference. The committee has nothing to make public until after they receive a communication from the board of directors of the New Haven Railroad company.

Big Strike of Carriage Makers.
Chicago, March 24.—Sixteen hundred men employed in 300 local carriage and wagon factories struck yesterday for a nine-hour day and an increase in wages. The manufacturers are organized for resistance.

Raid That Was Not a Raid.
New York, March 24.—Inspector McCluskey yesterday ordered a raid on a pool room alleged to be run by or in the interest of "Shang" Draper. He told the detectives not to break in. They went to the front door several times, but were denied admittance. When the last race was over they stood by and saw over 100 men file out of the front door, among them Draper. The officers went away, saying no gambling was going on.

RATHER ONE-SIDED.

The Merrymounts Have Walkover with the Braintrees.

The first in a series of games at pool, billiards, whist and bowling between the Merrymount club of Wollaston and the Braintree club was played at Wollaston, Monday night. The result was a decided victory for Merrymount, who won at everything except pool.

At billiards, Dewson of Merrymount beat Barnes 75 to 67, and Thompson of Merrymount beat Cuff 75 to 45.

At pool the two Tenneys of Braintree both won out; B. Tenney defeating Brown 50 to 27, and F. Tenney defeating Baker 50 to 11.

At whist Freeman & Lyman of Merrymount beat Gammon & Hazeltin of Braintree, 5 to 3.

The Merrymount club captured all three strings at bowling. They won the first string by five pins, the second by 47, and the third by 22, or a total of 44 pins. The total scores were Merrymount, 1228; Braintree, 1154.

Parker was high man on singles for Merrymount with 88, and on three string totals with 257. Monroe was second with 82 on singles and 237 on three string totals. The average was 245.

For Braintree French was high man on singles with 96, and on three strings totals with 247. Hollis was second with 88 on singles and 263 on three strings totals. The average was 230.

NOTABLE FUNERAL.

Over One Hundred Clergymen at Bier of Rev. Fr. Ford.

Over 100 priests chanted the impressive office of the dead at the funeral of Rev. Fr. John F. Ford, superintendent of the Working Boys' Home, held at Weymouth, Monday morning, at 10.30. Since 3 P. M. Sunday the body had laid in state and was viewed by hundreds of friends, including some from Quincy and Braintree, but largely from Weymouth and Boston.

The officers of the mass were: Celebrant, Rev. D. J. O'Farrell of St. Stephen's church, Boston; deacon, Rev. William P. McQuaid of St. James' church, Boston; sub-deacon, Rev. George J. Patterson of St. Vincent's church, South Boston.

The master of ceremonies was Rev. Charles F. Glennon of South Framingham, and Rev. Dr. James J. Baxter of St. James' church, Boston was thurifer. Rev. Dr. F. X. Dolan of the cathedral of the Holy Cross, Boston, and Rev. Leo J. Knappe of St. Stephen's church, Boston, were the acolytes.

Rev. Dr. P. J. Supple of St. Paul's church, Cambridge, delivered the eulogy, which was an eloquent tribute to the self-sacrificing work and zealous life of the dead priest.

At the close of the mass Bishop Brady, the auxiliary prelate of the archdiocese, who occupied a position within the chancel during the celebration of the mass, pronounced the episcopal benediction.

The floral tributes were beautiful, and included a floral cross of callas, galax leaves and ferns from the boys of the Working Boys' home, and a piece from the corporation of the home.

The Gregorian chant was rendered by the church choir, augmented by 40 voices from the churches in this vicinity.

The funeral cortege, which proceeded to St. Francis cemetery, South Weymouth, was headed by the Working Boys' Home band of Boston and the Young Men's Catholic Association of Weymouth. A long line of carriages containing the clergy, pallbearers and family and friends followed.

Favors an Inspector.

The whiskey bottle which exploded at the Quincy police station Feb. 22 and took the varnish off a desk figured at a State House hearing on Monday. "Whiskey that will blow up in a bottle and eat the varnish off a desk shouldn't be handed out to a man to drink, and that's the kind of stuff that is being sold in this state," exclaimed Representative Donovan of Cambridge, before the lower branch of the General Court Monday when speaking in favor of a liquor inspector.

Representative Fallon was one of the speakers in favor of inspection and the bill was ordered to a third reading by a vote of 74 to 48.

Mrs. Fisher Hurt.

A Boston paper reports that Mrs. Meda F. Fisher, wife of J. M. Fisher, of Betts & Fisher notoriety, was seriously injured Monday. The report says: While the coachman of J. M. Fisher, living at Cedar avenue and Washington street, Braintree, was driving through the parkway near the railroad bridge at Forest Hills, the horse ran away, and Mrs. Fisher, and the coachman, Preston E. Towle, were thrown to the ground. Mrs. Fisher was badly injured about the head and shoulders, and it is feared she sustained a concussion of the brain. The coachman was uninjured.

TODAY'S COURT.

Dennis McCarthy was arraigned for drunkenness and assault at Quincy. Cases continued until Wednesday morning.

Job Printing at Ledger office.

CITY COUNCIL.

[Continued from Page 1]

Councilman Hardwick said he did not approve of doing this so quickly. He hoped merely to consider the items tonight.

Councilman Bass was called to the chair and Councilman Nickerson took the floor.

Councilman Nickerson—The Finance committee spent five evenings on the budget and had most of heads of departments and Mayor present. Every item was carefully considered. The gentleman has had a week to look into the matter.

Councilman Hardwick said he had looked into it. He thought the heads of departments would be present to explain. He thought it the duty of Council to go into these matters very carefully. It did not show good judgment to pass it so quickly. He believed it necessary to get these matters in detail. He moved that we do not approve these articles tonight.

Councilman Nickerson believed the motion out of order. It was not good sense or common sense.

The chair ruled the only way was to approve article by article. The appropriation for cemeteries was approved after it was explained how the amount was used, by a member of the Board of Managers.

The item relative to the appropriation for the City Auditor was laid on table, but later taken up and passed.

The item for miscellaneous expenses in the Fire Department caused that article to be laid on the table. Later the Mayor, with the aid of a City Book, showed Councilman Hardwick what bills were charged to this account in 1901. Then the article was approved.

The article relative to appropriation for the Tax Collector was laid on the table.

In this article the item for clerical services was \$36 more than last year. This was explained later and the article was approved.

Councilman Hardwick moved the City Engineer article be laid on the table.

Motion declared lost. Vote doubted.

Motion lost by a vote of 2 in favor and 10 against.

Councilman Hardwick and McFarland voted in the affirmative.

Upon motion of Councilman Gasset it was voted that when the meeting adjourn it be until next Monday.

The question was raised that as the meeting was a special whether any other matter could be acted upon at the adjourned meeting.

The City Solicitor ruled that all that could be acted upon would be jurors and the budget.

Mayor Bryant stated that it would be necessary to draw more jurors next Monday.

The City Solicitor then said that to make things sure it would be better for the Mayor to issue a call for a special meeting.

The motion to adjourn for one week was then rescinded. The budget was then referred to the Committee on Ordinances.

Adjourned at 9.15.

FINE DETECTIVE WORK

Results in Arrest of Two Alleged Stock Swindlers at Boston

Boston, March 24.—After some days of careful detective work the police yesterday arrested Walter B. McBride and John Reiley, whom they charge with attempting to sell stock far in advance of its value with intent to defraud.

The stock of which Reiley claims to have 30,000 shares was of the St. Marie Copper Mining company of Wyoming. The police claim that McBride and Reiley advertised for a person who wished to invest \$50,000 in an "honest" company. A local lawyer, after investigating the advertisement and investigating the stock, reported the matter to the police and two inspectors impersonated investors and inquired further into the plan. In doing so they were informed by McBride that he knew of a man who held 20,000 St. Marie mining shares and Reiley was then brought in to the affair. About this time two telegrams were shown the officers from New York bidding \$100 and \$173 a share for the stock, which telegrams the inspectors believe were fictitious. After further parleying the two men were arrested and taken last night to headquarters, where Chief Inspector Watts recognized Reiley as an old offender. Both men were then locked up.

McBride had letters and other matter in his possession to show that he had been operating in Providence and other New England cities. He had answers from big business and financial men of this community. The police do not know how many persons the pair have victimized, but they expect to receive calls from a great many sufferers.

Harvard Debaters Defeat Yale Cambridge, Mass., March 24.—Harvard defeated Yale at joint debate here last night, having the affirmative of the question: "Resolved, that the United States should permit a European government to seize and hold permanently territory of the debtor state not exceeding in value the amount of the award." This question was applied to South Africa, and six conditions governing it were presupposed, so that arguments were based on the understanding that payment of debt according to arbitration at The Hague had been defaulted. The judges' decision was unanimous.

Checks Went Astray Leominster, Mass., March 24.—A few weeks ago Whitney & Co., paper box manufacturers, lost a \$500 check and another for a smaller amount from their key

GET STRONG

Vinol Makes Weak People Strong.

WE GUARANTEE IT WILL DO SO.

WE KNOW OF NO TONIC OR RE-BUILDER LIKE IT.

Vinol does create strength. We know that and have proved it in many instances.

The reason Vinol rejuvenates and strengthens a person is that it acts directly upon the stomach, strengthening and toning up this great vital organ and enabling it to obtain for itself, from the food that is taken into it, the elements which are required to make firm healthy flesh and muscle tissue, sound bone structure and pure healthy blood.

Vinol does this in a scientific way and is enabled to do it because it contains, dissolved in a delicate mild wine, in a highly concentrated state, the active principles of cod-liver oil.

Vinol does not contain any of the grease that formerly characterized cod-liver oil, hence is free from all the objectionable features which made it impossible for patients to take, or retain that vile-smelling remedy into their stomach.

Vinol in its favorable action upon the stomach and other organs of the body acts also in a beneficial way upon the nerves and brain, and will be found to be invaluable to brain workers as well as body workers.

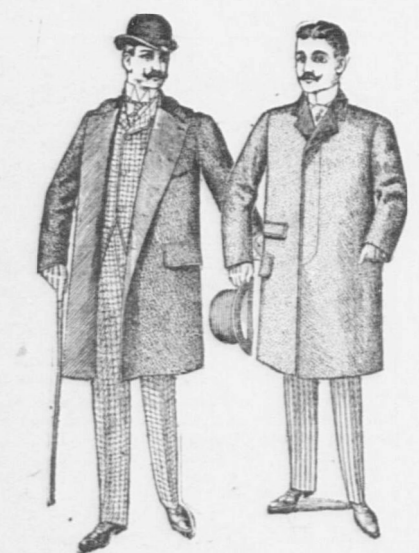

The following letter is from a well-known author. It reads as follows: "I wish to acknowledge the receipt of the Vinol and testify to its great benefits. Since taking it I am much improved in health, and during the intense heat of last August I should not have been able to continue in my literary work if it had not been for the strengthening properties of Vinol. Yours in gratitude, ELLA STARR, 106 W. 82d St., N. Y. City."

We wish any one suffering from weakness, a demoralized condition of the nerves, or a susceptibility to wasting diseases, to call on us and hear what we have to say in regard to Vinol.

Try it on our recommendation, and if you find it does not do everything we claim for it, we will gladly refund to you the amount you have paid us.

EDWARD J. MURPHY, DRUGGIST.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English From Sir Edwin Casskoden's Memoir

By EDWIN CASKODEN [CHARLES MAJOR]

Copyright, 1898 and 1901, by The Bowen-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

SYNOPSIS.

Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Casskoden, master of the dance. III.—Casskoden is attentive to Lady Jane Bolingbroke, companion to the princess. In a fit of petulance Mary rebukes Brandon, then craves forgiveness. IV.—Brandon teaches Mary a new dance.

CHAPTER IV.—Continued.

Brandon's bow was as deep and graceful, if that were possible, as theirs, and when he moved on into the room it was with a little halt in his step and a big blowing out of the cheeks in ludicrous imitation of his late lamented predecessor that sent the girls into peals of soft laughter and put us all at our ease immediately.

Ah, what a thing it is to look back upon—that time of life when one finds his heaven in a ready laugh!

"Be seated, all," said the princess.

"This is to be without ceremony and only we four. No one knows a word of it. Did you tell any one, Sir Edwin?"

"Perish the thought!" I exclaimed.

She turned her face toward Brandon.

"But I know you did not. I've heard how discreet you were about another matter. Well, no one knows it, then, and we can have a famous evening. You did not expect this, Master Brandon, after my reception of you the other morning? Were you not surprised when Sir Edwin told you?"

"I think I can safely say that I was prepared not to be surprised at anything your highness might graciously conclude to do—after my first experience," he answered, smiling.

"Indeed?" returned Mary, with elevated eyebrows and a rising inflection on the last syllable of the word. (It was now her turn for a little surprise.

"Well, we'll try to find some way to surprise you one of these days." And the time came when she was full of surprises for him. Mary continued: "But let us not talk about the other day. Of what use are 'other days,' anyway? Before the evening is over, Master Brandon, we want you to give us another sermon." And she laughed, setting off three other laughs as hearty and sincere as if she had uttered the rarest witicism on earth.

The princess had told Jane and Jane had told me of the "sermon in the Park," as Mary called it.

"Jane needs it as much as I," said the princess.

"I can't believe that," responded Brandon, looking at Jane with a softening glance quite too admiring and commendatory to suit me, for I was a jealous little devil.

The eyebrows went up again.

"Oh, you think she doesn't? Well, in truth, Master Brandon, there is one failing that cannot be laid at your door—you are no flatterer." For answer Brandon laughed, and that gave us the cue, and away we went in a rippling chorus, all about nothing. Some persons may call our laughter foolish, but there are others who consider it the height of all wisdom. St. George! I'd give my garter for just one other laugh like that, for just one other hour of youth's dancing blood and glowing soul warmth, of sweet, unconscious, happy heart beat and paradise creating joy in everything!

After a few minutes of gay conversation, in which we all joined, Mary asked: "What shall we do? Will one of you suggest something?"

Jane sat there looking so demure you would have thought mischief could not live within a league of her, but those very demure girls are nearly always dangerous. She said, oh, so innocently: "Would you like to dance? If so, I will play." And she reached for her lute, which was by her side.

"Yes, that will be delightful. Master Brandon, will you dance with me?" asked the princess, with a saucy little laugh, her invitation meaning so much more to three of us than to Brandon.

Jane and I joined in the laugh, and when Mary clapped her hands that set Brandon off, too, for he thought it the quaintest, prettiest little gesture in the world and was all unconscious that our laugh was at his expense.

Brandon did not answer Mary's invitation—the fit of laughter had probably put it out of his mind—so she, evidently anxious to win or lose her wager at once, again asked him if he danced.

"Oh, pardon me! Of course! Thank you!" And he was on his feet beside her chair in an instant ready for the dance. This time the girl's laugh, though equally merry, had another tone, for she knew she had lost.

Out they stepped upon the polished floor, he holding her hand in his, awaiting the pause in the music to take the step. I shall never forget the sight of those two standing there together—Mary, dark-eyed and glowing; Brandon, almost rosy, with eyes that held the color of a dark spring sky and a wealth of flowing curls crowning his six feet of perfect manhood, strong and vigorous as a young lion. Mary, full of beguiling curves and graces, a veritable

Venus in her teens, and Brandon, an Apollo, with a touch of Hercules, were a complement each to the other that would surely make a perfect one.

When the music started, off they went, heel and toe, bow and courtesy, a step forward and a step back, in perfect time and rhythm—a poem of human motion. Could Brandon dance? The princess had her answer in the first ten steps. Nothing could be more graceful than Brandon's dancing—unless it were Mary's. Her slightest movement was grace itself. When she would throw herself backward in trusting out her toe and then swing forward with her head a little to one side, her uplifted arm undulating like the white neck of a swan—for she was a sight worth a long journey to see. And when she looked up to Brandon with a laugh in her brown eyes and a curving smile just parting her full, red lips that a man would give his very luck to—but I had better stop.

"Was there ever a goodlier couple?" I asked Jane, by whose side I sat.

"Never," she responded as she played, and, strange to say, I was jealous because she agreed with me. I was jealous because I feared it was Brandon's beauty to which she referred. That I thought would naturally appeal to her. Had he been less handsome I should perhaps have thought nothing of it, but I knew what my feelings were toward Mary, and I judged, or rather misjudged, Jane by myself. I supposed she would think of Brandon as I could not help thinking of Mary. Was anything in heaven or earth ever so beautiful as that royal creature dancing there, daintily holding up her skirts with thumb and first finger, just far enough to show a distracting little foot and ankle and make one wish he had been born a sheep rather than a sentient man who had to live without Mary Tudor? Yet, strange as it may seem, I was really and wholly in love with Jane. In fact, I loved no one but Jane, and my feeling of intense admiration for Mary was but a part of man's composite inconstancy.

A woman—God bless her!—if she really loves a man, has no thought of any other—one at a time is all sufficient—but a man may love one woman with the warmth of a simoon, and at the same time feel like a good, healthy south wind toward a dozen others. That is the difference between a man and a woman—the difference between the good and the bad. One average woman has enough goodness in her to supply an army of men.

Mary and Brandon went on dancing long after Jane was tired of playing. It was plain to see that the girl was thoroughly enjoying it. They kept up a running fire of small talk and laughed and smiled and bowed and courtied, all in perfect time and grace.

It is more difficult than you may think, if you have never tried, to keep up a conversation and dance La Galliard at the same time—one is apt to balk the other. But Brandon's dancing was as easy to him as walking, and, although so small a matter, I could see it raised him vastly in the estimation of both girls.

"Do you play triumph?" I heard Mary ask in the midst of the dancing.

"Oh, yes," replied Brandon, much to my delight, as the princess threw a mischievous, knowing glance over her shoulder to see if I had heard. She at once saw I had, and this, of course, settled the wager.

"And," continued Brandon, "I also play the new game, honor and ruff, which is more interesting than triumph."

"Oh, do you?" cried Mary. "That will more than compensate for the loss of my 10 crowns. Let us sit down at once. I have been wishing to learn, but no one here seems to know it. In France, they say, it is the only game. I suppose there is where you learned it. Perhaps you know their new dances too. I have heard they are delightful."

"Yes, I know them," replied Brandon.

"Why, you are a perfect treasure! Teach me at once! How, now, master of the dance? Here is your friend out-doing you in your own line."

"I am glad to hear it," I returned.

"If Lady Jane will kindly play some lively air written in the time of 'The Sailor Lass,' I will teach the Lady Mary the new dance," said Brandon.

Jane threw one plump little knee over the other and struck up "The Sailor Lass." After she had adjusted the playing to Brandon's suggestion, he stepped deliberately in front of my Mary, and taking her right hand in his left, encircled her waist with his right arm. The girl was startled at first and drew away. This nettled Brandon a little, and he showed it plainly.

[To be continued tomorrow.]

Grip Remedies in Great Demand.

When colds and grip are prevalent the quick-est and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of grip by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

THEIR SKULLS CRUSHED

Woman Takes the Lives of Her Four Little Ones

CORPSES PILED IN A CLOSET

Pours Kerosene Oil Over Them and Herself and Then Cuts Her Own Throat and Sets Fire to the Awful Pile—Signs of Mental Derangement

Sturbridge, Mass., March 24.—A frenzied mother in the little hamlet of Fiskdale, after cutting off every means of escape by fastening windows and doors, crushed in the heads of her four little children yesterday, threw their bodies into a closet, scattered oil over them and herself, and then, after setting all on fire, closed her awful work and her own life by cutting her throat.

Mrs. Peter Burke, wife of a hard-working machinist in an auger factory, committed the fearful deed, and her victims were: Lilla, 6 years; William, 5 years; Louise, 13 years, and Mae, 5 months old respectively.

That the woman had previously showed signs of mental derangement seems to be admitted, but that it should have taken such a violent form was not even thought of by her husband, now completely prostrated, or her own relatives. The family have lived in Fiskdale about a year and a half, coming there from Worcester. Mrs. Burke is a native of New Hampshire, with relatives in Somersworth.

But for the accidental discovery of the fire the deed of the mother might have been hidden forever from the world by the destruction of the house. Two boys, Edward Parrio and Gus Williams, happened to be passing the house when they saw smoke coming from a window. They burst in the doors and tried first to put the fire out with buckets of water, but it gained on them so fast that they were obliged to run out for help. The combined efforts of the neighbors had the effect of extinguishing the flames, so that they did not reach above the ground floor.

Up to that time no one knew of the tragedy which the fire had sought to cover. But some one noticed that a closet door which seemed to be more charred than the rest of the wood-work, was open, and glancing inside, a blackened mass was seen. Those who made the discovery were horrified to find the body of Mrs. Burke and beneath it those of her four children. Even then the fact that she had killed them was not disclosed, until one by one they were taken out and then it was seen that every one of the little ones had its head split open, while the immediate cause of the mother's death was seen in the gaping wound in her throat.

The house in which the Burkes lived was a double one, but at the time of the tragedy, which occurred about noon, no one was in the other half. Neither were there any houses within a distance of a hundred yards, so that no one heard any cries.

From the appearance of the room and the position of the bodies, it would seem as if Mrs. Burke had first cut off every means of escape for the little ones by nailing down the windows and locking all the doors. The weapon with which she crushed out the life of her offspring was a large axe, which was discovered in a corner of the room. Just which one she killed first is also a matter of conjecture, but it seems as if the oldest, Lilla, met death first, for it was her body that was at the bottom of the pile. That of William, the next oldest, was above his sister, then came that of little Louise, and finally the baby.

Mrs. Burke must have dragged all the children into the closet, and then taken a bottle of kerosene oil, poured it upon their clothing, about the walls, and then upon herself. It was apparent that she must have set fire to the bodies before she cut her own throat, as she would scarcely have been strong enough to have done it afterwards. The bottle which contained the kerosene was found on a shelf after the fire.

The fire had so completely charred the woodwork and the flooring that no bloodspots could be found. "The bodies of three of the children were burned almost beyond recognition, but that of Louise was only scorched. The body of Mrs. Burke was also badly burned, but it did not hide the fearful wound in her throat.

As soon as the fire was discovered in his house, Mr. Burke was notified and arrived just as the bodies were discovered. The shock was so great that the unfortunate man lost consciousness and he has since been in a more or less dazed condition.

Mrs. Burke had five brothers and two sisters. Three of the brothers live in Somersworth, N. H. Two sisters reside in Worcester.

Mrs. Burke was 34 years old and was married when she was 16. The family has always been a happy one.

Flood Subsiding

Memphis, March 24.—The river remained stationary all day yesterday at 29.5 feet and last night began falling. The danger from the flood in this territory is considered to be practically over.

Won't Come to a Strike

New York, March 24.—It is stated that the demands of the Erie road engineers for increased pay, which have been under consideration by Vice President Willard, will not be allowed to cause a strike.

THE QUESTION OF HEALTH IS THE MOST SERIOUS QUESTION WE HAVE TO ANSWER. MANY PEOPLE FAIL TO ANSWER IT.

ROMOC OFFERS THE SOLUTION TO EVERY SUFFERER FROM RHEUMATISM, STOMACH, NERVE OR BLOOD TROUBLE.

ROMOC MAN

Gentlemen:—For five years I have been troubled with Nervous Dyspepsia. I have received the best medical aid in Boston, and have obtained very little relief—and that only temporary. I was advised to try Romoc. After ten days' trial I am able to eat hearty meals of wholesome food. I have continued taking it for three weeks and I am improving each day. My nerves are stronger, and circulation much improved. (Signed) A. S. RYAN, Housekeeper Quincy House, Boston.

NERVOUS DYSPEPSIA.

Romoc guaranteed, if not cured, money refunded.

SOLE AGENCY FOR THIS CITY AT THE STORES OF C. C. HEARN, Quincy. S. F. COPELAND, Wollaston, Pharmacists.

Long Threatened Revolution in Santo Domingo on in Full Force

San Domingo, March 24.—The revolutionists are in full possession of the city of San Domingo. They have taken charge of the cable office and of the government land lines. Foreign Minister Sanchez has sought refuge in the United States consulate. The fighting continues. Assistant Governor Echenique and the commander of the government forces, General Pena, have been killed.

It is expected that the government troops outside the city will attack the revolutionists who are in San Domingo. General Wogel has assumed command of the revolutionary forces. The number of men killed or wounded is not known, but it is reported many have been killed on both sides.

General Pagan, at the head of a force of revolutionists, made an attack on one of the forts defending the city at 1 o'clock yesterday and released the political prisoners.

Washington, March 24.—No war vessel will be ordered to San Domingo for the present. The Atlanta is under orders to proceed from Pensacola to Monte Cristo, near Cape Haytien, and in the event of American interests being endangered at San Domingo she will go there.

Peace in the Great Beyond

Morristown, N. J., March 24.—Mrs. J. M. Reeve, who had been in a trance for five days, died yesterday. A few minutes before she died and while the family were at the bedside, she opened her eyes and said in a clear, but faint, voice: "Too long has my spirit been held in this temple of clay. Friends, loved ones, in the great beyond there is peace and happiness, I am of it, I see you all, know you all and tell you that we shall meet over there."

Untangling Our Indians

Washington, March 24.—A complete revision of names of Indians in the United States is now being made by the government. The object is to eliminate the many unpronounceable and vulgar Indian names and to substitute permanent names that will show the family relationship, retaining any existing names that are proper and which will enable title to allotments, etc., to be kept clear.

Saved Expense of Big Wedding

Washington, March 24.—Announcement is made of the secret marriage in Rockville, Md., on March 16 of Ernest H. Coolidge of Washington and Miss Joan M. Thurston, daughter of former United States Senator Thurston of Nebraska. The bride's father says the young couple had been engaged for some time with the entire approval of their respective families. Mrs. Coolidge is 17 years old.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

Granite City Club Enjoy Annual Banquet.

HELD AT HOTEL ESSEX.

And Followed By a Theatre Party at the Majestic.

Attended by About 100 of the Business Men of Quincy.

All the Details Carefully Arranged by an Efficient Committee of the Club.

One of the occasions toward which the members of the Granite City club look forward with pleasure is the annual banquet and theatre party. These events are in the hands of the entertainment committee who make all arrangements leaving nothing for the members to do but enjoy themselves. Tuesday evening was the time fixed for the event this year. Although the weather was damp and foggy it caused no dampness to mar the pleasure of the evening. The announcement included dinner at Hotel Essex, Boston, at 6 o'clock sharp, and in order to be on time it was necessary to take the 5.12 inward train for Boston. The larger part of the party of ninety strong took this train, although many

whose business called them to Boston during the day remained in and joined the party in the hotel parlors. It was but a few minutes past six o'clock when the doors of the dining room were thrown open and soon the merry party were seated about the festive board. The tables were arranged in the shape of the letter U. At the head of the table was President James H. Penniman. At his right ex-Mayor John O. Hall and on either side were the entertainment committee and other officers of the club. The balance of the party dropped into the first seat that came handy. A brief prayer of blessing by ex-Mayor Hall, Continued on page 3.

"END OF HIAWATHA"

Indians' Presentation of Longfellow's Poem Lacks Financial Backing Boston, March 25.—The presentations of Longfellow's "Hiawatha" by a company of Ojibway Indians which have been given in Mechanics hall during the past two weeks, and which were to have held the boards until the end of the month, were discontinued yesterday, the assigned reason being the dissatisfaction of Manager Dressel of New York with the success of his undertaking.

Mr. Dressel was the financial backer of the "Hiawatha" production, and as such, it is said, has paid all the bills that were presented up to last Saturday night. He left town on Saturday, returning to New York, and yesterday a letter was received from him stating that he would have nothing more to do with the enterprise. As there were no funds available for running expenses, and no new financial backer could be found, the announcement was made at the box office that there would be no more productions of "Hiawatha" and that the money would be refunded to all who had purchased tickets for subsequent performances.

A written contract was signed in New York by the terms of which Dressel was to bring the production of L. O. Armstrong and F. R. Burton to this city at his sole risk, they to share, however, in the profits. Burton says that he has consulted counsel and is assured that the contract is valid.

Exodus of Labor Men

Rutland, Vt., March 25.—Charles T. McKean, secretary of the Central Trades and Labor council, who was subpoenaed in the suit of the Hatch company against the Machinists' union to recover \$10,000 damages alleged to have been sustained through a strike, did not appear in court yesterday when called. He was ordered by the court to produce the union's records. Several other labor union men who were wanted as witnesses are believed to have left the city.

Left Daughter With Shakers Salem, Mass., March 25.—By telling Judge Herman that his 6-year-old daughter, whom he had taken from her mother, was with the Shakers at Enfield, N. H., Alonzo Alley of Lynn yesterday purged himself of contempt of court. Alley was committed to Salem jail Friday for refusing to tell the court where his child was. He was charged with having abducted the girl. Alley was discharged after telling his story. His action was due to family trouble.

Office Closed on Small Claim New Haven, March 25.—An investigation has been begun of the business methods of the Economy Development company, a Chicago concern, capitalized at \$1,000,000, which has had an office in this city. The local office has been closed by an attachment for a claim of \$67. The plan of the company is to receive deposits from investors who want to buy a home.

Street Railway Freight Traffic Boston, March 25.—The house yesterday passed a general bill authorizing street railway companies to carry baggage and freight. The bill requires that the companies shall obtain the consent of the city or town authorities and a certificate from railroad commissioners after a public hearing that public necessity and convenience requires such traffic.

High Water in Rhode Island Washington, R. I., March 25.—The rain which has fallen almost continually for the past five days has done considerable damage to property in the Pawtuxet valley. The rivers have risen to a higher mark than at any time since the freshet of 1887. The flats at Natick and Pawtuxet are flooded and cellars are filled with water.

Alleged Forgery of Pay Order Littleton, N. H., March 25.—John Merrill, a lumberman, was arrested at Bethel Junction, charged with forgery in raising the figures on a pay order given him by I. B. Andrews of Littleton. Before Judge Morse here yesterday, Merrill was bound over to the grand jury in the sum of \$2,000 and committed to jail.

Liquor May Bring Recapture Salem, Mass., March 25.—Jack Curtin, who escaped from the county jail last Saturday, is still at large, although his description has been sent broadcast throughout New England. The sheriff, however, believes that Curtin's fondness for liquor will lead to his being captured within a short time.

Shot Himself in Head Portland, Me., March 25.—A young man, supposed from papers in his pockets to be Everett Gleason of Colebrook, N. H., shot himself with suicidal intent at a local hotel last evening. The wound is in the head and it is expected will prove fatal.

His Life Crushed Out Exeter, N. H., March 25.—Edgar R. Reynolds was unloading electric light poles from a car near here yesterday when a wire, with which they were tied together, broke, letting many of them fall upon him, resulting in his instant death.

FOR A GENERAL STRIKE

Sentiment at Lowell Unless Advance Is Granted

VISIT OF THE ARBITRATORS

Appears to Have Had No Effect on the Situation—Unanimous Vote of Four Unions to Force the Issue—Decisive Stand Expected Monday

Lowell, Mass., March 25.—Unless the demand of the Textile operatives of Lowell for a general increase of 10 percent in wages in the seven cotton mills is granted there is but little doubt remaining that a strike order will be declared and go into effect Monday.

Meetings were held last night by four unions affiliated with the Textile council and the action was identical on the question of what is to be done. The report from all was as follows: "We have voted to force the issue and have instructed our delegates to the council to do everything in their power to do the same in the council meeting Thursday night."

Unofficially it is understood that the organized textile operatives have decided to make a decisive stand, which will be apparent to all when the time comes to open the mill gates Monday morning.

The state board of arbitration arrived in this city yesterday in response to the appeal from Mayor Howe, and after conferences at City hall, Textile Council hall, and at the residence of Agent Southworth, secretary of the Lowell Manufacturers' association, the members retired. Neither the representatives of the operatives nor Agent Southworth met the board in official conference. Before any discussion of the situation was entered into it was understood that anything that might be said or done could only be regarded as the actions of individuals.

So far as outside knowledge of what transpired is concerned, it can be stated that the visit of the arbitration board had no effect whatever on the situation. The organized operatives who attended the different meetings, declaring that they will go out Saturday noon and not return to work until the 10 percent demand is granted. The

suggestion of a compromise is also met with disfavor.

"We will have 10 percent or will have nothing at all," is an expression that is freely made, and although the officers of the Textile council are more careful in the language they use it is certain that their sentiments are the same.

President Tamsey and Secretary Hilbert of the United Textile Workers of America arrived last night and delivered addresses at three of the meetings, besides officially notifying the Textile council at a special conference that it has been voted by the United Textile Workers to extend all the financial assistance possible to the Lowell operatives in the event of a strike.

The unions that last night voted to force the issue were the Carders, Weavers, Nappers and Beamers. The vote in all places was unanimous. The only other unions left to take final action on the question of strike are the Loomfixers and Mule spinners, both of whom will hold special meetings tonight.

Informal Vote Favors Strike New Bedford, Mass., March 25.—The spinners and joiners employed in the mills of the New England Cotton Yarn company in this city attended a meeting last evening held for the purpose of getting the sentiment of this help as to whether they favored striking for the 10 percent increase of wages demanded, which demand had been refused. It was decided, inasmuch as no sanction had yet been granted by the National Mule Spinners' association for a strike, that an informal ballot should be taken, which could be made formal at a later meeting of the Spinners' union, after formal sanction had been granted. The ballots were cast and the result was: Favoring strike, 94; against striking, 13.

Lawrence Operatives Want Advance Lawrence, Mass., March 25.—The Textile workers of this city are now in line with Taunton, New Bedford and Fall River to ask for an increase of 10 percent in wages. At a meeting of the Lawrence Textile council last night the council was authorized to ask for an increase of 10 percent. The meeting was an enthusiastic one and the delegates representing the several textile unions were present.

Grip Remedies in Great Demand When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

Will Not Be Made Public

Washington, March 25.—The report of Lieutenant General Miles on his observations in the Philippines and on his trip around the world has been submitted to the secretary of war. The general made the tour under instructions and the information which he has communicated to the war department will be used for the benefit of the service and not for publication.

One Baking Day a Week

is all you need have if you use

because bread, cake and pastry made by it will keep fresh longer than when made by ordinary flour.

MRS. BURDICK CONTINUES.

Says She Has No Information As to Who Killed Her Husband.

Buffalo, March 25.—"Have you received any information as to who killed your husband?" "No sir."

"You swear you have no knowledge or information as to who killed him?" "I do."

The above questions were addressed to Mrs. Burdick yesterday afternoon at the inquest into the death of her husband by District Attorney Coatsworth. The answers were returned by Mrs. Burdick in a calm, clear voice. The questions came abruptly, while the district attorney was drawing information from Mrs. Burdick about her relations with Arthur R. Pennell. She had denied that Pennell took her key to the front door of the Burdick home while they were in New York together and had several duplicates made of it. The district attorney put the question regarding the key to Mrs. Burdick in a number of different forms, but the answers were always emphatic denials that she or Pennell had ever ordered duplicate keys made or that the key had left her possession during her last exile from home.

Mrs. Burdick was calmer and more collected while testifying yesterday than she was on Monday. She left the stand at 4:15.

Mrs. Burdick's testimony covered the week in which Burdick was murdered and the name of Arthur R. Pennell was constantly upon her lips. She trusted him implicitly in everything. The district attorney read a number of letters written to Mrs. Burdick by Pennell in which he said life was not worth living without her and that death would not be unwelcome. She knew nothing of a document found in her safety deposit vault bonding Pennell to pay her \$25,000 in the event of his being unable to marry her. Although it was among Mrs. Burdick's private papers in the vault she claimed to have been ignorant of its existence.

Mrs. Burdick declared that the last time she saw Pennell was on the Tuesday before the murder. He left her that night in Atlantic City, arriving in Buffalo Wednesday. She was informed of Burdick's death by a message from Mrs. Hull on the following Friday and hastened to Buffalo. She reached her home Saturday morning. A brief note of sympathy from Pennell came to the house that day. She never heard from him or saw him between that time and the day he was killed by his automobile plunging into the stone quarry.

Mrs. Burdick continued the story of her troubles with her husband, of her intimacy with Pennell, her broken promises to her husband, and Mr. Burdick's inducements to her to return, and Mr. Coatsworth read more letters laying bare her wrong doing. She told of an altercation with Mr. Burdick, but declined to admit that she struck him with a chair as alleged.

One letter read showed how she pleaded with her husband not to sue for divorce; but after this and in spite of it, she continued to meet Pennell. Mr. Coatsworth showed the witness two letters, written by Mrs. Pennell to E. L. Burdick. She said she wanted to warn him and pleaded with him to take Mrs. Burdick home. Mrs. Pennell urged him to trust his wife once more. The letter was undated, but evidently was written about two weeks after Mrs. Burdick left for Atlantic City. Before leaving the stand Mrs. Burdick took occasion to say in reply to questions from her attorney that nothing improper or immoral had occurred between her and Pennell. At the same time she said her husband was fond of society of other women and for some reason not quite clear said that Mrs. Pennell was quite familiar with the dining room and "den" in the Burdick home.

To complete the examination of every one who was known to have been in the Burdick home on the night of Feb. 2, when Edwin L. Burdick was murdered, the district attorney yesterday called to the stand the two youngest Burdick children, Carol and Alice, aged respectively 12 and 10 years. The district attorney spoke kindly to the children, but questioned them closely about the events that occurred at their home on the night before and the morning after the murder of their father. The children displayed no more sign of emotion than did their grandmother or mother or older sister, while talking about the terrible death of their father. Their recollection of the happenings at the time of the tragedy were rather hazy, and "I don't remember" was usually the answer they gave when the district attorney pressed them closely on any point.

Court Upholds Blacklist Milwaukee, March 25.—Judge Halsey rendered an opinion yesterday to the effect that so-called blacklists are privileged communications. The libel suit of Valentine Gerhard against Armour & Co. and William G. Lloyd, the Milwaukee representative of the combination of packers, for \$10,000 damages was non-suited. Gerhard had been refused a supply of meat because a previous bill had not been paid.

A Drowning Accident Turners Falls, Mass., March 25.—Eugene Newell, a business man of this place, went out with Joseph Starbuck in a canoe to shoot muskrats, when the high water swamped their canoe and Newell was drowned.

Y. M. C. A. BUILDING.

A Movement Being Made to Secure One for Quincy.

The large increase in the number of young men occasioned by the Fore River Ship and Engine Company and other new industries in Quincy has led the Board of Directors of the Quincy Young Men's Christian Association to take action looking toward a permanent home for the association. During the past month the Directors have held several meetings, much interest being taken in the new plans. Secretary C. C. Curnutt, State Secretary Armstrong, and Hon. Frederick Fosdick, representing the State Executive Committee of the Associations, have been present from time to time and rendered valuable assistance. Two new men have been elected to the Board of Directors, Mr. Richard L. Tappenden and Mr. Leon A. Turner. Mr. Tappenden will represent in a way the interests of the Fore River Ship & Engine Company while Mr. Turner is president of a club of over fifty young men at Quincy Point. There are six or eight of these social clubs in Quincy which have been asking for a gymnasium.

It now seems best, if sufficient funds can be secured, to erect a first class gymnasium with modern equipment at Quincy Centre. This would accommodate all sections of the city. It would also tend to promote in the city a spirit of unity. Several young men have already volunteered to subscribe toward a gymnasium above any regular membership fee that may be decided upon. A large number of clergymen and business men of Quincy are heartily in favor of this movement and express themselves as greatly pleased with the Young Men's Christian Association and its work throughout the country. There is no reason why Quincy cannot have a strong, helpful work, such as is carried on in most other cities.

Recital at Wollaston.

The recital which the pupils of the Quincy Mansion School gave Tuesday evening in Livermore hall was largely attended. The program included eighteen selections in which the voice, piano and violin took part. "We'd Better Bide a Minute," by Claribel, and "Absent" Metcalfe, were sung by Miss Bertha Bacheller with great sweetness and impression. "La Chantante Marguerite," sung by Miss Jennie Chase Belmont, met with much favor. Of the piano selections, the "Scarlet Dance" by Miss Cordelia M. Shearn, and the "Polish Dance" by Miss Claraella B. Lawton, gave great pleasure. Schubert's Sonata for piano and violin by Miss Bertha Bacheller and Miss Florence Seligman was rendered with excellent skill. The last number on the program, "Concerto Larghetto, Allegro Assai," Haydn, was brilliantly executed by Miss Helen Perkins. Prof. Marceau was the accompanist. Altogether the recital was most agreeable as it was the first appearance of some of the pupils. The audience was most responsive.

A Card.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 50-cent bottle to prove satisfactory or money refunded.

PEOPLE'S UNION.

Ward Two Wants Law and Order Enforcement.

And Abatement of Nuisances.

Engineer Branch Explains the Quincy Sewer System.

About 100 ladies and gentlemen attended the meeting of the People's Union of Ward Two held Tuesday evening in the church vestry. President T. B. Pollard presided.

The attraction of the evening was a sketch of the Quincy sewerage system, which it is proposed to extend to Quincy Point this year, provided an appropriation is made by the City Council. As the system was planned by E. W. Branch, the engineer of the Sewer department, no one is better qualified than he to explain it.

Engineer Branch was introduced by President Pollard and not only described the system, but answered numerous questions. He told how it was planned to collect all the sewage of the city by gravity at one point near Merrymount park and then pump it into the Metropolitan system at Squantum. By a large map he showed the route of the force main, and also the main sewers which collect the sewage, and told of the sizes of mains and pipes and the shape of the brick sewer.

To drain the Quincy Point section a marginal system is proposed which will enter the main sewer on Canal street at Newcomb street. The route to Quincy Point is along the canal, and thence by Pond street and Vine street, through Edison Park and along the shore of Town river as far as the Hanley Construction works; thence through Washington court and across Cleverly court to South street and up the valley as far as Scamell street when necessary.

All parts of Quincy Point can be drained into the main sewer as outlined, and there will be a fall of about 13 feet from Washington court to the pumping station. Already about 1700 feet of main have been laid along Town river. Quincy Point system can be in operation before another winter if appropriation is made.

Quincy has decided that one-half the cost of the complete system shall be paid by the city by taxation, and the other half assessed upon abutters as follows: eight-tenths on area within 100 feet of sewer street; and two-tenths on sewer frontage. This amounted to six mills on area in feet, and 12 cents on frontage per foot. It was not possible to get an absolutely equitable plan because of odd shaped lots, but the above system appeared to be as satisfactory as could be devised. The assessment on a lot with frontage of 50 feet and depth of 100 feet was \$36.

Mr. Branch said Quincy had become a part of the Metropolitan Sewer system since the Quincy system was started, but no changes were required. Quincy had effected a sale of its pumping plant to the Metropolitan system for over \$90,000, and thereby saved maintenance which amounted to about \$6,000 per year, also the cost of emptying at Squantum, and had made other advantageous arrangements.

The difficulty of reaching Quincy Point by other routes was explained, the Gloucester valley being too rocky, and via Washington street would require too deep a cut.

All connections are made by the city at an average cost of about 50 cents per running foot. Assessments are levied when streets are piped and ready to receive sewage.

Ex-Representative T. H. Newcomb asked if the sewer would abate the pond nuisance at the corner of Washington and Chubbuck streets.

Mr. Branch—I understand the nuisance is caused by cesspools draining into the pond. When all these can be drained into a sewer, the nuisance should be abated.

From this out Henry H. Faxon was very much in evidence, and was irrefragable. He said Quincy Point would not get its nuisances abated until we have a new Board of Health.

The pond nuisance was discussed by T. B. Pollard, Councilman Whitton, H. H. Faxon, Richard Raycroft and others.

The new stations to receive cesspool matter were criticised by Councilman Whitton and defended and explained by Engineer Branch.

H. H. Faxon criticised the Board of Health and the work of the City Scavenger.
 A report of the Village Improvement committee was called for and Chairman Melville Holmes said it would be made by W. F. Sidelinger, the secretary.

The committee urged the abatement of the pond nuisance, a suppression of the illegal sale of liquor and rowdism, and the acceptance of Broadway by the city.

H. H. Faxon offered to give \$200 if they would abate sales and also the Board of Health.

Mr. Stone, Melville Holmes, W. F. Sidelinger, E. P. Barrows and Mr. Faxon discussed the increase of lawlessness, and the necessity of creating public opinion in favor of law and order.

Councilman Whitton thought he had done all that could be done with the Mayor and Chiefs of Police, and had promised that beats of officers would be shortened, and more officers appointed to Ward Two.

Voted that a committee of three on law and order be appointed by the chair. President Pollard appointed E. P. Barrows, Joseph Thomas and H. Frank Thayer.

A vote of thanks was extended to Mr. E. W. Branch, the speaker of the evening.

President Pollard resigned the chair to Mr. Dasha and advocated a \$10 prize to the householder who has the most attractive estate this summer. He thought land speculators should build streets on land put upon the market. He criticised the lax methods of the Board of Health in permitting nuisances to exist and cited several cases at Quincy Point.

The meeting adjourned at 9:50.

A Big World's Fair.

The World's Fair of 1904 at St. Louis will be approximately twice as large as any former international exposition. The Centennial Exposition at Philadelphia covered 230 acres, the Paris Exposition of 1899-1900, 330 acres, the Columbian Exposition at Chicago, 633 acres. The World's Fair at St. Louis will cover 1,180 acres.

The construction cost of the Centennial Exposition was \$8,500,000 that of the Paris Exposition was \$9,000,000. The cost of the Columbian Exposition was estimated at \$18,322,000 and the total cost was \$27,250,000. The estimated construction cost of the St. Louis World's Fair is \$30,000,000, and its total cost will be upwards of \$40,000,000 by the time the work is completed.

Before the Exposition gates are open, the city of St. Louis will have expended the enormous sum of \$20,000,000. Of this amount \$5,000,000 was appropriated for the Fair through the Municipal Assembly. Citizens of St. Louis raised \$5,000,000 additional by private subscription. By popular vote at a special election the Charter Amendments were carried, which will enable the city to expend \$10,000,000 for street paving and other public improvements.

The Daily Ledger will be represented at the dedicatory services beginning April 30 next.

Four Track News.

The issue of the Four-Track News for March contains many very striking illustrations and articles of exceptional interest. "The Islands of the Sea," by Daniel Logan, pertains to the Hawaiian group, and is illustrated by some of the most beautiful pictures that have ever appeared in an American magazine; "Ancient Prophecies Fulfilled," by George H. Daniels, illustrated by George A. King, is an ingenious application to scriptural prophecy to modern industrial development; "America's Island Ward," by Blanche V. Nesmith, is an attractive glimpse of life in Cuba. The usual departments are full of interesting and valuable information, while the minor articles, "Little Histories," verse and humor complete a number more than equal to any of its predecessors.

Hand in Hand.

In the State House comments of the Journal, we read: It was somewhat unusual, to listen to Representative Fallon of Quincy extolling that celebrated temperance advocate, Henry H. Faxon. It was not supposed that the Democratic and the Prohibition parties of Quincy were working hand in hand, but such seems to be the case, and the good looking young woman who attends to Mr. Faxon's temperance legislation sat in the gallery and applauded the big Representative from the "land of stonecutters" with much vim.

TODAY'S COURT.

The continued cases of Dennis McCarthy of Quincy, for drunkenness and assault was heard and again continued until April 25.

Joseph H. Johnson was sent to the State farm for drunkenness at Milton.

Henry Helmsdorf was arraigned for cruelty to a dog at Quincy. Case continued until Thursday.

Mrs. C. E. Woodbury nearly cut off two fingers by accident this week.

BORN.

BAILEY—In Northham, March 23, Frances, daughter to Mr. and Mrs. William P. Bailey, formerly of Quincy.

DIED.

BOYLE—In West Quincy, March 24, Mrs. Robert Boyle, daughter of the late Patrick and Elizabeth Garry, of 153 Water street.

LEE—In Rome, Italy, Mar. 23, of pneumonia, Mr. James Hattick Lee of Milton, Mass., aged 60 years.

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

Mrs. Osborne Rogers and son are in Maine on a brief visit.

Mrs. Calvin T. Dyer of Whitwell street is quite sick and under a doctor's care.

This is awning weather and many of the store keepers in City Square are putting theirs up.

It is expected that the street cars will be able to use the new Quincy Point bridge inside of a week.

Although there has been several days of rain it is more than likely that the dust will be blowing by night.

Mrs. George E. Palmer of Beale street has adorned her popular restaurant this week with a fine new sign.

The St. Mary's and the Brockton High school basketball team played a tie game at West Quincy Tuesday evening, 8 to 8.

A large flock of geese flying low passed over Wollaston Tuesday evening and a second flock of over a hundred flew this morning.

The Milton High basketball team completed its Highland league schedule Tuesday evening defeating the South Boston High at Milton 4 to 1.

Mr. Faxon has filed his petition in relation to the collection of taxes of 1899 with the Board of Assessors but has received no reply as yet.

Master Arthur Stevens of Hampden Circle, celebrated his ninth birthday by giving a party on Saturday to his young friends. Many useful presents were given him.

Work in the granite district is a little quiet as yet, but the manufacturers expect to be rushing by the first of April, as Memorial day orders have already commenced to come in.

Charles H. Brooks is an expert in cutting up a "beef critter" but when it comes to chopping up boxes it is another story, as the other day he cut the bone of his left thumb in a serious manner.

The Ladies' Social Union of the West Quincy Methodist church held an entertainment and supper Tuesday evening. The entertainment consisted of a series of tableaux with readings by Mrs. J. F. Dow.

Peterson Inquest.

An inquest was held before Judge Avery this morning on the death of Fred Peterson, who died as the result of wounds which it is alleged were inflicted by Constant Crobat.

Peptiron

Is a Specific for
Unstrung Nerves
Impaired Digestion
Pale, Weak People
 Of Both Sexes and All Ages.

It is tonic, digestive and nutritive—both medicine and food. Possesses the strength-giving qualities of iron, the digestive powers of pepsin, and the nerve-building qualities of celery and other valuable ingredients. Does not injure the teeth, nor cause constipation.

Peptiron is made in two forms: In a liquid—an aromatic cordial elixir—at \$1 per bottle, also in chocolate-coated pills at 50c. or \$1 per box. By C. I. HOOD CO., proprietors, Hood's Sarsaparilla, Lowell, Mass., U. S. A.

GRAND GOOD WORK.

Wollaston People Learn of Dr.
Greenfell's Labors.

"Medical Mission Work among the
people of Labrador" was the subject of
the lecture by Dr. Greenfell of England
at the Wollaston Unitarian church
Tuesday evening. To the Unitarian
club and President Hatch are due the
thanks of the community for the op-
portunity to hear about this praise-
worthy work in Canada.

The auditorium was filled to its ut-
most capacity when Dr. Greenfell began
to speak, and for two hours he held
the attention of all by the interesting
recital of the story of his work, illus-
trated with beautiful stereoscopic pic-
tures.

The needs of the Labrador fisherman
came to the notice of Royal National
Mission to deep sea fishermen in 1891.
Dr. Greenfell was sent out in the Mis-
sion hospital vessel Alert, and since
then the work has gone on, growing in
efficiency from year to year.

In the first year 900 patients were
treated, while much good was accom-
plished through gospel services on land
and sea. In 1893 two small hospitals
were erected, one at the Straits of Belle
Isle at Battle Harbor; the other at In-
dian Harbor. These places are centres
for the fishing industry.

New workers with new vessels were
sent out in 1894, enabling the work to
go on all winter. Dr. Robinson in 1895
travelled up and down the coast visit-
ing all the stations from Blanc Sablon
to Nakvak Inlet, covering with his
koinatic and dogs some 2,000 miles dur-
ing the winter.

The people of Labrador and north
Newfoundland are very poor, and the
inclemencies of the Arctic winter cause
intense suffering. Much has been done
by establishing co-operative stores to
do away with the wretched "truck sys-
tem" and give the people goods at rea-
sonable prices.

The Battle Harbor hospital in 1902
was enlarged, and in all 2,774 patients
received treatment. All sorts of cases
are treated and even small pox epidemics
are checked.

This grand good work is non-sectari-
an, supported through the generosity of
Christian friends in America and Eng-
land.

The Delineator for April.

The April Delineator presents the
usual up-to-date display of fashions
and a delightful collection of literary
features. In fiction there are two fine
short stories: A Heathen Virtue, a tale
of Virginia in Colonial days, written by
Martha McCulloch Williams and illus-
trated by George Gibbs; and The Shoot-
up at Laramie Camp, a breezy story of
the plains by Minna C. Smith, with
pictures by Harry Stacey Benton. The
first of N. Hudson Moore's papers on
flowers is given with beautiful illus-
trations and a novel cookery series by
Miles Bradford begins with An Inter-
national Dinner. There is a page of ex-
clusive photographs of Mary Manning
the popular actress.

Funeral of Mrs. Field.

The funeral of Mrs. Sylvia C. Field, wife
of Mr. John Q. A. Field, was held
Tuesday afternoon from her late resi-
dence on Independence avenue. The
services were of an impressive nature
and were conducted by Rev. E. C.
Butler of the First church. During
the services Miss Florence Emery ren-
dered three beautiful solos. The floral
tributes were beautiful. The burial
was at Mt. Wollaston.

THE CITY NEEDS.

River Improvements and a Chan-
nel at Norfolk Downs.

The joint committee on Harbors and
Lands of the Legislature were in
Quincy Tuesday on a tour of inspec-
tion. Among the bills being considered
by this committee are three of interest
to Quincy. One is to dredge the
channel in front of the Squantum
Yacht club house at Wollaston beach.
As it is now the floats of either the
Squantum or Wollaston clubs can not
be approached other than at high wa-
ter. The other bills are to improve
Town River and Weymouth Fore River.

In some respects Tuesday was not a
good day for the visit for reason of the
thick fog. On the other hand, how-
ever, it was low water at the time the
committee were present and they
could see for themselves the condition
of affairs.

The party arrived in Atlantic at 1.40
P. M., and with them were Representa-
tives Freeman and Fallon of Quincy,
Drinkwater of Braintree, Willis of
Weymouth, City Solicitor Blackburn.
From Atlantic a special car took them
to Wollaston beach. Here they were
met by officers of the Squantum and
Wollaston Yacht clubs.

Refreshments were served at the
Squantum Yacht club. It was almost
dead low water at this time, and but
little more than mud flats could be
seen.

From there the car took the party to
Quincy Point where the Fore River tug
Jubiter was boarded at Sheppard's
wharf.

The tug took the party up Town
river. Here another forcible illustra-
tion of the need of improvements was
manifested. The tug had gone but a
little beyond Hanley's when she ground-
ed and it was necessary to turn back as
it was impossible to proceed further up
the river.

Then the tug steamed down as far as
Keen's shipyard, and turned back and
landed the party on one of the torpedo-
boat destroyers at the Fore River ship-
yard.

The party were taken over the ship-
yard and expressed much surprise at
the extensiveness of the works. Here
a lunch was also served and at its
conclusion the party left for Boston, where
they were to participate in a theatre
party.

When the special car passed through
Quincy the committee saw Henry H.
Faxon who was taken aboard, and was
with the party for the balance of the
trip. Henry was made the butt of
much fun by the committee, but he
stood his ground well, and gave as good
as he received.

BRAINTREE.

The 25th anniversary of the marriage
of Mr. and Mrs. George R. Dobson was
celebrated last Friday evening at their
residence on Hayward street. A large
number of relatives and friends gather-
ed to congratulate the worthy couple,
and to offer best wishes for long con-
tinued health and happiness. During
the evening refreshments were served
and several musical selections rendered.
Mr. and Mrs. Henry Henfield of
Salem were in town Sunday calling
upon relatives.

Mr. W. H. Stoddard has moved his
market into the store formerly occupied
by Henry M. White.

Mr. and Mrs. Alfred Fisher of Wey-
mouth were guest of Mr. and Mrs.
Arthur Fisher on Sunday.

Mr. Harlow Waite of New York is
visiting his parents, Mr. and Mrs.
Ezra H. Waite of Hancock street.

Mr. Frank A. Reed is gaining
strength slowly but steadily and is out
every pleasant day.

Mrs. Maurice Colbert is entertaining
her mother and brother, Mrs. Mayo and
Mr. Frank Mayo of Provincetown.

Mr. H. W. Mansfield made one boy
happy last Saturday by taking him to
see the Ojibway's play "Hiawatha."

Mrs. H. A. Penniman, Misses S. L.
Arnold, A. K. Dyer, N. F. Monk,
Louise Monk, Mrs. Henry A. Monk and
Mrs. E. L. Curtis visited the flower
show in Horticultural hall last Satur-
day. The orchids were especially inter-
esting. Some were insect-like and
some uncanny. The coloring was
superb.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Cham-
berlain's Cough Remedy.

"When I had an attack of the grip last winter
(the second one) I actually cured myself with
one bottle of Chamberlain's Cough Remedy,"
says Frank W. Perry, Editor of the Enter-
prise, Shortsville, N. Y. "This is the honest
truth. I at times kept from coughing myself to
pieces by taking a teaspoonful of this remedy,
and when the coughing spell would come on at
night I would take a dose and it seemed that
in the briefest interval the cough would pass off
and I would go to sleep perfectly free from
cough and its accompanying pains. To say
that the remedy acted as a most agreeable sur-
prise is putting it very mildly. I had no idea
that it would or could knock out the grip,
simply because I had never tried it for such a
purpose, but it did, and it seemed with the
second attack of coughing the remedy caused
it to not only be of less duration, but the pains
were less severe, and I had not used the
contents of one bottle before Mr. Grip had
bid me adieu." For sale by all druggists.

WALTER E. BURKE.

Special of Council.

Mayor Bryant has called a special meeting of the City Council for next Monday evening. The business stated in the call is the drawing of jurors and action on the annual budget.

The call also provides for the consideration of order number 45 which provides for an appropriation of \$5000 for the purchase of horses, harnesses and wagons, etc., and the removal of ashes, vault and cesspool matter, etc., which will come up on its second reading.

That the Councilmen may have an opportunity to make further inquiries in regard to the annual budget, Mayor Bryant has caused notices to be forwarded to the heads of departments and administrative boards notifying them to be present at this meeting.

Copeland Base Ball Club.

The Copeland base ball club of West Quincy has organized for the season with the following officers: Captain, A. Elcock; Manager, J. D. Smith; Assistant Manager, A. E. Leclair; Advertising Manager, M. F. Cohen. The following men have answered Coach Nolan's call for practice: Elcock, Berry, Boyd, Moyle, Leclair, Monahan, Desmond, McTierman and Smith. Games are desired with strong eighteen-year-old teams in this vicinity. Communications should be addressed to J. D. Smith, 12 Nelson street, West Quincy.

Verdict for Quarry Accident.

In the United States circuit court Wednesday Kustaa Kondelin, a minor, was given a verdict of \$1,125 against John McQueen for personal injuries. He was struck by the handle of a derrick on which he and another boy were working for the defendant at the latter's quarry at Quincy, July 14, 1902, through the alleged negligence of the defendant in not furnishing servants of sufficient strength to properly operate the derrick. W. A. Pew, Jr.; W. I. Badger.

Injured in Boston.

A Boston paper reports John Smith, 21 years, single, living at 59 Worth street, Quincy, fell from his wagon on Blue Hill avenue, Roxbury, about 3.30 o'clock Wednesday afternoon and was injured about the head. He was taken to the City Hospital.

Sudden Death at Weymouth.

Hugh McGuire, a special police officer of Weymouth, dropped dead Wednesday afternoon at his residence at North Weymouth. His age was 65 years and he leaves a family.

A horse attached to an open wagon said to belong to Charles Brooks, and driven by Ben. Jilbert, was seized with an idea to kick as he came down Hancock street this noon. The animal then cleared himself of the wagon and the last seen of him he was going toward Braintree.

Work has been commenced building the foundation wall for the new school building at Quincy Point.

TODAY'S COURT.

Stanley Snow and John McWilliam were fined \$3 each for drunkenness at Quincy. John J. Cuniff was sent to the State farm at Bridgewater, for drunkenness at Bridgewater.

A Card.
We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 20-cent bottle to give satisfactory or money refunded.
E. J. MURPHY,
S. F. COPELAND,
G. A. LOBBING, Wollaston.

TO VISIT MAYOR.

Committee Appointed from the Quincy Point Church.

The annual parish meeting of the Washington St. Congregational church after a bountiful supper served by the ladies, was called to order at 7.45 Wednesday evening by the clerk, Dr. E. H. Bushnell. George A. Sidelinger was chosen moderator.

The following officers were elected: Clerk, Dr. E. H. Bushnell; Treasurer, Herbert D. Adams; Auditor, T. H. Newcomb; Prudential Committee, T. B. Pollard, C. H. Sberburne and H. D. Adams.

The report of the treasurer showed a balance of \$137.57 in the treasury with all bills paid. The Ladies Aid Society has raised over \$500, of which over \$250 remains unexpended.

The parish voted to put a new heating apparatus into the church building, and appointed a committee of three to act with the prudential committee in carrying out the vote.

The parish also voted to increase the pastor's salary \$50.

Other routine business was transacted and a committee of three was appointed to confer with the Mayor in regard to measures for the suppression of the lawless element which has of late been so obnoxious to that part of the city.

The meeting was the largest and most successful held in this parish for many years.

BRAINTREE.

Beautiful Windows to be Placed in South Braintree Church.

Mrs. Charles Harding entertained her sister and husband over Sunday.

Mrs. John M. Long has returned from North Abington where she visited her daughter, Mrs. Seth Hargreaves, for a week. Miss Annie Long was the guest of her sister over Sunday.

Mr. and Mrs. B. L. Baker entertained Mr. John Horgan of North Hero, Vermont, on Wednesday.

Mrs. W. H. Macgregor and daughter Miss Jessie have been entertaining the Misses Thackery of Fall River several days the past week.

Herbert Barrett has accepted a position with George B. Loring, who has recently started in the boat building industry.

The Methodist Episcopal Church of South Braintree will soon place in position five new memorial windows, thus completing a series of ten recently designed for this church and executed by the firm of Redding, Baird & Co., of Boston. The form of the windows is Gothic in style, two of the first series being four by nine feet, one erected in memory of William S. Varney, 1882-1902; the other in memory of Arthur W. Hathaway, 1840-1902. The other three are slightly smaller in size, and are erected in memory of Mary A. Rodgers, 1818-1897; Orin H. Trufant, 1809-1892, and Wallace W. Dana, 1878-1898.

A rich Gothic design is embodied in the construction of these windows with accentuating features, all in harmony with the Gothic feeling of the church. Beautiful emblems are introduced, that for the Varney memorial being the anchor, the Hathaway window containing white roses. Those for the Rodgers, Trufant and Dana windows are, respectively, the open Bible, pink roses and the cross and crown.

The windows of the second group of five are about two feet by nine and a half feet, and are erected in memory of Ellen C. Holmes, 1837-1900; Benjamin and Elizabeth A. Stevens, Jane and Louis F. Gomez, Jonathan B. and Maria A. Wood and Katie P. French, 1851-1897. Graceful and effective Gothic leaf tracery surrounds the beautiful emblems in the top of each, that for the Holmes memorial being the dove, the Stevens having the Bible, the Gomez window an anchor, the Wood window a sheaf of wheat, and the French window a harp. These ten beautiful windows are noteworthy examples of the splendid results to be acquired by the judicious and skillful use of the many opalescent glasses of the present day.—Boston Transcript.

The annual parish meeting of the First Universalist society of Braintree was held at the home of the clerk, Mr. F. A. Smith, Tuesday evening. Officers for the year are:

President,—G. H. Arnold.
Clerk,—F. A. Smith.
Treasurer,—Mrs. L. F. Whittey.
Auditor,—A. Southworth.
Trustees, Eben Prescott, D. E. Cain, C. G. Anderson and J. E. Arnold, Mrs. G. B. Moody.
Finance committee,—Mrs. E. C. Hathaway, H. F. Arnold and M. A. Minchin.
Mr. A. Southworth, Mrs. L. F. Whittey and Mr. D. E. Cain were appointed a committee of three to draw resolutions upon the death of Mr. Sewell Nye, Mrs. Frank A. Smith and Mr. J. A. Brigham.

A Quincy boy, W. W. Oliver, who has been in the employ of the Boston Elevated Railway Company, has been promoted from extra starter to regular starter on one of the surface car divisions.

PUBLIC MEETING.

In the Interests of Gymnasium for the Y. M. C. A.

A committee of directors of the Young Men's Christian association held a meeting Wednesday evening and arranged for a public meeting to be held in the old gymnasium in the School Committee buildings next Monday evening at 8 o'clock to discuss the advisability and means of erecting a gymnasium for the men and boys of Quincy.

This gathering will be in the nature of a conference between the board of directors of the association and the young men of the city. Several citizens, who are deeply interested in providing suitable headquarters for the young men, will be present and speak along these lines. A committee will report on the plans under consideration. The officers and leaders of several young men's clubs will discuss matters from their standpoint. All young men over sixteen are invited to attend this gathering.

Frederic V. Brown.

Death has entered the happy home of Mrs. Frederic V. Brown of Roxbury and removed a loving husband and father; one whose place can never be filled. The death of Mr. Brown is particularly sad. Two weeks ago, he, with his wife and son Chester, came to Quincy to spend Sunday with his mother and sister, Mrs. Roscoe Johnson of Cottage street. Just recovering from a severe attack of the grip, he was not in the best of health. He took more cold and with all the accompanying symptoms, it very soon developed into acute pleurisy of the heart, and after a great deal of suffering passed away on Saturday morning, March 21.

Mr. Brown was born in Quincy, and lived here for the first seven years of his life, since then living in Boston. He was employed at the time of his death, at the Howard Watch factory at Roxbury. He was also a musician, playing the double bass viol in the Dudley Street Baptist church orchestra, of which church he was a member, always working for the welfare of that society. His loving and self-sacrificing disposition endeared him to a large host of friends in Quincy, Roxbury, Boston and vicinity, who sincerely mourn his sudden death, and who sympathize deeply with his bereaved widow and son.

The funeral services were held at the home of his sister, Mrs. Johnson on Cottage street, Wednesday afternoon, March 25, at 2 o'clock, conducted by Rev. Mr. Page of the Dudley Street Baptist church, assisted by the Rev. Merrill C. Ward of this city. Mr. Page paid a high tribute to the memory of his dead friend. Two beautiful selections were rendered by a soloist from the Dudley Street Baptist church.

The remains were enclosed in a beautiful steel-colored embossed casket, which was surrounded by many beautiful floral tokens from loved ones and friends. Beside the casket rested his bass viol, upon which was a bunch of fragrant English violets. The interment was at Mount Wollaston cemetery. Three of his friends from Dudley Street Baptist church and three musical friends were the pallbearers. He leaves a widow and one son, a mother and sisters to mourn for him who has gone to his heavenly home. Among the beautiful floral tributes were the following:

Pillow with "Husband" from his wife.
Floral design, "My Son," from mother, Mrs. S. J. Brown.
Wreath with "Papa," from son.
Mound, "Brother," from two sisters.
Beautiful wreath, "Our Freddie," from aunt and uncle, Mr. and Mrs. D. B. Brown of South Peabody.
Pillow from Mrs. A. I. Blagden.
Floral design from uncle and aunt, Mr. and Mrs. L. M. Holt, Quincy.
Floral design from Dudley Street Sunday School orchestra.
Spray of calla lilies from Dudley Street Bible class.
Spray of pink pinks from Miss C. R. Murry and boys of Sunday School class of St. James church, Roxbury.
Laurel wreath from Chester's classmates of Roxbury.
Spray of pinks from Mrs. J. Wilson, Quincy.
Floral design from Miss N. E. L. O'Brien.
"Gates Ajar" from shopmates, Howard Watch factory, Roxbury.
Pillow from R. S. Jones and friends, Boston.
Standing harp from Mr. and Mrs. W. E. Hamilton of Ware, Mass.
Six-pointed star from Enterprise Lodge, No. 24, N. E. O. P., of which he was a member.
Spray of white pinks from Mr. and Mrs. C. Weber of Everett.
Spray of roses and tulips from Mr. and Mrs. F. Welsh of Roxbury.
Bunch of violets from Mrs. C. G. Whitney of Waltham.
Spray of pink pinks from his cousin and aunt, Miss Souther and Mrs. F. A. Souther of Quincy.
Flat bouquet of pinks and marguerites from Mr. and Mrs. J. Edgar Moore of Brookline.

CITY BREVITIES.

Observations in Daily Walks of Ledger Reporters.

Ice was reported this morning.
Fair today and tomorrow.

Basket ball tonight at West Quincy.

The ground, as well as the weather, is somewhat "Springy."

Mrs. R. Coombs of Billings street is in New York this week.

Edison street, recently accepted by the city, is being reggraded and improved.

Mr. Shea and family of Hamilton street, Wollaston, have moved to Beach street.

There was a thin coating of ice on the ditches off Coddington street, this morning.

Everett Merchant of Amherst College, is enjoying a short vacation among his friends and family in Atlantic.

The games in the Norfolk County League tonight will be between the Braintrees and North Quineys at North Quincy.

Richard Graham, Jr., of Washington street, is suffering from blood poison in his right arm, caused from a pimple on his wrist.

The prizes at the Granite City club whist tournament Wednesday evening prizes were awarded to James H. Penniman and Nathan Ames.

Several women from Atlantic were prominent workers in the fair, held in the Vendome, Boston, Wednesday afternoon by the Florence Crittendon Mission.

The street railway is getting its open cars ready for service. The cool March wind this morning, however, makes thoughts of an open car give a person the shivers.

At a meeting of the Massachusetts Ice Dealers' Association held in Boston Wednesday, Frank S. Patch was elected a member of the executive committee.

The Library Art Club at the Thomas Crane public library includes views of Australia, Tasmania and New Zealand, loaned by the Woman's Education Association of Boston. They number 123.

The alarm from Box 41 at 9 o'clock Wednesday night was for a slight fire in the old John Wood barn on School street. The fire was a slight one and the recall soon sounded. Loss trifling.

Many regret that the tickets for Dr. Everett's poetical recitation, have not been put on sale at some place in the center as they wish to purchase but do not know where they may be procured.

The Quincy High School will give its annual concert in the High School Hall, April 17, under the musical direction of Mr. E. Landis Snyder. Mr. John Bradford Findlay, '05, will be the soloist.

The prizes at the whist party at I. O. O. F. hall Wednesday evening were taken by Mrs. T. L. Blake, Mrs. A. H. Dunham and Mrs. A. E. Bradford, Messrs. E. E. Hall, W. O. Phelps and Albert Keating.

A committee from the Beverly City Council are in Quincy today looking at the arrangement of the desks and chairs of the City Council chamber, with a view of using similar furnishings in that city.

The degree staff of Neponset lodge worked the third degree on two candidates at the hall of John Hancock Lodge, I. O. O. F., of Wollaston, Wednesday evening, in approved style. A collection followed.

Mrs. Z. S. Arnold gave a children's party at her home on Coddington street, Tuesday afternoon, for her daughter Alice. Mrs. George Saville played the piano for the children's plays, and a happy time was enjoyed by all.

The ladies of the Granite City club held a matinee whist Wednesday afternoon. Prizes for the best scores were awarded as follows: Mrs. R. R. Smith and Mrs. Charles H. Penniman silver spoons; Mrs. J. F. Dozier, 5 o'clock sugar and creamer.

There were many callers Wednesday at Miss E. B. Collins' millinery parlors, it being the first day of her Easter opening. The display will continue the rest of the week. She has some particularly fetching hats of Paris and New York models, besides many original ones of her own designing.

The Day Nursery meeting last Tuesday was an interesting one. The treasurer reported over eighty dollars in cash beside contributions of furniture, etc. Another meeting will be held March 31st in the Council room, City Hall, at 3 P. M. to make plans for a magic lantern, banjo and reading, evening early in April.

Commissioner Knowlton reports that 21,891 feet of water mains and 24,587 feet of service pipe were put in during the year 1902. There are now 91 miles of water mains in the city. During the year, 370 service connections were made, making the total connections just 5000. The city has 607 hydrants in use, a net gain of 31 last year.

Nothing Easier.

Two Factories Burned
Somerville, Mass., March 25.—A fire for which a general alarm was necessary, as well as a call upon the Boston department, started at 1 o'clock this morning in the extensive table manufactory of L. W. & S. Mumfords and destroyed, besides the building, the adjoining factory of Hyman Hillson, manufacturer of tinware, gas and oil stoves, pediclers' supplies, etc. The loss will reach \$100,000.

Dooley Claims Self Defense
Newport, R. I., March 25.—Coroner Stanhope yesterday held an inquest into the death of John H. Sullivan, who died Saturday night from a hemorrhage of the brain resulting from injuries alleged to have been received during a barroom fight with Dennis J. Dooley, who claimed that he knocked Sullivan down in self-defense. Dooley will have a hearing later.

A Persistent Firebug
Manchester, N. H., March 25.—The work of the firebug was evident again last night when a blaze was discovered in the barn of Mrs. Frank Walker. A box of shavings was found placed against the building and from a fire set in these kindlings the blaze had spread. Nearly a dozen fires of incendiary origin have been discovered within a short time.

Juror's Services Dispensed With
Boston, March 25.—Judge Bond, sitting in the superior court yesterday, was disturbed by snoring, which proceeded, he quickly found, from a juror in the panel before which a case was being tried. The juror was sound asleep. He was sharply reprimanded and dismissed and the case continued before 11 jurors.

War Veteran Drowned
Montpelier, Vt., March 25.—Dexter Moody, aged 65, a war veteran, fell into Winhook river yesterday and was drowned. Moody was the largest man in town, being six feet four inches in height and weighing 350 pounds. He was dumping brush into the river when he slipped and fell in.

Agreement on Price of Milk
Boston, March 25.—The price of milk at the car in Boston was practically fixed at 37 1/2 cents a can for the next six months at yesterday's conference between the Boston contractors and the New England Milk Producers' union.

License Bill Pushed Along
Concord, N. H., March 25.—The liquor license bill sent up by the house of representatives passed the senate last night, the vote standing 15 to 5, one pair and two senators absent and not voting.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth
Rewritten and Rendered into Modern English From Sir Edwin Caskoden's Memoir
By EDWIN CASKODEN [CHARLES MAJOR]
Copyright, 1898 and 1901, by the Doves-Merrill Company

SYNOPSIS.
Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Caskoden, master of the dance. III.—Caskoden is attentive to Lady Jane Bolingbroke, companion to the princess. In a fit of petulance Mary rebukes Brandon, then craves forgiveness. IV.—Brandon teaches Mary a new dance learned in France. The young princess is shocked at first, then delighted with the sensation of Brandon's arm around her waist. Brandon declares that the girl is perfect, but the game of making love to royalty is dangerous.

CHAPTER IV—Continued.
We sat a few minutes talking, Mary wearing an air of dignity. Cards were proposed, and as the game progressed she gradually unweaved again and became affable and familiar as earlier in the evening. Brandon, however, was frozen. He was polite, dignified and deferential to the ladies, but the spirit of the evening was gone since he had furnished it all with his free, offhand manner, full of life and brightness.
After a short time, Mary's warning mood failing to thaw our frozen fun-maker, and in her heart infinitely preferring pleasure to dignity, she said: "Oh, this is wearisome! Your game is far less entertaining than your new dance. Do something to make me laugh, Master Brandon."

"I fear you must call in Will Sommers," he replied, "if you wish to laugh. I cannot please you in both ways, so will hold to the one which seems to suit the princess."

Mary's eyes flashed, and she said ironically: "That sounds very much as though you cared to please me in any way."

Her lips parted, and she evidently had something unkind ready to say, but she held the breath she had taken to speak it with and after one or two false starts in as many different lines continued: "But perhaps I deserve it. I ask you to forgive me, and hereafter desire you three, upon all proper occasions, when we are by ourselves, to treat me as one of you—as a woman, a girl, I mean. Where is the virtue of royalty if it only means being put upon a pinnacle above all the real pleasures of life, like foolish old styles on his column?"

The queen is always preaching to me about the strict maintenance of my 'dignity royal,' as she calls it, and perhaps she is right. But out upon 'dignity royal,' say I! It is a terrible nuisance. Oh, you don't know how difficult it is to be a princess and not a fool. There!" And she sighed in apparent relief.

Then, turning to Brandon: "You have taught me another good lesson, sir, and from this hour you are my friend, if you will be, so long as you are worthy—no, I do not mean that; I know you will always be worthy—but forever. Now we are at rights again. Let us try to remain so—that is, I will," and she laughingly gave him her hand, which he, rising to his feet, bowed low over and kissed, rather fervently and lingeringly, I thought.

Hand kissing was new to us in England, excepting in case of the king and queen at public homage. It was a little startling to Mary, though she permitted him to hold her hand much longer than there was any sort of need—a fact she recognized, as I could easily see from her telltale cheeks, which were rosy with the thought of it.

So it was when a woman goes on the defensive prematurely and without cause. It makes it harder to apply the check when the real need comes. After a little card playing I expressed regret to Jane that I could not have a dance with her for lack of music.

"I will play, if the ladies permit," said Brandon, and he took Lady Jane's lute and played and sang some very pretty little love songs and some comic ones, too, in a style not often heard in England, so far away from the home of the troubadour and lute. He was full of surprises, this splendid fellow, with his accomplishments and graces.

When we had danced as long as we wished—that is, as Jane wished; as for myself, I would have been dancing yet—Mary again asked us to be seated. Jane having rested, Brandon offered to teach her the new dance, saying he could whistle an air well enough to give her the step. I at once grew uneasy with jealous suspense, for I did not wish Brandon to dance in that fashion with Jane, but to my great relief she replied:

"No, thank you; not tonight." Then, shyly glancing toward me: "Perhaps Sir Edwin will teach me when he learns. 'It is his business, you know.'"

Would I? If a month, night and day, would conquer it, the new dance was as good as done for already. That was the first real mark of favor I ever had from Jane.

We now had some songs from Mary and Jane; then I gave one, and Brandon sang again at Mary's request. We had duets and quartets and solos, and the songs were all sweet, for they came from the heart of youth and went to the soul of youth, rich in its God given fresh delight in everything. Then we talked, and Mary and Jane, too, with a shy, soft little word now and then, drew Brandon out to tell of his travels

and adventures. He was a pleasing talker and had a smooth, easy flow of words, speaking always in a low, clear voice and with perfect composure. He had a way of looking first one auditor and then another straight in the eyes with a magnetic effect that gave to everything he said an added interest. Although at that time less than twenty-five years old, he was really a learned man, having studied at Barcelona, Salamanca and Paris. While there had been no system in his education, his mind was a sort of knowledge junkshop wherein he could find almost anything he wanted. He spoke German, French and Spanish and seemed to know the literature of all these languages.

He told us he had left home at the early age of sixteen as his uncle's esquire and had fought in France, then down in Holland with the Dutch, had been captured by the Spanish and had joined the Spanish army, as it mattered not where he fought so that there was a chance for honorable achievement and a fair ransom now and then. He told us how he had gone to Barcelona and Salamanca, where he had studied, and thence to Granada, among the Moors, of his fighting against the pirates of Barbary, his capture by them, his slavery and adventurous escape and his regret that now drowsy peace kept him mired up in a palace.

"It is true," he said, "there is a prospect of trouble with Scotland, but I would rather fight a pack of howling, starving wolves than the Scotch. They fight like very devils, which, of course, is well, but you have nothing after you have beaten them, not even a good whole wolfskin."

In an unfortunate moment Mary said, "Oh, Master Brandon, tell us of your duel with Judson."

Thoughtful, considerate Jane frowned at the princess in surprise and put her finger on her lips.

"Your ladyship, I fear I cannot," he answered, and left his seat, going to the window, where he stood, with his back toward us, looking out into the darkness. Mary saw what she had done, and her eyes grew moist, for, with all her faults, she had warm, tender heart and a quick, responsive sympathy. After a few seconds of painful silence she went softly over to the window where Brandon stood.

"Sir, forgive me," she said, putting her hand prettily upon his arm. "I should have known. Believe me, I would not have hurt you intentionally."

"Ah, my lady, the word was thoughtlessly spoken and needs no forgiveness. But your heart shows itself in the asking, and I thank you. I wanted but a moment to throw off the thought of that terrible day." Then they came back together, and the princess, who had tact enough when she cared to use it, soon put matters right again.

I started to tell one of my best stories in order to cheer Brandon, but in the midst of it Mary, who I had noticed, was restless and uneasy, full of blushes and hesitancy and with a manner as new to her as the dawn of the first day was to the awakening world, abruptly asked Brandon to dance with her again. She had risen and was standing by her chair, ready to be led out.

"Gladly," answered Brandon as he sprang to her side and took her hand. "Which shall it be—La Galliard or the New Dance?" And Mary, standing there, the picture of waiting, willing modesty, lifted her free hand to his

shoulder, tried to raise her eyes to his, but failed and softly said, "The new dance."

This time the dancing was more soberly done, and when Mary stopped it was with serious, thoughtful eyes, for she had felt the tingling of a new, strange force in Brandon's touch. A man, not a worm, but a real man, with all the irresistible, infinite attractions that a man may have for a woman—the subtle drawing of the lodestone for the passive iron—had come into her life. Doubly sweet it was to her intense young virgin soul in that it first revealed the dawning of that two edged bliss which makes a heaven or a hell of earth-of earth, which owes its very existence to love.

I do not mean that Mary was in love, but that she had met and for the first time felt the touch, yes, even the subtle, unconscious, dominating force so sweet to woman, of the man she could love, and had known the rarest throbs that pulsate in that choicest of all God's perfect handiwork—a woman's heart—the throbs that go before, the John the Baptist, as it were, of coming love.

It being after midnight, Mary filled two cups of wine, from each of which she took a sip, and handed them to Brandon and me. She then paid me the 10 crowns, very soberly thanked us and said we were at liberty to go.

The only words Brandon ever spoke concerning that evening were just as we retired:

"Jesus, she is perfect! But you were wrong, Caskoden. I can still thank God I am not in love with her. I would fall upon my sword if I were."

I was upon the point of telling him she had never treated any other man as she had treated him, but I thought best to leave it unsaid. Trouble was apt to come of its own accord soon enough.

In truth, I may as well tell you that when the princess asked me to bring Brandon to her that she might have a little sport at his expense she looked for a laugh, but found a sigh.

[To be continued tomorrow.]

Tuberculosis Claims Many Victims
New York, March 25.—Dr. Federle of the board of health yesterday reported to Mayor Low that tuberculosis remains the greatest single cause of deaths in this city and one which demands more attention from the municipal authorities in the interest of public health. The number of persons suffering from tuberculosis is variously estimated at from 30,000 to 40,000, and many of these are undoubtedly infecting their associates. The deaths from pulmonary tuberculosis in New York last year numbered 5751.

He Sued For \$25,000
Salem, Mass., March 25.—Frederick Helme brought suit against B. A. Otto of Lawrence for \$25,000 for the alleged alienation of his wife's affections. At the conclusion of the evidence offered by the plaintiff yesterday, Judge Gaskill ruled that sufficient evidence had not been introduced to justify a continuation of the case and took it from the jury. Exceptions were filed by plaintiff's counsel.

Convicted of Murdering Mother
Philadelphia, March 25.—George Nelk, who killed his mother, was last night convicted of murder in the first degree. The prisoner, who is 22 years old, crushed his mother's skull with a hatchet and murderously assaulted his sister with the same weapon. He then stole \$70 and disappeared.

Rublee to Leave Havana
Washington, March 25.—F. M. Steinhart of Illinois is to be appointed consul general at Havana, succeeding W. A. Rublee. It is understood that a place has been found for Rublee as consul general at Vienna. It is at present held by C. B. Hurst, a son of Bishop Hurst.

Champlain Navigation Open
Plattsburgh, N. Y., March 25.—The season of navigation on Lake Champlain opened yesterday, the steamer Chateaugay making her first trip from Burlington to this city and return. This is the earliest season since 1871, and with that exception the earliest since 1843.

Commendable Legislation
Harrisburg, March 25.—The senate committee on mines and mining decided last night for favorably report to the senate the bill raising the minimum age at which children can be employed inside the mines from 14 to 16 years and outside the mines from 12 to 14.

Raise in Excise Fees
Albany, March 25.—The senate last night passed the bill increasing excise fees by 50 percent. The vote was 23 to 22, a strict party vote.

NEWS IN BRIEF
A trolley car instantly killed an unknown man who was lying between the rails between Grafton and North Grafton, Mass. The man was an itinerant umbrella mender. He appeared to be 50 to 60 years of age. Joseph Mader, 14 years old, committed suicide at Gravesend, N. Y., by hanging in a barn. He was given to the reading of cheap novels, and one of the sensational kind was found near the dead body.

More than \$8000 is the price put on the trio of highwaymen who murdered a passenger and wounded three others in a desperate attempt to hold up a Santa Monica, Cal., car.

Dr. Robert S. Newton, an alienist of note and well known in the medical profession, died at New York, aged 45.

Commissioners Deny Charges
Boston, March 25.—An answer to the charges preferred by Lawyer W. H. Baker against the police board of Boston has been sent to Governor Bates by the commissioners. A general denial of the charges is made.

Grip Remedies in Great Demand.
When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of Medford, Va., says he was cured of a very deep and lasting attack of grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

Dr. Emmons' Monthly Regulator
Monthly Regulator has brought happiness to hundreds of anxious women. There is positive ly no other remedy known to medical science that will so quickly and safely do the work. Longest and most obstinate irregularities, any cause relieved immediately. Success guaranteed at any stage. No pain, danger, or interference with work. Have relieved hundreds of cases where others have failed. The most difficult cases successfully treated by mail and best results guaranteed in every instance. No risk whatsoever. We treat hundreds of ladies whom we never see. Write for further particulars and free confidential advice. Do not put off too long. All letters truthfully answered. Remember, this remedy is absolutely safe under every possible condition and positively leaves no after ill effect upon the health. Sent by mail, securely sealed, \$2.00. Money letters should be registered. DR. C. W. EMMONS CO., 107 WEST 30TH ST. Boston, Mass.

Pennyroyal Pills
Original and "Only Genuine" NOLAN'S PILLS. For all ailments of the female system. Take no other. Relief in 24 hours. Substitutes, imitations, cheap imitations, do not buy. Buy of your druggist or send 15c in stamps to Dr. C. W. Emmons, 107 West 30th St., New York City. Pennyroyal Pills for Ladies. In bottle, by registered mail, \$2.00. Money letters should be registered. DR. C. W. EMMONS CO., 107 WEST 30TH ST. Boston, Mass.

UNIONS HAVE ALL VOTED
Textile Workers Insist Upon Ten Percent Increase in Wages
Lowell, Mass., March 25.—The general strike of the textile operatives at Lowell, which has been threatened for over a fortnight, will go into effect Monday unless their demand for a 10 percent increase is granted. Every union, six in number, affiliated with the Textile council has now decided by unanimous vote to force the issue, and at the meeting of the council, which will be held tonight, it is certain that the delegates will stand together in favor of refusing to go to work Monday.

A conference was held yesterday afternoon at the Union National bank, at which the agents of the seven large cotton mills, the president and secretary of the United Textile Workers, and President Conroy, Secretary McDonald and Messrs. Ashton and Duggan, representing the Textile council, were present. The situation was reviewed in a general way, the conference lasting three hours, and it was announced at the close that the conditions were not altered in the least. It is noteworthy that the conference was held at the indirect suggestion of the mill agents.

The last move of the operatives will be made tonight, when the ultimatum of the organized textile officers of the city will be issued. From events of the past few days it would seem that the agents intend to operate every department it will be possible to run in the mills, even in the face of a general strike order.

For the Gentler Sex Only
Medford, Mass., March 25.—An innovation in Tufts college athletics was introduced last night when the co-eds took possession of the gymnasium and conducted an inter-class meet. Some 50 young women participated and the events were well contested and some good records made. The young women gave evidence of the beneficial effects of severe training. Professor Wren of the college, who acted as referee, and C. A. Bean of Boston, the official timer, were the only men present, but many women witnessed the contests.

Good Honey Season Promised
Chester, Vt., March 25.—The mild winter weather, which has brightened the prospect of a good maple sugar supply, has not been without its compensations. Last fall many wild swarms of bees were found in the woods and these have wintered well. Many who last year lost their swarms are preparing to restock their hives. Under favorable conditions no state offers a better field for bees than Vermont, where wild flowers everywhere are in abundance.

THE PLAIN WORD STRIKE

Takes the Place of the Term
"Forc the Issue"

UNIONS' ACTION ENDORSED

By the Textile Council, and Next
Monday Will Witness Beginning of
Period of Idleness of Twenty Thou-
sand Operatives at Lowell

Lowell, Mass., March 27.—The Textile council, made up of delegates from seven labor unions, last night formally ordered a strike on Monday morning next in seven of the big cotton mill corporations in this city provided the request for a 10 percent increase in wages is not granted by that time. This action was anticipated, as each of the seven unions had instructed its delegates to the council to vote in favor of "forcing the issue."

The council for the first time in the present controversy used the word "strike" last night, deeming it best to substitute a plain word for the somewhat ambiguous term "force the issue." Secretary McDonald of the council will today deliver to W. S. Southworth, agent of the Massachusetts mills and secretary of the Cotton Manufacturers' association, a letter containing the record of the action taken last night.

No reply is expected and the members of the council believe that the order will not only become effective on Monday morning, but will be observed to the extent that by the same evening nearly 20,000 persons employed in seven mills will be out of work. The corporations which will be affected are the Massachusetts, Boot, Merrimack, Appleton, Tremont and Suffolk, Lawrence and Hamilton.

The action taken last night was simply a ratification in a formal way of the action of the unions. The membership was made up of seven delegates each from the Mule Spinners, Loomfixers, Carders, Beamers, Nappers and Weavers' unions. The knitters, who have representation in the council, have taken no action in this matter, being granted permission to remain neutral. They are employed in the Shaw hosiery and the Lawrence hosiery.

The vote of the council to order a strike was unanimous. It was announced that this action is sanctioned by the United Textile Workers of America, and the mule spinners are given the support of the National Mule Spinners' association. During the council Clerk Supple of the state board of arbitration appeared and stated that he was sent with a message which was to the effect that the state board had nothing new to offer, but did entertain the opinion that there still was a chance for arbitration and requesting another conference this afternoon. This request was granted.

After the meeting members of the council said that they did not look for any result from that conference. The council will hold another session on Sunday, at which the executive com-

mittee will report its arrangements for making the strike effective. After the meeting it was stated that the conduct of the strike was placed in the hands of the executive committee, but this committee is given only limited power. A committee to organize other craft was appointed and without delay it will endeavor to organize the ring spinners, spoolers, warpers, slasher tenders and drawing-in hands, meetings being called for tonight.

The presence of something like 3500 Greeks in Lowell is looked upon by the unions as a factor in the impending strike. It is because of their presence here that the citizens generally fear that if the mill agents do as they have announced—keep their mills going—trouble will ensue. Two years ago, when the Merrimack mills and a strike, the introduction of Greeks led to disturbances at the mill gates. At that time it was said that Greeks were brought to the city in large numbers to work in the mills. Since then the influx of Greeks and Syrians has been phenomenal. Efforts have been made to unionize the Greek mill workers, but with a small measure of success.

Think Conditions Warrant Increase
Fall River, Mass., March 27.—A meeting of the card room help employed in the mills of the New England Cotton Yarn company voted last night to force the issue for a 10 percent advance in wages. The vote was unanimous. The reasons given for this demand are that the conditions and prices are so improved over a year ago as to warrant the increase.

Melancholy Preacher Shot Himself
Altoona, Pa., March 27.—Rev. John C. Grimes, who has been attending the central Pennsylvania Methodist conference here, shot himself yesterday. He is in a serious condition. He said he intended to kill himself. He is said to have been suffering with melancholia.

Child Killed With Umbrella
Mahanoy City, Pa., March 27.—An umbrella thrown by the driver of a brewery wagon yesterday caused the death of John Tracy, 4 years old. Tracy had annoyed the driver and the latter hurled the umbrella at the lad, the point piercing the boy's right temple.

Santo Domingo Rebels Win
Washington, March 27.—United States Minister Powell, at Port au Prince, reports to the state department that the revolutionists apparently have been successful at Santo Domingo.

Church Not Exempt From Taxation
New York, March 27.—Mayor Low yesterday vetoed a legislative bill exempting the Roman Catholic church of St. Malachi from a tax of \$1000. The mayor said that the bill is in conflict with the state constitution which prescribes that the legislature shall not pass a private or local bill granting to any person, association, firm or corporation an exemption from taxation on real or personal property.

Preparing Unique Welcome
Des Moines, March 27.—The name of "Roosevelt," the letters of which will be formed by 16,000 schoolchildren waving flags, has been decided upon as a feature of the greeting to the president when he visits Des Moines April 26. The children will be formed on the campus of the capital.

Shamrock Insured For \$100,000
London, March 27.—Sir Thomas Lipton has insured Shamrock III at Lloyd's for \$100,000 at 10 guineas percent. The insurance, which is for one year, covers all risks, including the voyage across the Atlantic. The real value of the challenger is considered to greatly exceed \$100,000.

Perhaps Fatally Hurt by Auto
Brooklyn, Mass., March 27.—Charles F. Porter, aged 65, a coal dealer, was knocked down and probably fatally injured by an automobile last evening. The automobile was in charge of Charles W. Jones, principal of the Brooklyn Business university. Porter suffered a fracture of the skull and physicians say there is no hope of his recovery.

Woman Killed by Gas
Boston, March 27.—In her room in South Boston Luertha Black, a widow, 55 years old, was found dead last night from asphyxiation, the room being filled with gas from an open fixture, believed to be due to accident. Among her effects were found letters from friends in Battle Creek, Mich., referring to some property she owned there.

Hetty Green a Winner
Springfield, Mass., March 27.—Hetty Green yesterday obtained a favorable judgment in the superior court in the suit brought against her by the Massachusetts Life Insurance company. The company accidentally paid some of her taxes on Chicago property and sued to recover from her.

No Solace For Briber
New York, March 27.—William A. Walling, a lawyer, accused by Mrs. Eva Shields, for whom he was counsel, of securing \$250 from her to bribe the detectives who had arrested her on a charge of receiving stolen goods, was discharged yesterday. The magistrate

NOT DOWN TO FIVE CENTS.

As Neponset Will be Limit on the Plymouth Division.

The Atlantic Fare Will be Seven and One-half Cents.—No Change for Quincy.

Other Five-Cent Limits Are Cedar Grove, Dorchester and Jamaica Plain.

There will be disappointment at Atlantic because under the revision of suburban fares that station will not have a five cent fare to Boston as anticipated, but there will nevertheless be a reduction from nine cents to seven and one-half cents. The Herald announces that the revision will be as follows:

Throughout a considerable portion of the suburban section an opinion prevails that the recent order of the railroad commission relating to an equalization of local rates on the various di-

visions of the New York, New Haven & Hartford railroad means that a 5-cent rate is to apply to all stations within the city limits. The board did not intend to convey this impression. The document speaks for itself, and is simply a reiteration of a recommendation that has been made from time to time in the annual reports of the commission. There are no specific allusions to a schedule of fares in the order, the assumption being that so long as the road equalized its suburban charges

Continued on page 3.

QUESTIONABLE DEALINGS.

May Be Brought to Light because of Skinner's Disappearance.

Boston, March 27.—J. I. Edwards, a clerk, is in charge of the office of M. F. Skinner, the missing Congress street broker, having been placed there as keeper by creditors of Skinner, who did business under the firm name of M. F. Skinner & Co. Edwards says that there have been no developments.

Attorney Gray, into whose hands Skinner placed his affairs before leaving Boston, says that he has received no further communication from the missing man. He declined to say whether or not he knew where Skinner is at present.

It is known that still another Boston bank is interested in Skinner's bond transactions. This bank holds three of the Easthampton bonds and it is not known whether they are of the genuine or the bogus description, as none of the officials of the town of Easthampton have seen them. These bonds were accepted along with others unquestionably genuine. The loans were made on the usual margin, the security being sufficient to protect the bank amply from any loss in case it is found that these three bonds, which are of denominations of \$1000 each, are worthless. It is understood that other Boston banks are placed in a similar position.

Skinner was treasurer of the Illinois River Railway company of Ottawa and Marseilles, Ill., and it is said that an investigation of his accounts is being made. Inquiry will be made concerning \$8000 of the company's funds which should be held by a Boston National bank for the Illinois River Railway company.

He Misapplied Funds
Lexington, Ky., March 27.—A sensation was caused here yesterday when the jury returned a verdict of three years in the penitentiary for A. P. Taylor, president of the Industrial Mutual Deposit company, one of the companies that failed here a year ago. The charge was embezzlement by appropriating the surplus fund to dividends when no dividend had been earned. Fifty other similar indictments are to be tried against prominent citizens.

Senator In Scrappy Mood
Richmond, March 27.—In the course of a debate in the senate yesterday Senator Mann, the author of the bill for restricting the liquor traffic, struck Senator Bryant. The blow was well met, landing only on the uplifted forearm of Bryant. A doorkeeper got between the two men and order was restored quickly, Bryant continuing his remarks from the point of the interruption by the disturbance.

No Solace For Briber
New York, March 27.—William A. Walling, a lawyer, accused by Mrs. Eva Shields, for whom he was counsel, of securing \$250 from her to bribe the detectives who had arrested her on a charge of receiving stolen goods, was discharged yesterday. The magistrate

Wollaston Alliance.

At the meeting of the Wollaston Alliance on Wednesday about sixty ladies sat down to a dainty and pretty luncheon in the vestry of the Wollaston Unitarian church at 1:30 o'clock. It was called a Shredded Wheat Luncheon and the uses of that popular food was demonstrated by Miss Kittie Darnell of Boston, assisted by Miss Adrian and Miss Asman.

The following menu was enjoyed:

Creamed Oysters in Shredded Wheat
(India relish).
Piquant Sandwiches.
Adrian Salad.
(Bunker Hill Mayonnaise).
Jellied Apple Sandwich.
Robert's Cream of Chocolate.

The tables were tastefully adorned with pots of tulips, jonquils and azaleas.

At the close of the luncheon, Mrs. Frank A. Page entertained the company with Schubert's vocal selection, "The Wanderer." A brief business meeting then followed, after which the President, Mrs. Bennett, introduced Mrs. Emily Fifield who has recently returned from the south where she went in the interest of the Alliance.

Mrs. Fifield gave very interesting account of the country and the conditions of the people in Georgia, North Carolina and Florida, and the possibilities of the growth of Unitarianism there. While her work brought her in contact with much poverty, she was struck with the quietness, refinement and intelligence, as well as great hospitality of the people.

Officer Dawson Dead.

Mr. Henry O. Dawson, a well known resident of Atlantic, died Thursday night after an illness extending over three years. Mr. Dawson was a member of the special force and for several years has been on duty at Moon Island under pay of the City of Boston. He came to Quincy from Lawrence somewhere about 1885, and was employed by the railroad as a switchman at the Atlantic station, where he remained until receiving an appointment to the police force, when he covered the Wollaston beat for some time. He then was employed by the City of Boston for duty at Moon Island.

He was a veteran of the Civil war having served in Co. F of the 11th Vermont Infantry. He enlisted Aug. 4, 1864, and served until Jan. 14, 1865.

He, however, was not a member of the Grand Army. He leaves a widow. His funeral will be held Saturday from his late residence on Sagamore street, Atlantic.

"People are finding that the Co-operative Dining Rooms at 3 Granite street, are just the place to dine, although they are 'just around the corner.' Since adding the new dining room it has a seating capacity of about fifty. Give it a trial for a week and you will be sure to be satisfied. We can also let you a room.

—The United States has 107 social settlements. The rest of the world has 55.

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

BRAINTREES GAIN.

Gets Six Points in League to Three for North Quincys.

The Braintrees scored six points and the North Quincys three at the games in the Norfolk County League on Thursday at North Quincy. Braintree won one game of billiards, both games of pool, both games of whist and one string at bowling. The only games that North Quincy has won at billiards have been by Emerson who is a semi-professional.

The first game of billiards was between Emerson of North Quincy and Waite of Braintree. Emerson was an easy winner by a score of 75 to 27. The second game was between Barnes of Braintree and Kendall of North Quincy, and Barnes won by a score of 75 to 53.

The two Tenneys of Braintree won both games of pool, B. Tenney defeating Kingsley by a score of 50 to 42, and F. Tenney defeating Fairclough by a score of 50 to 35.

Whist is one of Braintrees strong points, and it is a weak point with North Quincy it is hardly necessary to say that Braintree won.

Jackson & Hasseltine of Braintree beat Porter & Hill 12 to 4, and Keith & Gammons of Braintree beat Beal & Johnson 9 to 6.

North Quincy kept up its reputation at bowling and secured two out of the three strings, although its total number of pins was less than Braintree.

Cuff of Braintree was high man on singles, bowling 111 in the first string. If he could have kept that record up in the two succeeding strings he would have carried off the cake as high bowler in the league. He secured but 75 in the second string and 83 in the third, giving him a total of 269, which was the best three-string total bowled.

Hobart was low man on the team on singles with 67 and on three-string totals with 217. The team average was 245.

The total of the team was 1225 or 14 less than North Quincy.

Thorpe was high man on singles for North Quincy, with 97 on singles and 252 on three-string totals. Taylor was second with 92 on singles and 249 on three-string totals. Osgood was low man on singles with 69 and on three-string totals with 218. The team average was 242.

The summary:

Killed by Automobile.

Charles F. Porter, formerly of Quincy, was run down by an automobile on Main street, Brockton, last night about 9:40, and fatally injured. The machine was driven by Charles W. Jones of Randolph, who was accompanied by Frank Quigley of Avon and Carl Bolen of Randolph. Mr. Porter who is a prominent coal dealer, had been to a smoke talk at the Algonquin club. His skull was badly fractured. When in Quincy years ago, Mr. Porter worked for W. F. Brett & Co., and later conducted a market in Brockton, and still later was associated with F. W. Packard as manufacturer of shoes.

Red Men Play Whist.

The prizes at the Red Men's whist party at Wollaston Thursday evening were taken by: Mrs. F. P. Grignon, bamboo chair; Mrs. Annie T. Jones, table; Mrs. C. W. Nelson, lamp; Mrs. Maggie Robertson, cocoa urn; Miss Mildred Sanders, one-half dozen napkins; Mrs. E. Marneck, picture; F. P. Grignon, pudding set; A. Shea, glass dish; Murray McLeod, picture; T. F. Grignon, sofa pillow; L. W. Shea, blanket; C. W. Mitchell, glass dish.

A Card.

We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

E. J. MURPHY,
L. G. MURRAY,
S. F. COPELAND,
G. A. LORING, Wollaston.

—Alexander G. Childs is the new chief of police at Hyde Park.

MILTON.

Who Raised the Green Flag on the Summer Schoolhouse?

The question as to who the parties were who caused a green flag to be raised on the Summer school building the night before the Seventeenth of March is still a mystery, in spite of the efforts of the sleuths under Chief of Police Pierce, and the reward that the residents of Milton hill stand ready to pay. The school building in question is situated in the heart of the aristocratic section of Milton. On the morning of March 17 the residents were surprised to see a green flag flying from the flag staff on the building instead of the American flag as usual. The janitor was sent for to haul down the green flag. The parties who put up the flag, however had done their job well. They had cut the halyards almost through so that when an attempt was made to haul it down they parted, leaving the flag still in position. Then ladders were brought into use, but without result, as the flag could not be reached.

Then the millionaires sent to Boston for a steeple climber. He came out and being a true son of Ireland flatly refused to bring the flag down. Fifty dollars was offered him, but that was no inducement and he went back to Boston.

It was not until the following Saturday that the fire department was appealed to, and at the risk of breaking his neck a fireman pulled down the flag.

Mr. Hammonds is moving to his new house on Pleasant street.

The East Milton gymnasium class will give its annual exhibition at the Town hall, April 3d. There will also be an exhibition by a team from the Boston Young Men's Christian Union and prizes will be awarded.

It is not often that the members of the Fire department are called out to witness the destruction of a building by fire without making any effort to extinguish it. Such, however, was what happened last Sunday morning. The house and barn burned were the ones in which smallpox made its appearance last fall. The buildings were owned by James Russell and he thought the best way to get rid of them was to turn them. The fire department was called to the scene to witness the burning and the building was set on fire.

Mr. James H. Lee, until lately teacher of physics at Milton Academy, who was travelling abroad, died of pneumonia Monday at Rome. His age was sixty years, and his home was on Randolph avenue, in Milton.

BRAINTREE.

Master Earl Penneck of Frederick road was five years old Friday. Several of his young friends helped him celebrate the event.

It is not uncommon to find common chickweed in blossom in February. But it is unusual for the mouse-ear chickweed, which is now in full blossom, to appear before late April or May.

Mr. John Blanchard and family have moved from the Full house on Fairview avenue, to Bristol, N. H.

The friends and neighbors of Mr. Paul Wilde of Liberty street, called upon him Monday evening to congratulate him, the occasion being his eighty-seventh birthday.

The Young Woman's whist club was entertained Monday evening by Miss Coralya Lang at the home of Miss Besie Leonard. Miss Mabel E. Miller received the souvenir.

Mrs. Scott Osborne and daughter of Holbrook were guests Tuesday of Mrs. E. A. Hale of Franklin street.

Miss Hoyt of Marlboro, N. H., was the guest last Friday and Saturday of Miss V. Dexter of Washington street.

Wednesday, Mrs. P. C. Spring entertained the Afternoon whist club. Mrs. S. S. Bridgman and Mrs. O. B. Oakman received souvenirs.

Mrs. George W. Stevens spent Thursday with relatives in Brockton.

Miss Ethel Sprague is visiting relatives in Worcester.

Thursday evening a party from South Braintree listened to "Il Trovatore" at the Boston theatre.

B. & M. Men Appreciate It.

Nothing in connection with the progress of the Boston & Maine Railroad is more gratifying than the marked success which has attended the Beverly Street branch Y. M. C. A., Boston. It has been a popular institution from its very inception, and is every day accomplishing genuine good among the employees of the Boston & Maine Road. The social and religious meetings are invariably well attended, and the dormitory accommodations are so greatly appreciated that room is sometimes at a premium.

TODAY'S COURT.

Thomas F. Dwyer was fined \$10 for disturbing the peace at Weymouth.

Maurice J. Sheehan was sent to the State farm at Bridgewater for drunkenness at Weymouth.

W. S. Hayden Surprised.

A very pleasant, and genuine surprise party was given Mr. Webster S. Hayden at his home on Jefferson street, Newton, Monday evening. There were about fifty guests. The house was very prettily decorated with palms and ferns, and the various rooms and spacious halls were made brilliant with pretty gowns and merry voices.

During the evening Mr. Hayden was presented with a gold watch and chain, the gift of his employees and many with whom he is connected in a business way. The presentation was made by Mr. A. W. Rees, who, in his appropriate remarks voiced the sentiments of those who know Mr. Hayden best in a business way as well as socially.

After the presentation, supper was served; Mr. D. E. Wilbur catered. Several of the guests contributed to the enjoyment of the evening: Mrs. H. J. Finn of Dorchester, Mrs. W. J. Bernier of Allston, and Grace Hayden gave piano selections, and there were songs by Mr. H. J. Finn, Mr. Fred Finn, Mr. Carouse of Boston and Mr. Hayden.

TAXED EVERY DAY.

Retribution More Severe Than Taxation for the Bachelors.

Although the great debate of the Quincy Point club is a thing of the past, any new light on the momentous question may be welcome. Winnifred Oliver writes to the New York Journal:

Some men are natural-born bachelors; some men are bachelors from choice, and some men, a very small number, have bachelorhood thrust upon them. The cry now goes forth that these victims, from choice or otherwise, of bachelorhood should be immolated on the altar of taxation.

The bachelor is already a very much overtaxed man. Just because he is a bachelor he is considered fair prey by all the subscription fiends and vampires in general. Those who would besitate to make a similar demand upon the purse strings of a married man, have no scruples where bachelors are concerned.

They must subscribe to charities which they know nothing about; to churches which they never enter; be generous with Christmas, wedding and christening gift. Their time must be to a certain extent at the disposal of their friends, and all this they must do cheerfully lest they be accused of stinginess.

Taxes! why, the bachelor is taxed every day, and all day long. He is taxed by his landlady, his landress, all his feminine acquaintances and relatives. And now they are trying to add one more tax to this already much-taxed victim. They want to tax his bachelorhood.

If a man prefers the life of a bachelor to that of a benedict, why in the name of all that is reasonable should he not be allowed to indulge in it free of taxation? If all bachelor were bachelors from choice there might be some faint glimmering of reason in the suggestion of this ridiculous tax; but, as I said before, they are not all dwelling in single blessedness because they prefer that state. Some men are single because they cannot have the woman upon whom they have set their hearts. Some men have never met their ideal woman and others have mothers and sisters to support and cannot, no matter how much they may wish to, afford to marry.

A few, a very few, are really to shy to propose, and so willily must remain old bachelors. But whatever may be the reason of his singleness the bachelor, as a bachelor, should not be taxed.

Retribution more severe than taxation is in store for him. In young and middle life he is a gay, free lance, and blithely where he listeth; but down the lonely years of old age he must totter alone, while the benedict brother whom in his younger days he alternately commiserated and envied, walks serenely and sweetly hand in hand with the companion of his joys and sorrows.

However, the bachelor may reason to himself that the race is to the swiftest and that

"Down to Gehenna or up to the throne, He travels the fastest who travels alone."

The Magazines.

The Easter number of the Woman's Home Companion is full of the spirit of spring. It opens with a charming New England story by Sophie Sweet, called "Baberry Tea." Eden Phillips' great serial, "The Farm of the Dagger," grows in interest. The most notable feature shows "How an American Circus Astonished Europe." There are notes for Easter Games and Easter Parties, and several inviting pages of Spring Gowns. Published by The Crowell Publishing Company, Springfield, Ohio; one dollar a year; ten cents a copy.

In Little Folks for March there is a pleasant story about "Flossie's Curious Experience," by W. J. Roe. One of her own grandchildren tells "About Mrs. Julia Ward Howe," an excellent article for the little folk. There are two pictures given of Mrs. Howe in her old age, another, taken from a miniature, of herself and her two brothers when they were children. Little Folks is published by S. E. Cassino, Salem, Mass.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of the gripe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

LOWER FARES.

(Continued from page 1.)

nothing further would be called for under this particular order. May 1 was fixed as the date when the new rates should become operative.

This matter of equalizing suburban rates has been under discussion by the traffic officials of the company for a year or more, and a definite plan of procedure had been reached, but it was not proposed to make it operative until July 1, when the fiscal year begins. The details of this new schedule have not heretofore been made known, but it can now be stated that the new rates are practically the making of a 5-cent rate to all stations five miles from Boston.

On the Providence division no change will be made, as the present rate to Jamaica Plain is 5 cents and the distance about 5 miles.

On the Plymouth division the 5-cent limit will be Neponset. The rate to Atlantic, the next station beyond, is to be fixed at 7 1-2 cents, instead of 9 cents, the present charge. No other points will be affected.

On the Mattapan branch of the Plymouth division the 5-cent zone will include Ashmont, and to the next station, which is Cedar Grove, the rate will be 7 1-2 cents, in place of 9 cents.

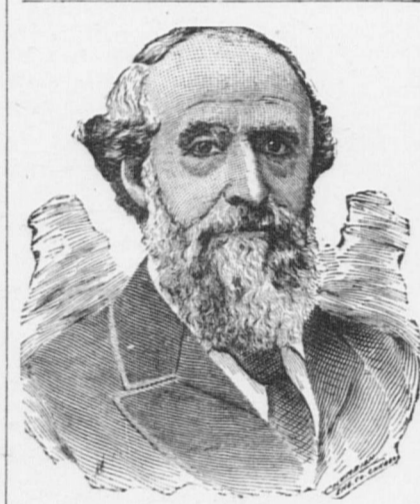

On the "Midland" division the 5-cent tariff will include Dorchester, there being no change in the rates beyond.

In estimating the reduction in revenues that will follow these lower rates it is found that on the Midland division they will amount to \$21,300 annually, and on the Plymouth division \$14,700, making a total of \$36,000, or \$3000 a month.

SHOULD BE IN LIST.

What the Y. M. C. A. Accomplished During the Year 1902.

The Young Men's Christian Association does well when it asks to be judged by what it has accomplished. Never before in its history has the Association made greater strides than during the past year. In America alone, during 1902, over \$12,000,000 was contributed toward its buildings and work, it averaged a new building every week.

SIR GEORGE WILLIAMS. Founder of Y. M. C. A.

It has over 100,000 men and boys in its gymnasiums, over 29,000 in its educational classes and over 30,000 in its Bible classes; but these figures are for the United States and Canada, while the Association is firmly established in 60 different countries. Russia, for example, is taking to it very rapidly. This shows its wonderful adaptability to all countries and conditions of men.

The Association helps men to help themselves. It makes for peace and justice between capital and labor. President Tuttle of the B. & M. R. R., says "It is my experience that wherever a well-managed branch of the Young Men's Christian Association exists there will never be any trouble between the employer and the employed."

Plans are under way for new Association building in Chelsea, Somerville, Beverly, Lynn, Reading, Gloucester, Middleboro, Weymouth, Abington, Lenox, Dalton, and Pawtucket. Certainly Quincy should be included in this list.

New Policemen.

Mayor Bryant has appointed Patrick A. Milford, John P. Reddington and John A. Boutin as members of the permanent police force. These additional officers were provided for in an amendment to the Police Ordinance adopted by the City Council.

DETAILS OF LAND BILL

Will Bring Extremely Good Features to Light

MEASURE WELL RECEIVED

Nationalists Do Not Regard it as Perfect, but Think It Contains Germs of Future Measure of Self-Government for Ireland

London, March 27.—Mr. Wyndham has no cause to be dissatisfied with the reception given to the Irish land bill up to the present time. Reflection has not modified the first favorable opinions expressed. Perhaps the strongest indications of opposition yet evinced have come from the Ulster landlords, the majority of whom are said to be unlikely to sell their estates. T. W. Russell, member for one of the Ulster divisions, declares that this difficulty, arising from the absence of a compulsory clause in the bill, will result in a continuance of the agitation in Ulster by the tenants who are thus deprived of availing themselves of the new measure.

William O'Brien has issued a manifesto criticizing many features of the bill, but strongly deprecating anything like a hasty condemnation by the Nationalist convention. Generally speaking, the Nationalists heartily welcome the bill, not because they regard it as perfect, but because it gives ministerial sanction to the principle of state aid in the shape of the bonus provided for under the bill and because it is held to contain the germs of a future measure of self-government for Ireland.

Mr. Asquith, speaking at St. Albans last night, said that without being sanguine, credulous or optimistic, he could not help thinking that if by a concordat, such as this bill, they could hope for a satisfactory land settlement, it was not beyond the bounds of statesmanship that by a like concordat between Ireland on one side and all the parties in England on the other they should make an equally substantial advance towards settling the problem of Irish government.

Lord Londonderry, speaking at Skipton, expressed his unqualified approval of the bill.

Among the provisions of the bill which Mr. Wyndham had not time to explain Wednesday is a very important one, sweeping away all arrears of rent, except for the year preceding the passage of the act. Several other extremely good features of the measure will also come to light when the text is distributed.

Will Make Big Hole in Police Budget

New York, March 27.—Police Commissioner Greene will soon restore to their former places the 190 detective sergeants who were reduced by ex-Commissioner Partridge and ordered restored by the court of appeals. There are now 115 detective sergeants whose title has not been in question. The reinstatements will make the yearly payroll for detective sergeants more than \$500,000, or not far from 5 per cent of the entire police budget. Besides, the men will receive back pay from July last.

Met Disabled Steamer

New York, March 27.—The American bark Saratoga, from Buenos Ayres, reports that on Feb. 11 she spoke the German steamer Australia, from Durban, Africa, for Rio Janeiro. The Australia had lost a propeller, but her master stated that he could make three knots an hour under sail with a strong breeze and had lost the propeller 30 days previously. The ship had plenty of provisions.

To Settle For Destroyed Property

Washington, March 27.—W. F. MacLennan, chief of the warrant division of the treasury department, started yesterday for Honolulu to disburse the \$1,000,000 appropriated by congress to satisfy in part the judgments rendered on account of the destruction of property in Honolulu in suppressing the bubonic plague during the years 1899 and 1900.

As to Actor Rose's Sanity

New York, March 27.—The commission appointed to inquire into the sanity of Harry J. Rose, the actor, who shot his wife last September, reported yesterday that Rose is insane. The district attorney will fight the report on the ground that some of the alienists who appeared before the commission testified that Rose was feigning insanity.

McKinley's Picture in Frame of Gold

Washington, March 27.—The portrait of the late President McKinley, painted by W. D. Murphy, who was in competition with a number of artists, has been accepted as the one that will be hung in the White House. The portrait is life-sized and represents the president in one of his characteristic attitudes. It is encased in a frame of gold.

No Cigaretts in Wisconsin

Madison, Wis., March 27.—The anti-cigarette bill passed in the assembly yesterday without a word of debate. It prohibits the manufacture or sale of cigarettes or cigarette-paper and takes effect July 1 next.

Street Cars Tied Up

Seattle, March 27.—Only five street cars are running on the entire system of the Seattle Electric company and these cars are manned by non-union men. There is no disturbance worthy of notice.

LIQUOR LICENSE LAW

Agreed Upon by Both Branches of New Hampshire Legislature

Concord, N. H., March 27.—Late yesterday both branches of the legislature agreed on a license liquor law, which was sent to the governor for approval and will be signed by him today. At the same time it is expected that appointments will be made of three state license commissioners under the new law. The bill, amended by the senate, was reported to the house yesterday afternoon. The house concurred in all but three of the 21 senate amendments. In these three, having reference to the restrictions upon hotels in no-license places, the extension until 11 o'clock of the closing hour, and the issue of licenses to bottlers in no-license towns, it refused to concur. A committee of conference was appointed. Its report, as accepted by both branches, provided that the senate recede from the bottlers' amendment; that the hour of closing be left to the discretion of mayor and aldermen in cities and the selectmen in towns, and that the senate provision for no sales of liquor by hotels in no-license towns except with a meal costing at least 25 cents be retained.

Jealous of Fellow Employee

Providence, March 27.—Oscar Steinbach, an employee of Motley's brewery at Cranston, was shot and killed yesterday afternoon by Frederick Hoffman, a fellow-laborer. Hoffman was jealous of Steinbach because the latter received larger wages. Hoffman was captured about three hours later by Officer Trainor, at whom Hoffman shot twice before he would be made a prisoner. One bullet grazed Trainor's left cheek, raising a welt without breaking the skin, and the other scratched his upper lip deeply enough to draw blood. Steinbach was 36 years old, married, with one child. Hoffman is 31, and has a wife and four children.

Drowned Herself in Bathtub

Boston, March 27.—Louise Medlin, a Swedish woman, 50 years old, who was left by Mr. and Mrs. Root of Newton in charge of their children while the parents were absent on a visit to California, visited the Emigrants' home in East Boston last evening for the purpose of taking a bath. Her long stay aroused suspicion and when the door was forced the woman was found dead in the bathtub. It is believed to be a case of suicide.

Free Show For Marion Folks

Marion, Mass., March 27.—Business throughout the town was suspended yesterday afternoon, the schools closed and everybody in the town who could get in crowded the town hall to witness a complimentary performance of "The Taming of Helen." Henry Miller and company were the guests of Richard H. Davis, the author of the comedy, and came here to give a free matinee to Davis' townspeople.

Track Eight Feet Under Earth

Winslow, Me., March 27.—The main line of the Maine central railroad was buried to the depth of eight feet for a distance of 65 feet near Ticonic bridge early yesterday by a landslide from the blue clay bank in the cut at that point. A crew of 50 men was steadily at work all day but had gained but 20 feet of the 65 feet late last night, and the worst of the slide was still to be attacked.

Quick and Profitable Trip

Gloucester, Mass., March 27.—Captain Jacobs arrived yesterday from another profitable trip to St. Pierre, Mich., where he disposed of 25,000 pounds of frozen squid to the French fishermen, who are delirious from procuring bait at Newfoundland. Captain Jacobs sailed from Provincetown just two weeks ago in his fishing steamer, the Alice M. Jacobs.

BORN.

SARGENT—In Quincy, March 25, a daughter to Mr. Ezekiel C. Sargent, of 32 Newcomb place.

MARRIED.

GILLIS—McLEOD—In Boston, March 25, by Rev. Warren J. Hobbs, Mr. Murdoch Gillis to Mrs. Katherine McLeod, both of Quincy.

DIED.

DILLAWAY—In Quincy, March 26, Miss Frances E. Dillaway, aged 70 years, 1 month and 4 days.

Funeral from late residence 110 Putnam street, Sunday, March 29, at 2 o'clock. Relatives and friends invited

BRONCHITIS

We Know is Hard to Control.

Our Vinol is Making a Wonderful Record in Curing This Dangerous Disease.

CALL AND LET US TELL YOU ABOUT IT.

Here is a letter that has just come to our attention. It will interest people suffering from bronchial troubles. It is from Mr. Geo. W. Brown, of So. Hanover, N. H., and reads as follows:

"I have suffered with bronchial troubles for over a year; tried two doctors and have taken three or four kinds of medicine, none of which did me any good. At times I was so hoarse I could not speak. Then I heard of Vinol. After taking three bottles of it my voice has perfectly returned to me. I can see that in a short time I will be all right. When I began to take it I was very weak, but it has built me up and given me a good appetite."

This is what Vinol always does. This is the way Vinol accomplishes its mission of doing good.

Vinol, as we wish every one to know, owes its power of accomplishing the cures that it effects to the fact that it contains the most wonderful medicinal elements known to science for the cure of all wasting diseases, as well as being in itself a marvelous tonic. These medicinal properties exist and have heretofore been found only in cod-liver oil. Vinol contains these elements. For by a scientific process the necessary curative properties of the cod-liver oil have been separated from the fat and grease which formerly made cod-liver oil preparations so objectionable.

As long as Vinol does not contain any of the vile-smelling oil, and is prepared by combining the sought-after properties with a delicate table wine, it is a most delicious and palatable preparation.

We know of what we speak when we recommend Vinol, and because we do know that Vinol does all we claim for it, we unhesitatingly endorse it, and guarantee at any time to refund the money paid for the remedy if you are not satisfied it will do all we claim for it.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English from Sir Edwin Casskoden's Memoir
By **EDWIN CASKODEN [CHARLES MAJOR]**
Copyright, 1898 and 1901, by The Boston-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

SYNOPSIS.
Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Casskoden, master of the dance. III.—Casskoden is attentive to Lady Jane Bolingbroke, companion to the princess. In a fit of petulance Mary rebukes Brandon, then craves forgiveness. IV.—Brandon teaches Mary a new dance learned in France. The young princess is shocked at first, then delighted with the sensation of Brandon's arm around her waist. Brandon declares that the girl is perfect, but the game of making love to royalty is dangerous.

CHAPTER V.
AN HONOR AND AN ENEMY.

A DAY or two after this Brandon was commanded to an audience and presented to the king and queen. He was now eligible to all palace entertainments, and would probably have many invitations, being a favorite with both the majesties. As to his standing with Mary, who was really the most important figure socially about the court, it could not exactly say. She was such a mixture of contradictory impulses and rapid transitions, and was so full of whims and caprice, the inevitable outgrowth of her blood, her rank and the adulation amid which she had always lived, that I could not predict for a day ahead her attitude toward any one. She had never shown so great favor to any man as to Brandon, but just how much of her condescension was a mere whim, growing out of the impulse of the moment and subject to reaction, I could not tell. I believed, however, that Brandon stood upon a firmer foundation with this changing, shifting quicksand of a girl than with either of her majesties.

In fact, I thought he rested upon her heart itself. But to guess correctly what a girl of that sort will do or think or feel would require inspiration.

Of course most of the entertainments given by the king and queen included as guests nearly all the court, but Mary often had little fetes and dancing parties which were smaller, more select and informal. These parties were really with the consent and encouragement of the king, to avoid the responsibility of not inviting everybody. The larger affairs were very dull, and smaller ones might give offense to those who were left out. The latter, therefore, were turned over to Mary, who cared very little who was offended or who was not, and invitations to them were highly valued.

One afternoon a day or two after Brandon's presentation a message arrived from Mary notifying me that she would have a little fete that evening in one of the smaller halls and directing me to be there as master of the dance. Accompanying the message was a note from no less a person than the princess herself, inviting Brandon.

This was an honor indeed—an autograph invitation from the hand of Mary! But the masterful rascal did not seem to consider it anything unusual, and when I handed him the note upon his return from the hunt he simply read it carelessly over once, tore it in pieces and tossed it away. I believe the Duke of Buckingham would have given 10,000 crowns to receive such a note and would doubtless have shown it to half the court in triumphant confidence before the middle of the night. To this great certainty of the guard it was but a scrap of paper. He was glad to have it, nevertheless, and with all his self-restraint and stoicism could not conceal his pleasure.

Brandon at once accepted the invitation in a personal note to the princess. The boldness of this actually took my breath, and it seems at first to have startled Mary a little also. As you must know by this time, her "dignity royal" was subject to alarms and quite her most troublesome attribute—very apt to receive damage in her relations with Brandon.

Mary did not destroy Brandon's note, despite the fact that her sense of dignity had been disturbed by it, but after she had read it slipped off into her private room, read it again and put it in her escritoire. Soon she picked it up, reread it and, after a little hesitation, put it in her pocket. It remained in the pocket for a moment or two, when out it came for another perusal, and then she unfolded her bodice and put it in her bosom. Mary had been so intent upon what she was doing that she had not seen Jane, who was sitting quietly in the window, and when she turned and saw her she was so angry she snatched the note from her bosom and threw it upon the floor, stamping her foot in embarrassment and rage.

Costo
saves cook's time

"How dare you watch me, hussy?" she cried. "You lurk around as still as the grave, as if I have to look into every nook and corner wherever I go or have you spying on me."

"I did not spy upon you, Lady Mary," said Jane quietly.

"Don't answer me! I know you did! I want you to be less silent after this. Do you hear? Cough or sing or stammer; do something, anything, that I may hear you."

Jane rose, picked up the note and offered it to her mistress, who snatched it with one hand while she gave her a sharp slap with the other. Jane ran out, and Mary, full of anger and shame, slammed the door and locked it. The note, being the cause of all the trouble, she impatiently threw to the floor again and went over to the window bench, where she threw herself down to pout. In the course of five minutes she turned her head for one fleeting instant and looked at the note, and then, after a little hesitation, stole over to where she had thrown it and picked it up. Going back to the light at the window she held it in her hand a moment and then read it once, twice, thrice. The third time brought the smile, and the note nestled in the bosom again.

Jane did not come off so well, for her mistress did not speak to her until she called her in that evening to make her toilet. By that time Mary had forgotten about the note in her bosom; so when Jane began to array her for the dance it fell to the floor, whereupon both girls broke into a laugh, and Jane kissed Mary's bare shoulder, and Mary kissed the top of Jane's head, and they were friends again.

So Brandon accepted Mary's invitation and went to Mary's dance, but his going made for him an enemy of the most powerful nobleman in the realm, and this was the way of it:

These parties of Mary's had been going on once or twice a week during the entire winter and spring, and usually included the same persons. It was a sort of coterie, whose members were more or less congenial and most of them very jealous of interlopers. Strange as it may seem, uninvited persons often attempted to force themselves in, and all sorts of schemes and maneuvers were adopted to gain admission. To prevent this two guardsmen with halberds were stationed at the door. Modesty, I might say, neither thrives nor is useful at court.

When Brandon presented himself at the door, his entrance was barred, but he quickly pushed aside the halberds and entered. The Duke of Buckingham, a proud, self-important individual, was standing near the door and saw it all. Now, Buckingham was one of those unfortunate persons who never lose an opportunity to make a mistake, and, being anxious to display his zeal on behalf of the princess, stepped up to prevent Brandon's entrance.

"Sir, you will have to move out of this," he said pompously. "You have made a mistake and have come to the wrong place."

"My lord of Buckingham is pleased to make rather more of an ass of himself than usual this evening," replied Brandon, with a smile, as he started across the room to Mary, whose eye he had caught. She had seen and heard it all, but instead of coming to his relief stood there laughing to herself. At this Buckingham grew furious and ran around ahead of Brandon, valiantly drawing his sword.

"Now, by heaven, fellow, make but another step, and I will run you through!" he said.

I saw it all, but could hardly realize what was going on. It came so quickly and was over so soon. Like a flash Brandon's sword was out of its sheath and Buckingham's blade was flying toward the ceiling. Brandon's sword was sheathed again so quickly that one could hardly believe it had been out at all, and, picking up Buckingham's, he said with a half-smothered laugh, "My lord has dropped his sword." He then broke its point with his heel against the hard floor, saying, "I will dull the point lest my lord, being unaccustomed to its use, wound himself." This brought peals of laughter from everybody, including the king. Mary laughed also, but as Brandon was handing Buckingham his blade, came up and demanded:

"My lord, is this the way you take it upon yourself to receive my guests? Who appointed you, let me ask, to guard my door? We shall have to omit your name from our next list unless you take a few lessons in good manners." This was striking him hard, and the quality of the man will at once appear plain to you when I say that he had often received worse treatment, but clung to the girl's skirts all the more tenaciously. Turning to Brandon, the princess said:

"Master Brandon, I am glad to see you, and regret exceedingly that our friend of Buckingham should so thirst for your blood." She then led him to the king and queen, to whom he made his bow, and the pair continued their talk about the room. Mary again alluded to the skirmish at the door and said laughingly:

"I would have come to your help, but I knew you were amply able to take

care of yourself. I was sure you would worst the duke in some way. It was better than a mummy, and I was glad to see it. I do not like him."

The king did not open these private balls, as he was supposed at least not to be their patron, and the queen, who was considerably older than Henry, was averse to such things. So the princess opened her own balls, dancing for a few minutes, with the floor entirely to herself and partner. It was the honor of the evening to open the ball with her, and quite curious to see how men put themselves in her way and stood so as to be easily observed and, perchance, chosen. Brandon after leaving Mary had drifted into a corner of the room back of a group of people and was talking to Wolsey—who was always very friendly to him—and to Master Cavendish, a quaint, quiet, easy little man, full of learning and kindness, and a warm friend to the Princess Mary.

[To be continued tomorrow.]

NO MILITARY HONORS

Will Be Accorded MacDonald, Who Will Be Buried in Foreign Land
London, March 27.—The funeral of General MacDonald will be a private one, because it is the custom in the British army not to accord military honors to an officer who has committed suicide. The war office has issued an explanation that it is in accordance with the wishes of the dead officer's relatives that the funeral will take place in Paris. No pressure of any kind has been exerted to prevent the funeral taking place in England if such had been the desire of his relatives. It is understood that throughout the affair the war office acted with the utmost delicacy towards Sir Hector MacDonald.

Case Where Office Seeks the Man
Washington, March 27.—Guayagua is acquiring a bad reputation as a consular post. First came the pathetic death of Consul Nast. Then Mr. Sawyer went to the city and fled instantly because of the yellow fever epidemic, leaving a vacancy. The third vacancy now remains to be filled, for Dr. W. S. Bowen will not take the place, though he was nominated and confirmed by the senate as consul. It is said that some old naval court martial record has been revived to his detriment.

Schooner Sunk by Steamer
City Island, N. Y., March 27.—With a big hole in her port bow, steamer Silvia, from St. John and Halifax to New York, anchored here last night. On board the Silvia are Captain Hellen and his crew of the Rockland, Me., schooner O. M. Marrett, which was in collision with the steamer off Gay Head, Mass., late Wednesday night. The Marrett sank in five minutes after the accident and nothing from her was saved. She had a cargo of coal aboard.

Indictments in Trolley Disaster
Newark, N. J., March 27.—The grand jury last night returned a big batch of indictments in connection with the disaster in which nine schoolchildren lost their lives when a trolley car was run down by a train on Feb. 19. It is rumored that the grand jury found indictments against the president and most of the officials of the North Jersey Street Railway company and had not indicted the motorman and conductor of the car and the engineer of the train.

Lawyer Implicated in Bank Wreck
Huntington, Pa., March 27.—Samuel I. Spiker, a lawyer, was arrested here yesterday on complaint of Bank Examiner Mason on the charge of being jointly connected with Vice President White, who is charged with wrecking the National Bank of South Pennsylvania at Hyndman. The two are accused of making false entries in a report of the condition of the bank. Spiker was a director of the defunct bank and also its attorney.

Logs Running Freely
Dead River, Me., March 27.—Logs are running freely in the main river and a good drive had reached here last night. Nearly all streams of the Dead River are being worked, including the "Kibby," the north and south branches and the upper portion of the main river.

FEEDS ONE—STARVES OTHER

Feeds the body—starves the microbes! That is what Scott's Emulsion does in consumption.

We can't expect to understand all about these germs and microbes the doctors talk of. They say that one kind causes consumption. Consumption microbes feed on weak lungs. Perhaps that's so.

At any rate we know that Scott's Emulsion has a peculiar action on the lungs which gives the lungs new life and vigor. Healthy lungs starve the microbes out.

Life for the lungs and flesh for the body, that is what the consumptive has a right to expect from Scott's Emulsion. An ideal food and tonic for any form of wasting disease.

BURDICK'S CHARACTER

Lifted From Mire In Which It Had Been Dragged

MADE GREAT SACRIFICES

In the Hope of Bringing Happiness to His Home—Inquest Developed Nothing to Show Who Committed the Mysterious Murder

Buffalo, March 27.—The inquest into the death of Edwin L. Burdick, who was murdered just a month ago, ended yesterday afternoon. At the close of the inquest Judge Murphy announced that an official inquiry into the tragic death of Arthur R. Pennell, who has figured so prominently in the Burdick inquest, will be begun next Monday.

The Burdick inquest has served to develop several theories relative to the crime that had been suggested many days ago, but it would be hardly correct to say that the investigation has added anything more than an appearance of reasonability to any of these theories. Aside from the failure of the authorities to secure evidence bearing directly upon the commission of the crime or to establish the identity of the murderer, there is a feeling of satisfaction that the name of Mr. Burdick has been lifted from the mire in which it was first dragged and his character shown in its true light. The evidence brought out under the skillful examination of witnesses by District Attorney Coatsworth has shown Burdick to have been a loving father, always willing to sacrifice his own happiness and pride for the sake of his children; that he was the victim of false friendship, broken pledges and, in the face of it all, a forgiving, indulgent husband.

The efforts of the authorities to fix the crime upon some one, of course, will not end with the inquest. At the same time there is now little hope of fastening the crime upon any one, and the murderer probably will go down in criminal history as one of the great unsolved mysteries.

Judge Murphy stated after court adjourned that his judgment in the case will not be handed down until next week. It is possible that he may issue warrants for the arrest of "John Doe" and "Jane Doe." If Judge Murphy sees fit to take such action the district attorney will be obliged to submit the whole case to the grand jury.

Three new witnesses appeared on the stand yesterday. They were Rev. L. M. Powers, pastor of the Church of the Messiah, where the Burdick family and Mrs. Hull were regular attendants, and Detectives Cornish and Coughlin, who were the first police officials to arrive at the Burdick home when the crime was discovered.

Mrs. Hull, Carol Burdick and Maggie Murray, the Burdick cook, were recalled to straighten out, if possible, conflicting testimony given by them while on the witness stand.

The report of City Chemist Hill was read by the district attorney. It stated that no poison was found in the cocktail bottle or in the stomach of the dead man. Mr. Hill's report also showed that there were no bloodstains on the golf stick taken from the Burdick home after the murder under the supposition that it might possibly have been the weapon with which the murderer beat out Burdick's brains.

Mr. Powers said that before the tragedy he talked confidentially with both Mrs. Hull and Mr. Burdick about the trouble in the family. Burdick told him that Pennell threatened suicide if divorce proceedings were not withdrawn and that Pennell succeeded in impressing the sincerity of his threat upon Mrs. Burdick. Mrs. Burdick induced her husband to go to Pennell, the minister said, and informed him that if he would get out of town everything would be forgiven and forgotten. Pennell agreed to do so. As shown by the evidence previously submitted, Pennell failed to keep his word and, after securing possession of the tell-tale letters Burdick again began proceedings for divorce and cut Mrs. Burdick adrift the second time. During all the trouble Burdick entertained a most kindly feeling toward Mrs. Hull and offered to send her to California or Florida for her health. She was always to have a home with Mr. Burdick. While the minister would not swear to it, he said he was under the impression that Pennell told Burdick if the divorce suit was not discontinued "something would happen."

Mrs. Hull reiterated the evidence previously given and the district attorney failed to shake the story in any way. It disagrees somewhat from the evidence given by Maggie Murray regarding the events that occurred in the Burdick home on the morning following the murder. The Murray girl also reiterated the evidence formerly given by her.

During the examination of the detectives the bloody undergarments worn by Burdick when he was murdered were placed in evidence.

New Death-Dealing Weapon
Cleveland, March 27.—A test of the machine firing gun, the invention of S. N. McClean of this city, was made in the presence of General Miles and General Wheeler in this city yesterday. The firing was done from the top of a tall building into Lake Erie. The gun shoots 25 times with one pull of the trigger. Gas generated by the first explosion sets a plate automatically in motion. The gun can also be used as a machine gun.

AYER'S SARSAPARILLA

"Take Ayer's Sarsaparilla." We say it, and the doctors say it, too. Ask your own doctor about it. He probably has the formula. He can tell you just how it lifts up the depressed, gives courage to the despondent, brings rest to the overworked.

If your liver is sluggish, bowels constipated, tongue coated, better take one of Ayer's Pills at bedtime. These pills greatly aid the Sarsaparilla, and cure all liver troubles. Two grand family medicines.

QUINCY DAILY LEDGER.

Vol. 15. No. 74.

QUINCY, MASS., SATURDAY, MARCH 28, 1903.

PRICE TWO CENTS.

Model Building for Young Men's Christian Association.

PROPOSED FOR CITY OF SOMERVILLE.

The accompanying cuts, kindly loaned by the Somerville Journal, illustrate a beautiful Y. M. C. A. building to be erected by the Somerville Association, and should stimulate the Quincy Y. M. C. A. to renewed efforts. This building, it is estimated, will cost \$45,000.

It is according to plans by Brainard,

Leeds and Russell, architects, and will be four and one-half stories high, facing on Highland avenue, with a story and a half annex in the rear for a gymnasium. Its general appearance is shown in accompanying perspective.

The basement and first floor will be of gray brick, the upper stories of red brick, trimmings throughout of gray

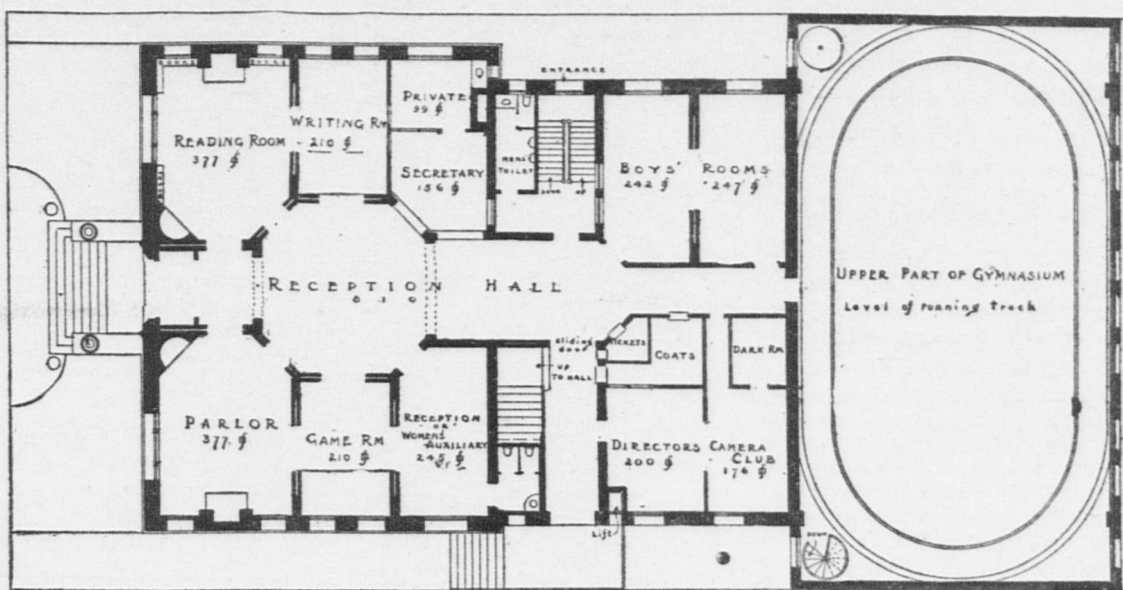

terra cotta. The main portions of the building will be finished in quartered oak, the dormitories, gymnasium and basement with North Carolina pine, stained before varnishing. The floors of the first story will be of oak, and in the remainder of the building, of narrow matched maple.

Besides the necessary offices, recep-

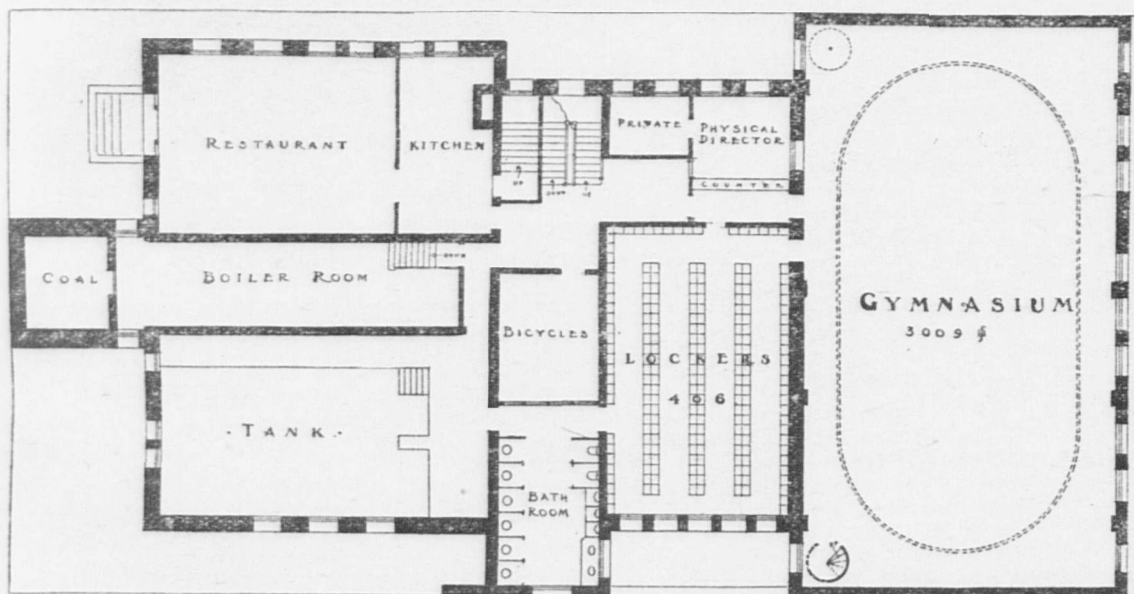

tion rooms, etc., which are on the first floor, the plans as will easily be seen on examination, provide for a large gymnasium, a hall with a seating capacity, including the balconies, of about 700, a smaller hall adjoining with a capacity of about 200, and the necessary kitchen arrangements and twenty-five or more dormitories.

The large hall will be on the second floor and extend through the third. The dormitories, which will be one of the most important revenue features of the institution, will occupy part of the third story, and the whole of the fourth story. In the basement will be the swimming tank, restaurant, bath room, lockers, etc., and in the cellar the

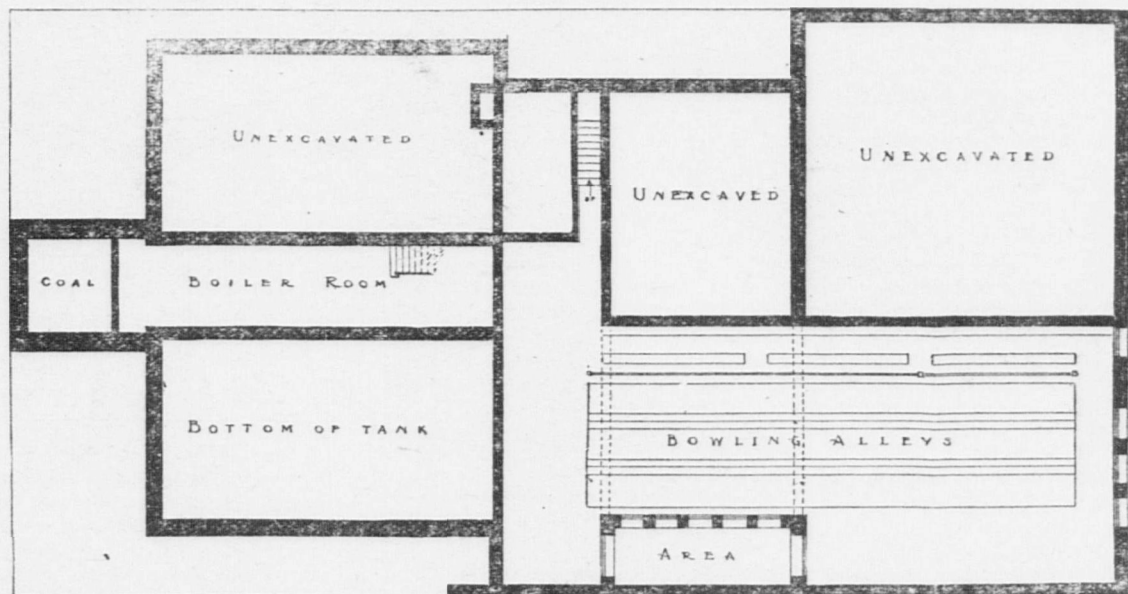

bowling alleys will be located. A less expensive building would be appreciated in Quincy. Perhaps, one without the large hall and dormitories. The large gymnasium could be used for a hall occasionally. The young men of Quincy should have a good building, as such an association will do good work.

Also House Lots for sale in all parts of the city.

JULIUS JOHNSON, Builder,
Tel. 69-2. 64 Centre Street, Quincy, Mass.
Master Builders' Room from 10 to 11 o'clock.

The Social Realm.

Marry when the year is new,
Always loving, kind and true;
When February birds do mate
You may wed, nor dread your fate;
If you wed when March winds blow,
Joy and sorrow both you'll know;
Marry in April when you can,
Joy for maiden and for man;
Marry in the month of May,
You will surely rue the day;
Marry when June roses blow,
Over land and sea you'll go;
Those who in July do wed
Must labor always for their bread;
Whoever wed in August be,
Many a change are sure to see;
Marry in September's shine,
Your living will be rich and fine;
If in October you do marry,
Love will come, but riches tarry;
If you wed in bleak November
Only Joy will come, remember;
When December's snows fall fast,
Marry, and true love will last.

Dr. and Mrs. Charles A. Dorr of Hingham observed their silver wedding anniversary Monday evening.

A social club connected with First church, and a new social club for the city with a club house, should add much to the social life of Quincy next winter.

Mrs. J. E. Brown of Bromfield street has for a guest, Mrs. Marr of Bath, Me.

Mr. and Mrs. Timothy J. Sullivan (Annie Louise Curran of Weymouth) who were married in March, are at home to friends after April first at 64 Main street.

On their return from Jamaica Mr. and Mrs. R. D. Gordon will be at home to friends at the Hemenway Chambers, Boston.

Mr. and Mrs. Daniel W. Baxter who have been in Washington, D. C., since January, returned this week to their home on Phipps street.

Mr. and Mrs. Ezekiel C. Sargent of Newcomb place are again receiving congratulations a daughter being born to them on Wednesday, March twenty-fifth; a playmate for their little son.

Mrs. Benjamin S. Lovell and daughter Miss Helen Lovell, have returned to their home in Weymouth for the summer.

Wellesley College closed Friday for a recess of two weeks.

Dr. and Mrs. C. D. Darling of Roxbury were the guests of Dr. and Mrs. Adams of Wollaston this week.

An appreciative and large audience enjoyed the varied program given by Dr. William Everett last evening. There were selections from Praed, Southey, Goldsmith, Tennyson, Poe, Byron, Scott, Bret, Hart, Browning and Milton and it would be difficult to say which gained the most applause. This kindness of the gifted "school-master" as he dubbed himself, is gratefully received by all the friends of our Hospital.

Dr. and Mrs. George B. Rice of Brookline have returned from Sumnerville, South Carolina, and Mrs. Rice assisted her daughter Mrs. Edith Noyes Porter at the concert given on Wednesday evening in Boston for the Home for Incurable Children.

In the death of Mrs. John Q. A. Field another is missed from a circle of friends who have been much to each other for years. Among those called home and still mourned are Mr. and Mrs. Rufus Foster, Mr. Samuel Crane, Mr. E. W. H. Bass and more recently Mr. Wilson Tisdale. These broken links serve to bind more closely in friendship those who are left to mourn and Mr. Field and his family have many friends who feel for them in their sorrow.

Mr. and Mrs. William P. Bailey of Needham are receiving congratulations, a daughter being born to them on Monday March 23. The little one has been named Frances. Mrs. Bailey was Miss Sweetser and well known before her marriage to the young people of the city. Grandpa Sweetser is smiling broadly as he receives the congratulations of his friends.

Miss May Smith and brother of Bromfield street, have gone to Philadelphia for a short time.

The annual banquet of the Wollaston Unity club will be held on Friday night, May eight, closing the club's meetings for this season.

Mr. and Mrs. W. G. Chubbuck are at home to their friends after April first at 1365 Hancock street. Mrs. Chubbuck was Miss Ida Kirby of Braintree, the marriage taking place on Washington's birthday.

Mrs. Nelson V. Titus, Miss Harriet B. Pierce, Mrs. E. G. Pratt and Mrs. Alice M. Granger of Adams Chapter, are delegates to annual meeting of the Daughters of the Revolution, which is to be held in New York City in May.

Miss Edith Randall who came home Saturday for Sunday school and the Junior Friday club meeting returned to Allston for a few days more visit with her friends who had planned a dinner and theatre party in her honor. She completed her visit in Allston on Friday and tonight is to be one of the matrons at the dance for the young people of First church Sunday school at Colonial hall.

Mr. and Mrs. George Andrew Tisdale have been spending a few days at the home of Mr. and Mrs. George W. Prescott. Mr. and Mrs. Tisdale have made their home in Newton since leaving Milton but the first of June go to Providence, R. I., where Mr. Tisdale has been called by business.

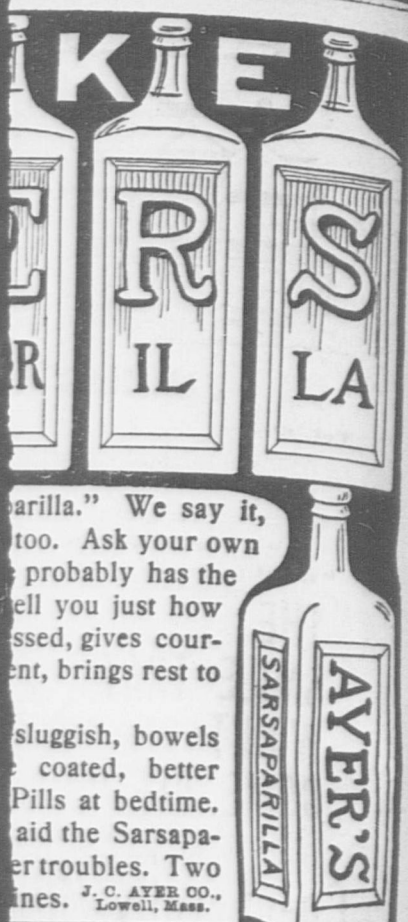

The Smart Set whist club met with Miss Evelyn Bassett of Walker street Monday evening. Prizes were taken by Miss Ruth Bassett and Miss May Melzard; Miss Evelyn Bassett and Miss Gertrude Warren; Miss Florence Gray, consolation prize. The favors were colored hearts. Ice and cake were served at the close of the game.

Mr. and Mrs. J. J. McAnaney entertained at whist Thursday evening.

At Hyde Park, March 19, at the home the bride's mother, Miss Alice C. Balkam and Mr. Robert T. Hathaway, both of Hyde Park, were married by Rev. Dr. Henry N. Hoyt.

Among those entertained by Mrs. C. F. Adams of Brook street, Wollaston, this week, were Mrs. J. D. Smith, wife of ex-Gov. Smith of New Hampshire, and Mrs. Barrows, wife of Rev. F. W. Barrows of Braintree.

(Continued on page 5.)

AYER'S
SARSAPARILLA

"We say it, too. Ask your own doctor, he probably has the best you just how it is, and gives court-est, brings rest to sluggish, bowels coated, better Pills at bedtime. Said the Sarsaparilla troubles. Two lines. J. C. AYER CO., Lowell, Mass."

Dr. Emmons'
Regulator has brought happiness to
hundreds of anxious women. There is positive
evidence known to medical science
will so quickly and safely do the work
of the most obstinate irregularities from
which relieved immediately. Success guar-
anteed at any stage. No pain, danger, or inter-
ference with work. Have relieved hundreds
of women who have failed. The most diffi-
cult cases successfully treated by mail, and be-
cause guaranteed in every instance. No
charge. We treat hundreds of ladies
who never see. Write for further particu-
lars. All letters truthfully answered. Re-
sults guaranteed. This remedy is absolutely safe,
under possible condition and positively leaves
no ill effect upon the health. Send by mail,
fully sealed, \$2.00. Money letters should be
sent. DR. J. W. EMMONS CO., 120 The
St., Boston, Mass.

IN GUISE OF LABORERS

Detectives Make a Sensational Descent on Poolroom

CHOPPED HOLE IN A FLOOR

And Dropped Among Gamblers Who Obtained Admission to Joint Only Through Acquaintance With an Elaborate System of Signals

New York, March 28.—In effecting an entrance into an alleged pool room in the basement of a six-story business building on West Third street yesterday two detectives were forced to chop a hole through the floor in the rear room of a saloon and drop into the room below, where other detectives were holding the alleged proprietors and inmates at bay with their revolvers. The alleged proprietor, William Daly, and a dozen others were arrested.

According to the story told by the police, the place was very cunningly fortified and guarded. An elaborate system of signals and to be given by several sentries, it is alleged, before a would-be better could gain entrance to the room. Pocket telephones, electric buttons, "buzzers," secret slides and a "maze" figure in the story. When the visitor finally satisfied the sentries that he was all right, it is said, he was passed along to a room, the door of which was immediately bolted. It is said that there were five of these rooms leading directly into the alleged pool room and that in some of the enclosures there were three or four doors built to baffle an invading party.

Detective Sergeant Kerr and Fogarty discussed themselves as truck drivers and, it is alleged, frequently visited the place, where they claim to have placed bets on the races at Bennington. They were there yesterday when Detective Sergeant Vally and Collins dropped through the ceiling. Vally and Collins, dressed as laborers, entered the cafe, which is an elaborately decorated one. Vally had a crowbar and a sledge hammer and Collins was equipped with two axes and a sledge hammer. Each carried a "jimmy." They went at once to the rear room. They promptly arrested the outer sentries and while one detective watched the prisoners the other battered down a door.

As soon as the blows were heard in the inner room Kerr and Fogarty drew their revolvers and, backing to a corner, covered the crowd.

Meanwhile Vally, after battering down one door, came to a second. This, though built of oak, soon gave way, and the detectives found themselves in a room which had three doors. Cutting through one of these doors, the detectives and their prisoners entered another room, which also had three doors. They were in the "maze."

It was then that the detectives decided to go up stairs to the rear room of the saloon, where Vally cut through the floor. Several policemen, who had been attracted to the place by this time, watched the prisoners while Vally and Collins and a uniformed policeman dropped through the hole into the alleged pool room.

Those arrested besides the alleged proprietor were his alleged manager and employees. The others found in the place were not arrested.

Fruit Men Bury the Hatchet
Los Angeles, Cal., March 28.—The Fruit World announces the impending amalgamation of a majority of the fruit growers and shippers in Southern California into a co-operative combination involving capital amounting to more than \$1,000,000. By this amalgamation the bitter warfare which has existed between the growers and the independent shippers will end and past losses resulting from ruinous competition will be converted into profits.

Secret of Croker's Success
Worcester, Mass., March 28.—District Attorney Jerome of New York spoke here last night at a banquet of the Amherst Alumni association of central Massachusetts, devoting much of his address to New York politics. He said the secret of Richard Croker's success as ruler of Tammany was his sand and to say what he wanted. What reformers need is some of the same kind of sand.

Columbia Leads in Gymnastics
New York, March 28.—Columbia university won the team gymnastic championship of the Inter-Collegiate Association of Amateur Gymnasts of America at the annual meeting held here yesterday. Columbia scored 25 points, Yale was second with 12 points, and New York university third, with 6 points. L. DeSosa, Yale, won the all-around individual championship.

Uruguayan Revolution Eased
Montevideo, March 28.—An assembly of the chiefs of the revolution, which ended yesterday, ratified and acclaimed the peace convention which was signed with the government last Monday. The revolution broke out on March 16.

Quarantine Against Trinidad
Kingston, Ja., March 28.—A quarantine is being enforced here against arrivals from the island of Trinidad, the Jamaican government accepting the view that the disease prevailing in Trinidad is smallpox.

Anti-Chinese Legislation
Ottawa, March 28.—A bill increasing the head tax on Chinese entering Canada from \$100 to \$500 was introduced in the house by Premier Laurier yesterday and read for the first time.

THE COLONIAL PROBLEM

Will Be the Subject of Investigation by General Wood

Boston, March 28.—General Wood, who sailed from here for Naples on the steamer Commonwealth today enroute for the Philippines, will, by direction of President Roosevelt, make an investigation into the colonial problem in the Straits Settlements of the Dutch East Indies and the English system in India and Egypt. These investigations will take some time and he has arranged to stay a month in Egypt and some time in India. In an interview last night General Wood said:

"I shall go from Naples to Constantinople, and from there to India. After investigating matters there and looking over the army, I shall go to the Straits Settlements. I shall look over the army there and investigate the colonial problem. From there I go to spend a month in Egypt, where the program is the same as in the Straits Settlements. From there I go to Hong Kong, and from there to my command in the Philippines. My duties there are purely military."

General Wood arrived here yesterday afternoon from Cape Cod, where he had been visiting his mother to take leave of her before starting on his long journey. In the afternoon he made a few calls and did some shopping, and last evening he was the guest of the Tavern club. With General Wood to his new command go Lieutenants Scott and McCoy, his personal aids.

Hale and Hearty at 105
Lancaster, Mass., March 28.—Mrs. Jennie Buisseau, aged 105, has left the home of her youngest daughter, Mrs. Joseph Bachant, where she has been living 22 years, to go to Norwood, R. I., for a brief visit. Next week she will go to other relatives in Ontario to pass the remainder of her days. Mrs. Buisseau can see without spectacles, has knitted stockings and has baked bread during the winter. Her mind is clear and she is quite active. Eight of her 14 children have died of old age. She has more than 100 descendants.

Governor Signs License Bill
Concord, N. H., March 28.—The license bill was signed by Governor Bacheelder yesterday, and later he, with the advice and consent of the executive council, appointed the following-named board of state license commissioners: Cyrus H. Little of Manchester, for the six-year term and to be chairman; Harry W. Keyes of Haverhill, for four years and to be clerk and treasurer; John Kivel of Dover, for two years. Little and Keyes are Republicans and Kivel a Democrat.

Amesbury Cider Sampled
Amesbury, Mass., March 28.—Chief of Police Dorn yesterday visited all of the cider selling places in the town and obtained a sample of cider, which he sent to the state assayer, and informed the dealers that if the cider contained over 3 percent alcohol they must cease the traffic. This action is based on a recent decision of the Massachusetts supreme court that cider containing over 3 percent alcohol could not be sold legally in a no-license town.

Milk Producers Made Happy
Boston, March 28.—A satisfactory agreement was finally reached yesterday between the milk contractors and the directors of the New England Milk Producers' union, and the price of milk for the next six months will be 35½ cents a can in this city and 28½ cents delivered on the cars. This means an increase of over \$100,000 to the 5000 milk producers in New England, who sell 35,000 cans of milk a day to Boston contractors.

No Trace of Relatives
Boston, March 28.—The police have as yet been unable to find any relatives of Mrs. Lucetta Blau of Battle Creek, Mich., who was asphyxiated by illuminating gas in her room in South Boston. From a letter in her possession it is judged the woman was a Christian Scientist. She was a pupil of the South Boston Art school, and it is thought her death was due to a mistake in shutting but one of the two gas cocks in the room.

Town Treasurer on Strike
Wakefield, Mass., March 28.—Owing to the refusal of the town to increase his salary from \$400 to \$800, Thomas J. Skinner, who has held the office of town treasurer for 20 years, has resigned, and a citizens' petition has been filed with the selectmen requesting a special election to fill the vacancy. Skinner's request for an increase was approved by the selectmen, but was twice voted down at subsequent town meetings.

Case of Mistaken Identity
Lowell, Mass., March 28.—A 12-year-old boy was crushed to death by an elevator in a store in this city yesterday and shortly after the accident was identified as Jeremiah Reardon. During the evening a number of persons flowed the body and among them was Jeremiah Reardon himself. Late last night the body was recognized as that of Willie Little.

Incendiary Fires at Haverhill
Haverhill, Mass., March 28.—Three fires last night, two of which were apparently of incendiary origin, have aroused considerable excitement in this city, especially as four other fires which have occurred here recently were also ascribed to incendiaries. The loss from the fires last night was comparatively slight.

"Spite House" Removed
Scituate, Mass., March 28.—Hans Abrams, who, because of the refusal of Thomas W. Lawson to purchase his 17,500 feet of land at \$1 a foot, erected a conspicuous shed directly opposite Lawson's summer residence, removed the building yesterday.

"PICKING" EASTER EGGS

"SEE the shop windows full of all sorts of pretty things that betoken the approach of Easter," said Mr. Snoggleton, "but none of the displays attracts me so much as that in a Main street window which is largely devoted to dyed eggs and dyes for coloring Easter eggs. It takes me back to boyhood as nothing else could do. They tell me that here in the north the children don't have very much fun with Easter eggs, but in the south, where I was raised, we used to have great sport from Good Friday to Easter Monday, and the old customs still survive to a large extent. 'Picking' eggs was the popular sport with the boys. It was not altogether as harmless a form of gambling as fond parents usually imagined."

"The process is simple. The contestants must first be provided with the requisite number of hard boiled eggs

THE BATTLE OF THE EGGS.

usually dyed in gay colors. Sometimes we used to be able to buy real dyes and boil the eggs in them, but the popular method in the little town where I was raised was to get all the scraps of gay colored calico that could be obtained, wrap each egg carefully in the calico and boil it. This would result in transferring the pattern of the calico to the egg, and the gaudier the colors the better we liked them. The brilliantly colored prints which are made for the negro trade in the south are seldom seen in the north, but they were just the things we wanted."

"In 'picking' eggs the challenger attempts to break the shell of the other contestant's eggs with his own egg. The eggs are held tightly in the closed hands, only the points protruding, and one boy strikes with the point of his egg the point of the other, the blows being only just hard enough to crack the shell of one of the eggs. The one whose egg is broken forfeits the egg to the owner of the stronger egg. I have known boys to accumulate many dozen eggs in this way in the course of the Easter holidays, although if there is no cheating the best egg is sure to be broken sooner or later."

"But the boys in my town used to be up to all sorts of tricks. Of course all eggshells are not alike. Some have much more lime in them than others, and the eggs of the guinea hen, or 'guinea keat,' as the fowl is always called in the south, are ever so much harder than ordinary hens' eggs. So guinea keat eggs were barred in egg picking, and every egg offered for picking was carefully inspected by the other boy before the challenge was accepted to make sure that it was not a keat egg. It is easy enough to tell the difference ordinarily, the keat egg being smaller and of a more pointed shape."—Buffalo Express.

Symbol of the Easter Egg.
When the nations of the west, or Europe, were converted to Christianity, the sentiment of the egg was universally accepted as a suggestive symbol of their faith in the risen Saviour, and it has ever since remained the most favored figure of the Easter festivities all over the continent. The children, who rule the heart and home of mankind, are doubtless responsible for the keeping alive of this old custom, for they love and demand the visit of the rabbit, with his nest of beautiful eggs, on the glad Easter morn, just as they love and long for the coming of dear Santa on Christmas eve.—Pittsburg Dispatch.

Omen of the Paschal Lamb.
To see a lamb out of a window on Easter morning is a good omen, according to the belief of many pastoral people, especially if the lamb be headed in the direction of the house. To meet a lamb is lucky, as, according to the old notion, the devil can never assume the form of either a lamb or a dove.

The Easter Kiss.
It is the Russian usage that no lady, however lofty of birth, may refuse to kiss the humblest petitioner if the request is preceded by a proffer of an Easter egg. This is commonly compromised, however, by the payment of a small coin on the lady's part.

TOYED WITH ELECTRICITY.

Professor Bailey Said to Have Stood a Charge of 500,000 Volts.

A special dispatch to the Baltimore Sun from Ann Arbor, Mich., says: "Professor Benjamin F. Bailey in a demonstration before his class let a 500,000 volt alternating current of electricity pass through his body. The current that kills at Sing Sing prison is 1,500 volts. Professor Bailey has robbed electricity of its deadly effects by creating a current which alternates at the rate of 435,000 times a second."

"His startling experiments were performed with a current from the laboratory generators of about 133,000 alternations a second. This current was run through two 'step up' generators, which increased the rate of alternation."

"Two students were called from the class to the front of the room. An ordinary electric light, suspended on a two foot length of wire bare of insulation, was handed to them. Each grasped an end of the naked wire in his bare hand, and the pair stood swinging the light between them like a boy and girl holding a pail. Their other hands were connected with the 500,000 volt current. Professor Bailey turned the current on, and the swinging lamp suddenly glowed and then lighted the darkened room."

"Professor Bailey himself took hold of the bare wires, which were purposely separated so that no current could possibly pass except through his body. If one of the 'step up' transformers had failed to work at that moment, he would have grasped his own death warrant. The spectators held their breath, but both transformers were working. Calmly Professor Bailey described his sensations."

"There is no sensation except a slight feeling of warmth in my wrists, due probably to the fact that the great amount of bone at that point crowds the current some as it rushes through the flesh," he said. "If I should keep only a loose grasp on those wires, I should feel a light pricking sensation in my hands."

"There is a theory that because of its extremely rapid alternations the current has no time for deadly effect. No one professes to understand the phenomenon fully, however. Though the current is harmless, it possesses the possibility of great practical use."

"In a darkened room Professor Bailey placed the ends of the wire in communication with two zinc plates, which were set up facing each other about three feet apart. A gray, milky looking haze was seen between the plates."

BIG PAGEANT IN CHINA.

Thousands to Accompany Court in Visit to Tombs.

The Chinese court is preparing for the largest pageant in fifteen years when it starts for the visit to the western tombs on April 5, says a special cable dispatch from Peking to the Chicago Inter Ocean. There will be 9,000 persons in the party, exclusive of the troops who will guard the eighty miles of railway. Yuan Shih Kai, viceroy of the province of Chihli, is supervising the arrangements. He is also making preparations to entertain the court for two weeks or a month at Pootungfu and has built a palace there for the reception of the royal guests.

The people bitterly condemn the taxes that are levied on them for such purposes as this. Notwithstanding the announcement by the throne that the construction of a railway to connect the tombs with the Luhan line was for the purpose of reducing the cost of these pilgrimages, the expenditures have been multiplied. The best officials complain bitterly of the excessive corruption, saying it is impossible to escape blackmail in one form or another. It is believed the Chinese government has never reached a lower state in this respect.

It is the opinion of the best posted foreigners that the Chinese officials are incapable; that they do not intend to turn foreign relief in the matter of the indemnity or of any other advantage toward the recuperation and safeguarding of the state, and that the sympathy and help extended to China on this assumption is a mistake.

Novel Fishing Experiment.
Some enthusiastic Dundee anglers are about to convert a morass near the town into an artificial loch, thirty-five acres in extent, so as to have Loch Leven trout near at home.

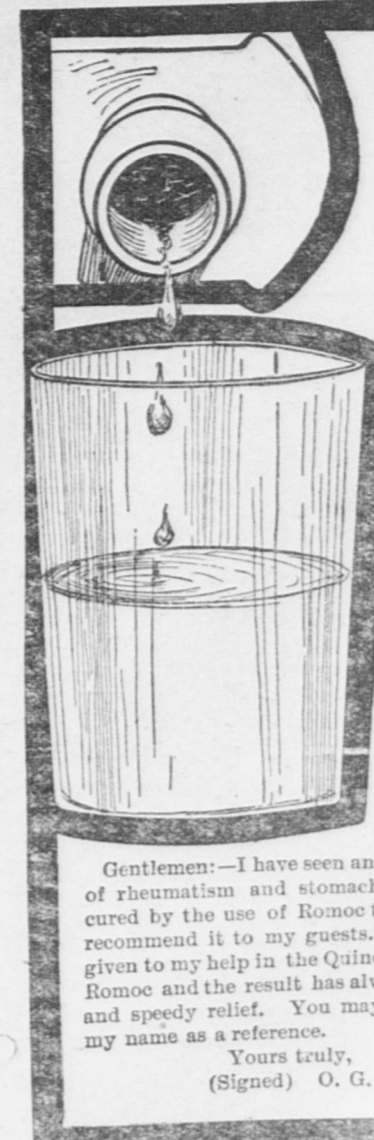

The Baseball Season.
Signs are daily multiplying that the time is near at hand when the swatting of the horsehide will be heard throughout the land. There remains no cause for doubting. For 'tis published far and wide that the magnates got together and the schedule is ratified.

All the heroes of the diamond have their names to contracts signed; Nerve unpires have been chosen and their duties well defined. All the clubs have picked out mascots and when comes the time for playing they'll be potent on the field.

Amateurs are hard at practice with the bat and with the ball in the hope that from the magnates they will some day get a call. Cunning urchins are locating largest knotholes in the fence, so that they can watch proceedings and be free from all expense.

Ever stronger grows excitement 'mong the rooters, cranks and fans as they note each point develop in the baseball magnates' plans. And they're fondly looking forward to the time, now near at hand, when they'll to the games be going and there yell to beat the band.

Soon all ordinary topics that have been so long discussed will be dropped as merest trifles. For far to the rear be thrust. For in office, shop and dwelling and where thousands howl and scream other things they'll be forgetting and have baseball as their theme. —Theodore H. Boice in Pittsburg Chronicle-Telegraph.

HOW TO TAKE ROMOC

THE MEDICINE NATURE MAKES.
TWENTY DROPS OF ROMOC IN A LITTLE WATER TWO OR THREE TIMES DAILY WILL CURE ANY CASE OF RHEUMATISM, INDIGESTION, STOMACH OR BLOOD TROUBLE. ROMOC IS THEREFORE AN INEXPENSIVE MEDICINE.

The Quincy House, O. G. Barron, Prop., Boston, Mass.

Gentlemen—I have seen and known of so many cases of rheumatism and stomach trouble that have been cured by the use of Romoc that I do not hesitate to recommend it to my guests. I have also bought and given to my help in the Quincy House many bottles of Romoc and the result has always been the same—sure and speedy relief. You may always use my name as a reference.

Yours truly, (Signed) O. G. BARRON.

I'M THE ROMOC MAN

"Romoc guaranteed, if not cured, money refunded."

ANXIOUS TIMES AT LOWELL

Attempt to Run Mills After Strike Is Declared May Result in More Disorder Than the City Has Ever Known—Police on the Alert

Lowell, Mass., March 28.—Acting under the law the state board of arbitration and conciliation yesterday formally requested the mill agents and the Textile council of this city to submit the question of a wage increase to arbitration as a means of averting a general strike next Monday. Very slight hope is entertained by the citizens of Lowell that the state board's request will be granted.

The Textile council was in session last night for nearly five hours and during that time the debate over the state board's request was very lively. The upshot was the adoption of the following motion: "That we accept the communication as read, and that our secretary inform the secretary of the board of arbitration that it is practically impossible for our local unions to act on the matter before Monday." President Conroy said that this action did not alter conditions and that the strike order would go into effect Monday morning. The impression is held by labor men that the agents will reply that there is nothing to arbitrate in the present situation. Anxiety is everywhere felt, for a strike, provided the mill agents attempt to run the mills, is expected to bring more trouble than the city has seen in all her industrial history of more than four score years. In view of the formal strike declaration grocers and provision dealers began posting notices yesterday that business hereafter must be done on a cash basis; boarding house keepers intimated that boarders must pay in advance, and proprietors of mercantile establishments spoke of reducing the number of clerks in their employ. Significant of what the future might produce the police officers were notified at roll call yesterday that they must arrange for quick information and a speedy response to a police signal.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

MISSING BOND BROKER

Said to Have Secured \$272,000 on Loans

TWO RECEIVERS APPOINTED

To Look After Affairs of Skinner & Co.—Late Discoveries Show That Bogus Bonds Were Pledged With Little Chance For Discovery

Boston, March 28.—George A. Gray, attorney for M. F. Skinner & Co., gave out a statement late yesterday afternoon regarding the missing bond broker's affairs. This statement was very brief, but showed in a way the extent to which Skinner operated. Mr. Gray said that the sum of \$272,000 was loaned to Skinner by between 20 or 30 different banks. Of this sum \$252,000 was loaned on good security. This does not mean, however, that there is a loss of \$20,000, because, as is customary, banks reserve a margin on their loans. Mr. Gray further stated that he had made no estimate of Skinner's private indebtedness. There are several large bills, but they are scattered.

In the superior court yesterday afternoon, before Judge Harris, Fred Joy of Winchester was appointed co-receiver with Mr. Gray, the Winchester bank having acted for the other banks interested.

It is learned that still another out-of-town savings bank is interested in Skinner's bonds, although to what extent is not known. This institution is far removed from Boston and in his negotiations Skinner's methods were very clever. He knew better than to sell outright any bogus bonds. Such a proceeding would lead to almost immediate detection, but on loans the bogus bonds were pledged with little chance for discovery.

In the case of this up-state institution Skinner negotiated a loan with the savings bank through a Boston banking house. The securities he offered were "gilt edge" and the Boston house had always known that Skinner dealt in high-class securities. The deal went through and the loan was placed. This closed up the transaction as far as the Boston house was concerned.

Later, however, Skinner told the savings bank that he desired to exchange some of his securities, and this was agreed to. Among the securities substituted were some of the bogus bonds, it is said. As genuine bonds had really been issued investigation proved to the satisfaction of the bank that the new securities were as good as the original. It is believed that this same scheme was successfully worked in other directions.

Skinner might have gone on indefinitely along these lines, paying the interest from his principal, until such time as he might be able to take up the bogus bonds and get them out of sight. One of his friends states that he believed Skinner expected to be able to take up the loans he had contracted with the bogus bonds as security and make good his obligations.

Looking Into Wright's Case

London, March 28.—At the instance of the lawyers for the prosecution in the case against Whitaker Wright, former director of the London and Globe Finance corporation, now under arrest in New York while awaiting extradition, a number of witnesses were privately examined at the Guildhall court yesterday, but no information regarding the testimony taken was given to the public.

Objection to New Railroad Tax

Grand Rapids, Mich., March 28.—Twelve Michigan railroad companies filed individual bills of complaint yesterday in the United States circuit court in their suits against Auditor General Powers to restrain him from collecting the ad valorem tax levied against them by the state of Michigan under the new taxation law. All the lines have paid their specific tax under the old law.

Taft Confined to Bed

Washington, March 28.—In reply to the inquiry of the secretary of war stating that the press had alleged that Governor Taft had dysentery a cablegram from Governor Taft contains the information that he is recovering from the attack. He needs rest and by the advice of his physician will remain in bed for a couple of weeks to secure it.

Capital Punishment For Robbery

Birmingham, Ala., March 28.—Will Dorsey, colored, was hanged here yesterday for highway robbery, it being the first instance in the state's history where the death penalty has been imposed for this crime. He entered the home of David McNamara three years ago and shot McNamara and robbed the place. McNamara recovered.

Business Covered Wide Range

Benton Harbor, Mich., March 28.—May Mickels, proprietor of the Michigan Investment syndicate, was arrested here yesterday by a United States deputy marshal. Mickels sold, by mail, securities, lands, whiskey, abstracts and whatever else he could dispose of.

Won't Go to Philippines

Washington, March 28.—Captain Robert Sewall of the quartermaster's department, son of the late Senator Sewall of New Jersey, has resigned his commission as an officer in the army. He was under orders to proceed to the Philippines. He entered the army in 1892.

GERMAN EMPRESS HURT

Fractured Bone in Her Arm by Fall From Her Horse

Berlin, March 28.—While the German empress was galloping through the Grunewald (a forest 3½ miles southwest of Charlottenburg) yesterday afternoon, her horse, startled by a doe that ran across the path, shied and threw her off. She broke the fall with her left arm and one of the bones snapped just above the wrist. The emperor and the numerous following of adjutants and aides-de-camp quickly gathered around her. The emperor was the first to lift her from the ground. The empress screamed with pain at the first shock, but after that she showed much fortitude.

General Loewenfeld rode to a hunting lodge and telephoned for Dr. Leuthold. He had some difficulty in locating Dr. Leuthold, but presently reached him at the army headquarters. Emperor William, in the meantime, had applied first aid to the injured limb and made a sling out of the empress' veil.

As the party walked towards the lodge a carriage sent by General Loewenfeld met them, but the empress refused to take it. Dr. Leuthold went full speed to Grunewald, arriving an hour and a half after the accident. He was followed by Major Iberg, the emperor's surgeon, and Dr. Zunker, the special physician of the empress. The fractured arm was dressed and bandaged at the hunting lodge and she was then driven in a carriage slowly back to Berlin. The empress sat in the carriage with her arm in a sling under her jacket, the emperor riding on horseback. His majesty's close attendance caused some wonder as the party passed through Berlin. It was an hour later before extra editions explained the reason. No bulletin has been issued by the doctors, who affirm that the injury is a case of simple fracture which will probably cause no inconvenience to the empress a fortnight hence. Dr. Zunker remained at the palace all night.

Dismissed From the Army

Washington, March 28.—The court martial sentence of dismissal in the cases of Lieutenant Denmore, Lieutenant Smith and Cadet Berry were yesterday approved by the president. Lieutenant Denmore was charged with failure to obey certain orders and with being intoxicated in a public place while in uniform. Lieutenant Smith was charged with unbecoming conduct in the non-payment of debts as well as because of certain official statements made by him. Cadet Berry was charged with making false statements to the commandant at West Point.

Dowager Empress Wakes Up

Peking, March 28.—The tone of the Official Gazette indicates that the Chinese government is giving increased attention to the rebellion in Kwang Si province. An order was issued last evening to General Moik, who was dispatched months ago under an injunction to crush the disturbances, to return to Peking and report immediately to the dowager empress, who desires to learn the exact situation, the reasons of the complications and the cause of his failure to carry out the orders given to him.

Alleged Cruelty to Girls

Trenton, March 28.—Troule has again broken out at the state home for girls, the management of which was the subject of a legislative investigation three years ago. Five girls who escaped from the institution make charges of cruel treatment. It is charged that the alleged cruelties consisted principally of locking the girls in boarded rooms, putting them on short diet and cropping their hair.

Heavy Swiss Emigration

Geneva, March 28.—The glowing accounts sent home by Swiss emigrants in Canada of the prospects in America is causing an emigration fever in Switzerland for Canada and the United States. Many wealthy families have sold their property in order to emigrate, with the result that a slump in the value of houses and land has taken place.

Positions Safe For the Present

Washington, March 28.—By direction of the president the women immigration inspectors employed in connection with the immigration service in New York will be continued in office until his return from his western trip. Whether they will continue in the service after the president's return is not now known.

San Miguel Reported Killed

Manila, March 28.—Two companies of Macabebes scouts signally defeated the main body of San Miguel's force yesterday. It is believed San Miguel was killed. Lieutenant Rees was seriously wounded. The scouts lost three men killed and had 11 men wounded.

Russians Capture Austrian Spies

Vienna, March 28.—In connection with the discovery of the opening of a Russian espionage bureau at Leshburg, Galicia, Dr. Oasolinski, a high official in the Austrian revenue department, and three Austrian officers have been arrested as spies.

Will Keep Visitors Away

Jerusalem, March 28.—Cholera has reappeared at Damascus. The German crown prince, Frederick William, and his brother, Prince Eitel, have abandoned their proposed visit to the Holy Land.

The Weather Forecast

Almanac, Sunday, March 29.
Sun rises—5:34; sets—6:06.
Moon sets—6:59 p. m.
High water—11:30 a. m.; midnight.
The atmospheric conditions have not changed materially. It will rain in New England, followed by fair and colder weather.

A CASE OF SUSPICION

(Copyright, 1903, by R. D. Marshall.)

At the age of twenty-one I was clerk in a dry goods merchant in a small town in Ohio and stood as high in the community as any other young man there. There was only one incident in the year past to regret. A young man named Albert White and I had been rivals for the affections of a girl named Ida Walters, and on several occasions had had hot words, but when I withdrew from the race we became friends again—at least, there was no enmity between us.

One night in midwinter when I had returned to the store to post up the books White rapped at the back door, and I let him in. He had seen my light through the shutters and called in a friendly spirit. The door sagged a little, and when White opened it there was resistance, and his nose got a bump. It was bleeding as he entered, but I got a handful of snow and assisted him to check the flow.

Before noon next day it was known all over town that Albert White was missing. Before night men were looking for him in every direction. A citizen had remembered seeing him at the store door, and of course, I was questioned. I told of his visit, but did not mention the trifling accident at the door. They asked no questions to bring it out. That night I was arrested on a warrant sworn out by his mother as the murderer of Albert White, and circumstantial evidence piled up against me at the examination. A week later satisfied everybody except my employer and Mrs. Walters swore that White had told them that he feared me, as I had threatened his life. Miss Ida swore to the same thing and added that she had always feared I would shoot him when we met at her house. They found blood on the store floor, and that meant that I had killed White as he sat by the stove.

"This young man, this red handed murderer," shouted the prosecutor, "had asked the girl in marriage and had been refused. Fired with jealousy and burning with a desire for revenge, he began planning this deed. We know that White feared him, and he would not have gone to the store unless he was lured there."

All of which was false—every word. The great question, of course, was what had become of the body. It was supposed that I had carried it to some hiding place. Around the town were as many as fifty old coal and iron shafts from fifteen to forty feet deep. Some were covered up and some open. All about us were huge snowdrifts, and the idea was that I had buried White under one of these or flung the body into an open shaft. More than 500 people searched for the body for a week or more, but no trace of it could be found. When I told about the nose-bleed, no one believed me. The saloon keeper could have set things right, but he maintained silence, afterward explaining that he feared White had been overcome by drink and perished in the storm. Those who came to the store to question me testified to all sorts of false things, of which this was typical: "The prisoner hesitated to admit that he had lately seen the missing man. He was nervous, and it was very evident that he knew more than he was willing to tell."

Three young men swore to having heard me threaten Albert White's life. What had become of Albert White? All the searching had failed to get trace of him. After I had been held to the higher court certain incidents occurred to me for the first time. I remembered that White carried a basket of groceries as he came into the store. I remembered that he said he must go straight home when he left. He lived a mile beyond the saloon where he had stopped, but he could shorten the distance by cutting across a field. I had never crossed this field, but felt sure there were three or four old shafts scattered about. I thought it all over as I lay on my cot in jail one night, and next day my employer was directing a search. At the bottom of a thirty foot shaft, which was not over 250 feet from Mrs. White's front door and the mouth of which was almost concealed by a snowdrift, they found Albert. This was the seventeenth day after my arrest. He had attempted a short cut going home. Blinded by the storm, he had fallen into the pit. The five or six feet of snow at the bottom had broken his fall. In his basket were a loaf of bread, two or three pounds of beef, some sugar and a dozen eggs. He had consumed everything and was a very hungry young man when finally discovered. He had figured that the saloon keeper would give notice of his leaving there at 10:45, because both had remarked the time. He reasoned that search would be made and that the old pits would speedily be examined.

I was at once restored to liberty, as a matter of course, but I want you to note a curious phase of human nature. Neither the prosecutor nor the town marshal took me by the hand and uttered a word of congratulation. Not one single witness who had testified against me evinced the slightest desire to rejoice. So far as I could judge at least one-half the population of the town felt a grudge against me for spoiling the case. This feeling also extended to White. After he had been murdered and a good case made out against me it was doggone mean to come to life and spoil it all! Strangest of all, the girl went back on him with the crowd and was shortly after married to a chap who had never taken the trouble to run after her.

Circumstantial evidence is good and just and legal evidence, I repeat, but it must be truthful evidence and without bias or the defendant may be terribly wronged.

M. QUAD.

FOR FRUIT TREES.

How to Make the Popular California Wash Spray.

The "California wash" for spraying fruit trees has undoubtedly made a great leap into the favor of eastern and southern horticultural authorities and promises to be much used this season.

Formulas for the California wash have varied considerably, and as it is possible that conflicting statements concerning its value may be due in part to these variations in composition the following description of the wash used by the Illinois experiment station will have its value. The mixture was made as follows: Fifteen pounds of slaked lime were slaked in a kettle over a fire. Fifteen pounds of sulphur were sifted or stirred in as the lime was slaking, these materials being boiled vigorously until the lime and sulphur were entirely dissolved, usually something over an hour, and fifteen pounds of salt were then put in, and the whole was boiled a quarter of an hour longer. Enough hot water was added to make fifty gallons, and the mixture was sprayed while warm through a nozzle with a large cap for a coarse spray. When the material first dried on the tree, it gave the bark a saffron yellow color, which changed in twenty-four hours to a dull green and then gradually faded to a greenish gray.

A PRETTY BASKET PLANT.

The Dainty Pink Oxalis—Easy to Grow and Flowers Profusely.

A very pretty basket plant which is almost hardy is Oxalis rosea floribunda, one of the best of the sorrels, with a profusion of flowers in bright pink, which it produces for some weeks in the early summer. This is a very easy plant to manage and can be grown without heat, for it is almost dormant during the winter, when it can be kept in any place just free from frost. It

OXALIS ROSEA FLORIBUNDA.

should not, however, be dried off entirely at any time, although it needs but little water during the colder part of the year, and it should be divided and repotted as soon as there are fresh signs of growth in the spring. Plenty of sunshine is desirable for it when it blooms, when it will require an ample supply of water, and after blooming the oxalis should stand in the open air for the autumn months. Any good ordinary compost of loam, leaf mold, soot and sand will suit it, adding a little old manure if the loam be poor.

Sweet Scented Shrubs.

Most of our readers are acquainted with that gem of our old fashioned gardens, the "sweet shrub." There is another species known to common flower lovers as Chinese spirea. It is a native of Japan and is most delightfully scented. Though the plant is perfectly hardy in the Atlantic portion of our country, it will send forth its blossoms under the first warm winter's sun only to have them killed by the next day's cruel frost.

The knowing ones, however, cut the twigs before the buds open and place them in water in a warm room, when they seem to open as contentedly as if on the bush in the open air. They fill the air with fragrance for a whole week after opening.

Setting Young Grapevines.

The best time for setting young grapevines is in April or May, says the Boston Cultivator. Those who propagate their own vines from cuttings should take them from new wood in the fall and either pack them in moist sand or moss to remain during the winter or heel them in as soon as cut, leaving one or two buds below the surface, from which roots will start, and two buds above the surface. They will be fit to transplant when those buds show signs of life. The young vines may be allowed small stakes to climb on the first two years, and the trellis need not be set until about the third year after the vines are cut.

Current Cuttings.

Currents are easy to propagate by cuttings. These are made five to eight inches long from wood of the current year's growth up to the time the ground freezes. They are tied in bundles and buried until spring in a dry place or where the water will not stand. As soon as the ground is in good condition plant in a well prepared bed, leaving about two buds above ground.

Training Rambler Roses.

Methods of pruning and training roses of the Ruby Queen and Rambler types are still unsettled, but it is well to avoid tying the canes stiffly against flat supports.

THE UNITY CLUB.

Protection of Human Life the Sub-
ject Last Evening.

"The protection of Human Life" was the subject of the Unity Club meeting Friday evening. Director J. A. Barbour introduced Dr. Curtis who spoke interestingly of "Bacteria and Inoculation."

Although bacteria are spoken of in medical writings as early as the seven-teenth century, it remained for Louis Pasteur during the latter years of the last century to develop a theory regarding them.

Modern science has shown that there are harmful and harmless bacteria. They grow with immense rapidity by two methods, by division and by spores. Their food is ready for assimilation therefore they do not have to prepare it and their power of growth is marvelous.

Bacteria do not appear in healthy tissue. Their presence in food products causes changes more or less harmful to take place.

In one teaspoonful of milk there are 500 million bacteria. Germ diseases are prevented by counter poisons such as antitoxin, similia similibus curantur. The body is thus enabled to resist the growth of harmful germs. Man should so live that his body will be vigorous enough to win the fight against bacteria.

"Food and drinks" was the subject of paper read by Mr. Charles E. Finch. Water is a source of impurity, and being the commonest drink, is often dangerous. Years ago when private wells were in vogue, epidemics were often traced to defective wells. Today we have immense metropolitan supplies with approved systems of filtering, thus ensuring a well nigh perfect water for public use.

Food is largely adulterated, though less so than formerly, owing to pure food laws and government inspection. Staples articles, sugar, meats flour and cereals are rarely adulterated. Milk must pass a certain fixed test before it can be sold.

We are living in a progressive age, which all possible precautions are taken to preserve and lengthen human life.

Mr. H. V. Follett, who had charge of the vaudeville, presented Mrs. Curtis who gave a clever country sketch assisted by a male quartet.

The club voted to hold the May meeting and banquet in the Wollaston Unitarian church and to increase the membership fee to fifty cents.

Broke the Record.

R. R. Freeman, president of the Wollaston Golf club, broke the amateur record of the Pinehurst course Thursday with a card of 73. This score is two strokes better than the new record made by F. C. Reynolds of Orange, N. J., recently, and it equals the professional record made by Vardon some years ago and which held until this year.

Arrested in Boston.

Boston papers report Carl E. Carlson of Quincy was arrested yesterday by Inspector Harry Pierce of headquarters, Boston, on a charge of conspiring to defraud, the amount involved being placed at \$2000. His friends rallied to his relief last night and went to the Tombs with bail commissioner Farley, who released Carlson on bail of \$3000.

COCHATO CLUB CONCERT.

MRS. HATTIE HOWARD ELLIS BURGESS.

In Cochato hall last evening a rare concert was given by Mrs. Hattie Howard Ellis Burgess, assisted by Miss Martha Ott Ellis, reader; Mr. W. F. Dodge, violinist; Mr. J. C. Balett, tenor soloist, and Mr. A. M. Raymond accompanist.

The concert was very well attended and each selection was very creditably rendered. Mrs. Burgess has not appeared before a Braintree audience for a long time, on account of her vocal lessons from great teachers occupying so much of her time, and then her electric car accident was a severe shaking up. She was greeted last evening with great applause, and rendered in a clear voice several selections in English and French. Mrs. Burgess has a good range of voice and excels on the high notes.

Mr. Bartlett and Mr. Raymond are so well known to the Braintree people we can only add that their parts in the concert were very pleasing.

Miss Ellis was daintily dressed and her readings, which were not the same old selections, were gems. Mr. Dodge, violinist, received unusual commendation for his excellent solos.

Mrs. Burgess was beautifully gowned in blue panne crepe de chene with black spangled trimmings. The ushers were Mr. F. E. Norris, Mr. E. A. Haskell, Mr. H. L. Patten and Mr. H. S. Burgess. Masters Herbert and Lewis Ellis of Wollaston passed programs while their father Mr. Stephen I. Ellis assisted here and there.

In the audience were friends from Brookline, Boston, Quincy, Weymouth, Melrose, Randolph and other nearby places.

League Standing.

The results of this week's games in the Norfolk County League does not change the relative position of either of the three clubs as far as total points are concerned. Granite City still leads with North Quincy second and Braintree third.

There are but two more games in the series, one between Braintree and Granite City next Thursday evening and one between Braintree and North Quincy April 9.

The following table shows the standing to date:

	Br.	Gr.	Pool.	Whist.	Ing.	Total.
Granite City	12	14	15	1-2	10	51-1-2
Braintree	7	15	14	10	46	
North Quincy	13	3	2	1-2	28	46-1-2

Odd Fellows Won.

Hodenasannee tribe of Red Men recently challenged John Hancock lodge of Odd Fellows to bowl a match of candle pins. Since the meet of last evening on the Chauncey street alleys in Boston they are probably sorry they did, as the Odd Fellows took everything.

The summary:

ODD FELLOWS.			
Tirrell,	80	82	76
Anderson,	80	82	73
Atkins,	85	91	82
Stevens,	78	76	81
Battison,	90	98	97
	413	409	407

RED MEN.			
Thomas,	82	80	85
Maramon,	78	65	80
Jordan,	61	76	80
Soner,	77	68	73
McLoud,	88	84	69
	381	373	387

The second team of John Hancock lodge put up a better three string total the same evening than a team from Mt. Wollaston lodge, but lost two strings out of three. The John Hancock team is open for challenge.

A Good Fight.

Representative Drinkwater moved in the House yesterday to reconsider the vote of Thursday rejecting the bill to provide that cities and towns which take municipal lighting plants shall pay only the cost of duplication thereof. He further moved to postpone the motion to Tuesday next, but this was lost, 61 to 68. Reconsideration was opposed by Messrs. Cole of Andover and Homan of Boston.

The Secret Ballot

The employees of the Quincy division of the Old Colony street railway are anxiously waiting to learn the results of the secret ballot taken last week. Many of the men seem to think that the vote when counted will show that the majority in favor of the flat wage and recognition of the union will not be so large, and not a few are inclined to the belief that the majority will be in favor of the sliding scale.

CITY BREVITIES.

Observations in Daily Walks of
Ledge Reporters.

Rev. Carleton Mills will preach in East Milton Sunday evening.

The Quincy Mansion School has closed for its Spring vacation.

The Woodward Institute will close next Wednesday for the spring vacation.

The regular meeting of the School Committee will be held next Tuesday evening.

The Christadelphian Bible lectures are now held in Keating hall on Washington street.

The Grand Army entertained lady friends Thursday evening and served a clam chowder.

Mr. Boyce and family are moving into the house on Farrington street recently occupied by Mr. Waite.

The Wollaston Unitarian church will continue its stereopticon pictures of Jesus Sunday evening at 7 o'clock.

The Wollaston Choral Society will meet Wednesday evening, April 1, in the vestry of the Congregational church.

Pro. Timothy Drake gives an illustrated lecture on the Passion Play at the Swedish Lutheran church tonight.

Miss Nichols a teacher in the Wollaston school was called to her home in Manchester, N. H., Wednesday on account of a death in her family.

The crocuses in Aunt Horton's front yard are sweet reminders of the lovable lady who up to the time of her death took much interest in her posies.

The Flint yard on Hancock street looks attractive with crocuses and snowdrops. We know of no family which takes more pride in their yard and garden.

The April parish supper of First church will doubtless be even more enjoyable than the March one for it is said there are to be several innovations in the way of entertainment.

The Rev. George J. Prescott, rector of the church of the Good Shepherd, Boston, will be the preacher at the Wednesday evening service next week at St. Chrysostom's church.

The Y. P. S. C. E. of the Wollaston Congregational church will hold a social in the vestries Thursday evening at 7.45, to which the members of the church are invited. There will be refreshments and an entertainment.

The Women's Universalist Missionary society of Mass., meets at Abington, next Wednesday at 10.30 A. M. to 4 P. M.; speakers, Mrs. Kimmell, Mrs. Wise, Mrs. Sargent, Mrs. Kimble, Miss Inai, Rev. Messrs. Atwood, Hilton and Charles Conklin.

The address, illustrated by stereopticon views, to be given tomorrow evening at Bethany church will interest outside the usual attendants. "The crucifixion of our Lord" at this, the beginning of Passion week, is a theme of special timeliness. These reproductions of the great artists are a valuable study and will not soon be forgotten.

At the matinee whist held yesterday afternoon at the home of Mrs. B. Porterfield, Granite street, tea tables were in play and the following souvenirs were awarded: Mrs. R. R. Smith, six books; Mrs. B. J. Langhorn, chair back; Mrs. A. W. DeYoung, pin cushion; Mrs. J. J. McIver, sofa pillow; Miss M. L. Fernald, four cups and saucers; Mrs. Maggie Robertson, six plates; Mrs. C. Fletcher, dust bags; Mrs. Vina Davidson, center piece; Mrs. M. Donahue, box soap.

United Presbyterians.

The annual Congregational meeting of the United Presbyterian church was held last night. After a short sermon by the pastor, the meeting was consecrated with prayer by pastor. The usual reports of the finances for the year were made, which were on the whole quite encouraging. The following officers were chosen: The pastor, W. B. Barr, president; John Campbell, secretary; J. B. Sutherland, treasurer; Malcolm McKenzie and R. A. McQueen, auditing committee; Alex. Falconer, John Russell, R. A. McQueen and Malcolm McKenzie, trustees for two years. The meeting was largely attended and very harmonious throughout.

That Pale Face

Tells you that you need iron and you can have it in the most approved and agreeable form by taking Peptiron.

This new iron tonic ironizes the blood, and that means it gives the face, lips, cheeks, and ears a good, healthy color, and strengthens and tones the whole system.

It is a specific for paleness so common to delicate women and girls, for all anemic and dyspeptic conditions in either sex at any age, for nervousness, weak, unstrung nerves, poor circulation, cold hands and feet.

It is pleasant to the taste, acceptable to the stomach, and does not injure the teeth nor cause constipation.

"I have now been taking Peptiron six weeks," said a grateful lady the other day, "and am realizing great benefit, feel stronger, and know by what my friends say that I look better. I am glad my confidence in Hood's Sarsaparilla led me to take Peptiron."

Peptiron is made in two forms: In a liquid—an aromatic cordial elixir—at \$1 per bottle, also in chocolate-coated pills at 50c. or \$1 per box. By C. I. HOOD CO., proprietors Hood's Sarsaparilla, Lowell, Mass., U. S. A.

STATE HOUSE, BOSTON, March 27th, 1903.

ON the petition of the Fore River Ship and
Engine Company for the consent of the
Board to the construction of a railroad track for
private use to be operated by steam power at
grade across certain public ways in the City of
Quincy and the town of Braintree, between its
plant in Quincy to the South Shore Branch of
the Old Colony Railroad now leased to the New
York, New Haven & Hartford Railroad Com-
pany, the Board will give a hearing to the
parties interested at its Office, No. 20 Beacon
Street, Boston, on WEDNESDAY, the first
day of April, 1903, at half past nine o'clock
in the forenoon.

And the petitioner is required to give notice
of said hearing by publication hereof three
times prior to said date in the Quincy Ledger,
a newspaper printed in the City of Quincy, to
serve a copy hereof on the New York, New
Haven & Hartford Railroad Company, and to
make return of service at the time of hearing.

Per order of the Board,
WILLIAM A. CRAFTS, Clerk.

BRAINTREE CHURCH REOPENED.

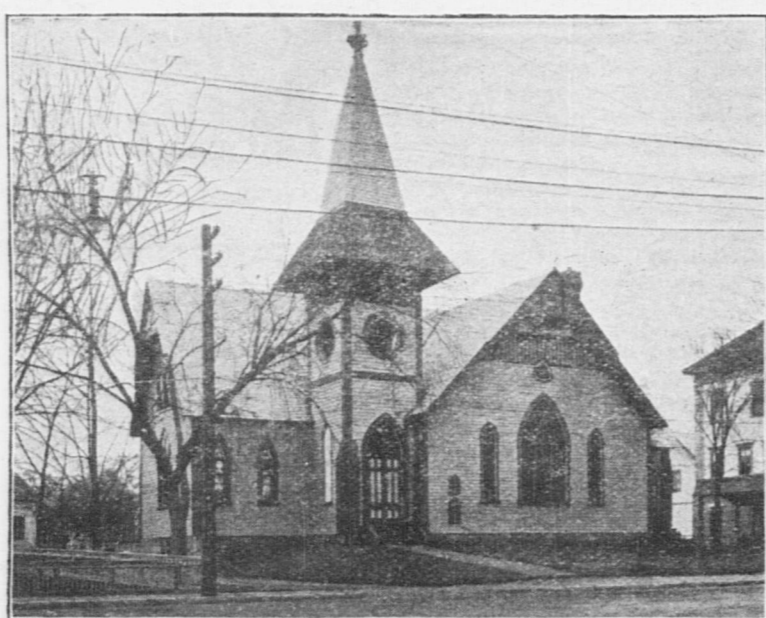

The South M. E. Church Celebrate Completion of
Improvements.

Last night the M. E. Church of South
Braintree celebrated the completion of
its new vestry and the entire renovation
of the main auditorium. The building
of the addition has made a distinct im-
provement in the structure of the edifice—and with its newly graded lawn—
adds much to the attractiveness of that
part of Washington street.

The vestry has been built as an ell on
the south side of the original building,
and is two stories in height with a
basement beneath. The room on the
first floor with a seating capacity of over
ninety, is for the intermediate depart-
ment of the Sabbath school, for prayer
meetings, and social gatherings, and is
connected with the auditorium by mas-
sive sliding doors, so located as to pro-
vide a view of the pulpit from nearly
every seat. A noticeable feature of
these doors is that the upper portion is
of silver ripple glass which distributes
the light with excellent effect. Passing
up the stairway at the south-west cor-
ner, one reaches a light airy room, in-
tended for the Junior and primary de-
partments of the school, and also for
the Ladies' Aid meetings.

Dedictory exercises will be observed
in the church on Sunday. At 10:30
there will be morning worship with
reception of members and preaching by
the Rev. A. J. Conditas of Providence,
R. I.

The speaker of the evening is the Rev.
E. M. Taylor, D.D. of Cambridge. Dr.
Taylor began his pastoral work in this
church, occupying the pulpit from 1876

to 1878. Since that time he has served
many large churches, and is now Field
Secretary of the Missionary Society for
New England.

There will be special music at both
services, Miss Bessie Legg of Worcester
acting as soloist, and William Gray
Harris of Northport, N. Y. presiding at
the organ.

Mr. Legg was born of English parents
in Pascoag, R. I. 1876, and has spent
the greater part of his life in New
England. In 1899 he graduated from
the Wesleyan University, Middletown,
Conn., and this year completes a course
in theological work as prescribed by
Conference. His ordination will occur
Sunday, April 5, at the Conference
session in Brockton.

Of the seven windows, five are memo-
rial; one placed by the Sabbath school
in grateful remembrance of Mary A.
Rodgers, whose legacy of \$200 formed
the nucleus of the building fund. The
remaining four bear the names of Wal-
lace W. Dana, Orrin H. Trufant and Ar-
thur W. Hathaway, former members of
the school; and of William S. Varney,
whose sad death last May on board the
Shenandoah will be recalled by all Ob-
server readers.

In the auditorium a complete trans-
formation has been wrought. Stenberg
& Co. have done a most artistic piece
of work on the frescoing. Pure sim-
plicity of design, with exquisite har-
mony of coloring is the prevailing im-
pression. The paneled ceiling is in
concord with bands of delicate green, and
lines of gold.

The side walls are tinted in a light
green while a gothic dado in blending
shades of red and brown forms a gradual
transition to the deeper color of the
cypress wainscoting. The gold line
work is used with beautiful effect in
the chancel along the borders, and, with
the addition of a trifoliate design, makes
a dainty outline for the windows.

In the northwest corner a platform
has been built for the organ and chorus
choir. The cushions for the pews have
been remade and covered in olive to
harmonize with the walls, while a
handsome Pray carpet, in rich red
shades gives the requisite touch of color
to the room.

The illumination has been greatly im-
proved by the substitution of three
chandeliers for the former two, all sus-
pended from the central beam, and car-
rying ten lights each.

In this room also five beautiful memo-
rial windows have been added by rela-
tives and friends of Katie P. French,
Jane and Louis F. Gomez, Ellen C.
Holmes, Benjamin and Elizabeth A.
Stevens, Jonathan B. and Maria A.
Wood.

Pastor and people are rejoicing over
the measure of success that has marked
their first year's work together, and
though Mr. Legg has within a few
months received invitations to three
much larger churches, he proposes to

return another year to South Braintree,
to continue the work which has been
started.

In the building, renovations, and
grading, between \$3000 and \$4000 has
been expended. More than half of this
has already been raised and a portion
assumed by the Ladies' Aid, leaving
about \$1000 to be secured according to
the plan of the committee, in three
year subscriptions.

The church appreciates deeply the aid
thus far rendered by the business men
of the town, and by numerous friends
outside. Without such assistance the
work could not have progressed so rap-
idly, and this opportunity is taken to
thank all who have assisted financially
or otherwise.

Dedictory exercises will be observed
in the church on Sunday. At 10:30
there will be morning worship with
reception of members and preaching by
the Rev. A. J. Conditas of Providence,
R. I.

The speaker of the evening is the Rev.
E. M. Taylor, D.D. of Cambridge. Dr.
Taylor began his pastoral work in this
church, occupying the pulpit from 1876

to 1878. Since that time he has served
many large churches, and is now Field
Secretary of the Missionary Society for
New England.

There will be special music at both
services, Miss Bessie Legg of Worcester
acting as soloist, and William Gray
Harris of Northport, N. Y. presiding at
the organ.

Mr. Legg was born of English parents
in Pascoag, R. I. 1876, and has spent
the greater part of his life in New
England. In 1899 he graduated from
the Wesleyan University, Middletown,

session in Brockton.

CITY BREVITIES.

Probably fair Sunday.

Only four more days in which to
have that snow-storm the almanacs pre-
dict for March.

John W. Chisholm has just com-
pleted a double house on Charles street,
Quincy Point, for Andrew Odom.

A team from John Hancock lodge of
Odd Fellows defeated a team from the
North Quincy club Monday evening at
bowling two out of three.

The Fore River Ship and Engine Co.
has bought the Russell wood lot at
Pembroke, and has a gang of twelve
men at work cutting the trees.

The Guild of St. Perpetua of St.
Chrysostom's church has received a very
appreciative letter from Mrs. Groves,
acknowledging a box of children's
clothing recently sent to her by the
guild for use in her missionary work
in East Boston.

Never at this time of the year have
the lawns looked more beautiful. The
few days rain early in the week follow-
ed by the warm sun is what did the
business. It is noticed that trees have
also commenced to start and some of
the early flowers are already in bloom.

The dust yesterday afternoon in the
street about City Square was some-
thing awful. A high wind prevailed
and the dust was blown about in blind-
ing clouds, and at times, it was impos-
sible to see across the street. For this
reason people will hail with delight
the advent of the street sprinklers.

A two-story frame addition to the
club house of the Quincy Yacht club
at Hough's Neck has been planned by
O. M. Higginson of Hyde Park, architect.
It will be 50 by 50 feet in general
dimensions.

The street railway tracks have been
laid on the new Quincy Point bridge
and connections made on both ends
with the street rails. Although it is
all ready for use the railroad must wait
until it is has been passed by the bridge
inspectors.

MILTON.

Miss Grace Woodbury of Granite
place who has been seriously ill for
a number of weeks is able to be out
again.

The lecture of Rev. Charles Hutch-
inson before the Thursday Evening
club last week was very largely attended.
The subject was capital and labor, and
was an interesting one.

Miss Jennie Graham entertained a
number of her friends Tuesday evening,
the occasion being the eighteenth anni-
versary of her birth. The evening was
passed in a pleasant manner, whilst
being a feature of the evening. Re-
freshments were served. Miss Graham
received a number of gifts.

Derby Eaton left on Wednesday for
Cuba.

The lecture by Albert Armstrong on
"The Sky Pilot" at the Baptist church
at East Milton has been postponed
until next Tuesday evening.

Work has been commenced on the
new church for the Mission of Our
Saviour and it is expected that the
corner stone will be laid May 1 by
Bishop Lawrence.

J. E. Quimby has purchased an auto-
mobile.

—Boston coal dealers will reduce coal
prices about 75 cents per ton April 1,
which will be about 75 cents more than
April 1 of last year.

MARRIED.

ANDERSON—WAITE—In Wollaston, March
26, by Rev. Jesse Wagner, Mr. Charles Ed-
ward Anderson to Miss Adelaide Alice Waite,
both of Quincy.

DIED.

PETERSON—In Quincy, Mar. 27, Karl H.,
son of Karl E., and Mrs. Johanna Peterson,
of 66 Cranich street, aged 5 months and 5
days.

DILLAWAY—In Quincy, March 26, Miss
Frances E. Dillaway, aged 70 years, 1 month
and 4 days.

Funeral from late residence 110 Putnam
street, Sunday, March 29, at 2 o'clock. Rela-
tives and friends invited.

FLOWERS—In Quincy, March 27, Mrs. Char-
lotte, wife of Mr. James Flowers of 7 Quincy
street, aged 67 years, 8 months and 27 days.
Funeral from late residence, Monday, March
30, at 2:30 P. M. Relatives and friends in-
vited.

"We are Here to Stay."
"Right in the Heart of the City."

THE SOCIAL REALM.

[Continued from Page 1]

Mrs. N. Gleason Torrey and son of
Braintree L. Thurlow leave for Hot
Springs, Va., next Monday. Mrs. Tor-
rey goes for her health.

A quiet home wedding took place on
Wednesday at the residence of Mrs.
Edmund Taylor of 44 Brook street,
Wollaston, when her daughter, Blanche
Minerva, was united in marriage to
Mr. Harry Hunt of Boston. The cere-
mony was performed by Rev. Frank
W. Pratt, in the presence of relatives.
The bride was becomingly attired in a
travelling costume of brown cloth.
The floral decorations were jonquils
and pinks. Immediately after the
ceremony a breakfast was served at
11:30 to the bridal party. Mr. and
Mrs. Hunt have gone on an extended
wedding trip to the west. They will
be at home to their friends after June
the first, at 45 Wenonah street, Rox-
bury.

Miss Grace Burbank, who has been
the guest of her uncle, Mr. William
Harding at Braintree, for the past
four weeks returned Tuesday to her
home in Long meadow.

Mrs. Grace Pike Farrington gave a
whist party at her home on Savin Hill
avenue, Dorchester, Wednesday even-
ing. Many of her former Wollaston
friends were present: Mr. and Mrs. J.
D. Kent, Mr. and Mrs. C. E. Bates,
Miss L. K. Bates and Mr. H. H. Albee.

Rev. Frederick Griffin arrived from
Southern Pines, N. C., on Thursday
morning, much improved in health and
glad to be back in Braintree again.

Dr. and Mrs. Horace Mann Willard
of the Quincy Mansion school are to be
congratulated on the fine work done by
the pupils at the recital in Livemore
hall, on Wednesday evening. The
standard set for this school seems to be
a high one and always maintained, no
matter what the branch of study may
be.

Mr. and Mrs. Robert E. Jones of Ash-
mont are receiving congratulations from
their many Dorchester and Quincy
friends upon the arrival of a eleven
pound baby boy.

At the Cochato club Ladies whist,
Friday afternoon, the first prize, a half
dozen cut glass tumblers, went to Mrs.
Field. Mrs. Small, as second choice,
selected a gun metal and gold penknife.
Mrs. Andrews received a box of dainty
stationery.

Mr. Harris Barbour of Beach street,
is at home from college for a short va-
cation.

Mrs. Anna Whitman Witham enter-
tained a party of friends at the home of
her mother, Mrs. H. T. Whitman, Grand
Village avenue, Tuesday evening. After
cards and music, refreshments were en-
joyed in the dining room. Mrs. Witham
exhibited a handsome "rabbit" set of
thirty pieces which she has recently
painted. Pen and ink souvenirs taste-
fully framed were presented to each
guest.

Mrs. Ira Litchfield of Pearl street
entertained the Ladies' whist club
Thursday afternoon. The ladies took
refreshments with them and spent
the evening.

Miss Vining, who has been stopping
at the Parker House, Boston, since her
return from Washington, leaves today
for her summer home at Hull.

The next meeting of The Philergians
will be held March 31, with Mrs.
George W. Stevens at Braintree.

Miss Mary Curtis has returned to her
home in Assinippi after a pleasant visit
with Quincy friends.

Miss Marion F. Hannum of Cedar
Grove, is the guest of her aunt, Mrs.
George T. Magee.

Miss Winnie Seaman is the guest of
Mrs. E. D. Atkins of Bromfield street.

Between the hours of eight and ten
o'clock Friday evening, March 20, Mr.
and Mrs. George Richard Dobson were
busily engaged receiving their many
friends in honor of the twenty-fifth an-
niversary of their wedding. Their
residence is beautifully situated on the
corner of Howard and Hayward streets,
and the gaiety and pomp of the occa-
sion only added to the grandeur and
romance of the environments. Vocal
and instrumental music, interspersed
with classical and humorous, were en-
joyed by the guests throughout the
evening. At ten a dainty lunch was
served, after which, the guests gradu-
ally wended their way homeward. Mr.
and Mrs. Dobson were the recipients of
many beautiful gifts, as remembrances
of the occasion. Among those present
were friends from Cambridge, Somer-
ville, Brookline, Watertown, Boston,
Quincy, Weymouth and Braintree.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English from Sir Edwin Caskoden's Memoir

By EDWIN CASKODEN [CHARLES MAJOR]

Copyright, 1898 and 1901, by the Dossan-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

SYNOPSIS.

Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Caskoden, master of the dance. III.—Caskoden is attentive to Lady Jane Bolingbroke, companion to the princess. In a fit of petulance Mary rebukes Brandon, then craves forgiveness. IV.—Brandon teaches Mary a new dance learned in France. The young princess is shocked at first, then delighted with the sensation of Brandon's arm around her waist. Brandon declares that the girl is perfect, but the game of making love to royalty is dangerous.

CHAPTER V.—Continued.

It was time to open the ball, and from my place in the musicians' gallery I could see Mary moving about among the guests, evidently looking for a partner, while the men resorted to some very transparent and amusing expedients to attract her attention. The princess, however, took none of the bidders, and soon I noticed, she espied Brandon standing in the corner with his back toward her.

Something told me she was going to ask him to open the dance, and I regretted it, because I knew it would set every nobleman in the house against him, they being very jealous of the "lowborn favorites," as they called the untitled friends of royalty. Sure enough, I was right. Mary at once began to make her way over to the corner, and I heard her say, "Master Brandon, will you dance with me?"

It was done prettily. The whole girl changed as soon as she found herself in front of him. In place of the old-time confidence, strongly tinged with arrogance, she was almost shy, and blushed and stammered with quick coming breath, like a burgher maid before her new found gallant. At once the courtiers made way for her, and out she walked, leading Brandon by the hand. Upon her lips and in her eyes was a rare, triumphant smile, as if to say:

"Look at this handsome new trophy of my bow and spear."

I was surprised and alarmed when Mary chose Brandon, but when I turned to the musicians to direct their play I imagine, if you can, my surprise when the leader said:

"Master, we have our orders for the first dance from the princess."

Imagine also, if you can, my double surprise and alarm—nay, almost my terror—when the band struck up Jane's "Sailor Lass." I saw the look of surprise and inquiry which Brandon gave Mary, standing there demurely by his side, when he first heard the music, and I heard her nervous little laugh as she nodded her head, "Yes," and stepped closer to him to take position for the dance. The next moment she was in Brandon's arms, flying like a sylph about the room. A buzz of astonishment and delight greeted them before they were half way around and then a great clapping of hands, in which the king himself joined. It was a lovely sight, although I think a graceful woman is more beautiful in La Galliard than any other dance or, in fact, any other situation in which she can place herself.

After a little time the dowager Duchess of Kent, first lady in waiting to the queen, presented herself at the musicians' gallery and said that her majesty had ordered the music stopped, and the musicians, of course, ceased playing at once. Mary thereupon turned quickly to me.

"Master, are our musicians weary that they stop before we are through?" The queen answered for me in a high voiced Spanish accent: "I ordered the music stopped. I will not permit such an indecent exhibition to go on longer."

Fire sprang to Mary's eyes and she exclaimed: "If your majesty does not like the way we do and dance at my balls, you can retire as soon as you see fit. Your face is a mill-kirk any way." It never took long to rouse her ladyship.

The queen turned to Henry, who was laughing, and angrily demanded:

"Will your majesty permit me to be thus insulted in your very presence?"

"You got yourself into it. Get out of it as best you can. I have often told you to let her alone. She has sharp claws." The king was really tired of Catherine's sour frown before he married her. It was her dower of Spanish gold that brought her a second Tudor husband.

"Shall I not have what music and dances I want at my own balls?" asked the princess.

"That you shall, sister mine; that you shall," answered the king. "Go on, master, and if the girl likes to dance that way, in God's name let her have her wish. It will never hurt her. We will learn it ourselves, and will wear the ladies out a-dancing."

After Mary had finished the opening dance there was a great demand for instruction. The king asked Brandon to teach him the steps, which he soon learned to perform with a grace perhaps equaled by no living creature other

er than a fat brown bear. The ladies were at first a little shy and inclined to stand at arm's length, but Mary had set the fashion and the others soon followed. I had taken a fiddler to my room and had learned the dance from Brandon and was able to teach it also, though I lacked practice to make my step perfect. The princess had needed no practice, but had danced beautifully from the first, her strong young limbs and supple body taking as naturally to anything requiring grace of movement as a cygnet to water.

This, thought I, is my opportunity to teach Jane the new dance. I wanted to go to her first, but was afraid, or for some reason did not, and took several other ladies as they came. After I had shown the step to them I sought out my sweetheart. Jane was not a prude, but I honestly believe she was the most provoking girl that ever lived. I never had succeeded in holding her hand even the smallest part of an instant, and yet I was sure she liked me very much—almost sure she loved me. She feared I might unhinge it and carry it away, or something of that sort, I suppose. When I went up and asked her to let me teach her the new dance, she said:

"I thank you, Edwin, but there are others who are more anxious to learn than I, and you had better teach them first."

"But I want to teach you. When I wish to teach them, I will go to them." "You did go to several others before you thought of coming to me," answered Jane, pretending to be piqued. Now, that was the unkindest thing I ever knew a girl to do—refuse me what she knew I so wanted and then put the refusal on the pretended ground that I did not care much about it. I so told her, and she saw she had carried things too far and that I was growing angry in earnest. She then made another false though somewhat flattering excuse:

"I could not bear to go through that dance before so large a company. I should not object so much if no one else could see—that is, with you, Edwin." "Edwin!" Oh, so soft and sweet! The little jade! To think that she could hoodwink me so easily and talk me into a good humor with her soft, purring "Edwin!" I saw through it all quickly enough and left her without another word. In a few minutes she went into an adjoining room where I knew she was alone. The door was open, and the music could be heard there, so I followed.

"My lady, there is no one to see us here. I can teach you now, if you wish," said I.

She saw she was cornered, and replied, with a toss of her saucy little head, "But what if I do not wish?"

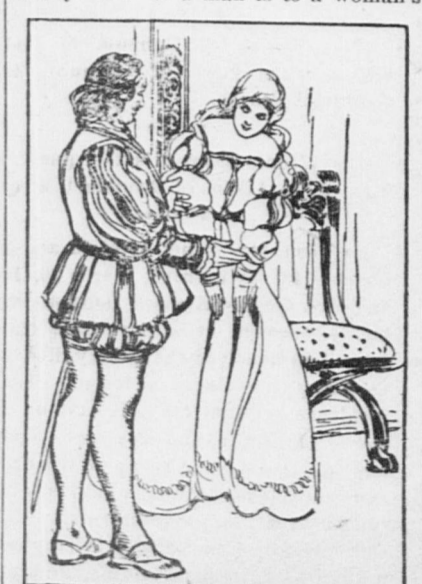

Now, this was more than I could endure with patience, so I answered, "My young lady, you shall ask me before I teach you."

"There are others who can dance it much better than you," she returned, without looking at me.

"If you allow another to teach you that dance," I responded, "you will have seen the last of me." She had made me angry, and I did not speak to her for more than a week. When I did—but I will tell you of that later on. The evening was devoted to learning the new dance, and I saw Mary busily engaged imparting information among the ladies. As we were about to disperse I heard her say to Brandon:

"You have greatly pleased the king by bringing him a new amusement. He asked me where I learned it, and I told him you had taught it to Caskoden and that I had it from him. I told Caskoden so that he can tell the same story."

"Oh, but that is not true. Don't you think you should have told him the truth or have evaded it in some way?" asked Brandon, who was really a great lover of the truth, "when possible," but who, I fear, on this occasion wished to appear more truthful than he really was. If a man is to a woman's

"But what if I do not wish?"

taste and she is inclined to him, he lays up great stores in her heart by making her think him good, and shameful impositions are often practiced to this end.

Mary flushed a little and answered: "I can't help it. You do not know. Had I told Henry that we four had

enjoyed such a famous time in my rooms he would have been very angry, and—and—you might have been the sufferer."

"But might you not have compromised matters by going around the truth some way and leaving the impression that others were of the party that evening?"

"That was a mistake, for it gave Mary an opportunity to retaliate: 'The best way to go around the truth, as you call it, is by a direct lie. My lie was no worse than yours. But I did not stop to argue about such matters. There is something else I wished to say. I want to tell you that you have greatly pleased the king with the new dance. Now teach him 'honor and ruff' and your fortune is made. He has had some Jews and Lombards in of late to teach him new games at cards, but yours is worth all of them.' Then, somewhat hastily and irrelevantly, 'I did not dance the new dance with any other gentleman, but I suppose you did not notice it,' and she was gone before he could thank her."

[To be continued Monday.]

WEEKLY TRADE REVIEW

Industrial Progress will be Governed by Pending Labor Controversies

New York, March 28.—R. G. Dun & Co.'s Weekly Review of Trade says: Irregularity in retail trade is due to weather conditions. At most points an early season stimulates business, but in other sections there has been interruption from excessive rains. More uniform activity is reported in wholesale trade, with a notably large movement of groceries, millinery, paper and builders' materials, while conditions are satisfactory for the season in jewelry. Manufacturers of clothing, furniture, footwear and iron and steel are well engaged, ample supplies of fuel greatly facilitating operations, but extensive strikes threaten to render idle many New England textile mills.

It is the season of labor controversies and results of the next few weeks will decide whether industrial progress is to receive a setback on this account. A satisfactory settlement of the anthracite coal question should follow the thorough report of the commission and higher prices than last year will probably be announced. A prominent feature of activity is found in merchant steel for agricultural implement works and wagon factories, these orders running far into the future.

No improvement has appeared in the dry goods market. The situation is peculiarly complicated as to cotton goods. Stocks are light as a rule and labor troubles threaten to curtail output, yet jobbers are reluctant to undertake contracts at present quotations.

Dulness is reported in woolen goods, with new business on a limited scale and buyers only exhibiting interest in securing deliveries of sample pieces of men's wear woolsens and worsteds.

Jobbers are placing large orders for fall delivery of shoes, readily paying the recent advance in prices, and manufacturers of heavy goods have booked more business than is customary at this early date.

Flamethrower in Paris

Paris, March 28.—The Temps says a wealthy American, whose name is not given, has been the victim of a sensational assault and robbery here. He was induced to visit quarters occupied by parties who represented themselves as dealers in antiquities. There the American was set upon, choked and robbed of a pocketbook containing \$500 and of four valuable rings, his watch and other jewelry. A young Englishman, who gave the name of Wilson, was arrested. The latter's accomplice succeeded in escaping with the stolen articles.

Show Hurt Irishmen's Feelings

New York, March 28.—Two hundred Irishmen, whose feelings had been outraged by the performance of "McDonald's Row of Flats," at the New Star theatre, rose in their seats in the theatre at a signal and pelleted the performers with rotten eggs, decayed vegetables and fruit. The audience of over 2000 was thrown into uproar and the actors were driven from the stage. The affair was the culmination of a series of attempts to bring the performance of plays that caricature the Irish to an end.

Strike Without Known Cause

Passaic, N. J., March 28.—Two hundred Polish girls in the handkerchief factory of Heller & Long went on strike yesterday. It is said that the girls organized a union, and as soon as the officers were elected they called a strike, but without any cause known to their employers. Four hundred girls who refused to join the union remain in the factory.

Motorman Drew a Gun

Seattle, March 28.—The street car strikers placed a truck on the First avenue car tracks yesterday. An inexperienced motorman lost control of his car and crashed into the obstruction. A howling mob followed the car back to the barn after the motorman had drawn a gun on the men who were trying to pull him off the car.

Farming Land Under Water

Greenville, Miss., March 28.—A volume of water 16 feet deep is pouring steadily through a crevasse in the levee five miles south of here and is flooding thousands of acres of the finest farming land in the celebrated Yazoo delta.

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

CHRISTIAN ENDEAVOR.

Topic For the Week Beginning March 29.—Comment by Rev. S. H. Doyle.

Topic.—A mission study of Africa.—Ps. lxxviii, 29-31; Isa. xliii, 3.

The continent of Africa comprises nearly 12,000,000 square miles. It is 5,000 miles long and 4,600 miles wide. It is as large as Europe and South America combined. It is crossed by both tropics, and the equator cuts it a little below the center. Thus it lies largely within the tropics. Africa has been described as "our universal den of desolation, misery and crime," and no continent upon the face of the earth has been so characterized by degradation, wretchedness and woe. It has well been called "darkest Africa," for from all times the vast mass of its population has been submerged beneath appalling moral and spiritual darkness.

The population of Africa is supposed to be about 200,000,000, or one-seventh of that of the globe. Many races and languages are found on the continent. Egyptians and Arabians principally occupy the northern and eastern part. The negro race occupies the greater part of the western and northern central Africa from the Atlantic to the Nile. The Bantu race comprises almost all the natives and tribes south of the equator. They resemble the negroes proper in many respects, yet have more regular features and speak entirely different languages. The Zulus and Kafirs belong to this race. The Hottentots, the bushmen and the pygmy tribes who live in the heart of the continent. This group is the lowest in the scale of African humanity.

Paganism is the original and principal religion of the native African tribes. African paganism includes a belief in a supreme being and in a spirit world. The grossest forms of superstition prevail. Idolatry, as usually understood, scarcely exists. It is replaced by fetishism, the worship of charms, which may be almost any object—a tree, stick, stone, shell or plant. These are supposed to have power to keep off danger and to give the power to injure enemies. "One guards against sickness, another against drought, a third against the disasters of war; one is used to draw down rain, another to secure good crops, and a third fills the sea and rivers with fishes and brings them to the fisherman's net." Three-fourths of the people of Africa are pagans. Next to paganism Mohammedanism prevails. It was spread by fire and sword over northern Africa in the seventh century and has advanced in recent years. Nearly one-fourth of the population is Mohammedan. The Mohammedans are found in North Africa, the eastern and western Sudan and on the eastern and western coasts. Several millions of the people are Christians. Of these about one-half are Copts and Abyssinians and the remainder Protestants and Catholics in about equal proportions.

For many years our great Christian denominations have been working to evangelize the dark continent. These efforts, though put forth in the face of tremendous obstacles, have produced remarkable results. Our God can redeem and save even Africa. Egypt is turning toward God, and by prayer and offerings we should do our part in the redemption of this vast continent. The nations of the world have cursed it with slavery, opium, rum and immorality. Let us make retribution for the past by sending the gospel to these people who sit in great darkness and need the light of Christ.

NOTE.

Make a special study of your denominational mission work in Africa.

A Forward Movement.

Dr. Clark recently wrote the following stirring appeal, addressing it especially to New York state Endeavorers through the columns of their new official organ, Empire State Notes. The message has a wider significance and is worthy of being put into operation not only in New York, but everywhere:

Fellow Endeavorers of New York—Let us make a definite forward movement in Christian Endeavor this coming year.

Let us set a stake in advance and come up to it. In this first number of your bulletin I would earnestly urge that we all honestly resolve and heartily strive to add at least one-tenth to the number of our societies, counting the new Junior societies, of course, as part of the aggregate increase, and that we strive to add at least one-tenth to our total membership in every society.

The number of our associate members ought to be quadrupled, for this is our evangelistic agency.

Our active members could be increased also by a vigorous canvass, for these are our working forces.

The honorary membership might well be doubled, thus bringing new sympathy to the society and a new stimulus to all the other activities of the church.

These additions foot up far more than one-tenth, but they are all easily possible, and they will all add to the spiritual life of the whole society.

Will New York state and the New York societies be on the honor roll of "Denver 1903"? I believe they will. Yours for a definite forward movement for Christ and the church.

FRANCIS E. CLARK.

Nuggets.

Christian Endeavor stands for the devotional spirit.—H. A. Kimports, Secretary New York State Union.

We can't afford to be without a constant passion for souls. This is the chiefest aim of Christian Endeavor.—Rev. Dr. S. Parkes Cadman.

Quiz Box.

[Any question may be asked that pertains to any phase of Christian Endeavor work. Address Lock Box 674, Binghamton, N. Y.]

47. T. Erie, Pa.—The Pennsylvania union will run a special excursion to the Denver convention next July, and the New York state union will undoubtedly do the same thing.

48. S. Buffalo, N. Y.—Rev. Dr. Charles M. Sheldon, author of "In His Steps," is a most enthusiastic Christian Endeavorer, and the society in his church is a model one. It receives his personal encouragement and help.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Mortgagee's Sale of Real Estate

IN WOLLASTON.

BY virtue of the power of sale contained in a certain mortgage given by Thomas J. Renwick and Robert E. Renwick, his wife, in right, to James Roland Cortell, dated July 12, 1900, recorded with Norfolk Deeds, book 874, page 658 and for breach of the condition of said mortgage, will be sold at public auction on the land hereinafter described, on Tuesday, the fourteenth day of April, A. D. 1903, at three o'clock in the afternoon, the premises conveyed by said mortgage, viz:

A certain parcel of land with the buildings thereon, situated in that part of Quincy which is called Wollaston, in the County of Norfolk and Commonwealth of Massachusetts, and being the northerly half of lots One and Two in block Five of section Six of Lands of the Wollaston Land Associates, as shown on a plan of said section drawn by D. Granger & Son, and recorded with Norfolk Deeds at the end of line 406, and bounded as follows: North-easterly by Elmwood avenue, one hundred feet; North-easterly by lot Fifteen on said plan, fifty feet; southeasterly by the remaining part of said lots One and Two, one hundred feet; and south-westerly by Farrington street, fifty feet. Containing 5000 square feet; being the same premises conveyed to said Robert E. Renwick by Lizzie F. Cortell, by deed of the same date, and recorded with said mortgage, and subject to the restrictions therein referred to. Also subject to the taxes assessed in May, 1902, and to any unpaid sewer assessment.

Five hundred dollars must be paid in cash at the time of sale, and the balance in ten days at the office of F. L. Hayes, 20 Pemberton Square, Boston, Mass., upon delivery of the deed.

GUARD FOR ROOSEVELT

Secret Service Plans For the President's Trip.

ELABORATE SYSTEM ARRANGED.

Star Detective to Go In Advance and Drill Police of Towns to Be Visited—They Will Be Told What to Do and How—President Dislikes to Be Hemmed In.

Four or five days before President Roosevelt starts west one of the stars of the secret service will set out ahead of him, says a Washington special to the New York World. He is the president's "advance man." To him is entrusted the making of all arrangements for guarding Mr. Roosevelt at every stopping place, no matter how large or how small. His work is surrounded with the utmost secrecy, and his identity is not known outside of the secret service office.

The "advance man" reaches each place at which the president is to stop three or four days ahead of the presidential train. He gets the reception committee and the heads of the police department together and goes over every foot of ground the president will cover while he is in the city. The track on which the presidential train will arrive is selected, and the route from his car to the carriages that will be waiting for him and his party is mapped out. It is known exactly where the presidential car will stop and how many steps he will have to take to reach his carriage.

The secret service man points out where ropes are to be stretched to keep the crowd at the proper distance and where the policemen are to stand. The carriages for the reception committee are placed on the opposite side of the street from those for Mr. Roosevelt and his party. This is done so that the committee may fall in behind and prevent confusion by a jam of carriages on one side of the street.

Then the hall in which the president is to speak, the hotel in which he is to stay and any other places he is to visit are similarly gone over and the places for stretching ropes and stationing police guards assigned.

Then the "advance man" takes the committee and the police officials into a big room and gives them a heart to heart talk on how the whole affair is to be managed. President Roosevelt dislikes to be hemmed in by policemen to an extent that will interfere with his movements or prevent the assembled multitude from getting a good look at him. Until the plan of having a secret service man make all of the arrangements was decided on it was found to be the natural inclination of police in all cities to crowd around the president in squads. That is just what Mr. Roosevelt does not like. He has sometimes objected even to the two secret service men who go with him on all of his trips and are at his side wherever he goes. He feels that they are well able to look after his safety and depends on the police only to keep the crowds from running over him.

This is all explained to the police chiefs, and every detail of the arrangements for the president's visit is made plain. With the "advance man," while these arrangements are being made, goes the secret service operative, whose headquarters are in that city. One is sent from the nearest point. On the day the president is to arrive the local secret service officer superintends the stringing of the ropes and the completion of the other plans. He boards the president's train outside of the city and posts the secret service men on the train as to the arrangements.

When the train pulls into the depot, it stops at the place indicated, and the president finds a path to his carriage open and guarded, but with no policemen crowding around. There is no trouble or confusion, and it is the same wherever he goes. The local secret service officer remains in the background and sees that the arrangements are carried out as planned by the "advance man," and the police get the credit for "perfect arrangements."

In the meantime the "advance man" has gone on ahead and made similar plans all along the line. This system was introduced under President Roosevelt, and it works so well that there has never been the slightest hitch in any of his trips. Every detail operates like clockwork.

Previously the arrangements were left in the hands of the local police entirely. The result was that there were different plans in every town and confusion everywhere. In their anxiety to prevent any accident to the president the police crowded around him so closely that he was constantly in a jam, and the crowds assembled to see the president saw only the full strength of the police force. Since the arrangements have been placed in the hands of the secret service they have been reduced to a system that has never failed to work perfectly.

An Appreciation of Kipling's Work. Mr. Kipling is stopping while at Cape Town in a house the use of which was given to him during his lifetime by Cecil Rhodes, writes W. L. Alden in the New York Times. The appreciation of Kipling's work which was shown by Mr. Rhodes is the best thing I have heard of him. He greatly admired both the books and their author, and he lived Kipling to South Africa, where it is said that Kipling intends to become a permanent resident. Of course, when a man of means resides in South Africa and is not in government employ it only means that he spends his winters there. So we shall expect to see Mr. Kipling in England every summer as usual.

ALASKAN BOUNDARY DISPUTE

Problem the American-British Commission Will Be Called Upon to Solve

IN accordance with the provisions of the treaty just ratified by the United States senate and the king of England three men from this country and three from Great Britain will meet in London this spring and endeavor to agree on a settlement of the Alaskan boundary dispute.

Besides the six commissioners the treaty provides for the appointment of other jurists to fill vacancies and for officers of the tribunal, including scientific experts and agents. The members of this commission selected by the president to act for the United

JOHN W. FOSTER.

States are Secretary of War Elihu Root, Senator Henry Cabot Lodge of Massachusetts and Senator George Turner of Washington.

The treaty also provides that a written or printed case of the two parties and other documentary matter shall be submitted to the two parties, and two months thereafter the counter case may be submitted. Provision is also made for the presentation of copies of evidence and argument.

The American case will be prepared for the commission by John W. Foster of Washington, formerly secretary of state, who was a member of the joint high commission which had charge of the Alaska seal fisheries arbitration and is probably more familiar with the subject than any other man. Mr. Foster is a most eminent diplomatist. In the preparation of the boundary case he will be assisted by his son-in-law, Robert Lansing of Watertown, N. Y., who was also connected with the seal fisheries arbitration.

The Klondike outlet is practically all there is to the Alaskan boundary question, because the boundary was never disputed until five years ago, when gold was discovered and the rush began.

There is no dispute as to the boundary line of the main portion of Alaska embracing the extreme northwest corner of the continent of America. The difference concerns only the question of how wide the strip of coast is to be from Mount St. Elias to British Columbia. The United States asserts that the strip is, with one or two unimportant exceptions, thirty miles wide, and it has always occupied that territory without protest from the world at large. The United States claims that this strip is to be measured inwardly from tidewater in all cases.

The British contention is that the boundary should be measured from the

outer edge of the outlying islands of the coast, which would leave to the United States only a narrow strip of land frequently less than five miles in width, and that the line should cross all the bays and inlets instead of following the sinuosities of the coast.

In the treaty entered into by Great Britain and Russia in 1825 the line agreed on was a supposed mountain

SENATOR HENRY CABOT LODGE.

did in the case of the big inlets mean to follow them round with a thirty mile radius.

This thirty mile strip, then, is the bone of contention. It remains for the commission to decide whether the boundary line shall be drawn from the shore line of the main land or from the outer edge of the outlying islands.

If the British contention should be adopted, it would be just as well for the United States to move out of the panhandle of Alaska, because it would get little or nothing except the islands, few of which are worth anything. If the contention of the United States is adopted, Great Britain will be worse off than it ever has been.

Secretary Root and Senators Lodge and Turner, who have been selected as the American representatives on the commission, are considered unusually well equipped for the work. Secretary Root has had a brilliant, though brief, political career. He was appointed to his present position by President McKinley in July, 1899, at the close of the Spanish war. His only other political office was that of United States attorney for the southern district of New York. He is recognized as a great lawyer.

Senator Lodge comes from a long line of distinguished people of New England. He is a native of Boston and a graduate of Harvard and of the Harvard Law school. He was a strong supporter of President McKinley's policy of expansion and is an aggressive American.

Senator Turner is said to be one of the most scholarly men in Washington, an able constitutional lawyer and an expert in international law. He was born in Missouri, but in 1880 settled in the then territory of Washington. In 1896 he left the Republican party and was elected to the United States senate by a fusion of Democrats and Populists.

A commission composed of these three men, assisted by the veteran diplomat, John W. Foster, insures to the citizens of this country that their case will be ably presented and defended at the meeting of the Alaskan boundary tribunal at London.

EASTER STYLES FOR INDIANS

Ludicrous Results of the Imitation of the Palace Fashions.

Easter Sunday, with its new spring hats and gowns, brings pangs of envy to many feminine hearts, and the little town of Arapahoe, Okla., where the Arapahoe Indians have chosen to set a pace in fashion, is no exception to the rule. Ever since the palace came among them in their Oklahoma home the Arapahoe Indians have essayed to be the best dressed of any of their red neighbors. An Arapahoe buck will go without food in order to have the latest fashion in neckwear. He may not tie it according to the prevailing fashion among white men, but if the color be gaudy he will arrange it in a flashy manner that will attract equal attention.

For some years past the village of Arapahoe, which is mainly populated with Cheyenne and Arapahoe Indians, has been the scene of great parades of Indian fashionables on Easter Sunday. At daylight the squaws and bucks begin to parade the streets clad in gay trappings. The bucks wear the latest cut of white men's clothing, but the goods are not always of fine texture nor neatly fitting. On the other hand, they are always of gaudy pattern. Many of them wear silk hats and light tan shoes. Their makeup is rather rude and especially so when they don a high collar that has never been to a laundry and on which finger marks may be plainly seen at a distance of several feet.

The squaws wear loud colors in lawn and calico dresses, but the hat is the crowning feature. These hats are piled high with paper roses, and long green or red ribbons trail behind for several feet. Milliners who visit Arapahoe say that some of the squaws have as many as fifty paper roses put on a single hat, which would make it weigh not less than ten pounds. An amusing thing among the bucks is the awkward manner in which some of them carry canes made out of old umbrella handles.

The Indians got the idea of coming forth in spring costumes on Easter from a delegation of their people who went to Washington to attend an inauguration. They were in New York on Easter Sunday and saw the parade of fashionables on Fifth avenue—Chicago Inter Ocean.

EASTER IN A PRISON.

Touching Story of Mrs. Ballington Booth's Visit to State Convicts.

"There is one Easter in my life," says Mrs. Ballington Booth, the "Little Mother" of the state convicts, "which stands out with the brilliancy of the stars on a moonless night. It was spent in Clinton, a state prison at Danvers, N. Y. Never before had I met an audience like that one. There were no sullen expressions, no faces of scoffers among those whom I looked down upon. They all wore the prison stripes, and many looked as though the waters of the earth had rolled over them. But it had left them hope, and that hope made their faces radiant. As I arose to sing my little daughter, who sat with the warden's family in the audience and who was making her first visit to a prison, became impatient and leaving her seat came to the platform. She clung so tightly to my skirts that I finally lifted and placed her on the desk at my side. When I had given out 'You've Carried Your Burden,' I asked her if she would not sing a verse of it for the boys.' Much to my surprise she immediately began and sang the verse through without a break.

"I shall never forget that scene. The childish voice rang out sweet and clear and so distinctly that every word was heard. The little figure in white, with her golden curls about her face, smilingly sang her message, and tears streamed down the faces of the men as the baby voice repeated, 'Oh, bring it to Jesus; he's loving and strong.' I believe more than one lonely, aching heart, who perhaps for many years had not heard a childish voice, was lightened that Easter day and found for the first time the great Burden Bearer.

"In the afternoon we held our second service, and it was like gathering in a harvest. There wasn't much said; there seemed no need for talking, but when I left Danvers that evening I felt that Christ had risen again and that to many men I was leaving, though in stripes and behind prison bars, the peace that passeth understanding, a renewal of hope and faith in God and mankind."—Cincinnati Commercial Tribune.

The Easter Bore Supplies the Eggs.

In Germany not the hen, but the hare, is responsible for Easter eggs. The houses in which good children live are visited at night by a white hare, who hides numbers of beautifully colored eggs in nooks and corners for the children to find with much merrymaking on the morrow.

An Easter Song.

[By Mrs. J. H. Lambert.]

Dear God, how good thou art to me this Easter day.

Thou knowest, all my life, I have been loath to do

I could not see why fragrant, bright hued flowers should bloom

To fade so soon nor why the summer birds their way

To warmer clime when cold days came, their dulcet songs

I wanted southern ease, fair fruit and broad expanse

Thou gavest me toil and northern city walls! Nature's

I see but in the sun, the moon, the stars, when I

And even now a breath of sweetness wafts from flowers

Down at my feet, and I, dear Lord, give thanks for earth

—Philadelphia Times.

Had Solved the Problem.

"Women are still pushing their way into all industries."
 "That's so. I have just been discharged to make way for a woman."
 "You have? Well, well! What are you going to do now?"
 "I am trying to marry the woman."

NEWS IN BRIEF

A. L. Belding, who murdered his wife, his mother-in-law and Frank Woodward, and seriously wounded his father-in-law, was hanged at Portland, Ore.

Judge McMillan of the United States court of New Mexico will be given a hearing at Washington on the charges which have been preferred against him, involving his official and personal character.

Professor Cantelmann has been regularly reappointed leader of the United States Marine band, with the pay and allowances of a lieutenant of marines.

The steward of the British steamer Tanagra, at Boston from Shields, was lost overboard and drowned on March 5. He was Louis Lethiey, 50 years old, and lived in New York.

Because of the typhoid fever epidemic at Ithaca, N. Y., President Schurman of Cornell has arranged with President Raymond of Union college that such Cornell students as so desire may take the spring term work at Union.

Joseph Blount was found dead in an out-house at his home in Central Falls, R. I., having committed suicide by cutting his throat. He was 66 years old and had been in ill health.

William Heindorf, 3 years old, was run over by an electric car at Clinton, Mass., and instantly killed. The boy's body was badly crushed.

Officer Constantly Guards Cooke
 Boston, March 27.—Walter S. V. Cooke, the alleged defaulting treasurer of the Milford Co-operative bank who has been suffering from a self-inflicted wound, is said to have recovered from the pistol wound, but is still being treated for a stomach trouble. The physicians expect that he will be turned over to the authorities within a month. As it is, he is constantly guarded by an officer.

Dr. Day, president of Andover Theological seminary will preach at the Wollaston Congregational church Sunday morning.

BRAINTREE.

Some of the members of Anti-Camp are assisting Camp 36 in their presentation of the Drummer Boy of Shiloh at the Opera house, East Weymouth this week.

The L. A. society held a sewing meeting with Mrs. Maria Hollis, Thursday. Next Thursday, April 2, the meeting will be at Mrs. Alice B. Hayden's on Thayer place. Come early. Mrs. Fred Thayer and Mrs. F. L. Chandler were initiated into the L. A. S. last Monday evening.

Blue Hill Lodge No. 208, A. O. U. W. will work the degrees on two candidates at the next meeting in G. A. R. hall next Wednesday evening. Brothers Warren B. Keith and E. G. Annis will have charge of the "social hour" to follow the meeting. The cribbage and whist teams are practicing for the tournament games with Brockton and Campello lodges.

A little daughter entered the home of Mr. and Mrs. Raymond McDonald of Franklin street last week Wednesday.

Mrs. Henry Peach of Malden spent Thursday with Mrs. J. H. Schraut of Franklin street.

Mrs. W. A. Kane is showing to her friends a very small box containing twelve, egg-shaped, very small oranges recently received from Jacksonville, Florida. The box is five inches long by two inches wide.

The Good Will society held an all day quilting bee in the South Congregational chapel, Thursday.

Morrill Williams of Union street is confined to the house by sickness.

Mr. and Mrs. Frank Corser have moved from Hancock street to Holbrook.

Mrs. Mellen of Summer street is confined to the house by sickness.

William E. Wilde, formerly of South Braintree, was up from Plymouth this week to see the boys.

Rev. David N. Beach of Maple street is supplying the church in St. Johnsbury, Vt., while its pastor is abroad.

Miss Knight of the Penniman school took the children of the primary department for a walk Thursday forenoon to observe the growing flowers and hear the birds. Children of six and seven years are very observant of the music of birds, much more so than one would suppose.

Thursday was ladies' evening at the First church prayer meeting. The meeting in charge of the ladies was very interesting.

Friday afternoon, Mr. Franklin D. Thayer was able to be brought to his home, from the Homeopathic hospital in Boston where he has been for treatment. Mr. Thayer's many friends will be glad to hear that he is doing finely.

Joel F. Sheppard has purchased of Thomas A. Watson the tract of land on Shaw street situated at the corner of said street and the private way leading to Nelson Bros.' farm.

Mrs. Henry Hayden and children have been visiting her brother at Whitman the past week.

Work has begun on the excavation for the new rolling mill of the Victor Metal Works. This building is to be situated on the opposite side of Mill street from the factory.

Miss Mary Baker, who was severely burned by having her clothing ignited from a brush fire, the latter part of last week, died at her home on Liberty street Friday morning. The funeral services will be held at her late home Sunday afternoon.

The Jonas Perkins School Association will meet next Tuesday evening with Mr. and Mrs. D. G. Doane.

Mr. and Mrs. B. J. Loring were entertained over Sunday by Col. and Mrs. Kaplinger of Springfield. Saturday evening Mr. Loring gave his illustrated lecture, "Lights and Shadows of Child Life" before a crowded house and Sunday Mrs. Loring spoke for the Spiritualist society of that city.

Moderator B. Herbert Woods has appointed the following appropriation committee to serve next year: Charles C. Mellen, William Cuff, F. Eugene Dyer, George D. Finnegan, Walter S. Osborne, William H. Dam, Albert A. Drollett, William May, George E. Sampson, Hartley L. White, William Allen, David G. Doane, Nathaniel F. Hunt, Charles G. Jordan, and Charles G. Sheppard.

At the South church Sunday morning Rev. Allan Hudson of Brockton will preach at 10.30. The evening service will be the fourth in the Lenten series, with an illustrated sermon on "Jesus, the teacher." Mrs. Oakman will sing the illustrated hymn, "Rock of Ages." Monatiquot Council, number 987, Royal Arcanum, gave a well attended smoke talk in Odd Fellows' hall Wednesday evening. Past Grand Regent, Daniel R. Beckford, Jr., was present and delivered a wholesome address upon the merits of the order. H. Stewart Nolon, reader, also entertained by choice selections, winning his audience.

Our genial Tree Warden desires the Braintree people to become familiar with the laws which protect the trees under his care.

A meeting of the primary department of the County Sunday schools will be held this afternoon at 3 o'clock, in the First church chapel.

Golden text: "The Lord knoweth the way of the righteous; but the way of the ungodly shall perish. Psalm 1:6 Sunday School at 10.45 a. m. Wednesday 7.45 p. m., a testimony and experience meeting. Reading room open Tuesday, Thursday and Friday afternoons from 3 to 5 and Tuesday evenings from 7 to 9 of every week. All are welcome.

PLASMON

Is the nutrition of pure, sweet milk in the form of a cream-colored powder. In its preparation all the nutritive qualities of milk are retained, freed from fat and sugar. One teaspoonful is equivalent to an ordinary beefsteak. It will give increased nutritive value to all foods when added to them, without affecting their flavor.

Ask your Grocer or Druggist for it.

Plasmon Co. of America

Centennial Building,
New York.

(Literature mailed free for the asking.)

"The only needful thing is to get the Plasmon into the stomach—dissolved or in clods or petrified or any way, so it gets there. The stomach will praise God and do the rest."—Mark Twain.

BOSTON AMUSEMENTS.

COLONIAL THEATRE.

Klaw & Erlanger certainly made a master move in arranging with Messrs. Rich, Harris and Charles Frohman for an unlimited booking of their production of the great Drury Lane spectacle, "The Sleeping Beauty and the Beast," at the Colonial Theatre, Boston. It is now in its eighth week, and the manner in which the theatregoers are crowding to witness this glorious stage spectacle, plenty of time to write ahead and book their seats. Otherwise they would very likely find it a difficult matter to get satisfactory ones if they waited until the last moment. To enumerate all the scenes and incidents of "The Sleeping Beauty and the Beast," to say nothing of attempting to describe in detail the gorgeousness of its equipment from a costume and electrical standpoint, would be to write a book. Words fail to adequately describe the magnificence of the production. That the public is keen to its charms, however, is best told by the enormous patronage extended from all parts of New England. The fun features, the songs, the ballets, the music and the clever specialties have all met with popular approval. Matinees are given on Wednesdays and Saturdays at the Colonial during the run of this attraction.

CASTLE SQUARE THEATRE.

For next week's attraction at the Castle Square Theatre Henry Pettit's English melodrama, "The Black Flag," is announced. This play had its first production nearly 25 years ago in London, and has held its place on the English and American stages from that time till now, its value having been recognized whenever and wherever played. The title originated in the custom of running up a black flag at Portland prison, England, as a sign that a prisoner had escaped, and the plot deals with complications in the experiences of two half-brothers, sons of a stern old English farmer, one a thoroughly good fellow and the other a confirmed rascal. Portions of the action pass in Portland prison and the cleverly constructed scenes afford opportunities for some very elaborate and realistic stage effects, preparations for which are being made by the scenic and mechanical departments of the theatre. The leading characters have been cast as follows: Harry Glyndon, John Craig; John Glyndon, John Sainpolis; Owen Glyndon, James L. Seely; Ned, Mary Sanders; Captain Handyside, Edward Wade; Jim Seaton, Wm. Hasson; William Rhodes, Lindsay Morrison; Naomi Blandford, Lillian Lawrence; Ruth Glyndon, Leonora Bradley; Topsy Carroll, Izetta Jewel. The usual free distribution of choice chocolate bonbons will be made at the Monday matinee.

Collect the Back Taxes.

The aldermen of Beverly are after the tax collector in that city. They have asked that official to take measures and collect all back taxes.

Kelly vs. Sheehan.

The underlying motives of the present street railway agitation are declared by a writer of the Herald, to be purely personal by many of the men. Over in Quincy, William Kelly, a trolleyman on the Hough's Neck line, is very active. He is understood to be a candidate for state organizer of the national association, and he is not alone interested in the agitation on the Old Colony system, but also is doing a turn at it on the elevated. Against him is P. F. Sheehan, not so active as is Kelly, but also an understood candidate for state organizer of the Amalgamated Association of Street Railway Employees. It is a matter of personal competition with these candidates, it is maintained, which wins out, and so the men of long service are called upon to help out—in this purely individual contest.

Civil Trial List.

The following cases are marked for trial at the civil session of the district court next Tuesday.

449—Swift vs. MacLeod.
 29—Houghton vs. Stetson.
 58—Pine et al. vs. Murphy et al.
 59—May vs. Murphy et al.
 81—Knowles vs. Tilden.

TODAY'S COURT.

Michael Crowley was arraigned for drunkenness at Randolph Case continued until April 25.
 Several continued cases were called and further continued.
 James Murray was fined \$3 for drunkenness at Milton.

—Charity itself commands us, where we know no ill, to think well of all. But friendship, that always goes a pitch higher, gives a man a peculiar right and claim to the good opinion of his friend.

A remedy recommended for patients afflicted with the Grippe is Kemp's Balsam which is especially adapted for the throat and lungs. Don't wait for the first symptoms of the disease, get a bottle today and keep it for use the moment it is needed. If neglected the grippe has a tendency to bring on pneumonia. Kemp's Balsam prevents this by keeping the cough loose and the lungs free from inflammation. All druggists sell Kemp's Balsam, at 25c. and 50c.

BATTLE ON IN EARNEST

Textile Operatives Preparing
For a Long Siege

THE PROSPECT OF BENEFITS

Results in Many New Members Joining the Unions—Mill Agents Declare That Shutdown is Not Intended to Destroy Organizations of Employees

Lowell, Mass., March 30.—With a long mill holiday ahead yesterday was a busy one for union labor in this city, halls being in use by one or another of the many organizations. Interest centered in the Textile council, which for hours was in session at labor headquarters working out plans for controlling the army of textile operatives enlisted under its banner for a 10 percent increase of wages.

Labor men declare that the shutdown has done more to strengthen the union cause than any other incident and that fully 80 percent of all the operatives have joined the unions. This figure is believed to be high, for early last week the Textile council did not claim to have more than 15 percent of the 20,000 operatives in unions, and the mill agents maintained that 60 percent was a more likely figure. Saturday and Sunday hundreds of new members were admitted to the unions, and, probably, by the prospect of strike benefits. In this connection President Conroy and members of the Textile council who are at the head of local unions say that all operatives who have joined in the issue will be cared for.

While the shutdown went into effect Saturday noon there are many people at work today, these being chiefly the finishing room hands, the machinists, section hands and overseers, for the mill agents intend to put property in their charge in good condition for a long period of idleness, to make necessary repairs and to prepare finished product for shipment.

After the Textile council meeting President Conroy stated that plans were perfected for a "long siege," indicating that he believed the shutdown would not be one of a few weeks. He also said that he had been asked to furnish 30 or 40 weavers in a mill outside the state and he would send married weavers there.

The use of labor halls has been given without cost to the Textile council and these places will be fitted up as reading rooms. Fourteen meetings are called for today, and speakers from out of town are expected at several of them.

There is considerable talk among operatives that on Friday an offer of 7 percent increase was offered as a compromise, but one of the mill agents, when asked in regard to this, said it was not so and further added that there was no possibility of the increase. He also said that the matter of a wage increase was taken out of their hands some time ago.

The mill agents deprecate the report that has gone abroad that their intention in a long shutdown is to destroy the unions. They say that their relations with their employees is unchanged, and that there will be as much courtesy between them as heretofore. They feel that after the present situation clears up there will be no evidence of ill feeling and pleasant relations will be resumed.

The Textile council has appointed a ways and means committee to assist the executive committee in its conduct of the strike. This action will go to the local unions for ratification.

There is some talk today of an attempt to start a sympathetic strike at the Lawrence loomery. The Textile council took steps to check it, because the knitters there have been granted permission to remain neutral in this strike. It is not thought likely that work will be interrupted. This loomery is said to employ over 3,000 hands, and is one of the largest in the country.

Efforts are being made to unionize the Greeks in one body and the Poles in another. It is predicted that within a few weeks the Greek colony will number 5,000, so rapidly are they coming here.

Employers' Proposition Accepted—Somerville, Mass., March 30.—Over 600 employees of the American Tube Works met yesterday to consider the proposition of Treasurer Cotton of the Tube Works in reply to their demand for a nine-hour day, double time for Sundays and legal holidays and time and a half for all overtime. The com-

pany was willing to pay the extra for Sunday and overtime, etc., but in regard to the nine-hour workday the company proposed that the men work 10 hours a day five days in the week and on Saturday five hours, the year round. It was agreed to accept the proposition made by the company.

Parkhill Strike Continues—Fitchburg, Mass., March 30.—The striking weavers at the Parkhill Manufacturing company, who have been out now three weeks on a demand for an increase in wages, have voted to continue the strike.

Suit Blocked by Reinstatement—New York, March 30.—The Union Boat club yesterday reinstated C. S. Titus, the oarsman. The club passed a resolution which recited that there had been a technical irregularity in his expulsion. Titus brought suit to the courts to compel the club to reinstate him, and the matter was to be heard tomorrow.

Busy Legislative Session Ended—Augusta, Me., March 30.—At 2:35 yesterday morning the house of representatives adjourned until Sept. 1 and the senate followed its action a few minutes after. Thus the first session of the 71st legislature of Maine is at an end. The governor has signed 664 acts and 148 resolves. Two years ago he signed 466 acts and 118 resolves.

Watching For April Coal Circular—Scranton, Pa., March 30.—No one is looking forward more anxiously than the miners to Thursday, when the operators issue the April circular, which will contain the price list on which the rates for coal will be based for a year. Invariably, so far, the price has dropped 50 cents a month for five months, when the 50-cent drop is completed and continues stationary for the winter. Coal is now selling for \$5. If it is cut to \$4.50 and advances 10 cents a month until September, the miners, under the award of the strike commission, will next winter be receiving a 20 percent advance over the present rates of pay, as they are to get a 1 percent advance for every advance of 5 cents a ton that coal takes in excess of \$4.50.

Superstitious Italians—Boston, March 30.—In rushing for an electric car in the Park street subway station yesterday, Pircey Porcellino, one of a gang of 100 Italian workmen on their way to Waltham, fell under the car and was crushed so badly that he probably cannot recover. The other members of the gang refused to go to work, saying it was bad luck to do so after one of their comrades had been injured.

Successful Season For Sealers—St. Johns, March 30.—The sealing steamer Virginia Lake and Aurora arrived here yesterday from the ice fields, the former with 25,000 seals and the latter with 23,000. They report a total of 238,000 seals for two-thirds of the fleet, and this year's catch is likely to reach 360,000 seals altogether.

NEWS IN BRIEF

The new archaeological department of Phillips Andover academy, costing \$80,000, was formally opened with a public reception. The building and 48,000 specimens it contains is the gift of two friends of the institution whose names are withheld at their request.

William W. McKean, who for 27 years was editor-in-chief of the Philadelphia Public Ledger, died at Philadelphia, aged 83. Although he prepared himself to study law, he took up journalism in 1850.

Former State Senator Timothy J. Fox died at New Haven from pneumonia. He was one of the oldest members of the New Haven county bar.

Representatives from eight states met at Norfolk and formed a combination of almost all the wooden dish manufacturers in the country. The meeting was primarily to regulate prices, but several plans which are expected to result in the betterment of trade were adopted.

In an elevator accident at the Quincy house, Boston, Robert Mooney, 48 years old, and for 16 years a bootblack at the hotel, was killed.

John H. Studley, one of the best known street railway men in the east, died at Boston, aged 75. He acquired reputation in connection with various legal controversies which marked the earlier history of street railroading in Boston. He served his district two terms in the legislature.

President Diaz of Mexico has consented to name the empire in the commission for the adjudication of Spanish claims against Venezuela.

Joseph Gaghan of Worcester was run over by a freight train and killed at Ayer, Mass.

The German military authorities have successfully experimented with wireless telegraphy along the line of the military railroad between Berlin and Zossen, 18 miles.

Almira Sturtevant, aged 8, was playing in the yard in front of her home at Bath, Me., when a bullet passed through the flesh of her right arm. The reckless shot could not be found, but it is presumed the shooting was accidental.

AGREEMENT WITH THE ENGINEERS.

To Continue for Two Years and Provisions for Future Differences.

The threatened strike among the engineers employed in the Quincy granite district has been averted, an agreement having been reached between committees representing the Granite Manufacturer's Association and Engineers' union.

Numerous meetings of the two committees have been held but it was not until Friday night that they reached an agreement which was signed Saturday night by the chairman and secretary of each committee.

The demand made by the Engineers' Union some weeks ago in brief was as follows:

That eight hours shall constitute a day's work.

That the minimum rate of wages for an engineer having charge of a stationary plant shall be \$18 per week holidays included; of an engineer having charge of a hoisting or portable plant \$15 per week, including holidays.

That broken or loss time shall be paid for at the rate of 35 cents per hour. That overtime shall be paid at the rate of time and one-half, and double time for Sundays and holidays.

The agreement as adopted by the two committees goes into effect April 1, provides that eight hours shall constitute a day's work, the time required for raising steam and getting ready to start not to be considered overtime.

That the minimum wages of an engineer of a stationary plant shall be \$15 per week, and the average rate per week \$16, holidays included.

That the minimum wages of an

engineer of a hoisting or portable plant shall be \$15 per week, holidays included.

Minimum wage of engineers of a skeleton engine 25 cents per hour. Those receiving 25 cents to receive an increase of 5 per cent.

Overtime when ordered by an employer to be paid for as follows: Regular working days at regular rates; Sundays, time and one-half; Decoration Day, July 4, Labor Day, Thanksgiving and Christmas one-half time in addition to regular pay.

Other items in the agreement provide that engineers shall not be required to leave their engines to perform other duties unless their fire is banked or another engineer left in charge.

That they shall have all machinery in their charge ready to start at the proper time.

That in case of any trouble or misunderstanding, work shall proceed pending adjustment by committees.

That engineers wishing to leave their employment shall give at least one week's notice.

That the agreement shall remain in force until April 1, 1905.

At that time should any changes be desired they shall be referred to a joint committee, and if they fail to agree to a board of arbitration, whose decision shall be final. Notice of changes desired to be given three months previous to April 1, 1905. If no change is desired this agreement to remain in force from year to year.

THE NEW ENGLAND WIRE.

Safe Blowers Clean Up \$1200 at Springfield—Church Choir on a Strike At Worcester.

Springfield, Mass., March 30.—Professional safe blowers broke into the big grocery store of Rood & Woodbury in this city, obtaining \$1,200 and escaping without any difficulty.

The store is on Main street, near the heart of the business section. D. B. Montague of Emery street, in the rear of the store, was awakened about 1:30 Sunday morning by a sound now believed to have been the explosion which wrecked the safe. A few minutes later he heard a heavy wagon drive from the rear of the grocery store.

Entrance was obtained by the burglars through an ice chute in the rear. Precautions were first taken, for the front door keyholes were afterward found plugged with wood, to prevent the quick use of keys. The safe door was drilled, the safe covered with water-soaked potato bags and the rest was easy. Every cent of money in the store was taken, the thieves thoroughly ransacking all drawers. Fifteen tin boxes, each filled with \$5 in change for the use of delivery men, were carried to a counter and broken open. The police have been unable to obtain any clue of even the slightest value.

Laid In Swamp For Months—Southampton, Conn., March 30.—The mystery in connection with the disappearance of William Hall, aged 18, on Nov. 13 last, was cleared up yesterday when a party of boys found Hall's body in a swamp in the northern part of the town. Near the body was a gun and the pelt of a fox. Medical Examiner Steadman is of the opinion that Hall shot the fox but did not succeed in killing it, and rather than injure the pelt started to club the animal to death and in doing so accidentally discharged the gun. A bullet wound was found in Hall's breast.

Inquest on Triple Tragedy—Providence, March 30.—The inquest into the deaths of Misses McAloon, Tierney and White, who were killed on the railroad tracks at Phillipsdale on March 20, is concluded. It developed that the engine, at the time of the accident, was light, running backward at the rate of 15 miles an hour. The whistle was blown just as a freight train which the victims were trying to avoid came in sight around a curve, but neither the engineer nor the fireman

saw any one on the tracks. Coroner Babcock did not file his report on the inquest.

Choir Refused to Sing—Worcester, Mass., March 30.—The volunteer choir of the Church of the Covenant went on strike yesterday and refused to sing because of a newspaper article in which the pastor, Rev. Lyman Mevis, was quoted as saying he would like to have soloists volunteer at the evening service because the church wanted to hear some good singing, but could not afford to pay for it. The pastor tried to explain that there was no reference to the choir, but there was no singing except by the congregation.

Discouraging to Lumbermen—Dead River, Me., March 30.—The snowstorm of Saturday night tied up the log drives on Alder stream, Stratton brook and the south branch. The north branch drive had to tie up yesterday. What logs are in the main stream will be cared for probably, but the water is falling rapidly. Several days of exceedingly warm weather, or at least two days of heavy rains, will be necessary for anything like success to the Dead River drives.

Money and Rings Gone—Milford, Mass., March 30.—Mrs. Maud Trimley had \$500 and two diamond rings valued at \$150 tied up in a handkerchief and hidden between bedticks in her home on School street. Late yesterday afternoon, while she was away from home, an oil heater exploded and set the bed afire. There was slight damage to the house, but the money and rings could not be found.

Alleged Murderer Located—Taunton, Mass., March 30.—The police have received photographs of a bartender, arrested under the name of George Holmes by the authorities at Tacoma, Wash., and which has been identified here as a likeness of John E. Gallagher, who is wanted here for the murder, Nov. 21, 1893, of Joseph McMahon, a fellow-employee in the street railway company.

Drift of Opinion.

It seems as if an epidemic of dis-
 closures were upon us in regard to vote
 buying in our immediate vicinity.
 What is a matter of common knowledge
 in Rhode Island is enough to make any
 New Englander blush for his state. Yet
 it is nearly equalled by the practices
 which are revealed in Boston. Further
 inquiry about the recent contest in the
 Essex congressional district last fall
 shows that there was some "funny
 business" there. A large block of
 voters who were registered and voted
 in Salem are now impossible to be
 found. One of the well informed
 Essex politicians says Mr. Shaw had
 no ticket in Salem and therefore the
 suspicion cannot attach to him. The
 contest in the 9th congressional district
 shows that there were plenty of ques-
 tionable transactions. It seems to be
 expected that such things will occur in
 our large cities.—Fitchburg Sentinel.

HER 93d BIRTHDAY.

**Mrs. Susan Preston Curtis Never
Had a Physician for Sickness.**

On Sunday occurred the 93d birthday
 of Mrs. Susan Preston Curtis, one of
 the oldest ladies in the city of Quincy.
 Her life presents the remarkable record
 of almost perfect health during all
 these long years, the services of a
 physician never having been required
 for sickness.

She is an ideal "old lady" with
 lovely white hair, bright sparkling
 eyes, and a complexion like a lily,
 and is as intelligent and vivacious in
 conversation as a woman of forty. It
 is almost impossible to realize when
 listening to her, that she was a sweet
 and beautiful girl in the days of John
 Adams, John Quincy Adams, General
 Lafayette and other notables of the
 early days of the last century, and was
 as old as some of our school children
 when the battle of Waterloo was fought.

She was married on Nov. 3, 1829,
 and has living at present two children,
 four grandchildren and five great-
 grandchildren.

Although no formal celebration of
 the day was prepared, many friends
 and relatives from Boston, Dorchester,
 Dedham and other places were more
 than pleased to call with gifts and
 flowers and congratulate her on the
 notable occasion, and all united in hop-
 ing that her journey down the western
 slope may be long and pleasant.

A. J. P.

New Store.

E. E. Gray & Co., the well known
 Boston wholesale grocers, have opened
 a branch store in the Music hall block.
 Although the store is doing business,
 the formal opening sale will be on Sat-
 urday when half a pound of the best
 mocha and java coffee will be given to
 all purchasers of twenty-five cents or
 more. Although orders for all kinds of
 groceries will be taken, the Quincy
 store will be devoted largely to butter,
 cheese, eggs, tea and coffee.

On goods in these lines the firm quote
 extremely low prices. Their store is
 centrally located nicely arranged and
 they should command a good patronage.

DIED.

WOODMAN—In South Braintree, Mar. 29,
 Mrs. Lydia A., wife of Mr. George M. Wood-
 man, aged 60 years, 8 months and 19 days.

THE Y. M. C. A.

What the Association is Doing in
 This Country.

The international committee of the
 Young Men's Christian Association
 which conducts its executive and
 advisory work by departments, each
 department having its own secretaries
 who are specialists in their several
 lines, has recently created a new de-
 partment—"The Industrial Depart-
 ment."

The above committee already has
 its City, Railroad, Educational, Army,
 Navy, Boys, Physical, Student, and
 Colored Men's Department. With the
 addition of this new department a large
 industrial work will be inaugurated
 which is destined to play a large part
 in solving the labor problems of the
 day.

A number of manufacturing establish-
 ments are already helping their men
 support a Y. M. C. A. Among these
 are the Millwright Company of
 Milwaukie, Pa., the Johnston Iron
 Works of Lorain, Ohio, and the Ver-
 mont Marble Company of Proctor, Vt.

The last named company has recently
 given a marble building costing \$30,-
 000 for its men.

MALDEN Y. M. C. A. BUILDING.
 Cost including lot \$97,000. Population of
 city, 33,600.

Over one hundred Associations, fol-
 lowing the example set by the Cleveland
 Association, are holding "shop Bible
 classes" during the lunch hour. The
 superintendent of a large machine shop
 said that he had been trying for twenty
 years to eradicate vulgarity and profanity
 from his shop, but had not succeeded.
 The Association Bible class for thirty
 minutes at the lunch hour, had done
 this thing that he failed on, and had
 taken less than a year to do it. We
 read in the newspapers daily of strikes
 and serious interruptions in industrial
 world, and it is conceded by students
 of sociology that our social problems
 are becoming more and more serious
 and large employers are coming to
 realize that the Y. M. C. A. is of dis-
 tinct value in the work it is doing for
 men throughout the country through its
 varied departments.

Education Day.

Sunday was "Education Day" at the
 Wollaston Congregational Church. At
 the morning service Dr. Charles O. Day
 of Andover spoke of the work done by
 the Congregational Education Society
 in the west and south, and a collection
 was taken up for the aiding of the
 work. The evening service was devoted
 to an interesting talk by Mr. Edwards,
 principal of the Snow Hill School, Ala-
 bama, under the auspices of the Mission
 Study Club. Mr. Edwards was with
 Booker T. Washington at Tuskegee
 for five years, before he began his work
 at Snow Hill with three students and
 fifty cents. Today he has 400 students
 and 25 teachers. A collection of \$30
 was given him, \$5 of which was donated
 by the Y. P. S. C. E.

Ironize Your Blood

With the new iron
 tonic Peptiron, and
 you will have good
 color.
 Iron in the blood
 unites with oxygen
 in the lungs, and the
 two together make the blood red.
 The more iron, the more color.
 Peptiron is a radical cure for anemia
 and paleness, whatever the cause of
 the trouble; and while it puts iron
 into the blood and color into the face,
 it puts strength into the nerves and
 builds up the whole system.
 It is agreeable to the taste and ac-
 ceptable to the stomach, and you can
 be sure it will not constipate you nor
 injure your teeth.
 Call for Peptiron.
 Among the first to take Peptiron was a
 young lady employed in a Lowell office. She
 writes: "I have now been taking Peptiron
 for about a month, and am
 sure it is doing
 me good."
 There is no question about it, for the pal-
 lidness has changed to the rosy tint
 of health. I am not so nervous, and work
 turns off more easily."

Peptiron is made in two forms: In a liquid—
 an aromatic cordial elixir—at \$1 per bottle;
 also in chocolate-coated pills at 50c. or \$1 per
 box. By C. I. HOOD CO., proprietors Hood's
 Sarsaparilla, Lowell, Mass., U. S. A.

Selling Agent in Quincy:
E. J. Murphy, 1657 Hancock St.

THE TUBE WORKS.

Agreement Reached with Employees
 Without a Strike.

Quincy has an interest in all that
 pertains to the American Tube Works
 soon to locate near the Fore River
 shipyard. For over fifty years the
 company has done business without the
 slightest friction until a recent date.
 Sunday the employees voted to accept
 the terms offered by the company in
 answer to the recent request of the
 men for better pay, except as regards
 pay for the casters. The terms offered
 are 55 hours a week, 10 hours for five
 days and five hours on Saturday, with
 double pay for work on Sundays and
 holidays, and time and one-half for all
 other extra hours.

The union voted to send the com-
 mittee which has handled the matter to
 confer again with the firm, to ask for
 an increase of pay for the casters equal
 to the reduction in hours, and also to
 learn when the new schedule is to go
 into effect, the men suggesting next
 Saturday. The request of the men was
 a nine-hour day, six days in a week.

A part of the reply of the company
 to the request of the union is of general
 interest.

We note, what you say as to the in-
 creased cost of living, the business of
 the country and the prosperity of the
 country. We hope you will look at
 these matters from the point of view of
 your employer, as well as your own.
 The same increased cost of living
 affects us, while the cost of man-
 ufacture resulting from the recent or-
 ganization of enormous trusts control-
 ing raw materials has very largely in-
 creased our running expenses, while no
 corresponding increase in the market
 values of our product has resulted.

As to the prosperity of the country,
 as a result of careful study we fear
 that the present apparent prosperity
 may be fictitious and artificial, result-
 ing from numerous combinations of
 capital and the floating or "new securi-
 ties" at exaggerated values. The present
 indications to our mind are unfavorable
 rather than hopeful, and we fear that
 the reaction and crisis which seems to
 be inevitable will be largely promoted
 and intensified by the general unrest of
 employees, to which you have referred.
 The tendency and purpose of combina-
 tions seem to be to drive out of busi-
 ness concerns like ourselves, or to com-
 pel them to join some trust or monop-
 oly.

Early Fishing Season.

A week ago the welcome news ar-
 rived that the Penobscot River in Maine
 was free from ice. The significance of
 this brief message is properly inter-
 preted only by the person who is an-
 ticipating with impatience and fervor
 the time when he can cast a fly into
 the depths of a Maine lake or rivulet.
 It is true that the ice this year has
 left the rivers of Maine at an unusually
 early date. In fact, not since 1871 have
 the rivers and ponds been so clear and
 free as at the present time. This
 means an early fishing season, and an
 early season means a longer one.
 Maine has devotedly looked after her
 visiting sportsmen in the past in a truly
 commendable manner, but from the
 looks of the preparations which the
 camp owners and hotel proprietors are
 already making, it is plainly evident
 that she aspires this year to outdo her-
 self and her glories of the past.

The lakes and ponds throughout the
 state have been wisely stocked from
 year to year, so that all danger of a
 dearth, no matter how large the invad-
 ing army, is eliminated.

Sebago, the Dead river region, Moose-
 head lakes, the Aroostook region, Lake
 Umbagog, Lake Umbagog, and others
 have their attractions.

Send two cents to the General Pas-
 senger Department, Boston & Maine
 Railroad, Boston, for their booklet,
 "Fishing and Hunting," which includes
 the New England fishing resorts in de-
 tail.

The death of Miss Frances E. Dilla-
 way on Thursday of last week was the
 second within a month in one house-
 hold, Mrs. Henry B. Brown having
 died March 4. Miss Dillaway was
 apparently in her usual health, and had
 just partaken of a hearty supper.
 While seated in an easy chair she was
 stricken with death and passed away
 immediately without speaking. Her
 brother was in the room at the time.
 The funeral at 2 P. M. Sunday was at-
 tended by many Boston relatives and
 Quincy friends. Rev. E. C. Butler
 officiated and there was music by a
 mixed quartette. The floral tributes
 were beautiful. Interment was at Mt.
 Wollaston.

Today's Court.

Angelina Di Bona was arraigned for assault
 at Quincy. Case continued until Saturday.

John Reiley was arraigned for assault on
 Michael Flannigan at Quincy. Case continued
 until April 11.

The continued case of Joseph Boule of
 Quincy was called and he was defaulted.

Harry A. Noonan, Ralph E. Tirrell and
 Ernest W. Blanchard were arraigned for dis-
 turbing the peace at Weymouth. Their plea of
 not guilty was accepted and they were fined \$3 each.

Joseph Morita and General Weagles were
 arraigned for violation of the rules of the
 Metropolitan Park Commission at Milton and
 were fined \$5 each.

CITY BREVITIES.

Observations in Daily Walks of
 Ledger Reporters.

R. R. Smith of Granite street is con-
 fined to his home by illness.
 The Boys' Glee Club meets tonight at
 the Wollaston Baptist vestry.

Mr. and Mrs. A. T. Leavitt of Lincoln
 avenue have returned from Pinehurst,
 N. C.

Golden Cross lodge will hold a whist
 party in Wilson hall on Thursday
 evening.

Rednor Coombs of Billings street has
 returned from New York where he has
 been spending several weeks.

Miss Helen Barnes of Wollaston
 spent the latter part of last week with
 Miss Ethel Hill of Walker street.

Mrs. Thomas Hewson of Newcomb
 place leaves the last of the week for a
 four weeks' visit at St. Johns, N. B.

Rev. Frank Pratt preached a very
 deep and interesting sermon Sunday
 morning on "The growth of personal-
 ity."

Miss Elvira Ewell of Hampden
 Circle, Norfolk Downs, has been con-
 fined to her home the past week with
 the grip.

Mrs. Joseph W. Dennen accompanied
 by her daughter Mrs. Frederick W.
 Tirrell have gone to Brattleboro Vt. on
 a short visit.

Albert G. Dolliver, chairman of the
 Republican City Committee, and John
 W. Graham, left Saturday night for a
 trip to Bangor, Me.

There was heavy travel on Sunday on
 the Houghs Neck line of the street cars
 and it was necessary to run extra cars
 on many of the trips.

The new fire station at Houghs Neck
 has been completed and the contractor
 W. R. Lofgren will turn the building
 over to the city today.

W. A. Bradford, the plumber, is
 now in business for himself, and has
 a temporary office with Julius John-
 son in the Adams building.

There was a union meeting for boys
 at the Wollaston Congregational church
 Sunday afternoon led by Mr. Herbert
 Bailey, and a union meeting for girls at
 the Baptist church.

There was a large attendance Saturday
 evening at the Swedish Lutheran church
 to listen to the illustrated lecture by
 Prof. Timothy Drake on the Passion
 Play of Ober Ammergau.

The singing at the Wollaston Con-
 gregational church Sunday, under the
 leadership of Mr. King, was unusually
 good. It is a surprise to many to find
 such excellent singing outside of the
 large cities.

Mrs. Henry Smith and Miss Lillian
 Smith, formerly of Wollaston, who
 have been living in New York City for
 the past year, were in Wollaston last
 week visiting friends. Their future
 residence will be Niagara.

Master Carl Stocker of Botolph street
 was hit in the eye by an arrow, which
 a little friend of his accidentally shot
 from a bow while playing. The acci-
 dent, however, was not serious enough
 to deprive Master Stocker of his sight.

The Granite Manufacturers Association
 will hold a winter banquet on Sat-
 urday evening, April 4, at the United
 States Hotel, Boston, followed by a
 theatre party. The committee are
 striving to make this the most enjoyable
 time that the association has yet had.

Giuseppe Bapuri employed as a laborer
 in the construction of the metropoli-
 tan sewer at Houghs Neck, fell from a
 staging to the bottom of the tunnel
 Saturday afternoon and fractured a hip
 bone. He was taken to the City Hos-
 pital.

Mr. George Solomon Thayer Whiting
 observed his 89th birthday Sunday by
 attending the Birthday church in the
 morning and making a few calls. Mr.
 Whiting is one of the oldest members
 of the church and a strong prohibition-
 ist. He talks bright and intelligently
 and is as strong and healthy as many
 who are years younger than he.

The members of the Edward Hewit-
 son Associates met Saturday evening at
 Robert Sibley's and listened to an in-
 teresting talk on the "Modern battle-
 ship" by Lieut. Watt, Superintendent
 at the Fore River shipyard. Mr. Sibley
 also gave some reminiscences of his
 career in the Civil War. The musical
 part of the program consisted of vocal
 solos by Master John Findlay and violin
 duets by Miss Sahr and Mr. George
 Anderson. Miss Mary Chase was the
 accompanist. After the meeting ad-
 journed refreshments were served.

Danger of Colds and Grip.

The greatest danger from colds and grip is
 their resulting in pneumonia. If reasonable
 care is used, however, and Chamberlain's Cough
 Remedy taken, all danger will be avoided.
 Among the tens of thousands who have used
 these remedies for these diseases we have yet to
 learn of a single case having resulted in pneu-
 monia, which shows conclusively that it is a
 certain preventive of that dangerous disease. It
 will cure a cold or an attack of the grip in less
 time than any other treatment. It is pleasant
 and safe to take. For sale by all druggists.

W. A. BRADFORD,

Pl

FURNITURE LOGIC.

The Real Bargain and the Imitation.

The greatest evil in the country today is the misuse of the term BARGAIN, which misleads thousands and thousands of honest people. Manufacturing industries are being demoralized to cheapen the cost of articles. The imitation is made to look like the real, by using inferior qualities of stock and making cheats and bad workmen of countless boys that might otherwise become mechanics of high skill, just for the sole purpose of making goods to sell as bargains, and sap the hard earned money of millions of people by giving worthless values and filling homes with rickety furniture, unhealthy and unsightly garments and poisoned food.

Occasionally we lose a customer who is misled by the deception of an article offered as a bargain in some other store. We have lost a sale, but kept our reputation, and will probably get that customer when the deception of the cheap article shows. Honesty is the best policy, slow as is the lesson in learning, and its just to this latter policy our success and steadily increasing business may be attributed.

There are many people yet to learn of our stores and our store methods. More for your money here, quality being equal, than in any other store in New England. Honest Reliable Goods. No deception. No matter what you may need for your home this spring we have much for your consideration.

Board of Railroad Commissioners.

Boston, March 27, 1903.

ON the petition of the Fore River Ship and Engine Company for the consent of the Board to the construction of a railroad track for private use to be operated by steam power at grade across certain public ways in the City of Quincy and the town of Braintree, between its plant in Quincy to the South Shore Branch of the Old Colony Railroad now leased to the New York, New Haven & Hartford Railroad Company, the Board will give a hearing to the parties in interest at its Office, No. 20 Beacon Street, Boston, on WEDNESDAY, the first day of April, 1903, at half past nine o'clock in the forenoon.

And the petitioner is required to give notice of said hearing by publication hereof three times prior to said date in the Quincy Ledger, a newspaper printed in the City of Quincy, to serve a copy hereof on the New York, New Haven & Hartford Railroad Company, and to make return of service at the time of hearing.

Per order of the Board,
WILLIAM A. CRAFTS, Clerk.
March 28. 3t

Commonwealth of Massachusetts.

NORFOLK, ss. PROBATE COURT.

TO all persons interested in the estate of
JOSEPH W. ROBERTSON,

late of Quincy, in said County, deceased.
Whereas, Alice C. Clark and John Robertson, the trustees under the will of said deceased, have presented for allowance, the tenth and eleventh account of their trust under said will.

You are hereby cited to appear at a Probate Court to be held at Dedham, in said County, on the fifteenth day of April, A. D. 1903, at ten o'clock in the forenoon, to show cause if any you have, why the same should not be allowed.

And said trustees are ordered to serve this citation by delivering a copy thereof to all persons interested in the estate fourteen days at least before said Court, or by publishing the same once in each week, for three successive weeks, in the Quincy Daily Ledger, a newspaper published in Quincy, the last publication to be one day at least before said Court, and by mailing postpaid, a copy of this citation to all known persons interested in the estate seven days at least before said Court.

Witness, JAMES H. FLINT, Esquire, Judge of said Court, this twenty-fourth day of March, the year one thousand nine hundred and three.

TENNIS SCHEDULE.

Many New Members Admitted to Quincy Tennis Club.

One of the most lively organizations in the city is the Tennis Club. Advantage is being taken of the early season, and already work has been begun on the courts on Whitney road. If the weather continues fine, members will soon be able to lumber up for the summer's sport. The building of the clubhouse last summer added much to the attractiveness of the grounds, and it is the intention of the officers to pay particular attention this season to the care of the courts and their surroundings. The courts are to be equipped with new nets and poles. Steps are being taken to get control of the land of the Russell estate, and then another court will be built on the space to the south of the present grounds. Eventually a second court will be built adjoining this.

At the annual meeting, recently held, the following officers were chosen: President, J. M. Nowland; Vice President, A. W. Hall; Treasurer, T. B. Pollard; Secretary, J. O. Hall, Jr.; Executive Committee, Dr. N. S. Hunting, A. B. Holden and C. A. Price.

By a vote of the Executive Committee, each month of the season has been assigned to one officer, and during that time the grounds are to be under his supervision, and he is to be responsible for their condition.

The following tournaments have been arranged:

April 20.—Club doubles.
May 30.—Handicap club singles.
June 17.—Open doubles.
July 4.—Open singles.
Aug. 1.—Singles (for members who have never won a prize in the club).
Sept. 7.—Open handicap singles.
Sept. 12.—Open handicap singles for ladies.

Suitable prizes will be offered, and the winners of the tournament in the open doubles, June 17, will play for the handsome club challenge cups now held by Messrs. Hall and Holden. Saturday tournaments have been avoided as far as possible so that members may have the courts for play.

At a meeting of the executive committee, held Saturday evening, the following new members were voted in: E. B. Bird, Rev. William E. Gardner, Dr. A. P. Nute, Charles Sampson, H. E. Copeland, C. S. Tilden, W. R. Bateman, L. H. Sturtevant, and G. E. Adams.

The membership of the club is limited to 75, and there are at present only four vacancies. The initiation fee is five dollars and the annual dues seven. Ladies may join the club by paying the initiation fee and half the annual dues. At present sixteen ladies belong to the club. The membership for ladies is unlimited.

The prospects of the club are most encouraging, and the club house piazza is sure to be the center of much sociability during the warm weather.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

A Card.

We, the undersigned, do hereby agree to refund the money on a 50-cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

STORY OF A LIVERYMAN

May Shed Light on the Waterbury Strike Murder

KILLING OF MENDELSSOHN

As Well as the Waterville Attack Attributed to Men Who Drove to the Scene of Both Outrages in a Wagon—Several Suspects Watched

Waterbury, Conn., March 30.—The Republican this morning reveals some new information in the hunt for the murderers of Policeman Paul Mendelssohn, who was shot while guarding a trolley car on the North Main street line on March 8. On Friday night last, as has just been ascertained, a man who has rigs to rent was called before a committee of officials, whose identity is not yet disclosed, and questioned closely as to his knowledge of the events of the night in question. The witness either feared the results of the examination or for some other potent reason decided to have services of an attorney for the examination. Parties who should know regarding the case say that it is believed that the authorities are now on the right scent.

It is believed that the information of the liveryman and other clues are already sufficient to hold several parties on suspicion of the murder and that these parties are residents of the city. Certain of those suspected have left the city, it is believed, but others are still here. The slightest move on the part of any of the suspected parties to leave the city will be watched closely.

There has never been the slightest doubt in the minds of the authorities that the assassins would be caught, in view of the fact that the job was done by bunglers, who undoubtedly had others in their confidence, and because of the marks which characterized both the murder and the assault previously on the car at Waterville. It has been believed from the start that the same parties committed both assaults, and it is almost certain that a wagon was used to convey the assailants to and from the scenes of both outrages.

On the occasion of the Waterville attack one of the crew of the car was laid, unconscious, on the track, with his head across the rail. This showed the evident murderous intent of the assailants.

It is probable that the livery theory has been the strongest one upon which the detectives have worked. The result seems to justify this idea. It is not improbable that there will be arrests within a short time.

Time Limit Expires Tomorrow

Washington, March 30.—Although somewhat out of the regular order, the expectation is that informal exchanges of ratification of the Cuban treaty will be made today or tomorrow by telegraph, so as to meet the requirements that ratification shall be had by the 31st of the present month, when the limit of time within which this may be done expires. Formal ratification by the usual method will be had later. Minister Squieres has notified Secretary Hay of the action of the Cuban senate in ratifying the treaty Saturday.

Barbour Declines Call

Boston, March 30.—Rev. Clarence A. Barbour of Rochester, N. Y., declines to accept the pastorate of Tremont Temple. This was the news read to the congregation of the church yesterday. His letter says in part: "No one more earnestly than I could have sought the leading of Christ. He has not shown me that I would be justified in accepting the pastorate of the Tremont Temple church." He expresses gratification at the confidence in the call.

General Miles' Wife Sick

New York, March 30.—It is learned that Mrs. Nelson A. Miles, wife of the lieutenant general, was taken very ill with heart trouble at West Point Saturday and had to be carried to the hotel where she has been stopping for the last few days while visiting her son, Cadet Sherman Miles. Mrs. Miles is much improved, though still confined to her bed.

Expelled Sisters Reach Canada

St. John, March 30.—Twenty-one sisters of the "Daughters of Jesus," expelled from France under the law of associations, arrived here on the steamer Lake Erie from Liverpool. Most of them are on their way to Three Rivers, where eight houses of the order have been founded because of the law driving them from their convents in France.

Alleged Padding of Payroll

Fall River, Mass., March 30.—William Rutter, overseer for the firm of Marshall Bros., will be arraigned in court, charged with the larceny of \$200 from his employers. It is alleged that Rutter placed on his payroll the names of men who did not exist and kept the money thus secured for his own use.

Yield to Employes

Philadelphia, March 30.—A break in the ranks of the employes in the carriage and wagon builders' strike occurred Saturday night when H. Keyser & Co., one of the largest employers, signed the scale of the union, which includes an increase in wages.

Across the Ocean by Wire-less

London, March 30.—The Times this morning publishes two dispatches from New York which, it announces, were transmitted by the Marconi system of wireless telegraphy. The dispatches contain about 150 words.

CITY BREVITIES.

Frosty this morning.

City Council tonight.

March is going out like a lion.

Next Sunday will be Palm Sunday.

Ice formed Sunday morning and this morning.

Mr. E. J. Sheldon, Winthrop avenue, has the grip.

Out of town schools are enjoying vacation this week.

Do you want your ashes collected upon borrowed money?
Alfred Ball has been confined to his home by sickness since Feb. 23.

Sunday's noon temperature of 40 degrees was the lowest since March 3.

Ames & Bradford have dissolved and Nathan Ames will continue the business.

The annual appropriation order will be considered in the City Council this evening.

The subject for consideration in Mr. Parlin's Bible class Sunday was "The Sermon on the Mount."

Miss Mattie Clean of Walker street has been confined to the house by illness for the past two weeks.

Mrs. Samuel Oxford of River street has returned from a week's visit with her daughter, Mrs. Bates of Waltham.

The Charitable Ten of King's Daughters will meet with Mrs. Frank S. Davis of Elm street tomorrow evening.

H. B. Brown, a special agent of the pension department with headquarters at Portland, Me., is in town for a few days.

The New England Southern Conference will be held in Brockton beginning Wednesday. Bishop Fowler will preside.

Friday afternoon at 3.45, the Loyal Temperance Legion will meet in the vestry of the Congregational church, Wollaston.

Tuesday evening at 7.45 o'clock a cottage prayer meeting will be held at the home of Mr. George Critchley, 178 Highland avenue.

A great many representatives from Atlantic figured prominently on Merry-mount golf links Sunday morning. Some excellent records were made.

At the Mothers' Meeting which will meet at the Park and Downs Church on Wednesday afternoon papers will be read which were heard at the Bethany church recently.

The engagement is announced of Miss Mary McKay of South Thomaston, Maine, and Mr. Alexander C. Marneck of Penn street, this city. The wedding will take place at the bride's home in June.

The directors of the Young Men's Christian Association and the young men of Quincy hold a meeting tonight at 8 o'clock in the School Committee building to discuss the new gymnasium plans.

The New England Conference Epworth League anniversary will be observed at St. Mark's church, Brookline, tomorrow evening at 7.30 o'clock. There will be an address by Rev. Ezra S. Tippet, D. D., of New York.

The funeral of Henry O. Dawson was held Saturday afternoon from his late residence on Sagamore street, Atlantic. The services were conducted by Rev. John H. Whitaker. The burial was at Mt. Wollaston cemetery.

The public is earnestly requested to attend the next meeting of the Day Nursery association, to be held in the Council room, City Hall, tomorrow (Tuesday) afternoon at three o'clock, and to bring any friends interested.

The Wild Duck, Capt. Jack Brainbridge, is one of the first yachts to be put into the water this season. She was launched Saturday and sailed to Wollaston beach. Capt. Jack has sold her and will enjoy himself the coming summer in a launch which is now being built for him at Embree's.

Delegations from George L. Gill Rebekah lodge of this city, Carrie E. Ruggles lodge of Wollaston, Amara of South Braintree and Steadfast lodge of East Weymouth, will attend the grand ball and witness conferring the decoration of chivalry in I. O. O. F. hall, Lynn, this evening, for the benefit of the furnishing fund of the Odd Fellows' Home at Worcester.

WOULD CHECK TIP EVIL.

Reform inaugurated on the Pennsylvania Lines West of Pittsburgh. The executive officials of the Pennsylvania railroad west of Pittsburgh are adopting measures to diminish the tip nuisance on their lines, says a Pittsburgh dispatch to the Chicago Inter Ocean. It was announced the other morning that train porters will no longer be permitted to perform such services as the turning of seats and like services for passengers in order to receive tips in return. The porters who have seat keys have been notified to return them and the yardmasters notified not to give keys to porters or to other employees except brakemen. It is probable that Pennsylvania lines east of Pittsburgh will in a short time make a corresponding move and will decrease the tip evil. Many of the officials are in favor of making it a rule to discharge any employee who receives a tip while in the service.

To Curb Piano Thumpers.

A bill of serious purpose has been introduced in the legislature of Illinois to compel all persons who play the piano in Chicago to take out a license, says the New York Commercial Advertiser. The bill is in the form of an amendment to another bill, which calls for the licensing of all music teachers. If the proposed bill becomes a law, disturbed householders may get revenge on a piano player by having him, her or it arrested for playing without a license, and he, she or it will be liable to a fine of not less than \$10 nor more than \$100 for each offense. The Musical Union of Chicago is the author of this piece of legislation.

No Cup Racing For Deer Isle Men. An agent of the Iselin and J. P. Morgan has been at Deer Isle, Me., to sign a crew for the cup defender Relevance, but has been obliged to return to New York without obtaining a single man, says a Bangor (Me.) special to the New York World. The Deer Isle men who were on the Constitution complain that they were overworked and underpaid. They declared also that the food given to them was unfit for tramps. They have had all the cup racing they want and object to being "bossed around by a lot of kid gloved sailors who know as much about running a boat as an old woman."

Scented Cloth.

Scented cloth, designed for ladies' dresses, is the latest novelty from Paris. The fabric retains its fragrance so long as there is a fragment of the material left. You may tear, drench with rain or fling aside the perfume gown, but its particular fragrance will cling to it still.

Coal Goes Down at Salem.

Salem, Mass., March 30.—Miss Charlotte Fairfield, the woman dealer who has been doing an independent coal business here the past winter, announced a reduction in the retail price of anthracite coal from \$8 to \$7. All the other local dealers cut their figures to conform to Miss Fairfield's price, as they had previously been forced to do. It is possible that dealers may still further reduce prices and that a rate war may be inaugurated.

Reform Decree in Force.

St. Petersburg, March 30.—The measures for the relief of the peasants, outlined in the czar's recent reform decree, are already being carried out. Arrears of taxes amounting to about \$57,000,000 have been cancelled and overdue taxation exceeding \$15,000,000, which the peasants owe to the district authorities, have been assumed by the central government.

WHEN KNIGHTHOOD WAS IN FLOWER

Or, The Love Story of Charles Brandon and Mary Tudor, the King's Sister, and Happening in the Reign of His August Majesty King Henry the Eighth

Rewritten and Rendered into Modern English from Sir Edwin Caskoden's Memoir

By EDWIN CASKODEN [CHARLES MAJOR]

Copyright, 1898 and 1901, by the Boston-Merrill Company

This story began in the Daily Ledger of Monday, March 16, and will be continued daily until completed.

SYNOPSIS.

Chapter I and II.—Charles Brandon kills a duelist on the field of honor and is appointed captain of the king's guard at the English court. The king's sister, Mary Tudor, quickly sets her fancy upon the gallant stranger. Brandon makes a confidant of Edwin Caskoden, master of the dance. III.—Caskoden is attentive to the princess. IV.—Brandon teaches Mary a new dance learned in France. The young princess is shocked at first, then delighted with the sensation of Brandon's arm around her waist. Brandon declares that the girl is perfect, but the game of making love to royalty is dangerous. V.—Brandon crosses swords with the Duke of Buckingham, an unwelcome admirer of the princess.

CHAPTER VI.

A RARE RIDE TO WINDSOR.

THE princess knew her royal brother. A man would receive quicker reward for inventing an amusement or a gaudy costume for the king than by winning him a battle. Later in life the highroad to his favor was in riding him of his wife and helping him to a new one, a dangerous way, though, as Wolsey found, to his sorrow, when he sank his glory in poor Anne Boleyn.

Brandon took the hint and managed to let it be known to his play loving king that he knew the latest French games. The French Duc de Longueville had for some time been an honored prisoner at the English court, held as a hostage from Louis XII, but De Longueville was a blockhead, who could not keep his little black eyes off our fair ladies, who hated him, long enough to let the deuce of spades from the ace of hearts. So Brandon was taken from his duties, such as they were, and placed at the card table. This was fortunate at first, for, being the best player, the king always chose him as his partner, and, as in every other game, the king always won. If he lost, there would soon be no game, and the man who won from him too frequently was in danger at any moment of being rated guilty of the very highest sort of treason. I think many a man's fall under Henry VIII. was owing to the fact that he did not always allow the king to win in some trivial matter of game or sport. Under these conditions everybody was anxious to be the king's partner. It is true he frequently forgot to divide his winnings, but his partner had this advantage at least—there was no danger of losing. That being the case, Brandon's opposite the king was very likely to excite envy, and the time soon came, Henry having learned the play, when Brandon had to face some one else, and the seat was too costly for a man without a treasury. It took but a few days to put Brandon hors de combat financially, and he would have been in a bad plight had not Wolsey come to his relief. After that he played and paid the king in his own coin.

This great game of "honor and ruff" occupied Henry's mind day and night during a fortnight. He feasted upon it to satiety, as he did with everything else, never having learned not to cloy his appetite by overfeeding. So we saw little of Brandon while the king's fever lasted, and Mary said she wished she had remained silent about the cards. You see, she could enjoy this new plaything as well as her brother, but the king, of course, must be satisfied first. They both had enough eventually, Henry in one way, Mary in another.

One day the fancy struck the king that he would rebuild a certain chapel at Windsor, so he took a number of the court, including Mary, Jane, Brandon and myself, and went with us up to London, where we lodged over night at Bridewell House. The next morning—as bright and beautiful a June day as ever gladdened the heart of a rose—we took horse for Windsor, a delightful seven league ride over a fair road.

Mary and Jane traveled side by side, with an occasional companion or two, as the road permitted. I was angry with Jane, as you know, so did not go near the girls, and Brandon, without any apparent intention one way or the other, allowed events to adjust themselves and rode with Cavendish and me.

We were perhaps forty yards behind the girls, and I noticed after a time that the Lady Mary kept looking backward in our direction, as if fearing rain from the east. I was in hopes that Jane, too, would fear the rain, but you would have sworn her neck was stiff, so straight ahead did she keep her face. We had ridden perhaps three leagues when the princess stopped her horse and turned in her saddle. I heard her

voice, but did not understand what she said. In a moment some one called out, "Master Brandon is wanted!" So that gentleman rode forward, and I followed him. When we came up with the girls, Mary said, "I fear my girth is loose."

Brandon at once dismounted to tighten it, and the others of our immediate party began to cluster around.

Brandon tried the girth.

"My lady, it is as tight as the horse can well bear," he said.

"It is loose, I say," insisted the princess, with a little irritation. "The saddle feels like it. Try the other." Then, turning impatiently to the persons gathered around: "Does it require all of you, standing there like gaping bumpkins, to tighten my girth? Ride on. We can manage this without so much help." Upon this broad hint everybody rode ahead while I held the horse for Brandon, who went on with his search for the loose girth. While he was looking for it Mary leaned over her horse's neck and asked: "Were you and Cavendish settling all the philosophical points now in dispute, that you found him so interesting?"

"Not all," answered Brandon, smiling. "You were so absorbed I supposed it could be nothing short of that."

"No," replied Brandon again. "But the girth is not loose."

"Perhaps I only imagined it," returned Mary carelessly, having lost interest in the girth.

I looked toward Jane, whose eyes were bright with a smile, and turned Brandon's horse over to him. Jane's smile gradually broadened into a laugh and she said, "Edwin, I fear my girth is loose also."

"As the Lady Mary's was?" asked I, unable to keep a straight face any longer.

"Yes," answered Jane, with a vigorous little nod of her head and a peal of laughter.

"Then drop back with me," I responded.

The princess looked at us with a half smile, half frown, and remarked, "Now you doubtless consider yourselves very brilliant and witty."

"Yes," returned Jane maliciously, nodding her head in emphatic assent, as the princess and Brandon rode on before us.

"I hope she is satisfied now," said Jane sotto voce to me.

"So you want me to ride with you?" I replied.

"Yes," nodded Jane.

"Why?" I asked.

"Because I want you to," was the enlightening response.

"Then why did you not dance with me the other evening?"

"Because I did not want to."

"Short, but comprehensive," thought I, "but a sufficient reason for a maiden."

I said nothing, however, and after a time Jane spoke: "The dance was one thing and riding with you is another. I did not wish to dance with you, but I do wish to ride with you. You are the only gentleman to whom I would have said what I did about my girth being loose. As to the new dance, I do not care to learn it, because I would not dance it with any man but you, and not even with you—yet." This was modest Jane meant a great deal. It meant that she cared for me and would some day be mine, but it also meant that she would take her own time and her own sweet way in being won. This was comforting, if not satisfying, and loosened my tongue. "Jane, you know my heart is full of love for you!"

"Will the universe crumble?" she cried, with the most provoking little laugh. Now, that sentence was my rock ahead whenever I tried to give Jane some idea of the state of my affections. It was a part of the speech which I had prepared and delivered to Mary in Jane's hearing, as you already know. I had said to the princess, "The universe will crumble and the heavens roll up as a scroll ere my love shall alter or pole." It was a high sounding sentence, but it was not true, as I was forced to admit, almost with the same breath that spoke it. Jane had heard it and had stored it away in that memory of hers, so tenacious in holding to everything it should forget. It is wonderful what a fund of useless information some persons accumulate and cling to with a persistent determination worthy of a better cause. I thought Jane never would forget that unfortunate, abominable sentence spoken so grandiloquently to Mary. I wonder what she would have thought had she known that I had said substantially the same thing to a dozen others. I never should have won her in that case. She does not know it yet and never shall if I can prevent.

So Jane halted my effort to pour out my heart, as she always did.

[To be continued tomorrow.]

Grip Remedies in Great Demand. When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDuff, Va., says he was cured of a very deep and lasting attack of the gripe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.

HIS DEATH UNEXPECTED

Operation Upon Packer Swift Results in Hemorrhage

OPENED A BUTCHER SHOP

In Native Town of Sandwich, Mass., but Became Originator of Refrigerating Idea That Made Many Fortunes—Accumulated Millions

Chicago, March 30.—Gustavus F. Swift, president of the Swift Packing company, died at his home here yesterday of internal hemorrhages, resulting from a surgical operation performed several days ago. Mr. Swift was 63 years old.

The hemorrhage which caused Mr. Swift's death resulted from an operation for an infection of the gall bladder, performed March 22. His death was entirely unexpected. He had given every indication of recovery and all danger was considered passed. In fact, so hopeful was every one, including himself, for his speedy recovery that his son, Herbert L. Swift, who had been summoned from Boston, left Saturday night to return to the east. This son was intercepted at Harrisburg yesterday with a telegram announcing the death of his father.

Mr. Swift had been suffering for some time with bladder trouble and a week ago an operation was determined upon to give him relief. It was not expected that the operation would prove especially dangerous and nothing happened to cause a change in this hopefulness until yesterday morning. His improvement was stopped suddenly by a hemorrhage which the doctors were unable to check and which caused his death in a short time.

Gustavus Franklin Swift began his career as a butcher and died leaving a fortune estimated at from \$7,000,000 to \$10,000,000. He was born at Sandwich, Mass., in June, 1840. He opened a small butcher shop in his native town. He removed to Boston when he was less than 30 years old. He remained in Boston until 1875, when he came to Chicago. In this city he engaged in the same business which he had left in Massachusetts and developed the department of shipping live cattle to eastern markets.

In 1877 he evolved plans for the first refrigerating car, and dressed meats, instead of live animals, were shipped to eastern cities. He was the pioneer in this kind of business and it was not long before others saw the advantages of his method and imitated him.

Mr. Swift was not only the oldest packer at the time of his death, but he was the originator of the method that has made many large fortunes. From the small plant started in 1877 has developed a great corporation, with branches in St. Louis, Kansas City, St. Joseph, Mo., Omaha, St. Paul and Fort Worth, Tex., and with distributing offices in every important city and town in the United States and with representatives in the leading cities in Europe, Asia and Africa. Its employees number 22,607. Upon its capital stock of \$25,000,000, the sales of 1902 exceeded \$200,000,000.

Talk of a Lynching

Muscatine, La., March 30.—Frank Brown, a negro, narrowly escaped death at the hands of 1500 enraged men and was rescued by 20 policemen after he had received a severe beating by the mob which sought his life because he had shot and fatally wounded Harry Holtzhauser. Holtzhauser struck Brown in the face during a quarrel and Brown shot Holtzhauser in the breast. Friends of Holtzhauser say that they will lynch Brown as soon as they can get at him.

Fresh Batch of Strike Breakers. Marietta, O., March 30.—The American Bridge company brought into this city 50 workmen and 20 detectives yesterday, the former to work with other non-union men on the new Ohio river bridge and the latter to look after the bridge company's interests. Trouble is feared. The bridge company has brought in many men before, but they have been able to get but few to go to work.

Something New in Transportation. Detroit, March 30.—A system of motor vehicles, capable of being operated as double-deckers in summer and carrying 40 passengers each, will be placed in competition with the Detroit United railway. There will be 15 cars run at first, on a 5-cent fare basis, but the intention of the company is to extend the system all over the city and eventually out into the state.

Rush Season For Immigration. New York, March 30.—Immigrant arrivals at Ellis Island yesterday broke all records for Sunday in the history of the harbor of New York. By nightfall 4500 men, women and children had passed through the clutes and were either speeding to their new home or else awaiting further investigation in the "detention compartments."

Inquisitive Postmaster Removed. Zanesville, O., March 30.—Postmaster Stanbury of Zanesville has been removed as the result of an investigation. Stanbury admitted that for five years he had been opening letters sent to patrons of his office. Curiosity alone moved him. Nothing was stolen.

Cuba Adopts Reciprocity Treaty. Havana, March 30.—The Cuban senate has unconditionally adopted the reciprocity treaty as amended by the senate of the United States.

NATIONAL ART GALLERY

Contemplated by Morgan For Use of the American People

New York, March 30.—There is excellent authority for stating that J. P. Morgan is planning to build a splendid art museum and present it to the American nation. The World says. The most valuable of the treasures of this magnificent collector are now abroad, scattered over continental Europe and England. The tariff has so far estopped Mr. Morgan from transporting his art objects to this country. If he were to give his treasures to a public institution they could be brought in free of duty.

It was learned yesterday from one of Mr. Morgan's friends that the ambition of Mr. Morgan is to create a great art institution which shall be monumental in scope and which shall contain the very cream of the available art objects of the world. The addition which Mr. Morgan is now making to his home here will contain but a small part of his art collections.

"This much can be said definitely," said one of Mr. Morgan's friends, "that Mr. Morgan has not made his vast collection with a view to keeping them secluded for the personal enjoyment of himself and his friends, but he cherishes the ambition of making his collection the most beautiful and valuable in the world."

"It is the desire of the owner of these objects that they shall be made available for the American people. He is planning to house all his collections in some one place, and it is very likely that the great museum of art which he will establish will be offered as a gift to the American nation, or he made the foundation for a great national art gallery."

Mania For Stinging Fires.

Lockport, N. Y., March 30.—Harry Sanderson, 19 years old, was arrested early yesterday in the act of setting fire to E. W. Rogers & Son's cotton batting factory. Sanderson admits having fired the warehouse on three previous occasions, causing a loss of \$15,000. Two Buffalo detectives were brought here to trap the incendiary. One of them entered the mill as a workman, and gained Sanderson's confidence. Sanderson and the supposed workman planned to rob and burn the mill. Saturday night the watchman was bound and gagged and left helpless on the floor. After robbing the safe Sanderson set fire to the cotton in the mill. He was then captured.

Did Not Mean to Be Quoted

Washington, March 30.—Admiral Dewey called by appointment at the White House and made a full explanation of a recent newspaper interview in which the admiral was quoted as saying the Caribbean sea menaunters were "an object lesson to the Kaiser, more than to any other person." The admiral assured the president that he had no intention of reflecting in the interview upon Germany, her emperor, or her navy, and that while the statements credited to him were substantially what he said, he neglected to caution the interviewer against quoting him. The admiral's explanation was satisfactory to the president.

Landsmen Have Diphtheria. Norfolk, Va., March 30.—Twenty cases of diphtheria have developed at the Norfolk navy yard among the 1500 landsmen stationed there on the receiving ships Franklin and Richmond. Both of the receiving ships have been placed in quarantine.

The Disabled Empress

Berlin, March 30.—The German empress, who broke one of the bones of her left forearm last Friday, is making good progress. There is no local swelling or pain.

The Weather Forecast

Albany, Tuesday, March 31.
 Sun rises—5:34; sets—6:06.
 Moon sets—9:11 p. m.
 High water—12:15 a. m.; 1 p. m.
 The very rapid movement of the northwestern high across the lower lakes and New England has caused a marked change in the weather in the eastern districts. There will be rain in New England. It will be warmer.

SEVEN TO ONE

From reports received we figure that one bottle of Scott's Emulsion sometimes builds seven times its weight of solid, healthy flesh! Why is this so?

Because Scott's Emulsion is itself the richest and most digestible of foods.

Because Scott's Emulsion gives strong appetite.

Because Scott's Emulsion makes all good food do good—strong stomach—strong digestion.

Because Scott's Emulsion wakes up the dormant system—new life to the tissues—so that the body uses it's food for bone making and flesh building.

We'll send you a little to try if you like.
 SCOTT & BOWNE, 409 Pearl Street, New York.

SCOTCHMEN PROTEST

Against the Proposed Early Morning Burial of General MacDonald

London, March 30.—The dispatch of the remains of Major General MacDonald, who committed suicide in Paris, to Scotland last night by train was the occasion for a remarkable demonstration, owing to the fact that his widow had decided that the burial shall take place at 6 o'clock in the morning, immediately after the arrival of the body at Edinburgh. Hundreds of Scotchmen, representing the Highland societies and several Scotch members of parliament, gathered on the platform at the railway station. Most of the Scotchmen wore their national costumes, wreaths were placed on the coffin in the name of the different clans and pipers played national dirges as the body was extruded.

All attempts to persuade the widow to delay the interment and permit the Highlanders to arrange for a national funeral in the Highlands having failed, a large number of influential Scotchmen adjourned to the hotel in the railway station and held a meeting of protest. A resolution was adopted urging the lord provost of Edinburgh to renew the efforts to get the funeral postponed.

The general's remains arrived in London at 7 o'clock yesterday morning, accompanied only by Sir Hector's brother, his cousin and an undertaker. Nobody was at the station to meet them and the body, enclosed in a plain wooden packing case, was driven unnoticed through London to the King's Cross railway station in a one-horse van, the tarpaulin of which was decorated with a haunting sennel advertisement. The coffin was removed to the baggage car of the train, in which it lay throughout the day. Scotchmen are indignant at the incongruity of the whole affair and the refusal of the war office to be connected with the funeral.

Boys Appreciated News From Home.

Buffalo, March 30.—A loving cue was presented to Norman E. Mack, proprietor of the Buffalo Evening Times, by members of the Thirteenth United States infantry, now stationed in the Philippines, for his kindness in supplying the regiment with daily copies of the Buffalo Times for a period of more than three years.

To Buy Stores in United States. Tromsø, Norway, March 30.—Captain Coffin and 12 men who will take part in the Zeigler Arctic expedition have arrived here. The repairs to the expedition's steamship America are completed. The whole of her stores will be purchased in the United States.

LAWYER OFFERED BRIBE

According to Witness at Legislative Investigation

\$200 FOR REPEATER BROWN

If He "Testified the Right Way" In
Regard to Alleged Election Frauds
at Boston—Story of an Interview
Which Witness Says He Overheard

Boston, March 31.—Charges of political corruption during the November election in ward 8 of this city, made first by a defeated congressman and reiterated by a self-confessed repeater, received another addition yesterday at the legislative investigation when a witness declared that he had heard a Hebrew lawyer, who has figured prominently in the case, tell the so-called repeater that there was \$200 in it if he testified the right way.

The legislative investigation which has been in progress for a week before the committee on election laws had its inception in the testimony of this repeater, whose name is Brown, who stated at a hearing on a general election bill that he had not only been paid \$8 by Representative Kiley of ward 8 to vote often, but had practically carried out the bargain by casting seven ballots in different precincts. This statement was considered so sensational that Kiley demanded an investigation. This was practically granted him and yesterday he denied ever making such an offer or ever paying anything for votes.

Brown, the self-confessed repeater, has not been seen since his first appearance, but a Hebrew lawyer, Nathan Barnett, who admitted that he induced Brown to testify, has been present and has been practically the defendant at the several hearings. And it was against him that a witness yesterday made the charges that he offered Brown \$200 to appear and testify as he (Barnett) wanted him to. Barnett, who has been on the stand at several previous hearings, resumed his testimony yesterday and at once became involved in a discussion with Attorney Hurlbut, counsel for Representative Kiley, over the question of whether he had been told by a member of the committee not to mention the name of Kiley in his testimony. Barnett refused to answer the question and appealed to the committee, who ruled that he need not answer it. Barnett concluded his testimony by denying that he knew that Brown had a criminal record or that he had been arrested and sentenced for larceny of a pocket-book.

Representative Kiley then took the stand and denied that he ever knew Brown or that he had ever offered or paid any money to any one to vote or repeat at an election. The principal witness of the day, Joseph F. Minkell, then took the stand. He stated that he was at Brown's house on March 5, some days after Brown's appearance before the legislative committee, when he admitted repeating. He said during the afternoon of that day he heard Barnett tell Brown that he would like to see him at his (Barnett's) office the next morning. He heard Barnett tell Brown that there was money in it if he would testify as he wanted him to, and he would see that he was protected. Brown told Barnett that he did not know any of the polling places in ward 8, but Barnett replied that he would post him and would get him \$200 if he testified as he wanted him to. Witness said there were three persons present when Barnett made the offer of money to Brown.

During this testimony of Minkell Barnett was out of the committee room, but came in later and when he heard Minkell repeat the story of the offer of \$200 he said in a low tone: "You're a liar."

"You're a liar from a St. Louis," shouted Minkell back, and for a few minutes there was a great uproar in the room.

After quiet had been obtained by the chairman, Attorney Hurlbut asked Minkell if he did not recognize Barnett as the man who was in Brown's house on that Sunday afternoon. Barnett interrupted by saying: "He was not there; that is, I did not see him." Minkell—"Didn't you pour out?" At this point the committee interrupted, and then Barnett asked if he could not cross-examine the witness, whereupon Minkell repeated his testimony. Barnett's lengthy question finally led to a restatement of the much

ANNUAL BUDGET PASSED.

Without Giving Councilmen an Opportunity for Full Inquiry.

Vote Not to Collect Ashes on Borrowed Money.

The Board of Health and City Scavenger Were Severely Criticised.

Councilman Adams and Thompson were the absent members at Monday night's special meeting of the City Council which was the most lively of any held thus far this year. Debate was rampant and personalities and insinuations were freely indulged in. All of the heads of department and chairmen of administrative boards were present, as well as a large number of citizens.

JURORS DRAWN.

The first business was the drawing of jurors, and Councilman Hardwick assisted the Mayor and City Clerk in drawing Henry S. Weymouth, Joseph E. Thomas, Charles L. Orne, William J. Young and Alex. C. Smith.

THE BUDGET.

The Committee on Ordinance reported the budget as correctly engrossed. Councilman Hardwick moved that the budget be taken up and considered.

Councilman Whiton opposed. This had already been thrashed out thoroughly.

Councilman Hardwick found very little consideration had been given the items. No comparisons with other towns. There were certain items he would like explained and the heads of departments are here for that purpose. Councilman Nickerson opposed motion. He had no objection if any particular items were desired but he opposed taking up the whole budget. Comparison with other cities had nothing to do with it. The expenses have been cut all possible.

Motion lost. Councilman Bass moved that Councilman Hardwick have an opportunity to ask questions.

Councilman Nickerson—If he will specify what items he wants to get at, it can be done.

President Alden—Each item was taken up at the last meeting and approved and the motion seemed unnecessary. If any member desires any particular item taken up and reconsidered, such a motion would be in order. He ruled motion of Councilman Bass out of order.

Discussed question whether Brown had been told not to mention Kiley in his testimony. Minkell rose in his place and, shaking his finger within an inch of Barnett's nose, said: "You told Brown not to mention any names but the name of D. J. Kiley."

"How did you remember his name so well?" asked Barnett.

"Wouldn't any good American remember it, after hearing what you told Brown?"

This led Barnett to ask why Minkell did not tell Kiley at once of the conspiracy and the witness gave the somewhat ambiguous reason: "I tell you I'm married."

Away Below Vanderbilt's Office
London, March 31.—The price paid by W. A. H. Bass, nephew and heir of Lord Burton, to R. S. Slevier for his racehorse Sceptre was \$123,000. Slevier is said to have refused an offer of \$150,000 from W. K. Vanderbilt last year for the filly.

The Newark Trolley Indictments
Newark, N. J., March 31.—Five of the men indicted for manslaughter, in connection with the trolley wreck of Feb. 19, which resulted in the death of nine high school pupils, appeared before Judge Skinner yesterday, to answer the charge against them. They were E. F. C. Young, president of the North Jersey Street Railway company; David Young, vice president and general manager; A. W. Pratt, road master; C. M. Shipman, general superintendent; and James Smith, division superintendent. All pleaded not guilty to the indictment, and each was placed under \$2000 bail, which was furnished.

Councilman Hardwick—I would like to ask the Board of Health if it would not be possible to cut the item of \$3,500 for miscellaneous.

President Alden ruled question out of order.

Councilman Hardwick appealed. Councilman Bass—it is always allowable to consider, rescind and amend before passage.

President Alden—No motion has been made.

The ruling of the chair was sustained.

Councilman Bass moved and it was voted that the items for the Board of Health be reconsidered.

Councilman Hendrick asked of the Board of Health if it was absolutely necessary to expend \$3,500 for abating nuisances, miscellaneous, etc.

Chairman Gay—It is impossible to tell what the expenses will be. We can only go by years past. We now have several cases that the city will probably have to pay but cannot tell amount until bills are received. It may take more. The \$3,500 includes office expenses.

In answer to a rapid fire of questions by Councilman Bass, Chairman Gay said the amount was the same as last year. He could not give the amounts expended item by item, without his books, or in a general way.

Councilman Bass felt a better answer could be made. I want a general statement of how the \$3,500 was expended. If I had an income of \$3,500 I could make a better statement of how I expended it.

Chairman Gay—The items ran from fifty cents up to hundreds of dollars. The only way he could give items was by his books, which he would be pleased to get.

Councilman Bass—If I were the head of a department I should be able to give a better answer than that made. He felt justified in having what he asked for. He moved that the matter be laid on the table that further information might be had.

Councilman Nickerson asked why he (Continued on page 3.)

Probing Charges Against Officials
Chicago, March 31.—Secretary of the Treasury Shaw has begun a personal investigation of the charges of incompetency and lax administration which have been made against certain federal officers stationed at Chicago. Mr. Shaw arrived here yesterday.

Rare Volume Brings \$28,000
London, March 31.—William Blake's "Illustrations of the Book of Job" was sold by auction here yesterday for \$28,000. The volume, which was published in 1825, contains the 43 original proof impressions of engravings and original designs in colors.

The Weather Forecast
Almanac, Wednesday, April 1.
Sun rises—5:23; sets—6:00.
Moon sets—10:16 p. m.
High water—1:15 a. m.; 1:45 p. m.
General rains have fallen over the eastern third of the country. The rain will cease in New England this afternoon or tonight. The temperature will rise slowly.

Danger of Colds and Grip.
The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used these remedies for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of the grip in less time than any other treatment. It is pleasant and safe to take. For sale by all druggists.

Funeral of Mrs. Flowers.

The funeral of Mrs. James Flowers,
was held Monday afternoon from her
home on Quincy street and was largely
attended by her many relatives and
friends. The services were conducted
by Rev. William A. Gardner and were
according to the ritual of the Episcopal
church. The floral decorations were
many and beautiful.

Among the tributes were: wreath of
roses and pinks, from F. W. Flowers,
pillow of roses, from Mr. and Mrs.
Roberts of Beaumont; pillow of Easter
lilies and roses, from Mr. and Mrs.
Charles Rich; pillow of calla lilies and
roses, from Mr. and Mrs. William Wil-
son; spray of pink roses from Mrs.
Charles Flowers; spray of carnations
and pinks, from Mr. and Mrs. F. L.
Flowers; pillow of Easter lilies, roses
and violets, from the employees of Long
& Saunders; pillow of calla lilies and
roses from the employees of the Old
Colony Street Railroad; wreath, from
Daniel Hannigan and family of Brock-
ton; mound of white pinks, from Mr.
and Mrs. Amos Litchfield; spray of
white roses and pinks, from Mrs. J.
W. White of Braintree; spray of roses
and pinks, from Arthur Flowers; spray
of roses and calla lilies from Mr. and
Mrs. S. Heath, bunch of flowers, from
Mrs. George Shepherd; spray of pinks,
from Mrs. Isabella Cameron; bunch of
calla lilies, from Mr. and Mrs. L.
Litchfield; pinks, from Miss L. Wil-
liams; bunch of Easter lilies, from Mrs.
Heaney; crescent of carnations and
pinks, from Mr. Thomas Doyle; spray
of roses and pinks, from Miss M. Guo;
bunch of orange blossoms and pinks,
from Mrs. Thomas Bison Jr.; bunch
of lilies, from the officers of the
Golden Star Lodge. Interment was at
Mount Wollaston Cemetery.

KEITH'S THEATRE.

Sandow, the greatest athlete the world has
ever known, the "physically perfect man," is
to be the leading attraction at Keith's popular
vaudeville theatre, Boston, the week com-
mencing March 30, giving exhibitions after-
noons and evenings of his marvelous muscular
development and strength, and also demon-
strated talks as to the upbuilding of the body
that will prove of value to both sexes. Some
of the entertainers in the same bill: Horace Gold-
in, the famous magician; George Evans, the
blackface funmaker and singer, author of "In
the Good Old Summer Time"; Lotta Gladstone,
monologues comedienne; the Baggens ens, ju-
gling and contortion comedienne, who break
quantities of crockery during their act, and
Jones and Sutton, "real coon" singers and
dancers. It will be one of the biggest bills of
the winter season.

A Card.
We, the undersigned, do hereby agree to
refund the money on a 50-cent bottle of

SITE PURCHASED.

Gymnasium to be Erected
by Y. M. C. A.

Location Near Public
Library.

Committee Appointed to Raise
Funds by Novel Plan.

The heavy rain of Monday night did
not deter about one hundred young
men from responding to the invitation
of the directors of the Young Men's
Christian Association to meet in the
old gymnasium in the School Commit-
tee building to consider the project of
erecting a gymnasium. The officers of
the association desired to test in a
way the feeling of the young men in
regard to the matter generally, and es-
pecially to see what financial assistance
might be expected from them.

President Bailey presided and briefly
reviewed the work of the association
during the past ten years, and pointed
out that active work was discontinued
about two years ago because of the lack
of suitable accommodations.

He introduced as chairman for the
evening Mr. George H. Brown, who
stated that the meeting was to be in-
formal, and that after a few invited
speakers had addressed the gathering
the meeting would be open to all
present to discuss the project fully.
He emphasized the need of the young
men who are the chief beneficiaries of
the work, to bear their share of the
cost of a gymnasium building, thus
making the appeal to the citizens more
effective.

Mr. Brown made the interesting an-
nouncement that Mr. George E.
Thomson, acting in behalf of the board
of directors, had purchased for the
association the Ditson estate on Wash-
ington street, situated about one
hundred feet from the new post office
site and the Public Library. This
location is considered very central and
the dimension of the lot (about 60 x
230) is all that could be desired for the
purposes of the association. Possession
of the premises will be taken within a
few weeks and the association expect
to occupy the dwelling house tem-
porarily as an office and reading room.
The chairman introduced as the first
speaker, the Rev. W. E. Gardner, rec-
tor of Christ church, who has recently
organized a young men's club which
meets weekly for gymnastic practice
under the direction of Mr. Storey, an
instructor from the Boston association.
Mr. Gardner, after speaking briefly of
the universal desire for club life among
young men, elaborated the fact that
while clubs among men were
successful, those among young men
were rarely permanent. They accom-
plish useful results for a time, and
then for one reason or another were
discontinued.

The grand exception to this was the
Young Men's Christian Association.
All over the world the association work
with young men and boys was success-
ful. The reason, said the speaker, was
because Christianity was behind it.
A man may not profess Christianity,
but the fact remains that the air he
breathes, and the institutions under
which he grows, and by which he is
influenced, are all Christian, and to
that wonderful element the success of
all institutions is due.

The second element that makes for
success in the association work is the
gymnasium. A dyspeptic cannot be a
good Christian or a good business man.
A sound body is the basis of not only
manhood but success. To the making
of a sound body the association gymna-
sium gives emphasis. Mr. Gardner
closed by pledging his support to the
work and asking all to do the same.

Other speakers were Dr. E. R. John-
son, Secretary Coburn of the State
Committee, Theodore H. Hermanson,
E. E. Jameson and others, whose
arguments will be given tomorrow.

The following committee were ap-
pointed to obtain subscriptions:

Dr. E. R. Johnson, Chairman.

Leon A. Turner, Secretary.

Ward 1.—E. D. Gourd, W. T. Isaac,
F. H. Crane, W. E. Burke and R. L.
Tappenden.

Ward 2.—Leon H. Turner, Frank
H. Newcomb, Walter F. McBirnie,
Frank Melville and William R. Thomas.

Ward 3.—Theodore Hermanson,
Will Spargo, Richard Jones, Charles
Ross, Leslie Smith.

Ward 4.—Edward V. Trask, Jr.,
Chas. E. Thomas.

Ward 5.—Dr. E. R. Johnson, George
N. Bailey, John B. Manning, V. C.
Saunders, Gorham Nickerson.

Ward 6.—W. F. Cummings, Edward
S. Ago.

At the conclusion of the speaking,
the chairman asked all who were in
favor of raising funds among young
men as outlined by Mr. Coburn to
stand, and all responded in the affirma-
tive.

Report to be continued tomorrow.

BRAINTREE.

Hon. B. H. Woodsum Nominated
for Selectman.

At the Citizens' caucus held in the
Town Hall Monday evening the atten-
dance was small on account of rain, and
little excitement. Hon. F. A. Hobart
called the meeting to order and upon
the motion of Abner F. Hollis was
made chairman.

Selectmen W. B. Keith, after giving
explanations concerning the voting
places for the election, made a motion
that the caucus nominate Mr. W. H.
Cuff to serve as moderator at the elec-
tion to be held at the Town house
April 13. Adopted.

The chairman appointed A. F. Hollis,
N. F. Hunt, James Colbert, W. W.
Mayhew and G. D. Finnegan to sort
and count the ballots.

There were 186 ballots cast, Hon. B.
Herbert Woodsum receiving 145 and
Mr. Paul Monaghan 41. Mr. Woodsum
was therefore the nominee of the
caucus.

Rev. George E. Whitehouse preached
his farewell sermon at the Baptist
church Sunday, and goes to East Mil-
ton.

The engagement is announced of Mr.
Eric G. Goulland to Miss Emma F.
Ruppel of New York City.

The many who partook of the bounti-
ful, home-prepared supper of salads in
the new M. E. vestry, Friday evening,
enjoyed the clean, sweet surroundings
as well as the menu. So quickly, in-
deed, has this church been changed
into a church-home with kitchen, din-
ing room, pantry, and, in fact, every-
thing to make the heart happy, one
may be excused for conjecturing that
the pastor, Rev. Albert E. Legg, may
have been assisted in his work by the
far famed "Aladdin's lamp."

The pillars of the banquet hall were
twined with redolent pine twigs. The
centre table designed for invited guests
showed several red-shaded candelabra;
while in the center, busting from the
mouth of a large cornucopia, was a
fragrant bouquet of carnations and red
tulips.

After the supper an informal recep-
tion was given to former pastors and
their wives and local clergymen in the
church proper. Among the clergymen
who responded in person to the invita-
tions were: Rev. and Mrs. Sherman
E. Ellis of Campbell; Rev. and Mrs.
John S. Bell of South Bridgewater;
Rev. C. F. Hill Crathern and Rev. Mr.
Burrows. Letters were read from Rev.
George E. Brightman, Rev. Mr. Ward,
Rev. S. T. Patterson, Rev. Mr. Hood,
Rev. Mr. Heath, Rev. W. H. Allen,
Rev. Mr. Williams, Rev. H. B. Cooper.
During the evening organ selections
were finely rendered by Mr. Bailey,
organist of the New Old South Congre-
gational church of Worcester. There
was also singing by Messrs. Varney
and Ward which was thoroughly ap-
preciated.

How to Observe the Birds.

If you wish to see as much of the
migrant as possible between now and
the middle of May you should make a
point of taking a walk in the country
every morning, if possible; or at least
every morning following a warm, clear
night. Take your field-glass; and set
out for such a spot as soon after day-
light as may be. Many birds are most
active in the early morning, and again
toward evening, because these are the
times at which they feed; in the
middle of the day many species steal
away to quiet spots to rest.

In the pasture itself you are likely to
see cow-birds, and perhaps some
grackles and sparrows of various kinds;
along the wooded stream you will be
apt to find the water thrushes, wood
and hermit thrushes, spotted sand-
piper, and in the trees above you
might see flycatchers, vireos, the
yellow-billed cuckoo, the chickadee and
a host of those little birds known as
warblers, of whose very existence many
people are ignorant.

The reedy marsh would be the haunt
of herons, bitterns, snipe and wood-
cock, marsh-wrens and red-winged
blackbirds, while above it the swallows
would dash back and forth in pursuit
of insects.

In the orchard you would be liable to
find almost anything, and surely such
birds as orioles, king-birds, tanagers,
grosbeaks and bobolinks. Keep the
sun at your back whenever you can;
then it will fall directly upon the birds
you are observing, which is a very
essential point.—April Woman's Home
Companion.

TODAY'S COURT.

Dennis Lee was fined \$3 for drunkenness
at Milton.

It should be noted that Monday was
a pleasant wash day, an exception of
late.

CITY BREVITIES.

Observations in Daily Walks of
Ledger Reporters.

An inch and three-quarters of rain fell
last night.

Another Council meeting next Mon-
day evening.

Kindly forward to the Ledger the
names of your guests.

Miss Beatrice Briggs of Appleton
street is ill with tonsillitis.

People are wondering what W. U. G.
means in the Co-operative Dining Room
"ad."

Miss Emma King of Worcester is
visiting Mrs. Charles Safford of Clive
street.

Prof. Ernest A. Cornell will give
legerdemain at the entertainment of the
Senior class at the Quincy High school
tomorrow evening.

The annual banquet of the Quincy
Granite Manufacturers' Association in
Boston, Saturday, will be held at 5
p. m., giving an hour for "short
talks" before going to the theatre.

Bids were opened by Commissioner
Knowlton Monday for furnishing water
pipe to the city. The contract was
awarded to W. V. Briggs, at these
prices: 4 inch, \$33.25; 6 inch, \$32.25;
11 inch, \$31.75.

Mr. Fred C. Chamberlin of Park
street, Wollaston, has just issued from
the press of Lee & Shepard an elegant
little volume entitled "A defence of
the flag in the Philippines." The sub-
ject is very interestingly discussed and
is a red hot shot at the Anti-Imperi-
alists.

Everybody is invited to send items
of news to the Ledger, especially the
secretaries of all societies, lodges, com-
mittees, etc. Letters mailed in time
for the first morning collection will al-
ways reach the office in season for
paper of that day, and generally letters
by the second collection will be in
time. Kindly forward promptly.

Mrs. Charlotte, wife of James Flowers
died at her home on Quincy street,
Friday afternoon, after a lingering ill-
ness. She leaves a husband, four sons
and four daughters to mourn her loss.
She was an old resident of Quincy and
will be greatly missed by her many
friends. Interment was at Mount
Wollaston cemetery, Monday afternoon.

C. C. Hearn has just completed some
changes in the arrangement of the fix-
tures of his drug store which greatly
improves the appearance of the interior.
The large telephone booth has been re-
moved and in its place the soda
fountain is now located. The counters
on this side of the store have been re-
moved and in their place are new up-
right show cases. One of these cases
is devoted to the display of cigars and
the others to staple goods carried by all
drug stores.

Many Launchings.

It is the purpose of the Cramps of
Philadelphia to launch the armored
cruiser Colorado on April 9, and ten
days later the Newport News Shipbuild-
ing Company will send from their ways
a sister ship, the West Virginia. A
short time later the Cramps will also
launch the Pennsylvania, and the New-
port News yard will follow shortly after
with the Maryland. The California and
the South Dakota, building at the
Union Iron Works in San Francisco,
owing to strikes, are not so far ad-
vanced, and it will be some time before
they will be ready for the water.

Daughters of the Covenant.

At the annual meeting of the Daugh-
ters of the Covenant the following
officers were elected: President, Miss
Ida M. Kingman; Vice President, Miss
Jeannette Tanner; Secretary, Miss Lucie
Newcomb; Treasurer, Miss Ruth E.
Hayden. There will be a special meet-
ing this evening at the home of Miss
Kingman to arrange for the years study,
"Earliest Missions" in connection with
"Via Christi."

100 Doses For One Dollar

Economy in medicine must be
measured by two things—cost and
effect. It cannot be measured by
either alone. It is greatest in that
medicine that does the most for
the money—that radically and perma-
nently cures at the least ex-
pense. That medicine is

Hood's Sarsaparilla

It purifies and enriches the blood,
cures pimples, eczema and all
eruptions, tired, languid feelings,
loss of appetite and general debility.

"I have taken Hood's Sarsaparilla and
found it reliable and giving perfect satis-
faction. It takes away that tired feeling, gives
energy and puts the blood in good condition."
MISS EVELYN COLONNE, 1535 10th Street, N. W.,
Washington, D. C.

Hood's Sarsaparilla promises to
cure and keeps the promise.

"Handy"
people—pianists
typewriters, telegra-
phers, artists, architects
—need soft, supple hands.
They should use

PACKER'S Tar Soap

It makes the skin soft,
smooth and elastic.
At all druggists.

Commonwealth of Massachusetts.

STATE HOUSE, BOSTON, March 17th, 1903.
THE Committee on Metropolitan Affairs
will give a hearing to parties interested in
House Bill No. 1087, the report of the Metro-
politan Water and Sewerage Board and Chapter
No. 112 of the Resolves of the year 1902, on the
condition of Spot Pond brook in Stoneham,
Melrose and Malden, at room No. 436, State
House, on THURSDAY, April 2, at 10.45
o'clock, A. M.

THOMAS F. PORTER, Chairman.
CHARLES F. WILDES,
Clerk of the Committee.

Commonwealth of Massachusetts.

Board of Railroad Commissioners.
Boston, March 27, 1903.

ON the petition of the Fore River Ship and
Engine Company for the consent of the
Board to the construction of a railroad track for
private use to be operated by steam power at
grade across certain public ways in the City of
Quincy and the town of Braintree, between its
plant in Quincy to the South Shore Branch of the
Old Colony Railroad now leased to the New
York, New Haven & Hartford Railroad Com-
pany, the Board will give a hearing to the
parties in interest at their Office, No. 20 Beacon

There's nothing so bad for a cough as coughing!
There's nothing so good for a cough as Ayer's Cherry Pectoral!

A cough means a great deal to a young person, when there is a family history of weak lungs, with perhaps a case of consumption itself. Coughs weaken the tissues, congest the membranes, and prevent healing. Ayer's Cherry Pectoral controls the congestion and inflammation, and the cough disappears. Your doctor will explain, for we give all doctors the formula.

J. C. Ayer & Co., Lowell, Mass.
"We have used Ayer's Cherry Pectoral in our family for over 25 years. For all lung troubles I am sure there is no medicine its equal."—Mrs. A. FOWLER, Appleton, Minn.

FURNITURE LOGIC.

The Real Bargain and the Imitation.

The greatest evil in the country today is the misuse of the term BARGAIN, which misleads thousands and thousands of honest people. Manufacturing industries are being demoralized to cheapen the cost of articles. The imitation is made to look like the real, by using inferior qualities of stock and making cheats and bad workmen of countless boys that might otherwise become mechanics of high skill, just for the sole purpose of making goods to sell as bargains, and sap the hard earned money of millions of people by giving worthless values and filling homes with rickety furniture, unhealthy and unsightly garments and poisoned food.

Occasionally we lose a customer who is misled by the deception of an article offered as a bargain in some other store. We have lost a sale, but kept our reputation, and will probably get that customer when the deception of the cheaper article shows. Honesty is the best policy, slow as is the lesson in learning, and its just to this latter policy our success and steadily increasing business may be attributed.

There are many people yet to learn of our stores and our store methods. More for your money here, quality being equal, than in any other store in New England. Honest Reliable Goods. No deception. No matter what you may need for your home this spring we have much for your consideration.

HENRY L. KINCAIDE & CO.,
FURNITURE STORE AND ANNEX, HANCOCK STREET, QUINCY.

Open Monday, Friday and Saturday Evenings.

Short Credit Accounts When Desired.

CITY COUNCIL.

Continued from Page 1.

did not get the items from the books himself if he thought they ought to be explained.

Mayor Bryant—We are here to answer questions. While admitting that the gentleman is cute in questioning, he should at least allow access to books for his answers. When he undertakes to cross examine and bull doze in a lawyer's way I object. He resented the miserable trick to stigmatize the Board of Health. If I was a Councilman and I did not know more about affairs of the City than he does I would not raise my head.

Councilman Nickerson thought it poor taste for any member of Finance Committee to come here and criticize, after having voted to approve in the committee room.

Councilman Langelier thought affairs gradually assuming form of an investigation of the Board of Health. If the gentleman thinks they have not done right let him tell us what it is.

Councilman Hardwick wanted no investigation, simply to know certain things.

Councilman Bass—In the first place the chairman of the Finance Committee demurred at my request that the Commissioner appear before the Committee. All we did was to compare with last year. We could not get heads of departments before us. It is a fair question that I ask. I did not make any insinuations.

The speaker then took a city report and asked Chairman Gay what an item for special officers meant.

Chairman Gay—That was in 1901. If you want I will get the books of that year.

A recess was taken while Chairman Gay got his books of last year.

Councilman Bass—Can you explain how money was expended last year?

Councilman Cleverly—How long will it take to read the items?

Chairman Gay—An hour or more.

Councilman Cleverly—I think it is up to the gentleman from Ward One, if he has anything definite, give it to us.

Councilman Bass—I ask you to tell us in a general way what money was expended for.

Chairman Gay—I have the books here. I can not and will not try and tell what the charges are without going through them item by item.

Councilman Bass—If he can not tell us in a general way I withdraw my question.

The budget was then put on its final passage.

Councilman Bass desired to vote yes on all items but that for the Board of Health, but President Alden ruled that out of order.

The budget was then passed by a vote of 18 in favor and 2 against. Councilman Bass and Hardwick voted No. Councilmen Adams and Thompson absent. President Alden not voting.

THE \$5,000 LOAN.

The Committee on Ordinances reported correctly engrossed the order for \$5,000 for purchase of horses, wagons, etc., for the collection of vault and cesspool matter and ashes and maintenance of department.

Councilman Whitton—This matter came up in the Finance Committee and I voted in favor then, but now think I was wrong and am man enough to say so. I question whether it is good finance to run a department such as that on borrowed money. While I think the gentlemen of the Board of Health are absolutely honest I think they are by a long way a negligent board. It has been proved time and again. I can put my hand on a dozen different charges. I can not agree with what the Mayor said. What would it cost to do scavenger work outside collection of ashes?

Mayor Bryant—The cost to equip the

department would be \$3,500. He did not propose to borrow money to run it. The \$1,500 will run the department until the receipts come in and then it will run itself.

Councilman Whitton—Can you give off hand the equipment required?

Mayor Bryant—Six horses, two odorless pump wagons, three or four iron tip carts for ash matter. They will not all be in use at one time.

Councilman Whitton—I have heard complaints that the city scavenger did not clean cesspools promptly. His excuse was that he did not apparatus enough.

Mayor Bryant—Did you ever see the whole outfit going down the street at one time?

Councilman Whitton—No. Do you know they have not been in use.

Mayor Bryant—To the best of my belief they are not. From the best of my knowledge and belief the present scavenger never used all his teams in any one day. I believe we can take care of the matter with the outfit suggested. We are not going to borrow money to run the department after the start.

Councilman Whitton—I am opposed unless I get further light. It is a question in my mind if city can do work as cheap as individuals under the present scale of wages. The city pays \$2 for eight hours work. The city scavenger pays less, but sometimes works ten or twelve hours per day. Then the present contract runs until March 1904. It did not look right or honorable to take it away unless for good and sufficient reason scavenger should be compensated. He moved Council resolve itself into committee of whole.

Councilman Nickerson—Has your attitude come about from an interview with the City Scavenger or are you here to advocate his cause.

Councilman Whitton—I am advocating no one cause.

Motion Voted.

Councilman Nichols was elected Chairman of Committee of whole and C. A. Spear clerk.

Upon motion of Councilman Whitton C. L. Prescott, the City Scavenger, appeared before the committee.

Councilman Whitton—Has it been intimated to you that your contract might be revoked?

Mr. Prescott—Nothing has been said to me about it.

Councilman Whitton—Do you consider your contract good until 1904?

Mr. Prescott—I certainly do.

Councilman Whitton—Is there any time when all your teams are at work at any one time.

Mr. Prescott—Yes, in the months of April and May.

Councilman Nickerson—You are aware your contract can be cancelled.

Mr. Prescott—Yes, by the City Council.

Councilman Bass—Whether in your opinion six horses would be sufficient.

Mr. Prescott—Never.

Councilman Whitton—Is the new method of disposal of vault matter capable of taking care of it?

Mr. Prescott—I have nothing to say.

Mr. Prescott—No complaints have been made and no proposition has been made for reimbursement. My equipment cost from \$3,000 to \$4,000. Relied on three-year contract. If I had known Council was to be asked to revoke contract, I would not have gone to this expense.

Councilman Nickerson—Have you any place to deposit except the place provided by the city?

Mr. Prescott—Yes.

In reply to further questions, Mr. Prescott said receipts last year were between \$3,000 and \$4,000. It was hard to tell what he would get for his outfit. He had no way of disposing of it, except to city.

Mayor Bryant asked if any complaints had been made by the Board of Health at manner of his doing work.

Mr. Prescott—The Board of Health never made any.

Mayor Bryant—Did I ever make any complaints? Did I ever call you to my office and tell you that you would have to do different, and if you did not do better I should have to cancel contract.

Mr. Prescott—You never did.

Dr. Dion of the Board of Health was called and asked if any complaints had been made to the Board of Health.

Mr. Prescott—I did not understand it that way.

Councilman Bass—Have any complaints been made to you for not attending to your work in a proper manner?

Mr. Prescott said there had been requests to hurry up jobs. Did not know how many, perhaps half a dozen last year.

Dr. Dion in reply to similar questions said the Board of Health had received many such complaints and have been reported to the scavenger.

Mayor Bryant asked Dr. Dion if he could state the nature of complaints made.

Dr. Dion replied, there were many complaints for delay in attending to work. Some cases where orders had not been attended to for three or four weeks. Also about the way in which work was done. Vault and cesspool matter spread over the ground. The sediment in cesspools not removed, etc.

Mayor Bryant—Have you had many complaints with previous scavengers?

Dr. Dion—We had one complaint in a year against the previous scavenger. He could not say whether there would be any complaint if city did the work.

Councilman Langelier asked how many cesspools were cleaned in a week?

Dr. Dion could not answer. Some orders were sent to the Board and some to the Scavenger.

Mr. Prescott in reply to the same question said about fifty a week on an average. He further said the usual time for doing work after order was within a week, which he considered a reasonable time. My contract says I shall use a pump, but not go down and bail out bottom. He had received complaints such as that orders must be attended to.

In reply to other questions by Councilman Langelier, Mr. Prescott said at times he had other temporary business. There was no time when he did not give three days a week to this work, and during the busy season all of the time. He had eleven horses and six teams. At times it was impossible to attend to all calls within a week.

Mayor Bryant—How many orders did you receive last year?

Mr. Prescott—About 1800.

Mayor Bryant—How was it you returned 3,000 to the Board?

Mr. Prescott—I did not.

Councilman Langelier—Have you made any other return outside of cesspools and vaults?

Mr. Prescott—That is all.

Chairman Gay in reply to a question as to how many orders had been turned in last year said he could not say. They had been counted and were now in the hands of the printer.

Mr. Prescott—I should say I turned in over 3000 loads last year. Loads not orders.

Councilman Hughes asked to have the contract read which was done by City Solicitor Blackmur who further said that under this contract the Council could revoke it at any time after one year.

Mr. Prescott, in reply to questions, said he understood the contract could be revoked by the Council but did not suppose it would be if conducted properly.

Councilman Whitton—Did your work meet the approval of Board of Health?

Mr. Prescott—Yes, they never said anything.

City Solicitor Blackmur in reply to question said that the three-year clause was put in so as not to bind future Councils, and that it might be revoked if occasion demanded.

Councilman Whitton—When you signed that contract you understood the only reason it could be revoked would be inability to perform work.

Mr. Prescott—Yes, the only reason.

Mayor Bryant—Have you ever received complaints from the Board of Health, or individually, or through the inspector, for not attending to work properly?

Mr. Prescott—No. I have been requested to hurry up on some orders. The sewer did not effect the work much. I was appointed by the Mayor and Board of Health for three years.

Dr. Dion, in reply to questions, said he had sent Mr. Prescott several complaints in writing.

One of these was read, but was sent in 1901.

Dr. Dion said he had personally told Mr. Prescott if he did not do better his contract would be revoked.

Chairman Gay said he had Mr. Prescott before the Board of Health, and he had personally been to his house to get him to clean out cesspools. A good share of the work done was not satisfactory.

Mr. Badger had seen many complaints. The work had not been satisfactory.

Councilman Meyer—The general drift would make it appear that Mr. Prescott was on trial. He thought the limit had been reached and criticised Mayor and Board of Health.

Mayor Bryant—Did not suppose this was an investigation. Mr. Prescott

made certain statements which did not appear to be right and he simply desired to give the Council the information desired.

At this point the committee as a whole arose and reported back to the Council.

Councilman Whitton—The complaints, as far as I have been able to see, have been for lack of equipment to do work in time. He has eleven horses. Now the Mayor proposes to do this work with six horses. Instead of censure for the Scavenger it should be for the Board of Health.

How do they allow these complaints to come in year after year and say nothing to the Council. It establishes another office and unless the Board of Health turns over a new leaf they are a long way from being the proper ones to entrust it with. When the case at Dedham was heard, the jury found that the Board of Health was to blame. When they got no salary they did their duty. Is it good judgment to add more to this department?

Councilman Hardwick thought the best way was to have something in the way of a referendum to give people a chance to express themselves.

Councilman Piper opposed. He did not believe it could be done. It would be impossible to run the department with six horses for \$3000, to say nothing about extra horses. He would be glad to see the ashes collected, and believed teams of Street department could do it, as they delivered coal.

Mayor Bryant—I did state I thought the receipts would be \$2,500. Careful estimates convince me that they will be fully \$3,500. The growth of Ward Two and of Atlantic will largely increase the work. He was willing to eliminate the ashes. It was not the duty of the Board of Health to come to the Council. They testify that they have time and time again tried to get the Scavenger to do his duty. The time has come when something must be done to satisfy the people.

It was unfair because we have a man who does not do his duty to blame the Board of Health. He believed it would not cost city anything to collect ashes if we unite these departments. We do not propose to put Prescott to any hardship. I told him we would make him a reasonable offer for his apparatus so he would not lose anything, and he was satisfied.

If the Board of Health has absolute control, they can make men do the work.

Councilman Whitton—If I have not got facts about the Board of Health no one ever had.

The order was then put on its final passage but failed to pass.

The vote was as follows:

Yeas—Cleverly, Gassett, Hadlock, Hughes, Langelier, Loud, Nichols, Nickerson, Poles, Reardon and Walsh—11.

Nays—Bass, Diack, Hardwick, Johnson, McFarland, Meyer, Piper, Smith and Whitton—9.

Absent—Adams and Thompson.

Not voting—President Alden.

Adjourned at 10.10 to meet next Monday.

SEVERE ATTACK OF GRIP.

Cured by One Bottle of Chamberlain's Cough Remedy.

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, Editor of the Enterprise, Shortsville, N. Y. "This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy, and when the coughing spell would come on at night I would take a doze and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea that it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used the contents of one bottle before Mr. Grip had bid me adieu." For sale by all druggists.

HELD IN \$2000 EACH

Eighteen Waterbury Men Are Placed Under Arrest

AN ASSAULT ON TWO MEN

The Charge on Which They Are Held, but Police Hope to Learn Something That Will Throw Light on the Murder of Policeman Mendelssohn

Waterbury, Conn., March 31.—Eighteen men placed under arrest on the charge of assault with intent to kill was the record of activity on the part of the police yesterday in their efforts to discover the authors of some of the outbreaks of violence which have occurred since the beginning of the strike of motormen and conductors of the Connecticut Railway and Lighting company 11 weeks ago.

The men arrested are charged in the warrants with assault on William T. Mermer and George Morrisette on the night of Feb. 26 with intent to kill. These two men were the non-union employees of the trolley company who had charge of a car which was attacked at a lonely spot on the Waterbury line on the night mentioned. Both were assaulted, and one was beaten into insensibility and left lying on the rails in the path of the cars. This disturbance occurred a little more than a week prior to an attack of a similar nature on a car at Forest park, when Policeman Mendelssohn was killed by a bullet from a mob of masked men.

Since the murder was committed detectives, attracted by the large rewards offered, have been quietly at work. While the arrests yesterday are nominally for the assault of Feb. 26, the officials do not deny that they hope from this action to learn something that will clear up the mystery of Mendelssohn's death.

L. F. Burpee, attorney for the Connecticut Railway and Lighting company, said in an interview last night that he had strong evidence against the men arrested for the Waterbury assault and that he felt quite confident of tracing out the murderer of Mendelssohn. Burpee added that warrants for 22 men have been issued. The credit for the arrests, he said, was due to Pinkerton detectives, acting in co-operation with the local detective bureau.

INVIGORATED

HOW A WOMAN GOT HER STRENGTH BACK.

She Took Our Vinol with Good Results.

WE WANT EVERY ONE TO KNOW ABOUT IT.

READ WHAT WE HAVE TO SAY COME AND SEE US.

We don't want any one in this city to drag themselves through life in pain and misery for the want of enough strength to feel well and happy.

If you feel listless, without ambition and run down, it is a bad sign.

You are running grave chances. You are in a condition to be attacked by most any disease.

This feeling of debility is a symptom that your system is generally demoralized. You should take a tonic.

You should take Vinol, which we know and will guarantee will restore your strength.

Following is one case where it did this. Mrs. T. H. Boyle, of 56 Chestnut St., West Newton, Mass., says:

"Last spring I used one bottle of Vinol. At that time I was all run down and sick. I find that it did me lots of good, and by its use my strength came back to me."

Vinol is a delicious preparation, containing the active curative principles that are found in cod-liver oil, dissolved in a delicate table wine.

Vinol acts directly on the stomach, aiding digestion and at the same time creating a healthy appetite. It gives strength and vigor to every organ of the body.

We endorse Vinol, and guarantee its action, and will gladly refund to any one who is not satisfied the money which they paid for it.

EDWARD J. MURPHY,
DRUGGIST.

Of the arrested men seven are members of the Trolleymen's union, new on strike. These are C. T. Ross, H. W. Warren, C. Vandermark, W. Vandermark, D. C. Marsh, B. Winnegar and J. McGuire. All of these, except Ross and W. Vandermark, were arrested by a squad of police who visited the meeting place of the strikers' union. They were taken to the police station and the hunt for others against whom the warrants were directed was begun.

Last evening the police blotter contained the following additional names of men arrested on the assault charge: H. Brearton, E. Wolcott, C. Thorpe, J. Ennis, J. Whitty, M. Regan, J. Quinn, S. Ball, T. Quinn, J. Kelly and W. Costello. None of these last mentioned men are strikers. They are nearly all factory workers, and are from 20 to 25 years of age, having homes in the West End of the city, in the neighborhood of the car barns.

Counsel was secured for the arrested strikers and efforts were made to secure bail, the amount required being \$2000 in each case. The two Vandermarks, who are brothers, and Thorpe, Ennis, Whitty, Brearton and Wolcott secured bail during the afternoon. It is thought bonds will be obtained for the others.

Judge McMillan Denies Charges
Washington, March 31.—Attorney General Knox yesterday gave a hearing to Judge McMillan of the supreme court of New Mexico, against whom charges of immorality have been preferred by citizens of that territory. After the charges and the evidence in support of them had been read, counsel for Judge McMillan filed voluminous affidavits in contradiction of the charges. Mr. Knox took the matter under consideration.

Capital Threatened by Rebels
Cape Haytien, March 31.—An engagement has taken place between the Dominican government troops and the revolutionary forces at Juan Calvo. The losses on the government side were 27 killed and 43 wounded, while the revolutionists lost 5 killed and 11 wounded. It is rumored here that the government troops have surrounded Santo Domingo and that a battle is imminent.

Clerk Took Book With Him
New York, March 31.—A clerk employed by the stock brokerage firm of H. I. Dittman & Co. has disappeared with a book belonging to the firm. Mr. Dittman is of the opinion that the clerk got his books tangled up and, becoming frightened, disappeared.

Two New Counterfeit Notes
Washington, March 31.—The secret service announces the discovery of two counterfeit notes. One is a \$5 silver certificate of the series of 1899. The other is a \$5 national bank note. Both are poorly executed.

Cattle Disease Outside New England
Charlton, N. Y., March 31.—Eight cases of foot and mouth disease were found in a herd of cattle here yesterday. These are the first cases discovered in Saratoga county.

Want President to Investigate
Washington, March 31.—John Mitchell, president of the United Mine Workers, and two other miners' representatives talked with the president yesterday regarding the recent shooting of strikers by deputy marshals at Stanford, W. Va. They requested that a thorough investigation be made of the affair. The president took the matter under advisement.

Active Postoffice Robbers
La Salle, N. Y., March 31.—The post-office here was entered early yesterday and \$500 and several packages of postage stamps and trolley tickets were stolen.

Nichols, N. Y., March 31.—The post-office here was burglarized last night and \$300 worth of stamps and \$50 in cash were stolen.

Barber's Awful Work With Razor
Chillicothe, O., March 31.—Forrest McCord, a barber, aged 24, yesterday killed Charity Storts, aged 20, by cutting her throat from ear to ear, after which he cut his own throat in a like manner. The deed was done at the girl's home.

Breeches Buoy Saved Crew
Creeds Hill, N. C., March 31.—Schooner Benjamin Russell, from Beaufort, N. C., for New Haven, has been wrecked one mile south of the Creeds Hill life saving station. The crew of five men was landed by a breeches buoy.

Policeman Accepted Bribe
New York, March 31.—Patrolman Israel S. Rosenberg was dismissed from the police force by Commissioner Greene yesterday. He was charged with accepting a bribe of \$25 from a plaintiff in a civil suit.

NEWS IN BRIEF
It is officially announced that King Edward and Queen Alexandra will visit Ireland in July or August of this year.

Final arrangements are being made at Glasgow to amalgamate 13 Scotch malleable iron firms, with a capital of \$6,000,000.

A powerful financial and commercial syndicate is arranging to establish an Austro-Chinese bank at Tien Tsin, with a capital of \$4,800,000, to develop Austria-Hungarian trade with the far east.

Vice Admiral Courcy-Jolles, who commanded the French forces at Taku and Tien Tsin in the recent China expedition, died at Paris.

John Wammaker has sold the rights and title of his publication, Everybody's Magazine, to the Ridgeway-Thayer company.

Arthur LaGret, aged 9, was knocked down and run over by a heavy truck at Livermore Falls, Me., dying almost instantly.

Jim Dumps with gloom was overcast
Because his children grew so fast.
The more he fed them broths and stews
The more they looked like X-ray views.
But now they're spry and strong
of limb—
"Give thanks to 'Force,'" says
"Sunny Jim."

"Force"
The Ready-to-Serve Cereal

makes growing children sturdy.
Sweet, crisp flakes of wheat and malt.

Suits Them Every Meal.
"My grandchildren like 'Force' and take it with their meals two or three times a day. They want it at each meal."
"HENRY W. HUBBARD."

PLASMON

Nourishes the Strong and Healthful as well as the Weak and Ailing. It is pure nutrition in the form of a cream-colored powder scientifically extracted from fresh, sweet milk. Added to other foods it raises their nutritive value without change of flavor. Complete assimilation is assured, and the digestive system invigorated.

Ask your Grocer or Druggist for it. **Plasmon Co. of America**
Centennial Building, New York.
(Literature mailed free for the asking.)

DEWEY'S REMARKS

Lead German Count to Make Bombastic Attack Upon Our Fleet
Berlin, March 31.—The foreign office here is fully satisfied with the explanations Admiral Dewey made to President Roosevelt regarding the interview with the admiral which appeared recently and in which the German navy and the German emperor were mentioned. No communication on the subject has passed between the foreign office and the German embassy at Washington, because the officials here felt certain that if Admiral Dewey had been correctly reported the government of the United States would do everything proper on its own initiative without any reminder from here.

Count Von Reventlow, in The Tageblatt, compares the German and American navies. He says Germany's first squadron is homogeneous and always ready for instant service. "It could," he adds, "smash Dewey's heterogeneous assemblage, which has not a single modern, armored cruiser." The count regards the American maneuvers as "generally childish," and as "always resulting in defeats of the hostile fleets, the naval commander therefore gaining large newspaper glory."

Count Von Reventlow refers to the "poor marksmanship of the West Indian fleet," to its "insufficient number of officers and men," and to the "low morale of the navy," and says he believes "the United States will some day have a fine fleet, but she has not one yet."

Would Be Worth Seeing

New York, March 31.—Mark Twain has recalled the days when he was pilot on the Mississippi river in a letter to President Francis of the St. Louis exposition commission in response to Sir Thomas Lipton's suggestion that a series of old time steamboat races be inaugurated as a feature of the exposition. Mark Twain wants a genuine reproduction of the old time racer, with negro roustabout chanty singers, and the use of the torch basket, rather than the latter day lights, so that the quality of the piloting would count. He writes: "Nothing could add to it as a spectacle except an old time blow-up as the boats finished the home stretch. But this should not be arranged; it is better left to providence and prayer."

Grip Remedies in Great Demand.

When colds and grip are prevalent the quickest and surest remedies are in great demand. Mr. Joseph D. Williams of McDevitt, Va., says he was cured of a very deep and lasting attack of la grippe by using Chamberlain's Cough Remedy after trying several other preparations with no effect. For sale by all druggists.
